2 Great Purchases!

$85,000 worth of the Merchants' Mantle Manufacturing Co's stock was sold recently by the Bankrupt Court in Toronto, of which I secured a large portion at prices equal to less than one-half the cost of manufacture.

These goods were all made for this season's trade, and consist of Ladies' Fashionable New Spring Costumes, Suits, Walking Skirts, Silk Underskirts, Silk Top Skirts, Short and Three-quarter Tight-fitting Coats in Silk and Cloth, Silk Waists, Silk Capes, etc. The largest variety in town at prices never before known.

Great Purchases of Millinery, one sample of Toronto Hats from two big wholesale houses of Toronto, this spring's styles, comprising the newest and most expensive goods, in standard Chiffons. Regular prices of these hats would be from $1.50 to $3.00 each. Will be sold from 39c to $1.75 each.

If you want Carpets, Linoleums, Curtains, etc., buy at LASTAR'S and you'll save money.

Lots of Gas but of a Poor Quality.

BILLY MACLEAN—"Blow you fellows or we will never get the balloon inflated. There's loads of gas and hot air, but the blamed old bag is badly punctured."

BOY DROWNED IN PORT HOPE

Four Year old Son of Mr. Jesse Broadbent Lost his Life

Helm's Pond Claims it First Victim of the Season.

A very sad drowning accident occurred Saturday afternoon about 3 o'clock, when Willie, the four year old son of Mr. and Mrs. Jesse Broadbent, Walton street, lost his life in Helm's pond.

The little fellow was about playing as usual and no person saw the accident occur. It is thought however, that he was playing at the rear of his father's bakeshop and toppled into the water.

Mr. Baglow chanced to be standing on the bridge at the dam and seeing a red sweater above the water near Moore's boarding house, went up. The water was at once lowered and the body removed at the dam. Dr. Dickinson was on the scene at once but all attempt at restoration proved futile.

He was badly cut about the head, either caused by the fall in the water or the rolling about on the stones where the water was shallow.—Port Hope Guide.

JAPANESE WELCOME RUSSIAN APPROACH

Confident of Admiral Togo's Ability to Vanquish Russian Fleet---Approach of Admiral Rojestvensky's Squadron to Singapore---Belief That Russians are Trying to Avoid Togo---Japanese Are Shadowing the Approaching Squadron Closely---Big Naval Battle is Daily Expected.

FLEET NEAR SINGAPORE.

Singapore, April 10th. — The British steamer Gregory Apcar, which arrived to-day, yesterday sighted the Russian squadron, twenty miles north east of Manki, one of the islands of the Anambas Group, about 150 miles north-east of Singapore. The Russians were then at anchor. Information has also been received here to the effect that four warships, apparently Japanese, were off Cape St. James, near Saigon, on April 7th.

RUSSIANS AT BATAVIA.

Amsterdam, Holland, April 10.—A despatch to the Handelsblad from Batavia Island, off Java, says that a Russian squadron is near Muntok, and that it is expected to arrive at Batavia to-day.

TOKIO IS HAPPY.

Tokio, April 10th.—Messages which have been received here say that Rojestvensky is seeking to avoid Admiral Togo's fleet. The Japanese newspapers and public express relief and pleasure over the approach of the Russian squadron, as well as confidence in the ability of Admiral Togo's fleet to vanquish it.

WOMAN DIED TO SAVE HER BABY

Terrible Death at Brockville of Most Devoted Mother—Mrs. David McQuigge Burns—Clothes Caught Fire From a Lamp Broken by Her Child's Bottle Falling on it—Her Only Thought Her Children and She Got All Three Out of Danger and Dies.

Brockville, April 10.—Mrs. David McQuigge, 32 years of age, residing in the east end, was the victim of a terrible death Saturday night at her home. As George Blaine was passing about 9.50 she rushed from the house carrying an infant in her arms and followed by two small children, aged 9 and 7 years. Her clothing was ablaze. Depositing the infant on the grass, the woman shrieked piteously as the flames enveloped her clothing.

Blaine, removing his overcoat, wrapped it about Mrs. McQuigge, and neighbors coming to the rescue with quilts, the flames were smothered. On being removed to the hospital she died several hours later. Her clothing was still burning into the flesh on her back when the nurses at the hospital attended her.

Baby Caused the Accident.

It appears she was preparing to retire and stepped at the front door to lock it. The two elder children has ascended the staircase and Mrs. McQuigge placed the lamp on the first step, while she turned to lock the door. She was carrying the babe and the latter dropped a bottle on the lamp, smashing it to pieces. She attempted to stamp out the blaze, and failing, turned her attention to saving the children. The elder ones ran terrified to the back door, and returning again to the front entrance the mother seized them and pushed them out to a place of safety. How she saved the babe is a mystery, for when Blaine first observed Mrs. McQuigge, both she and the child seemed to be enveloped in fire, but the babe was not in the least injured.

Mrs. McQuigge was a native of Maitland, a small place a short distance from Brockville, but spent most of her life here. She was married ten years. Her husband was absent from home at Guelph, where he is employed on the construction of the Guelph and Goderich Railway. The house was slightly damaged by the fire.

Burned in Hotel Fire.

Winnipeg, April 10.—A Winnipeger, Capt. Jones, was burned to death at Humboldt Station yesterday morning by the destruction of an hotel building, while endeavoring to save his effects. W. Fitzmaurice was seriously burned while rescuing others. Others were less seriously burned.

Vatican's Rupture With France.

Paris, April 10.—The Matin yesterday printed a despatch from Rome, giving an interview there with Cardinal Merry del Val, papal secretary of state, in which the cardinal declares that the Vatican was not responsible for the rupture of relations between France and the Vatican. He says that he considers the abolition of the concordat an incalculable misfortune to France and to Rome, and that Pope Pius strongly desired a reconciliation. The Chamber of Deputies last night, by an imposing majority, voted that it was necessary and urgent to carry on the debate for the separation of church and State without interruption.

Style is the Difference Between Clothing and Covering.

The man who is satisfied with mere covering isn't interested in Semi-ready tailoring — anyone can clothe him.

But the man who wants style in his clothes—and he has the majority with him—finds it best expressed in Semi-ready garments.

When fashion says "longer coats," anyone can follow that—a mechanical process—and yet not be in style.

Semi-ready makes each line in harmony with the added length—creates an entirely new model.

Semi-ready expends money, time and brains in making certain each garment is correct.

Semi-ready Tailoring
Cressman

TWO SUDDEN DEATHS OCCURRED

Royal Rowe Found Dead in Row Boat in Bay of Quinte

Napanee Blacksmith Dropped Dead While at Work.

(Special to the Examiner.)

Napanee, April 10th. — John Boyes, a carriage blacksmith, aged 66 years, dropped dead while working at the bench on Saturday.

Royal Rowe, who lived on the shore of Prince Edward county, was in Deseronto on Saturday and started for home in a row boat yesterday. He was found dead in the bottom of his boat about two miles from Deseronto. Death is supposed to have resulted from heart disease.

A Misrepresentation From F. R. J. MacPherson.

In a column of the Examiner last urday evening, the above has inserted an article which is false, and I challenge Mr. MePherson or anyone else to say that the Mr. Pearson referred to, had anything whatever to do with supervising or handling the contract of Mr. Bravender's house in Lakefield. Pearson was one of the men I employed to do the work according to my instructions when the contract was placed in my hands, and the architect, Mr. J. E. Belcher can vouch that my statement is correct, and also Mr. Bravender, of Lakefield. I also assert that all the plumbing and heating contracts carried out last year by McPherson and MacGregor were planned and supervised by me, and carried out satisfactorily.

As I have no further connections with McPherson, my place of business will be in a few days at 439 George street, where I am fitting up a store to carry on a practical and up-to-date business in plumbing, heating, fixtures and lighting.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise women more wisely than the local physician.

Delle Emerentienne Montreuil, of 114 Latourelle St., Quebec, Que., writes:

Dear Mrs. Pinkham:—

"I suffered for eight months with what the doctors called prolapsus, which caused great weakness all over my system, with faint dizzy spells. I kept growing weaker and weaker. I tried several medicines which they claimed would cure my trouble, but nothing was of the least benefit until I tried Lydia E. Pinkham's Vegetable Compound, and this helped me so rapidly that I could hardly believe my good fortune. I would gladly have paid $25.00 for that first bottle, for it started me on the road to health, and five bottles cured me.

"I am most grateful for my splendid, robust health, and shall certainly recommend the Vegetable Compound in glowing terms to all my friends and acquaintances, for it is deserving of all the praise I can give it."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

BOYS ENJOYED CAMP RALLY

Pleasant Evening at Y.M.C.A. Friday Night.

Plans for 1905 Camp Were Discussed—Boys Took Tea at Building.

The boys' annual camp rally held at the Y.M.C.A. Friday evening was one of the most enjoyable features of the season.

The boys took supper together the bill-of-fare being along precise camp lines, the camp tinware being brought into play—each boy bringing his own outfit.

After this was over Mr. Robt. Harding took the chair and was received with a royal camp welcome.

Roll call was responded to by each boy answering in his camp name.

Letters of regret were read from several absentees, including Messrs. S. S. Aplin, Pembroke; Roy Webster, Toronto; and C. Mulligan, Omemee.

Art Emmerson read the "Camp Jollier it being a specially bright and humourous edition.

Short speeches on the camp of 1904 were given by W. Armstrong, G. Martin and F. Austin.

A reading on "Camp Hornets" by Herb Johnston brought "down the house." Peter Wallace then gave an imitation of camp stirring.

Mr. Hutchinson gave an elogy of the camp leaders and Mr. Williamson outlined some of the proposed features for the camp of 1905.

Then followed peanuts and the appointment of the camp committee for 1905. The gathering was brought to a close with God Save the King.

GROWING IN POPULARITY.

The More People Know Newbro's Herpicide the Better They Like It.

The more it becomes known the better it is liked. One bottle sells two, and these two sell four. Newbro's Herpicide is what we are talking about. It cleans the scalp of all dandruff, and destroying the cause, a little germ or parasite, prevents the return of dandruff. As a hair dressing it is delightful, it ought to be found on every toilet table. It stops failing hair, and prevents baldness. It should be used occasionally, as a preventive to protect the scalp from a new invasion of the dandruff microbe. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

—Spring work has been resumed on Brown and Aylmer's section of the Trent Valley Canal construction in the vicinity of Lake Simcoe.

OPPORTUNITY OF A NATION

Rev. Dr. Crothers Preached on this Subject Last Night

Every Individual has a Time of Opportunity—Appreciation of the Police Magistrate.

Last night in George Street Methodist Church Rev. Dr. Crothers preached a sermon, the subject of which was "A Nation's Opportunity Lost", and the reverend speaker showed that opportunities to become great come to individuals as well as nations.

The text for the sermon was St. Luke XIX. 41:42,—"I tell you if these should hold their peace the stones would immediately cry out, and when he was come near, he beheld the city and wept over it."

This is one of only two instances recorded in the Holy Word, when Jesus wept, the other being on the occasion of the death of Lazarus, but the grief which he showed then was not that inspired by reflection on the loss sustained by Himself or the family of the deceased because of his death, but He wept because He thought of the wreck which sin had made in the world. The cause of Christ's sorrow on this occasion was the same. One would have thought that the day would have been one of joy and not sorrow, for it was one of Christ's popular days. But the thought of the great calamity which was soon to fall upon the city was the cause of this exhibition of sorrow.

This was the nation's day of opportunity. God's dealing with nation is similar to that of individuals. Each has the time of opportunity, and if that time is neglected the dire consequences will surely follow; as individuals we are under His Government and cannot get away from it. God does not visit his judgment, however, until He has spoken in mercy, not once, but many times. This fact is proven in the history of the world many times, and the speaker instanced a number of the occasions. The speaker said that this was the nation's day of opportunity for our country, and we would have to be very careful and walk as God would have us walk.

"Oh, that God would come down upon the legislatures and make them do what is right and not what is politically expedient", said the reverend gentleman. Compromise has ruined nations before us, and it may work our ruin. He prayed that the spirit of God would come upon the legislatures that they may may not care for popularity or influence so much as to do what is right in God's sight. The speaker then dealt with individual opportunities, and said that any soul had the power to make its own destiny, and it is not possible to magnify what destiny. Unfortunately, however, there are many to-day who will not have this man to rule over them". Some are now having their day of opportunity, and to some that day has passed.

He referred to the dangers which beset the young and said that if there was one may he was proud of, it was the Police Magistrate for the stand he had taken in reference to the persons who unlawfully sold cigarettes to minors. Boys who smoke cigarettes and use language such as he had heard on the streets will generally turn up in the Police Court.

Speaking of the results of neglecting the opportunities he said that they were very serious. If the calls are not attended to the soul is left alone, which is the most awful condition it is possible to be in. He closed by expressing the hope that no one listening to him would be in the condition of being "left alone."

LOCAL BUTCHERS ARE EXTOLLED

Lindsay Aldermen Say They Sell Meat Cheap

But the Butchers of That Town Think Differently—A Question of License.

Lindsay butchers are having trouble with the men who sell meat on the market, and at a recent meeting of the council of that town, a discussion arose in which the prices of meat in Peterborough were compared with those in Lindsay, to the disadvantage of the latter.

The Watchman-Warder reporting the meeting said:

The butchers were on hand to see about getting protection from people who cut up and sell meat on the market square. There are nine licensed butchers in Lindsay, and they pay $5 each for their licenses. They were about all present. Their request for protection was cut into by a suggestion by an alderman that they charged more for their meat than butchers in other towns.

"They get two pounds of first-class steak for a quarter in Peterborough," said Ald. Rea.

"No sir," promptly replied butcher Campbell.

The alderman had a postcard at home from a friend in Peterborough whom he could believe, saying that the best steak sold at two pounds for a quarter. Mr. Campbell ventured that no butcher in Peterborough would say that.

Ald. McCrae had reliable information from Stouffville that meat sold at that price there. Mr. "Jack" O'Halloran produced a letter from a Peterborough butcher quoting the prices of meat there. They were about the same as those charged in Lindsay.

Mr. Campbell declared that nobody should be allowed to buy meat from the farmers and cut it up on the market. There was a man at the door, who heard that remark, and wasn't going to stand it without protest. He was Mr. "Bobby" Reid, a veteran at cutting meat on the market. He warmed up a bit and informed Mr. Campbell that people who sold meat on the market paid more in market fees than the same number of butchers did for their licenses. The butchers were sore because some good business had been done on the market.

Mr. Campbell objected that that was a butchers' meeting, and others need not butt in. Mr. Reid retorted that he was a butcher, and an alderman remarked that a ratepayer had a right to speak.

Mr. Geo. Calvert said he would be willing to pay $10.00 license if the grocery stores were prohibited from selling sausages as they were in Peterborough, where the butchers license is $10.00.

Mr. Braund said that the grocery stores did not keep the law forbidding them to sell fresh pork. He was told that it was up to the butchers to see that the grocers keep that law, but replied that the police took no action when they were notified. Ald. O'Reilly declared that the millers should be called upon to explain why they charged so high for flour. That gave Ald. Saunders a start and he straightway declared that flour was sold as cheap in Lindsay as anywhere in Canada.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

FROM THE FOREST TO PILING GROUND.

The Lumber Industry one of Great Importance --The Extensive Operations of the Dickson Company--Limits in a Number of Townships--Largest Saw Mill Owners in Central Ontario--Passage of the Logs From the Woods to the Mills--Life of the Men in the Camps--How They Fare Now as Compared With Former Years.

The American writer, and when the term "American" is used, of course it will be understood to refer to a resident of the United States, has no more hesitancy in appropriating things Canadian, and claiming them as his own, than has the American financier, and in the current number of that excellent magazine, "The Booklovers," is an article written by George Hibbard, and entitled "River Driving as a Fine Art," and illustrating this article are a number of half-tone cuts made from life photographs, and a remarkable fact it is, that, while the article deals almost entirely with the lumber trade of the United States, Canada being mentioned only incidentally, the illustrations, which make the article referred to interesting, were made from photographs of the Kawartha Lakes, and yet nowhere in the article, which is several columns long, is credit given for the fact that the writer had to come to Canada for the really essential part of the article.

Buckhorn Lock—Showing Logs Being Locked Through.

Canada Pictured.

On this page is reproduced one of the illustrations from that magazine and those who are familiar with the back lakes will have no difficulty in recognizing the lock pictured as that at Buckhorn, through which some logs have evidently just been locked.

The importance of the lumber industry is referred to in the article in the Booklovers, and the fact that Canada possesses nearly eight hundred million acres of forest area is mentioned, as is also the fact that in the United States there are something like four hundred and sixty-five million acres. It will thus be seen that this country has almost double the amount that the country to the south of us possesses.

Great Timber Areas.

Those who are living in what has grown to be one of the most thickly populated part of the country, have little idea of the immense areas of timber lands which still exist in Canada, and which constitute one of the most valuable of her assets. The figures for this country are not obtainable, but it is stated that fifty-seven million dollars worth of lumber goes annually from the ports of the United States, and the value of the wood products in a recent year in that country was $566,832,987. In all, the "wood bill" of the United States was one thousand million dollars, and, it must be remembered, in thinking of these figures, that the area of the timber in Canada is practically double that of the United States, and when this fact is recalled, some idea may be had of the great value to this country which the timber resources represent.

In Canada more than two million five hundred thousand dollars worth of wood pulp is manufactured, mostly for the United States and Great Britain. The fact remains that wood is not being used for the purposes to which, in the early days, it was put, but there is still a practically unlimited demand, and the time will never come, at any rate in the history of the present, or many succeeding generations, when the product of the forest will not be in demand.

Peterborough's Timber Wealth.

There are men living in Peterborough to-day who can remember when this now almost metropolitan town, was surrounded to its very borders, with tall timber, but this has gradually been felled and made into lumber, and the lumber industry to-day is not regarded as being of as much importance as it formerly was, but the fact remains that in Peterborough county there are still very many valuable tracts of excellent timber, and a local company, the Dickson Company, still carries on operations on a large scale, and their limits are said to be of sufficient extent to supply timber for many years to come.

This company has, without doubt, the largest limits in Central Ontario, and are now operating in the Townships of Cavendish, Anstruther and Harvey. The limits owned by this company, however, are to be found in addition to those townships mentioned, in the township of Mfaden, Stanhope, Anson and Burleigh, and in all of these municipalities operations have been in progress.

Extensive Operations.

During the last winter season there were seven camps working for this company, each camp containing about eighty men, and during the season, which began in September, nine million feet of pine were felled, in addition to about three million feet of hemlock, and other kinds of timber.

Last week the men went up to the scene of the winter's operations for the purpose of starting the "drives," which will occupy about three months, and in this there will be about thirty-five men employed during that length of time.

Of course it is not necessary to enlighten any of the readers of this article as to what the term "drive" means. It is simply the operation of bringing the logs from the forest, where they are cut, to the mill to be manufactured into lumber.

A Hazardous Occupation.

The work of river driving is one which exacts strength, quickness, skill and a disregard of danger. When the stream is reached, and the logs are started on their water journey, the hazards increase. When a "jam" occurs the most tremendous game of pick-straws on earth is played. The huge logs piled up in this way and that, criss-cross and topsy-turvy, offer serious puzzles for solution. The game is one of life and death, for a slip or a mistake at any moment may prove fatal.

It may be interesting to give the different waters through which the logs cut in the particular limits which have been referred to, pass in their trip to the saw mill at Peterborough, where the timber belonging to the Dickson Company is cut into lumber.

Journey of the Logs.

During the winter the logs have been hauled by team to the shores of Stony Creek, which runs through the Cavendish and Anstruther limits, and, with the approach of spring, the logs are rolled into the now swollen creek, and floated in easy stages to Bottle Lake, a distance of about five miles from the farthermost logs. Five miles on Bottle Lake and the creek of the same name are traversed until Lake Ketchecum is reached. Three miles more of a peaceful run are taken and Gull Lake is entered through the narrows. Twelve miles through the Mississagua Creek, and Gull River is reached at a point below the dam at Buckhorn. From this point to Lovesick is a run of five miles and from the latter point to Burleigh 1 1-2 two miles. At Burleigh, Stony Lake is entered, and three miles on the water bring the logs to Clear Lake. It is four miles from the entrance of the lake to Young's Point, and five miles of Lake Katchawanooka, and Lakefield booms in sight. The logs are now in the last stage of their journey, which has taken much longer than the reading of the description, and in their passages the men have been wet a good many times, and perhaps some of them have had escapes from death which they will not recite to their families when home is reached, but they have grown accustomed to the life, and dangers which would appal an ordinary man, are passed over by them as of no consequence. From Lakefield there are nine miles further to run before Little Lake is reached where the logs are placed in a boom, and are sawn up as the summer progresses.

Summer Operations.

During the summer months the company has men in the woods carrying on operations, and last summer there were three camps working. In the summer the men are engaged in felling hemlock, basswood, elm, etc., woods which require some little time to dry before they will float, and it is for this reason that work is carried on during the summer months. This spring the company's river gang will float 8,000 pieces of hardwood timber to the mills, and this timber, in addition to being dried for some months, has to be subjected to another operation before it will float. At each end of the log an augur hole is bored in the log for some inches, and this is afterwards plugged up, leaving only a small air space between the end of the plug and the bottom of the hole, which, however, is sufficient to make the heavy timber float in and water, and is the only thing which makes it possible to drive hardwood logs. This was a very valuable discovery, for, until it was found that by this means hardwood timber could be floated, it was practically impossible to get out this valuable wood at all.

Land and Water Boats.

To assist the men in driving the logs through the lakes the company has two "alligators," which are used to tow the logs in the lakes. These interesting craft, which are constructed to travel either on land or through the water, are invaluable to the lumberman. Their construction and the method of their operation are so well known to everyone who has ever seen lumbering carried on that it will be unnecessary to take space in a further description. The two boats owned by the Dickson Co., are the "Hamlet" and the "Dickson," the latter being confined in its operations to Bottle, Katchecum and Gull Lakes, while the former is used in the lakes below Buckhorn, and it is a familiar sight to those who travel on the Kawartha Lakes to witness its operations during the early summer months, while the drive is in progress.

Last winter the Dickson Company had eighty teams of their own engaged, in addition to thirty other teams which were hired from the farmers and settlers in the vicinity in which the operations are carried on, and who make a very good living in this way.

Lumbermen Fare Well.

The wages paid to the men engaged in camp work, are from $20 to $25 per month, including board, which is considerably higher than it was a few years ago, when work was not as plentiful, and, in addition to getting much higher wages the men are much better looked after than they were in former years. A great improvement has been made in the bill of fare, and one who has been in lumber camps for a quarter of a century is authority for the statement that to-day, the lumbermen are fed better than are the guests at a number of the town hotels.

This in marked contrast to the conditions which prevailed a few years ago, when the fare consisted almost entirely of pork and beans and bread, with a little tea. To-day the men are given beef, potatoes, sugar, pies, cakes, prunes, figs pickles, apples, butter and tea, and all the delicacies of the season.

How Leisure Hours are Spent.

The lumbermen believe in the old adage, "early to bed," etc., and at nine o'clock all the lights must be out, except on Saturday nights, when a little extra latitude is allowed. The evenings are spent for the most part in story telling and in the enjoyment of music, for it is seldom that a camp is found in which some one or more of the men are not musicians. Many of them are fiddlers of more than ordinary ability, and some even aspire to the autoharp, while nearly all of them are adepts at the mouth-organ. They usually keep the music going until about 8.45, when preparations are made for retiring. During the cutting and skidding the men do not start to work before daylight, but when the logs are being hauled, it is sometimes necessary to get an earlier start.

On the whole, indeed the men are well used, and they all come out of the woods in the spring, in the best of health and spirits.

A Lifelong Lumberman.

One of the most experienced practical lumbermen in Peterborough, is Mr. George Long, who, for more than twenty-five years has been in the employ of the Dickson Company, and now occupies the position of foreman of the head camp of the company. He has seen the condition of the shantymen steadily improve during the years that he has been engaged in the business, and it is to him, to a large extent, that the Examiner is indebted to for the information incorporated in this article. Perhaps no man in town is more thoroughly conversant with the camp life of the men engaged in lumbering than Mr. Long, and the fact that he has been so successful in his life's work is no doubt due to to his love for it. He knows practically everything there is to know concerning life in the lumber woods, and a half hour's conversation with him is indeed an interesting experience.

We Paid $100,000

For Liquozone, Yet We Give You a 50c. Bottle Free.

We paid $100,000 for the American rights to Liquozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

THE HALIFAX COMMAND.

Col. Drury, New Inspector-General, Has Been Appointed.

Ottawa, April 8.—Some of the appointments in connection with the scheme of military reorganization in Canada have been decided upon. It is understood that Col. Otter will assume charge of the western Ontario division, with the rank of Brigadier. He will continue to reside at Toronto and act as D. O. C. Col. Buchan will go from Kingston to take charge of the Province of Quebec military division, with headquarters at Montreal. Lieut.-Col. Gordon, of Montreal, will have charge of the eastern Ontario division, with headquarters at Kingston. Col. Drury, now Inspector-General, will be appointed to the command at Halifax, that position needing a capable artillery officer. Lieut.-Col. Wilson will be given command of the Canadian Field and Garrison Artillery.

Takes Case From Jury.

L'Orignal, April 8.—D. Moquin was acquitted by Justice Teetzel here yesterday on the charge of killing Henry Auger in the village of Russell last July. The case did not go to the jury as Justice Teetzel did not consider the evidence sufficient. After a severe reprimand for the manner in which he had conducted his hotel, and his carelessness in selling liquor to drunken men, Moquin was liberated.

Funeral of T. D. Craig.

Port Hope, April 8.—The funeral of T. D. Craig, ex-M. P., took place yesterday afternoon and was one of the largest seen here for a long time. Business was suspended and all stores closed. Attending the funeral were the Town Council, harbor board, public and high school boards and representatives of Port Hope, Hope and East Durham Conservative Associations.

E. F. Clarke Testimonial Fund.

Toronto, April 8.—E. B. Osler, M. P., acknowledges the receipt of $14,444.63, up to last night, for this fund.

Best Cough Medicine for Children.
When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used used in many epidemics of that disease with perfect success. For sale by all druggists.

SOMETHING IN A NAME.

As a rule — and with very few exceptions — the names of places in Canada, are either conspicuously euphonious, or the repetition of places in England, Ireland, Scotland or France. Some names, however, are neither euphonious, elegant nor borrowed from the old land. Of this, Rat Portage is an example. The people of that town have long felt this, and as the town grew in size and importance, they have all felt anxious to change its name. At last this has been accomplished, and now, instead of Rat Portage, it is Keenora, a nice, soft-sounding euphonious name. The change was decided upon at a meeting of the town council on Saturday night. The name Keenora is not only euphonious but significant. This is the origin of its three elements. The town is divided by natural physical features into three parts, of which each has its local name — Rat Portage, Norman and Keewatin. By taking the three first letters of Kee-watin, the first two of No-rman, and the first two of Ra-t Portage, we get the syllables "Kee-no-ra," or the new name. This name was first applied to a steamer navigating the Lake of the Woods and Rainy River, and it has been adopted by the town. This is the building of the new name of the westernmost town of Ontario.

IN A NUTSHELL.

The Manitoba incident which has been howled into an outrage, is a simple affair as to facts and meaning. The whole row was raised apparently to draw attention from the Northwest autonomy bill, in respect of which the incendiaries had by the facts been put out of occupation. The facts are simple. Manitoba wanted its boundaries extended; it demanded that a big slice of the best and most populous parts of the Northwest Territories adjoining should be added to Manitoba, and that it should also be extended to Hudson's Bay on the other side. The people of the Territories wouldn't have their territory looted, and Sir Wilfrid supported their position, and refused Manitoba extension to the west. In regard to the Hudson Bay extension, he refused at the moment to accede to the demand of Manitoba, on the grounds that before the matter was settled, the rights of Ontario in regard to territorial access to Hudson Bay, should be considered. Sir Wilfrid Laurier stated in the House that this was the position he took before the alleged threat of Mgr. Sbarretti that the extension of Manitoba's boundaries depended upon that province passing the school amendments he suggested. This alleged threat of Mgr. Sbarretti was made without any authority from Sir Wilfrid Laurier, and privately and personally, to a member of the Manitoban Government, which had been previously "dickering" with the Papal Ablegate. Sir Wilfrid has not refused justice to Manitoba, has not refused to extend her boundaries, except in respect of robbing Saskatchewan of the best part of her territory. The extension to Hudson Bay is still in abeyance, and it is on the books that Manitoba will have her territory extended to Hudson Bay, but not to the prejudice of the rights of Ontario, which must also have a slice of the shore line of this great inland sea. Manitoba will get all the territory which she should have with regard to the rights of Ontario. There is no reason for hurry in the matter. The territory which Manitoba demands, but which Sir Wilfrid Laurier has properly decided should be shared with Ontario, is not likely to disappear. Manitoba doesn't need it to raise money upon. There is, or was, no great urgency in the matter, except to the firebrand politicians, who intruded the subject at a time when they thought they could make political capital out of drawing a red herring across the discussion of the Northwest autonomy bill, which had not yielded the capital expected.

EDITORIAL NOTES.

As to clerical interference in politics, it is to be noted that during the controversy now raging, while Protestant clergymen have taken general and active part in intermeddling with politics, there has been, so far as known, an entire absence of interference on the part of the Roman Catholic clergy of Ontario. Has not one as much right as another in a land which boasts of its "civil and religious liberty" and "equal rights."

THE PROPOSED CARNEGIE LIBRARY

A "Looker-on" Gives his Views on the Subject of Some Speeches at the Board of Trade Meeting.

To the Editor of the Examiner,—

Dear Sir,—I was somewhat surprised in reading the remarks of some of the gentlemen who spoke at The Board of Trade meeting on the subject of the above heading. I question very much the decency and propriety of some of the observations made by several of the speakers. If Mr. Carnegie has become enormously wealthy through his adaptability to circumstances and conditions and if his concerns have been so prosperous as to enable him to devote so much of his surplus wealth to the advantage of the people, in the erection of Public Libraries, why should he not be allowed to do so? Are all millionaires to be looked upon as having improperly obtained their wealth? Where are our public benefactions to come from men who have been successful in business? Mrs. Cox, very generously, through the kindness of her husband, Senator Cox, donated a portion of her means, which she obtained from her husband, to the establishment in Peterborough, of a home for those desiring to avail themselves of it.

Are we to consider that because Mr. Cox is a ten-fold millionaire, that he has obtained his money in such a manner as to make it unacceptable to the public? If Sir Wm. MacDonald, the tobacconist, of Montreal, erected a library for the people of Ontario in connection with the Agricultural College at Guelph, are we to assume that he has made his money by robbing the workingman and ruining the lives of those who have used his tobacco? Are we to think that McGill University, Montreal, is acting foolishly and unwisely in accepting his munificent aid to that college, considering the source from whence it came? Are we to assume that Berlin and Waterloo have degraded themselves because they have accepted from Mr. Seagram, one of the greatest distillers of whiskey in Canada, a site and assistance for the erection of a hospital for the benefit of the needy because Mr. Seagram made his money from the liquor traffic? Are we to adopt the principle that wealthy men such as the Gooderhams, Walkers and those engaged in the manufacture of liquor, are not to aid in the work of the church, if they feel disposed to do so, as they have done. Will the minister, who preaches perhaps a score of sermons a year on the evils of the liquor traffic, refuse such contributions towards the payment of the church debt? Is it, to be brief, to be acknowledged and taken for granted, that every man who makes a fortune, and who generously donates some of it in the public interest, has made his money improperly?

It does seem to me to be ridiculous the buncumbe argument advanced, by some of those who addressed the Board of Trade meeting, against the Carnegie Library. For my part, I would like to see, in Peterborough, a building such as might be erected with the aid of Mr. Carnegie's purse, I would like to see the influence for good in our community, that such a modern, up-to-date Library would exercise. I would like to see our young men and young women afforded the very best opportunity to obtain such reading material as would be furnished them at the least possible cost and it is silly nonsense for anyone to talk the rubbish that has been given the people, by some of the gentlemen, who have expressed themselves on this subject.

If Mr. Carnegie made his money by obtaining iron mines that were of such enormous value or even if he made it by obtaining favourable contracts with the United States Government for armor plate, are we to assume that he dishonestly obtained these contracts or mines? Are we to assume that Lord Strathcona, who is perhaps, the wealthiest man in Canada, and represents Canada in the mother land as Lord High Commissioner, is a bad man and has obtained his wealth fraudently, because he entered into a contract for the construction of the C. P. R. on a most favourable contract with others? If there is any blame to be attached to anyone in that matter it is not to him.

Does not the business man in everyday business life, endeavour to obtain the best contracts and prices he can, in any small commercial line or in business of greater dimensions. If Lord Strathcona and his associates made so much money out of the construction of the C. P. R., if the contract was drawn so loosely, so imperfectly, as to enable them to do so, is it not the men who made the contract, the then Conservative Government of the Dominion, who are to be blamed? If Lord Strathcona offered to grant a public library for Peterborough, would the people of Peterborough resent it and say "No, we will have nothing to do with it". It is pretty difficult to draw the line. You cannot study the source of money too closely.

It is said our banks have made enormous sums of money in assisting in the flotation of schemes which have been placed with the public, successfully, some of which seem little short of fraud. But do the managers of our banks refuse to accept this remuneration for services which comes to them from the profits of some of these flotations.

Then we should not have such arguments advanced, as were advanced in opposition to the proposal to accept from Mr. Carnegie, a sum sufficient to erect a Public Library in our town. No class would benefit more than the intelligent mechanic, from the books that would be at his disposal. Of course the mechanic who wants the union to carry him through, who wants the better class of workmen to protect his inability, will oppose anything that is for the advancement of the general community. He does not want progress, he does not want advancement; all he wants is to fill in his time and to obtain the means of maintaining himself, watching for the clock to strike twelve, rather than watching the progress of his own work, until the clock strikes.

I, for one, would accept Mr. Carnegie's offer, and thank him for it, and would be glad to see, our people, men who give their attention to these things, view things differently from what they appear to have done in this case. It is useless to say that Peterborough will erect a Public Library for years and years to come. We have the Collegiate Institute to erect, and there must be no cheap John business about it. We want our fire hall, which needs to be substantial enough to meet the requirements of the town for a quarter of a century, and the school for half a century. We want our sewers and sidewalks, we want our river front made beautiful. All these things will take as much taxation as the people will perhaps care to bear. Then there are our families. Are they to be deprived of an opportunity of having a beautiful building, with substantial library, at their disposal, in Peterborough, because a few, perhaps not so much interested in Peterborough, endeavour to create, what is more than likely a foundationless charge, that Mr. Carnegie made his money improperly.

If Toronto the good, where they talk more morality to the square inch, than any other place in the Dominion, can accept a quarter of a million for a Public Library, from Mr. Carnegie, surely Peterborough might accept a tenth of that sum to the advantage of the town.

Yours truly,
A LOOKER-ON.

FATHER AND SON AS EVANGELISTS

Rev. A. H. Brace and His Son at Park Street Yesterday.

It was high tide at the Baptist Church, Park street, yesterday. The Rev. W. E. Norman, Superintendent of Home Missions, took part in the service, and the pastor's son, the Rev. A. Philip Brace, B. D., took up the work where the other evangelists stepped out, and the interest increased. His sermons were fine expositions and appeals, were forceful and telling, and bore fruit. Miss Mamie V. Clarke was in good voice and her numbers were a great power. The evangelist united with her in teaching "The Glory Song" in the afternoon, which is so popular in the Torry and Alexander Mission of London, Eng.

The young people were fairly carried away with it. The great congregation in the evening took hold of it very heartily.

The meetings will continue each night till Wednesday, when the service will take the form of a farewell to singer and preacher.

Yesterday's service gave promise of a most successful and enthusiastic wind-up to the special effort.

"The Glory Song" will be given tonight. Service at eight o'clock.

ST. Luke's Men's Guild Minstrels. Larger, better, grander than ever. 5th. Ward Town Hall, April 27th, '05. Admission 25 cents. Hold the date.

CHURCH ORGAN WAS DISABLED

And as a Result Soloist Could Not Be Heard Last Night.

The services in St. Andrew's Church were well attended. The pastor, Rev. J. G. Potter put forth an earnest effort for men to examine themselves in regard to the present condition of their lives, and see whether they are doing what was the will of God, by bringing up children without first making their own peace with Him, who is called Christ, and not being examples to those who have been trusted to their care.

Mrs. Callender, of Norwood, sang very acceptably in the morning, but owing to an accident at the power house in the evening, the church organ could not be used, and consequently many were disappointed in not hearing her again.

Mrs. Callender has kindly consented to sing again at both services next Sabbath, and the members of the congregation who have been interested in the selection of a soprano soloist will kindly reserve their decision until Sunday April 23.

Child Had Eczema.

'My daughter, 13 years old, suffered from eczema for three years. She was treated by our family physician and used other ointments without benefit. By using Dr. Chase's Ointment she has been completely cured. This is the only Ointment I feel like recommending."—Mr. Jas. H. Patriquin, 176 Rockdale Avenue, Sydney, C. B.

ONE FINGER WAS AMPUTATED

As Result of Accident to an Italian Today.

An accident occurred this afternoon at the C. P. R. station, by which an Italian, Nicolo Bianco, lost one finger, and had his hand badly lacerated. The construction gang was engaged in laying steel and a rail fell upon this man's hand, crushing it. Dr. Grey was called and amputated one of the fingers, and dressed the injured member. The injured man is now at the Nicholls Hospital.

A MAGNIFICENT SHOWING OF
FLOOR COVERINGS, CURTAINS and DRAPERIES

ONCE UPON A TIME this was an ordinary Carpet and Housefurnishing Store. NOT SO NOW. To-day it is easily the PEER of any Carpet and Housefurnishing Store in Peterborough, or any city its size in Canada, for exclusiveness in design, assortment and quantity. And further, we make the contention, fully realizing its import, that the best values of the season in Floor Coverings, Draperies and Curtains are to be found at Hall's. It is a fact known to all in closest touch with the carpet market that prices this season are higher owing to the advance in the price of wool ; but months ago, by exerting to its full capacity the tremendous purchasing power of our syndicate of sixteen stores, we are able to quote this season prices that are actually lower than those of a year ago. SEE THE GREAT VALUES WE HAVE TO OFFER IN FLOOR COVERINGS, DRAPERIES AND CURTAINS.

All Wool Carpets
460 yards, All Wool Carpet, 36 inches wide. A nice selection of artistic floral scroll and conventional designs in good wearing colours ; very durable and suitable for Dining Rooms, Sitting Rooms and Bed Rooms. You would expect to pay 75c to 85c per yard for this quality, our special price per yard..... **69c**

Scotch Linoleum
You'll get Much the Best of the Bargain Buying Your Linoleum Here
625 yards Scotch Linoleum, 4 yards wide, in floral block and tile patterns. A beautiful lot of Linoleums, well finished and well seasoned, two important factors in a Linoleum, which add greatly to their wearing qualities. Our special price, per square yard **50c**

If you have a House-cleaning want we are certain we can
SAVE YOU MONEY.

Nottingham Lace Curtains
Since the invention of the Lace Machine nearly 100 years ago, Nottingham, England has been the most important centre in the world for the production of Lace Curtains. See the two Leaders in Nottidgham Curtains mentioned below.

At 79c—Nottingham Lace Curtains, 50 to 53 inches wide, 3 1-2 yards long, Colbert's Patent Corded Edges, neat border, with plain and scroll centres, per pair **79c**

At $1.50—Nottingham Lace Curtains, 50 to 54 inches wide, 3 1-2 yards long, extra fine quality Net, Colbert's Patent Corded Edges in a vast range of spray and floral designs, per pair.. **$1.50**

Curtain Poles
We can supply every want in Curtain Poles, Brass Rods, Sash Rods, Sockets, Ornaments for Drapery purposes, and all kinds of fixtures on which to hang Curtains and Draperies. Get our prices for Curtain Poles and Fixtures.

Cressman's

A ROBBERY AND A DISAPPEARANCE

Mr. George Laing's House Entered Yesterday Sum of Money and Gold Watch Were Stolen---Similtaneously With the Robbery a Youth Disappears From Town---Took Key and Went Into House While Family Was at Sunday School---Police are on Track of Boy Who is Supposed to Have Committed Crime

Another case of supposed juvenile crime was reported to the police this morning, when it was found that the dwelling and store of Mr. George Laing, corner Aylmer and Murray streets, had been entered yesterday afternoon, and about $17 in cash and a gold watch had been stolen while the family was away at Sunday school.

About three o'clock yesterday the members of the Laing family left home to attend Sunday school, and after locking the door left the key in the usual place. Upon their return at 4.30 they found the key where it had been placed, but upon entering the house discovered that during their absence someone had been in the house. Upon making a search it was found that the sum of money mentioned above, with the watch, was missing.

Naturally they were greatly surprised, and more so on account of the fact that the house had apparently not been broken into, and the thief or thieves had evidently found the key and secured entrance in this way.

This discovery led to the belief that the robbery had been committed by one who was acquainted with the place.

This belief was strengthened when it was learned subsequently that a boy who lives very near to Mr. Laing's house, had been missing since 3 o'clock yesterday afternoon, and is still away.

This boy, who it is said has the reputation of being an incorrigible, has caused his parents considerable trouble. For the present, of course, the boy's name will not be made public.

He was seen last night going towards the C. P. R. station, carrying a bundle under his arm, and it is said that he had frequently threatened to run away from home and wanted to go to New York.

It is supposed that the robbery was committed by this youth, who is about 15 years of age, and the police are now on his track.

Telegrams have been sent out to other towns asking the police to be on the lookout for him.

Frequently recently sums of money have been missed from the Laing household, and these petty thefts thefts and that more serious offence of yesterday are thought by some to have been committed by the same person.

NO DOUBT OF MR. McNEIL'S DEATH

Body of Andrew McNeil Has Not Yet Been Found.

His Friends in Rochester, However, Have No Doubt as to His Death.

Special to the Examiner

Rochester, N. Y., April 5th.—There does not appear to be any doubt in the minds of Mr. A. McNeil's friends here that he committed suicide by jumping from the Court street bridge, as previously announced, into the water, which is a considerable distance below. At this point it is very rocky, and anyone jumping from the bridge would, without doubt, immediately meet his death.

The body has not as yet been recovered, but it would have to go over three falls before it would reach the lake, where it may yet be recovered.

Mr. McNeil had been in Rochester for some time, and his friends here consider that there is no possible doubt of his untimely end.

YOUNG PEOPLE GIVE A CLOCK

Present to Y. W. C. A. From St. Paul's Y. P. S. C. E.

There will be a meeting of the House Committee of the Y.W.C.A. on Tuesday at 3 p.m.

The Christian Endeavour of St. Paul's church, are generously donating a beautiful clock for the hall of the public department in the new building. The thanks of the House Committee are due the society which has in this way shown its interest in the work of the Young Women's Christian Association.

FIVE YEARS IN REAL ESTATE

Messrs. A. Brown and Company Celebrate Half Decade To-day.

Recent Real Estate Transactions—Business Prospects are Excellent.

The real estate business in Peterborough has grown to be one of considerable proportions, and year by year more properties are changing hands.

From inquiries at the leading real estate agencies, it is learned that the prospects are that this year will be the best by far in the history of the town. Since the beginning of the year more properties have changed hands than in any similar period in the town's history, and the demand is still good.

This remarkable activity is due of course to the continued prosperity of the town, and the good prospects for the real estate business are indications of the general progress and prosperity of the town.

One of the most successful of all the local real estate agencies in town is that of Messrs. A. Brown & Co., and it is a matter for congratulation that five years ago to-day this company started in business in Peterborough, and during the half decade just closed the firm has made great progress, and to-day stands high in the list of business firms of the town.

Five years ago when this company started business the real estate business in Peterborough was insignificant, and sales were slow, but during the years which have intervened, the business of the company has steadily grown, until it has reached its present splendid proportions. Each year has seen an increase in business over that of the preceding year, and Mr. Brown states that the prospects for business for this year are better than ever before.

Mr. Brown wishes to take this opportunity of thanking his many patrons for past favours, and hopes in the future to serve them better than he has in the past.

The lease of the present office building has been renewed, and a number of improvements will be made to the building. Some of these have already been carried out, and others are in prospect. Among the transfers of real estate which this company has made for its clients since February 1st, 1905, are the following:

Mr. J. E. A. Fitzgerald has purchased the handsome residence on corner of Gilmour and Park streets, lately occupied by Mr. George A. A. Cox jr.

Mr. George Quinn has purchased the Akey property on Sherbrooke street and has removed there.

Mr. M. Costello has purchased from Mr. P. W. Reynolds, 2 lots on Homewood avenue.

Mr. John Giles has purchased the Barlee lots on Aylmor street, and intends building.

Mr. Barnard has purchased Mr. Abbott's house on the Gravel road.

Mr. Borland has purchased a house and lot from the Howden estate, Smith street.

Mr. Charles Edwards has purchased two houses and lots from the Howden estate, one on Park street and one on Stewart street, south of the Electric Works.

Mrs. Kerr has purchased a house and lot on Gilmour street, near Mr. R. E. Wood's residence.

Mr. Wm. Saxby has purchased a house and lot on corner Downie and Smith streets, on the Howden estate.

Mr. Charles Edwards sold two houses and lots to Mr. Thomas Grimason, corner Park and Stewart streets.

Mr. John Bigelow has exchanged two houses and lots with Mr. Grimason, corner Park and Stewart streets.

Mr. F. J. Doughty has purchased Mr. George Rawling's house on Westcott street.

Mr. Walter Stonker has purchased Mr. T. Medrath's house and adjoining lot, on which he intends to erect two new houses, on corner Bethune and Perry streets, opposite Cordage Works.

Mr. John Little has purchased Mr. A. E. Tanner's house, corner Dublin and Division streets.

Mrs. Elizabeth Nelson has purchased Mr. William Rogers' house on Charlotte street, west of Park street.

Mr. Charles Edwards has purchased Mr. James Brown's two houses, Chamberlen street.

Mr. Dickson Best has purchased the Mrs. McCollum home on Gilmour street.

Messrs. Fitzgerald and McConkey have purchased two lots from Jas. Brown, on Sherbrooke street, and intend erecting a pair of neat little houses.

Mr. John H. Cameron has purchased Mr. John Kerr's property, corner of Bethune and Hunter streets and intends erecting a store and dwelling.

Mr. Carlisle has sold his McDonel street terrace to a man from the east.

Mr. James McMillan has purchased from Patrick Herlihy a brick house on corner Townsend and Rubidge streets.

A VALUABLE RECOMMENDATION

Satisfactory Work Done Under the Supervision of Mr. J. H. Pearson, of McPherson's Plumbing and Heating Establishment.

The following valuable recommendation received a few days ago, speaks well for the work done by the employees of Mr. F. J. R. MacPherson's heating and plumbing establishment, George street:—

Office of Lakefield Portland Cement Company,
Lakefield, April 1st.

"To whom it may concern:

"This is to certify that the bearer, Mr. J. H. Pearson, has recently installed a hot water heating system and also has done considerable plumbing for me in my residence. The heating system is the work of an artisan. His plumbing work is, without any exception, the best I have ever seen.

"Anyone in need of a skilful workman will do well to secure his services from Mr. F. R. J. MacPherson, of Peterborough, with whom he is employed."

3d W. H. E. BRAVENDER.

RECITAL AT THE CONSERVATORY

Excellent Musical Programme Rendered by Vocal, Piano and Violin Pupils.

A very interesting piano recital was given Saturday afternoon at the Conservatory of Music, by the pupils of Mr. Gliddon, assisted by Miss Annie Pedlar, vocal pupil of Miss Helen Davies. Quite a large number were present, who received the various numbers with hearty applause most of the pupils though most of the pupils appeared in recital for the first time, they acquitted themselves throughout with great credit to themselves and their teachers.

Miss Annie Sisson played Gowski's "Murmuring Zephyrs", showing a very graceful and cultured style. Miss Evelyn Morrow, who has been heard before, played "En Rouett" by Goddard, in a very accomplished and pleasing manner, and displayed a very well developed technique. Miss Mattie Robertson rendered Rasmanoff's "Prelude in C Sharp minor," displaying a fine musical temperament. Miss Ethel Best gave a very brilliant rendering of "Valse Chromatique", also by Goddard. Misses Gertie and Maude Grandy also played a piano duet, an arrangement from "Il. Trovatore" which was received with much applause and pleasure. Miss Lillie Carlisle gave a very finished performance of Schumann's "Ausswung".

The piano solos were interspersed with violin numbers by Miss Marguerite Barnett who played Raff's "Cavatina", and Miss Julia Choate, who played "The Last Rose of Summer", with variations.

Throughout the entire programme the numbers by the pupils were rendered entirely from memory.

Miss Annie Pedlar, Miss Helen Davies, talented pupil sang a pretty arrangement of "When the Swallows Homeward Fly" showing in her rendition of this melodious number a well cultured soprano voice.

The success attained by the pupils in this recital and the excellent quality of their performance is a credit to the industry and musical capacity of their teachers.

SNOW-SHOE CLUB WILL HOLD DANCE

Enjoyable Event in Prospect on April 27th.

Invitations are out for the Peterborough Snow-Shoe Club dance on the evening of Thursday, April 27th, which gives promise of being the social event of the season. The affair will take place in the Foresters' Hall, Simcoe street, and those apartments will be handsomely decorated for the occasion.

The music will be supplied by Musgrave, of Toronto, which is in itself a guarantee of a delightful time.

The secretary of the dance is Mr. Gerald K. Rackham and the utmost efforts will be put forth by the Committee in charge to make the affair in keeping with the brilliant successes attained by the club in snow-shoeing circles during the past season.

OPERA HOUSE
To-night! To-night!

LATEST SPORTING NEWS

PRESENTATION OF STRATTON CUP

Fenelon Falls Hockey Team Will Hold Banquet To-night.

The Stratton Cup, emblematic of the Trent Valley Hockey League championship, will be presented, to-night at a banquet which will be held at Fenelon Falls, the home of the champions.

Mr. E. S. Clarry, the energetic secretary of the league, left for that town at noon and will make the presentation on behalf of the donor.

A big banquet will be held and Mr. Clarry's address and the presentation of the cup will be features of the evening.

BONETTA SOLD TO W. FANNING

Mr. Geo. Lipsett Disposes of Trotting Mare.

Mr. George Lipsett has sold his fast, trotting mare "Bonetta" with a mark of 2.26 1-4 by "Bonbon Wilkes" to Mr. W. Fanning, of Cambray. The purchase price is said to have been in the neighborhood of $500, and the purchaser is confident that he had made a buy which will get him good returns.

BASEBALL.

To-night an important meeting of the Auburn Baseball Club will be held in the Y.M.C.A. when it is hoped that all the members will be present.

* * * *

The Quakers have, it is understood, practically decided to enter a team in the City Baseball League, and in this event the league will be composed of four first-class teams, which, it is expected will be still further augumented by the latter addition of the Printers, who have all kinds of good material at their disposal, and from the general interest which they are displaying with regard to the proposal, there is little reason to doubt that they will pull together a team of "good ones", and signify their intention of entering at an early date.

LACROSSE.

The members of the Strathcona Lacrosse Club are requested to attend a meeting in the C. P. R. Hotel this evening at 8 o'clock.

FOOTBALL.

The Quakers will practise on Tuesday evening at 7 o'clock. A meeting will be held at the Y.M.C.A. on Wednesday evening at eight o'clock to which all wishing to join the club are cordially invited.

* * * *

The Quakers' first work-outs of the season, held on Saturday afternoon, was quite well attended by team members and spectators. The practice was most encouraging, all the players who turned out showing much speed and should, to judge by present indications, round into excellent form in a very short time. The following players were out:—C. Fitzgerald, T. Delorme, P. Fitzgerald, B. Huston, T. Doris, E. Shortell, P. McFadden, J. Gillespie, B. Cameron, and J. E. Sullivan.

The new players signed by the Quakers gave much evidance of speed, and several of the recent acquisitions will undoubtedly be a decided gain to the ranks of the eleven. While the practice, of course, was not of a strenuous nature, the work displayed an ease and precision which is remarkable at so early a stage in the season.

CRICKET.

The Peterborough Cricket Club has been conducting negotiations for the purpose of securing a game for Easter Monday. It is probable that a game with the Millbrook Club will be arranged for that date.

MISCELLANEOUS.

A meeting will be held in the Y.M.C.A. on Thursday night next, when further arrangements will be made for the organization of field hockey, baseball, and track athletics. All interested are asked to be present.

THE TAXATION OF RAILWAYS.

The Recommendations of the Ontario Commission.

3 PER CENT. ON GR. EARNINGS

The Commission Would Also Apply the Principle of Taxing Gross Earnings to Other Companies—Appointment of Provincial Board of Taxation is Recommended—Some Suggestions.

Toronto, April 8.—The Railway Taxation Commission has reported to the Legislature. The commission, composed of H. J. Pettypiece, Prof. Adam Shortt and Judge Ball, visited several States of the Union and the result of its investigations is contained in the report which fills several hundred pages of typewritten foolscap. After giving a review of the various methods of taxation in Ontario, and the assessment laws of the States visited, the report concludes:

Should Be Taxed.

That the railways should be adequately taxed, every one, including themselves, will admit, though there is apt to be an exaggerated idea throughout the country of a railway's capacity to pay taxes, but as we have seen it is neither possible nor necessary to tax railroads on the same basis as other properties. However, by a Provincial taxation of railroads, in addition to their Municipal taxation on real estate, only the desire of the public for adequate taxation may be satisfied.

The benefit of railroad taxes may in this way be diffused throughout the whole Province, without respect to the accidental location of the lands. The municipalities have no occasion to look with jealous eye on the amount of corporate taxes, which may pass into the Provincial treasury, for, on the one hand, much of the Provincial revenue is distributed, in one form or another, to the municipalities, and on the other, as was pointed out at the beginning of this report, unless the Provincial treasury finds some direct means of sharing in the general increase of the country's wealth it will either be forced to curtail the assistance which it now furnishes to educational, charitable and other local needs, or it will be compelled to resort to a direct taxation of the general property of all the ratepayers of the Province, with all the complexity and inequality which they would entail. Hence in every way it is in the interests of the municipalities, as well as of the efficiency of corporate taxation, that the Province should undertake the general taxation of corporations, leaving to the municipalities the right to tax their lands and buildings only.

Proportions Adjusted.

There still remains the question, how are the Provincial and local authorities to distinguish between their respective proportions of railroad taxes? That matter can be very easily adjusted as follows: On the basis of gross earnings, the Province would be able to determine the whole of the taxes which the railroads and similar corporations should pay within its borders. The portion to be assessed on real estate within each municipality would be determined locally as at present. Then, by deducting from the total Provincial taxes of each corporation the portion to be paid in the various municipalities, the differences would represent the share of the Provincial treasury. In tables attached the figures show that such a system of taxation would be much more equitable than the present system, which levies a uniform rate of $30 per mile on all roads in excess of 150 miles in length, in the settled portions of the Province, and $15 per mile on shorter lines. If such a tax is a fair one for some of the poorer lines, then it is very inadequate for the wealthier ones, and certainly far below the most reasonable rates paid by the same companies on other parts of their lines in the adjoining States east and west. A tax on gross earnings, however, would very largely correct these inequalities, and would, to a far greater extent than any other system possible of application to the railroads of Ontario, result in an equitable adjustment of burdens as between the different railroads operating in the Province.

Three Per Cent. Fair.

As to the rate at which the gross earnings should be taxed is, of course, a matter which can be adjusted from time to time to suit the increasing prosperity of the country and of the corporations. As may be gathered from the sections of this report, dealing with the different States, and from the opinions of the various experts on the subject, both within and without railroad circles, 3 per cent. is regarded as a very fair percentage to be levied upon gross receipts. The American railroads in general, many with smaller surplus revenues per mile than leading Ontario lines, regard this as a very reasonable rate, and it may be considered a reasonable rate here. As shown in the tables, the effect applied uniformly would probably be to lower the taxes now paid by three of the smaller lines, to very slightly affect two or three others and on the other hand to undoubtedly increase to a considerable extent the total revenue obtained by the Province from the railroads.

How to Be Arrived At.

Should the Legislature determine to introduce the gross earnings tax for railroads or other similar corporations, it will be necessary to select a basis for determining the proportion of earnings assignable to the Province in the case of those operating in several Provinces or States. The best opinion would favor some such arrangement as this:

Receipts from all traffic between terminals in Ontario to be assigned entirely to Ontario.

Receipts from traffic between an Ontario terminal and one outside to be assigned to Ontario in the proportion of the Ontario mileage to the mileage of whole haul.

Receipts from traffic passing through the Province to be assigned to Ontario in the proportion of the Ontario mileage to the whole haul, in which case some allowance might be made for terminal charges.

Board of Taxation.

As to the most efficient method for administering a Provincial system of corporate taxation, whatever basis of taxation might be adopted, there is an almost unanimous conviction alike in the United States and Britain as also in Canada that a Provincial board of say three persons, only part of whose time would be required, however, for their duties, with a permanent secretary with assistants for clerical and statistical details. To such a board should be assigned the duties of prescribing forms of schedules, verifying returns, determining the proper proportion assignable to the Province where corporations extend beyond the boundaries, supervising and adjusting the assessment and taxation of corporations as between municipal and Provincial authorities (which assumes that municipalities retain the right to tax local real estate), and generally to supervise the administration of the taxation of corporations.

Express Companies, Too.

Inasmuch as the business of telegraph, express and sleeping car companies is so intimately associated with railroad corporations, especially in Canada, and inasmuch as electrical railways are not furnishing urban service but are extending throughout the country in competition with the regular steam railroads, and are likely to be indefinitely extended in the future, it would be advisable to treat these corporations, and doubtless several others, on the same basis as the railroads, and to apply to them a tax on gross receipts, with rates adjusted to their ability to pay.

Clatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

RURAL MAIL DELIVERY.

Canadian Postal Officials on Visit of Inquiry at Washington.

Washington, D. C., April 8.—Rural free delivery mail service has attracted notice in Canada and Canadian postal officials are now conducting an investigation with a view to determining whether such a service can be put into effective operation in that country.

W. Smith, of Ottawa, secretary of the Postoffice Department of Canada, and George Ross, of Toronto, general postoffice superintendent, were at the postoffice department yesterday, after information concerning rural free delivery.

The chief difficulty in the way of establishing rural free delivery service in Canada, it is understood, is that the rural districts except in a comparatively few instances, are so sparsely populated that the returns from the service would not be proportionate to the expense of maintenance.

Bristol for Centre Toronto.

Toronto, April 8.—Edmund Bristol, by the unanimous vote of the delegates assembled in convention at Victoria Hall last night, was chosen the Conservative nominee for Centre Toronto, in the bye-election to be held on April 14.

Palpitation of the Heart—Nervous Prostration—Cured by Milburn's Heart and Nerve Pills.

They make weak hearts strong. They make shaky nerves firm.

Mr. Ray V. Cormier had a very trying experience while at College; but, thanks to Milburn's Heart and Nerve Pills, he has been restored to health. He tells his experience in the following letter to us:—

"Wellington Centre, P.E.I., Dec. 2nd, 1904.

"Messrs. The T. Milburn Co., Limited,

"Toronto, Ontario.

"Gentlemen,—Having been cured of a very troublesome disease, I feel it my duty to write you a few lines. I was troubled with a very great palpitation of the heart and nervous prostration. I was attacked with it at College, and could not follow up the games of the University without being overcome with faintness. I could not descend the stairs without resting halfway. I have left College, and am working in a general store, where I found your famous pills. I used three boxes, and am now completely cured; I cannot thank you enough. You may use this letter for the purpose of benefiting anyone who is suffering as I did. My home is in Rockville, N.B., but at present I am on Prince Edward Island.

"I remain, Dear sirs, RAY V. CORMIER."

Milburn's Heart and Nerve Pills, 50 cts. per box, or 3 boxes for $1.25. All dealers, or mailed on receipt of price.

FLEETS ARE GETTING NEARER

Russian Vessels Pass Singapore and Are in the China Sea.

NAVAL BATTLE EXPECTED

Ten Days is Given as the Limit Before Greatest Naval Battle Since Nelson's Victory at Trafalgar Should Occur—Rojestvensky Must Now Meet With Togo—Fighting in Manchuria.

Singapore, April 10.—Fifty-one ships of Vice-Admiral Rojestvensky's second Pacific squadron passed here Saturday. The most important fighting vessels of the squadron, including the battleships Kniaz Souvaroff, Alexander II. Borodino and Orel, with their complement of cruisers, torpedo boat destroyers, etc., did not arrive, and their whereabouts is totally unknown.

The vessels which passed Singapore were the following: Battleships—Sissoi Veliky and Oleg; cruisers, Admiral Nakhimoff, Dimitri Donskoi, Aurora, Izumrud, Jemtchug, Almas, Russ, Andayr, Furerst Bismarck, Kaiserin Maria Theresa, Kaiserin Augusta Victoria, Kaiser Friedrich, Rion, and seven torpedo boat destroyers, all sailing under the naval flag.

Under the commercial flag were the volunteer steamers Kief, Yaroslav, Tamboff, Vladimir and Orel, the Russian Navigation Co.'s steamers Meteor, Jupiter and Mercury, the East Asiatic Co.'s steamers Korea and Kaitai, the North Baltic Co.'s steamer Kniaz Gortchakoff, one salvage ship, sixteen colliers, one hospital ship and three Hamburg-American liners.

Gets News of Mukden.

The fleet did not stop to receive despatches or to consult with the consul. Subsequently the consul visited Vice-Admiral Rojestvensky's ship, talking to him from a launch. He did not board the vessel, but was cheered heartily on leaving the side of the ship. The consul gave to the fleet the first news of the fall of Mukden. The vessels are burning soft coal.

Steaming at the rate of eight knots an hour, it took 55 minutes for the whole fleet to pass a given point. It was very evident that the ships' hulls were exceedingly foul. Long grass streamed from them, and the vessels seemed unfit for fast manoeuvring.

Rejoicing in St. Petersburg.

St. Petersburg, April 10.—There was great rejoicing Saturday night at the Admiralty, yacht and other naval clubs over the fact that Vice-Admiral Rojestvensky had successfully navigated the gateway of the China Sea without encountering the Japanese.

Although there is some talk of a possibility of Vice-Admiral Rojestvensky now putting it at Saignon, Cochin China, it is not believed that further advantage of French neutrality will be taken unless he is forced to do so because of the condition of some of his ships.

At the rate the Russian squadron steamed from Madagascar, which averaged eight knots an hour, the greatest naval battle since Nelson's victory at Trafalgar should occur in about ten days. The Admiralty realizes that Rojestvensky faces great odds.

Between Two Fires.

There is reason to believe that Vice-Admiral Rojestvensky's entrance into the China Sea has been followed by orders for the cruisers Gromoboi, Rossia and Bogatyr, which have been ready for some time at Vladivostock, to put to sea. Their appearance outside the roadstead of Vladivostock would constitute a potential threat against Admiral Togo's rear, which will compel the retention in despatch of a number of heavy fighting ships to Japanese waters. Thus Admiral Togo seems to be virtually placed between two fires.

Rojestvensky Trapped.

Chicago, April 10.—The Tribune publishes the following London cable.

British naval officers declare Rojestvensky is trapped. They do not believe that the Russian admiral can elude Togo and escape even to the friendly French harbor at Saignon without a battle. It is believed that even should Rojestvensky gain the harbor at Saignon, Togo will not hesitate to disregard the laws of neutrality, but give battle even in French territorial waters. Once in the China Sea Rojestvensky will have to fight.

Togo Patrolling China Straits.

London, April 10.—A despatch to The Express, from Batavia, Java, says: "Chinese junks report the Japanese warships are patrolling all the straits leading to the Chinese seas. They steam without lights at night.

"The British warships Glory, Sutlej and Ipheigenia, at Hong Kong, have been suddenly ordered to proceed south at full speed."

Strike in the Shipyards.

Astrakan, European Russia, April 10.—The workmen in the large shipyard here have struck. The shipwrights throughout the Volga region are extremely discontented, and a general strike is almost certain when navigation opens.

BATTLE APRIL 7.

Linevitch Reports to Czar that Japs Lost Heavily.

St. Petersburg, April 10.—A despatch from Gen. Linevitch to the Emperor, under Saturday's date, says:

"The battle at Tsintsatun, April 7, lasted twelve hours. The enemy's losses were heavy from our artillery and rifle fire. Our casualties were: Killed—Capt. Prince Massalsky and four Cossacks; wounded—two officers and thirty-four Cossacks.

"On April 5 our outposts, after a fusillade, pushed back the Japanese outposts to Taipilin.

"Our infantry the same day occupied the Villages of Koukouseki after dislodging the enemy. The Japanese retreated precipitately."

Enemy's Losses Over 60.

Tokio, April 10.—The following report has been received from the Manchurian army headquarters:

"April 5, at 2 o'clock in the afternoon, one battalion of the enemy's infantry and six companies of cavalry came and attacked Tsuiushu, 30 miles north of Changtu.

"They were repulsed. On the following day 25 companies of the enemy's cavalry with several guns renewed the attack. They were again repulsed.

"The main force of the assailants retreated toward Paminchong. A portion stopped near Charoyo, three miles north of Tsuiushu.

"The enemy's loss, judging from the corpses left behind and from the number of carts carrying wounded and killed, were over 60."

25,000 Prisoners To Be Returned.

St. Petersburg, April 10.—It was reported here last night that the Government had been informed that Japan intends to release 25,000 prisoners of war who are incapacitated for further fighting and that some of them would be sent home by way of Shanghai.

Strong Partnership

When in need of liquid oxygen for the speedy removal of any internal germs, ask your druggist for the "solution of Ozone (the coupon kind)". With each bottle is given free a package of "Celery King" a popular tonic laxative needed to cleanse the system after the stringent effect of the concentrated Ozone. We have the sole right to manufacture "Celery King" and thus are able to include with every bottle of "Solution of Ozone" a coupon good for a free package of the famous laxative which is essential to the best results in the use of Ozone. Both products manufactured by the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE, Druggist. 7

SOMETHING EVERY WOMAN SHOULD KNOW.

Are You the One Woman Neglecting a Mother's or a Wife's Duty, or Are There Countless Thousands.

Many women formerly full of robust vigor, with clear complexions and bright, vivacious spirits find themselves slowly losing their good looks and strength, fading under the influence of an unknown cause, ignorant of their real condition. Just when a woman should be at her best she becomes depressed, fretful, nervous. And why? You ask. She has been so busy planning, has been so absorbed with her social duties, her work has been so continuous, that she scarcely allowed herself a moment's relaxation. She has neglected her health and, where her food formerly seemed to nourish, now she has but little appetite and even what she does eat does not seem to do any good. If you should ask her what the trouble is, she would say, "I am just tired out." But the real cause is constipation and its resulting condition—bad blood. Just think what habitual neglect of the bowels means, sickness instead of good health; nervousness instead of vigor; cheerfulness replaced by depression, happiness by misery. A week's use of Smith's Pineapple and Butternut Pills in these cases will work wonders. They will regulate the functions of the liver and bowels, immediately unload the congestion, cure the constipation and cleanse the blood of impurities. It is pitiable to see women with no color in their cheeks, without ambition, always tired, with the exuberance and vivacity of youth sapped as by some dreaded vampire, just because nature has been neglected, the bowels have become sluggish and poisonous elements have been absorbed into the blood. Keep the bowels regular by using Smith's Pineapple and Butternut Pills. Never allow constipation or a torpid liver to develop. A stitch in time will save mountains of misery, of bad feelings and depression. These little pills are wonderful health givers. They are Nature's true laxative and a positive cure for sick headache, constipation and biliousness in one night. 25 cents at all dealers.

All genuine signed W. F. Smith.

CHAPTER XIII.

IT was dawn before we were abed, but I for one had no sleep, being strained to such a pitch of rapture and pain by what I had discovered. The will I had not to take the joy which I seemed to see before me like some brimming cup of the gods, but not yet, in the first surprise of knowing it offered me, the will to avoid the looking upon it and the tasting of it in dreams. Over and over I said to myself, and every time with a new strengthening of resolution, that Mary Cavendish should not love me, and that in some way I would force her to obey me in that as in other things, never doubting that I could do so.

Well I knew that she could not wed a convict, nor could I clear myself unless at the expense of her sister Catherine, and sure I was that she would not purchase love itself at such a cost as that. There remained nothing but to turn her fancy from me, and that seemed to me an easy task, she being but a child and having, I reasoned, but little more than a childish first love for me, which, as

Harry leading his horse to Madam Cavendish's great doorway

every one knows, doth readily burn itself out by its excess of wick and lack of substantial fuel. And yet, as I lay on my bed with the red dawn at the windows and the birds calling outside and the scent of the opening blossoms entering invisible, such pangs of joy and ecstasy beyond anything which I had ever known on earth overwhelmed me that I could not resist them.

Knowing well that in the end I should prove my strength, for the time I gave myself to that advance of man before the spur of love which I doubt not is after the same fashion as the unfolding of the flowers in the spring and the nesting of the birds and the movement of the world itself from season to season, and would be as uncontrollable were it not that a man she had, as was well known, gone mad with zeal in the cause of Nathaniel Bacon and had furnished him with money, and would herself have fought for him had she been allowed. But Bacon, though no doubt with gratitude for her help, had, as I believe is the usual case with brave men when set about with adoring women, but little liking for her. It was, in faith, a curious sight she presented as she entered that hall of Barry Upper Branch with the men rising and bowing low and the other women eying her, half with defiant glares as of respectability on the defense and half with admiration and comradeship, for she was to the far front in this rebellion as in the other. Madam Story was a woman so tall that she exceeded the height of many a man, and she was clad in black and crowned with a great hat feathered with sable like a hearse, and her skin was of a whiteness more dazzling against the black than any color. Her face had been handsome had it not been so elongated and strained out of its proper lines of beauty, and her forehead was of a wonderful height, a smooth expanse between bunches of black curls, and in the midst was set that curious patch which she had worn ever since Bacon's untimely death, it being, as I live, nothing more nor less than a mourning coach and four horses, cut so cunningly out of black paper that it was a marvel of skill.

She stared with scorn at the one black woman approaching her with the silver tray, then she turned and stared at Nick Barry, sitting half overcome with drink, lolling against the other. He cast a look of utter sheepishness at her and then straightened himself and rose like the other men, and Dick Barry motioned to both of the black women to withdraw, which they did, slinking out darkly, both with a fine rustle of silks.

Then Madam Story saluted the other women, though somewhat stiffly, and Dick Barry, who was never lacking in a certain gloomy dignity, though they said him to be the worse of the two brothers, stepped forward. "Madam," he said, "I pray you to be seated." With that he led her with a courtly air to a great carved chair in which his father had been used to sit, and she therein, somewhat mollified, her black length doubled on itself, and that mourning coach on her forehead, was a wonderful sight.

Then arrived Major Robert Beverly and another notable man, one of the burgesses, whose name I do to this day conceal in consequence of a vow to that effect, and then two more. Then Major Beverly, who was in fact running greater risks than almost any, inasmuch as he was clerk of the assembly and was betraying more of trust, after he had saluted Madam Story conferred privately with Dick Barry and my Lord Estes and Parson Downs, with this effect.

Dick Barry, with such a show of gallantry and seriousness as never was, prevailed upon the three ladies to forgive him his discourtesy, but hinted broadly that in an enterprise fraught with so much danger it were best that none but the ruder sex should confer together, and they departed, Mistress Longman enjoining upon her husband to remain and deport himself like a man of spirit, and Mistress Allgood whispering with a sharp hiss into her good man's alarmed ear, he nodding the while in token of assent.

But Madam Tabitha Story paused on the threshold ere she departed, standing back on her heels with a marvelous dignity and waving one long, black draped arm. "Gentlemen of Virginia," said she in a voice of such solemnity as I had never heard excelled, "I beseech you to remember the example which that hero who has departed set you. I beseech you to form your proceedings after the fashion of those of the immortal Bacon, and remember that if the time comes when a woman's arm is needed to strike for freedom, here is one at your service, while the heart which moves it beats true to liberty and the great dead."

Nick Barry was chuckling in a maudlin fashion when the door closed behind her, and Parson Downs' great face was curving upward with smiles like a wet new moon, but the rest were sober enough in spite of some overindulgence, for in truth it was a grave matter which they had met to decide and might mean the loss of life and liberty to one and all.

Major Robert Beverly turned sharply upon me as soon as the women were gone and accosted me civilly enough, though the memory of my convict estate was in his tone. "Master Wingfield," said he, "may I inquire"—"Sir," I replied, for I had so made up my mind, "I am with you in the cause, and will so swear if my oath be considered of sufficient moment."

I know not how proudly and bitterly I said that last, but Major Beverly looked at me, and a kindly look came into his eyes. "Master Wingfield," he said, "the word of any English gentleman is sufficient." And I could have blessed him for it and have ever since had remorse for my taking advantage of his dark closet of an old love for the hiding of the secret of the ammunition.

Then as we sat there in a blue cloud of tobacco smoke, through which the green bayberry candles gleamed faintly and which they could not overcome with their aromatic breath of burning, the plot for the rooting up of the young crop was discussed in all its bearings.

I wondered somewhat to see Major Beverly and still others of the burgesses who presently arrived placing their lives in jeopardy with men of such standing as some present. But a common cause makes common confidence, and it might well have been, hang one, hang all. Major Robert Beverly spoke at some length, and his speech was, according to my mind, both wise and discreet, though probably somewhat inflamed by his own circumstances.

The greatest store of tobacco of any one in the colony had Major Robert Beverly, and a fair young wife who loved that which the proceeds could buy. And as he spoke there was a great uproar outside and the tramp of horses and jingle of swords and spurs, and a whole troop of horse came riding into the grounds of Barry Upper Branch. And some of those in the hall turned pale and looked about for an exit and some grasped their swords and some laughed knowingly, and Major Beverly strode to the door and behind him Parson Downs and Captain Noel Jaynes and the Barry brothers and some others, and I, pressing close, and there was a half whispered conference between Major Beverly and the leader of the horse. Then Major Beverly turned to us.

"Gentlemen," he said, "I am assured that in case of arising we have naught

Drinking treason to the king and success to the rebels

to fear from the militia, who are, in like case with the other sufferers from the proceedings of the government, being about to be disbanded in arrears of their pay. Gentlemen, I am assured by Captain Thomas Marvyn that his men are with us in heart and purpose, and though they may not help unless the worse come to the worse, they will not hinder."

Then such a cheer went up from the conspirators in the hall of Barry Upper Branch, and the troop of horse outside, as it seemed, might have been heard across the sea which divided us from that tyranny which ruled us, and Nick Barry shouted to some of his black slaves, and presently every man of the soldiers was drinking cider made from the apples of Virginia, and with it treason to the king and success to the rebels.

(To be Continued.)

400 GURKHAS WERE KILLED.

20 to 30 Per Cent. of Natives Killed in Dharmsala District.

THE EARTHQUAKE'S VICTIMS

Gurkhas' Deaths Due to the Collapse of the Stone-Built British Barracks —Three Missionaries Killed and Number of European Children Perish—Towns Razed to the Ground.

Calcutta, April 7.—It now appears that 400 members of the 7th Gurkhas were killed at the Dharmsala cantonment by the collapse of a stone barrack building in consequence of the recent earthquake. In addition twenty members of the first battalion and fifty members of the second battalion of the 1st Gurkhas were killed, while it is roughly calculated that from twenty to thirty per cent. of the native population of the surrounding villages were killed. In addition to the Europeans already reported killed at Dharmsala, seven children of Europeans are said to have perished.

The Kangra Valley is believed to have been devastated, and it is reported that the Town of Kangra was razed to ruins with great loss of life. No confirmation is obtainable as the telegraph station at Kangra is wrecked.

Kangra is a town in the Punjab, ninety miles northeast of Amritsar. It is situated on both sides of a hill overlooking the Banganga torrent. The population numbers about 5500, mostly Hindoos.

A private telegram received here says the whole Town of Palampur has been leveled to the ground, and that not a single building is left standing. This announcement has not been confirmed up to the present. Palampur is a town of the Punjab and has about 5000 inhabitants. It is situated in the Kangra district, and is the centre of tea plantations of the Palam Valley.

How Gurkhas Died.

Telegraphic communication has not yet been restored and the anxiety of the public to learn the details of the terrible catastrophe in outlying districts is becoming intense, it being feared that news of further disasters will come from the places not yet heard from.

There is little doubt that when the complete extent of the disaster is known the death roll will reach into the thousands. As an indication of the tremendous force of the shock the exceptionally solid new court house at Dharmsala was destroyed. Refugees from Dharmsala have arrived at Lahore in a condition of mental collapse and unable to give any coherent story.

The disaster to the Gurkhas was due to the sudden collapse of the stone built British barracks. The men had only just reached the station and other troops ordered there fortunately had not arrived.

The road to Dharmsala, a mere cut or shelf on the mountain slope, has crumbled away and one of the bridges over the river has collapsed, hence the difficulty of restoring communication.

According to one report, about 300 Gurkhas were extricated alive from the ruins of the barracks, but many were so terribly crushed that there is little hope that they can survive.

Three Missionaries Killed.

London, April 7.—A telegram received by the Church Missionary Society in London from Lahore, India, reports that three of the society's representatives at Kangra, the Rev. H. P. Rowland, Mrs. Daueble and Miss Lorbeer, were killed by the fall of the mission house there during the recent earthquake.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such dsprate chances when Chamberlain's Cough Remedy, famous for its cures of colds can be had for a trifle? For sale by all druggists.

J. X. Perrault Dead.

Montreal, April 8.—Joseph Xavier Perrault, one of the best known French-Canadians of the country, died here yesterday after a long illness. Mr. Perrault was commissioner to the French Exposition, and formerly represented Richelieu in the House of Commons.

Old Vesselman's Death.

London, April 8.—(C. A. P.)—Captain James Bucknell Atkins died recently. He commanded the first direct Canadian mail steamship, Ottawa.

PAINE'S CELERY COMPOUND

BAD STOMACH MAKES BAD BLOOD.
You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.
"About a year ago I was ill with blood poisoning," writes Miss Evaline Louis, of 18 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."
Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.
$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in paper covers, or 10 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

Forward all tenders to

MR. JOHN CORKERY,
Secretary Separate School Board

MISS WILHELMINA GUMPRICHT

Associate Toronto Conservatory of Music)

Teacher of Piano Forte and Theory of Music.

Pupils prepared for Conservatory of Music examinations.
Studio at Residence 58 Aylmer Street.

MEN ENTHUSIASTIC OVER DORMITORIES

Strangers' Fellowship Club Discussed New Rooms.

Dormitory Furnishing Company Was Organized—A Novel Plan.

A very enthusiastic meeting of the Strangers' Fellowship Club, of the Young Men's Christian Association, was held on Saturday evening, the subject being the part the members would take in the furnishing of the dormitory rooms of the Y.M.C.A. to be opened in the course of a few weeks. Mr. Harding presided, and Messrs. Knapman and Williamson presented the matter to the members. It was felt that every member of the Association should be given an opportunity to have a share in this work, and the proposal to organize a "Y.M.C.A. Dormitory Furnishing Company," was very heartily approved of. The plan is to issue 500 shares at 50 cents a share, and each member will have an opportunity of buying one or more and so secure the amount agreed to be raised by the young men. Each purchaser will receive a stock certificate in regular form, the dividends being a question of the future, as is usually the case with such companies.

The scheme is a novel one to be sure, but with twenty members of the Fellowship Club back of it as provisional directors, and with Mr. R. J. P. Dormer as president and general manager, and Mr. G. L. Galley as secretary, it should be a success. At the meeting on Saturday evening about $65 was pledged on this basis.

Every member of the Y.M.C.A. is asked to co-operate and do his best to make it a success in buying shares himself and in getting other members and friends to buy.

The fellowship Club will meet again on Saturday evening next to report and further arrange the work.

HEAVY PENALTY WAS IMPOSED

Fine of $20.00 and Costs Amounting to $8.70, Imposed in Watch Case.

Walter Guy appeared at the police court this morning on a charge of vagrancy. The case was enlarged until Wednesday.

Judgment in the Allen case, which was heard on Friday, was rendered by the court. The defendant, Jas. Allen, formerly proprietor of the C. P. R. Hotel, was charged with having accepted a watch in pawn from Allen Lindsay, in payment for liquor, contrary to the provisions of the Ontario License Act. He was found guilty, and a fine of $20 and costs, amounting to $8.70, imposed.

The court in summing up the evidence said that the question was largely one of credibility, as the evidence which had been adduced was of a conflicting nature. He held that Herbert, the bartender, at the Hotel, had received the watch in pawn for redemption on Monday, and that it had not been Lindsay's intentions to dispose of it. Under the conditions of the License Act, Allen, as the employer of Herbert, was responsible for the latter's actions, who was found guilty and the penalty mentioned above imposed.

LARGE MOOSE-HEAD ON EXHIBITION

Messrs. J. J. Turner & Sons Secure Beautiful Specimen from Sturgeon Falls.

A fine large mounted moose head has been placed on exhibition in Messrs. J. J. Turner & Sons' store, and is attracting much attention.

The head is beautifully set up, and is of gigantic proportions, measuring fully five feet from nose to mounting board, and about a similar distance from tip to tip of the horns.

Mr. Turner received the head from Sturgeon Falls a few days ago, where it was shot. It is open to inspection, and many visitors will doubtless avail themselves of opportunity to examine it.

When the Maid Leaves Suddenly

you will find Clark's Cooked Meats, in tins, nicer than the dinner she was going to prepare—good and wholesome.

—The funeral of the late Mrs. Joseph Mitchell took place this morning at 10:30, and the interment at Omemee.

—Mr. F. J. R. Macpherson has been awarded a contract for the lighting of the Young Women's Christian Association building.

—To-night in St. Luke's Schoolhouse, Mr. J. H. Burnham will lecture under the auspices of the Men's Guild on "Canada."

—The public are reminded that the plans for the Dante lectures by Prof. Clarke are open at Madill's and Macdonald's drug stores.

—On Monday night in the lecture room at St. Luke's, under the auspices of the Young Men's Guild, a lecture will be given on "Canada," by Mr. J. H. Burnham.

—The arc lights were taking a rest last night, and the church-goers had to wend their way home in the dark. The organs which depended upon electric power were also useless.

—To-morrow night in Grace church a special evangelistic service will be held, and as a consequence the holiness meeting announced for the George street church, has been postponed.

—Last night in the Charlotte street church, Miss Gertrude Kendry sang with splendid effect "There is a Green Hill Far Away." Miss Kendry was in excellent voice, and her solo was much appreciated.

—Mr. Geo. Maitland left for Port Hope this morning with a gang of men to complete several large orders taken by Joseph H. Symons, representing the Peterborough Cement Roofing Company, Limited, of Durham county.

—Four hundred boys from the Barnardo Home, ages ranging from eight to eighteen, sailed for Canada on March 31st. Before leaving London, they sang the "Glory Song" and were addressed by Mr. Alexander of the Torray-Alexander Mission. Miss Mamie V. Clark will sing the "Glory Song" at Park Street revival tonight.

—Fresh maple syrup just arrived. Many of my customers will remember the superior quality of it last year, of which I sold great quantities, some of the best Peterborough people buying it. Orders are being placed now for summer use, five-gallon cans, etc. All kinds of vegetables, potatoes, etc., on hand. James R Bell, 161 Hunter street. 'Phone 455.

—There are — doubtless good — Christian persons who do not believe in a personal devil. What kind of an evil spirit was it then which prompted the smashing of a stove on Hunter street a few nights ago A fine coal stove had been lifted from Clancy's hotel, and set on the walk next to the wall, awaiting removal next day. During the night some malicious scamp bundled the stove off the pavement on to the street, smashing it to scrap iron.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

New Fishing Law.

St. John's, Nfld., April 10.—Premier Bond has moved in the Legislature for the adoption of a new bill against American fishing vessels. It provides that if an American fishing vessel is found within three miles of the coast of Newfoundland, with bait, supplies or outfits purchased within any port in the island, the equipment, stores and cargo shall be forfeited. It is also provided that the task of proving that the bait, supplies or outfits were not purchased in violation of this act will rest upon the owners of the vessels.

While Walking, Dies.

Dundas, April 10.—Saturday Dundas lost one of her old respected citizens in the person of James Scott. While walking down King street, he was taken with a fainting spell and expired almost immediately. He was 75 years of age, and is survived by his wife, one son in the States, and two step-daughters, in Stratford.

Relieves Tension.

Paris, April 10.—The tension between France and Germany over Morocco continues to be the burning question of the day, but it has been much relieved by the reassuring statements which Foreign Minister Delcasse made in the Chamber of Deputies Friday.

Pure, New Maple Syrup.

NEW OPERA HOUSE IN PROSPECT

Plan to Elicit an Expression of Public Feeling Towards New Opera House

A Guaranteed List to be Circulated Among Citizens—One Thousand Guaranteed Seats for Opening Performance in New Opera House, will Warrant the Promoters in Proceeding With the Work.

Mr. Walter Stocker is visiting our citizens with a guarantee subscription list, pre-empting seats for the opening performance in the new opera house proposed to be built in Peterborough this coming summer, in readiness for next season's attractions.

If the people respond to the appeal in a manner to show their sympathy with the new enterprise, the work will certainly go on. Those behind the undertaking find that if the people show the encouragement represented by subscribing for 1,000 seats for the opening performance, they will be warranted in going forward with the work. It goes without saying that the first performance will be of the highest possible character, because it will go far to establish the claims of the new opera house to future patronage.

Change for French Grammar.

Paris, April 10.—That little list of seven nouns found in every French grammar adding "x" to form the plural—bijou, chou, caillou, pou, joujou, hibou, napajou—will be abolished in future editions, the French Academy having decided that these words shall form their plural in the ordinary way, by the addition of an "s."

Fire at Brantford.

Brantford, April 10.—At an early hour yesterday fire broke out at the power house of the Brantford Street Railway Co., as the result of a live wire. A quantity of supplies were burned. The loss will reach $1,000.

MARRIED.

CAREW—LUSH.—At Winnipeg, Man., on Saturday, March 26th; 1905, by the Rev. Mr. Bowles, of Grace Methodist Church, Sarah J. Lush, of Peterborough, to David L. Carew, of Winnipeg.

HE MEANS SCOTT'S

Your doctor says you must take cod liver oil. Probably he means Scott's Emulsion because you cannot take the clear oil; no one can take the clear oil who needs cod liver oil. The doctor understands that and doubtless means Scott's Emulsion of cod liver oil which everybody can take because it is emulsified and prepared so that it can be very easily digested by the most sensitive stomach. Most everybody likes it.

We'll send you a sample free.

"THE DAYLIGHT STORE"

SMART DRESSERS

Young men are as a general thing the smartest dressers.

The up-to-the-moment young man is a sort of a lexicon of clothes style, and correctness. He knows what's what and gets it.

But good fit, the newest colours, patterns, etc. aren't enough; for unless that snappy, jaunty appearance characteristic of our excellent Tailor Made Clothing is there, it is not what the young man wants. Our success in pleasing young men is not just "luck". It's due to our knowledge of what the young man wants and **our ability to provide it for him.**

Our spring stock is now complete and prices always reasonable. Did you ever notice how many young men come here for their clothes? There's a reason for it.

ADMIRAL TOGO LOSES FIVE SHIPS

Rumours of Naval Battles Which are Disbelieved--Sighted Russian Fleet--British Steamers Report--The Knight Templar in from Saigon, Brings the News That Vice-Admiral Rojestvensky is Not Placed With Four Battleships as Passing Singapore.

Chicago, April 11.—A special from Hong Kong to The Chicago Daily News says:—It is reported here that two sections of the rival fleets clashed near Singapore this morning and that Togo lost five vessels. The rumor is not given much credence.

Rojestvensky Is Not Placed.

Labuan, British Borneo, April 11.—The British ship Knight Templar, in yesterday from Saigon, in French Indo-China, brings startling news of the Russian fleet. It would seem from the authentic story of Capt. Williams, confirmed by several of the ship's officers, that the Russian warships which passed through the Straits of Malacca on Saturday were not in command of Admiral Rojestvensky, and that, as a matter of fact, his four great battleships and several of his cruisers were not in the squadron. The Knight Templar sailed within a few miles of the fleet on Saturday evening, and there is now no doubt that the Russian ships, numbering 51 in all, are the second division, under Volkersam, which met Rojestvensky off Madagascar in January and sailed from the eastern coast with him in the second week of March.

This makes it clear that while Rojestvensky may not be far away, the four modern battleships with their attendant cruisers, torpedo boats and supply ships did not pass through the Malacca Straits on Saturday, as was supposed. He is probably coming through the Sunda Straits, between the Islands of Java and Sumatra, and, as he has four first-class ships, has nothing to fear at present from the cruiser division of the Japanese fleet.

No Doubt of Division.

There can be no doubt that the fleet is divided. Capt. Williams and all others on the Knight Templar had a complete view of the 51 vessels in the war fleet.

Only one battleship was in the squadron met by the Knight Templar, and she was plainly made out as the Sissoi Veliky, flying a vice-admiral's flag.

It is the general belief here that they are coming through the Sunda Straits, and may not be reported until they reach either Saigon or the port selected by the command admiral for a reunion of his fleet.

Togo in Touch.

The Japanese protected cruisers Kasagi and Takasago were in the offing Sunday with the torpedo boats Hato and Tsubame. All this section of the China Sea is patrolled by the Japanese scout ships, several of which have 22 knots' speed. On Thursday last the Japanese cruiser Akitsushima and the Tokiwa were at Sarawak, across the sea from Singapore. It is the belief here that Admiral Togo's battleships and main squadron of cruisers are off the Island of Formosa. His flagship the Mikasa, is known to have been there on April 2. From that point they can be kept in touch hourly with the movements of the Russian squadron and can meet them at their own convenience.

Sighted Lying at Anchor.

Singapore, Straits Settlements, April 11.—The latest information in regard to the Russian squadron, commanded by Rear Admiral Enquist, which passed here Saturday afternoon, was brought here yesterday by the British steamer Gregory Apear. The latter Sunday sighted the Russian ships twenty miles northeast of Mankl, one of the islands of the Anambas group, about 150 miles north northeast of Singapore. The Russians were at anchor.

How Tokio Views It.

Tokio, April 11.—Vice-Admiral Rojestvensky's second Pacific squadron has not been reported here since it passed Singapore. It is quite generally assumed that he does not desire an immediate battle, and that he will attempt to reach Vladivostock, where there are docks and shops, or seize a base. The latter course is deemed unsatisfactory on account of poor facilities and the danger of political facilications. Many believe that the Russian naval commander has a second rendezvous in the Pacific Ocean, and that he will speedily quit the China Sea and go eastward of the Philippines. If Vladivostock is his objective, the Pacific is considered to be more favorable for the accomplishment of his purpose.

St. Petersburg Hears Rumors.

St. Petersburg, April 11.—Russia's information regarding Rojestvensky's fleet, its location, destination and intentions is based on foreign despatches, which are all too meagre to prevent a quick-ripening crop of rumors. According to one of these the adverse fleets have already joined battle. Others of these despatches are attempting locate variously the battleship division of the squadron.

Cowardly Officers Disgraced.

Gunshu Pass (100 miles north of Tie Pass), Manchuria, April 11.—Gen. Linevitch has pilloried a number of officers who displayed cowardice during the battle of Mukden, publicly disgracing them by posting their names at all division headquarters, while some of them were ignominiously driven out of the camp.

Want Church to Give for War.

St. Petersburg, April 11.—It is stated that the Emperor's proposal to appoint a patriarch, which appointment would subordinate the power of the procurator of the Holy Synod, M. Pobiedonostseff, carries with it the condition that the church supply large funds to continue the war.

Blew Up Czar's Picture.

St. Petersburg, April 11.—During morning prayers yesterday at the high school of Romny, Government of Poltava, a portrait of Emperor Nicholas was destroyed by an explosive which was let off behind the picture. Four pupils were injured.

British Subject Stabbed.

Lods, Russian Poland, April 11.—James Ratcliffe (a British subject and manager of Pomaukiis cotton mills), was stabbed yesterday morning while returning from a mass celebrated to commemorate the end of the strike. His assailant escaped. Two workmen were found stabbed to death yesterday. It is supposed they were non-strikers.

Fired Nine Shots; All Missed.

St. Petersburg, April 11.—Nine shots were fired at the Governor of the prison at Libau last night as he was returning to his residence outside the town. The Governor was not hurt. His assailants escaped.

Woman to Kill the Empress.

New York, April 11.—A St. Petersburg despatch to The Herald says:

"One of the women recently arrested with a number of other persons on suspicion of being concerned in the revolutionary conspiracy inhabited a villa at Tsarskoe-Selo and there lived a luxurious life, keeping several carriages and horses. A quantity of explosives was found in her house. Among them was a bomb which, according to documents discovered by the police, was to be thrown at the Dowager Empress when she went to the hospital, which she constantly visits. This bomb was to be thrown from a carriage.

Mr. Steddart Improves.

Galt, April 11.—There is practically no change in the critical condition of J. M. Steddart, the veteran actor. He continues to hold his own, however, and the members of the family are beginning to take hope.

Like a State Funeral.

Montreal, April 11.—The funeral of the late J. X. Perrault, president of the St. Jean Baptiste Society, was so imposing that it resembled a state funeral.

HAS TURNED THE CORNER.

Trade Revival in Britain But Not Wholly Satisfactory.

A SURPLUS IS ANNOUNCED

Austen Chamberlain Delivers Budget Speech—Extra Duty Will Be Taken Off Tea—No Reduction in the Income Tax—Not So Much Money Spent in Public Houses.

London, April 11.—Budget day attracted a large crowd of members of Parliament and visitors to the House of Commons yesterday, and when the Chancellor of the Exchequer, Austen Chamberlain, rose to make his annual statement, the House was well filled in all parts.

At the outset, Mr. Chamberlain put his hearers in a good humor by announcing that the revenue of the year just closed exceeded his estimate by nearly $15,000,000, showing that the trade of the country has turned the corner, and whereas a year ago there was a heavy deficit there had now been established something more than equilibrium between the revenue and expenditure.

Although 1904 began badly, a bountiful crop of cotton had revived the Lancashire industries, ship-building showed signs of recovery, and the iron and steel industries had slightly improved. Nevertheless, while the country was on the path of moderate but steady recovery it could not be said that 1904-5 had been wholly satisfactory from the viewpoint of commerce and finance. There had been much pauperism and distress.

Cheering for Blue Ribboners.

In analyzing the items of revenue, the Chancellor of the Exchequer said the sugar duty promised to prove an expanding revenue, and tea fell short of the estimates, mostly during the last quarter of the year, so perhaps this was attributable to holding shipments on the chance of a reduction in the duty. The exports of coal marked a record, but the decline in the excise duties on spirits which commenced in 1900 continued. The consumption of beer and spirits was less in 1904 than in any of the preceding fifteen years.

"In fact," said Mr. Chamberlain, "the habits of the people are changing, and this must be taken into account in considering the financial situation. The majority of the people are finding other employment for the money they used to spend in public houses. Outdoor recreation and excursions are becoming more popular."

Expenditure Below Estimates.

Turning to the expenditure of 1904-5, Mr. Chamberlain said it had been below the estimates and the actual realized surplus for the year was $7,070,000. The national debt had been reduced $37,790,000, and at the close of the year stood at $6,775,360,000.

Dealing with the finances of the year, Mr. Chamberlain estimated the expenditure for 1905-6 at $705,140,000, and the revenue on the existing basis of taxation at $720,020,000, leaving a surplus of $14,880,000. The surplus at his disposal from last year, Mr. Chamberlain said, was small, but he had no doubt regarding what had the first claim on the country's resources.

The first thing to do was to restore the national credit. He proposed that $5,000,000 should be added to the fixed debt charge to create a sinking fund for $50,000,000 in treasury bonds falling due in December, and which he proposed to re-issue as new bonds for ten years, with the condition that one-tenth be drawn and repaid each year. This disposed of $5,000,000 of his surplus.

Contribution From Transvaal.

Incidentally the Chancellor of the Exchequer said he hoped that the first instalment of the $150,000,000 of the war contribution promised by the Transvaal would be available in 1906. In the meanwhile repayments from the Transvaal on account of railroad works and sales of stores, together with the sinking fund at the Government's disposal, would wipe out $30,000,000 of the treasury bonds out of the $74,000,000 due in December. He had already stated how he proposed to deal with the remaining $50,000,000.

Cannot Help Income Taxpayer.

The new recommendation of the Chancellor of the Exchequer were dismissed in a few words. Mr. Chamberlain regretted he was unable to relieve the income taxpayer as the cost of reducing the tax by two cents would be $11,100,000, and he had not the necessary money. He proposed to take off July 1 the extra duty of four cents per pound put on tea last year, which would absorb $7,750,000; to clear away the remainder of the customs warehousing charges, which were an annoyance to traders without substantially increasing the revenue, and to abolish certain small stamp duties, leaving $2,110,000 to meet contingencies.

Sir Henry Campbell-Bannerman, the Liberal leader in the House, congratulated Mr. Chamberlain on the clearness of his statement and his provisions in regard to the national debt.

Balfour Called Wrecker.

London, April 11.—Premier Balfour came in for considerable criticism at the first banquet of the Unionist Free Trade Club held last night at the Cecil Hotel, when the Duke of Devonshire proposed success to the cause of free trade.

He blamed the Premier for not making any direct statement of his policy. The only object of Mr. Chamberlain's with which he could sympathize was that to strengthen the bonds of the Empire. He feared, however, the effect would be the reverse.

Viscount Goschen denounced Mr. Balfour's policy of evasion with regard to the fiscal question in the House of Commons. They might blame the leader who wrecked his party, but still greater condemnation would be passed on the leader who wrecked the reputation of the House of Commons.

MILLION JAPS IN MANCHURIA

Island Empire Sending Strong Reinforcements.

700,000 Men on the Fighting Line—Oyama's Forces Strengthened

(Special to the Examiner.)

Tokio, April 11.—Japan is preparing to send strong reinforcements to Manchuria to strengthen Field Marshall Oyamas' forces. It is expected that by Autumn Japan will have one million men in Manchuria including fully 700,000 men on the fighting line.

SMALLPOX AT PEMBROKE, ONT.

Rush Order for Hospital Tent Received by Local Firm.

There is evidently an epidemic of small-pox in Pembroke. Last night Messrs. J. J. Turner & Sons received a rush order for a double hospital tent 15 x 30 feet, and in filling the order a record was probably established, for the tent was made, complete, and shipped last night by the mid-night, to Pembroke.

This is but another instance of the despatch with which this firm fills its orders.

BATHING SEASON HAS OPENED

Former Peterborough Man Takes a Swim in Lake Ontario.

The Toronto Star of yesterday tells of the first plunge into Lake Ontario's chilly waters of the first bather for the season in the person of Mr. H. F. Strickland, well known in Peterborough. The Star says:—

Mr. H. F. Strickland, the well known electrical engineer, who is always the last bather of the season in Toronto and the first in the spring, opened the season at Balmy Beach yesterday with a little run and a plunge in the lake.

He told the Star to-day that "the water was cold enough to suit the most fastidious man on earth."

HORSE STEALING CASE IN COURT

Case Against Thomas J. Miles, of Lindsay, Heard This Morning.

Charged With Having Stolen Horse and Buggy From Liveryman of that Place—Judgment Reserved.

The case of Thomas J. Miles, charged with having stolen a horse and buggy from Abel Warren, a Lindsay liveryman, was heard this morning at Police Court. The prisoner elected to be tried summarily.

The first witness called was Abel Warren liveryman of Lindsay, who testified to having hired horse and buggy to prisoner at about nine o'clock yesterday morning, the latter stating that his intention was to drive three or four miles into the country to secure his clothes and that he would return about noon. The first intimation he had received of the whereabouts of Miles was a telephone message from Chief Rorzel about two o'clock asking for information. He gave a description of the animal which resulted in its identification.

Mr. Alex. Lang, of Springville, next testified stating that prisoner had driven to his farm and had aroused his suspicions by the manner in which he acted. He stated to Mr. Lang that he wished to get to Little York and as he was "broke" he would dispose of the horse and buggy, saying that he had previously offered the outfit for $40.00. On inquiry by Mr. Lang he offered to leave them with him for a ticket to York and $1.00 additional. He also made another still more generous offer to the effect that if he could secure some money he would give time for balance. Witness had dispatched his brother to telephone to Chief Rorzel. P. C. McGinty was at once sent down and prisoner was placed under arrest and sent to town.

The prisoner, Miles, in testifying, admitted the untruthfulness of many of his statements made to Warren, and to Lang, yesterday. He had untruthfully told Warren that he wished to get the horse for his brother, doing so because he thought the latter would not hire it to him. His intention was to drive to Peterborough to secure the sum of $13 from a man named Jackson, who, he claimed, owed him this amount, it being the balance of a loan last spring. He had no money to buy a railway ticket. In wending this way to Peterborough he strayed from the "straight and narrow" path as far as Springville, and stopped at Lang's to make inquiry as to the road. His statements to Lang were almost wholly untrue, but as he had stated in a moment of abstraction that he would sell the "outfit" he had to "make good" in order that he would not "make a liar of himself". He had no intention of disposing of the horse. An inquiry elicited the information that he had been confined for a term of one month in gaol in Toronto.

The Court reserved judgment in the case until further information may be secured.

The case against a man named Jacks on an information laid by Nicholas Renzetti was not proceeded with. Renzetti claims that he was made the object of abusive epithets in the bar-room of a local hotel, but the information, it appears, as laid, it appears, was incorrect.

DISSAPPEARANCE NOT UNUSUAL

Boy Who Left Home on Sunday has Been Away Before.

It has been explained to the Examiner that the boy mentioned in yesterday's issue as having disappeared on Sunday and who because of that fact was suspected of having been connected with the theft from Mr. Geo. Laing's house on Sunday, has frequently left home suddenly before, and this fact alone is not sufficient to fasten upon him the guilt for the deed. It appears also that the loss of the money and the watch, which was not a gold timepiece, as at first stated, was not discovered until yesterday morning, so that the robbery may have been committed during the night.

OBITUARY.

Thomas Montgomery Passed Away Yesterday From Tuberculosis.

The death occurred yesterday at the residence of his brother, 309 Bethune street, of Thomas Montgomery, aged fifty-six years.

Deceased, who was a sufferer from tuberculosis, was confined to his house for about ten weeks previous to his demise. The late Mr. Montgomery was the fourth son of the late James Montgomery, and was born in Peterborough, residing here all his life. He was unmarried. Surviving members of the family are one sister, Mrs. W. C. McKee, of Seattle, Wash., and four brothers, William, of town; John, of Wahaspitae; Samuel, of Toronto, and James of town.

The funeral will leave the residence of James Montgomery, brother of the deceased, 309 Bethune street, to-morrow afternoon at 2.30 o'clock, and proceed to Little Lake Cemetery, where interment will take place. The services will be conducted by Rev. Freeman J. Scott, pastor of the Murray street Baptist Church, of which church deceased was an attendant.

—The quarterly business meeting of the Murray street Baptist church will be held to-morrow night in the Sunday School room.

NEW OPERA HOUSE IN PROSPECT

Plan to Elicit an Expression of Public Feeling Towards New Opera House

A Guaranteed List to be Circulated Among Citizens—One Thousand Guaranteed Seats for Opening Performance in New Opera House, will Warrant the Promoters in Proceeding With the Work.

Mr. Walter Stocker is visiting our citizens with a guarantee subscription list, pre-empting seats for the opening performance in the new opera house proposed to be built in Peterborough this coming summer, in readiness for next season's attractions.

If the people respond to the appeal in a manner to show their sympathy with the new enterprise, the work will certainly go on. Those behind the undertaking find that if the people show the encouragement represented by subscribing for 1,000 seats for the opening performance, they will be warranted in going forward with the work. It goes without saying that the first performance will be of the highest possible character, because it will go far to establish the claims of the new opera house to future patronage.

Prof. Gray's Lecture Before the National History Society of Montreal.

Immense Value of the Electrical Purification of Flour.

Prof. M. A. Gray, Chemist, lectured last night on "Foods and Food Products," in the National History Society rooms.

The lecture was most exhaustive and instructive, dealing with the growth of wheat, its constituents and the electrical treatment of flour. Mr. Gray remarked that but little could be said concerning the percentage of nourishment contained in the different grades of our North-Western hard wheat, as it varies from year to year.

Speaking of chemical experiment, Mr. Gray pointed out what had been done in this line in regard to wheat, during the last ten or twelve years, in the different experimental stations of the United States. It was but very recently, however, that laboratories had been established in connection with flour mills, but they have already demonstrated their utility.

As to purification of flour by electricity, the speaker remarked that it is about two years since this method was adopted, and the development has been 'wonderful.' A beautiful silvery whiteness is produced by subjecting flour to air which has been passed through a flaming electrical discharge. The flour has also, as a consequence, better keeping qualities and commands a better price. The Ogilvie Flour Mills Company, he said, was the only firm in Canada, and one of the first in America, to make use of this purifying and sterilizing process. 1dlw.

EPWORTH LEAGUE ELECTS OFFICERS

Annual Meeting of Charlotte Street League was Held.

At the annual business meeting of the Charlotte street Epworth League, held Monday night, April 10th, most encouraging reports of the last year's work were received from the Convenors of the various departments, and the following members were elected to hold office for the coming year:—

Officers.

Hon. President—Rev. W. J. Jolliffe.
President—Mr. A. S. Armstrong.
Recording Secretary—Mr. L. Tremeer.
Corresponding Secretary—Miss L. Thomas.
Treasurer—Miss F. Wilson.

Convenors.

Prayer Meeting—Mr. H. Turner.
Look-out—Miss M. Sherlock.
Missionary—Miss M. Oetlana.
Literary—Mr. J. Moore.
Social—Miss A. Stenton.
Floral—Miss C. Collins and Mrs. A. B. Cunningham.
Pianist—Miss E. Jolliffe.

—This should be a good year. It came in on a Sunday and goes out on a Sunday, consequently there will be 53 Sundays in 1905. This will keep busy the good little boy and girl who get prizes for being present at Sunday school every Sunday in the year.

MR. J. H. BURNHAM ON "CANADA"

Interesting Address Last Night at St. Luke's.

Subject Treated in a Masterly Manner—Audience Thoroughly Delighted.

An appreciative audience listened to the address on "Canada," delivered last night by Mr. J. H. Burnham, at St. Luke's School House. The speaker dealt with his extensive subject in a broad and masterly manner, his choice of treatment being particularly happy. Without entering into wearisome details, the leading historical events in Canada's eventful past were presented most graphically—the treatment combining the grace and beauty of the story-teller with the accuracy of the historian. Much information was thus pleasingly presented to the audience, who listened throughout with close attention. The chair was occupied by Mr. J. J. Turner, Jr.

The evening opened most fittingly by the singing of the "Maple Leaf," after which a solo was rendered with splendid effect by Mr. Jos. Legge. The chairman after a few brief remarks then introduced the speaker.

Mr. Burnham in opening stated that he had no intention of speaking either directly or indirectly upon the issues of the day in Canada. In speaking of Canada it is necessary to go a long way back into history. It has been ascertained that the Norsemen skirted this continent as far as Florida before the time of Columbus. In those days discovery depended upon the hardihood and bravery of the seaman. The original idea was to discover a route to China. In 1534 Jacques Cartier sailed from St. Malo, and after skirting the coasts of Newfoundland, passed through the Straits of Belleisle and came up the St. Lawrence River as far as Stadacona. At this point he disembarked and after gaining the confidence of the Indians seized several of their number and carried them back to France. This lowered him in their esteem and confidence when he returned in 1535. In 1603, Champlain, a man of much greater ability, came out, and his straightforward course did much to allay the hostile feeling among the Indians. The speaker then related the story of the strife which existed between the Hurons and Iroquois, and the later extinction of the former tribe. The Iroquois, consisting of five nations, lived in the northern part of what is now New York State. Champlain decided that it was good policy to take the side of the Hurons—thereby committing a grave mistake. The brave Frenchman traversed the northern part of Ontario, taking a route up the Ottawa River, and returning by Georgian Bay. He used his efforts toward the development of the fur trade, the beaver skins being of especial value, because of the extensive use of the beaver hat at that time. The Indians at that period were a chivalrous race, and knew nothing of the use of intoxicants. The state of dissension and warfare existing, and the difficulties encountered in governing the country, were commented upon. The arrival of Laval, and later on of Frontenac, their quarrel, and the ultimate triumph of Frontenac, were spoken of. The speaker gave some interesting etymological information with reference to the derivation of many distinctively Canadian words.

In 1648 occurred the ultimate triumph of the Iroquois, the Hurons being completely routed and wiped out, with the exception of a few who escaped. Frontenac's regime lasted from 1672 to 1713. About that date the English colonists and the French became involved in warfare. At the most acute point in the crisis, Montcalm was sent out by the French. This was followed by the coming of Wolfe with a large fleet. The latter effected a landing at Levis, and laid siege to the citadel at Quebec. The memorable night of September 15th, 1759, and Wolfe's splendid triumph upon the day following, were described.

By the Treaty of Paris, which followed four years later, the country was ceded to the English, the only reservation being the clause allowing freedom of worship to the French inhabitants. After 1774, when the Quebec Act was passed, followed of Independence, and the revolution, which ensued, followed closely upon this.

In 1792, the Constitutional Act was passed in England, Quebec being under its provisions, divided into two sections, Upper and Lower Canada. The ascendancy of the Family Compact, and the rebellion which was the result of the dissatisfaction with the class privileges and misrule of that period were described. This was followed by the re-union of the provinces in 1841, with Quebec as the capital city. In 1864 representatives of all the provinces met at Quebec, and brought about Confederation. Since that time we have journeyed on as the Dominion and have united in singing "The Maple Leaf Forever."

Several interesting things in connection with Canadian life were commented upon and much interesting information with regard to Indian life, character and customs given. The speaker claimed that much might be learned by us from the red men, many of their noble and beautiful characteristics being commonly overlooked and we are prone to regard them with a disdainful and superior air.

At the conclusion of the address a hearty vote of thanks was passed to the speaker, on motion of Rev. Mr. Langfeldt, seconded by Mr. Rogers.

The accompaniments of the evening were played with much artistic taste by Mrs. Turner.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

THIS MAN IS AFTER A WIFE

An Interesting Letter From a Bachelor in Search of a Wife

Offers "One Dollar Cash" to the Examiner for Services.

It appears that the value of the Examiner as an advertising medium has been recognized, not only in town, but its reputation has spread, as the letter published below will prove.

It was received at this office last night from a man who evidently has come to the conclusion that the state of single blessedness is not desirable for him any longer, and since he does not wish to take the time necessary to look up a wife for himself he has delegated the Examiner to act as his match-maker.

Nothing is known of the writer of the letter by the Examiner except the information contained in the interesting epistle which follows:

Madoc, April 7.

Dear Sir,—I seen in your paper a peice saying that anything advertised for could be got, and I have been a reader of your paper for a long time, and I have grate faith in your promises. I am a batchelor, 39 years old, and I have had sum chances to get married, but I didn't want none of the women as would marry me. I thought I would rite to you becaws I have no doubt you would no of sum good woman as would make a good farmer's wife. She needn't to do no milkin' for I have got a emigrant boy. I will give you one dollar cash if you find me a wife.

Yours trooly,
H. K. J.,
Madoc, P. O.

To carry out the suggestion contained in the letter is to depart from the usual newspaper practice, and necessitate indulging in speculation but, since the circumstances are not common the business management has decided to accede to the request of the writer, and in the want column of to-day's Examiner the advertisement asked for will be found, and it is inserted with the understanding that if a wife is found through its offices this paper gets the "one dollar cash," and if the effort is unsuccessful, no charge will be made.

The writer is evidently very much in earnest over the matter as is quite becoming in one engaged in such a serious business as searching for a wife.

For obvious reasons the name of the gentleman who is the writer of the letter is not published, but it may be stated that the name is a respected one and at any rate the gentleman has shown that he possesses good common sense, since he has decided that it would be to his advantage to enter the state of married bliss.

It is to be sincerely hoped that he will meet with success in his laudable quest for a life partner.

A TAX RATE OF THIRTY MILLS

This is Probably What Lindsay Ratepayers Will Pay.

Talk about extravagence. Lindsay Board of Works will get an appropriation of $2,500 to spend this year, and the local Board has to get along with only $18,000.

And the tax rate. The council of Lindsay had a talk on this matter last week and decided that it would probably be 30 mills on the dollar. A Lindsay exchange says:—

"Council is going to take no more than its share of the blame for the high rate of taxation. A member of the School Board has a time or two made regretful remarks at Board of Trade meetings about the 30-mill rate. He is Mr. Kylie, and the council is going to make clear how much of that rate the School Board is responsible for. Council will strike a rate to cover the expense for strictly town purposes, and let the School Board strike its own rate, and have both printed separately on the tax slip, so that people will see who spends the money.

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals.

Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."

Price 50 cents per box, or 3 for $1.25. All dealers, or DOAN KIDNEY PILL CO., Toronto, Ont.

MR. HOLMES ON PHYSICAL CULTURE

Interesting Entertainment at Y. M. C. A. on Saturday

Last "Pop" Was a Great Success—The Place of Physical Culture.

There was a good attendance at the seventh and last Y.M.C.A. "Pop" held on Saturday evening.

The pops have been much enjoyed and an increasing interest has been shown from week to week which will no doubt justify the association in continuing them next season in an extended form.

Mr. D. Hughes Charles presided on Saturday night in his characteristic happy manner and made some favourable comments on the ability of Mr. Holmes as shown in the management of the physical work of the association during the past season.

The lecture on "Physical Culture" by Mr. Holmes was greatly enjoyed, and showed the beneficial results of his three years' study of the subject at the Training School. The lecture began with a description of the physical games of ancient Greece. Rome's secret of power was traced to physical development. Physical culture of a century ago and to-day were contested as well as the prize fighter and the model athlete of the day.

The second part of the lecture included the various systems of culture and a statement as to athletes and longevity as well as the effects of training upon the vital and muscular systems.

Health and strength were the basis of happiness and success.

The lecture concluded with an exhibition of a light drill for home use.

The music was thoroughly enjoyed. Messrs. McCoy and Beach with piano and drums made a good combination. Mrs. Read sang "The Song that Reached My Heart", showing a good voice. The duet by Mr. and Mrs. Read were also enjoyed.

Mr. W. McLaren, humorist, gave several selections which brought very hearty applause.

Mr. Bennett acted as accompanist.

DOURO COUNCIL APPOINTS OFFICERS

Considerable Business Transacted at Regular Monthly Meeting.

Path Masters, Fence Viewers and Pound Keepers Appointed for the Year.

Special to The Examiner

Minutes of previous meeting read and confirmed.

Moved by Councillor B. Leahy, and seconded by Councillor F. Leahy, that the Reeve do order the payment of $30 to Edward Sullivan for injury to his horse, owing to a defective culvert on the Dummer road.

Moved by Councillor W. Quinlan, and seconded by Councillor B. Leahy, that the Reeve do order the payment of $16.50 to E. B. Edwards for legal advice in 1904.

Moved by Councillor F. Leahy and seconded by Councillor B. Leahy, that the blank forms of petitions received from the Toronto City Council, regarding privileges to married women whose names appear on the assessment roll for property in their own right, the same as single women and widows, that said petitions be signed by the Reeve, Clerk and Treasurer, and forwarded to the proper authorities.

Moved by Councillor B. Leahy, and seconded by Councillor Quinlan, that the Collectors' bonds be signed in the presence of the Reeve and Councillors F. Leahy and Quinlan.

Moved by Councillor B. Leahy and seconded by Councillor Quinlan, that F. Leahy be appointed a Commissioner to examine the line of road between concessions 3 and 4, from Major Bellamie' property to Clear Lake, and take any action that he thinks proper towards opening up same.

Moved by Councillor W. Quinlan, and seconded by Councillor B. Leahy, that the Reeve and Clerk examine the Assessment Roll prior to the Court of Revision.

Moved by Councillor W. Quinlan, and seconded by Councillor B. Leahy, that the Reeve, Clerk and Treasurer be appointed a committee to meet a committee of the Otonabee Council for the purpose of adjusting the expenditure of money and statute labour on boundary between both Townships during the last three years.

TOWNSHIP OFFICERS.

RATE AND ASSESSMENT.

In a paragraph in another column it is stated that the rate of taxation in Lindsay is 30 mills on the dollar, as against 18 mills in Peterborough; in face of such a fact as this, that Lindsay is to spend only $2,000 on her streets, this year, while Peterborough is booked to spend $13,000 for the same purpose. There are given two possible explanations for the sister town's high tax rate. One is that the town to the north loaded itself up with financial obligations in order to make Lindsay a Grand Trunk divisional point, and the effort to wipe out, or reduce, this big score, calls for a high rate. Others seek to explain that the Lindsay tax rate is not so much higher than that in Peterborough, as it appears. They say that a lower assessment prevails in Lindsay, and that if Peterborough assessment were as low the rate would be as high. Very possibly the assessment may be low in Lindsay—and with very good reason—because property is not so valuable as it is in Peterborough. A house or business building may be assessed very much lower in Lindsay than a similar building would be in Peterborough, but in both cases the assessment might bear the same relation to value. If by some magic a business structure on the business street of Lindsay could be transported through the air, and planted down in good condition on George street, Peterborough, by that fact its value would be largely increased. It seems plain that a residence or business building in Lindsay might be assessed much lower than similar structures would be in Peterborough, and at the same time the assessment of the Lindsay property would be, relatively to its value, much higher than corresponding structures in Peterborough, even at the alleged higher actual assessment figure.

HON. FRANK OLIVER.

Hon. Frank Oliver, the new Minister of the Interior, in succession to Hon. Clifford Sifton, is well qualified for the position. He has the aggressive spirit of the West, knows its conditions and needs, and in the school of journalism he has learned the way of doing things, and has developed the broad spirit which should form part of the equipment of a Minister of the Interior, at a time when the filling up of the Northwest with population is one of the great problems. Hon. Mr. Oliver jumped into harness at once, and two hours after being sworn in at Ottawa, he set out for the Northwest to look after his re-election. This election will be watched with interest. It will afford the electors of the Northwest, in Mr. Oliver's constituency, Edmonton, an opportunity of pronouncing upon the Autonomy Bill. It is not certain that Hon. Mr. Oliver's election will be opposed. The president of the District Conservative Association favours Mr. Oliver's election without opposition. But the Ontario Conservatives, who have no more business to interfere in the purely domestic affairs of the Northwest than Mgr. Sbarretti, are inciting opposition in the hope of cutting down the majority of over 2,000 by which Mr. Oliver was returned at the general elections.

EDITORIAL NOTES.

The Toronto News makes much of the statement that in Quebec at a public meeting a "boy orator of fifteen" denounced the Ontario fanatics. That is quite in keeping with the fact that fanatics in Ontario act like boys of fifteen in their unconsidered stirring up of strife.

Free trade is driving Great Britain to the dogs at a rapid rate according to some of its enemies. But there's life in the old lion yet. In the month of March Great Britain's exports increased nearly twenty millions—$19,025,000, while the imports increased only a million and a half—$1,455,000.

Let the reader revive his recollections of "Barnaby Rudge," and see if he doesn't perceive a family resemblance between Lord George Gordon and Hon. G. E. Foster and Mr. W. F. McLean. If he carries the comparison further he will see among the political incendiaries of the present the counterparts of Dennis, the hangman, and Simon Tappertit.

Mr. Whitney needn't fear very much from the indignation of the temperance people of London over the appointment of license officials, if they are anything like some temperance people we have known in Peterborough, who simulate a tremendous interest in temperance when Liberal interests can be embarassed, and meekly, or rather gleefully fall into line and work and vote their party ticket—temperance or no temperance—when an election swings around their way.

Uncle Sammy thinks himself a very important fish in the international "swim," but he can't swim nor fish either in Newfoundland waters. Our wayward sister wont be bulldozed or coaxed into confederation and she wont allow Uncle Sam "to play in her back yard." A law has been passed forbidding American fishermen to procure bait or fishing supplies in any port on the island. This action is regarded as a heavy blow at the Massachusetts fishing industry. The circumstances show the United States that they must occasionally give a little as well as take all. The nullification of the Hay-Bond treaty was not as clever a strike as perhaps anticipated.

The Toronto News has got to discussing the abstract merits and demerits of Separate Schools pointing out that under Separate Schools the community becomes divided. Aren't the News and other sectarians as bad as the Separate Schools in this respect? It and they are doing their best to split up the community and foment bitter feeling, for the sake of party advantage and under the hypocritical pretense of solicitude for provincial rights? Why does the News give first page prominence and display to a court of hoses in the Dominion Parliament in order to differentiate the religious composition of that legislative body? The News says that in a House of 214 there are 70 members of the Roman Catholic faith. What of that? Aren't they all duly elected representatives and have they not a right to sit in Parliament?

There's no end to efforts of the incendiaries to stir up the fires of hostile feeling. They point out that the Dominion Government were prompt enough in dismissing Lord Dundonald for meddling with politics but Mgr. Sbarretti, they say, is not to be dismissed. This is a direct attempt to excite passion and give activity to prejudice. Lord Dundonald was a public servant under contract with the Dominion Government, which had authority to deal with him as circumstances demanded. Mgr. Sbarretti has no connection, official or otherwise, with the Dominion Government, which has no more authority to dismiss him than it has to dismiss the Mayor of Peterborough. Mgr. Sbarretti has had more dealings with the Conservative Government of Manitoba than with the Dominion Government; why not call upon the Manitoba Government to dismiss him? It has just as much power in this respect as the Dominion Government—just as much and just as little.

THE SITUATION IN ONTARIO.

The men who are encouraging this furious religious hue-and-cry are taking a great responsibility upon their shoulders. It is a prairie fire which it is easier to light than to limit or stop. We all have our religious prejudices and passions, and the contagion of the mob is not a madness against which any of us are secured. One of the most foolish episodes in English history is the Gordon riots; and yet they sprung from no worse religious fury than that is now being industriously nursed in Ontario. Is it not time for moderate people to enter a protest against so dangerous a crusade. —Toronto Star.

Severe Cold in the Chest

"My fourteen year old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. I can positively say that he was completely cured by two bottles of Dr. Chase's Syrup of Linseed and Turpentine, and he has not been troubled since."—Mrs. J. Prevost, Renfrew, Ont.

TEMPERANCE MEN ARE DISGUSTED

Whitney Government Not Satisfying the Londoners.

London, Ont., April 9. — A prominent clergyman, who is very active in temperance matters, stated yesterday that the local temperance party had left no stone unturned to have Mr. Jas. Brown retained as license inspector. "He is an efficient official," said the clergyman, "and the temperance people did not feel that Mr. Galpin, who was recommended by the local Conservatives, was the sort of a man who should succeed him, consequently when we found that both Hon. Mr. Beck and Provincial Secretary Hanna were determined to remove Mr. Brown, he asked that, instead of Mr. Galpin Mr. Geo. Rowntree be appointed license inspector. We feel that Mr. Galpin was not sufficiently qualified. But our representations carried no weight with the Government. Partyism seems to be the first consideration in these matters."

There were many aspirants for the position, including prominent members of the Conservative Club. Mr. Galpin was the choice of the executive of that Club, and their decision has caused much disappointment to temperance workers. The Board of License Commissioners have power to issue thirty-six licenses for hotels, though only thirty-five have been issued. The temperance people want this number reduced to twenty-six, and will urge the License Board to do so.

ONTARIO LIBRARY ASSOCIATION

Fifth Annual Meeting, Toronto, April 24th and 25th.

The fifth annual meeting of the Ontario Library Association will be held in the Canadian Institute, Richmond street, East, Toronto, on Easter Monday and Tuesday, April 24th and 25th. Some of the topics to be discussed are: "Classification," by Miss Effie A. Schmidt, Berlin Public Library; "Canadian Government Publications," by Dr. Jas. Bain, Toronto Public Library; "The Merits and Defects of the New Public Library Buildings in Ontario" (an open conference); "The Effect of the 50 per cent. Interpretation of the Government Grant" (an open conference.) The Minister of Education, Hon. R. A. Pyne, is expected to be present, if parliamentary duties permit. One of the greatest library experts in the world, Melville Dewey, State Director of Public Libraries, Albany, N. Y., will be present and give two addresses. Mr. Dewey is a very forceful and magnetic speaker and a living encyclopedia of library matters. Everyone interested in libraries is welcome to the meetings, and programmes have been sent the Secretary of every Public Library Board in Ontario. Further copies may be had on application to the Secretary, E. A. Hardy, 65 Czar street, Toronto.

AT THE OTHER END OF THE DOMINION

An Artistic Calendar From the Pacific Coast.

The Examiner acknowledges with thanks the receipt, through Mr. Herb Kent, general manager of the British Columbia Telephone Company of the latter's superb calendar for 1905. This calendar is 16 x 24 inches in size and the upper half contains a map indicating the location of its long distance lines with a list of 36 places, where there are exchanges and also a list of connections in the adjoining State of Washington. The lower, or calendar part, contains the figures of the month in white on a maroon ultramarine blue, or rifle green background. The figures, like the enterprise of the company, or the giant firs of the country, are of large size, and could almost be read across an ordinary street. Like the telephone system they represent, they are long-distance. A commendable feature of this calendar is that every sheet of the twelve contains also in smaller figures the calendar for the whole year.

Pure, New Maple Syrup.

We have just received a small consignment of that excellent Maple Syrup from Athens. To our customers who have used this Syrup in former seasons—this is sufficient guarantee of its quality.

A MAGNIFICENT SHOWING OF FLOOR COVERINGS, CURTAINS and DRAPERIES

ONCE UPON A TIME this was an ordinary Carpet and Housefurnishing Store. NOT SO NOW. To-day it is easily the PEER of any Carpet and Housefurnishing Store in Peterborough, or any city its size in Canada, for exclusiveness in design, assortment and quantity. And further, we make the contention, fully realizing its import, that the best values of the season in Floor Coverings, Draperies and Curtains are to be found at Hall's. It is a fact known to all in closest touch with the carpet market that prices this season are higher owing to the advance in the price of wool; but months ago, by exerting to its full capacity the tremendous purchasing power of our syndicate of sixteen stores, we are able to quote this season prices that are actually lower than those of a year ago. SEE THE GREAT VALUES WE HAVE TO OFFER IN FLOOR COVERINGS, DRAPERIES AND CURTAINS.

All Wool Carpets

460 yards, All Wool Carpet, 36 inches wide. A nice selection of artistic floral scroll and conventional designs in good wearing colours; very durable and suitable for Dining Rooms, Sitting Rooms and Bed Rooms. You would expect to pay 75c to 85c per yard for this quality, our special price per yard..... 69c

Scotch Linoleum

You'll get Much the Best of the Bargain Buying Your Linoleum Here

625 yards Scotch Linoleum, 4 yards wide, in floral block and tile patterns. A beautiful lot of Linoleums, well finished and well seasoned, two important factors in a Linoleum, which add greatly to their wearing qualities. Our special price, per square yard 50c

If you have a House-cleaning want we are certain we can SAVE YOU MONEY.

Nottingham Lace Curtains

Since the invention of the Lace Machine nearly 100 years ago, Nottingham, England has been the most important centre in the world for the production of Lace Curtains. See the two Leaders in Nottingham Curtains mentioned below.

At 79c—Nottingham Lace Curtains, 50 to 53 inches wide, 3 1-2 yards long, Colbert's Patent Corded Edges, neat border, with plain and scroll centres, per pair 79c

At $1.50—Nottingham Lace Curtains, 50 to 54 inches wide, 3 1-2 yards long, extra fine quality Net, Colbert's Patent Corded Edges in a vast range of spray and floral designs, per pair. $1.50

Curtain Poles

We can supply every want in Curtain Poles, Brass Rods, Sash Rods, Sockets, Ornaments for Drapery purposes, and all kinds of fixtures on which to hang Curtains and Draperies. Get our prices for Curtain Poles and Fixtures.

RICHARD HALL & SON

353—355 George Street

THE STORE THAT NEVER DISAPPOINTS

New Carpet Rooms
New Carpet Stocks

This New Department is very fast gaining favour—The strong points are "trade bringers"—We have fitted up apartments that are particularly attractive and stocked them most liberally with everything pertaining to a first-class department—Everything in Carpets from the lowest hemp at 10c to Wiltons and Axminsters at $1.50 and $1.75 per yard. Our Curtain stock is perhaps the largest in town, and our special introductory prices are very attractive—

SPECIAL INDUCEMENTS IN THIS DEPARTMENT ALL THIS WEEK.

Cressman's

COURT OF REVISION MET

A Number of Applications were Dealt With.

Dog Taxes Remitted—Sewer Assessment Appealed.

Last night the Court of Revision held a session in the town clerk's office, when a number of applications were considered. Those present at the meeting were:—Ald. Scott, chairman, and Messrs. Begley, McIntyre, Mason and Johnston.

The following applications were considered:—

From Ida L. Fallen, for remission of dog tax for 1904.—Granted, provided she files a statutory declaration that she had no dog in 1904.

From Patrick Carroll, R. Gardiner, L. Trameer, P. Gardiner, H. Fralick and Thos. Lucas, for remission of statute labour taxes for 1904.—Granted, provided they file declaration stating that they were occupants of houses during the whole of 1904.

From Francis Long and Benj. Johnston, for remission of dog taxes for 1904.—Granted.

The following appeals were heard respecting the special assessment made for the construction of sewers as local improvements in 1904:—

Mrs. M. J. Dunford, that she was assessed on Rubidge street for 91 feet and that it should be 63 feet 6 inches. Also asking to be assessed for one sewer connection at No. 210 Rubidge street, and one sewer connection at 236 Rubidge street, each for a total of $16.00, or $1.10 a year for 30 years.—Mrs. Dunford's application in regard to the sewer connections was granted, and the appeal as to measurement was laid over until the next sitting, Thos. Laplante to be notified.

From James O'Brien, asking that 49 feet 6 inches be assessed with No. 101 Rubidge street, and 47 feet 6 inches with 107, same street, for both of which he is assessed.—Change was made as requested.

From Chas. Chambers stating that he should not be assessed for the full frontage of Rubidge street, as his lot was of irregular shape. The assessment made had included an allowance of 25 feet.—Assessment confirmed.

William Curtis complained that he was assessed for the London street sewer on lot 17, south London, and that Geo. Dredge owned lot. George Dredge was present and said that he owned the lot, but objected that there was a sewer in front of his lot on Downie street. Wm. Curtis was relieved of the assessment, and George Dredge assessed, otherwise assessment confirmed.

Andrew Haig complained by letter that he was assessed for 59 feet 4 inches for the King street sewer, and that his frontage is 43 feet 6 inches, and that he was wrongfully assessed for sewer connection.—Laid over until the next meeting and J. J. McBain to be notified.

A matter of assessment for further sewer connections, mentioned by the Town Engineer was laid over until the next sitting which will be held on Tuesday, April 17th at 8 o'clock.

The Model Bathroom

We have fitted up a Bathroom complete, having all the latest and best fixtures, Bath, Closet, Lavatories and Sinks. It's worth seeing.

The Best Stove Co.
NEXT DOOR TO POST OFFICE.

NO STRIKE AT DEMETRE BROS.

Girls are Not Striking at the Greek Confectionery Store

Two of Waitresses Laid off at Their Own Suggestion—Rest of the Staff at Work.

The Examiner is asked to say that the statements which have appeared in the two local jocular dailies that the girls employed in the Olympia Candy Works "walked out on strike" yesterday is not true. Two girls, who claimed to be employed at the Olympia called at the Examiner office yesterday, and stated that they had quit work on account of some objections to working overtime, which of course they had a right to do if they so wished. But as this action did not seem to warrant the Examiner calling attention to it, much less distinguishing it as a strike, no notice was taken of it.

Mr. Demetrie called this morning, and requested the statement to be made that there was no strike among the girls in his candy works, as all his staff was working, except the two waiting girls referred to whom he laid off at their own request.

PASSED AWAY AT EARLY AGE

Miss Bernardine White Died at Age of Fourteen Years

The death of Miss Bernardine White, the 14 year old daughter of Mr. Joseph White, of 24 Bolivar street, occurred last night, after an illness of about a year, during which time she has suffered from pluerisy, which finally resulted in her death.

Deceased was the eldest daughter of Mr. White, and her death will cause deep regret among her many friends.

The funeral will take place on Wednesday morning at 9 o'clock to St. Peter's Cathedral, and the Roman Catholic Cemetery for interment.

'BUS TEAM DO NOT LIKE LATE HOURS

National Hotel Team Take a Midnight Dash for Home

A midnight run-away occurred last night when the team attached to the National Hotel 'bus suddenly took fright and ran from the C.P.R. station, continuing their wild career as far as the corner of George and Hunter streets, where the 'bus collided with a telegraph pole. Here the breaking of a whiffletree released the horses their freedom.

The team is a very spirited one, recently purchased from McCallum Bros., where they have been quartered, and this was their objective point last night. No damage was done.

MOST PEOPLE
Are fond of Candy. Try some of Hooper's New Taffy. We have 15 different kinds at 20c a lb. All fresh and wholesome. Cream Taffy is the favourite. On sale at our two stores, George street and the corner of Brock and George streets.

NO INSULT WAS INTENDED

Is the Opinion of the Principal of Collegiate Institute.

Explanatory Letter From Mr. Fessenden Upon the Incident of Yesterday.

The Examiner has received for publication the following letter from Mr. Fessenden, the principal of the Peterborough Collegiate Institute:

To the Editor of the Examiner,—

Dear Sir, — An article in the Morning Times of to-day, does an injustice to the Roman Catholic pupils of the Collegiate Institute, who in the matter under discussion have conducted themselves in a satisfactory manner. No teacher observed any actions on their part which should be construed as intended to insult anyone, and I do not believe that they were guilty of such actions.

Yours, etc.,
C. Fessenden.
Peterborough, 11th April, 1905.

A PRESENTATION TO MISS HYDE

Member of Her Sunday School Class Remember Her.

On the Eve of Her Departure for the Northwest

A very pleasant time was spent last evening at the home of Miss Maggie Reid, when class No. 6 of St. Andrew's Sunday school, gathered to say farewell to their classmate, Miss Aggie Hyde, who leaves on Wednesday for the Northwest. After a very enjoyable evening had been spent in games and music, Miss Maggie Reid read the following address and Miss Iva McIntosh, on behalf of the class presented Miss Hyde with a very handsome ring:

Dear Aggie,—We, the members of your class, have learned with deep regret, of your approaching departure to the West. We assure you it comes to us as a surprise, and we realize how great our loss will be.

We are, however, assured that wherever you may be you will take the same deep interest in the welfare of the Sunday School work, and that you will have good cause to feel that the associations of the past with us have been of mutual advantage.

Our abiding interest will follow you, and the members of your home circle, and we most sincerely wish that you will be soon in the circle of kind and loving friends.

We desire you to accept from us this ring as a token of the purity and genuineness of our esteem for you, and we pray that it may ever be a reminder of the "ring" of girls that week by week gathered around devoted teachers in the study of the Scripture.

We all heartily unite in wishing you God speed.

Signed on behalf of the class.
Peterborough, April 10th, 1905.

Miss Hyde, who was taken completely by surprise, expressed in a few appropriate words her appreciation of the kindness of her friends for their kind remembrance, and also assured them that she would never forget her associations with the members of the class. The gathering dispersed, after singing "God be with you till we meet again."

FUNERAL OF MRS. WILMOT HAULTAIN

Took place This Afternoon at Three O'clock

The funeral of the late Mrs. Wilmot Haultain, which took place from "Castlenock," the residence of her mother, Mrs. Jas. F. Dennistoun, this afternoon, was largely attended.

The funeral services were conducted at the house by Rev. Dr. Torrance, brother-in-law of the deceased, and Rev. J. C. Davidson. The remains were followed to the grave by a large number of the intimate friends and relatives of the deceased lady, and sympathisers with the family in their bereavement. Interment took place at the Little Lake cemetery.

The pall-bearers were Messrs. E. B. Edwards, G. M. Boger, J. H. Burnham, R. B. Rogers, F. D. Kerr, and A. Harold Cluxton.

Amongst the many out of town relatives and friends who were present to pay their last tribute of respect to the departed, were Hon. F. W. G. Haultain, Premier of the Northwest Territories, Calgary, N.W.T.; Mr. and Mrs. J. G. Macklin, Montreal; Miss Haultain, St. Hyacinthe, and Mrs. Haultain, Port Hope.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—A gang of men left to-day for A. McDonald's lumber camps.

—It always pays to read the Examiner want column; it also pays to use it.

—An important meeting of the 57th Band will be held to-night at 8. All members are asked to be present.

—The Raffia class held in connection with the Y.W.C.A. will be held in the Y.M.C.A. building to-night from 7 to 9.

—If you have anything at all that is of no use to you, put a "For Sale" advertisement in the Examiner, and the chances are that someone will read it that will buy.

—The usual Tuesday night Bible Class at Bethany Tabernacle will be resumed tonight. The lesson will be found in the 13th chapter of the Acts. The public generally is cordially invited.

—Fresh maple syrup just arrived. Many of my customers will remember the superior quality of it last year, of which I sold great quantities, some of the best Peterborough people buying it. Orders are being placed now for summer use, five-gallon cans, etc. All kinds of vegetables, potatoes, etc., on hand. James R. Bell, 161 Hunter street. 'Phone 455.

—Arrangements have been completed by several local gentlemen whereby an opportunity will be afforded our citizens to hear Mr. Ellis Ashmeade Bartlett, the noted war correspondent of the London Times, lecture upon his experiences in the Russo-Japanese war. The lecture, which will be profusely illustrated, will be delivered on Wednesday, April 19th, and will doubtless awaken a wide-spread interest amongst the public.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. Wm. O'Brien was in Toronto yesterday on business.

Miss May Roe, who has been visiting with friends in town, has returned to Millbrook.

Mrs. A. W. Brodie, of Toronto, is spending a couple of weeks with her mother, Mrs. George Edmison.

Mr. T. J. Tilley, of Peterborough, successor to Mr. C. D. Dyke, local manager of the Bell Telephone Company, was in town to-day.....Head Adv. Lieut. D. Cinnamon is attending a meeting of the W. O. W. in Peterborough to-day.—Lindsay Post.

ASTONISHING RESULTS

Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years, it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvellous. Not a failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c. in stamps for Sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

METHERAL'S CYCLE WORKS,

LATEST SPORTING NEWS

ST. ANDREW'S BALL CLUB ORGANIZE

Officers Were Elected for Guild Club Last Night.

Last night the members of St. Andrew's Guild met to discuss baseball prospects and from the interest displayed and enthusiasm manifested at the meeting, the game should boom as far as this Guild is concerned.

The first business transacted was the election of officers, resulting as follows:—

Hon. President—Mr. Hugh Waddell.
Hon. Vice-President—Messrs. A. McFarlane, and T. C. Elliott.
President—Mr. P. A. Kerr.
Vice-President—Mr. Willie Garrow.
Secretary-Treasurer — Mr. C. E. Anderson.
Manager—Mr. R. H. Elliott.
Captain—Mr. Geo. McDonald.
Team Committee—Messrs. Patterson, Scott and Kerr.

Membership tickets will be procured and sold for 50 cents for the season. These will be ready for next Monday night when another meeting will be held.

The team this year will be as strong, if not stronger, than it was last season, and should make a strong bid for the championship.

CITY LACROSSE LEAGUE MOOTED

Proposal Meeting With Much Favourable Comment.

A proposal which has been the subject of much discussion among lacrosse enthusiasts for some time past, and which is meeting with much favour in many quarters, is the formation of a City Lacrosse League.

The Turf Club has a handsome cup which, it is understood, they very generously offer for competition in the event of the formation of the League.

There can be no doubt that a number of strong teams will be available from the ranks of the young players of the town.

It is felt that one vital reason of the somewhat anaemic condition of the national game in town during the past few seasons is largely due to the fact the young blood of the town has not been developed to the extent which it might have been.

BASEBALL.

The Progressive baseball team of Toronto, wants a game here with the local senior team on Good Friday. The team is one of the strongest amateur teams in Toronto.

* * * *

On Thursday night at 7.30 the annual meeting of the George Street Guild Baseball Club will be held.

* * * *

A very enthusiastic meeting of the Auburn Baseball Club was held at the Y.M.C.A. hall last evening, there being from 25 to 30 present, which speaks well for the prospects of the team this season. Many interesting matters were discussed, after which Messrs. Hartley and Kaufmann addressed the meeting and made some very encouraging remarks concerning the team's welfare. It was decided to hold, in the near future, a ball throwing contest, and an entertainment, the contest to be open to all comers for a prize.

After a vote of thanks to Mr. Williamson for the use of the hall, the meeting adjourned.

FOOTBALL.

There will be a practice of the Quaker football team to-night at the Exhibition grounds at 7 o'clock.

* * * *

A meeting of the Quaker Football Club will be held at the Y.M.C.A. to-morrow (Wednesday) evening at 8 o'clock.

FIELD HOCKEY.

Every Y.M.C.A. member who is interested in either baseball, field-hockey or track athletics is requested to meet at the association building, Thursday evening for further organization of these sports, one good team of field hockey has already been formed, also a track team, one or two more teams of field hockey are to be formed. We also want more men into track athletics.

A strong baseball team will be formed Every association man who has a desire to play baseball is asked to show his interest by turning out Thursday evening at 8 o'clock.

LAWN TENNIS.

The annual meeting of the Hiawatha Tennis Club of which Mr. S. S. Moore is president, and Mr. E. M. Best one of the leading lights, will be held at the Y.M.C.A. hall to-morrow night.

15 Big Men Indicted.

Portland, Ore., April 10.—The Federal Grand Jury Saturday indicted 15 well-known men of Oregon and Washington, on charges of conspiracy to defraud the Government of a portion of its public lands. Those indicted include State Senator R. A. Booth, manager of the Booth-Kelly Lumber Co.; his brother, Henry J. Booth, receiver of the Roseburg Land Office, and Rev. Stephen W. Turnelle, of Roseburg.

Strong Partnership

When in need of liquid oxygen for the speedy removal of any internal germs, ask your druggist for the "solution of Ozone (the coupon kind)". With each bottle is given free a package of "Celery King" a popular tonic laxative needed to cleanse the system after the stringent effect of the concentrated Ozone. We have the sole right to manufacture "Celery King" and thus are able to include with every bottle of "Solution of Ozone" a coupon good for a free package of the famous laxative which is essential to the best results in the use of Ozone. Both products manufactured by the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE, Druggist 7

THE PROVINCIAL BUDGET SPEECH

Col. Matheson to Be Followed By Mr. Harcourt.

DEBATE MAY LAST 2 WEEKS

Estimated Expenditures—Some Interesting Items in the Detailed Statement — Sub-Targets to Be Purchased for the Cadet Corps of High Schools—Grants to Some Societies.

Toronto, April 11.—Hon. Col. Matheson will deliver his budget speech in the Legislature this afternoon, and it is expected he will occupy the time until nearly 6 o'clock. Hon. Mr. Harcourt will follow the Treasurer, and will speak for some time to-night. The debate will last for some days, and may not conclude until toward the end of next week. It is probable that night sessions will now be continuously held on Government days—Tuesdays, Wednesdays and Thursdays. Hon. Col. Matheson's announcement of estimated receipts is, of course, reserved until his speech.

The Estimates.

The complete estimates of expenditures were distributed at the Parliament buildings yesterday in the usual pamphlet form. The total estimated expenditure is, as stated in the Treasurer's summary, published on Saturday, $5,079,720.53, divided under three main heads, as follows:—Current expenditure for 1905, $4,545,845.35; on capital account, $367,044.37; other purposes (colonization and mining roads), $166,900.

Last Year's Expenditure.

The actual expenditure last year was $5,267,453. Among the interesting items are an increase of $11,000 for the Macdonald Institute at Guelph, chiefly for salaries for the larger staff, bringing the amount for the institution up to $23,000; for new cottage at the Weed stock Asylum, $44,000; for a farm mechanics and implement demonstration building at the Ontario Agricultural College, Guelph, $25,000. The sum of $12,500 is asked for sub-targets contracted for in 1904 for the High School Cadet Corps. For education last year $1,287,525.23 was asked, $949,806.73 expended, and $1,191,340.51 is now asked. Increased grants to the School of Practical Science, an estimated University of Toronto deficit of $46,090.34, a re-vote for the unpaid deficit of 1903-4, totalling $30,807.54; the transference of Institutes for the Deaf and Dumb and for the Blind from public institutions maintenance account to education account, and $10,000 to Ottawa University to aid in restoring the apparatus destroyed by the fire last year, help to make up the total increase.

Some Increased Estimates.

The total asked for public institutions maintenance is $981,327, compared with an expenditure last year of $950,434. Some of the larger items under this head are: Toronto Asylum, $118,406; London Asylum, $146,485; Kingston Asylum, $92,899; Hamilton Asylum, $134,875; Mimico Asylum, $83,110; Brockville Asylum, $92,369—all increases over the estimates of 1904, but not very large in each case. For colonization and immigration $24,275 is asked, an increase over the estimates last year of $4,950. Hospitals and charities will get $291,642, including $4,000 each to the recently erected county houses of refuge in Halton, Haldimand and Victoria Counties, and $15,000 to the National Sanitarium Association's Free Hospital for Consumptives. Charge on Crown lands are estimated at $242,275, the expenditure in 1904 having been $236,344.69.

Grants to Societies.

Among the miscellaneous items are: $90,000 for the expenses of the general election and election trials; $30,000 for gratuities, $10,000 for the enforcement of the game protection act, which is an increase estimate of $4,000, and the following grants: Canadian Mining Institute, $300; Ontario Rifle Association, $1,000; Ontario Artillery Association, $500; Canadian Military Institute, $200; York Pioneers, $200; to the widow of James Martin, a baker at Hamilton Asylum, who was killed by a patient, $600; United Empire Loyalists, $200; Army and Navy Veterans, $200; South African Veterans' Memorial, $2,500; R. H. C. Rifle Association, $100.

News to the Premier.

Premier Whitney said yesterday he knew nothing of a report published in a western paper, to the effect that a Department of Labor and Health is to be established, with Hon. A. Beck, of London, as Minister. Such a thing had never been considered. He also said he had not yet received any word from Premier Roblin as to the reported intention of the latter to invite him to confer on the boundary question.

Major Hendrie Chairman.

Hon. Col. J. S. Hendrie, M. P. P. for West Hamilton, will be the chairman of the railway committee which organizes to-day.

Manitowaning's Bad Blaze.

Manitowaning, April 11.—About 7 o'clock yesterday morning, fire broke out in the basement of A. Nelson's general store. In two hours' time six buildings were laid in ashes—A. Nelson's store and dwellings, Taylor & Watson's implement warehouse, W. Craig's jewelry and confectionery store, H. Stock's furniture store and dwellings, W. F. Bradley's blacksmith shop and the Town Hall. A. Nelson saved his household furniture, but nothing from the store. Most of the goods were saved from the other buildings. The loss is estimated at $22,000; insurance $10,000.

7,000 Logs Went Over the Falls.

Ottawa, April 11.—A boom broke above Hull, on the Ottawa River, last night and 7,000 spruce logs belonging to the Eddy company went over the falls.

Whalebone is Good Finding.

London, April 11.—(C. A. P.)—A parcel of whalebone which arrived at Dundee from Hudson Strait, sold for £4,500 per ton.

ROBLIN SAYS HE DID NOT.

Announces Bye-Election in Greenway's Old Constituency, Mountain.

Winnipeg, April 10.—After giving the statement that he had made a proposition to the Dominion Government through Mgr. Sbarretti and Archbishop Langevin, of St. Boniface, that he would modify the school laws of the Province on condition that the school lands, held by the Dominion Government for the Province, be vested in or transferred to the Provincial Government, "an explicit, categorical and emphatic denial, in the plainest language possible," Premier Roblin on Saturday said he should take an opportunity in addressing the electors of Mountain at Baldur on April 14 to give his views on the boundary question.

In referring to the coming meeting at Baldur, Premier Roblin announced that the writ has been issued and signed for the election for the vacant constituency of Mountain, with nominations April 20 and polling April 27.

Carnegie to Give $1,000,000.

Melrose, Mass., April 10.—The conditional pledge by Andrew Carnegie to give $1,000,000 to the fund for superannuated preachers was announced to the New England Methodist conference here Saturday by the Rev. James Boyd Brady, field agent of the Preachers' Aid Society, who was appointed last year to raise a fund for this purpose.

Clergy Speak Out.

St. Petersburg, April 10.—The revolt against the tyranny of the church administration is attracting immense attention. The clergy are now speaking their sentiments quite as openly on religion as are the Liberals in the political field.

Will Soon Disappear.

Paris, April 10.—Frederick G. Lascelles, British Ambassador, has informed the Echo De Paris that in his opinion the ill-feeling between France and Germany over Morocco will soon disappear.

The King's Birthday.

Copenhagen, April 10.—King Christian Saturday celebrated his 87th birthday, in excellent health and spirits.

MAD LOVER'S MAD ACT.

Misfit Shells Save Gertie Jones From Would-Be Murderer.

Preston, April 10.—William J. Brislin, a Walkerton man, who has been working in town, attempted Friday night to murder Gertie, the 15-year-old daughter of James Jones, a pumpmaker, with whom he boarded.

Brislin, who is reported to have a wife and child in a northern town, has pestered the girl for some time past with his attentions, which were coldly scorned. Friday night he handed her a note, demanding to know if she wrote it. He received an answer in the negative and some words passed between the couple.

Suddenly Brislin drew a revolver and thrusting the weapon against the girl's head he pulled the trigger twice, but the shells each time failed to explode, as the revolver was a centre-fire one, the cartridges being rim fire. The girl's brother disarmed him, but later in the evening he followed her towards Main street and hit her with stones and maltreated her other wise until assistance came in response to cries of "Murder" and "Help." Miss Jones' head was severely injured.

Brislin was arrested by County Constable Levan. He appeared before Magistrate Webster Saturday morning and pleaded guilty to the charge of assault and attempted shooting and was taken to Berlin for trial.

OFF QUEBEC TERRACE.

Dr. Gilmour, of New Hamburg, Ont., Leaps to His Death.

Quebec, April 10.—Dr. F. Gilmour, surgeon dentist of New Hamburg, Ont., jumped from Dufferin Terrace to the rocks, 150 feet below, Saturday morning and was dashed to instant death. Almost every bone in his body was broken, he having chosen the highest point, and where the bottom was covered with rocks, at the west end, where the landslide occurred. The act was committed at an early hour, and there were no eyewitnesses. The body was discovered about 8.30.

Had Nervous Prostration.

Dr. Gilmour was about 35 years of age and his home was at New Hamburg, Ont. He came here about two months ago to work with Dr. Lantier, dentist, and has been in the latter's parlors until three days ago, when he gave up work, informing Dr. Lantier that he would take a rest. He had been ailing since his arrival here, and Dr. Rosseau was treating him for nervous prostration.

Russell Sage Retires.

New York, April 10.—It can be said upon authority that Russell Sage will be seen no more in Wall street. Mr. Sage has passed quietly from the activities of business and his office at No. 5 Nassau street is in charge of his representatives. He has been ailing for a year and his illness has now reached a point where it has weakened his heart. His recent sickness would probably have been fatal had it not been for the attention and careful nursing of his wife. Mr. Sage is 85 years old.

For Spring Debility

YOU SHOULD RESTORE RICHNESS TO THE BLOOD BY USING

Dr. Chase's Nerve Food

Habit is one of the strongest forces of nature. It is like a rut into which it is easy to run, but which too often leads to misfortune and calamity.

The habit of dosing with salts and sarsaparillas in the spring is doing much to undermine the health of the present generation.

In the spring the blood is thin, the system run down and the body weak and enervated. What you need is a tonic and restorative, such as Dr. Chase's Nerve Food.

If you have been a slave to the habit of dosing the system with salts or similar weakening purgatives you will appreciate Dr. Chase's Nerve Food, which acts on the principle of forming new blood, building up the system and creating new nerve force.

It is something to strengthen rather than weaken that you most need in the spring, and Dr. Chase's Nerve Food supplies this need as no other medicine was ever known to do.

By its use the action of the heart becomes strong and regular, the stomach is supplied with the nervous energy which is necessary to healthful digestion, and every organ of the body is enabled to carry out the duty imposed on it by nature.

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

CHAPTER XV.

I HAD not formed my plan of taking part in the coming insurrection without many misgivings lest I should by so doing bring harm upon the Cavendishes. But on discussing the matter in all its bearings with Major Robert Beverly, whom I had ever held to be a man of judgment, he assured me that in his opinion there could no possible ill result come to such a household of women, especially when the head of it was of such openly avowed royalist leanings. Unless, indeed, he admitted, the bringing over of the arms and the powder was to be traced to Mistress Mary Cavendish.

This he said not knowing the secret of his first wife's tomb, and I feeling, as indeed I was, an arch deceiver. But what other course is left open to any man, when he can shield the one he loves best in the whole world only at the expense of some one else? Can he do otherwise but let the other suffer and even forfeit his sense of plain dealing? I have lived to be an old man, and verily nothing hath so grown in the light of my experience as the impossibility of serving love, except at a loss, not only to others, but to oneself But that truth of the greatest importance in the whole world hath also grown upon me, that love should be served at whatever cost. I cared not then, and I care not now, who suffered and who was wronged if only that beloved one was saved.

I went home that night from Barry Upper Branch riding a horse which Dick Barry lent me, on learning that I had come thither without one, though not in what mad fashion, and Sir Humphrey rode with me until our roads parted. Much gaming was there that night after we left; we leaving the Barrys and my Lord Estes and Drake and Captain Jaynes and many others intent upon the dice, but Humphrey and I did not linger, I having naught to stake and he having promised his mother not to play.

"Sometimes I wish that I had not so promised my mother," he said, looking back over his great boyish shoulder as he rode ahead, "for sometimes I think 'tis part of the estate of a man to put up stakes at cards and to win or lose as becomes a gentleman of Virginia and a cavalier. But, sure, Harry, a promise to a man's mother is not to be broken lightly, and indeed she doth ask me every night when I return late, and I shall see her face at the window when I ride in sight of the great house; but faith, Harry, I would love to win in something; if not in hearts, in a throw of the dice. For, sure, I am a man grown and have never had my own will in aught that lies near my heart."

With that he gave a great sigh, and I, striving to cheer him and indeed loving the lad, replied that he was but young and there was still time ahend, and the will of one's heart required often but a short corner of turning. But he was angry again at me for that, and cried out I knew not, for all I was loved in return, the heart of a certain maid as well as he who was despised, and spurred his horse and rode on ahead, and when we had come to the division of the road, saluted me shortly and was gone, and the sound of his galloping died away in the distance, and I rode home alone meditating.

And when I reached Drake Hill a white curtain fluttered athwart a window and I caught a gleam of a white arm pulling it to place and knew that Mistress Mary had been watching for me—I cannot say with what rapture and triumph and misgivings.

It was well toward morning, and indeed a faint pallor of dawn was in the east and now and then a bird was waking. Not a slave on the plantation was astir and the sounds of slumber were coming from the quarters. So I myself put my borrowed horse in stable and then was seeking my own room, when, passing through the hall, a white figure started forth from a shadow and caught me by the arm, and it was Catherine Cavendish. She urged me forth to the porch, I being bewildered and knowing not how, nor indeed if it were wise, to resist her. But when we stood together there, in that hush of slumber only broken now and then by the waking love of a bird, and it seemed verily as if we two were alone in the whole world, a sense of the situation flashed upon me. I turned on my heel to re-enter the house. "Madam," I said, "this will never do. If you remain here with me your reputation"—

"What think you I care for my reputation?" she whispered. "What think you? Harry Wingfield, you cannot do this monstrous thing. You cannot be so lost to all honor as to let my sister—You cannot, and you a convict"—

Then indeed for the first time in my life and the last I answered a woman as if she were a man and on an equal footing of antagonism with me. "Madam," I replied, "I will maintain my honor against your own." But she seemed to make no account of what I said. Indeed I have often wondered whether a woman when she is in pursuit of any given end can progress by other methods than an ant, which hath no power of circuitousness and will climb over a tree with long labor and pain rather than skirt it if it come in her way. Straight at her purpose she went. "Harry, Harry," she said still in that sharp whisper, "you will not, you cannot—she is but a child."

Then before I could reply out ran Mary Cavendish herself and was close at my side, turning an angry face upon her sister.

"Catherine," she cried out, "how dare you? I am no child. Think you that I do not know my own mind? How dare you? You shall not come between Harry and me! I am his before the whole world. I will not have it, Catherine!"

Then Catherine Cavendish, awakening such bewilderment and dismay in me as I had never felt, looked at her sister and said in a voice which I can hear yet, "Have thy way then, sister; but 'tis over thy own sister's heart."

"What mean you?" Mary asked breathlessly.

"I love him!" said Catherine.

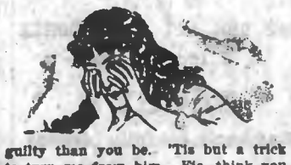
I felt the hot blood mount to my head, and I knew what shame was. I turned to retreat. I knew not what to do, but Mary's voice stopped me. It rang out clear and pitiless with that pitilessness of a great love.

"And what is that to me, Catherine?" she cried out. "Sure it is but to thy shame if thou hast loved unsought and confessed unasked. And if I had ten thousand sisters and they all in love with him, as well they might be, for there is no one like him in the whole world, over all their hearts would I go rather than he should miss me for but a second if he loved me. Think you that aught like that can make a difference? Think you that one heart can outweigh two and the misery of one be of any account before that of three?"

Then suddenly she looked sharply at her sister and cried out angrily:

"Catherine Cavendish, I know what this means. 'Tis but another device to part us. You love him not. You have hated him from the first. You have hated him, and he is no more

Catherine wildly weeping



guilty than you be. 'Tis but a trick to turn me from him. Fie, think you that will avail? Think you that a sister's heart counts with a maid before her lover's? Little you know of love and lovers to think that."

Then, to my great astonishment, since I had never seen such weakness in her before, Catherine flung up her hands before her face and burst into such a storm of wild weeping as never was, and fled into the house, and Mary and I stood alone together, but only for a second, for Mary, also casting a glance at me, then about her at the utter loneliness and silence of the world, fled in her turn. Then I went to my room, but not to sleep nor to think altogether of love, for my Lord Culpeper was to sail that day, and the next night was appointed for the beginning of the plant cutting.

CHAPTER XVI.

I KNOW not if my Lord Culpeper had any inkling of what was about to happen. Some were there who always considered him to be one who feathered his own nest with as little risk as might be, regardless of those over and under him, and one who saw when it behooved him to do so, and was blind when it served his own ends, even with the glare of a happening in his eyes. And many considered that he was in England when it seemed for his own best good without regard to the king or the colony, but that matters not, at this date.

In truth, his was a ticklish position—between two fires. If he remained in Virginia it was at great danger to himself, if he sided not with the insurgents; and, on the other hand, there was the certainty of his losing his governorship and his lands, and perhaps his head, if he went to tobacco cutting with the rest of us. He was without doubt better off on the high sea, which is a sort of neutral place of nature, beyond the reach, for the time, of mobs or scepters, unless one falls in with a black flag.

At all events, off sailed my Lord Culpeper, leaving Sir Henry Chichely as lieutenant governor, and verily he might as well have left a weathercock as that well intentioned but pliable gentleman. Give him but a head wind over him and he would wax fierce to order, and well he served the government in the Bacon uprising, but leave him to his own will and back and forth he swung with great bluster, but no stability. None of the colony, least of all the militia, stood in awe of Sir Henry Chichely, nor regarded him as more than a figurehead of authority when my Lord Culpeper had set sail.

(To be Continued.)

JILTED MAN'S REVENGE.

Married Man Sues Married Woman at St. Thomas for $2,000 Damages—Verdict for the Defendant.

St. Thomas, April 10.—A novel breach of promise case, made all the more novel from the fact that it was brought by a man against a woman and that both plaintiff and defendant are now married, was commenced at the spring Assize Court Thursday before Chief Justice Falconbridge. It was the case of James A. Learn, of Mapleton, against Mrs. Edward Biddle, formerly Miss Seraphine White, of Port Rowan, South Walsingham Township, for $2,000 damages.

Jilted Man's Behavior.

His lordship said that in his experience of 18 years he had never had such a case come before him. As a rule, when a man was jilted he pocketed his disappointment and said nothing about it. It was a very unusual thing for a man to come into court and say that he had gotten a very inferior wife to the one he might have got. He had claimed that she was not able to work as hard as a woman of 39, his present wife being over 60. His lordship came down heavily upon the plaintiff for his action in making his betrothed's letters a laughing matter at the Brown House.

The jury retired, and in less than half an hour returned with a verdict for the defendant, and the case was dismissed with costs.

Stricken With Paralysis

Mrs. W. R. Sutherland, St. Andrew's, Man., writes:—I was stricken with paralysis and lost power of the tongue and left leg. For six months I obtained no relief either by doctors' prescriptions or other medicines. My husband got me Dr. Chase's Nerve Food, which has revitalized my nerves and given me full power of the paralysed parts. I am strong and well now, thanks to this great medicine.

Victim of Deadly Disease.

Belleville, April 10.—Deep regret is expressed that the wife of John Bell, K. C., solicitor for the Grand Trunk Railway, is lying at the point of death. Saturday night a consultation of physicians was held, the result being that the malady was diagnosed as cerebro-spinal meningitis, the deadly complaint which is ravaging New York and some points in Eastern Canada. The stricken lady is almost 60 years of age.

Died in Card Game.

Ottawa, April 10.—Peter Z. Schau, a Dane, died in Ottawa East at 1.30 o'clock yesterday morning, under dramatic circumstances. He was playing cards with a number of comrades and said: "Let's have another game, boys." No sooner had the words passed his lips than he toppled over and died a few moments later. An inquest will be held to investigate the class of drinks used.

12 Years for Manslaughter.

Oswego, April 10.—Anthony Taldeboni was sentenced to Auburn prison for a term of 12 years and six months Saturday on a charge of manslaughter, having caused the death of Frank E. Roberts.

BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhilaration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are lasting. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kinny, of 608 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not eat nor sleep when I began taking the 'Favorite Prescription.' Heart troubled me and I had cold and numb spells till my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing; or, send 50 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Little Pellets

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomach, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

CURE SICK HEADACHE.

REASON No 25
WHY YOU SHOULD USE
Red Rose Tea

Because it is Reliable.

Some one has said: "A single fact is worth a shipload of argument."

A few facts: I introduced this tea to the public about ten years ago. In that short time the business has grown to such proportions that we now occupy the largest Tea warehouse in Canada.

This enormous business has been built up without extensive advertising.

The merchants who commenced handling Red Rose Tea ten years ago are the most enthusiastic in its praises to-day.

The merchants who sell it, the people who drink it, have found that it could be relied on

The brand, "Red Rose Tea," is accepted everywhere as a guarantee of the highest quality, and those who drink it are its best advertisers.

Ask some of your friends about it.

T. H. ESTABROOKS, St. John, N. B.
BRANCHES: TORONTO, WINNIPEG.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, sickness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "cold fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.

Consultation Free. Question Blank for Home Treatment and Books Free.

Corticelli SPOOL SILK

For dressmaking and family sewing Corticelli Silk is the best silk made. For hand or machine use it has no equal. Corticelli Silk runs smoothly in the needle; it is always even in size and always full length and full strength. Ask your dealer for "Corticelli," and refuse all substitutes.

Corticelli Wash Silks.....

are put up in patent holders, which prevents waste by tangles or soiling; keeps each shade separate, and automatically measures a correct needleful. Recommended as the only proper way to put up filo and floss silks, and used by art societies everywhere.

Corticelli SKIRT PROTECTOR

is of firm and even texture. When soiled, a sponge or brush makes it clean again, and no damage done. It has peculiar wearing qualities and perfectly straight selvage. For sale everywhere.

To Make Pure

Biscuit, cake, rolls, muffins, dumplings, etc., a pure leavening agent is indispensable.

While the Royal Baking Powder is reported absolutely pure and healthful, the official reports show most other baking powders, as well as the cream of tartar of the market depended upon by many housekeepers for raising biscuit and cake, to contain either alum, ammonia or sulphuric acid.

The Government Analyst of Ontario says:

"As a result of my investigation, I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength."

ROYAL BAKING POWDER CO., NEW YORK.

RECORD INITIATION IN SHERWOOD CAMP

Local Camp of Woodmen of World Initiated Twenty-two New Members Last Night—Head Officers of the Order Visit Peterborough and Deliver Addresses—Ladies' Circle was Instituted--The New Officers--A Delightful Evening Spent by Local Woodmen of the World Members.

Last night was a great night in the history of Sherwood Camp, W. O. W., for then the largest initiation of candidates since the formation of the camp took place. It was not only the largest initiation that has taken place since the inception of the Order here, but it was one of the largest in the history of the Order in the Dominion, and in addition to the initiation referred to, a ladies' circle, with a large membership, was formed.

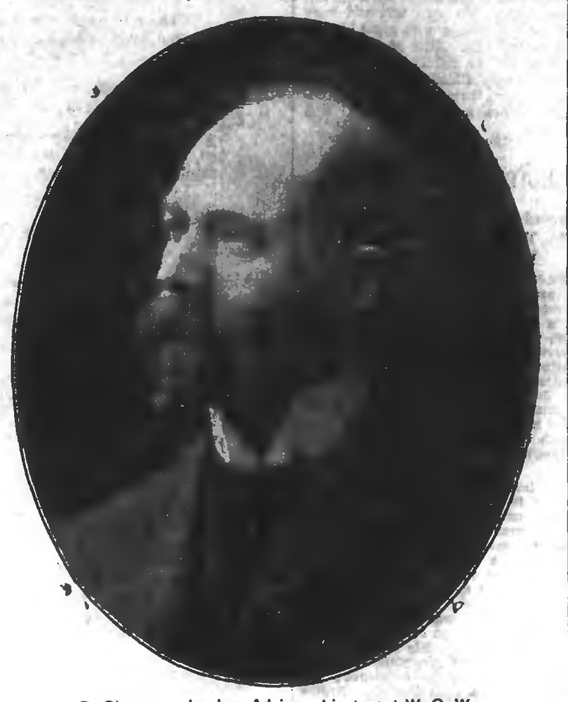
C. C. Hodgin, Lucan, Head Counsel Commander, W. O. W.

Two weeks ago Mr. J. W. Plowman, of Toronto, an organizer in the Order, arrived in town and since that time he has been working industriously in its interests, and the result of his work was seen last night when 22 gentlemen were initiated and applications were received from 30 others, in addition to the members of the Ladies' Circle, who were also secured through the efforts of Mr. Plowman.

The local camp last night was honoured by the presence of a number of the leading officers of the Order. Mr. C. P. Hodgins, of Lucan, who occupies the position of Head Consul Commander of the Order; Mr. D. Cinnamon, of Lindsay, Head Advisor Lieut.; Deputy Consul J. H. Connell, of Windsor, and Consul Commander A. Watson, of Lindsay, were the distinguished visitors, all of whom gave addresses during the evening, and expressed their gratification at the splendid success which the local branch of the Order was meeting with.

At seven o'clock the new members of the Ladies' Circle were initiated by Mr. Plowman, and after the initiation the officers were elected as follows:—

Past Guardian—Mrs. A. Gibbs.
Guardian—Mrs. M. F. Bradd.
Adviser—Mrs. A. M. Titterson.
Banker—Mrs. I. Wright.
Clerk—Mrs. E. Tooley.
Physicians—Dr. J. A. Morgan and Dr. F. J. Bradd.
Attendant—Mrs. A. Moore.
Inside Sentinel — Mrs. A. J. McCallum.
Outside Sentinel — Mrs. E. J. Wilson.
Managers — Mrs. M. Brooks, Mrs. E. J. Taylor, Mrs. J. H. Symons.
Organists — Miss Margaret Brooks, Miss Mildred Mary Moss.



D. Cinnamon Lindsay Adviser, Lieutenant W. O. W.

After the initiating ceremony the visiting members of the Order delivered addresses, the meeting being presided over by Mr. W. H. Meldrum, a newly initiated member.

Mr. Hodgins, the head of the Order, was the first speaker, and he congratulated the members of the local Camp upon the success with which it had met. He paid a high tribute to the splendid services rendered by Mr. Alf. Haskell, the energetic clerk of the Camp.

Mr. Hodgins spoke of the great progress which the Order had made in the past, and said that the prospects for the future were excellent.

Mr. Cinnamon of Lindsay, followed in a spirited address in which many complimentary things were said of the Order and the local Camp. He referred to the fact that a face which he had seen in the meetings in the past, was missing that of the late Sovereign Mr. John Fleming, to whose memory he paid a high tribute.

Mr. Watson and Mr. McConnell also spoke briefly. Mr. Plowman was asked to speak on behalf of the ladies, and in a humorous address he referred to the great help they had been to him in his work. His address was well received.

After the meeting the company repaired to the refreshment room, where a bountiful repast was served, and the company dispersed about midnight.

Sherwood Camp is in a decidedly flourishing condition, and with the impetus just received it should make even greater progress.

After the election of officers the meeting of the Circle adjourned and the installation of the new members of Sherwood Camp took place. There were 22 of these, and this exercise also was carried out by Mr. Plowman. It was a most impressive ceremony and was much enjoyed.

CLOSE FIGURING ON Y.W.C.A. BLINDS

The Peterborough Bookstore Awarded the Contract.

The Ladies do a Good Stroke of Business—Some Appropriate Remarks About Window Shades and Wall Papers.

The progress made in completing the Y.W.C.A. new building may be judged by the fact that the executive of the Ladies' Committee recently called for estimates for furnishing the inside royal opaque blinds for the windows. The exact number asked for was one hundred and eighteen blinds, to be made in varied widths and lengths, of the best handmade opaque cloth, in a special dark green shade. As the ladies were determined to secure the best possible value, they decided to ask prices from several of the drygoods stores, as well as from the bookstores, and fancy goods stores. This resulted in some fine figuring being done, and the competition was close and careful. When the estimates were all examined, it was found that the figures of Mr. A. H. Stratton, of the Peterborough Bookstore, were the lowest, and the ladies were satisfied that they had done a good stroke of business in awarding him the contract.

Speaking of window shades, it is pretty generally conceded that the Peterborough Bookstore has the call for what might be styled the distinctively high class blinds not seen elsewhere. Besides the handsome plain blinds in the new shades of opaque cloth, those embellished with simple lace, applique lace, torchon laces, and Arabian laces, are worthy of special mention. Mr. Stratton has also introduced this season two new special colours, in white and cream, which are selling well, and may be seen on the windows of some of our best residences in town.

But it is in high class wall paper that the Peterborough Bookstore prides itself most. The best types of interior wall and ceiling decorations, provided by leading decorators, are always to be found in the racks. There is no new scheme, no new pattern or device found in the city stores, that is not to be found at Stratton's, and invariably for a less price than asked for by the city dealers, a fact which must reflect very creditably on the buying policy of this store. In many respects the stock is unique, and the new spring styles and colours will prove a revelation, even to those who keep in touch with late achievements in the production of high class wall papers. A point to be considered is that expert service as to the treatment of the room to be papered is freely at the service of those who purchase even the cheapest lines.

In addition to the present efficient staff of salespeople in this department, the services of Mr. G. W. Graham, from the wall paper department of Messrs. R. Simpson & Co., Toronto, have lately been secured. Mr. Graham's success will be found as much in giving wall paper hints and suggestions and in helping his customers to make selections which will be remembered with gratitude.

All the new methods of decorating the walls and ceilings with papers of real artistic merit can be explained by Mr. Stratton's salesmen.

On Thursday and Friday of this week the Peterborough Bookstore is holding a special spring opening display of the choicest goods, which everyone should remember to come out and see.

A VALUABLE RECOMMENDATION

Satisfactory Work Done Under the Supervision of Mr. J. H. Pearson, of McPherson's Plumbing and Heating Establishment.

The following valuable recommendation received a few days ago, speaks well for the work done by the employees of Mr. F. J. R. MacPherson's heating and plumbing establishment, George street:—

Office of Lakefield Portland Cement Company,
Lakefield, April 1st.

"To whom it may concern:

"This is to certify that the bearer, Mr. J. H. Pearson, has recently installed a hot water heating system and also has done considerable plumbing for me in my residence. The heating system is the work of an artisan. His plumbing work is, without any exception, the best I have ever seen.

"Anyone in need of a skilful workman will do well to secure his services from Mr. F. R. J. MacPherson, of Peterborough, with whom he is employed."

3d W. H. E. BRAVENDER.

MEETINGS CLOSE WEDNESDAY NIGHT

Revival at Park Street Will End Then

The Park street revival is nearing its end. Miss Mamie V. Clarke has an urgent call to Rodney, but will stay to the farewell meeting on Wednesday and sing each night.

Rev. A. Philip Brace, the pastor's son, is taking hold of the services in good shape. His address last night on "Tightly Tied up People," was most acceptable and practical. The Glory Song was much enjoyed, and is becoming very popular.

The subject of to-night's address will be "Searchlight sights." All strangers are made welcome, and hymn books are provided.

Sweet Peas and Nasturtium Seeds.

Just to hand, a very fine stock from Burpee's celebrated strains; guaranteed profuse bloomers, with large finely hooded flowers. Sold by the ounce or pound. Jos. H. Cobb, Aylmer street greenhouses. Phone 132. Open until ten o'clock at night.

"THE DAYLIGHT STORE"

SMART DRESSERS

Young men are as a general thing the smartest dressers.

The up-to-the-moment young man is a sort of a lexicon of clothes style, and correctness. He knows what's what and gets it.

But good fit, the newest colours, patterns, etc. aren't enough; for unless that snappy, jaunty appearance characteristic of our excellent Tailor Made Clothing is there, it is not what the young man wants. Our success in pleasing young men is not just "luck". It's due to our knowledge of what the young man wants and **our ability to provide it for him.**

Our spring stock is now complete and prices always reasonable. Did you ever notice how many young men come here for their clothes? There's a reason for it.

2 Great Purchases!

$60,000 worth of the Merchants Mantle Manufacturing Co's stock was sold recently by the Bankrupt Court in Toronto, of which I secured a large portion at prices equal to less than one-half the cost of manufacture.

These goods were all made for this season's trade, and consist of Ladies' Fashionable New Spring Costumes, Suits, Walking Skirts, Silk Underskirts, Silk Top Skirts, Short and Three-quarter Tight-fitting Coats in Silk and Cloth, Silk Waists, Silk Capes, etc. The largest variety in town at prices never before known.

Great Purchase of Millinery, 600 samples of Toronto Hats from two big wholesale houses of Toronto, this spring's styles, comprising the newest and most expensive goods, in standard Chiffons. Regular prices of these hats would be from $1.50 to $3.00 each. Will be sold from 25c to $1.75 each.

If you want Carpets, Linoleums, Curtains, etc., buy at LASTAR'S and you'll save money.

DUTCH STORY OF FIGHT AT ETNAMBAS

Dispatch from Amsterdam Says a Naval Battle is in Progress at Etnambas Island—Five Dutch Warships are Watching the Contest—No Further Details--London Has Not Yet Heard of the Battle and is Inclined to Disbelieve it.

FIGHT IN PROGRESS.

Amsterdam, April 12.—A fight is now in progress near the Anambas Island, east of the Malay Peninsula according to a telegram from Batavia Island of Java to the "Handelsblad" newspaper. The despatch adds that five Dutch warships are near the scene of battle. Details are lacking.

BATTLE NOT CONFIRMED.

London, April 12.—No confirmation has yet been received in London of a naval battle off the Etnambas Islands, and as there is no cable connection with these Islands it is difficult to see how Batavia could have got such news before Singapore. A despatch to Lloyd's from Singapore to-day practically confirms the first information regarding the composition of the Russian squadron which passed there April 8. The squadron consisted of 7 battleships, two armored cruisers, five unarmed cruisers, three converted cruisers, seven torpedo boat destroyers, 17 steamers and hospital ships and a tug.

THE WANDERING RIVAL FLEETS

News of Movements of Russ and Jap Fleets of War—Rojestvensky is Moving—Will Effect Junction With His Singapore Division Probably at Cape Pandarin, on the East Coast of Cochin, China--Russian Admiralty Says Togo Has New Guns for His Ships from England.

St. Petersburg, April 12.—Whether Vice-Admiral Rojestvensky's battleship division passed through the Straits of Sunda or the Straits of Malacca, it is practically certain now that he is moving to effect a juncture with the division which passed Singapore, April 8. It is possible that this may not take place until the two divisions reach Cape Padarin, on the east coast of Cochin China.

Armed From England.

The Admiralty is not harboring any delusions on the score of the opinions of foreign experts, based upon the theory that Togo's ships are armed with guns which were worn out at Port Arthur, as the officials here know that there have been heavy shipments of guns from England during the past few months.

Base for Togo's Fleet.

Washington, April 12.—Minister Griscom, at Tokio, has cabled the State Department that he has been advised of the closing of Kelung to foreign ships until further notice. Kelung is a port on the north end of the Island of Formosa. It is believed here that the action of the Japanese Government in closing Kelung indicates that this port will be used by Admiral Togo as a base for his fleet.

Cruising Near Socotra.

London, April 12.—A despatch from Jibutil, on the Gulf of Aden, to The Daily Mail, says—"Vice-Admiral Nebogatoff's squadron has been cruising near Socotra.

"It is reported to be awaiting reinforcements from the Black Sea fleet."

Coal For Russian Fleet.

London, April 12.—A telegram from Singapore reports that four supposed colliers passed there, going east, April 10. These are presumed in shipping circles to be the advance guard of the sixteen Hamburg-American line steamers chartered to act as supply ships to the Russian second Pacific squadron.

Dutch Warships on Guard.

The Hague, April 12.—The Dutch East Indian squadron is said to have been ordered to proceed to the Anamba Islands (where the Russian squadron which passed Singapore April 8 is anchored), with the view of assuring the observance of neutrality.

Dress Making Department Second Floor

JAP PLANS FOR MANCHURIA.

Artillery Will Be Superior and Russians To Be Outclassed.

Tokio, April 12.—Japan is meeting the Russian plan of reorganization and reinforcement of its Manchurian armies with an extensive expedition from its own military organization. The details and figures are carefully concealed of what seems to be a plan to double the present army units, but it is reliably estimated that by autumn next the total military organization will exceed a million men actually employed in the field. The fighting force is roughly estimated at 700,000 men, with increases largely in the infantry and artillery, although an enlargement in the cavalry branch is also contemplated.

As a result of the manufacture at the arsenals in Japan, together with captures and purchases of guns it is predicted that this year will see a Japanese artillery superior to that of the Russian, in quality as well as numerically, and it is confidently believed that the Russians will be incapable of overcoming these numerical disadvantages. Wherever railway improvements are possible they will be carried out when Japan will be sufficiently strong to take and hold Harbin, and simultaneously continue operations against the Russian forces to the eastward of that city.

ARMING THE PEOPLE.

Russian Attorneys Will Now Confine Propaganda to Education.

St. Petersburg, April 12.—Another meeting of the pan-Russian congress of attorneys was held here yesterday and a resolution was adopted favoring the removal of the autocratic regime and the proclamation of democratic constitution on the basis of universal suffrage and a secret ballot.

It is announced that the attorneys intend to conduct a propaganda throughout Russia, to educate the people politically, and if necessary to arm them for physical resistance to arbitrary action by the authorities.

No arrests have followed these meetings, at which words were not minced, and open defiance of the authorities was evident.

At another meeting, held last night, the barristers decided to cancel a clause on the resolutions, in which it was proposed to furnish the people with arms to resist arbitrary acts. The meeting last night decided that such extreme action would defeat the entire object of the association.

Will Make Forty Arrests.

Rainy River, April 12.—Spooner was the scene of much excitement yesterday, and more serious trouble is expected. Nearly all of the women have deserted the town. William Duffield, the business partner of the murdered Mayor, is the centre of revenge, and was given a time limit to leave the town. He sought secluded quarters. About forty arrests will be made in connection with the murder case, which will include all the business men of Spooner.

Funerals Orderly.

Madrid, April 12.—The funeral yesterday of the victims of the reservoir disaster of Saturday was attended by great crowds of workmen, but no disturbances occurred owing to the stringent precautions taken, including the posting of military and police along the route to the cemetery.

Indians Get "Firewater."

Wiarton, April 12.—The streets of Wiarton were unusually lively yesterday owing to the loud talking and yelling of a number of Cape Croker Indians. The Red men had obtained more than the regular supply of "firewater," and were having a time. These "times" frequently occur after pay days in spite of the restrictions governing the sale of liquor to Indians.

Poor Exhibit in London.

London, April 12.—(C. A. P.)—Mr. Hutchison, the Canadian Exhibition Commissioner, is devoting his time to inspecting Canada's exhibit at the Imperial Institute, with a view to overhauling, adding and improving it. For years Canada's exhibit at the Institute has seemingly received little care or attention and has been an exceedingly poor advertisement for Canada.

Stabbed the Policeman.

Niagara Falls, April 12.—A colored man who gave his name as Johnson, and his home as Stratford, put in an appearance at the Grand Trunk depot about 2 o'clock yesterday morning, accompanied by a colored woman. Patrolman Campbell was summoned, and, covering the man with his gun, ordered him to surrender. The man struck right and left, knocking down a car examiner who was with the officer and inflicting a stab wound about 3 inches deep in the officers right shoulder with a knife. The officer finally clubed him partly into subjection. In the police court he was remanded for eight days.

C. P. R. Crop Report.

Winnipeg, April 12.—The first C.P.R. crop report of the season was issued yesterday morning. Taken generally the crop conditions are considered as most favorable. Seeding has begun about two week's earlier than last season, and rapid progress is being made. In some places there is need of more rain, while at others the ground is still too damp to be worked successfully.

The Gurney Co.'s Suit.

St. Catharines, April 12.—Justice Anglin and the special jury listened all yesterday to evidence in the case of the Gurney Foundry Co. against members of the various unions, and when court adjourned last night the case for the prosecution was not completed. J. E. O'Donoghue and M. J. McCarron, for the defence, may have no witnesses, as the prosecution is calling all the defendants.

Style for Sunny Days and Protection for Rainy Ones

The Semi-ready rain coat is a revelation to those who follow style. The style and fabric are those that would be used in any good light overcoat.

To looks and feeling that is all it is.

By a special process, this stylish fabric has been made absolutely impervious to the rain.

It's a coat for rain or shine.

There is only one way of knowing how good these coats are, and that is to see them and try them on. You can do that any day without being pressed to buy.

Semi-ready Tailoring
Cressman

IT WASN'T A FIELD DAY.

Expected Important Telephone Committee Witness Failed to Appear.

Ottawa, April 12.—A field day was expected in Telephone Committee yesterday, as Mr. L. B. McFarlane, general superintendent of the Bell Telephone Co., Montreal, was expected to testify. The opening of the meeting, however, was a disappointment, for Mr. T. Chase Casgrain, ex-M. P., Montreal, came forward with a doctor's certificate that Mr. McFarlane was quite ill and unable to come without serious danger to his health. He is in bed.

Mr. Casgrain, however, produced copies of the agreements between the Bell Co. and the Canadian railway companies, presumably each binding as to monopoly of service and exclusion of other telephone companies; also letters with several other companies, relating to agreements.

Mr. Casgrain also presented a list of shareholders and a list of patents by the Bell Co. He announced that Mr. C. F. Sise, president of the Bell Telephone Co., was in Italy when he was cabled of the committee's work and he at once retraced his steps. He is now on the ocean on his way home and will be back to Montreal by April 19 or 20, when he will be prepared to come before the committee.

The chairman submitted a form of resolution inviting anyone of the public who is interested to appear before the committee and give evidence or to submit his views in writing. The committee accepted this view and the public are expected to take that as a notice of their being welcome to give their views. All communications addressed to the chairman, Sir William Mulock, Ottawa, will receive attention.

Mr. Maclean asked that officials of the G. T. R. and C. P. R. who signed the exclusive contracts with the Bell Telephone Co. be summoned in the meantime for examination, but Mr. Casgrain objected that these contracts would be part of the Bell Co.'s case, and he suggested that it would be better for the committee to wait until Mr. Sise was present, as he was the only one, in the absence of Mr. McFarlane, who could explain matters connected with these contracts. The committee will decide at an early date what course to pursue.

It was decided to summon Mr. Alex. M. Stark, of Toronto Junction, to give evidence in reference to the operation of the automatic system there, also Dr. Culbertson, president of the Merchants' Telephone Co. of Montreal, and Mr. McRae, chairman of the Telephone Committee of the city of St. John, N.B., who has made a study of the question of the municipal telephone.

The committee will meet to-day to examine Dr. Demers, representative of the Independent Telephone Co. of Bellechasse, Que.

At a private conference held subsequently the committee decided to retain counsel to advise them and to carefully go over the numerous exhibits and documents filed and conduct the examination of witnesses.

Progress in Plot Discovery.

Paris, April 12.—Capt. Velpert, of the 11th Infantry, has been arrested on the charge of complicity in the supposed military plot against the security of the State. A German commercial agent named Hansen, residing in Paris, has been arrested in connection with a supposed military conspiracy.

Mrs. J. E. Finn, 83 East High street, Buffalo, N. Y., writes:

Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—"A few years ago I had to give up social life entirely, as my health was completely broken down. The doctor advised a complete rest for a year. As this was out of the question for a time, I began to look for some other means of restoring my health.

"I had often heard of Peruna as a excellent tonic, so I bought a bottle to see what it would do for me, and it certainly took hold of my system and rejuvenated me, and in less than two months I was in perfect health, and now when I feel worn out and tired a dose or two of Peruna is all that I need."—Mrs. J. E. Finn.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O., for free advice.

MRS. MORROW'S CHORUS CLASS.

Members are Rapidly Becoming Very Proficient.

A New Four-part Musical Number in Course of Preparation.

"Progress," is the watchword of Mrs. Morrow's choral class. All the regular attendants of the class are becoming highly proficient in the study of music, and have no longer any fear of being considered tyros in that art by the most critical audiences.

A new "Ave Maria," in four parts is now being rehearsed. The pupils already show good knowledge of their parts and will in a short time be able to render this chorus in a manner that will be devoid of all imperfections.

The tenors appear at present to be rather weak. Probably this fact can be accounted for by the small number of such voices in the class. But that is a defect which can be readily overcome by the addition of a few more voices to assist those who already take the tenor part of the chorus.

On Monday night Miss Wilson contributed greatly to the pleasure of the class by a well rendered vocal solo. Miss Wilson has a beautiful soprano voice, and sings with good expression. She was loudly encored, but she did not respond to the wishes of her hearers. Let us trust, however, that she will give the encore number in the near future.

The members of the class were pleased to have Mr. Butcher in their in their midst on Monday night. He played the flute obligato for Miss Wilson's solo, Mrs. Morrow accompanying on piano. To Mr. Butcher the class extends an invitation to come again to contribute to the evening's enjoyment. All present highly appreciated the obligato which he so well played on the sweet toned flute.

SUCCESS OF THE MILKING MACHINE

Mr. H.H. Dean Endorses it as a Practical Substitute for "The Hired Man", Who is so Difficult to get These Days.

Regarding the use of the milking machine, Prof. H. H. Dean, of the O.A.C., Guelph, says: "During the month of February last I visited three farms in Little Falls, N. Y., where they are using a milking machine manufactured by D. H. Burrell & Co., of Little Falls. This machine is a modification of the "Lawrence-Kennedy" milking machine. The farmers are well pleased with the work of this machine, and, so far as I can see, I consider it quite practicable. It will milk from eight to ten cows at once, and on one farm one man was milking from thirty-two to thirty-six cows, night and morning, and doing this work in about an hour and a half. They say they are able to dispense with the help of one man since the introduction of the milking machine. We hope to have one of these machines installed in the dairy department of the college in the near future, although the manufacturers have not yet placed them on the market, but they hope to be able to do so in the very near future. We are also trying to get a Canadian firm to take up the manufacture of the machine in Canada. I have great faith in the future of the milking machine and its possibilities of lessening the labour in connection with the keeping of cows."

SUMMER SERVICE TO JACKSON PARK

Two More Cars Will Be Placed on That Line on May 1st—A Large Traffic Expected from That Part of the Service During Coming Summer—No Amusement Park at South End of the Town—Street Railway Company Will Operate all the Cars the Traffic Will Stand.

On May 1st two new street cars will be added to the present service. These cars will be placed on the Jackson Park line, and the new service will be inaugurated to accommodate what is believed will be a large part of the summer traffic, that to Jackson Park. The company is anticipating a large revenue from the Jackson Park line this summer, and their is little doubt that their expectations will be realized. There is no immediate prospect that an amusement park will be established at the southern end of the line, and consequently during the warmer months there will be many persons who, during the afternoons and evenings will go to Jackson Park for picnic parties, etc.

Mr. Larmonth is authority for the statement that the company will run just as many cars as the traffic will stand.

Each car costs a certain amount per day to run, and if the company can run cars with a fair margin of profit over and above the operating expenses, they will run them. It is probable that additional cars will be placed on the Jackson Park line permanently, since it is looked upon as a fairly good revenue producer. It is also probable that the George street line service will have to be increased with the opening of river navigation, for, since the steamers, at least in the early part of the season, will have to unload their passengers below the locks, and practically right at the end of the present car line.

The question of double tracking George street, is one which the company will not decide until the town reaches a decision as to paving the street.

ANNUAL STATEMENT OF THE METROPOLITAN LIFE

A Showing of Stupendous Insurance Figures.

The Metropolitan Life Insurance Company, which is peculiarly a company "of the people, by the people, and for the people," to use its own expressive phrase, has issued its annual statement, showing its present condition, and the volume of business done in 1904. The document is made unusually interesting by a number of graphic comparisons and illustrations employed to make its vast array of figures readily comprehensible. For example, the total amount of the company's outstanding insurance is given as $1,470,424,281.00—a row of numerals simply bewilders to the ordinary mind. When it is added, however, that the number of policies covered by this sum would give one policy to every man, woman and child in Greater New York, Chicago, Philadelphia, Boston, Cleveland, Quebec, Montreal, Ottawa and Toronto, one gets a tolerably clear idea of what the figures really mean.

Again as to the volume of new business for 1904. The total amount of insurance written during the year was $436,570,349.00 — an average of $1,426,700.50 per day.

Policy holders appreciate the significance of figures showing claims paid, and perhaps the most impressive paragraph in the whole statement is the one in which claim-payments are reduced to the minute rate — one claim paid every minute and a quarter of every eight hour day in the year — $102.54 paid to beneficiaries every minute. There can be no misunderstanding of figures given in that manner.

The assets of the Metropolitan Life at the close of 1904 were $128,094,315.24. Its income for 1904 was $55,965,756.91 — greater by over six million dollars than the income for 1903. There were 8,029,906 policies in force on January 1st. The total amount paid to policy holders and beneficiaries since the company's organization, is $277,290,466.48.

An interesting item is the one showing Canadian securities deposited with that Government to secure Canadian policy holders. These aggregate $2,612,495.55.

The record of growth as shown for increase of assets from a little over two and a quarter million dollars in 1884, to more than one hundred and twenty-eight million in 1904 is astounding, as are all the other figures in this remarkable statement.

A very good illustration of the company's newly completed office building — the largest in the world —situated at Madison avenue, Fourth avenue, 23rd street, and 24th street, accompanies the statement. This building, occupying the whole of a large city block, is notable not only for its massive proportions, but for great architectural beauty and solidity, apparently designed to typify the company itself.

The Metropolitan Life issues policies from $1,000 to $1,000,000 in its ordinary department, and Industrial policies for smaller amounts on all insurable persons. Its policies, in the words of the company, "are plain business contracts, which tell their whole story upon their face, leave nothing to the imagination, borrow nothing from hope, require definite conditions and make definite promises in dollars and cents."

The complete statement, from which the above random extracts are taken, is commended to the public for careful reading. It is calculated to convince one that the Metropolitan Life deserves the confidence reposed in it by so many millions of people.

Afflicted with Erysipelas For Ten Years.

Cured by Four Bottles of Burdock Blood Bitters.

Mrs. N. Peister, of Brighton, Ont., was Cured Two Years Ago and Has Had No Return Of It Since.

Read what she says:—"It is now about two years since I was cured of a terrible attack of Erysipelas, with which I had been afflicted for about ten years. I had tried almost everything, including medicine from several doctors, but could get no relief. I had given my case up as hopeless, but I procured five bottles of Burdock Blood Bitters, and it completely cured me. In fact, the cure has been permanent. It is now two years since I took Burdock Blood Bitters, and I have not had the slightest sign of the disease returning. I fully believe that your wonderful remedy has taken it so completely out of my system that I shall never be bothered again with it. I have the greatest of faith in Burdock Blood Bitters."

COL. MATHESON IS RESOURCEFUL

Provincial Treasurer Delivers His First Budget Speech.

HIS ADDRESS DISCURSIVE

Explained Various Funds and Other Matters Connected With the Finances For the Benefit of the New Members of the House — Mr. Harcourt Will First Reply For Opposition.

Toronto, April 12.—Hon. Col. Matheson, who for so many years was the Opposition's only financial critic in the Legislature, in his capacity as Treasurer of the new Conservative administration, delivered his first budget address yesterday afternoon. He spoke for two hours and twenty minutes, and a great deal of his time was taken up in explanation of various funds, and other matters connected with the finances, for the benefit of the new members of the House. His address therefore was somewhat discursive and less specific on many points than would otherwise have been the case.

Figures Out a Deficit.

The hon. the Treasurer, who was frequently heartily applauded by the Government side, figured that the deficit for the year ending 1904, including accounts of $181,262, which had not been paid by the former Government, was $480,351. The liabilities, including the Temiskaming loan, totalled $11,709,650; indirect liabilities, being the Soo guarantee and Niagara Falls bonds, $2,600,000. The trust funds of the Province held by the Dominion, which he claimed could not be properly counted as assets, totalled $3,875,024. The cash and debenture assets totalled $3,011,960, and there was a balance of cash on the Temiskaming Railway account of $1,354,686.

Turns on Three Points.

The question of whether there was a surplus of assets over liabilities turned upon three points, on which there would no doubt be discussion. First, whether, as the Government claimed, the $5,500,000 on Temiskaming Railway bonds due in May next was a liability; second, whether they should consider the common school fund, land improvement fund, the grammar school fund and the Upper Canada building fund as assets, or trust funds for specific purposes, and not as funds that the Province could use at any time, the latter being his contention; and, third, whether they could look upon the subsidy of 1884 as a capitalized amount, or merely as increased subsidy. He took the latter view.

The Estimates.

The Treasurer's estimated expenditures totalled $5,979,789, and his receipts $5,515,269, including the cash balance on December 31, 1904, of $2,885,584. The largest items of estimated receipts are subsidy, $1,239,287; Crown Lands Department, $2,250,000; succession duties, $450,000; tavern and brewers' licenses $365,000; supplementary revenue tax, $420,000; casual revenue, $100,000; public institutions, $110,150. Mr. Harcourt for the Opposition will resume the debate this afternoon.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used used in many epidemics of that disease with perfect success. For sale by all druggists.

Perfect Woman

You may have the Beauty of Perfect Health

The perfect woman is the woman who has perfect health. Beauty is more than skin deep. Beauty is as deep as pure blood and a perfect digestion. Especially is female beauty dependent on the perfect health of the delicate female organism.

If you wish to have the beauty and attractiveness of perfect health, if you wish your eyes to sparkle, your complexion to resume its brilliancy, and your whole body to thrill with the glow of renewed vitality, take that famous woman's medicine,

Lydia E. Pinkham's Vegetable Compound

If you have headaches, backache, organic pains, painful or irregular monthly periods, any womb or ovarian trouble, begin with Lydia E. Pinkham's Vegetable Compound at once. It will save you needless suffering. It will restore your womanly beauty.

Dear Mrs. Pinkham:—Soon after my marriage my health began to fail. I was unable to sleep, became very nervous and had shooting pains through the abdomen and pelvic organs, with bearing down pains and constant headaches, causing me much misery; my monthly periods became very painful and I became a burden to my family.

Lydia E. Pinkham's Vegetable Compound cured me within three months. I am stronger and look better than I did before I was married, and there is great rejoicing in our home for what your wonderful medicine has accomplished for me. Mrs. M. A. C. LETELLIER, 733 Cadieux Street, Montreal, Que.

No woman, were she a Venus de Milo, could continue beautiful with a dragging down female complaint. Mrs. Pinkham invites all sick women to write to her for advice. Many have benefited by it.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

ANOTHER RECORD WEEKLY DRILL

57th Regiment Had Great Turn-out Last Night.

Men are Getting in Shape for Their Trip to Ottawa.

Another evidence of the fact that that this year the 57th Regiment will be more popular than ever before, was furnished last night, when the second weekly drill of the season was held, and there has never been such a turn out in the regiment's history for the second drill of the season, as that of last night. In one of the companies there were 89 men out of a possible 40, in uniform, and the regiment is now almost up to strength.

The young men of the town seem to be imbued with the military spirit and are entering into the work of the regiment this year with great enthusiasm. The prospects are that not only will the regiment be up to strength this year, but if the interest manifested in the drill now is sustained during the summer, the men will have attained a degree of efficiency superior to that of any previous year.

No doubt the prospects of the trip to Ottawa this year, has something to do with the interest displayed. The Ottawa trip is one which offers great attractions to the men of the regiment, and they are looking forward with pleasure to a renewal of the associations with the members of the Foot Guards, who visited here last summer.

The prospect of the new armouries has doubtless influenced the men in taking a deeper interest in the regiment this year. The weekly drills will be continued during the summer and when they make the trip to Ottawa they will be in good shape.

On the occasion of that visit the regiment will be reviewed by General Lake, chief of staff of the Canadian Militia, who signified his willingness to review the troops, on his recent visit here.

MEETINGS WILL CLOSE TONIGHT

Farewell Service at Park Street Baptist Church.

A farewell meeting will be held to-night at the Park street Baptist church to Miss Minnie V. Clark and the evangelist. Miss Clark will sing by request a very popular number, and wind up with "The Glory Song." "A Peculiar Distinction" will be the subject of an address by the pastor's son, the Rev. A. Philip Brace. It is expected to be a very happy wind up to a most successful series of meetings. A large number of candidates for baptism will be present. The ordinance of Baptism will be observed on Sunday next.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

HOW BROADBENT MET HIS DEATH

Companion of Unfortunate Boy tells Story of Drowning.

The mystery surrounding the death of the late John Broadbent who was drowned on Saturday last, has been cleared up by little Jimmy Mercer, a lad about the same age as deceased, who told the story of the accident yesterday. Mercer and deceased were playing about on the west embankment of the creek near Leonard's blacksmith shop. They would pile stones on the edge of the embankment and then sit down and push the stones into the creek with their feet. Deceased, in endeavouring to push one of the stones in, lost his balance and toppled over the embankment into the creek. Mercer, who is but a mere youngster, became so excited that he would say nothing regarding the accident on Saturday and it was after much inducement that he told his story yesterday.

In addition to the large cut over the eye, which is supposed to have been caused by the fall from the embankment there were two large bruises on the head, caused no doubt by the drop over the dam.—Guide.

TREASURER OF UNION STEALS

Former Peterborough Man Accused of This Crime.

Daniel Murphy, formerly of Peterborough, is said to have so little appreciated the confidence of his fellow brick-makers that he stole $33.75 intrusted to him as treasurer of the Brickmakers' Union. Mr. McBrady, his counsel, told Magistrate Denison, Toronto, yesterday, that Murphy paid out the money in various sums, on being instructed to do so by the executive of the Union. Murphy was also charged with neglecting his children. On the charge of theft the prisoner was remanded until Friday.

UNION HALL, STEWART'S

(From Our Own Correspondent.)

Union Hall, Stewart's, April 11.—Sugar making is said to be very poor this year on account of the little frost in the bush.

Mr. Fred Stewart is recovering from a severe attack of la grippe.

Miss Lizzie Stewart and Miss E. Deyell are collecting missionary money.

Several of our young men spent Sunday at Crystal Springs.

Mr. W. S. Stewart had the misfortune to lose a very fine cow.

Mr. Herbert Taylor is engaged in training a young colt.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

LASSWADE.

From our Own Correspondent.

Lasswade, April 12. — The snow is nearly gone. The roads are in a little better condition now, and the wheels are on the way again. We heard the last jingle of sleigh bells on Sunday.

Mrs. H. Woodbeck who is at present in the Kingston Hospital, is gradually recovering. We will be glad to see her in our midst again.

Miss Lucy Steen returned home last Saturday.

Mr. David Wease left our vicinity last Monday for a time.

A few of our people are busily engaged in syrup making the past week. Shall we hope for some sweet night soon?

FALSE THEORIES

Lead to Worthless or Harmful Remedies.

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capsicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation, or dandruff cure, or hair restorer on the market that would kill that insidious germ that dries up the scalp in little scales called dandruff, and disarches the vitality of the hair, causing falling hair, and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

Will Lose His Deposit.

Montreal, April 11.—The election yesterday in St. James' division resulted in 2,490 ballots being cast for Hon. Lomer Gouin, and 564 for Alex. St. Martin, his opponent, the latter, of course, losing his deposit.

KELPION

A PERFECT HOME REMEDY.

A Preparation—not a Patent Medicine. Endorsed by best English Journals. Supplied to British Soldiers in South Africa.

For all Throat and Chest Troubles. "Kelpion" kills Bacteria. Soothes Irritation. Relieves Pain. Cures Coughs, Colds, Bronchitis, Influenza, Hoarseness, Sore Throat, Asthma, Whooping Cough, Croup, Hay Fever.

CLARKE—MY CAPPER

Clarke

is the Largest Cloth Cap Dealer in Peterborough

That is a very broad assertion to make, but it has taken years to accomplish this, and now that he has it the public may just as well know it.

He carries the biggest variety of Cloth Caps, in all their newest shapes and colours, and as a new block comes on the market it is shown in this store within a few days.

If you want a cap the same colour as your suit, get a piece of cloth ⅓ of a yard, same as suit and we will make the cap for you.

We make Boys' and Girls' Tams and Caps to your order.

THE PRINTER IN POLITICS.

According to some pessimists the devil is in politics. We have been some times inclined to think they may be right to a certain extent, but now we can be certain of it. Hon. Frank Oliver, the new Minister of the Interior, an editor who rose from the ranks was once a printers devil, swept the office, had ink on his face, "pulled" proofs, ran errands sawed wood, scrubbed type with oxide lye, got kicked and cuffed like the average printers devil, "stuck type" and went through all the grimy details of an apprentice printer's grimy career, and on and up to the reporter's desk, the editors chair and finally he has emerged before the world wearing the thorny aureole of a Minister of the Crown. Mr. Oliver though only 52 years of age has had a practical experience which admirably fits him for effective attention to the details of his office, while his experience and training as an editor give him a breadth of outlook and grasp of the marrow of matters that qualify him for the moulding of policy such as a successful Minister should be capable of. Many modest printers have come to large political responsibilities, for many notible men in Canadian history have been printers and printers devils. Wm. Lyon MacKenzie who Oyam'ed the family compact and precipitated the ruction that smashed that, is a small way, arrogant coterie, and brought this country the political liberties and privileges we enjoy in such large measure to-day, was a printer, and editor. So was another Mackenzie — Sir Mackenzie Bowell, who is best known, perhaps, apart from the good features of his journalistic and private life, as the innocent author of "the nest of traitors." Hon. C. F. Fraser was a printer, and rose to the position which he holds unchallenged to-day, of enjoying the deserved reputation of having been one of the best, most honest and most incorruptible Minister of the Crown, this country has ever had. Hon. Thomas White, a former Peterborough boy, was also a printer, and went up the ladder till he reached a seat at the council board of the Sovereign. The late E. F. Clarke was another printer whose life gilded the guild of printers, and was marked as a Minister of the Crown, when the Conservatives, in the course of a generation or two, should have come to office. You can't keep the printer down. If he does not rise in this world, he will in the day when good deeds and records of benefactions to humanity are appraised, be invited to go up higher.

EDITORIAL NOTES.

The councillors of Smith and North Monaghan have opposite ideas of woman's right to be added to the voters' list. The gallant Smith legislators met the ladies half way, and pronounced in favour of putting the provincial ballot in the fair hands of the ladies. The "grumpy" North Monaghan councillors showed insulting indifference to the claims of the ladies to be put on the list. Some men are gallant, and others are —otherwise, in regard to conciliating the ladies.

The Conservatives in Opposition made loud promises of retrenchment in public expenditure. Now they are in office it is proposed to create two new portfolios—Minister of Mines and Minister of Health and Labour—representing an additional expenditure for Ministers' salary and office expenses alone of between $20,000 and $30,000 per year. It does not appear that these additional portfolios are so badly needed in the interests of the public service as in the interests of the party to provide places for the multitudinous claimants for office and place, which are making Mr. Whitney's position as Primer, anything but a bed of roses. Mr. Whitney is developing many qualities as a Premier which deserve recognition, and it is to be hoped that he will develop the quality of "standing off" office seekers to an extent that will save Ontario from being subjected to a practical recognition of the vicious spoils doctrine originating in the United States.

WHAT TERRITORY MANITOBA WANTS

The Territory Available to Meet Their Demands.

The Territorial Rights of the Province of Ontario.

Imagine for a moment that you are a citizen of Canada, without a preference for one province or the other, and see if you can decide what your views would be about the extension of the boundaries of Manitoba.

That province is small as provinces go. Its territory comprises 75,000 square miles, which is large in the view of the Nova Scotian or New Brunswicker, but small in the view of the Ontario man, whose province has an area of 220,000 square miles. But aside from all that, let it be said at the outset that Manitoba is in the West, where the space is ample, and where no province need be cramped for room. In the East we have some provinces that are small; in the West there is such an abundance of space that nobody could fairly argue in favour of having a small province. If we have a small province out West it will inevitably follow that we must either have another province too large, or we must have an unnecessary province.

Manitoba should not be limited to a territory of 75,000 square miles. Where then shall she get her additional territory? Ask Manitoba where she shall get it and her answer will be quickly given. She would get it mostly from Assiniboia, partly from Saskatchewan, and partly from Keewatin. If the Canadian citizen, not prejudiced in favour of one province over others, will look at the map he will see the reason. Clearly, Manitoba could in her own interests best extend in those three directions. But there is an objection. The part of Assiniboia which Manitoba would annex, is about the best settled part of what is to be the new province of Saskatchewan. The people do not want to be annexed to Manitoba. Having been for years concerned in the affairs of the Northwest Territories and most influential in the direction of those affairs, they want to set up and assist in directing a province of their own. These people send representatives to the Territorial Legislature at Regina and to the Parliament at Ottawa, and they declare in both places that they do not want union with Manitoba, but they do want to form part of a new province, with Regina as the capital. Where under the representative system of Government is to be found the authority to coerce the inhabitants of this wide stretch of country? It could be done, and perhaps it ought to be done, if Manitoba were so situated that, unless she got this territory, she would forever be denied the room she ought to have. But that is not the case.

The District of Keewatin is for the most part an excellent country, extending north and east of Winnipeg. As yet there is no telling what its resources really are, although it is known that much of the country is of the first quality. If she does not get the slice of Assiniboia that refuses to come to her, Manitoba insists that she should and must get all of Keewatin. If she gets all that vast district she will have a territory double in extent that of Ontario which has come to be considered the most important Province in the Confederation. Should Manitoba insist that she shall jump from her position as one of the small Provinces into that of the largest Province in Canada? Not without an argument and a fair consideration of all the facts will be the answer of the citizen of Canada who has divested himself of his predilections for his own Province. It may be true that Manitoba should not be a small Province, nor has it a claim to be made double the size of Ontario. The latter Province extends to James' Bay, but not to Hudson Bay proper, and if, as is expected Hudson Bay is to become important as an outlet to the trade of Canada, it is not thought that James' Bay can play much of a part in it.

Manitoba can get a coast on Hudson Bay and territory that will make her equal in size to Ontario without getting a slice of Assiniboia against the will of its people, and without denying Ontario part of the Hudson Bay coast line. Manitoba should want no more than that.

FOR STANLEY BARRACKS.

Quartermaster-Sergeant Instructor Medhurst Here.

Finds Difficulty in Securing Sufficient Number of Men.

Quartermaster Sergeant Instructor Medhurst, of the Royal Canadian Dragoons, Stanley Barracks, who is en route to Montreal, on a recruiting tour, in the interests of his regiment, arrived in town this morning, and will remain here until Saturday.

He is here for the purpose of securing recruits for the permanent corps for three years service at Stanley Barracks.

Mr. Medhurst has already visited Whitby, Lindsay, Port Hope and Millbrook, and states that he has met fairly good success in those towns, but he finds that there is no absorbing desire on the part of elegible young men to enlist in the services of His Majesty.

He attributes this lack of interest to the fact that the country is prosperous, and the pay which a soldier receives is not particularly attractive to the average able bodied man, who can make more money in other occupation.

He has secured three or four men in each of the towns he has visited, and will continue his trip, after he leaves here on Saturday to Montreal, taking in the towns en route.

HEALTH IN SPRING

Nature Needs Assistance in Making New Health-giving Blood.

Spring is the season when your system needs toning up. In the spring you must have new blood just as the trees must have new sap. Nature demands it. Without new blood you will feel weak and languid; you may have twinges of rheumatism or neuralgia, occasional headaches, a variable appetite, pimples or eruptions of the skin, or a pale, pasty complexion. These are certain signs that the blood is out of order. The only sure way to get new blood and fresh energy is to take Dr. Williams' Pink Pills. They actually make new, rich blood—they are the greatest spring tonic in the world. Dr. Williams' Pink Pills clear the skin, drive out disease and make tired, depressed men and women bright, active and strong. Mr. Neil H. McDonald, Eastmere, N. B., says: "It gives me great satisfaction to state that I have found Dr. Williams' Pink Pills all that is claimed for them. I was completely run down, my appetite was poor and I suffered much from severe headaches. Doctors' medicine did not give me the needed relief, so I decided to try Dr. Williams' Pink Pills. I used only a few boxes when my former health returned, and now I feel like a new man."

Dr. Williams' Pink Pills are not only the best spring tonic, but are a cure for all troubles due to poor blood or shattered nerves. That is why they cure headaches and backaches, rheumatism, anaemia, kidney and liver troubles, and the special secret ailments of women and growing girls. But you must get the genuine, with the full name, "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

DORMITORY PLAN PROVES POPULAR

Y. M. C. A. Furnishing "Company" is Selling Shares.

The shares for the "Y. M. C. A. Dormatory Furnishing Company" are being taken up in a hearty way by the members of the Association. The young men feel that now is their opportunity to show that they are in the Y.M.C.A. for what they can give as well as what they can get. Their response has been most encouraging and those who have not taken shares are invited to do so at once so that the work of furnishing can go on and the new rooms opened early in May.

A MAGNIFICENT SHOWING OF
FLOOR COVERINGS, CURTAINS and DRAPERIES

ONCE UPON A TIME this was an ordinary Carpet and Housefurnishing Store. NOT SO NOW. To-day it is easily the PEER of any Carpet and Housefurnishing Store in Peterborough, or any city its size in Canada, for exclusiveness in design, assortment and quantity. And further, we make the contention, fully realizing its import, that the best values of the season in Floor Coverings, Draperies and Curtains are to be found at Hall's. It is a fact known to all in closest touch with the carpet market that prices this season are higher owing to the advance in the price of wool; but months ago, by exerting to its full capacity the tremendous purchasing power of our syndicate of sixteen stores, we are able to quote this season prices that are actually lower than those of a year ago. SEE THE GREAT VALUES WE HAVE TO OFFER IN FLOOR COVERINGS, DRAPERIES AND CURTAINS.

All Wool Carpets

460 yards, All Wool Carpet, 36 inches wide. A nice selection of artistic floral scroll and conventional designs in good wearing colours; very durable and suitable for Dining Rooms, Sitting Rooms and Bed Rooms. You would expect to pay 75c to 85c per yard for this quality, our special price per yard..... 69c

Scotch Linoleum

You'll get Much the Best of the Bargain Buying Your Linoleum Here

625 yards Scotch Linoleum, 4 yards wide, in floral block and tile patterns. A beautiful lot of Linoleums, well finished and well seasoned, two important factors in a Linoleum, which add greatly to their wearing qualities. Our special price, per square yard 50c

If you have a House-cleaning want we are certain we can SAVE YOU MONEY.

Nottingham Lace Curtains

Since the invention of the Lace Machine nearly 100 years ago, Nottingham, England has been the most important centre in the world for the production of Lace Curtains. See the two Leaders in Nottidgham Curtains mentioned below.

At 79c—Nottingham Lace Curtains, 50 to 53 inches wide, 3 1-2 yards long, Colbert's Patent Corded Edges, neat border, with plain and scroll centres, per pair 79c

At $1.50—Nottingham Lace Curtains, 50 to 54 inches wide, 3 1-2 yards long, extra fine quality Net, Colbert's Patent Corded Edges in a vast range of spray and floral designs, per pair.. $1.50

THE REGIMENT WILL MAKE OTTAWA TRIP

Men Voted Last Night Against a Postponement of their Annual Trip, to Ottawa—They Will Not be Here to Participate in the Celebration Unless it is Postponed—Trip Could Not Be Called off Without Discourtesy to Ottawa Regiment—Citizens' Meeting Will be Held in the Near Future.

At last night's drill of the 57th Regiment the men were asked to decide whether they would go to Ottawa on July 1st, as had been originally intended, or postpone their visit for the purpose of assisting in the inauguaral celebration, which has been proposed to commemorate the elevation of Peterborough to the status of a city.

The deputation, consisting of the members of the Special Celebration Committee, appointed by the Council, and of which Ald. Hicks is chairman, waited upon the officers of the regiment at the drill shed last night, and placed the matter before the officers, who in turn, submitted it to their men, each company commander bringing it to the attention of his company. The unanimous opinion of the men was that the trip should be made on the date suggested. The officers so reported to the deputation, and the consequence is that the regiment will go to Ottawa, as originally intended, on July 1st.

This action, it is explained, is not taken by the men as the result of any desire to throw a damper upon, or injure in any way, the proposed celebration here on that day, but it was felt that under the circumstances they could not very well do otherwise.

Last fall, Col. Roper, of the Governor General's Foot Guards, wrote to Col. Miller, commanding the 57th Regiment, and influenced, no doubt, by the splendid reception which the local regiment had given the Ottawa men on their visit here in August last, invited Col. Miller and his regiment to return the visit on July 1st this year. This invitation was accepted by the local military organization, the members of which looked upon it as an honour, since it is not every regiment which is invited to visit Ottawa, as the guest of the Foot Guards. It was felt that to write now cancelling the arrangements which had been completed months ago, would be discourteous to the Foot Guards, who have already made preparations for the visit, and have secured a grant from the city council for the entertainment of the Peterborough men.

In view of all these facts, it was decided to carry out the trip as arranged, and this decision of the men was made known to the members of the deputation.

The council committee will now call a citizens' meeting and have a committee appointed to act with the committee of aldermen, and this committee will decide whether the celebration should take place on the day suggested, or whether it should be postponed until a later date, when it will be possible for the regiment to participate in it.

It has been suggested that it might be held on Monday, July 3rd, and make this day the holiday instead of Saturday, which would, no doubt, be acceptable to the merchants, who do not relish the idea of a Saturday holiday.

If it were held on Monday the regiment would be home, because they intend to leave Ottawa on Sunday night, but will reach here early on Monday morning.

MISS KINDRED'S PRETTY WEDDING

Married This Afternoon to Mr. Herbert Saunders.

A Pretty April Bride—Will Reside in Toronto.

A very pretty wedding was that which took place this afternoon at 2.30 at the residence of Mr. G. C. Carruthers, 210 McDonnel street, when Miss Jean Kindred, the youngest daughter of Mr. W. A. Kindred, was married to Mr. Herbert Saunders of Toronto, in the presence of about 35 of the immediate friends of the contracting parties. The wedding was quiet on account of the recent bereavement in the family of the bride.

The ceremony was performed by Rev. J. G. Lewis, B. A., pastor of the Mark street church. The bride was gowned in a pretty dress of grey silk voille over taffeta, and trimmed with insertion and chiffon.

She was unattended by bridesmaid, but two little nieces, Misses Jean Anderson and Greta Graham, performed the duties of maid of honour and flower girl respectively. The former was dressed in blue and white and carried a white bouquet of flowers, while the latter was dressed in pure white, and carried a big basket of flowers, with the ring.

The wedding was performed under an arch of palms, and Mrs. McMillan, a cousin of the bride, played the wedding march as the party entered the drawing room.

After the wedding a dainty dejeuner was served after which Mr. and Mrs. Saunders left on the 5.10 C. P. R. train for Parkdale, where the groom resides. The bride's going away dress was silk shepherd's plaid, with hat to match. The groom's present to the bride was a harp of pearls while to the flower girl and maid of honour he gave harps of rubies.

The bride is very popular in town, and she goes to her new home followed by the best wishes of her many friends here.

Lecture

On Thursday evening, April 27, the citizens of Peterborough will be favoured with the opportunity of hearing the Rev. Dr. Perry, of Jarvis street Baptist church, Toronto. Rev. Dr. Perry occupies one of the most important pulpits in Toronto, in fact in Canada. He is a speaker of rare ability, and has note as a lecturer. He is coming to Peterborough on the evening mentioned above, under the auspices of the Young People's Society of Murray street Baptist church. The lecture, which will be given in the Murray street church, is entitled "Business in Religion, and Religion in Business." This lecture has been given in other leading Ontario centres, and has provoked high eulogies from people and press. A treat of this nature to the citizens involves necessary expenses on the part of the committee, and consequently an admission fee of 25c. will be charged. Further announcements will follow. 1d

Special Notice.

The Past Grand Officers of Otonabee Lodge, No. 13, I.O.O.F., are cordially invited to be present at a special meeting in the lodge room on Friday evening, April 14th inst., at 8 o'clock. A large attendance is particularly requested.

W. F. GREEN,
1d Recording Secretary.

METHERAL'S CYCLE WORKS,
223-225 Hunter street.

Leave in your Bicycle for cleaning and repairing before the rush and have it properly attended to.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Rev. J. H. Teeney of Omemee, was in town yesterday.

Rev. W. R. Tandy, has been called to Toronto on business for a few days.

Mr. William Rudkins, Inland Revenue Inspector, Peterborough, was in town to-day on business. — Lindsay Post.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Sweet Peas and Nasturtium Seeds.

Just to hand, a very fine stock from Burpee's celebrated strains; guaranteed profuse bloomers, with large finely hooded flowers. Sold by the ounce or pound. Jos. H. Cobb, Aylmer street greenhouses. Phone 132. Open until ten o'clock at night.

To Contractors!

TENDERS will be received by the undersigned up to six o'clock p. m. on Friday the 21st inst for the erection of abutments to the new bridge over the Indian River on the Boundary Road between the townships of Douro and Otonabee. The tenders will be for the work executed in either stone masonry or concrete, and each tender must be accompanied by a marked cheque on a local bank for the sum of Four Hundred Dollars ($400.00) made payable to the County Treasurer of Peterborough, and which cheque will be returned to the parties tendering in case their tenders are not accepted. Plans and specifications may be seen at the office of John E. Belcher, C. E. County Engineer. The lowest or any tender not necessarily accepted.

D. MOLONEY,
Chairman of Bridge Committee

CHAIRMEN FOR DANTE LECTURES

Those who Will Preside at the Six Lectures.

The chairmen for the series of Dante lectures to be delivered here during the first week in May, by Prof. Clarke, have been arranged for and will be as follows:

Monday, May 1st, J. H. Burnham, M.A.
Tuesday, Rev. Dr. Torrance.
Wednesday, John Carnegie, Esq.
Thursday, C. Fessenden, M. A., Esq.
Friday, D. Hughes Charles, Esq.
Saturday, E. A. Peck, Esq.

The sale of tickets for these lectures has been most satisfactory, and the plan of the hall is now open at Madill's and Macdonald's drug stores.

Easter Books, Booklets and Cards.

Easter time, with its sacred and time-honoured duties brings out this season many dainty and pleasing novelties in Easter books, booklets and cards. The increasing popularity of these beautiful mementoes has induced the Peterborough Bookstore to import a fine stock of the choicest gems. The conceptions and artistic decorations are new and appropriate.

LATEST SPORTING NEWS

AN EXPLANATION OF THE "SPIT-BALL"

The Mysterious Curve Will be Featured Again This Season by Slab Artists.

JohnD. Chesbro, and Manager McGraw of the Giants Tell Just How to do the Trick.

The mystery of the "spit-ball", that exclusive and erratic delivery which was the sensation of last season in baseball circles promises this year to be the subject of even greater interest and discussion. It has been discussed in every quarter—from the Hogan's Alley nines of ten-year-old hopefuls to the flap-notchers in the American and National Leagues, as no other diamond innovation has ever been, and enough saliva to float Admiral Togo's flagship wasted in vain endeavours to solve its mysteries, by pitchers, the continent over. In view of the fact that some enterprising local twirler may this season delight the hearts of the Peterborough "fans" by sending a few of them across the plate, a short description of the deceptive curve, and its method of delivery, as given by John D. Chesbro, the famous pitcher of the New York Americans, by whom it was developed and brought into popularity last season, may not prove uninterest ing. Chesbro, it may be said, will this season "drag" a salary of $8,000.

Whether or not he will be able to use the "spit-ball" so effectively this season remains to be seen. While pitchers have been trying to learn the mysteries of the ball, batters have also been endeavouring to solve its perplexities and leading hitters declare that it will have no terrors for them in 1905.

While Chesbro is not the founder of the "spit-ball" he developed it. Strickett, a Pacific coast pitcher, is the discoverer of the clever pitching kink, but it required the heroic proportions and mighty right hand of Chesbro to perfect it. Batsmen throughout the country attributed the slump in batting last season to the mastery of the "spit-ball" by the pitchers. The foul strike rule affected batting a bit, but the ravages it made on the percentage columns were tame compared with the havoc played by the "spit-ball".

Chesbro pitched this curve continually last season, and he was the leading American League pitcher. He took part in 54 games, won 41, lost 13 and tied 1. During the season he won 14 games in succession—a remarkable record. Strangely enough, the ball that won for

JOHN D. CHESBRO,
American League's Star Pitcher, Who Perfected The Famous "Spit-ball".

Chesbro the crowning of his fame, also lost New York the American League pennant. In the middle of last October Chesbro was sent to the firing line to face the Bostons. His vis a vis in the pitching box was Bill Dineen. It was a game of great responsibility. On the result hinged the American League pennant and practically the championship of the world. With Criger on third and the score a tie toward the end of the game, Chesbro wound himself up. He had wet his fingers. He was going to fire the "spit-ball". The spectators waited with baited breath. Chesbro unwound himself, took aim, but by putting too much force behind the ball gave it an askew that sent it straight to the backstop. Criger scored, and the "spit-ball" that had done so much for Chesbro and New York, proved the undoing of both on that memorable day.

Chesbro's explanation of the delivery throws a new light on the mysterious "spit-ball". Heretofore it was thought by all that the saliva fathered on the ball and the fingers was the force that caused the ball to take its peculiar swerve when near the plate. The saliva, however, is not the solution of the problem. Chesbro declares that the thumb is the main propeller which produces the "spit-ball". And Chesbro should know. Jack declares that the "thumb-ball" would be a more appropriate name for the base-hit extinguisher. Anybody who ever threw a baseball knows that it leaves the fingers first and the thumb last, and from the thumb alone does Chesbro make the ball drop. Jack declares that he can make the ball drop two inches or 12 inches.

Manager John McGraw, of the Giants, gives some interesting information which is certain to be of great interest to the ambitious amateur, though the latter according to Mr. McGraw, may not become another Chesbro, the task of learning to do the trick is by no means hopeless. All that is necessary being diligent practice and observation.

"The "spit-ball" which is probably the most deceptive ball that a batter ever struck at, is thrown at medium speed. If thrown fast, it looses its effect, it must be carefully judged, for if it is too slow it will break too soon and probably hit the ground before it reaches the catcher.

"To throw a "spit-ball", wet the first and second fingers so the ball will slip away, instead of rolling away. With the latter movement the curve is sharp, but with the former it is more than sudden, and is sometimes startling. It will be found difficult at first to control the ball, and the beginner is apt to be discouraged because of his wild throws.

THUMB CONTROLS IT.

"Bear in mind one thing. In ordinary and curve pitching the ball leaves the thumb first and the fingers last. With the "spit-ball" this is reversed, and the thumb is made to control the ball, instead of the fingers. The wetting of the two first fingers is only for the purpose of allowing the ball to slip away from them easily.

"Very little rotary motion is imparted to the ball. It comes up big and slow, and the batter can almost see the seams. Just as he draws back to hit it the ball seems to receive new impetus and drops or jumps as if struck down from behind. If the batter hits where he aimed he misses it probably a foot. That used to be the case before batters realized what they were up against. In desperation, after being fooled a few times, they took to running up to meet the ball, with hope of hitting it before it broke, or just as it was starting to. In this however, the advantage is all with the pitcher, as he may "fake" a "spit-ball" delivery and send in a fast ball, which is past the batter before he gets started on his "run up".

BATTERS DISHEARTENED.

"This is what has caused so much former heavy hitters to become disheartened and declare that nowadays the batter is lucky if he hits .250 in the season. It certainly has cut down the hitting so much in one season that already a change of rules is contemplated. Unlike an ordinary curve ball, the pitcher can be certain of the side direction the ball will take as it breaks downward. The perfect "spit-ball" drops from a forward movement of perhaps two feet.

"The side breaks are determined by the manner in which the ball leaves the pitcher's hand. If the hand is turned with arm facing down and to one side the break at the plate will be different than if the ball left the hand with the palm turned over so far. There are a great many angles from which to deliver the ball and different arm motions, but they must be studied out."

PETERBOROUGH IN SENIOR SERIES

Will Probably be in Group in C. L. A With Toronto and Orillia.

The Toronto Mail and Empire speaks of the admission of Peterborough to the Senior C.L.A. series as follows:

The present circuit would remain intact, and a second one would be made, comprising the Torontos, Peterborough, and probably Orillia.

Peterborough lacrosse men are very active. They have already secured the services of some of the well-known players in the east, and they intend to put up a hard fight for admission at the Good Friday convention. Peterborough has as much right to receive attention at the hands of the C.L.A. as the Torontos, and in fact more so. For when the Torontos were playing in the N.A.L.U. they were certainly anything but friendly to the Canadian Lacrosse Association.

The chances are that both these teams will be admitted on Good Friday, and a second series, as mentioned above, will be arranged. In this way the travelling distances will be shortened and expenses greatly curtailed.

CALCUTT CUP FOR CITY LEAGUE

Turf Club Willing to Put up the Silverware.

The cup which the Turf Club is willing to donate to a city lacrosse league this season, is now on view at Mr. J. M. Brook's hotel, and is a very handsome piece of silverware.

The cup was originally given by Mr. H. Calcutt to encourage lacrosse at Idyl Wild but has never been played for. It has been in the custody of the Turf Club ever since, and they are now anxious to have it competed for. Mr. Rountree, who is secretary of the club, has offered to put the cup up for competition for teams in a city lacrosse league, should such a league be formed, and the games played on the Turf Club grounds. It is believed that a good series of games could be arranged by the local teams.

The cup returned to is a valuable one and is said to have cost $75.

BASKET-BALL.

A basketball game has been arranged for Saturday night at the Y.M.C.A., between the Brownies and the Harriers—two games. A solo will be contributed by Mr. James Browne.

FIELD HOCKEY.

All interested are asked to remember the meeting to discuss the proposal to organize field hockey and other out-door sports in connection with the Y.M.C.A. to-morrow night.

FOOTBALL.

The Quaker football team will meet this evening at 5 o'clock at the Y.M.C.A. A full attendance of members is requested. Anyone wishing to become a member of the Club is cordially invited to be present. Much important business will come up for discussion, including the prospective game with Galt and the question as to whether a junior team will be placed in the League or not. The Quakers had a very successful practice last night.

CRICKET.

Arrangements have been completed for the game with Millbrook in that place, on Easter Monday. The local cricketers are looking forward to this, the opening game of the season. The game should prove a most interesting one.

* * * *

The Galt Reporter says:—"The Peterborough Examiner of a recent date prints an excellent photograph of Gladstone L. Main, winner of the Hollingshead bat for the best batting average of the Colts Cricket Club of that place. Gladstone is doing credit to his instructors in Galt."

* * * *

BASEBALL.

St. John's Guild Baseball Club met on Monday night immediately after the regular meeting of St. Andrew's Brotherhood and transacted considerable business. The manager and secretary were appointed to attend the organization meeting of the Guild League. Appointments were also made to decide upon grounds, suits, etc. The date of the baseball practice will be announced later.

* * * *

Though the Printers have not definitely formulated their plans for the season, it is understood that they strongly favour the organization of a Labour League, which proposal was spoken of by the Examiner some time ago. A number of excellent teams, could without difficulty, be secured amongst the different labour organizations of the town, and it is to be hoped that definite action in the matter will be taken at an early date. The difficulty experienced by players in some of the labour organizations in being unable to leave their duties to engage in City League games, would be overcome by the formation of a Labour League with a schedule suitable to all.

* * * *

St. Luke's Guild, it is expected, will place a strong team in the Guild League. The club, it is understood, will be reinforced by the addition of several new and speedy players and the Fifth Warders are likely to be "heard from" at every stage of the season.

CURLING

On April 14th last year the last curling game of the year was played, which goes to show that the spring was much later in opening up than it has been this year.

Y. M. C. A. CLOSING GYM. EXHIBITION

An Interesting Event Which Will be Held on April 25th.

The grand closing gymnasium exhibition of the Y.M.C.A. Physical Department will be held on Tuesday evening, April 25th. This will mark the closing of a successful year's work. An interesting programme is arranged, consisting of vocal and instrumental selections, and renditions by the Y.M.C.A. orchestra. The musical programme will be interspersed through the different events. The gymnasium programme will consist of mass running by all the boys, mass calisthenic drills, military marching, mass apparatus work tumbling, special gymnastics by the leaders' corps, races, games, etc.

Parents should come and see their boys take part. The proceeds of admittance will go to pay the expenses of keeping up the Physical Department. All senior men, senior intermediates and senior school boys are invited to the grand closing banquet to be held in the Y.M.C.A. gymnasium on Friday evening, April 28th. Fuller particulars will be given later.

Impurities In the Blood

TELL OF TORPID, SLUGGISH LIVER ACTION AND INDICATE THE NEED OF

DR. CHASE'S KIDNEY-LIVER PILLS

There is no getting round the fact that the liver is responsible for the impurity of the blood in the spring.

Awaken the liver to action by the use of Dr. Chase's Kidney-Liver Pills and you at once remove the cause of the ills and discomforts of this time of year.

Coated tongue.
Bitter taste in the mouth.
Shortness of breath.
Gas on the stomach.
Dull, sick headache.
Biliousness.
Irregularity of the bowels.
Weak, dizzy feelings.
Irritable temper, discouragement and despondency.

These are some of the most common indications that the liver is failing to filter the poison waste matter from the blood.

Dr. Chase's Kidney-Liver Pills cleanse the system thoroughly and well, by causing a free action to the bowels.

By their direct and certain action on the liver they purify the blood and bring about a good flow of bile into the intestines — the only means by which constipation can be actually cured.

Dr. Chase's Kidney-Liver Pills are an indispensable family medicine of proven worth. One pill a dose, 25c. a box, at all dealers or Edmanson & Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

WEAKNESS

Foe of the Aged.

With Enervated Strength and Impoverished Blood, this is a Season of Danger.

Right now, to-day, is the time to look for better health. If you use Ferrozone you'll find it. Ferrozone is a grand blood renovator, makes the vital fluid rich, red and nutritious. By strengthening the blood, a current of life is sent into every nook and corner of the body that puts stamina and staying power into all weak organs.

A complete restoration to the health and spirits of youth is within the reach of everyone that uses the food tonic Ferrozone. You can hardly afford to miss the benefit of such a strength-giving medicine. Hadn't you better try it?

FERROZONE

It is impossible for any one to be weak or nervous if they use Ferrozone. It possesses the power to kindle new vitality and strength in systems of people almost dying of weakness.

It is an extraordinary and magical tonic, a wonderful rebuilder, far famed for its lasting cures.

You'll never know what real good health means until you have used Ferrozone, which contains more actual nourishment and strength-giving elements than you can get in any other way

As a blood purifier, nerve-strengthener, and appetizing tonic, Ferrozone has positively no equal.

Ferrozone is sold by all dealers in 50c boxes, or six boxes for $2.50. By mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

SEALED TENDERS

addressed to the undersigned and endorsed, "Tender for dredging in the harbour of Port Arthur," will be received at this office until Friday, the 14th April, 1905, for dredging certain portions of the harbour of Port Arthur and channels leading thereto to a depth of 22 feet of water in Lake Superior. The prices quoted must be per cubic yard of material in the scow, and include the cost of towing the scows to and from the dumping ground, which will be indicated by the engineer in charge, and which must not be less than eleven fathoms of water in Thunder Bay.

The material to be removed is chiefly composed of clay, boulders and clay, quicksand and hardpan, and different prices will have to be quoted by intending contractors for these different lines of material in the scow.

It must be distinctly understood that the department will entertain no claim for compensation on account of towing plant to or from the site of the works, as the prices quoted must cover such towing, as well as lost time and all other contingencies usually connected with such works, such as damage by collision with other craft frequenting the harbour, or other cause; also, that no tender will be considered from parties who are not at the date of this call for tenders, bona fide owners of the necessary dredging plant, duly registered in Canada.

The plant supplied shall be thoroughly examined by an officer of this department, and if it be found to be of an inferior description or deemed unfit to perform the work required, then on receipt of notice in writing from the Chief Engineer of the Department of Public Works, such other plant as shall be approved by him shall have to be supplied within one week from the date of said notice, and in the event of failure or refusal to do so, the department shall have the power to terminate the contract.

Intending contractors must be ready to begin work within ten days after the date they have been notified of the acceptance of their tender.

It must be distinctly understood that the tenders received will be only for the coming season's work, as the department does not bind itself to continue the work at the prices quoted after the close of navigation this coming fall.

No allowance will be made for dredging to a greater depth than one foot beyond the depth called for, nor for a greater width than that which may be ordered to be made.

Plans showing where dredging is to be performed can be seen in the offices of the Chief Engineer of the department, where also, any additional information can be obtained.

The department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 7th, 1905.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for dredging in the Kaminiatiquia River," will be received at this office until Friday, the 14th April, 1905, for dredging certain portions of the river Kaminiatiquia, and the channels in Thunder Bay, leading to the mouth of the river, to a depth of 22 feet of water. The prices quoted must be per cubic yard of material in the scow, and include the cost of towing the scows to and from the dumping ground, which will be indicated by the engineer in charge, and which must not be in less than six fathoms of water in Thunder Bay.

The material to be removed is chiefly composed of clay.

Two prices will have to be given, one for dredging the channel in Thunder Bay and up to McKellar's Creek, and the other for dredging from McKellar's Creek to the proposed basin.

It must be distinctly understood that the department will entertain no claim for compensation on account of towing plant to or from the site of the works, as the prices quoted must cover such towing, as well as lost time and all other contingencies usually connected with such works, such as damage by collision with other craft frequenting the harbour, or other cause; also, that no tender will be considered from parties who are not at the date of this call for tenders, bona fide owners of the necessary dredging plant, duly registered in Canada.

The plant supplied shall be thoroughly examined by an officer of this department, and if it be found to be of an inferior description or deemed unfit to perform the work required, then on receipt of notice in writing from the Chief Engineer of the Department of Public Works, such other plant as shall be approved by him shall have to be supplied within one week from the date of said notice, and in the event of failure or refusal to do so, the department shall have the power to terminate the contract.

Intending contractors must be ready to begin work within ten days after the date they have been notified of the acceptance of their tender.

It must be distinctly understood that the tenders received will be only for the coming season's work, as the department does not bind itself to continue the work at the prices quoted after the close of navigation this coming fall.

No allowance will be made for dredging to a greater depth than one foot beyond the depth called for, nor for a greater width than that which may be ordered to be made.

Plans showing where dredging is to be performed can be seen in the offices of the Chief Engineer of the department, where also, any additional information can be obtained.

The department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS,
Secretary.

The Heart's Highway

...By...
MARY E. WILKINS

Copyright, 1900, by DOUBLEDAY, PAGE & CO.

The morning of the day after the sailing, the people of Jamestown whom one happened to meet on the road had a strange expression of countenance, and I doubt not that a man skilled in such matters could have read as truly the signs of an eruption of those forces of human passion in the hearts of men as of an earthquake by the belching forth of smoke and fire from the mouth of a volcano.

Everybody looked at his neighbor with either a glare of doubt and wariness or with covert understanding, and some there were who had a pale seriousness of demeanor from having a full comprehension of the situation and of what might come of it, though not in the least drawing back on that account, and some were all flushed and glowing with eagerness and laughing from sheer delight in danger and daring, and some were like stolid beasts of the field watching the eye of a master, ready at its wink to leap forth to the strain of labor or fury. Many of these last were of our English laborers, whom I held in some sort of pity, and doubt as to whether it were just and merciful to draw them into such a stew kettle, for in truth many of them had not a pound of tobacco to lose by the navigation act and no more interest in the uprising than had the muskets stacked in Major Robert Beverly's first wife's tomb. Yet, I pray, what can men do without tools, and have not tools some glory of their own which we take small account of and yet which may be a recompense to them?

Early that morning the news spread that Colonel Kemp of the Gloucester militia and a troop of horse and foot had been sent secretly against some plant cutters in Gloucester county who had arisen before us and had taken prisoners some twenty-two caught in the act. The news of the sending came first, I think, from Major Robert Beverly, the clerk of the assembly, who had withheld the knowledge for some time, inasmuch as he disliked the savor of treachery, but being in his cups that night before at Barry Upper Branch out it came. 'Twas Dick Barry who told me. I fell in with him and Captain Jaynes on the Jamestown road that morning. "Colonel Kemp hath ridden against the rioters in Gloucester with foot and horse, by order of the general court, and Beverly hath been knowing to it all this time," he said gloomily.

Then he added that a man who served on two sides had no strength for either, and one who had raised his hand against Bacon had best been out of the present cause. But Captain Jaynes swore with one of his broadsides of mighty oaths that 'twas best as 'twas, since Beverly had some influence over the militia, and that he was safe enough not to turn traitor with his great store of tobacco at stake, and that should the court proceed to extremes with the Gloucester plant cutters such a flame would leap to life in Virginia as would choke England with the smoke of its burning.

We knew no more than the fact of the sending, but that afternoon came riding into Jamestown Colonel Kemp with a small body of horse, having left the rest and the foot in Gloucester, there to suppress further disorder, and with him, bound to their saddles, some twenty-two prisoners, glaring about them with defiant faces and covered with dust and mire and some with blood.

Something there was about that awful glow of red on face, on hand or soaking through homespun sleeve or waistcoat that was like the waving of a battleflag or the call of a trumpet. Such a fury awoke in us who looked on as never was, and the prisoners had been then and there torn from their horses and set free had it not been for the consideration that undue precipitation might ruin the main cause.

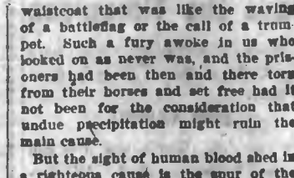
But the sight of human blood shed in a righteous cause is the spur of the brave and goads him to action beyond all else. Quite silent we kept when that troop rode past us on their way to prison, though we were a gathering crowd not only of some of the best of Virginia, but some of her worst and most uncontrolled of indenture white slaves and convicts; but something there must have been in our looks which gave heart to those who rode bound to their horses, for one and then another turned and looked back at us, and I trow got some hope.

However, before the night fairly fell, twenty of the prisoners, upon giving assurance of penitence, were discharged, and but two, the ringleaders, were committed and were in the prison. The twenty, being somewhat craven-hearted, and some of them indisposed by wounds, were on their ways homeward when we were afield.

We waited for the moon to be up, which was an hour later that night. I was all equipped in good season, and was stealing forth secretly, lest any see me, for I wished not to alarm the household, nor if possible to have any one aware of what I was about to do, that they might be acquit of blame through ignorance, when I was met in the threshold of an unused door by Mary Cavendish. And here will I say, while marveling at it greatly, that the excitement of a great cause, which calls for all the enthusiasm and bravery of a man, doth, while it not for one moment alters the truth and constancy of his love, yet allay for the time his selfish thirst for it.

While I was ready as ever to die for Mary Cavendish, and while the thought of her was as ever in my inmost soul,

The troop on their way to prison



yet that effervescence of warlike spirit within me had rendered me not forgetful, but somewhat unwatchful of a word and a look of hers. And for the time being that sad question of our estates, which forbade more than our loves, had seemed to pale in importance before this matter of maybe the rising or falling of a new empire. Heart and soul was I in this cause and gave myself the rein as I had longed to do for the cause of Nathaniel Bacon.

But Mary met me at the northern door, which opened directly on a locust thicket and was little used, and stood before me, with her beautiful face as white as a lily, but a brave light in her eyes.

"Where go you, Harry?" she whispered.

Then I, not knowing her fully and fearing lest I disquiet her, answered evasively somewhat about hunting and Sir Humphrey. Some reply of that tenor was necessary, as I was, besides my knife for the tobacco cutting, armed to the teeth and booted to my middle. But there was no deceiving Mary Cavendish. She seized both my hands, and I trow for the minute in that brave maiden soul of hers the selfishness of our love passed as well as with me.

"I pray thee, Harry, cut down the tobacco on Laurel Creek first," she whispered, "as I would were I a man. Oh, I would I were a man! Harry, promise me that thou wilt cut down first the tobacco on my plantation of Laurel Creek."

But I had made up my mind to touch neither that nor the tobacco on Drake Hill, lest in some way the women of the Cavendish family be implicated.

"There be enough and more than enough for tonight," I answered and would have passed, but she would not let me.

"Harry," she cried so loud that I feared for listening ears, "if you cut not down my tobacco, then will I myself! Harry, promise me!"

No love nor fear for me was in her eyes as she looked at me, only that enthusiasm for the cause of liberty, and I loved her better for it, if that could be. A man or woman who is but a bond slave to love and incapable of aught but the longing for it is but a poor lover.

"I tell thee, Harry, cut down the plants on Laurel Creek!" she cried again, and I answered, to appease her, not daring violent contradiction lest I rouse her to some desperate act, this wild, young maid with Nathaniel Bacon's hair in the locket against her heart and as fiery blood as his in her veins, that it should come in good time, but that I was under the leadership of others and not my own.

"Then as soon as may be, Harry," she persisted, "for sure I should die of shame were my plants standing and the others cut; and, Harry, sure it could not be at all were it not for my fine gowns which the Golden Horn brought over from England!"

(To be Continued.)

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Lehlbach, Esq., Alderman in 17th Ward, Buffalo, N.Y., of 1260 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, in possession of extraordinary skill, and he has in his Sanitarium a corps of able assistants who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound copies on receipt of 21 one-cent stamps for mailing only; or cloth bound for 50 cents. Address the Author, as above.

AUDITOR-GEN. COMPLAINS.

Hon. Mr. Fielding Gives Facts and Says He Has No Cause for Complaint—Autonomy Debate.

Ottawa, April 12.—Mr. Borden, at the opening of the House yesterday, read a letter from the Auditor-General to the King's Printer, complaining that he had not received the usual number of copies of his report for his own use and distribution.

Hon. Mr. Fielding replied that since this Government had come into office the number of copies of the report which were allowed to the Auditor-General for his own use had been increased from 500 to 2,000, therefore he thought that official had no cause for complaint. The King's Printer reported that he had given the preference, and Mr. Fielding thought quite properly, in the distribution to Parliament and its committees. But the Auditor-General had received 300 copies, and would receive the balance allotted to him as rapidly as possible.

The Autonomy Debate.

R. A. Pringle, Conservative member for Stormont, was the first speaker on the autonomy bills yesterday, and he was followed by Mr. Miller, Liberal member for South Grey, Mr. Staples, Conservative member for Macdonald, Man., Mr. Lamont, Liberal member for Saskatchewan, Mr. Wright, Conservative member for Muskoka, and Robert Bickerdike, of Montreal.

It was a quiet, uneventful day, with almost nothing to mar the even tenor of the debate.

Senate Adjourns Till May 3.

Ottawa, April 12.—In the Senate yesterday, on motion of Hon. Mr. McMullen, a formal resolution providing for the forwarding of the cattle embargo resolution to the Imperial Premier and president of the Board of Agriculture of England was carried.

Hon. Mr. Scott moved that when the House adjourned to-day it stand adjourned till May 3. The motion was agreed to.

A number of bills were read a third time and passed.

On the order of the day for the second reading of Ottawa Electric Co., Hon. Mr. Scott said it was understood that bill would stand over until after adjournment. Sir Mackenzie Bowell said he knew nothing of that. Hon. Mr. Lougheed had asked to move the second reading and let the bill stand for the committee until after the recess. The bill was read a second time and referred to the Railway Committee.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or tratment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should b borne in mand that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such dsprate chances when Chamberlain's Cough Remedy, famous for its cures of colds can be had for a trifle. For sale by all druggists.

Says "Osler Is Right."

San Francisco, April 12.—Timothy W. Chamberlain, seventy-six years old, who took chloroform at a secluded spot in Golden Gate Park, had been a student all his life, and by profession was an expert bookkeeper. Recently he told his wife and son that he believed Dr. Osler was right and that a man was not of any use after sixty years old.

Urges Disarmament.

Paris, April 12.—Baron D'Estournelles de Constant yesterday made his debut in the Senate in a speech urging the military and naval disarmament of the States of Europe by a proportional reduction of their forces, similar to the joint disarmament of Chili and Argentina.

Four Children Cremated.

Clarksburg, W. Va., April 12.—The home of George T. Maull, on West Baltimore street, was entirely destroyed by fire early yesterday, and four of his children were burned to death. The parents with a fifth child had barely time to escape.

From Coal Pit to Fortune.

Halifax, N. S., April 12.—Robert H. O'Callaghan, a helper at No. 2 colliery, Glace Bay, has been left a fortune by an uncle who died some time ago in England. He will take immediate steps to prove his claim, said to be worth $200,000.

Hotel Burned.

Kingston, April 12.—Between 1 and 2 o'clock yesterday morning the hotel at Maribank, owned by Michael Fitzgerald, was completely destroyed by fire. The cattle were suffocated before they could be rescued.

LEVER BROTHERS LIMITED, TORONTO, CANADA.

THAT TERRIBLE EARTHQUAKE.

500 Only Survive in India Town of 5,000 Inhabitants.

Calcutta, April 10.—Telegraphic communication with Dharmsala has been restored.

The latest accounts show that the earthquake was even more disastrous than at first believed. Of a total population of nearly 5,000 in the Town of Kangra, it is believed that only 500 are left alive. Many of these have fled. Many people are still imprisoned in the ruins.

Dharmsala, Kangra, Palanpur, Dhwan and all the neighboring villages were completely wrecked. Scarcely a building remains standing.

Not much damage was done at Haripur, Deragopipur, Nadaum or Hamirpur, but Sujanpur (sixty-six miles from Armitsar and having a population of about 6,000 souls) is reported to be in ruins.

The shocks still continue. There is no news from Kulu Valley, but, according to native rumors, a great amount of damage has been done.

Vice-Regal Lodge Unsafe.

Simla, India, April 10.—The Vice-Regal lodge here has been declared to be unsafe, as a result of the earthquakes. Lady Curzon, wife of the Viceroy, with her children and the Vice-Regal staff, have moved into a house situated within the lodge grounds. Lady Curzon's bedroom was considerably damaged.

Felt Weak and Nervous.

Had Faint and Dizzy Spells.

These symptoms arise from a weak condition of the heart and nerves. Wherever there are sickly people with weak hearts and deranged nerves,

MILBURN'S HEART AND NERVE PILLS

will be found an effectual remedy.

Through the medium of the nervous system, they impart a strengthening and restorative influence to every organ and tissue of the body.

They restore enfeebled, enervated, exhausted, devitalized, or overworked men and women to perfect constitutional power.

Miss Maggie L. Cleveland, Bayswater, N.S., tells how she was cured in the following words:—

"I was sick for the past year, and became thoroughly run down. I had faint and dizzy spells, and felt weak and nervous all the time. I tried numerous remedies, but could get no help. I then read in the paper about Milburn's Heart and Nerve Pills, and got a box of them. Before I had used one-half the box I began to get better, so got another one, and by the time the two were finished I was as well as ever."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25. All dealers, or THE T. MILBURN CO., LIMITED, TORONTO, ONT.

SPRING SUITS
One man will want a Single Breasted long cut sack. He'll think $18 about the right price, but we will surprise him by pleasing him at $15.00. Another man will want a Double Breasted low lapel at $20.00 or $15.00, another a serge at $10.00, another a plain cheviot at $15.00, etc. In a few days their friends will be saying "My! but that's a dandy suit," fits you fine. Where did you get it?

BIG DIPPER MINE IS RICH

Samples of Ore Have Been Received and Show Up Well

Supt. Jamieson Writes Encouraging Letter on Prospects of the Company

A representative of the Examiner was shown this morning at the local office of the Big Dipper Gold Mining and Milling Company, a parcel of ore just received, which gives a very favourable indication of a valuable mine. The property on which this mine is located is in the Township of Barrie, County of Frontenac and is situated on a continuation of the ore vein that is owned by the Star of the East Gold Mining Company, and which has proved to be unusually rich in good paying ore.

RICH SAMPLES.

The ore received by the Big Dipper people can be seen at the company's office, 416 Water street. A letter from the superintendent is given below, and he notes the progress made since operations were begun, about six weeks ago.

Following is the superintendent's letter:—

Myers Cave, April 6, 1905.

Mr. S. Sager,
Peterborough, Ont.

My Dear Sir,—Your two letters received, one by Mr. Pearson and the other through the mail. I see by it that you have shipped the order sent you, bed springs, mattresses, and other things. We are patiently waiting for them, as we have everything ready for them, now the house is completed. We are shingling the blacksmith shop to-day. It is a log structure 12 x 16; also a stable 14x16, high enough to hold some feed on top. It is logs too. Intend digging a place in the side of the bank for powder. You spoke about Mr. Snider going to bring in half a ton from Tweed. I sent Don McGregor over to get some to-day, but he has not got back yet. The boarding house looks fine since we got it finished. We are all ready for the cook.

Now, about the mine, we stripped a nice vein of ore running down between the dolomite of lime and the diorite. The ore, which is made up of quartz, spar, Tourmaline and Hornblend, Sulphides, looks equal to anything I have seen at the famous Star of the East Mine, in fact I have not seen anything to equal it so near the surface. This is bound to be a very rich deposit and a continuous one, from the fact that it is a contast and can be traced both east and west for miles. I have been along the vein and found quartz alongside the granite. From what I can see there is enough territory on a hundred acres for any company to work, which would make eighty rods long of vein matter. Where I opened up the vein on the Big Dipper is on lot 10. The Star of the East Mine is situated on lot 24. I have also opened up the vein on lots 18 and 12. I am sending you some ore out of No. 2 shaft on lot 10 which I am satisfied will please you and every person connected with the Big Dipper mine. I have not had the time to devote my attention to prospecting the property as it should be, up to the present owing to the fact that I had my hands full making preparations so that work might be carried on to the best advantage. I am sorry that the roads are in such a state at present, as it will keep back intending purchasers for a while. You need not be ashamed to bring along any of your friends to examine the mine. It is all O.K. Will send ore out in the morning with Mr. McGregor, to Cloyne, to be expressed to you at once. It will be something fine for your window. Yours very truly,

J. A. Jamieson.

Mr. S. Sager and Mr. E. A. Peck, his solicitor, went to Kaladar, on Tuesday, and finished up the purchase of the Company's lands. An additional purchase was effected of 83½00 more new land, adjoining their property, which is a continuation of this vein. The Company now own nearly 2,000 acres of vein matter. Mr. Sager will be pleased to give any further information to parties interested in this valuable property.

Tourmaline is a transparent or translucent complex aluminum-boron silicate, with vitrious or resinous lustre, of varying colours and shades. Where it occurs in the blue shade, as in the case of the Big Dipper vein, the presence of gold-bearing quartz is strongly indicated.

Wash greasy dishes, pots or pans with Lever's Dry Soap a powder. It will remove the grease with the greatest ease. 26

LAKEFIELD VOTES FOR THE BONUS

Will Give Furniture Company $15,000 Bonus.

Will Also Prohibit Cattle and Horses Running at Large on the Streets.

From Our Own Correspondent.

Lakefield, April 12th. — Yesterday the property owners of Lakefield voted on a bylaw to bonus the Art Furniture Manufacturing Co. to the extent of $15,000, to establish its factory in this town, and the vote showed that the ratepayers are almost unanimously in favour of the proposal, the vote being 197 for, 16 against the bylaw, a majority for of 181.

As a result of this vote the work of construction will be proceeded with at once, and it is expected that the factory will be in operation this year. It will mean that Lakefield will be the home of a new and promising industry.

At the same time a plebicite was taken to get the feeling of the ratepayers regarding the passing of a bylaw to prohibit the running at large in the village of horses and cattle. The result was a majority of 116 in favour of passing the bylaw.

DRINK HABIT ON THE INCREASE

As Shown by Statistics of Increased Consumption—Who is Responsible —A Correspondent's Views.

To the Editor of the Examiner:

Dear Sir,—I noticed in the Globe a few days ago an interesting article in regard to the production and consumption of strong drink in Canada. The figures given out were striking. I noticed that there is an increase in the amount of strong drink made and consumed. There were over a million and a half gallons of spirits manufactured in Canada last year more than the previous year, and a similar increase in respect of malt liquors. That is not the worst feature. We might have made more strong drink and exported it, but the sad fact is there has been a steady increase in the quantity of strong drink consumed in Canada. In 1896 the Canadian people consumed 536 gallons of spirits and 3,826 gallons of beer per thousand. In 1904 the people consumed 962 gallons of spirits and 4,918 gallons of beer per thousand,—an increase in the matter of spirits, in six years of nearly a hundred per cent.

Of course, an increase in the consumption of drink so largely in excess of the increase in population augurs more drunkenness, which is deplorable. True there is less drinking now than there was thirty years ago, but the above figures showing that we have slipped back in the matter of national sobriety give food for some reflection. It is evident that the moral fibre of the people is degenerating, a circumstance all the more remarkable, since the past six or seven years there has been universal and unusual prosperity, with abundant employment, and, when men are busy there are less temptation and opportunity to cultivate the drink habit.

What is the cause of this deterioration of the moral fibre of the public? I have thought seriously over the subject and am forced to the conclusion that such a state of things would not exist if the pulpit and the various moral agencies associated with it were doing the work that is expected of it and them. That they are not so doing is evident from the fact, if the people were improving in moral tone, there would not be the increase in immorality such as that associated with the use of strong drink.

Now, if the pulpit and the agencies suggested are not having the effect of making the people better, what is the cause?

It strikes me that the pulpit is not doing its full duty in presenting the full Gospel, which is the all-powerful panacea for moral ills—I mean the pure gospel message, unadulterated with comparatively trivial and unpertinent issues that, to largely engage, if not engross, the attention of ministers of the gospel.

I do not hold that a minister, simply because he is a minister, should abdicate the functions of an ordinary citizen. But these subordinate functions should be subordinate to his one great mission —the preaching of the pure gospel. It is all right within certain limits for a minister to have to do with politics to take part in intellectual movements and engage in other secular activities, but these should be incidental,—not the principal motive of his mission. If the most of a minister's time is given to side issues—political questions—all the more mischievous if biased by party considerations and aims at partizan results—lectures, guilds, church societies, church social, functions et hoc genus omne of distracting activities, little time is left for the consideration of a sermon, to the thought of the best way of reaching and reforming the heart and through it the life, in time of bringing the gospel message home with power. There have been, and are still, preachers who spoke words that burn, but we read that such sermons were prepared upon bended knees, so to speak, they were—to a great painter mixed his colours, with brains,—built up with prayer. But how can any minister, of any denomination, who has to show himself at every little one of the multitudinous church societies that are crowding the gospel into history, how can he make his pastoral calls—how can he prepare lectures on secular subjects to be praised of man for his eloquence, how can he dabble in politics in the pulpit and on the streets and find time to plume the gospel shaft so that it will reach the mark?

I am not a pessimist, but when I see evidences that the wolf of the drink greed is breaking at more points into the nations' fold,—when the enemy of souls is making larger and more breaches in the walls, am I not justified in concluding that the watchmen on the walls of Zion are doing a little sleeping at their posts.

Plainly the morals of the people are not improving, and, as plainly, the Gospel is not having the effect it should have.

Is the gospel losing its power or are its ministers not doing their full duty?

Yours faithfully.

Receipts of wheat during the past three days, 66,660 centals; no American.

Receipts of American corn during the past three days, 149,500 centals.

NEW YORK DAIRY MARKET.

New York, April 11.—Butter—Strong; receipts, 8066; street price, extra creamery, 25c to 25½c; official prices: creamery, common to extra, 22c to 25c; do. held, common to extra, 21c to 29c; state dairy, common to extra, 20c to 30c. Cheese—Firm, unchanged; receipts, 3129. Eggs—Steady, unchanged; receipts, 20,960.

CATTLE MARKETS.

Cables Unchanged—U. S. Markets Are Not Much Changed.

London, April 11.—Live cattle are quoted at 11¼c to 12½c per lb.; refrigerator beef, 8½c to 8¾c per lb.; sheep, 13c to 14c per pound.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market since Friday last, as reported by the two railways, amounted to 92 carloads, consisting of 1636 cattle, 852 hogs, 197 sheep and lambs, 256 calves and 34 horses.

Prices ranged from $4.80 to $5.50, with a few odd cattle at a little more money, but the bulk sold at $5.20 to $5.30 per cwt. Export bulls sold at $3.75 to $4.12½ per cwt. Export cows sold at $4 per cwt.

Choice picked lots of butchers' cattle, equal in quality to the best exporters, were in demand and sold readily at $5.00 to $5.15. Best one or two lots at $5.25 per cwt.; loads of good sold at from $4.85 to $4.95; medium, at $4.30 to $4.45; cows at $2.75 to $3.50; canners at $2 to $2.25 per cwt.

The demand for feeders is still as great as ever, especially for short-keep steers of good quality, 1100 to 1200 lbs. each, which sold readily at $4.75 to $5.10 per cwt.; feeders, 1000 to 1100 lbs. each, sold at $4.60 to $4.75; feeders, 800 to 900 lbs. each, at $4.25 to $4.60. It must be remembered that these prices were for cattle of fair breeding qualities and some of them good enough for export. There were some cattle, 1000 lbs. each, of common, inferior quality, sold at $3 per cwt.

About 20 milch cows and springers sold at from $30 to $60 each, the bulk selling at $35 to $45, with a few at $50 and $60 each.

Prices for the common to medium classes of veal calves declined fully $1 per cwt., but choice new milk-fed calves would still bring a choice price. Prices ranged from $2 to $5 each, or $3.50 to $5.50 per cwt., for the bulk of offerings, while an extra calf would bring $6 to $6.25 per cwt.

GEO. COCHRANE, Agent.

VINDICATION OF LIBERAL POLICY

Mr. Harcourt's Fine Contribution to the Budget Debate—Hon. Col. Matheson is Brave—Brave when he Promised That We Would Have Economical Administration and Retrenchment in Expenditures From a Conservative Government—Explanation of Alleged Non-Payment of the University Deficit.

Toronto, April 13.—In the Legislature yesterday afternoon the James Bay Railway dispute was taken up by Mr. Hoyle in behalf of North Ontario, and the interests of Orillia were defended by Mr. Tudhope, East Simcoe, Mr. Hoyle moving for a return of the correspondence between the late Government and the James Bay Railway.

Mr. Whitney said there was no objection to the correspondence being brought down.

Mr. Morrison introduced a bill to validate the tax sale held in the City of Belleville in 1898 and 1902, and to validate the assessment rolls of the years 1901 and 1905.

Mr. Harcourt's Speech.

Trenchant yet never unkind criticism of Hon. Col. Matheson's budget speech and a convincing vindication of the former administration's policy were the features of Mr. Harcourt's address in the Legislature yesterday. The Opposition leader started to speak at 4.15 in the afternoon and continued in the evening, occupying in all a little over three hours. His address throughout was a splendid effort, well sustained and lucid, and to the occasional good-natured interruptions of the Government benchers his answers were ready and to the point. Throughout he held the attention of the House, and the applause from his own side was frequent and hearty. Mr. Carscallen, of Hamilton, continues the debate this afternoon, and Messrs. Pense (Kingston) and Gamey (Manitoulin) will follow.

The Budget Debate.

In resuming the budget debate Mr. Harcourt said he could find no fault with the speech of the Provincial Treasurer Tuesday, and if they were to have a Conservative Government and a Conservative Treasurer, no treasurer could be more to his liking than Col. Matheson. It was a brave speech, that of the Treasurer, and the Colonel was brave when he promised that we would have economical administration and retrenchment in expenditure from a Conservative Government.

No Province could display as great a financial record as Ontario and the speech of the Treasurer was unpatriotic in decrying the financial standing of the Province and damaging her credit. The Colonel withheld facts pertinent to any financial discussion in Ontario. A great deal had been made of the fact that all the accounts of 1904 were not paid in 1904, but this was not an unusual thing, as it was impossible to bring all the accounts up to the minute.

Speaking of the grant of $10,000 to Ottawa University, Mr. Harcourt detected in the Treasurer's speech a note of complaint that this amount was not paid last year. It was the fact, however, that an order in council was passed by the late Government, but on the understanding that the amount would be placed in the estimates of 1905 and submitted to a vote of the House.

Government Inconsistent.

In a progressive country we must expect growing expenditure, observed Mr. Harcourt. The Government had not been consistent with their declarations before they attained office. They said when they had the opportunity they would reduce the expenditures and keep them within the revenue. But how have they done so? There was increased expenditure all along it. He was not there to condemn the Government, but to congratulate them. "We were right in the old days and they were wrong, and we're both right now," he asserted.

Mr. Harcourt defended the encouragement given to the beet sugar industry as well as the good roads legislation of the late Government.

Mr. Harcourt proceeded to explain and defend the grants to the university. In 1902 the Province gave $40,000, in 1903 $46,000, in 1904 $50,000, and this year there would be a larger expenditure. He was prepared to second anything the Government could do to further the claims of this great seat of learning.

In Opposition Did Not Object.

The mounting expenditures of the late Government were due to votes to which Col. Matheson did not object. The Treasurer, he declared, was guilty of suppression of the truth in not pointing out that the large expenditures were due to the erection of such buildings as the School of Science. He also failed to point out that in the years 1898, '97, '99, '00, '01, '03, and '04 the expenditures were well within the revenue.

Col. Matheson interrupted that the revenue in those years was derived largely from the sale of pine timber.

It was a nice distinction the Treasurer made between "revenue" and "receipts." The Provincial Treasurer had promised to reduce the expenditures, but a reference to the estimates showed that there would be a large increase in many institutions of the Province.

A Clean Skater.

The Treasurer, Mr. Harcourt went on, skated over the succession duties question. Last year the Provincial treasury received $450,000 in an equitable way and against the protest of Col. Matheson. The result of Col. Matheson's amendment was to reduce the revenue from this source 66 per cent.

Col. Matheson put in that his idea was to follow New York State, where one per cent. was derived from estates of the dead.

"Ontario is good enough for me," Mr. Harcourt replied.

In the evening Mr. Harcourt resumed, speaking of the electrical development at Niagara Falls.

Tight Money Market.

The expenditures on the Temiskaming Railway were justified. It was important to advance the construction of the road as rapidly as possible in order to facilitate the entry of settlers. Referring to the failure of the late Government to dispose of the railway bonds in England, Mr. Harcourt said there was a marked depression in the London money market at the time.

From liquor licenses the province secured about $1,600 a day and the municipalities as much more. If the number of licenses is lessened it would be reasonable to exact a higher duty.

The University Deficit.

With regard to the university deficit which had been said to be left over from last year, if they looked at the public accounts of 1903 they would find that the Government had paid two deficits, one fully earned, and one by anticipation. The deficit for 1904 was put in the estimates for 1904. When did the year close? In June, 1904. The deficit for 1905 was not yet due, and the paying of it at present was an act of grace with which he was not finding fault, but the late Government had done the same thing in 1903, and there had been no deficit left over unpaid.

In this connection Mr. Harcourt suggested that an effort should be made to enlist the sympathies of the graduates of the university, as had been done at Princeton and other American universities, in establishing endowments.

Desire Only Fair Criticism.

"I want to say at this stage that on this side of the House we have no wish to be hypercritical, to indulge in anything but fair criticism, and we desire to co-operate as far as possible with the Government. With us it shall be country. With us party gain shall be subordinated, and if it can be shown to us that this or that measure tends directly or indirectly to build up, to advance and promote the interests of the Province, we will cheerfully aid hon gentlemen in bringing that about." (Prolonged Opposition applause.)

At 9.50 Mr. Carscallen (Hamilton) moved the adjournment of the debate.

Gamey's Notice of Motion.

R. R. Gamey, M. P. P. for Manitoulin, has given notice of the following resolution:

"That the resolution of this House, passed on the 26th day of June, 1903, adopting the report of the commissioners appointed to enquire into and investigate the charges of bribery set forth in the statement made to the Assembly on the 11th day of March by Robert Roswell Gamey, member-elect for the district of Manitoulin, thanking the commissioners for their just and impartial conduct in the matters referred to them, and regretting that it has become the duty of the House to place on record an expression of censure of the conduct of the member for Manitoulin in connection with the matters forming the subject of the investigation, be rescinded and expunged from the journals of the House."

Railway Committee.

At the meeting of the railway committee yesterday morning Hon. Adam Beck referring to the general policy to be followed by the committee concerning the giving of charters to electric lines, said there would be a clause in every bill to enable the Provincial Government to use any right of way for poles to string transmission wires from Niagara to Western Ontario municipalities.

The Ontario Electric Railway's application for a charter for the Central Electric Railway, from Guelph to London, were held over. The Haliburton, Whitby and Haliburton were granted a year's extension.

Smellie For Minister of Mines.

A deputation, consisting of C. W. Bilyea, L. L. McPhail, D. M. Murphy, and W. W. Buwhey, of Rat Portage, and W. Newcome, of Fort William, urged upon the Premier the claims of Dr. Smellie, M. P. P., to fill the portfolio of the Minister of Mines. It will be some weeks yet before the matter is settled.

A deputation from the Trades and Labor Congress preferred several requests.

Assistant For McLeod.

Provincial Treasurer Matheson will increase the staff in the succession duties office. An assistant will be appointed to aid J. B. McLeod, solicitor to the treasury.

Hospital Association's Grant.

The annual meeting of the Ontario Hospital Association was held yesterday at the Parliament buildings, and a deputation waited upon the Premier to ask for an increase in the grant to hospitals, or to have them, at least, placed upon a certain basis. The Premier promised consideration.

For Good Roads.

Toronto, April 13.—The Western Good Roads Association met in the old courthouse yesterday. The meeting was called to order at 2 p. m. by President Graham of Lindsay, with an attendance of 125 delegates. No program having been prepared, a committee was appointed to outline the course of the meeting.

The evening session was presided over by Warden McEwing, of Wellington County, and the attendance was larger than at any previous convention. Hon. Mr. Monteith briefly addressed the convention, emphasizing the good work of the association and the enhanced value of farm property from its effects. A long discussion took place relative to the duties of township engineers in regard to opening up water courses, and the shortening of time for the filing of names on the voters' lists. In both cases, action was deferred. The convention will resume in the court house to-day at 2 p. m.

Took Wrong Bottle and Died.

Hagersville, April 13.—Jas. McBride, one of Hagersville's most energetic buiness men, died Tuesday night, the result of taking medicine from the wrong bottle. He was troubled with an asthmatic affection, and had been using a cure which consists of two similar bottles, one being intended for inhaling and the other for taking. Hurriedly swallowing a dose after supper, he got the bottles confused.

Found Body of a Babe.

Brockville, April 13.—Wrapped in a piece of cloth and a newspaper, the body of an infant was found late yesterday afternoon on the bank of the C. P. R. tunnel, close to one of the main thoroughfares. The body had laid probably several months under the snow. Dogs and cats had more or less feasted on the babe since the snow melted. The police have undertaken an investigation.

Perfect Fitting Corsets

MADE OF FINE FRENCH COUTEL

Cressman's

MR. HALL A GOOD SPEAKER

Made an Impression upon The House Yesterday.

West Peterborough's M. P. Makes His Maiden Speech—A Forceful Debater.

Yesterday at Ottawa Mr. R. R. Hall, M.P., made his maiden parliamentary speech, and the Globe says of it:—

"Mr. Hall showed the expectations of his Peterborough friends of his success in the Federal arena to be amply warranted. His speech indicated a high capacity for grasping the details of an intricate constitutional question. An interesting incident was the presence in the Press Gallery of Hon. J. R. Stratton."

Another sentence says:—

"Mr. Hall continued the debate after dinner, and in a speech of an hour and a half established a reputation as a keen debater and forcible speaker."

DROPPED DEAD IN TWEED.

Father of Mr. W. J. Doughty of Town Expires Suddenly.

(Special to the Examiner.)

Tweed, April 13.—John Doughty, Sr., of this place dropped dead this morning, supposedly from heart failure.

Mr. Doughty was the father of Mr. W. J. Doughty, of town, Mr. Joseph Doughty, of Tweed, and Mrs. Irwin, at Perrytown, and was been residing with his son, in Tweed for some time. Mr. W. J. Doughty, who unfortunately received the sad information too late to take the noon train to Tweed, will leave this evening.

NEW Y.W.C.A. BUILDING NEARING COMPLETION

Expect That the Contract Work Will be Furnished This Week.

Work on the new Y.W.C.A. building, corner of Aylmer and Simcoe streets, is now almost completed, only the finishing touches are now engaging the attention of workmen. Some outside details still require attention, but it is expected that the interior will be ready for possession and occupation on the end of the present week, so that there will be a full week to prepare for the dedication on Easter Sunday, April 23rd.

WAS THIS A MURDER IN CONTEMPLATION?

A Man Found on C. P. R. Bridge Monday Night, Bound Hand and Foot and Drugged--Brave Action of an Ashburnham Young Lady Who Rescued Him From What Would Undoubtedly Have Been Death--Unknown Man of Middle Age and Respectable Appearance Met With an Experience Which He Will Not Care to Repeat--Was Robbed of $200 and Placed on Bridge Near the Rail--Details of the Story.

What, from all the evidences, was a most dastardly attempt to murder a man who had previously been robbed, was only frustrated by the heroic work of a young lady living in Peterborough, but out of deference to her modesty, the name is withheld from publication, for the present at least.

The facts of the case, as learned by an Examiner representative, are: That on Monday night last the young lady referred to above, was walking home about half-past eight. She lives across the river, and, as she frequently does, was walking across the C. P. R. bridge, since, to take that way home, is considerably nearer for her than to go around by the Hunter street bridge. She was alone this night, and was hurrying across the bridge, but when she got about half of the distance across, she noticed in the moonlight an object lying on the ties close to the outer side of the rail.

As the facts which follow will show, the young lady is not lacking in courage, but for a few moments, the sight of this dark object lying in front of her almost frightened her into beating a hasty retreat in the opposite direction. However, she decided to investigate the matter, and went bravely up to the object which at first had frightened her.

Approaching closer, she saw that it was the figure of a man, and further investigation revealed the fact that, as she supposed, he was either under the influence of liquor or in an unconscious condition. She knew that in either case his position was an extremely dangerous one, and and she decided to try and awaken him, and get him removed to a place of safety. Her first thought was to run for help, but on reflection she reasoned that while she was away after help a train might come along and the man would be killed, for he was in such a position that he would have been struck by any passing train.

In view of this fact, the heroine, for she must be called such, resolved to be the man's rescuer herself. When she tried to arouse him to consciousness, she was horrified to find that both his arms at the wrists, and his legs at the ankles, were securely tied with binder twine, wound around his limbs many times.

After trying for some time she succeeded in bringing him back to consciousness, and she asked him for a knife with which to cut the cords which bound him, and which, with the drugs with which he had apparently been "doped" were intended to have kept him in the position he was when he was found until a train should have killed him. She finally got him to understand what she wanted, and securing a knife from the pocket indicated by the man, she released him.

The man by this time had regained his senses, and to his rescuer he told a most remarkable story. He said he arrived in town on Saturday, not mentioning, however, the place from which he came. He was a stranger in town, not having been here before, but he brought letters of introduction to two men here. He met these men the same day that he arrived, and was with them that day and all day Sunday. On that day, he related the three were drinking, and they took him away someplace, but he has no recollection of anything further until Monday afternoon, when he came to himself and found that he was in a little woods, which he described, and which the young lady recognized as that near the Burnham residence in Ashburnham. With him was one of the two men whom he had met on Saturday. As soon as he regained his consciousness he was given some more liquor, and, foolishly drinking it he was again sent into insensibility, and he then knew nothing more until he was awakened by the young lady to whom he told this story.

He further related that he had $200 when he came to town but the whole of that amount had disappeared, and he was left without a cent of money.

The man would not tell his rescuer the names of the two men to whom he had the letters of introduction, and, according to his story, the men, who were responsible for his condition, neither would he tell his own name. He was, however, a middle aged man, getting slightly grey, as far as could be seen in the dim light, and he appeared to be well dressed, and as if he might have been very respectable.

In telling his story, the young lady states, he seemed to be telling what was absolutely the truth, as far as he knew it, and her impression was that he had been robbed and afterwards placed where she found him, for the express purpose of having him killed by the first train which happened along.

He was very grateful to the brave young lady who had saved him from what would have undoubtedly been death, and asked for her name in order that when he returned home he might be able to reward her in some way, but with the same modesty which characterized her in telling her experience afterwards she refused to give him the information asked for, and he started off westwards, presumably coming into town, while the lady continued on her way home.

This story is a most remarkable one, and if it is true, which there seems no room to doubt, at any rate, as far as the young lady's part in it is concerned, it indicates that there are in Peterborough some pretty desperate characters, for, although, the murder was not actually committed, it is perfectly plain that such was intended. It is certain that the man was not in the condition in which he was found, by his own desire or action, and if he was placed there by some one else it could have been for no other object than to have a train strike him, as it must do in crossing the bridge, and either throw his body into the river, or mangle it in such a way that it might be thought that he was on the bridge by accident and got caught there before he could escape.

The fact that the occurrence was not reported to the police is perhaps not particularly strange. The intended victim, no doubt left town as soon as he could, and since he did not want to have his identity known even to the lady who had effected his salvation from death, it is not likely that he would want to have the publicity which a police investigation would give to him.

The fact that the young lady did not report it to the police, is also easily explained. Naturally after having passed through an experience like that described above she would be in a very nervous condition, and it is quite natural that she should shrink from the possibility of having to go into a court and give evidence which would probably convict some persons of attempted murder.

In the meantime, the above are the facts, as far as they have been learned up to the present time. Later developments may arise which will throw more light on the subject, and, needless to say any further information on the matter will be welcomed in the interests of justice.

THE SERVICES HAVE CLOSED

Presentation of Address to Miss Mamie V. Clark.

At Last Meeting of Park Street Special Services—A Successful Series.

The special services in the Park street Baptist church were brought to a close last night with a most enthusiastic meeting. A very telling address was given by the pastor's son, Rev. A. Philip Brace, B. D., on "Gideon clothed with the Spirit." It bristled with illustrations and point. Miss Clarke sang by request "They Crucified Him," and "The Glory Song," fairly roused the audience, who sang it again and again. A number rose for decision, and solemnity rested on the heart and conscience. The pastor conducted the after meeting, and called to the platform Miss Clarke, and on behalf of the church and congregation read the following address:

Peterborough, April 12, 1905.
Miss Mamie V. Clarke, Sarnia,—
Dear Miss Clarke, — In parting with you to-night, after two weeks' fellowship in the Lord's work, we wish to express to you our great satisfaction and high appreciation of your services. Your personal piety and your manifest devotion, have been most apparent as you have night by night sung the Gospel. We are sure that the melting tender pathos of your consecrated voice, has touched many hearts, and swayed them towards Jesus. We shall follow you with deepest interest, and pray that your ministry of song may win many more souls, who shall be the crown of your rejoicing.

A. H. Brace, pastor,
On behalf of the church and congregation.

Miss Clarke made a modest and suitable reply. This has been a revival indeed to the church and the ingathering will be very considerable. Rev. A. W. Torrie, B.A. Midland, and Rev. O. C. Elliott, B.A., Belleville, each rendered valuable help. The expenses have been fully met and there is a small balance for the treasury. After a few days rest at home, Miss Clarke goes to Rodney for a series of meetings.

EXAMINATIONS OF PROBATIONERS

Will be Held in Mark St. Church Commencing on Tuesday Next.

The examinations of the probationers of the Bay of Quinte Conference of the Methodist church, will be held, beginning on Tuesday next, in the Mark street church. The young men from all parts of the Conference, are expected to be here. Rev. T. J. Edmison, ex-president of the Conference, and Rev. J. G. Lewis will be the presiding examiners chosen by the Conference.

MR. C. E. BROWN LEAVING TOWN

Former Member of the Royal Commission Goes to New York State.

Mr. C. E. Brown, late of the Royal Commission appointed by the Government to investigate the question of electric smelting, and prior to that time employed on the engineering staff of the Canadian General Electric Company here, has gone to Schenectady, N. Y., where he has accepted a position with the General Electric Company of that city.

Mr. and Mrs. Brown and family left yesterday for their new home.

PRETTY WEDDING IN FIFTH WARD

Nuptials of Miss Alice Frith and Mr. Charles McColl Yesterday.

A quiet though pretty wedding, took place at eight o'clock last night, at the residence of Mr. William Frith, Fifth Ward, when his daughter, Miss Alice, was united in marriage to Mr. Chas. McColl, of Otonabee.

The ceremony was performed by Rev. J. G. Lewis, in the presence of a number of family connections and intimate friends. The bridesmaid was Miss Clara Frith, sister of the bride, the groom being supported by Mr. Weston Boyce.

The many beautiful presents received by the bride and groom, testify to the high esteem in which they are held by their large circle of friends. The happy couple will reside in Otonabee.

Rider Haggard in Toronto.

Toronto, April 13.—Yesterday H. Rider Haggard and Commissioner Booth-Tucker were the guests of the Canadian Club at luncheon. Mr. Haggard, speaking of the sociological object in which he was engaged by the British Government, gave a brief description of method of Salvation Army to rescue the submerged tenth. Back to the farm was the purport of his remarks.

MR. KENDRY WINS IN THE APPEAL

Brought by Ontario Ladies' College for Money Alleged to be Due.

To-day's Toronto papers record the judgment given in the appeal of Ontario Ladies College vs. Kendry, as follows:

Ontario Ladies College vs. Kendry.—judgment (R.) on appeal by plaintiffs from judgment of Boyd, C., dismissing without costs an action to recover from a merchant in Peterborough certain moneys alleged to be due for five shares of stock of plaintiff in 1892. The trial judge found that there had been misrepresentation by an agent of plaintiffs, and that the subscription had been made upon conditions which were not fulfilled. Appeal dismissed with costs. G. H. Watson, K.C., and J. B. Dow, Whitby, for plaintiffs. E. G. Porter, Belleville, and S. T. Medd, Peterborough, for defendant.

AWFUL LOSS OF LIFE.

The Estimated Fatalities in the Recent India Earthquake.

Lahore, Punjab, India, April 13.—Commissioner Jullundur reports as a result of his investigations that he estimates the fatalities resulting from the recent earthquake in the Kangra district at about 10,000, and in the Palampur district at about 3,000.

The total number of persons killed at Dharmsala was 434 besides the Gurkhas who were crushed to death by the falling of the stone barracks.

More Shocks at Simla.

Simla, April 13.—Fresh earth shocks Monday evening and yesterday morning led to a recrudescence of alarm. The new Government offices here were freshly cracked.

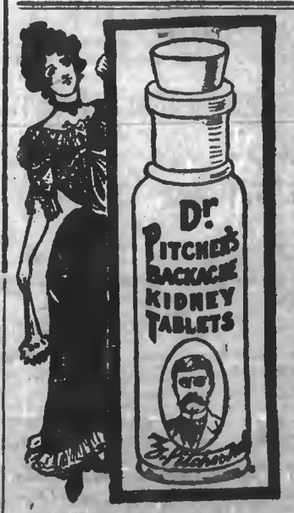
Welcome the Rain.

Madrid, April 12.—The drought has been broken in Andalusia. Abundant rains have fallen throughout the Andalusia Provinces.

A Rhodes' Winner.

Winnipeg, April 13.—W. J. Rose, of Wesley College, has been chosen Rhodes' scholarship man from Manitoba.

The condition of Bishop Sweatman is much improved to-day.



The superiority of Dr. Pitcher's Backache-Kidney Tablets over other forms of treatment is due to the fact that they are the prescription of Dr. Zina Pitcher, the famous specialist—were used successfully and tested in private practice by him for many years before they were given to the public at large. They contain expensive specific ingredients not found in any other Kidney remedy. Is it any wonder, then, that they cure lumbago, diabetes, gravel, Bright's disease, uric acid in the blood, rheumatism, neuralgia, dropsy, irritability of the bladder, and Kidney troubles of old people and children when other remedies fail?

Read what Mrs. W. Martin, Orangeville, Ont., has to say: "Some time ago I had a good deal of trouble with my back, due to a cold that settled in the Kidneys. I was also troubled with dizziness and headache.

I started taking Dr. Pitcher's Backache-Kidney Tablets, and by the time I had used one bottle the backache, headache and feelings of dizziness had all disappeared. I consider the Tablets a good medicine."

Dr. Pitcher's Backache-Kidney Tablets are 50c. a bottle of 50 chocolate-coated tablets sold by druggists or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

ORILLIA DIVINE AT ST. JOHN'S

Rev. R. A. Armstrong Spoke on "Real Values in Life"

An Able Lenten Address—Value of Sincerity and Unselfishness.

A very able Lenten address was that delivered before a large congregation in St. John's church last evening by Rev. R. A. Armstrong, of Orillia, whose subject was "Real Values in Life." Those to which he directed particular attention were unselfishness, sincerity, sympathy and fidelity. In an interesting manner he described that famous picture "The Pursuit of Pleasure," drawing particular attention to the rush of crowds in their desire to overtake that which seemed most enticing. Rush was somewhat characteristic of the present age. It was a time of large commercial enterprise and men were eager for wealth, position or power. The real values of best investment in which enterprise, talent, or money might be used to the greatest advantage, were often spoken of. "So I think," said the speaker, "that in this Lenten season when the Lord calls us into the desert place to rest awhile, we may sit and look on and see whether the people are rushing after that which is above all most valuable."

This was an age in which the struggle for material things was very keen, but he only could easily succeed in life whose heart was growing softer, whose blood was growing warmer, whose brain was growing quicker, and whose soul was entering into living peace. There are many things in life which do not deteriorate with age or use—things which need not be laid down when we pass from this world to the next. The real test as to whether a thing is of value in its relation to character. That which ennobles and exalts is of infinitely more value than anything of material importance, because it passes with the soul into the realm beyond. There are certain most essential elements in character and these are taken by the world as evidences of your Christianity while if they do not exist, men will mark the pretence.

The speaker pointed out that one of the first elements in Christian character was unselfishness. The law of evolution taught men to look after themselves, but there was a point at which the character of the Christian began, and man looked abroad, away from himself, and strove rather to exalt his race. By looking after others a man best looked after himself—such was the teaching of Christ.

The second element emphasized was that of sincerity. There could be no tone of hypocrisy either in the conduct or speech of any man who would be considered a Christian. He could not hope for eternal life, without sincerity. He could be saved by nothing if sincerity did not have place in it.

The third element was fidelity or faithfulness—to believe not with mere intellectual assent, or even with firm moral conviction, but to believe so far as to act, realizing the binding covenant existing between God and man. This was the only faith worthy of the name. There can be no Christian character that is negative, and truth, if it exists, must come out. Fidelity also to humanity was urged by the speaker who said, "Let us be men and women of our word; faithful to our Lord and also to our fellowmen."

Sympathy was the fourth element, and the speaker pointed out that there was nothing which brought humanity into such close touch with Christ. What love, pity, forbearance were interwoven with His character! If a man would grasp the real value of life his character must reflect that sympathy of which Christ was the exemplar. Only by seeking the elements of true Christian character earnestly would men realize the real values of life.

Won't Exclude Japs.

Ottawa, April 13.—Consul-General Nosse yesterday morning waited upon the Prime Minister and complained of the bill passed by the British Columbia Legislature on Friday, which is intended to exclude Japanese from the Province. Mr. Nosse stated subsequently that Sir Wilfrid gave him assurance that the bill would be disallowed.

Messrs. J. G. Turiff, Walter Scott and Talbot left for Edmonton yesterday to assist Hon. Frank Oliver in his campaign. Others will go if their services should be needed.

When You Buy, Buy Right.

When you buy Ozone, buy "Solution of Ozone" (the coupon kind.) It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates so that you get about twice as much as other brands, Also each bottle contains a coupon which entitles you to a package of "Celery King," the well known remedy which must always be taken with Ozone.

No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King" and that is why we can give it with our Ozone.

"Solution of Ozone" (the coupon kind) contains about twice as much for your money as any other kind. It also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will see that you are supplied. Sold by W. B. Warne, druggist.

ST. LUKE'S CHURCH LENTEN SERVICES

Rev. E. A. Langfeldt Preached on "Sloth."

Large Congregation Attended Last Night—Interest in Services Undiminished.

A large congregation attended the Lenten service in St. Luke's last night. The service was taken by the rector, Rev. E. A. Langfeldt, who preached from the text, Acts xxiv, 24 and 25, "And after certain days, when Felix came with his wife Drusilla, which was a Jewess, he sent for Paul, and heard him concerning the faith in Christ. And as he reasoned of righteousness, temperance, and judgment to come, Felix trembled, and answered, Go thy way for this time, when I have a convenient season I will call upon thee."

Some day, when the secrets of the hearts shall be made manifest, we shall see the destruction which has been wrought by one great sin — sloth. The distinguishing characteristics of Felix were violence and lust. The apostle Paul preached plain, stinging words regarding righteousness, and not only of this, but of temperance or self-control. When Felix was told by him that he would have to give an account of himself, he listened, terrified, and though near repentance, said, "Go thy way, when I have a convenient season, I will call for thee."

Though this occurred many years ago, Satan destroys the hearts of men in very much the same way now as at that time. Thousands have been inclined to repentance, but have turned away, uttering almost the same words. Many have confessed their sins and have desired to dedicate themselves to the service of Christ, yet the Devil says, "There is no hurry," and it is in many cases accepted as a relief from the burden which self-sacrifice would impose. Sloth is slaying tens of thousands, feeding as it does, all their sins. It is regarded lightly by many who, if asked if it were a sin, would answer, "Not exactly a sin, but a misfortune." God views the matter differently however. He not only classes it as a sin, but classes it among the seven deadly sins, and one which, if indulged in, must end in eternal death. The Gospel of our blessed Lord, requires self-control, something the very opposite of sloth, from his followers. This sin says to a man, indulge your taste, and satisfy your passions to the full, and makes him cling to his sins as did Felix, who, though convinced of his sins, could not tear himself away from his passions. So it is with us — our human inclinations desire something which will be gratifying to the flesh. Even though the apostle were to reason with the congregation, there would be some who would say, "Go thy way, when I have a convenient season I will call for thee," though sloth is drawing them to perdition. The preacher closed with an earnest appeal to his hearers to recognize the deadly character of this besetting sin, which will weaken the character and destroy the body.

The Magnificat and Nunc Dimittis were from Tours' Evening Service, the hymns being 105, 112 and 20.

Col. Young, for five years commandant at Wolseley Barracks, has been transferred. Major A. H. Carpenter succeeds him.

JAPS IN THE DARK.

No Information of Admiral Rojestvensky Has Reached Tokio.

Tokio, April 13.—No information has reached Tokio that would in any way indicate that the plans of Admiral Rojestvensky or the destination of his vessels.

It is reported here that the Russians at Vladivostock are conducting experiments with six submarine vessels, and that these boats are all of foreign manufacture and include French, British and American types.

Japs Seize British Steamer.

The British steamer, Henry Bolckow was seized by the Japanese guardships off the Island of Hokkaido, April 7. The character of the cargo has not been divulged and her destination is not stated in the official announcement. It is presumed, however, that the vessel was bound for Vladivostock.

The navy department is preparing to ask for tenders for the raising and sale of the sunken Russian warships at Port Arthur.

Granted Court Martial.

St. Petersburg, April 13.—The demand of Rear Admiral Prince Ouktomsky for a court martial has been granted. The court will consist of four admirals, Admiral Dikoff presiding.

Sat Without Wigs.

Victoria, B. C., April 13.—Full court yesterday sat without wigs for the first time in the history of the Province. This is the result of the Stuart Henderson Act, which was passed at the last session of the local House. Justice Martin was one of the presiding judges.

Spain Cuts Duty on Wheat.

Washington, April 13.—David R. Burch, United States Consul at Malaga, Spain, has sent the State Department the following despatch: "Wheat duty has been reduced 50 per cent. on account of failure of crop. Advise sellers. American wheat in great demand."

Centre Toronto Election.

Toronto, April 13.—Returning Officer Peter Ryan received only one nomination for the seat of Centre Toronto, vacated by the death of the late E. F. Clarke, and at two o'clock he declared Mr. Edmund Bristol, Conservative, elected by acclamation.

Over 100 Natives Drowned.

Antananarivo, Madagascar, April 13.—Fuller reports of the damage done by the cyclone early in April show it to have been greater than first reported. Numerous villages were destroyed by floods, over a hundred natives were drowned, roads were cut, the railroads were greatly damaged and crops were destroyed. Many bodies floated down the river to the sea.

SECOND READING TO BE IN MAY.

Probable Length of the Debate On the Autonomy Bills.

HON. MR. OLIVER'S ELECTION

Opposition Not Likely to Nominate a Candidate — Virtually the Tories Have Given Up the Sponge — Dr. Roche and Mr. Staples' Tour West to Rouse Opposition Creates Much Amusement.

Ottawa, April 13.—All idea of bringing the debate on the motion for the second reading of the autonomy bills to a close before the Easter adjournment has now been abandoned. The House will take a rest from Wednesday, the 19th, to Tuesday, the 25th April, and then the debate will go on. But not, it is hoped, for very long thereafter. An understanding was reached yesterday to try and have the second reading by May 3. This, however, is only a tentative date, and the members who have not spoken by that time may still insist upon placing themselves on record.

Mr. Oliver's Election.

Mr. Oliver's election by acclamation may tend to shorten the proceedings. The advisability of opposing the Minister of the Interior has been discussed by the Opposition, but there now is an evident disinclination on the part of the Tories to place a candidate in the field. Virtually, they have given up the sponge, and concede Mr. Oliver's election without a fight. The fact that Dr. Roche and Mr. Staples have started for the west to try and arouse opposition to Mr. Oliver creates amusement in room 16. Some waggish Minister-ialist gave expression to the prevailing feeling by affixing to the wall a bogus telegram from Edmonton announcing that the moment Mr. Oliver heard Mr. Staples had left for the west he withdrew from the contest.

Centre Toronto Election.

The Speaker announced that he had received notice of the election of Mr. Edmund Bristol for Centre Toronto.

Replying to Mr. Taylor, the Premier stated that Mr. Jas. A. Smart offered no reason for resigning his position as Deputy Minister of the Interior other than that he desired to better his position. He had not been superannuated, and was at present temporarily in the employ of the department at $10 per day and traveling expenses in connection with special emigration work.

Before the orders of the day were called Mr. Borden asked when members might expect to receive copies of the schedules which should accompany the autonomy bills, and the Premier replied that they would be furnished early next week. The Premier, in reply to another question by Mr. Borden, intimated that he would be prepared to-morrow to say whether the Easter holidays would commence on Wednesday of next week.

The Autonomy Debate.

Mr. Alcorn, Conservative, Prince Edward, resumed the autonomy debate. Other debaters were Messrs. E. B. Osler, Conservative, West Toronto; Beauparlant, Liberal, St. Hyacinthe; Hall, Liberal, Peterboro; Boyce, Conservative, West Algoma; Hon. Sydney Fisher moved the adjournment of the debate.

The House adjourned at 11.35 p. m.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

Both Too Rough.

Port Mahon, Island of Minorca, April 13.—King Edward and Queen Alexandra who sailed yesterday on board the Royal yacht Victoria and Albert for Palma, Island of Majorca, were compelled to return, owing to bad weather.

To the Mennonite Reserve.

Berlin, April 13.—Forty Waterloo County farmers left Berlin station yesterday to settle in the Mennonite reserve set apart near Humboldt, Saskatchewan.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

THE RESULT OF THE AGITATION

Some Conservative journals have been taunting the Liberals with cowardice because a Liberal candidate was not put up in Centre Toronto against Mr. Bristol, Conservative, who was elected by acclamation. Will these journals explain why the Conservatives should not also be charged with cowardice in deciding not to oppose the return of Hon. Mr. Oliver, the new Minister of the Interior? The rabid journals of that party have been leading us to believe that the whole West was ablaze with indignation against the Government. This should neutralize the excuse that the contest would be useless because Mr. Oliver had such a large majority at the general elections. It would seem that the decision in both cases, to avoid an election contest at the present time was wise. The Toronto News, the World, the Mail and Empire, the Telegram, the Hamilton Spectator and other incendiary journals, and a certain cult of politicians have, by their rabid appeals to passion and prejudice, so inflamed the public mind, that an election contest would be disgracefully bitter and tend to intensify the intemperate violence of feeling that has been aroused for the petty purpose of gaining a petty party advantage.

THE CHIEF POINT.

The Conservatives will now, perhaps, admit that the Liberals are good prophets. The latter prophesied that if the Conservatives got access to the Provincial treasury, there would soon be no surplus. The Conservatives have been in office only for about three months, and now Provincial Treasurer Matheson announces that the surplus has disappeared. Hon. Mr. Matheson declares that we have no provincial assets such as have been claimed. This is mere pettifogging with book keeping terms; and after all it doesn't make much difference so long as the province receives the income derived from these assets, or no assets, as Mr. Matheson chooses to regard them. It however makes a little difference to the good name of the province to be credited with a surplus of assets, but that apparently does not figure very largely with a Conservative Provincial Treasurer, who, it appears, does not object to discrediting the province so long as he thinks he can discredit a Liberal predecessor in office. After all, perhaps the matter is not worth much discussion — it is simply a question of bookkeeping. The point for Mr. Matheson to bring out is whether the Liberal Government in the past has carelessly or improperly expended the provincial funds. Mr. Matheson for years been talking atrabilarious academics about surplus and no surplus, and flimsky points of bookkeeping. He now has a more serious responsibility, and the people will easily forgive him for his past efforts to injure and depress the credit of the province, if he will only nearly live up to the record of the Liberal Government in providing, and wisely and economically expending, revenue for provincial purposes. It's doing, not talking, that counts. Provincial Treasurer Matheson, may sweep away the provincial surplus, estimated as capitalized value of yearly interest due from the Dominion, with one sweep of the bookkeeper's ruler, but the income will continue to come, and it is his business to see that that income is as wisely used as in the past. That is the standard by which he will be judged.

EDITORIAL NOTES.

By the help of the Yankee financial expert, imported by the Conservative Government of Ontario to help Col. Matheson run his department, the Provincial Treasurer has discovered that Ontario has no surplus of assets, but the income is still coming in.

The arrival of Mgr. Sbarretti, says the Toronto Star, on the scene has been a wind-fall to the incendiaries. Sbarretti is a foreigner. He doesn't spell his name like an Ontario Christian. He is a Papal Legate; and so recalls the reddest days of "bloody Mary." He is an "Italian priest," and no one may quote Shakespeare against him with unction. A better mark could not have been furnished the stone-throwers, unless His Holiness the Pope, himself, had come over.

Why will people not learn, even when death is the penalty of not learning? A Toronto lady yesterday got off a street car before it had stopped, and, like a great many other women, got off backwards, with the result that she fell, and her head struck the pavement so violently that she was killed. Her death was due to a double indiscretion—she got off a car when it was in motion, and she got off the wrong way. If the passenger's time is so precious, that the few seconds required to bring a car to a stand-still, are a matter of life and death — especially death — avoid the death by jumping in the direction the car is going. We have all seen a railway brakeman in a shunting yard, follow this rule and, with a train going at a rate of five or six miles an hour, he will land on the ground as lightly as a butterfly on a thistle bloom.

It has been made known that the Electrical Development Company, which is really the Toronto & Niagara Power Company, is seeking permission to increase its development at Niagara Falls from 125,000 to 150,000 horse-power. This will make, says the Brantford Expositor, a total development on the Canadian side of 500,000 horse-power, with a corresponding increase in provincial revenues. An important clause in the new agreement, which was made by the Ross Government, is that the company is compelled to supply power to municipalities at prices to be fixed by the the Government. There are a good many good things the province owes to the Ross Government which will be remembered with gratitude and possibly not duplicated under the regime of their successors whom the people have entrusted with the task of administration.

Stricken With Paralysis

Mrs. W. R. Sutherland, St. Andrew's, Man., writes:—I was stricken with paralysis and lost power of the tongue and left leg. For six months I obtained no relief either by doctors' prescriptions or other medicines. My husband got me Dr. Chase's Nerve Food, which has revitalized my nerves and given me full power of the paralyzed parts. I am strong and well now, thanks to this great medicine."

Easter Books, Booklets and Cards.

Easter time, with its sacred and time-honoured duties brings out this season many dainty and pleasing novelties in Easter books, booklets and cards. The increasing popularity of these beautiful mementoes has induced the Peterborough Bookstore to import a fine stock of the choicest gems. The conceptions and artistic decorations are new and appropriate.

MEMBERSHIP ON INCREASE

Quarterly Meeting of Murray Street Baptist Church

Ladies Aid Will Raise Money for Purpose of Installing New Cathedral Windows.

Last night the regular quarterly business meeting of the Murray street Baptist church, was held, when the reports of the different officers for the quarter just closed, were presented. These reports were highly satisfactory, and showed the church to be in a flourishing condition in every respect. The membership has showed a net increase of 15 for the quarter, which is at the rate of more than one each Sunday.

Mr. T. F. Matthews presented the treasurer's report, which gave evidence of a satisfactory state of affairs as far as the financial side of the church is concerned.

It was decided to give the interior of the church a thorough renovation, and the walls will be kalsomined and the woodwork painted. This work will cost in the neighbourhood of $125.

The Ladies' Aid Society will also undertake to canvass the congregation for the purpose of seeing if sufficient money to put in new windows in the church, could be secured. The proposal is to install cathedral style windows and the cost will be $300.

Rev. F. J. Scott, the pastor of the church, presided at the meeting, which was attended by a fair representation of the members of the congregation.

The Ladies' Aid Society of this church, is a decidedly progressive body. They have been organized only a few months, but during that time the members have been active, and starting off with their first success, the National Tea, from which they realised a handsome sum, they have branched out into other activitives. With the proceeds of the National Tea they kalsomined the walls of the school room, and had the woodwork neatly painted, and fixed up the class rooms, and now they propose to extend their scene of operations to the church proper.

No. 8 Company.

As many of the members of No. 8 Company as can possibly be at the armouries this evening at 8 o'clock are asked to be present.

HORSES AND WAGON FELL THIRTY FEET

Load of Stone Pulled Team of Horses into Trent Valley Canal at Lakefield over an Embankment Thirty Feet High--An Accident Which, However, Did Not Result Fatally --Mr. John Hendren's Team of Horses Had an Unique Experience This Morning—Almost Whole Population of Village Assisted in the Rescue.

Lakefield, April 13th.—All Lakefield, nearly, was at the canal bank this morning, attracted there by what is looked upon as the most remarkable incident that has ever occurred in the village.

It appears that this morning a team belonging to John Hendren, and driven by James Walton, was hitched to a wagon, and was gathering a load of stone along the bank of the canal.

At this particular point the water is 30 feet below the bank; fifteen feet below the road there is a tow path towards which the earth slopes, and below that, by an almost perpendicular bank, is the water in the canal, fifteen feet more. The wagon, which was loaded with stone, was standing near the top of the bank, the rear end of the wagon being towards the water.

Unnoticed by the driver, the horses and wagon started to back down the bank, and before he could get the horses stopped they were beyond his control.

The horses and wagon fell to the tow path, the weight of the load of stone dragging the team down. At the tow path the hind wheels of the wagon were detached from it, and the team, with the remainder of the wagon and the stone, fell the other fifteen feet into the canal, in which there was, fortunately, only 18 inches of water.

The fact that there was any water in the canal is largely responsible for the escape from death of the team. The wagon was badly smashed, but the horses, beyond some bad scratches were uninjured. The great difficulty confronting the driver and owner of the team was to get the horses again on terra firma. The place where they fell in was above the locks, and to get them out again would necessitate raising them up the 30 feet, and this work occupied nearly all day, and, practically the whole male population of the village was on hand to assist by advice and other means in the operation.

A temporary bridge was constructed, and by means of this the wagon and horses were brought again to shore, the animals being little the worse for their experience.

Later.—It is learned that the horses were rescued by means of a derrick. An improvised stairway was first constructed and one of the horses taken part of the way up, when it slipped and fell. Later it was decided to use a derrick, and the horses were placed in slings and hoisted out of the canal.

NEW PASTOR AT ST. PAUL'S

Rev W. MacD. MacKay Comes Well Recommended.

Has Recently Graduated From Knox College, Toronto.

Rev. W. MacD. MacKay, whose portrait appears above, has been chosen by the Pulpit Supply Committee of St. Paul's church as the successor to Rev. H. B. A. Ketchen in the assistant pastorate of St. Paul's.

The new pastor, who has preached here before, is a young man of

REV. W. MacD. MacKAY,
The New Associate Pastor of St. Paul's.

marked pulpit ability, and in his sermons showed himself to be well qualified for the pulpit standard to worthily fill Mr. Ketchen's place.

He is a recent graduate of Knox College, and is spoken of very highly by the professors in that institution as well as by those who were associated with him as students.

Mr. MacKay will be here to commence his duties on April 23rd.

MINORCA HEN'S ACCOMPLISHMENT

Lays an Egg of Unusually Large Proportions.

Mr. J. B. Pentland has shown the Examiner an egg of unusual proportions, the result of the industry of a black Minorca hen, the property of Mr. Pentland. This interesting specimen of hen fruit measures 6 3-4 inches in circumference in one measurement and eight inches in the other. It weighed four ounces, and no doubt the hen is to-day pretty proud of her feat in accomplishing this "fowl" deed.

CASE AT COUNTY POLICE COURT

Vicious Dog Case Heard Yesterday and Adjourned.

The case of John Trotter, of Smith township, charged with harbouring a vicious dog, was dealt with at the County Police Court yesterday.

The dog it appears has bitten two of the children of the complainant in the case, Mrs. Emma Drummond, the first occasion being some months ago, and the second on April 4th last.

By the request of the defendant the case was adjourned till to-morrow, when he guaranteed that satisfactory proof that the animal has been removed from this vale of tears will be forthcoming.

ANOTHER GIFT FOR THE LOCAL Y. W. C. A.

Mrs. A. L. Davis Remembers the Association in Connection With the New Building.

Mrs. A. L. Davis has made a handsome contribution to the construction of the Y.W.C.A. building, which will long remain as evidence of the donor's generosity. A part of the gift consists of an elegant mantel in cherry, and grate fittings for the fire place in the parlour. Mrs. Davis has also provided the materials for the mural decorations of these spacious rooms. This consists of a dado of olive green burlap, separated by a line of enriched moulding from the wall above, laid on with rich tapestry paper of a tone to harmonize with the dado, and trimmed above by another line of moulding in wood, which divides the wall from the cove of the ceiling.

RICKERBY BROS. NOW IN POSSESSION

C. P. R. Hotel has Been Taken Over by New Proprietor.

On Monday last the C. P. R. hotel changed hands, and passed into the control of Messrs. Rickerby Brothers, and the hotel is now under the new management. Improvements are now in progress throughout the premises that will make the house thoroughly modern in every particular.

Mr. D. Michael Hargy, formerly of the Soo, has been engaged by the new proprietors and will have charge of the bar.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

LATEST SPORTING NEWS

RINK HAD A PROSPEROUS YEAR

Annual Meeting of Peterborough Hockey Club, Ltd. Last Night.

$1500.00 Paid off the Mortgage and 5 Per Cent Dividend.

Last night the annual meeting of the shareholders of the Peterborough Hockey Club, Limited, was held in the Council Chamber when the reports of the officers for the past year were presented, and the Directors elected.

The meeting was not largely attended, those present being Messrs. A. H. Stratton, president, who occupied the Chair, Messrs. T. H. G. Denne, W. G. Morrow, W. H. Bradburn, H. R. H. Kenner, Roland Denne, A. McIntosh, J. S. Knapman and J. H. O'Shea.

The reports of the officers were presented and showed that the season just closed had been most satisfactory from a financial point of view and that the revenue had exceeded that of all previous years.

FINANCIAL STATEMENT.

After the minutes of the last annual meeting had been read and approved, the secretary's report was presented as follows:—

ASSETS AND LIABILITIES,

Assets.

Real estate	$3,663 39
Building	9,745 39
Premium Endow Policy	995 25
Due from T. A. S.	50 00
Cash on Hand	41 42
	$12,495 77

Liabilities.

Mortgage Canada Life Ass, Co.,	$3,500 00
To Shareholders	
Capital Stock	6,525 00
Profit and Loss	4,470 77
	$13,495 77

Profit and Loss.

By balance from last year	$3,025 67
Receipts this year	6,830 90
Due from T. A. S.	50 00
	$9,906 57
To Expenditure	$7,435 80
Balance Profit and Loss	4,470 77
	$9,906 57

Receipts.

Cash in Bank April 12, 1904 ...	$ 403 97
Summer Revenue	286 90
Carnival	53 07

	$6,306 57

Disbursements.

Canada Life Ass. Co. ...	$1,500 00
Canada Life Ass. Co., End. Acc,	331 75
Canada Life Ass. Co., Interest	193 95
Dividends	632 50
Cash in Bank this date	41 42
Operating expenses	1,809 05
	$4,906 57

The report was adopted on motion of Messrs. Denne and Bradburn.

In connection with this report it was explained that the item "Dividends $632.50" included the dividends for the year 1903-04 as well as that of 1904-05, since the dividend for the former year had not been paid until after the last annual meeting while that of this year had been paid prior to that meeting.

PRESIDENT'S ADDRESS.

The President then gave his annual address in respect to the business of the past season. His report follows:—

Peterborough, April, 1905.

The report of your Directors as given by the Secretary shows so clearly the result of last year's business and the financial position of the company that it will not be necessary for me, in moving its adoption to more than give its leading features. The past season financially has been a very satisfactory one, the total receipts being $9,130.90 as compared with $8,472.68, in 1903-04, or an increase of $658.44. The operating expenses during the last season show an increase over those of the previous season, by $248.01, but in this connection it should be remembered that during the season just closed, an item of $242.50 for plumbing done at the rink was charged to operating expenses, as was also a number of other expenses for the previous season, so that as far as actual operating expenses for the season are concerned that just closed shows a decrease over the former season.

The principal sources of revenue during the season, as compared with last season are as follows:—

	1905	1904
Summer revenue	$ 284 90	$ 286 90
Door receipts	1,263 80	920 29
Season tickets.	809 25	791 00
Peterborough Hockey Club	3,050 15	2,630 97
T.A.S. Hockey Club ...	179 68	402 56
City League	93 82	

Out of the receipts of this season, $1,500.00 has been paid on the mortgage held by the Canada Life Assurance Co., leaving a balance still due on that account of $3,500.00 or just half the original amount of the mortgage.

We have also paid the insurance which we have been carrying, amount, $331.75 and have still a balance sufficient to pay a dividend of 5 p. c. We have during the past season made considerable improvements in the way of plumbing, putting in new heating and in carpentering work we changed partitions and fitted up the rink in good shape. We also put in a new and larger platform for summer entertainments which could be used this coming season. All these improvements should properly belong to Building Account, but your directors thought it more satisfactory to close in this year's business. We have had a very successful season in hockey. At the beginning of the season it looked rather blue but the hockey boys showed their good feeling towards the directors and got into the game, and, as you well know, with very creditable results. The relations between the hockey club, management, the T. A. S. management and the rink directors have been most satisfactory. In skating we had an excellent season. There was practically no cessation from the time the rink opened on December 18th, 1904, to the closing on March 20th, 1905, as there was only one day on which the ice was not fit to skate on. The management of the rink this year was in very capable hands and the directors were very much pleased with the interest taken by the superintendent and his assistants.

Our City League, a new venture instigated by the officials of the rink, proved a drawing card and successful from a financial standpoint. The profits from this amounted to some $90.00.

Our directors make grateful acknowledgment of the patronage received from the public generally during the past season.

The report was adopted on motion of Mr. Denne, who referred to the successful season just closed, and expressed the thanks of the Directors to Mr. Hill for the use of his office in which to hold the meetings during the year.

OFFICERS ELECTED.

The directors of the past year were re-elected on motion of Mr. W. H. Bradburn, the Board being composed of Messrs. A. H. Stratton, W. Hill, T. H. G. Denne, W. G. Morrow, H. R. H. Kenner, J. S. Knapman and Jas. Hamilton. A vote of thanks was passed to the Mayor and Council for the use of the Council Chamber for the meeting.

A meeting of the Directors was held subsequently when Mr. A. H. Stratton was re-elected president, and Mr. W. H. Hill, Vice-President. Mr. M. J. Hutchinson was reappointed secretary-treasurer.

PETERBOROUGH'S WILL ORGANIZE

Annual Meeting Will be Held on Monday Night

Are Already Members of the Senior C L. A. if They Wish to Play.

That Peterborough will have a team in at least one of the three series of the C. L. A. this season is now practically certain, and, the Globe notwithstanding, they can enter the senior series if they choose to do so, and as a matter of fact, the Peterboroughs were last year, and are still, members of the senior series, holding a franchise, and until that franchise is disposed of by the holders, they are still members of the series.

It may not have been generally known but the Peterboroughs were in the senior series last year, although no senior games were played.

The annual meeting of the Peterborough Lacrosse Club will be held on Monday night, in the Oriental Rotel, when the election of officers will take place, and plans for the season discussed.

A team will be entered in one of the three series of the C. L. A., but which particular series, has, not as yet, been decided upon. Mr. Rickerby, who is spoke of as the promoter of a senior team will be at the meeting, and the whole matter will be thoroughly discussed in all its phases.

All who are interested in the formation of a lacrosse club are invited to be present at this meeting, as it is believed that there is material here for a good last team and one which will do credit to the town.

The question of a City Lacrosse League will also be discussed at this meeting, which, it is hoped, will be largely attended.

QUAKERS HELD MEETING AT Y. M. C. A.

Many Matters of Business Came up for Discussion.

There was quite a large attendance at the meeting of the Quaker Football Club held last night at the Y.M.C.A. President M. J. Kirn occupied the chair. Messrs. J. E. Sullivan and I. Moore were appointed as delegates to Friday's meeting of the Mid-land League.

The question of a coach came up for discussion. Manager J. E. Sullivan reporting that he had been in communication with Mr. E. Shortell, formerly with the Y.M.C.A. team, and it is probable that his services may be secured.

Messrs. I. Moore and P. Fitzgerald were appointed as official referees for the team.

The following practice hours were decided upon.—Monday and Thursday evenings, at the Exhibition Grounds, and Tuesday evening at Nicholls Oval.

A communication was received from the secretary of the Galt Football Club stating that that team would pass through Peterborough during the first week in June and asking for a guarantee of $15 in case a game with the Quakers was arranged. The meeting decided that it would not be advisable to accede to the request, feeling that the amount is too large. A proposition, however, will be made to the Galt Club, which it is hoped will be satisfactory to both. Some improvements to the grounds were also considered.

The Lindsay Post says:—"Curly" MacLaughlin left for Peterborough last evening to pitch ball.

LAWN TENNIS.

Last night the Hiawatha Tennis Club held its annual meeting at the Y.M.C.A. when the reports of the past year were received and adopted and plans for the season just opening discussed. The election of officers was postponed until a later date. The president, Mr. S.S. Moore was not present.

LACROSSE.

The Hastings Star begs to ask what's the matter with the Trent Valley Lacrosse League.

May Die From Assault.

Woodstock, April 12.—Gregory Mulkern, lessee of the Royal Hotel stables, lies in a critical condition as a result of injuries received in an assault on him last Wednesday evening. No arrests have yet been made.

Bishop Sweatman Rallies.

Toronto, April 12.—The doctors at the General Hospital say that Bishop Sweatman has rallied wonderfully after the operation of last night, and that his chances of recovery are very good.

Strathcona Leaves.

Montreal, April 12.—Lord Strathcona left last evening for New York, whence he will sail for England to-day to again take up his position as Canadian High Commissioner.

Killed By a Train.

Waterford, April 12.—The dead body of C. Leach was found along the Michigan Central tracks at an early hour yesterday morning. He was 45 years of age.

Col. Young Transferred.

London, April 12.—Col. Young, for five years commandant at Wolseley Barracks, has been transferred. Major A. E. Carpenter succeeds him.

Killed by President's Train.

Staubinville, O., April 5.—It was learned yesterday that Peter Hardy, 24 years old, was killed by President Roosevelt's train Monday night at Minago Junction.

Impurities In the Blood

TELL OF TORPID, SLUGGISH LIVER ACTION AND INDICATE THE NEED OF

DR. CHASE'S KIDNEY-LIVER PILLS

There is no getting round the fact that the liver is responsible for the impurity of the blood in the spring.

Awaken the liver to action by the use of Dr. Chase's Kidney-Liver Pills and you at once remove the cause of the ills and discomforts of this time of year.

Coated tongue.
Bitter taste in the mouth.
Shortness of breath.
Gas on the stomach.
Dull, sick headache.
Biliousness.
Irregularity of the bowels.
Weak, dizzy feelings.
Irritable temper, discouragement and despondency.

These are some of the most common indications that the liver is failing to filter the poison waste matter from the blood.

Dr. Chase's Kidney-Liver Pills cleanse the system thoroughly and well by causing a free action to the bowels.

By their direct and certain action on the liver they purify the blood and bring about a good flow of bile into the intestines — the only means by which constipation can be actually cured.

Dr. Chase's Kidney-Liver Pills are an indispensable family medicine of proven worth. One pill a dose, 25c. a box, at all dealers or Edmanson & Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Fighting in Morocco.

Paris, April 11.—A despatch to The Temps, from Algiers, Algeria, says it is reported there that a bloody encounter took place Sunday between the troops of the Sultan of Morocco and the rebels supporting the Pretender. The latter planned taking the strategic town of Oujda and the Sultan's forces were driven back. A serious rout was threatened when Lieut. Mougin, commanding the French frontier forces in that vicinity, opened fire with a battery of artillery, permitting the Sultan's forces to retire in order.

Found Drowned.

Poughkeepsie, N. Y., April 11.—James Malloy, a well-known fisherman of Barrytown, started across the Hudson River in a rowboat at that place last night with six Pelanders, and before reaching the other shore the boat capsized and Malloy and four of the Pelanders were drowned. The boat was built to accommodate three.

SEALED TENDERS

addressed to the undersigned and endorsed "Tender for dredging in the harbour of Port Arthur," will be received at this office until Friday, the 14th April, 1905, for dredging certain portions of the harbour of Port Arthur and channels leading thereto to a depth of 22 feet of water in Lake Superior. The prices quoted must be per cubic yard of material in the scow, said include the cost of towing the scows to and from the dumping ground, which will be indicated by the engineer in charge, and which must not be less than eleven fathoms of water in Tounder Bay.

The material to be removed is chiefly composed of clay, boulders and clay, quicksand and hardpan, and different prices will have to be quoted by intending contractors for these different lines of material in the scow.

It must be distinctly understood that the department will entertain no claim for compensation on account of towing plant to or from the site of the works, as the prices quoted must cover such towing, as well as lost time and all other contingencies usually connected with such works, such as damage by collision with other craft frequenting the harbour, or other cause; also, that no tender will be considered from parties who are not at the date of this call for tenders, bona fide owners of the necessary dredging plant, duly registered in Canada.

The plant supplied shall be thoroughly examined by an officer of this department, and if it be found to be of an inferior description or deemed unfit to perform the work required, then on receipt of notice in writing from the Chief Engineer of the Department of Public Works, such other plant as shall be approved by him shall have to be supplied within one week from the date of said notice, and in the event of failure or refusal to do so, the department shall have the power to terminate the contract.

Intending contractors must be ready to begin work within ten days after the date they have been notified of the acceptance of their tender.

It must be distinctly understood that the tenders received will be only for the coming season's work, as the department does not bind itself to continue the work at the prices quoted after the close of navigation this coming fall.

No allowance will be made for dredging to a greater depth than one foot beyond the depth called for nor for a greater width than that which may be ordered to be made.

Plans showing where dredging is to be performed can be seen in the offices of the Chief Engineer of the department, where also, any additional information can be obtained.

The department does not bind itself to accept the lowest or any tender,

By order,

FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 7th, 1905. 5.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for dredging in the Kaministiquia River," will be received at this office until Friday, the 14th April, 1905, for dredging certain portions of the river Kaministiquia, and the channel in Thunder Bay, leading to the mouth of the river, to a depth of 22 feet of water. The prices quoted must be per cubic yard of material in the scow, and include the cost of towing the scows to and from the dumping ground, which will be indicated by the engineer in charge, and which must not be less than six fathoms of water in Thunder Bay.

The material to be removed is chiefly composed of clay.

Two prices will have to be given, one for dredging the channel in Thunder Bay and up to McKellar's Creek, and the other for dredging from McKellar's Creek to the power-house.

It must be distinctly understood that the department will entertain no claim for compensation on account of towing plant to or from the site of the works, as the prices quoted must cover such towing, as well as lost time and all other contingencies usually connected with such works, such as damage by collision with other craft frequenting the harbour, or other cause; also, that no tender will be considered from parties who are not at the date of this call for tenders, bona fide owners of the necessary dredging plant, duly registered in Canada.

The plant supplied shall be thoroughly examined by an officer of this department, and if it be found to be of an inferior description or deemed unfit to perform the work required, then on receipt of notice in writing from the Chief Engineer of the Department of Public Works, such other plant as shall be approved by him shall have to be supplied within one week from the date of said notice, and in the event of failure or refusal to do so, the department shall have the power to terminate the contract.

Intending contractors must be ready to begin work within ten days after the date they have been notified of the acceptance of their tender.

It must be distinctly understood that the tenders received will be only for the coming season's work, as the department does not bind itself to continue the work at the prices quoted after the close of navigation this coming fall.

The department does not bind itself to accept the lowest or any tender,

By order,

FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 7th, 1905. 5.

Why Smith's Triple Cure Cures Dyspepsia and Catarrh.

No treatment in the world cures dyspepsia and catarrh so thoroughly and completely as Smith's Triple Cure. The reason for such wonderful results is simple and obvious—because this grand triple cure system fully removes the usual cause of dyspepsia—the catarrh of the stomach. Smith's Triple Cure by its combined action on the blood, nerves and mucous membranes cures catarrh wherever located. It drives the poison out of the system and cleans the mucous membranes so completely that catarrh cannot exist or find lodgment.

Dyspepsia may start with a neglected cold in the head or a sore throat extending down into the stomach and setting up catarrh of the stomach. The catarrhal process may result from too rapid eating, overloading the stomach, using badly cooked food, and indulging too freely in ice drinks and stimulants. Smith's Triple Cure cures any case of this kind because it is a foe to catarrh. When you once recognize the fact that dyspepsia is usually caused by catarrh of the stomach, you can understand why Smith's Triple Cure is invariably successful in curing dyspepsia.

People who eat too fast, too much, and too often, who suffer with dyspepsia, heartburn, indigestion, palpitation and nervous weakness, should use Smith's Triple Cure which gives such sufferers quick and positive help—its use always leads to cures that are lasting. This grand treatment gives new vigor to the overworked and dyspeptic stomach. Begin its use at once. Ask your dealer for Smith's Triple Cure for Catarrh, Dyspepsia and the blood. A grand new system of four separate remedies, a full two weeks' treatment, curing catarrh in any part of the system, price only 50 cents, the greatest value for the money ever offered. If your druggist won't supply you send 25 two-cent stamps and we will send it postpaid and guarantee safe delivery. Address W. F. Smith Co., 185 St. James St., Montreal.

MARY E. WILKINS

Copyright, 1903, by DOUBLEDAY, PAGE & CO.

With that she laughed, and stood aside to let me pass, but suddenly, as I touched her in the narrow way, her mood changed, and the woman in her became uppermost, though not to her shaking. But she caught hold of my right arm with her two little hands and pressed her fair cheek against my shoulder with that modest boldness of a maid when she is assured of love, and whispered, "Harry, if the militia is ordered out they say they will not fire, but—if thou be wounded, Harry, 'tis I will nurse thee, and no other, and—Harry, cut all the plants that thou art able before they come."

Then she let me go, and I went forth thinking that here was a helpmeet for a soldier in such times as these, and how I gloried in her because she held her love as one with glory. Round to the stable for my horse I stole, and it was very dark, with a soft smother of darkness because of a heavy mist, and the moon not up, and I had backed my horse out of his stall and was about to mount him before I was aware of a dark figure lurking in shadow, and made out by the long sweep of the garments that it was a woman. I paused, and looked intently into the shadow, where she stood so silently that she might have deceived me had it not been for a flutter of her cloak in a stray wind.

"Who goes there?" I called out softly, but I knew well enough. I knew well enough it was Catherine Cavendish, and indeed I marveled that I had gotten thus far without meeting her. She stepped forward with no more ado when I accosted her, and spoke, but with great caution.

"What do you, Master Wingfield?" she whispered.

"I go on my own business an it please you, madam," I answered, something curtly, and I have since shamed myself with the memory of it, for she was a woman.

"It pleases me not, nor my grandmother, that one of her household should go forth on any errand of mystery at such a time as this, when whispers have reached us of another insurrection," she replied. "Master Wingfield, I demand to know, in the name of my Grandmother Cavendish, the purpose of your riding forth in such fashion."

"And that, madam, I refuse to tell you," I replied, bowing low.

"You presume too greatly on your privileges," she burst out. "You think because my grandmother holds you in such strange favor that she seems to forget, to forget"—

"That I am a convict, madam," I finished for her, with another low bow.

"Finish it as you will, Master Wingfield," she said haughtily, "but you think wrongly that she will countenance treason to the king in her own household, and 'tis treason that is brewing tonight."

"Madam," I whispered, "if you love your grandmother and value her safety you will remain in ignorance of this."

Then she caught me by the arm with such a nervous ardor that never would I have known her for the Catherine Cavendish of late years.

"Harry, you shall not go," she whispered. "I say you shall not! I—I—will go to my grandmother. I will have the militia out. Harry, I say you shall not go!"

But then my blood was up. "Madam," I said, "go I shall, and if you acquaint your grandmother 'twill be to her possible undoing, and yours and your sister's, since the having one of the rioters in your own household will lay you open to suspicion. Then, besides, your sister's bringing over of the arms may be traced to her if the matter be agitated."

Then truly the feminine soul of this woman leaped to the surface with no more ado.

"Oh, Harry!" she cried out. "I care not for my grandmother, nor my sister, nor the king, nor Nathaniel Bacon, nor aught, nor aught— I fear, I fear— Oh, I fear lest thou be killed, Harry!"

"Lest my dead body be brought home to thy door and the accusation of having furnished a traitor to the king be laid to thee, madam?" I said, for not one whit believed I in her love for me. But she only sobbed in a distracted fashion.

"Fear not, madam," I said. "If the militia be ont and I fall, it will go hard that I die before I have time to forswear myself yet again for the sake of thy family. But I pray thee keep to thyself for the sake of all."

With that I was in my saddle and rode away, for I had lingered, I feared, too long, and as God is my witness I had no faith that Catherine Cavendish did more than assume such interest in me for her own ends, for love, as I conceived it, was not thus.

I hastened on my way to Barry Upper Branch, where was the rendezvous,

Catherine urging Harry not to become a rebel

and on my way had to pass the house where dwelt that woman of strange repute, Margery Key, and it was naught but a solidity of shadow beside the road except for a glimmer of white from the breast of her cat in the doorway. But, as I live, as I rode past a voice came from that house, though how she knew me in that gloom I know not.

"Good speed to thee, Master Wingfield, and the fagots that thou didst gather for the despised and poor shall turn into blessings, like bars of silver. That which thou hast given, hast thou forever. Go on and fear not, and strike for liberty and no harm shall come nigh thee." As she spoke I saw the bent back of the poor old crone in the doorway beside her cat, and partly because of her blessing and partly because, as I have said before, whether witch or not, she was aged and feeble and ill fitted for such work, I leaped from my saddle and gathered her another armful of fagots and laid them on her hearth.

I left the old soul shedding such tears of gratitude over that slight service and calling down such childish blessings upon my head that I began to have little doubt that she was no witch, but only a poor and solitary old woman, which, to my mind, is the forloruest state of humanity. How a man fares without those of his own flesh and blood I can understand, since a man must needs have some comfort in his own endurance of hardships, but what a woman can do without chick or child and no solace in her dependency I know not. Verily I know not that such be to blame if they turn to Satan himself for a protector, as they suspected Margery Key of doing.

I rode away from Margery Key's, having been delayed but a moment, and the quaver of her blessings was yet in my ears when verily I did see that which I have never understood. As I live, there passed from the house of that ne'er do well next door, which was closed tightly as if to assure folk that all therein were sound asleep, a bright light like a torch, but no man carried it, and it crossed the road and was away over the meadows, and no man whom I saw carried it, and it waved in the wind like a torch streaming back, and I knew it for a corpse candle. And that same night the man who dwelt in that house was slain while pulling up the tobacco plants.

I rode fast, marveling a little upon this strange sight, yet though marveling, not afraid, for things that I understand not, and that seem to savor of something outside the flesh, have always rather aroused me to rage as of one who was approached by other than the given rules of warfare rather than fear. I have always argued that an apparition should attack only his own kind and hath no right to leave his own battlefield for ours when we be at a disadvantage by our lack of understanding as to weapons. So if I had time I would have ridden after that corpse candle and got, if I could, a sight of the bearer, had he been fiend or spook, but I knew that I had none to lose. So I rode on hard to Barry Upper Branch.

(To be Continued.)

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not "full of "booze"—poor whisky, or bad alcohol.

A guarantee of $1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendage in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic *substitute* for this world-famed medicine. You *know* what you want. It's his business to *meet that want*. When he urges some *substitute* he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in stiff paper covers, or 50 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Dr. Pierce's Pleasant Pellets are the smallest, the easiest to take, and the easiest in the way they act. No griping, no violence, no disturbance to the system, diet or occupation. They are the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago. They have been much imitated but never equaled. They come in vials, always fresh and reliable; a convenient vest-pocket remedy.

Boston Millionaire Gives a Second $100,000.

Boston, Mass., April 11.—An offer from John D. Rockefeller to give a second $100,000 to the American Baptist Missionary Union was received yesterday and at once accepted.

They're All "On" Now.

Kansas City, April 11.—Judge Chas. F. Amidon has decided in the federal court that the mail order whiskey business cannot be barred from the use of the United States mails.

NEWS OF THE JAPANESE FLEET

British Steamer Amoy Brings It to Manila.

GREAT BATTLE IN CHINA SEA

Regarded as Almost Certain Between Russian Battleships Anchored Off Great Natuna Island and Japanese Armored Cruisers—Battleships of This Russ Squadron Not Up-to-Date—Jap Ocean Patrol.

Manila, April 12.—A great battle in the China Sea is regarded here as almost certain to occur within a few days, not perhaps with the main fleets of battleships, but between the Japanese armored cruisers and the division of the Russian fleet now anchored in the middle bay of Great Nantuna Isand. This belief was formed to-day when the British ship Amoy came here from Shanghai. She passed thru the easterly channel between Formosa and the mainland on her way down, meeting on Satruday at the westerly end of Formosa two Japanese warships of the big cruiser class, and at 5 o'clock last evening another cruiser, which was made out to be the Adzuma, accompanied by three torpedo boat destroyers, just north of Luzon Island.

These ships evidently were bound either toward Natuna Island to meet the Russian warships or to join the Japanese cruisers known to be off Cape St. James, near the port of Saigon. Naval officers say that this is a direct battle movement on the part of the Japanese fleet. They do not think it likely that the big armored cruisers would be acting as scout boats in the China seas, and as Japan has no merchant ships to protect there it is probable they are on an offensive mission.

Off to a Rendezvous.

It is probable they are going west to a rendezvous where they can prepare for an attack on the squadron now at Natuna Island. The naval officers here say that this Russian squadron is not of great fighting value. The only battleship with it is of old type, and the three modern cruisers would not be a match for those of Japan. For these reasons it is believed Togo meditates an attack if a good opportunity offers, and will attempt at least to destroy some of the fighting power of this fleet.

It is now known definitely that Admiral Togo's battleships have their headquarters on the northern end of the Island of Formosa. This permits him to shift his fleet up the Eastern Sea to Japan or southeast into the Pacific Ocean should the Russian battleships take either route. His main fighting fleet was seen on last Thursday by the ship Suydam, in from the port of Fuchow.

The battleships were at anchor off the port of Kelung. Seventeen cruisers of all classes were counted, and there was a small fleet of despatch boats, torpedo boat destroyers and nine ships. On the following morning the Suydam passed within eight miles of two Japanese gunboats bound east, evidently coming from the China Sea, and probably those which were reported from Singapore five days ago.

Ocean Routes Patrolled.

The packet ship Triton, from New Guinea, reports Japanese war vessels four in number, 300 miles south of Mindanao Island, which shows that all the ocean routes are being patrolled by the Japanese fleet, and that in all probability Admiral Togo is in complete touch with the movements of the enemy. It is regarded here as doubtful if he will wait to strike until all the Russian fleet is combined, and it is almost certain that within a very few days he will begin night attacks if not a fixed engagement against those Russian warships now northeast of Singapore.

The best authorities here believe that the Russian battleships under Rojestvensky will not attempt to escape Togo's fleet. They have nothing to gain by sailing thru the Pacific Ocean and rounding Japan on the north. They would be exposed to a series of sea mines and if not destroyed by them would have no possible chance to escape southward if defeated in a battle. The chief naval fight, it is believed, will be somewhere between the Island of Formosa and the Island of Kiushtu, the southernmost of the main Japanese islands.

Large Fleets Sighted.

London, April 13.—The correspondent at Labuan, off the northwest coast of Borneo, of The Daily Mail says reports are current there that large fleets have been sighted south of Borneo.

Passed Seven Battleships.

Singapore, Straits Settlements, April 13.—The armored British cruiser Sutlej has arrived here from Hong Kong. She reports having passed the Russian second Pacific squadron, including seven battleships, steaming north, at daylight, April 11.

Fake Report of Battle.

St. Petersburg, April 13.—The Admiralty has no information in regard to the alleged naval battle in progress off the Anamban Islands (as reported in newspapers of Amsterdam and Holland from Batavia), does not credit the possibility of a general naval battle yet.

The officials concede, however, that the Japanese may have attempted a torpedo boat attack on a convoy during the night.

All Passed Singapore.

London, April 13.—The Associated Press is able to confirm absolutely the statement that the Russian battleships passed Singapore going eastward on April 8, so that all of Vice-Admiral Rojestvensky's squadron are accounted for. It is presumed that the battleships passed farther out to sea than the rest of the squadron.

"Montreal" Is Burned.

London, April 13.—The Canadian Pacific Railway Co.'s Atlantic Line steamer, Montreal, Capt. Evans, which has been lying at Millwall, waiting to proceed to Antwerp, and thence to Montreal, was badly damaged by a fire which occurred in her after-hold yesterday.

Mr. Stoddart's Condition.

Galt, April 13.—Mr. Stoddart's condition yesterday morning was worse, but during the day he rallied somewhat, and it was somewhat more reassuring last night. It will be weeks at least before he can be removed.

Severe Chest Colds And Painful Coughs

Demand Prompt and Active Treatment.

The great danger in troubles of this class is "delay." Don't neglect a Cough or Cold, it can have but one result. It leaves the throat or lungs, or both, affected—Bronchitis, Pneumonia, Asthma, Catarrh and Consumption will surely follow the neglect to cure.

The first dose of

DR. WOOD'S NORWAY PINE SYRUP

will ease the cough, soothe the inflamed throat and loosen the phlegm.

Mrs. Joseph Paradis, Blackwell, Ont., writes:—I had such a bad cold I could hardly breathe. I noticed Dr. Wood's Norway Pine Syrup advertised, so had my husband get me two bottles—I had only used one before I was cured. I recommended it to a friend, and two bottles cured her after other remedies had failed—we both keep it in the house now and would not be without it. It is the best cough medicine I have ever taken."

Price 25 cents per bottle.

SINFUL HABITS IN YOUTH
MAKE NERVOUS, WEAK, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. Tens of victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Sexual Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk 25 years in Detroit. Bank security.

CURED WHEN ALL ELSE FAILED. No names used without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married Life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Drs. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, skilful and responsible financially, so why patronize Quacks and Fakirs when you can be cured by reliable doctors."—W. A. Bolton.

AGED WOMAN AND DAUGHTER MURDERED

A Double Murder Reported from Penetanguishene--Mrs. Maggie Desroches and Fourteen-Year-Old Daughter Brutally Murdered--Suspicion Rests upon the Twenty-Year Old Son of the Deceased Woman--He Has Made Contradictory Statements--Bodies were Thrown into Hole Under Floor.

Special to the Examiner

Penetanguishene, April 13th.—A double murder was committed in Penetanguishene last night. Mrs. Maggie Desroches, aged fifty, and her daughter, aged about fourteen, were horribly murdered, and their bodies thrown into a hole under the floor of the house, both bodies being deprived of every article of clothing. The culprit or culprits, after making a poor attempt at cleaning up the crime had been committed, and the floor, left the axe with which the bloody clothes on the floor. Constable McLaughlin has charge of the case. Coroner Walbridge of Midland, has arrived, and will open an inquest this afternoon. Suspicion rests on Mrs. Desroches' son, aged twenty, who lived with the murdered woman, the young man having made a number of contradictory statements.

WAS ARRESTED IN TORONTO

P. H. McGuire Charged With Obtaining $160.00 by False Pretenses.

Money Secured From Lakefield Firm—High Constable Cochrane Secured Man To-day.

P. H. McGuire was arrested last night in Toronto by Detectives Duncan and Mackie, on a charge of obtaining $160 by false pretences from the Tate and Lillicrap Lumber Co., of Lakefield. The money was obtained, it is alleged, upon the strength of representations made by prisoner with reference to the proposed establishment of a furniture Company, which was under contemplation in the northern village some time ago.

High Constable Cochrane left this morning for Toronto, and will return this evening with McGuire. The case will receive a hearing, either to-night or to-morrow morning before Judge Edmison, who issued the warrant for McGuire's arrest. The prisoner was arrested a short time ago on another charge preferred in Toronto, of which he claims to have made a settlement on Tuesday last.

AT OPERA HOUSE LAST NIGHT

Marks' Brothers Gave Good Show to Large House.

Marks Bros. presented their full cast in a very popular performance last night, to a large audience, the auditorium being well filled and even the "boxe" occupied. The show was a complicated plot and was cleanly enacted by the performers who showed good ability and close study. The specialties were exceptionally fine, the juggling of "Pantree" being wonderfully clever. To-night they should be welcomed again by a large audience. A good show will be put on the stage and no doubt will be well patronized.

DOG-TAG SALES HAVE BEEN SMALL

The Chief Issues a Warning to Owners of Canines.

The Chief wishes to state that this is the 13th day of april and yet, so far, only one dog tag has been sold. The law requires that every dog in the town shall be tagged before May 1st. Last year the sales of tags totalled $16, and this year it is thought that 1000 should be disposed of.

Every dog owner who has not purchased a tag before May 1st, the time specified, will be prosecuted to the fullest extent of the law.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—It always pays to read the Examiner want column; it also pays to use it.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonnel street. 'Phone 168.

—Divine service will be held to-night in All Saint's at 7.30, when the Rector will continue his series of sermons.

—A special rehearsal of the Easter music will be held at St. Luke's church to-night, and all members of the choir are urged to attend.

—If you have anything at all that is of no use to you, put a "For Sale" advertisement in the Examiner, and the chances are that someone will read it that will buy.

—Fresh maple syrup just arrived. Many of my customers will remember the superior quality of it last year, of which I sold great quantities, some of the best Peterborough people buying it. Orders are being placed now for summer use, five-gallon cans, etc. All kinds of vegetables, potatoes, etc., on hand. James R. Bell, 161 Hunter street. 'Phone 468.

—Rev. R. Hyde and family left yesterday for the Northwest, where Mr. Hyde will commence his duties as pastor of the Griswold, Man., Presbyterian church. Mrs. Hyde and family have taken apartments in Calgary for the summer. Previous to her departure Mrs. Hyde was presented with a handsome onyx top table by the ladies of the terrace on King street, where the family resided, as a parting token of their esteem. Mr. and Mrs. Hyde will be followed by the best wishes of the host of friends made during their residence in Peterborough.

WANT LIGHT IN JACKSON PARK

Trades and Labour Council Will Ask Town Council

Residents in North-west Part of Town Want More Light.

The regular meeting of the Trades and Labour Council was held last night, when a number of important matters were discussed and disposed of.

Mr. Stenton, a member of the Council, called the attention of that body to the fact that a number of the residents of the north-western part of the town had complained of the absence of electric lights in Jackson Park, and had asked him to bring the matter before the Trades and Labour Council in the hope that through the influence of that body some remedy of what they took upon as an evil, may be forthcoming.

The residents referred to are of the opinion that if lights were placed in the park the depredations committed there now might be stopped, and this, they say is very desirable.

The Trades and Labour Council will ask the Town Council to do something in the matter, but they will defer taking action until some further opinions are expressed on the matter.

THREE CASES AT POLICE COURT

Fine of $2 and Costs Imposed in Indecent Exposure Case.

The first case at Police Court this morning was that of Matthew Edwards of Otonabee, who was charged with indecent exposure. The offence was committed in front of the Opera House on the evening of April 12th. Prisoner was fined $2.00 and costs, amounting altogether to $5.85.

M. B. Mowry who answered to a charge of having been drunk in a public place, admitted the frequency of his appearances and received the notice of a $2.00 assessment, good-naturedly.

A fine of $2 was also imposed in a case of riding a wheel on the sidewalk.

Wall Paper Opening.

To-day was the first day of the spring demonstration of new wall paper at the Peterborough Bookstore, and the interest manifested by numbers of visitors was gratifying. This artistic opening display will be continued to-morrow. Those who have not paid the department a visit yet can be assured of a day brimful of interest, if not delight. Come out this evening and see the display by electric light. A. H. Stratton & Co.

NETHERAL'S CYCLE WORKS,

Leave in your Bicycle for cleaning and repairing before the rush and have it properly attended to.

POLITICS IN THE PULPIT.

Y. M. C. A. Debating Society Decide in Favour of it.

Last night the Y.M.C.A. Literary and Debating Society held a very successful meeting. The feature of the evening's programme was the debate, Resolved, "That Politics should be kept out of the Pulpit". The subject proved a decidedly debatable one, and the twelve minute time limit proved insufficient for the majority of the speakers. On the strength of the arguments put forth and points made, the judges brought in a verdict in favour of the negative.

After other interesting matters had been disposed of the subject of dissolution of the society for the season was discussed and resulted in a committee being appointed to arrange for a banquet to be held on next Wednesday evening, April 19th. It is desirous that all members make it a point to attend this looked-forward-to "feast of reason and flow of soul."

CLARKE—MY CAPPER

Clarke is the Largest Cloth Cap Dealer in Peterborough

That is a very broad assertion to make, but it has taken years to accomplish this, and now that he has it the public may just as well know it.

He carries the biggest variety of Cloth Caps, in all their newest shapes and colours, and as a new block comes on the market it is shown in this store within a few days.

If you want a cap the same colour as your suit, get a piece of cloth ⅓ of a yard, same as suit and we will make the cap for you.

We make Boys' and Girls' Tams and Caps to your order.

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, April 12.—Wheat, spot quiet; No. 1 California, 6s 9d; futures, steady; May, 6s 7½d; July, 6s 7¾d; Sept., 6s 7¾d. Corn, spot quiet; American mixed, new, 4s 5¾d; American, mixed, old, 4s 10¾d; futures, quiet; May, 4s 3½d; July, 4s 3¾d. Bacon, clear bellies, 14 to 16 pounds, firm, 41s; Lard, American refined, in pails, firm, 37s.

NEW YORK DAIRY MARKET.

New York, April 12.—Butter, firm; receipts 5622. Street price, extra creamery, 31c to 32c. Official prices unchanged.

Cheese—Steady, unchanged; receipts, 1002.

Eggs—Steady; receipts, 19,165; southern, 13c to 17½c.

CATTLE MARKETS.

Cables for Cattle and Refrigerator Beef Are Much Firmer.

London, April 12.—Live cattle are quoted at 11½c to 12c per lb.; refrigerator beef, 9¼c to 9¾c per lb.; sheep, 13c to 14c per pound.

MONTREAL LIVE STOCK.

Montreal, April 12.—(Special.)—The receipts were 400 cattle, 100 milch cows, 75 sheep and cattle, 1200 calves and 500 hogs. The butchers were present in large numbers, but trade was not brisk, owing to the high prices asked for good cattle. A few extra beeves were sold at 5¾c, while others were held at 6c. Prime beeves sold at 5c to 5¼c; good, 4c to 4c; milkmen's strippers, 3½c to 4½c; common, 2¼c to 3¼c. There was a fair demand for milch cows at prices ranging from $25 to $50 each, and an extra cow was sold for $65. The young calves sold at $1.50 to $3.50; good calves sold at $6 to $8 each. Sheep sold at 4c to 5¼c per lb.; spring lambs at $3.50 to $5 each. There was an improved demand from packers for hogs and a fair trade was done; prices ruled steady at 6½c to 6¾c, weighed off the cars.

EAST BUFFALO CATTLE MARKET.

East Buffalo, April 12.—Cattle—Receipts, light; market, steady and unchanged.

Veals—Receipts, 400 head; slow and 25c lower; $4.25 to $6.50.

Wall Paper Opening

to be held

Thursday and Friday

April 13 and 14

In order to give the public an idea of the wealth of beautiful new designs and patterns in our Spring Display of New Wall Papers, Borders and Ceiling Decorations, we will hold a special exhibition on **Thursday and Friday** of this week.

Never before have we been able to show a range of effects at all comparable to this season's high-class productions. There are none "just as good."

We want every man and woman in Peterborough to know all about our Wall Papers because the high-class novelties of 1905 are unquestionably the best in years.

Every Room in the House

has been provided for, and every grade and price, and in no case do we sacrifice quality. See especially the

Two Petticoats for the Price of One

SATURDAY AT FAIR'S

A large New York maker of high-grade Silk Petticoats, sends the Golden Lion 100 elegant Sample Garments, made up in Taffeta Silk, Black and Coloured Taffeta Silk, Roman Satin, Moriette and Cilktaff—elaborately trimmed—no two alike—with a rustle and lustre which enhance their grace and stylishness.

These 100 Sample Petticoats go on Sale Saturday, at 8.30 a. m.

The prices will be marvels. With the duty of 35 per cent taken off, as well as a substantial discount two Petticoats may be purchased for the price of one as may be seen by the following sensational sample price list :—

LOT 1	LOT 2
Embraces the Roman Satin Underskirts and each one is a model garment made with hemstitched frills and ruffles and deep accordeon pleated flounces and inside flounce bound with velvet and no two alike.	Includes Black and Coloured Taffeta Silk Petticoats which embrace Pink, Cardinal, Sky, Tuscan and Turquoise. Beautifully made with accordeon pleated flounces trimmed with Plauen Lace and Silk Fagot insertings.
For $1.25 Roman Satin Petticoats that were made to sell at $1.75.	**For $3.50** Silk Petticoats that were $5.50 and $6.00.
For $1.50 Petticoats of Moriette made to retail at $2.25.	**For $5.00** Silk Petticoats that were made to sell at $10.00.
For $1.75 Moriette and Cilktaff Petticoats made to retail at $3.00.	**For $6.00** Silk Petticoats that were made to sell at $12.00.

IN THE CLOAK ROOM

We offer 5 only Ladies' Spring Coats, odd sizes and qualities, that formerly sold at at $8.00 to $11.00, for **$4.50**

Watchful women come to Fairs for their Saturday chances. Sample Petticoats will be exhibited in our south show window. It must be understood that none of these garments will be sold before the hour named; that none will be allowed out on approbation or exchanged, owing to the very low prices.

DETAILS OF THE TERRIBLE MURDER

Man Named Desroche Killed His Wife and Daughter--Afterwards Hid Bodies--Murderer Unconcernedly Tells the Story of His Brutal Work With Two Axes at the Inquest--Had a Quarrel With His Wife and Settled it by Slaying Her and Her Child.

Midland, April 14.—A small log shanty, situated near the Firstbrook factory, on the north side of Penetang, near the Grand Trunk Railway tracks, was the scene of one of the most brutal murders that has ever been committed in Simcoe County. The crime occurred between 8 and 9 o'clock on Wednesday night. The facts of the case are almost too revolting to describe.

About 8 o'clock on the night in question, a Frenchman, by the name of Desroche, who had been working with a farmer across the bay, returned home and found the house locked up. He commenced splitting wood in the yard, and in a few minutes his step-daughter, Annie Frisk, came along and enquired where her mother was. Desroche answered that he did not know. The girl evidently had an idea as to where she was, however, and proceeded to a neighbor's house. On her way she met her mother coming home, and arriving at the house it appears, from the evidence given by the prisoner, Desroche, his wife commenced to use abusive language towards him and he became enraged.

Hid the Bodies.

Grabbing an axe he dealt the woman a blow over the head, and struck her again as she lay upon the ground. He then turned his attention to the girl, but upon striking her the axe handle broke. He then unlocked the door and dragged the bodies into the house, where he secured another axe and proceeded to finish his horrible work which he had begun in the yard. He struck them both again to make sure that both were dead; he then stripped them of all clothing, and, taking out a large jackknife which he had in his pocket, he stabbed them both in the throat.

Having completed the work of killing, he proceeded to hide his victims under the house in a small cellar, and into this he brought both bodies. Then, going down, he picked his victims up and pushed them back under the floor as far as he could. Returning to the scene of slaughter, he commenced to clean up the house by washing all the blood off the floor and concealing the clothes in the cellar. He then left the house and started for Midland.

Discovered by Neighbor.

Matters remained in this shape until early yesterday morning, when James Frisk, a step-son, about 18 years old, who was working at one of the livery stables in the town, returned home for his breakfast. He noticed blood-stains on the kitchen floor and at once went to the neighbors. An investigation took place, but as they could find nothing but a few blood spots, evidently did not think that anything serious had happened. The son got his own breakfast and went back to work.

Shortly after, however, a neighbor who had been called thought he would look round again, and, while searching, opened the cellar door, where he discovered the blood-stained clothing. He gave the alarm and the case was placed in the hands of the authorities about 2 o'clock.

The search for Desroche revealed the fact that he had taken a situation in one of the mill yards in Midland. He was arrested there yesterday afternoon and taken back to Penetang. At the coroner's investigation in the afternoon he gave the story as above, and, after the post-mortem, which took place last night, he was committed to Barrie jail.

Had Frequent Quarrels.

Desroche is a thick-set Frenchman, below the average standard of intelligence, and it is stated that at times he was given to acting strangely, but he was never known to be violent. Yesterday he admitted having been drinking. The family had frequent quarrels, but the prisoner states that he had never threatened or had any idea of doing harm. The dead girl is about 14 years of age.

A Cool Criminal.

Desroches tells his story as calmly as another would tell of killing a chicken. He was perfectly possessed when he told the details to the coroner's jury. He does not explain the fact that he undressed the bodies, except to say that "he did not know what he was doing." His wife had some reputation as a shrew, and upon her return with her daughter she is believed to have attacked him so viciously that his temper got out of control. There is a story current that the mother had appealed to a constable for protection in behalf of her daughter, upon whom the stepfather had designs, but it is generally discounted.

The people are of the dress of the town, and with them education and morality are at a discount. When the stepson, Joseph Frisk, came to the neighbors and confessed to having quarrelled suspicion naturally fell on him, but the arrest of Desroches in Midland speedily lifted the cloud.

DEBATE ON THE BUDGET.

Three Speakers Hold Attention of the Legislature — Bills Read a First Time — Sundry Matters.

Toronto, April 14.—The debate on the budget was continued in the Legislature yesterday afternoon. Mr. Carscallen, in a pithy address, emphasizing the arguments advanced by the Provincial Treasurer, promised that the Soo agreement would be observed. Mr. E. J. B. Pense followed in a grateful speech, and foresaw good results from the Toronto University agitation. Mr. R R Gamey charged the former Temiskaming Railway Commissioners with busying themselves in a bye-election in North Renfrew, and with attempting to secure mining lands along the line of railway. He gave the Government some advice as to their policy in New Ontario. Mr. Gamey will continue the debate this afternoon, the intention being to finish it as soon as possible.

Bills Read a First Time.

The following bills were introduced:

Mr. Aubin—To incorporate the R. C. Church of the Diocese of Sault Ste. Marie.

Mr. Dargavel—To provide for the division of the Townships of Front and Yonge and Escott.

Mr. Crawford—Respecting the City of Toronto. To provide for the dehorning of cattle.

Mr. Clark (Centre Bruce)—To further amend the Pharmacy Act.

Dr. Jessop—Respecting John T. Thompson, W. B. Smith and H. W. Fairfie.

Mr. Auld—Respecting the Windsor Gas Co.

Mr. Craig—To amend the Assessment Act.

Mr. Mahaffy—Relating to the Irondale, Bancroft and Ottawa Railway.

Railway Asks Land Grant.

The Ontario Government has been memorialized by the Town Council of Bruce Mines to make a grant of land to the Bruce Mines & Algoma Railway for its proposed extension northward through undeveloped territory.

Municipalities Beware.

At the private bills committee yesterday, Chairman Carscallen strongly denounced the practice among municipalities of spending money which had not been voted and then coming to the Legislature for an act to consolidate their floating debt and issue debentures. He said they would not be allowed to come here to get these unvaild debts fixed up. This pronouncement was provoked by an application by the Town of Meaford, which had spent $10,000 in buying land for the G. T. R. and extending the streets. Mr. Harcourt supported the bill, which passed.

Debts of Civil Servants.

Toronto, April 14.—An order-in-council was recently passed approving of the following regulations, which have accordingly been put in operation at the Parliament buildings:

"Failure personally to attend to and supervise the duties of his office or position by a public officer or servant shall be sufficient cause for removal from office.

"The incurring of debts by officers or clerks of the civil service, which they are unable to pay, by reason of living beyond their means, or otherwise, shall be a sufficient cause for removal from office, and the giving of orders upon the treasury by such officers or clerks, unless previously authorized so to do by the treasurer in writing, is prohibited."

ONTARIO TO BE FOUGHT.

Grand Trunk President Says Attempt of Province to Increase its Tax is Most Unfair.

London, April 14.—The half-yearly meeting of the Grand Trunk Railway took place yesterday. Sir Charles Rivers-Wilson, the president, stated that the company were determined to fight any attempt of the Province of Ontario to increase the taxes of the company, and said he thought it a most unfair treatment on the part of Ontario, as the G. T. R. had done so much for the Province.

During the discussion at the conclusion of the chairman's address a shareholder asked what route the G. T. P. would take over the Rocky Mountains.

Sir Charles Rivers-Wilson replied that there were many who would like to know that, and Mr. Hays, the general manager, when traveling about to pick out a route, was followed by a company of promoters and others anxious to learn the route.

Another shareholder drew attention to the statement contained in Canadian newspapers, which said that Mr. Pullen, an officer of the G. T. R., had stated that over two million dollars had been paid out in claims during the past year.

Sir Charles Rivers-Wilson, replying, said the statement had appeared in an obscure newspaper, a railway news and commercial travelers' newspaper, which he (Wilson) had never heard of. Mr. Pullen had been misreported, and no such amount has ever been paid in claims.

A resolution authorizing the reduction of the number of directors to ten was carried. The retiring directors, Sir Charles Rivers-Wilson, Clutton and Brock were re-elected, also Auditor William Ramsay, of Montreal. The meeting was poorly attended.

The statements made were devoid of general interest except the announcement that the construction of the Lake Superior branch will commence in June and the building of the prairie branch in July. Sir Charles congratulated the stockholders on the financial association of the Rothschilds with the Grand Trunk in connection with the flotation of the recent Grand Trunk Pacific bonds.

Liberacy Soap—Shoemaker—as strongly recommended by the medical profession as a safeguard against infectious diseases.

MUSEUM WILL OPEN THIS WEEK

Some Valuable Additions to the Victoria Museum.

Some of the Interesting Donations Which Have Been Made During the Winter.

The Peterborough Historical Society will open Victoria Museum, Inverlea Park, for the season on Saturday, April 15th, at 2 p. m. The hours are from 2 to 5 p. m., each day, except Sundays, between April 15th and October 15th.

The museum is free of charge to all and is situated within one minute's walk of George and Water streets car line.

The Society has made many additions to the exhibits during the past winter, among which may be mentioned:—

Transactions, Reports, and Maps of the Geographical Survey of Canada.

Smithsonian Institute of Washington, D. C.

Archaeological Reports of Ontario.

Ontario Historical Society.

Niagara Historical Society.

Royal Society of Canada.

Records of Government Lands taken up in 1840-44 in Newcastle and Colborne Districts, presented by Mr. J. B. McWilliams.

Plane plate brought from England in 1840 by Henry Carveth and used in mill at Indian River until recently; Ox Shoe made by J. O'Neil in 1843; Stone Axe found near Indian River; Pair of pattens brought from Ireland in 1837, presented by Mr. H. Carveth of town.

Iron Tomahawk dug up at corner of George and Simcoe streets during construction of Canadian Machine Telephone Co's conduits, 1904, presented by Mr. W. H. Lyle.

Revolver of 1858 pattern with loading apparatus presented by Mrs. T. G. Hazlett.

An account of the North West Rebellion of 1885 by Capt. Ed. Ponton, Adjutant of Midland Battalion, compiled from diary, presented by Mr. R. M. Roy.

Collection of newspapers from all over the world, printed in different languages. Also a collection of stamped envelopes of foreign countries, presented by Mr. John Nugent.

Large solid brass "Samovar" or Russian Tea Urn, presented by Mr. Carl Goldman.

Collection of preserved locusts from St. Louis, presented by Miss B. Griffith, Antrim street.

For these exhibits and many others the society wishes to thank the donors and to inform the public that there is still room at the museum for much more, as several rooms still unused are available.

The Society has also purchased several additional cases of birds, animals and fish which Mr. Elcome, taxidermist, is now arranging.

THE SALARIES WILL BE RAISED

Police Will Get the Increases in all Probability

Supervision Committee Will Recommend This to the Council.

The police will get the increase of salary. This statement was made by Mr. Adam Hall, the chairman of the Supervision Committee of the Council. The committee had not yet met to carry out the instructions given it by the Committee of the Whole, with reference to preparing a bylaw defining the duties of the members of the force, and to deal with the question of salaries, but it is probable that in the course of a few days the committee will meet, when the matter will be dealt with.

It is not probable that any sliding scale will be introduced in the system of paying the police, since all the present members have been on the force for some years. It is also probable that no new duties will be imposed upon the guardians of the peace, since it is less than a year ago that a bylaw was passed in the council, which was thought pretty clearly defined their duties, even to their attitude when meeting the Mayor or Police Magistrate, both of whom they are commanded to salute when they meet them on the street. Strange to say, however, not a member of the council, either old or new, present at the Committee of the Whole meeting, had any recollection of this bylaw having been passed, until their attention was called to it by the town clerk.

In view of the fact, however, that the duties of the police have already been defined in a bylaw passed for that purpose, it will be unnecessary to pass further bylaws on the matter, particularly in view of the fact that if apparently matters little whether there are bylaws or not, since the aldermen remember so little about them.

The fact which will no doubt cause the greatest satisfaction to the force is that the increase of salary will be given.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Mlle. Robitaille Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Mlle. Alma Robitaille, 76 rue St. Francois, Quebec, Quebec, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"Overwork and long hours at the office, together with a neglected cold, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was and straightway sent out for a bottle. I finished that and took two more before I really began to improve but after that my recovery was very rapid and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise and am indeed glad to endorse it."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

BRUSHES LIGHTEN HOUSEWORK.

The many different kinds of brushes which are now obtainable for all sorts of home uses are the means relieving housework of much of its drudgery. It is decidely easier to clean greasy pans and kettles and dishes with a good brush, than it is to scrape them with a knife, or attempt to scour them with a cloth. Hardwood floors look their best when cleaned and polished with the proper brush. China, silver, in fact everything that must be cleaned, is quickest and easiest done with the right brush.

One reason why brushes are coming into favour generally is that they enable the woman who does her own work to keep her hands out of the water. A woman can easily do her own cooking, and keep her hands well groomed, if she adopts the modern way of using the proper brush for the different kinds of housework.

A MEETING OF INTEREST

Regular Meeting of St. Andrew's Y.P.S.C.E. Held Wednesday.

Miss Bathgate Took up Topic in Practical Manner.

St. Andrew's Y.P.S.C.E. held their regular weekly meeting Monday evening. The chair was occupied by Miss Anderson and after the usual devotional exercises, the topic, "What does Christ's life show us about the Father", John 14 6-24 was taken by Miss Bathgate who opened the subject with a very interesting Bible reading, showing very many things that Christ shows about the Father. After this she gave a very interesting paper in which was brought out very clearly that Christ shows us that God truly is a God of love in having given His only begotten son to die for us, that we might have eternal life. Mrs. Bathgate urged upon all the great need of C. E. striving to show forth God's glory in their daily life. After singing that beautiful hymn, "God loved the world of sinners lost" which was the leading thought of Miss Bathgate's paper, then followed a short season of prayer, Rev. Mr. Potter, of the Sailors' Mission, who was present also gave a very practical address on the topic. After dwelling for some little time upon the relation of Christ to the Futher, he spoke very plainly and showed that Christians might reveal more of the Christ life before their fellowmen. The speaker also showed that a great number of professing Christians were nothing more than stumbling blocks, and gave several instances in our daily lives where we have dont everything but show forth the glory of God. Mr. Potter urged upon all the great need of living more consecrated lives, using for an example the one young man who was instrumental in bringing about the great revival in South Wales, showing what one consecrated life could do, he earnestly entreated all to be more in earnest At the close of Mr. Potter's address a few minutes was spent pondering many of the beautiful thoughts brought out in the lesson and emphysizing the necessity of such earnest prayers in order to advance in the Christian life as Christian Endeavourers should do. A very interesting paper on prayer was then read by Miss Anderson, showing that in order to advance in Divine life one thing is necessary—secret communion with God. No one ever loved Christ deeply who did not take time to be alone with Him. No one was ever strong or pure or deep in any way who did not allow the mind to dwell at stated times on Divine things. It is in the secret place that the soul comes under the influence of the Holy Spirit who *transforms* and *renews* it through meditation upon the things of Christ. There the veil is lifted so that we may behold the great spiritual realities that are hidden from men in the rush and whirl of life. There the soul in enabled to see things in their right proportions; and interests that seem so important in the glare of the world are into insignificance before the Infinite presence. Much of our Bible readings and sermon hearing is fruitless, because we do not take time to meditate upon the truth and draw from it its secret strength. "Enter into thy closet and shut thy door", allow nothing to become between the soul and God. Shut out the world that is "too much with us," its business, its cares, its pleasures. Shut out acquaintances, friends and loved ones. God wants us to be alone with Him sometimes. Forget all the pursuits of life. Give the mind rest. Speak to God and listen while God speaks to you. Let there be silence in your soul that you may hear the voice of the Eternal. Keep nothing from God and He will keep nothing that is needful from you. He will shut you in with Himself. And when you go forth, you will bear in your heart the peace of the Holy place, and your service will be wrought under the influence of the mightiest mother love, love that has been stirred to a flame by fellowship with Him whose name is love. A very interesting meeting closed by singing hymn 291, "Whiter than Snow" and Mr. Potter leading in prayer and benediction.

HOSPITALS WANT GRANT INCREASED

Messrs. John Crane and W. H. Hill Attended Meeting of Association Wednesday.

Mr. John Crane and Mr. W. H. Hill, of Peterborough, were in Toronto, yesterday representing the Nicholl's Hospital at the annual meeting of the Ontario Hospital Association, which met in the Parliament Building.

Representatives from hospitals all over the Province were in attendance. Dr. O'Reilly, of Toronto, was in the chair, in the absence of Mr. Edward Gurney, president.

The Secretary, Dr. John Ferguson, read some statistics showing the increase of 1904 over 1903. In 1904 there were 39,233 patients in Ontario hospitals, being nearly 4,000 increase over the preceeding year. The total revenue of the hospitals in 1904 was $544,831, against $790,023 for 1903. The Government grant of $110,000 is included in each amount. The total expenditure for 1904 was $541,829, showing $57,196 increase over 1903. The average cost per day is 39 cents.

The meeting discussed the advisability of asking the government for an increase of the grant. Mr. Geo. May, M.P.P., of Ottawa, Dr. O'Reilly, and several others showed instances of how inadequate the present grant is. Owing to the increase in hospitals and patients, the amount has decreased from 19 cents per day per patient in 1902 to 19 2-5 cents per day in 1904.

ASK 25 CENTS PER DAY MORE.

In view of this fact it was unanimously decided to ask that the increase in the grant be 25 cents per day for each patient from now on, regardless of the number of patients.

The election of officers resulted in but two changes, namely, John Billings of Hamilton as Vice-President, and J. T. Chateau of Ottawa, as a member of the Executive.

At 12.30 Premier Whitney received the deputation which asked for the increase.

Clerical Forger is Sentenced.

Woodstock, April 14.—Charles James Brooks, who forged cheques on banks in Sherbrooke, Montreal, Kingston, Toronto, St. Catharines and Niagara Falls, and attempted forgery here, was sentenced to three years in Kingston penitentiary here yesterday. His role was that of an English Church clergyman, and the name he forged was Bishop Sweatman, of Toronto.

THE PROGRAMME WAS ENJOYED

Musical Festival at S. A. Barracks Last Night.

The musical programme given by the Salvation Army Band and juniors last night, was the best of the series given regularly every month since the beginning of the year. Adjt. Jennings conducted the opening exercises and the band was at its best. "Memories of Childhood," and "Vital Spark," are amongst the best selections ever published by the army, and these were played in a splendid manner and much enjoyed, in fact judging from the applause which followed each item of the programme it was all enjoyed from the start to the finish. The following pieces were encored, "Asleep at the Switch," and "Guilty or not Guilty," by Miss Edna Boys, and the instrumental duet on the Mandolin and Guitar, by Bandmaster Greene and Mrs. R. C. Braund.

SOWING GRAIN IN THE SNOW

Fall Wheat is Looking Well After the Winter.

Oats Will be Large Crop This Year—A Farmer's Story.

Mr. John O'Keefe of town, formerly a farmer for many years, was out in the country yesterday, and he stated to-day that the fall wheat crops were looking splendidly. He drove as far as Westwood, a distance of twenty miles, and on his journey he saw a great many splendid looking fall wheat fields, all of which were growing splendidly. Very little of the grain has been winter killed, practically none in fact, except that on very low ground. He saw a number of farmers sowing grain through snow drifts.

The principal grain sown this year will be oats, because it is looked upon as the most profitable grain crop to grow.

Since the American Cereal Company commenced operations here, the price of oats has steadily increased, and since it is is as easy to grow two bushels of oats as one of wheat it will be seen that under ordinary circumstances it proves profitable to grow that cereal. Peas, Mr. O'Keefe thinks, will also be grown in large quantities this year. The disease which has caused great loss during the past few years, has practically been stamped out, and the result is that on heavy land adapted to pea growing, a large acreage will be sown. Barley is now sown only for feed, very little being exported.

Mr. O'Keefe is of the opinion that the present year will see some good crops, and since he is a man of wide agricultural experience, his prophecy is entitled to respect.

THE CANADIAN NEWSPAPER DIRECTORY

The 1905 edition of the Canadian Newspaper Directory has just been published. The book is handsomely bound in cloth, contains nearly 400 pages of valuable information about the newspapers of Canada, and is well worth its cost to any firm which aims to do business outside of its own town.

In addition to complete lists of newspapers and magazines published in Canada, with full particulars as to frequency of issue, publishers, politics circulation, etc., etc., the work is also a valuable Gazetteer of the important towns and cities, giving population, location, chief industries, etc., etc.

Issued as a supplement, and included in a special envelope with the Directory, is a set of specially prepared maps of the Dominion, giving all the newspaper towns.

This valuable work is published by A. McKim & Co., Newspaper Advertising Agency, Montreal and Toronto, who handle the advertising of many of the leading and most successful advertisers in the Dominion, as well as many of the largest advertisers in the United States and Great Britain.

THIS MORNING'S POLICE COURT

The Matutinal Grist of the Justice Mill.

At Police Court this morning James Wilson was fined $2 and costs amounting to $3.85 on a charge of "drunk and disorderly."

Joseph Lepine received one month in gaol on a charge of vagrancy.

The charge against Charles Alay for having made use of "grossly insulting language" towards a lady, was withdrawn by the complainant, May paying the costs which amounted to $3.95.

When You Buy, Buy Right.

When you buy Ozone, buy "Solution of Ozone" (the coupon kind.) It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates so that you get about twice as much as other brands, Also each bottle contains a coupon which entitles you to a package of "Celery King." the well known remedy which must always be taken with Ozone.

No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King" and that is why we can give it with our Ozone.

"Solution of Ozone" (the coupon kind) contains about twice as much for your money as any other kind. It also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will see that you are supplied. Sold by W. B. Warne, druggist.

THE STORY A "SILLY FAKE"

Statement that Young Peterborough Lady Had Fallen Heir to Fortune.

A Gross Injustice and Attempt to Embarrass a Young Woman Failed

The importance of, and in fact, the absolute necessity for the identity of persons sending in items to the newspaper for publication being known, has been amply evidenced today. This morning an article was sent through the mail to the Examiner with the request that it be published. The letter was not signed by the name of the person sending it, three initials only being signed at the foot of the letter. Of course under these circumstances the article was not used, and a further investigation into the matter showed that had the item referred to been published, as it was received, it would have done the young lady, whose name was mentioned, a gross injustice, and would have caused her great annoyance.

The item, with the names omitted, of course, follows:—

"The many friends of Miss — —, will be pleased to hear of the recent fortune now left in her possession from an uncle in Rochester, now in Toronto Hospital. She being his favourite niece he has left her the amount of $35,000, also the lovely residence on Madison avenue, Rochester. Miss — will leave about the last of July, or the first of August to visit her new home in Rochester. Her uncle and aunt propose spending their Easter holidays with their young heiress.

"Kindly publish this in your paper, and oblige M. A. W."

In order to ascertain whether there was any truth in the statements contained in the above, a representative of the Examiner called at the home of the young lady, whose name was mentioned. She was not at home, since she is employed down town, but the letter was shown to her sister, who was asked if the facts were as stated. She expressed great surprise.

She said emphatically, "There is nothing in it. The letter is a silly joke." She further stated that they had no relatives in Rochester, and none in the United States that she knew of except some in a Michigan town.

This incident emphasizes the necessity of being particular in not publishing articles, the authority for which cannot be established.

The Examiner has made it a practice not to publish articles contributed unless the name of the person sending it in is attached, and the adherence to this policy in this case has saved a young woman from an embarrassing position.

LENTEN SERVICES AT ALL SAINTS

Able Service by the Rector, Rev. W. Major.

Continues Series of Addresses on "God's Call to His People"—Great Interest in Services Maintained.

A large congregation attended All Saint's last night, when the Rector, Rev. W. Major, continued his series of Lenten addresses on "God's Call to His People," delivering an able discourse from the text, Isaiah lxiv, 4.

The preacher opened with a brief review of the four preceeding sermons, showing in the first, God's call to His people to be lamps or lights, in the second, to be witnesses, and in the last two showed man's utter inability in himself to fulfill the call. Last night God's preparations were pointed out, in order that we might fulfill His call. First, God's preparations in the past, characterized by love. These preparations open the way for us into God's family. In order to admit sinners and to adopt them into His family, two things are necessary — salvation, "which Thou has prepared before all people." But for that salvation to be effectual something further was necessary. So we find the author of the Epistle to the Hebrews, adopting the words of the Psalmist and saying,—"A body hast Thou prepared for me." A Kinsman Redeemer was necessary to bring us back to God. Joseph was then referred to as a type of this work of Christ, in the relief which he rendered to his brethren. All things having been prepared by God, the invitation is sent forth,—"Come, for all things are now ready." The acceptance of this invitation is necessary before further blessings may be received. It gives admittance to the home where further costly treasures are stored for our enjoyment.

Then God's preparations in the present were touched upon. These are characterized by those supplies of grace and goodness to us in our daily experience, whereby we are led, trained, educated, tried and tested to fulfill the call.

The experiences of God's people in the Psalms were referred to as an example of this truth, and the experience of Jonah was also referred to, in which trials were shown to be preparations by God. God's wonderful provision for His children was next referred to, as mentioned by St. Paul „Created in Christ Jesus unto good works, which God hath forordained that we should walk in them," and "vessels unto honour, sanctified and meet for the Master's use, prepared unto every good work."

God's preparations in the future are characterized by the light of His glory. Four things are seen in these preparations—First, the Kingdom, "Come ye blessed of My Father, inherit the kingdom prepared for you." The conditions for entrance into this kingdom were pointed out, and it was shown that its inheritance is a present possession to faith. The second thing is a city in that kingdom, whose founder and builder is God; a city which is looked forward to by God's people, because here they have no continuing city. To meet the domestic and social side of our nature He has prepared for us a mansion in that city, and a place in the mansion. "In My Father's house are many mansions; I go to prepare a place for you." There we find every want met, every preparation made. The preacher then went on to urge the desirability of our entering upon the full enjoyment of these blessings, and pointed out that they are free, and that God has given us all these things freely with His Son. "All things are your's, ye are Christ's, and Christ is God's."

SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

We'll send you a sample free.

SCOTT & BOWNE, Chemists, Toronto, Ont.

McGUIRE CASE WAS ENLARGED

Will be Heard Before Judge Edmison on Tuesday Next.

The case of R. H. McGuire, who was brought from Toronto yesterday by High Constable Cochrane, on a charge of obtaining $160 under false pretences from the Tate, Lilliorap Lumber Company, of Lakefield, came up before Judge Edmison at County Police Court this morning.

The case was enlarged till Tuesday next at 2 o'clock, in order that the witnesses in the case may be in attendance.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds can be had for a trifle? For sale by all druggists.

FELLOWSHIP CLUB'S SPECIAL SESSION

Will be Held at Y. M. C. A. on Saturday Evening.

The Y.M.C.A. Strangers' Fellowship Club will hold a special session, on Saturday evening at six o'clock, to report in regard to the sale of "Dormitory Furnishing Company" stock, and also to arrange for the furnishing of dormitories. The young men are taking hold of the plan in a satisfactory manner. They feel it is their opportunity to help the work in the launching of a new department, which means much to its future.

APPEAL ENTERED IN WATCH CASE

James Allan Seeks to Quash Conviction by Magistrate Dumble.

Notice has been filed at the police court that Jas. Allen intends to enter and prosecute an appeal to the Judge of the County Court, against the conviction made by Police Magistrate Dumble, on April 10th, on a charge that Allen on April 1st, received a watch in pawn from Allen Lindsay, contrary to the provisions of the Liquor License Act.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

FRIDAY, APRIL 14, 1905.

SOME MANITOBA BOUNDARY HISTORY.

In view of the fact that a virulent attempt has been made to make the influence of Mgr. Sbarretti with the Laurier Government responsible for the refusal to extend the boundary of Manitoba westward, it will be both interesting and instructive to give the facts in relation to the matter. Interesting to the searcher for truth and instructive as showing how a certain class of incendiarism will stop at no perversion of the facts to effectuate their evil purpose. The truth is that the boundary question, as between Manitoba and the Northwest Territories, is no new question. In proof of this the following, taken from Morang's Annual Register of 1901, is submitted:—

For a time the question of admitting a portion of Eastern Assiniboia, Saskatchewan and the District of Keewatin into the province of Manitoba attracted more attention than the actual problem of territorial autonomy out of which the discussion arose. The Winnipeg Free Press strongly advocated some such policy, and The Telegram supported it, though not with quite the same vigour. Upon this point Mr. Haultain expressed himself on March 1, to The Calgary Albertan:—"You may say that personally I incline to the opinion that the events of the last year and a half in Manitoba will make the addition of any part of the Territories to Manitoba improbable."

Speaking to the Macleod Gazette a little later he expressed the same view and referred to the recently assumed railway liabilities of Manitoba as his chief reason in the premises. Mr. J. H. Ross, in addressing a meeting at Moosejaw on March 11, before his departure for the Yukon, expressed similar opinions. He said: "The Northwest is in a position to profit by the experiences and mistakes of other provinces, particularly Manitoba, which is now in such financial difficulty that it is practically impossible for the federal authorities to ask a portion of the Territories to consent to annexation."

In the House of Assembly at Regina, on May 20, Mr. D. B. McDonald, leader of the Opposition, moved the following resolution upon this subject without remark or comment: "That in the opinion of this House no terms should be accepted for the erection of the territories into a province or provinces entailing the annexation of any portion thereof to the Province of Manitoba." The Premier followed and criticised the mover for having nothing to say. He pointed out that the Assembly had no power to accept or reject terms in regard to the boundaries of Manitoba. They could only discuss financial arrangements under the existing constitutional status, and even then they could only propose and recommend. He, therefore, moved in amendment, seconded by Mr. Bulyea, that "this House is strongly opposed to any further expanse of the province of Manitoba westward, and is of the opinion that any such expansion would be opposed to the wishes, and detrimental to the interests, not only of any portion of the Territories affected thereby, but of the Territories as a whole. This was carried by 23 to 7 votes.

Meanwhile the subject was being discussed in Eastern Assiniboia as one of direct interest, and a Provincial autonomy committee was formed with Mr. Peter Ferguson of Kenlis as chairman, and Mr. W. R. Motherwell of Abernethy, as secretary. On July 3rd the latter wrote the Premier of Manitoba for an expression of his views as to the alleged heavy liabilities and financial difficulties of that province, and as to the railway policy in the event of the extension westwards. Mr. Roblin replied that Manitoba had a desire for expansion except with the entire sympathy of the people concerned. Should that wish be manifested every means would be taken to extend Manitoban privileges, as well as institutions."

Mr. Nicholas Flood Davin, K.C., dealt with this correspondence in the Regina West of August 7th, and opposed any kind of annexation, because the Territories had no debt, and Manitoba a considerable one; because the railway obligations of the province were undoubtedly heavy, whatever the benefits might be; because the Territories should start with a clean sheet, unmarked by policies and follies of other governments.

In the Regina West of two days later, Mr. R. S. Lake, M.P.P., stated that, during his recent visit in the Grenfell district, the question had been considerably discussed, and had left no doubt in his mind as to the people's opposition to any Manitoban annexation. Mr. Davin in an interview with the Winnipeg Telegram on October 11, was equally explicit. "The people of the West, from one end to the other, are absolutely opposed to any such delimination of the boundaries."

On December 18th, an important meeting was held at Indian Head, N.W.T., for the purpose of hearing Mr. R. P. Roblin, premier of Manitoba, present reasons for the incorporation of a portion of the Territories with Manitoba, and Hon. F. W. G. Haultain, premier of the Territories, in opposition to the proposal. . . . Mr. Haultain concluded by declaring "what we have we'll hold," and asking the audience if they were staggered at the idea of being part of a province, "exceeding all others in area, in population and in resources."

A careful or even cursory perusal of the foregoing shows that so long as four years ago the question of the extension of the boundaries of Manitoba, by taking in a portion of the Northwest Territories, was keenly discussed and that the people of the Northwest Territories, including Premier Haultain, the Northwest Assembly, the press and the people were unanimously opposed to the annexation of any part of the Territories by Manitoba. It will also be observed that Premier Roblin of Manitoba at that time declared his unwillingness to annex any part of the [illegible] except with the consent of the people concerned. So that years before Sir Wilfrid Laurier declared against the seizure by Manitoba of the Territory in question, years before Mgr. Sbarretti was heard of in Canada, years before Hon. Robt. Rogers devised his cock and bull story about hierarchical influence to prevent Manitoba's territorial expansion the people of the Northwest were a unit against yielding an inch of territory, and Manitoba must have understood that her demand for extension westward was impossible except by the coercion of the people of the Territories. All the friction, heart-burnings and rancour originated by the Rogers phantasm seems, in the light of the facts published above, to have been a gratuitous attempt to build a structure of political capital upon the ruins of the peace and harmony of the country.

EDITORIAL NOTES.

With a humour, of which it seems to be serenely unconscious, the Toronto News advises the Toronto city council, and Dr. Beattie Nesbitt, to "mind their own business." This is said in reference to the proposal of these persons to introduce into the city council and Legislature, respectively, resolutions condemning Separate schools for the Northwest. The News intimates that the opinion of these persons is not worth the toss of a copper. The News should take a little of its own advice.

Illustrated postal cards, issued for use at the exhibition at Liege, have been received. The Canadian card has on it the British, American, and Belgian flags, but occupying most of the surface is a large blue American eagle, with the motto E. Pluribus Unum. This will not suit Canadians who visit the show, and as Canada has an exhibition there, somebody who is responsible should be severely reprimanded. Canada does not want to be identified with spread-eagleism in the slightest way. National self-respect forbids it.

Some of the railways think that the Government should not put on additional taxation because the railways have done so much for Ontario. And hasn't Ontario done a good deal for the railways? If it weren't for the public a railway system wouldn't be worth the price of junk. The railways make their profits out of the people, and at a good round rate, too. Peterborough shippers who have to pay as much freight charges on a barrel of flour, package of cereal, or bacon, carried to Montreal, as is charged from Windsor, several hundred miles farther west, wouldn't feel severely pained if a little additional railway taxation were imposed.

Mr. Ellis Ashmead Bartlett.

The great war correspondent of the London Times, who was at Port Arthur during the entire siege and capitulation, will deliver his thrilling and intensely interesting lecture on the above subject, in the opera house on Wednesday evening next, April 19th. Reserved seat tickets, 50c and 75c. Plan of hall will be open to subscribers at Ormond & Walsh's on Monday, and for the general public on Tuesday, at 9 o'clock. This will without doubt be one of the most thrilling and instructive lectures ever delivered here. It will be illustrated by over 100 unique and realistic views taken by Mr. Bartlett himself. 2d88

Easter Books, Booklets and Cards.

Easter time, with its sacred and time-honoured duties brings out this season many dainty and pleasing novelties in Easter books, booklets and cards. The increasing popularity of these beautiful mementoes has induced the Peterborough Bookstore to import a fine stock of the choicest gems. The conceptions and artistic decorations are new and appropriate.

ARMY SCHEME IS A SUCCESS

Good Results from Experiment of Bringing Emigrants

Tenth Batch has Left England for Canada—New Comers a Good Class.

Commissioner Coombes, the Canadian head of the Salvation Army, has given an interview, in which he stated that he could place twenty times the number of people who have already come to Canada through the agency of the Salvation Army.

He further said:—

"The tenth batch left England for Canada yesterday, and before the season closes we shall have located about 5,000 immigrants in various parts of the Dominion. I am receiving a large number of applications from farmers all over the country for help, and our difficulty in complying with the requests is not one of obtaining the people, but want of accommodation on the boats. We cannot get them here fast enough.

"There are so many people going West that Ontario is becoming somewhat depleted, and the farmers here are turning to the Salvation Army to help them out of their difficulties. They expect, I suppose, that we shall supply them with steady, reliable hands, and while we make every inquiry as to those whom we bring out, we cannot, of course, give any guarantee. I am glad to say, however, that of all the men we have so far sent to the farmers in Ontario we have not had a single complaint.

"I am continually receiving letters from various parts of England from people who have a little capital, and some who have none, asking my advice about coming to Canada. They know, of course, that I am thoroughly acquainted with the country, and I am able to furnish them with all the information they require."

MR. TARTE AND ONTARIO

One Man in Canada Understands this Province.

He Grieves Over the Course of Toronto—Cannot Understand Why Sir Wm. Mulock Permits Things to Go On

Montreal, April 13.—Mr. Tarte, writing to La Patrie says that in the Province of Ontario Sir Wilfrid Laurier has no one to defend him. Then he turns to Toronto and regrets that the candidature of Mr. Bristol was not opposed. "Toronto", he adds, "cannot wish to deliberately alienate the affection and sentiment of nearly half the people of this country. She has only heard the voice of the bad angel of discord. I have had misunderstandings with Ontario myself. There was a time when profound prejudices were raised against me. My speeches and my intentions were distorted by the enemies of the Cabinet of which I was a member. I was not defended. The time came when I could go to Ontario to speak and explain myself, and to-day there is not a Province in the confederation that I would rather visit. One, however, must be frank there. I do not understand why Sir William Mulock, who has ability, still permits the opponents of his party to be absolute masters of the situation in his Province."

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Accouut of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hairdressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

Wall Paper Opening

to be held

Thursday and Friday April 13 and 14

In order to give the public an idea of the wealth of beautiful new designs and patterns in our Spring Display of New Wall Papers, Borders and Ceiling Decorations, we will hold a special exhibition on **Thursday and Friday** of this week.

Never before have we been able to show a range of effects at all comparable to this season's high-class productions. There are none "just as good."

We want every man and woman in Peterborough to know all about our Wall Papers because the high-class novelties of 1905 are unquestionably the best in years.

Every Room in the House

has been provided for, and every grade and price; and in no case do we sacrifice quality. See especially the

Art Noveau Tapestries

CARMEL NOW HAS SENSATION

Reported Narrow Escape from Drowning.

Mr. J. E. Leatch Got Into Water Hole—An Unpleasant Incident

The Millbrook Reporter tells the following story of what it claims was a narrow escape from drowning, reported from Carmel:—

Mr. J. E. Leatch had a very narrow escape from drowning last Monday morning while on his way to the station. He had been spending Sunday at Mr. N. Henry's and on Monday morning he insisted going to the station, notwithstanding the bad condition of the roads. One of the boys volunteered to get him there dead or alive, the former nearly being accomplished. At an early hour Mr. J. E. Leatch, two ladies and the driver started for the station. Everything went well, Jimmie maintaining the roads were not so bad, when suddenly they came to a water hole which Jimmie now claims was the outlet of the Trent Canal, it was not till they saw the horses suddenly go out of sight that they realized their danger. When the driver gave the order to get their life preservers, Jimmie, in the excitement, seeing a dress suit case mistook it for a life preserver and immediately took it and tried to swim to shore, but owing to the weight of the suit case it soon sank to the bottom. Jimmie then realized it was a struggle for life, and seeing a piece of ice made a desperate effort to reach it, finally he got on it and remained there till the driver and ladies warned out the neighbours to his rescue. They merely reached there in time to save him as he was almost perished, and thinking they were not coming back made another effort to swim to shore, but owing to the water being so cold Jimmie took a cramp and again was forced to give up. When the help came they located him standing in the water with his head and collar button merely above water; they at once got him out and took him on to the station where they had not long to wait till a train came and he made his way to Millbrook, where he got a change of clothes and a good warming up. At last report he had quite recovered although pretty well shaken up by the accident.

Wall Paper Opening.

To-day was the first day of the spring demonstration of new wall paper at the Peterborough Bookstore, and the interest manifested by numbers of visitors was gratifying. This artistic opening display will be continued to-morrow. Those who have not paid the department a visit yet can be assured of a day brimful of interest, if not delight. Come out this evening and see the display by electric light. A. H. Stratton & Co.

LEFT $130.00 IN A SATCHEL

Big Find Made by Mr. B. Lastar Last Night.

Lady Left Hand-satchel Containing Valuables on Carpet Roll.

A "find" of most unusual proportions was reported at the police station yesterday by Mr. B. Lastar, the well-known George street drygoods merchant.

At six o'clock last night, when Mr. Lastar closed his store, he found lying upon a roll of carpet on exhibition in front of the store, a brown, leather, lady's hand satchel, which upon examination was found to contain valuables to the extent of $130, consisting of $30 in cash and a draft for $100, besides other valuable papers. Mr. Lastar immediately turned the find over to the police, from whom it was secured this morning by the owner, who is a lady who has recently removed to Peterborough from the United States, and who has taken up residence on Park street.

The lady was naturally overjoyed at recovering her property, and will no doubt feel very grateful to Mr. Lastar for his promptness in reporting the matter, and it is indeed fortunate that it fell into such reliable hands.

In addition to reported the finding of the satchel to the police, Mr. Lastar ordered the insertion of an advertisement in the Examiner, apparently anxious to use the best means to restore the lost property to its owner.

Stricken With Paralysis

Mrs. W. R. Sutherland, St. Andrew's, Man., writes:—I was stricken with paralysis and lost power of the tongue and left leg. For six months I obtained no relief either by doctors' prescriptions or other medicines. My husband got me Dr. Chase's Nerve Food, which has revitalized my nerves and given me full power of the paralysed parts. I am strong and well now, thanks to this great medicine."

CORROBORATION BY MISS ANNIE GORHAM.

Young Lady Who Rescued Strange Man on Monday Night Substantiates in Every Detail Story Told in the Examiner of Thursday --An Interview at Her Home Throws Some Further Light on the Situation--She Believes That the Man Was Telling the Truth and the Young Lady Tells Her Story in a Way Which can Leave no Doubt as to the Correctness of Her Statements.

In order to substantiate the story published in yesterday's Examiner in reference to the supposed attempted murder of Monday night, this paper to-day gives the name of the young lady who played the part of the heroine, and gives an interview with her, which corroborates in almost every detail the version of the affair first published by this paper. The police are inclined to doubt the truth of the story, but in view of the perfectly straightforward manner which characterized Miss Gorham's recital of the facts of the incident there can be no doubt as to the truth of her statements. Whether or not the story told by the man is true, it must be admitted that as far as her part in the incident is concerned, she has proven that the man was found as she indicated.

The more that the remarkable case, reported exclusively in last night's Examiner, is investigated, the deeper the mystery becomes, and the conviction is confirmed that there is something substantial in the story as reported.

Last night a reporter of the Examiner waited upon the young lady, to whom the victim of his supposed friends owes his life to-day, and found her extremely modest when speaking of her part in the affair. At her express request, in the first story of the incident, the young lady's name was withheld, chiefly because she shrank from the publicity which she would be subjected to were her name published, and last night for the first time since she told the Examiner's informant, she gave a representative of this paper the details the story.

The Young Heroine.

The young lady's name, which this paper now has permission to publish, after earnest solicitation, is Miss Annie Gorham, a daughter of Mr. Patrick Gorham, and her home is at No. 1 Maria street, Ashburnham. She was found at her home last evening, and corroborated in every detail, the story published in last night's issue of the Examiner, with the one exception that instead of the amount of money which the man said he lost being $200, it was $250. Outside of this one mistake, the Examiner's version of the incident was correct.

Miss Gorham was very much averse to talking of the affair, and in her modesty disclaimed the credit which is rightfully hers, by reason of her heroic action on Monday night. She related, however, that the first sight of the man caused her some fright, but she recognized that to leave him where he was would mean certain death, since he was in such a position that a passing train would strike him.

Story of the Affair.

Her first question to the man, after she had reached him, was to ask him if he had fallen off the train. This question was put because she heard him groaning, and she naturally thought that he must be injured. To her first question, no answer was given, and this fact strengthened her belief that he had been hurt. She then stooped over to see if she could find where he was injured, and it was then, for the first time, that she discovered that his feet were tied together. His hands, which were also tied together at the wrist, were upon his breast.

Miss Gorham then discovered that he was not injured, but that he was only in a semi-conscious condition, and her suspicions became aroused, but, instead of running away in terror, as no doubt the great majority of persons, of either sex, would have done, she determined to rescue him from his perilous position. As has already been related, she cut the cords which bound him, and succeeded in getting him on his feet, but his limbs were so stiff from lying so long in a cramped position, that it was only with difficulty that this was accomplished.

The Victims Reticience.

When he had returned to a state of consciousness Miss Gorham questioned him as to the cause of his being in his present condition. It was then, after numerous questions, that he related to her the story published in last night's issue of this paper. He persistently refused to tell his own name, or the names of the two men, to whom he had been introduced by letter on Saturday. Neither would he tell where he came from. He seemed particularly anxious, so Miss Gorham states, that he should never be identified as having been the victim of this apparent attempt to murder, and asked her if she thought she would recognise him again, if she should see him. To this question she assured him she would be sure to, which fact is not at all strange, since the events of that night will no doubt remain with her for all time to come.

Gathered up Twine.

After he had been released, and had recovered somewhat from his semi-conscious condition, he gathered up all the pieces of twine with which he had been tied, and placed them in his pocket, and, after thanking his fair deliverer went towards the station. Before leaving, he requested Miss Gorham to tell him her name, but she refused to accede to this request, and ran home.

She was very much excited, as was of course to be expected, but she had not intended saying anything about her experience, since she is naturally a very modest young lady. Upon entering her home, however, which she reached out of breath from running, her mother asked her what was the matter, and she then told of her exciting experience. She had no sooner arrived at her home than a fast express went thundering through, and had she been a few minutes later in coming home, instead of finding the man as she did, she would probably have discovered his remains.

Miss Gorham stated to the Examiner representative that she was thoroughly impressed with the belief that the man was telling her his story in a straightforward manner, and she believes that what he said was absolutely correct. He is a man about forty years of age, well dressed, and impressed her as a man of respectability.

A Birthday Episode.

The facts given above are those learned direct from the young lady heroine, herself, and her story was told in a manner which could leave no doubt as to the absolute correctness of it. She was very modest when speaking of her part in the incident, and prefers that no publicity be given to her in the matter, and it was only after considerable solicitation that she allowed her name to be mentioned. It is rather a singular fact that Monday should have been her birthday, and it is certain that she will remember for many years the experience she met with on that day.

May be a Clue.

All efforts to find out the identity of the man who was rescued by Miss Gorham have, as yet proved unavailing. It is learned, however, that on Monday night, about eleven o'clock a man who answers fairly well to the general description given by Miss Gorham, came into the C.P.R. station. To the night operator he said that he was going to Norwood on the midnight, but though he waited in the station until that train came in he did not purchase a ticket. The operator remembers this man because he acted rather strangely, and he got the impression that he was intoxicated. He believes, however, that the stranger did go out on the midnight train, for he disappeared from the station upon the arrival of that train.

Of course, at that time he had not heard of the attempted murder and thought nothing of the presence of the man there since it is not an uncommon occurrence for men under the influence of liquor to come into the waiting rooms.

Story is Verified.

The story as given in the Examiner has created considerable talk around town and in some quarters it was treated as a story without any foundation but it can now be stated positively that the incident as recorded last night is true. Miss Gorham substantiates the story and anyone hearing her tell it can have no doubt of the truth of her statements. Whether or not the statements made by the man are true cannot of course be absolutely verified but these salient facts, at least can be taken as truth and they are sufficient to point to the evident desire of some persons to take the life of the man referred to after his money had been taken viz,—that he was found in a semi-conscious condition lying in a position which, had a train passed while he was there would have resulted in certain death. It is also certain that he did not tie his own hands, nor did he place himself in the position in which he was found.

These facts being substantiated, it now remains to be found out who the guilty person or persons are. The matter has not been reported to the police, and in the absence of any report being made, it is not probable that they will take the matter up, since the man by his silence placed an obstacle in the way of a solution of the mystery.

LATEST SPORTING NEWS

McEWAN SIGNS GOOD TWIRLER

Billy Douglas, Late of Indiana State League, the Man.

He Did Not Lose a League Game Last Season—Played in Several Leagues.

Mr. MacEwan, the energetic manager of the Peterboroughs has announced his first outside player for the season, and he is a twirler who should make good in the Midland League.

The new man is Billy Douglas, who last year pitched for Muncie, in the Indiana State League. Last year he pitched for the Simcoe League for Orillia winning twelve games and losing none. He will be here on Good Friday.

Mr. MacEwan, it is understood, has two catchers in prospect at present.

CARPET BALL TEAMS' BANQUET

Fraternal League Closed Season Last Night.

Last night the carpet ball teams representing the K.O.T.M., No. 1069, Court Stanley, A. O. F., and Lansdowne Lodge, S. O. E., held an enjoyable banquet at McCallum's Restaurant.

The banquet marks the close of the carpet ball competition between the teams representing these lodges and was participated in by about twenty gentlemen. The K.O.T.M. had two teams entered in the League which numbered four teams, and the games were played in the K.O.T.M., and S. O. E. Halls, and have created considerable interest during the winter. The cost of the banquet was raised by each member of the losing team contributing ten cents for each game lost. Mr. Frank Darling, of the K.O.T.M. team acted as toastmaster last night and a number of informal speeches were made.

THE METHODISTS HAVE ORGANIZED

George Street Guild Team After the Examiner Trophy.

Last night the annual meeting of the George Street Young Men's Guild Baseball Club was held, when the officers for the year were elected and arrangements made for commencing the season's work, which, judging from present prospects, should be very successful.

The president of the club was in the chair last night, and there was a fair representation of the members present.

The treasurer's report showed a satisfactory credit balance on hand.

The officers elected for the year were:—

Hon. President—A. W. Cressman.
Hon. Vice-President—B. F. Ackerman.
President—H. R. H. Kenner.
Vice President—W. Dredge.
Secretary-Treasurer—Arthur Mann.
Delegates to annual league meeting—Messrs. Mann and Curtis.

A committee composed of Messrs. Best, Dobbin and Hutchinson was appointed to arrange for grounds for the season.

The club starts out with excellent prospects for the season. A number of good men have been signed for the season and the team should make a fairly good showing in the League.

FIELD HOCKEY WILL BE POPULAR

First Practice Called for To-morrow Afternoon

Another interesting meeting was held last night at the Y.M.C.A. for the further organization of field hockey and track athletics.

A second field hockey team was organized with Mr. Garnet Galley elected as temporary captain. Mr. John Lang was elected as secretary-treasurer.

A surprising amount of enthusiasm was shown by a good turnout for organization. There is probably materially enough for still another strong team. Every hockey player is requested to be out at the driving park to-morrow (Saturday) afternoon at 1.30 o'clock for a practice. One dozen sticks are at Stratton's store, and can be had by the men of the 1st team calling for them. Another dozen sticks are ordered and will probably be here to-morrow.

There is also a large list of men signed for track athletics. This special feature of sports bids fair to take up the interest and effort of a large group of men.

CRICKET.

The Co'ts Cricket Club have had several excellent practices in preparation for the M'Elbrook game on Easter Monday. Present indications are that the team will be a strong one.

BASEBALL.

St. Paul's Young Men's Guild will hold their first practice of the season to-morrow afternoon at St. Andrew's grounds on McDonel street.

FOOTBALL.

To-morrow afternoon the Quakers will practise from three to five o'clock at the Driving Park.

THE JAPS RETICENT.

Government Will Not Give Out Clue to Movements of the Combined Japanese Fleet.

Tokio, April 14.—While the Japanese Imperial Government will not give a reasonable clue to the movements of the combined fleets under the command of Togo, Kamimura, Kataoka and Uriu, it can be said upon official authority there is no truth in the reports cabled here from Paris yesterday that the battleship squadron and the cruiser division was engaged Wednesday morning off Great Natuna Island with Admiral Rojestvensky's warships. The report excited derision in the Admiralty Office, but it would not be wholly surprising to learn that Uriu's squadron of two armored cruisers, three protected cruisers of the first class and two torpedo flotillas had attacked a division of the enemy.

The naval chiefs here do not throw out this suggestion, but it is nevertheless true that Uriu is in command of the flying squadron, and it is known definitely here that his ships were as far west as British Borneo on Friday of last week. His is the scouting division of the great Japanese fleet, and the admiral's American training and Japanese dash might have made the opportunity. There is no confirmation, however, of any engagement in the China Sea, and it would be surely known, as there is no manner of doubt that the movements of the fleet are sent every day to the Tokio Government. The Government has the most expert wireless telegraph system in the world.

Reinforcing Vladivostock.

It is reported here yesterday that the Russians are continually reinforcing the garrison at Vladivostock, and that the work of strengthening the fortress is progressing constantly. It is said that the plans of the Russians contemplate garrison numbering 100,000 men with 500 guns. Many additional batteries, redoubts, barriers and pits are in course of construction for enormous amounts of ammunition are being accumulated. The Russians, it is said, hope to so equip the fortress that it will be capable of withstanding a siege.

German Collier Released.

Singapore, April 14.—The German collier Hindoo, which was refused clearance papers for Saigon, was released yesterday, her captain agreeing to deliver his cargo through the British consul at Saigon.

PEASANT TENURE OF LAND.

Imperial Rescript Creates Special Commission to Investigate.

St. Petersburg, April 14.—An Imperial rescript, addressed to the Minister of the Interior, creates a special commission under his presidency to discuss questions relating to peasant tenure of land, which is described by the rescript as the main foundation of the national welfare.

Measures will be elaborated to afford peasants better means of working their lands to good advantage; second, to assist emigration between districts, helping peasants to increase their holdings through the medium of a peasants' bank, and third, to devise measures for fixing boundaries of all holdings, in order to show their inviolability and to instill more conscientious views on the subject of private property.

Creats Satisfaction.

St. Petersburg, April 14.—The report that former Minister of the Interior Prince Sviatopolk-Miraky will return to public life as president of the rescript commission, although not officially confirmed, creates much satisfaction.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

Invites to Earthquake Victims.

Simla, India, April 14.—Lady Curzon, wife of the Viceroy, has invited all Europeans and Indians injured during the recent earthquakes, who are able to be moved, to come to the Walker and Ripon hospitals at Simla, as her guests. Later reports from Mandi, capital of Mandi State, says that at least 400 persons were killed in the city by the earthquake. The palace, temples and residences were leveled.

Estimates of the number of people killed at Sultanpur, 30 miles southeast by south of Amritsar, vary from 200 to 700.

Backdown by Premier Bond.

St. John's, Nfld., April 14.—Premier Bond, in the Colonial Legislature, last night added to the bill excluding American fishermen from Colonial waters, the new clause providing for the suspension of the operation of the measure at the discretion of the Government. In doing so he declared he had reason to believe that before the next session of the Colonial Legislature is convened the United States will have acted upon the Bond-Hay treaty.

CONSERVATIVES CIVIL WAR.

Chamberlain to Meet Balfour to Fix It Up.

TO BIND THE COLONIAL TIE

Relations Are Not Close Enough—Liberals Out of Touch With Rest of the Empire—Lord Rosebery's Address at the Liberal League Banquet in London—Mr. Asquith's Advice.

London, April 14.—(C. A. P.)—A great effort is being made to lessen the breach existing between the Chamberlainites and Balfourites. At a private meeting held Wednesday in the House of Commons, some 150 followers was presided over by Mr. Chamberlain.

In an official statement which has been issued, it is said that a statement presenting the views of the tariff reformers was unanimously adopted, and a deputation appointed to convey the statement to the Prime Minister, which deputation Mr. Chamberlain will personally conduct.

Members are somewhat reticent as to what actually took place at the meeting. It is possible that taxation of imports for revenue purposes, both as a means of effective retaliation and of granting a Colonial preference will be indicated.

This is on the lines of Mr. Balfour's now almost famous half sheet of notepaper, but until the deputation is received nothing will be known for a certainty. Consequently, the result is looked forward to with much interest.

The feeling among the Unionists is that it will go far to end the civil war.

TIE NOT CLOSE ENOUGH.

Liberals Not in Touch With the Rest of the Empire.

London, April 14.—(C. A. P.)—Presiding at the annual banquet of the Liberal League in the Hotel Cecil, Lord Rosebery said he believed and hoped the Liberal Government when it came into power would make it its very first business to be animated throughout by that spirit which is necessary to bring the Liberal party once more into close and intimate relations with every part of the Empire. It would be useless to ignore the fact that the Liberal party in past years, not altogether owing to its own faults, had got out of sympathy in its relations with the Colonies. (Cries of "No, no.") Considering that all the Colonies were essentially Liberal it was a subject for melancholy consideration and for ardent hope that the tie which should exist between Liberals and the Colonies was not so close as it ought to be.

He hoped the new Government in season and out of season would not flag in its efforts at establishing the connection between Liberal party at home and their fellow subjects in the Colonies.

Speaking on the same occasion Right Hon. Henry Asquith urged Liberals to keep their powder dry for the free trade battle. They were fighting for the commercial prosperity of the country, and more important still its unity.

Australia's Protest.

London, April 14.—(C. A. P.)—A Parliamentary paper just issued contains a communication from the Governor-General of Australia to the Colonial Secretary, dated November 7, 1904, complaining of the hardship entailed by the non-recognition in Great Britain of the legality of marriage with a deceased wife's sister, and asking that a measure should be passed to remedy the matter. Mr. Lyttelton's reply was that the suggestion would receive the most careful consideration.

They've Learned the Lesson.

London, April 14.—(C. A. P.)—The first of the children's courts, as they exist in Canada and other Colonies, was opened at Birmingham yesterday.

GREAT BRITAIN'S PLAN.

How She Obtains Measure of Justice From Belligerents.

London, April 14.—In the House of Lords yesterday, Lord Reay (Liberal) asked if President Roosevelt's invitation to the powers to send representatives to a second peace conference would be accepted, and whether the question of contraband of war would be brought before the conference.

Foreign Secretary Lansdowne, replying, said the invitation had been accepted without hesitation. The Government had placed itself in President Roosevelt's hands with a reservation merely as to the subjects which might be submitted to the conference. All the other powers had similarly accepted.

He added that the position of the powers was most unsatisfactory in regard to many questions of international law. The only method a neutral powar could adopt when at variance with one of two belligerents, short of resorting to means which he would rather not contemplate, was to follow the example of Great Britain, press its views as strongly as possible and make frequent protests.

Among other subjects which it was most desirable to discuss was the danger from floating mines, the new and terrible development of modern warfare. In fact, it was very desirable that a general agreement should be reached among the powers on all the points raised.

Sweden's Premier Resigns.

Stockholm, Sweden, April 14.—Premier Bostrom has resigned owing to expressions used by the Prince Regent in his recent statement on the subject of dual government.

Burglars Disappointed.

Winnipeg, April 10.—Burglars blew the safe of Harrison Bros., millers, at Holmfield, Man., to pieces Saturday night, but got nothing.

May Yet Be Ratified.

Washington, April 13.—The Hay-Bond reciprocity treaty is not dead, and may be ratified by the Senate next fall, after having been relieved of the fatal amendments with which it was loaded during the late session. This assertion, made by ap rominent official of the State Depatment, is supported by leading members of the Senate.

Fifteen Months for Manslaughter.

Ottawa, April 13.—In Hull, yesterday, Adelard Auger, convicted of manslaughter in a drunken brawl, was sent to the common jail for fifteen months by Judge Rochon.

A pure hard soap.

FOUGHT THE BELL.

How a Quebec Independent 'Phone Company Has Succeeded.

Ottawa, April 13.—Dr. Demers, Bellechasse, was examined before the special Parliamentary Committee on telephones yesterday. He said that he was connected with four companies. He was manager of the Bellechasse, Portneuf and St. Maurice companies and authorised agent of the Beauce company. The Bellechasse company was organized in 1893. This company had 1,200 miles of poles. The trunk line was over 400 miles. It ran from Lotbiniere to Matane. The company had 1,300 subscribers. Last year there was an increase of about 600. The company purchased the Bell company's interests in Rimouski for $2,000. His company threatened to parallel the Bell company's poles and to prevent this they sold for $2,000. His company charged $15, $20 and $25. The price depended upon the service. Last year a rate of $12 was given to farmers who had no other business than to dispose of the products of the farms.

Dr. Demers expressed the opinion that in three or four years 50 per cent. of the farmers would take 'phones. His company got connection with the I. C. R. stations from the Government. The capital paid up was $100,000. After paying maintenance and repairs last year the line gave 11 per cent. profits. This year it was expected to pay 14 per cent. He gave up his profession to look after the telephone business, which paid him better.

Dr. Demers spoke briefly of the other companies, and said that the Government should buy out the long distance 'phones.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Inhaled Coal Gas.

Thorold, April 12.—Richard Williams, an old resident of Thorold, committed suicide Monday night by inhaling coal gas. He set fire to the coal in an iron pot which he had suspended from the ceiling. When found he was sitting in a rocking chair near the pot. He left two letters addressed to friends in town.

Struck by Engine.

Woodsteck, April 13.—Morley Holbrook, a farmer of Holbrook, had a narrow escape from death yesterday morning. His buggy was struck by an engine at the Grand Trunk crossing on Peel street and was completely demolished. He himself, although thrown out, escaped with but a few scratches.

A School Teacher

ON WHOM TWO OTTAWA PHYSICIANS OPERATED IN VAIN FOR

Bleeding Piles

WAS AFTERWARDS COMPLETELY CURED BY USING TWO BOXES OF

Dr. Chase's Ointment

THE folly of risking a surgical operation, with its pain, expense and danger, is illustrated in the case of Mr. Lepine, who was cured of bleeding piles by the use of Dr. Chase's Ointment, after the surgeon's knife had failed.

Mr. Arthur LePine, school teacher, Granite Hill, Muskoka, Ont., writes, — "I am taking the liberty of informing you that for two years I suffered from bleeding piles, and lost each day about half a cup of blood. Last summer I went to the Ottawa General Hospital to be operated on, and was under the influence of chloroform for one hour. For about two months I was better but my old trouble returned and again I lost much blood. One of my doctors told me I would have to undergo another operation, but I would not consent.

"My father, proprietor of the Richelieu Hotel, Ottawa, advised me to use Dr. Chase's Ointment, and two boxes cured me. I did not lose any blood after beginning this treatment and I have every reason to believe that the cure is a permanent one. I gratefully recommend Dr. Chase's Ointment as the best treatment in the world for bleeding piles."

Dr. Chase's Ointment, the only positive and guaranteed cure for every form of piles, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

'Twould Be An Insult.

London, April 13.—The London Globe, referring to the debate in the House of Lords, says: The Colonial conference, when it assembles, will be composed of business men and politicians accustomed to give and take in all the affairs of life, and it would be nothing short of insult to the practical ability of the Colonial statesmen to invite them to confer with their hands tied and their mouths shut on the question of greatest interest and importance to the Colonies and ourselves for fear that they should prove too unpractical in their demands, or too insistent on their acceptance.

Severe Cold in the Chest

"My fourteen year old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. I can positively say that he was completely cured by two bottles of Dr. Chase's Syrup of Linseed and Turpentine, and he has not been troubled since"—Mrs. J. Provost, Renfrew, Ont.

WHAT TO DO FOR AN UNHEALTHY COMPLEXION.

There is Only One Way to Get a Good, Healthy Complexion. You Can Have Red Cheeks, Rosy Lips and Bright Eyes All Your Life Without Using Poisonous Lotions, Washes or Powders.

It has come to be a habit with many women to make use of powders, cosmetics and other beautifiers, to cover up defects and to conceal the fact that their skin is rough, mottled or pimply. It is foolishness, however, to attempt to correct a bad complexion by the use of beautifiers. There is only one way to secure a lasting result and that is to remove the cause. If you have an unhealthy complexion you may depend upon it that your blood is also unhealthy. It must be purified and enriched and this can only be accomplished by keeping the liver active and establishing regularity of the bowels. Smith's Pineapple and Butternut Pills act directly on the liver, regulate the bowels, cleanse and enrich the blood, and in this way purify the complexion. Never use cosmetics, many of which are poisonous, containing lead, arsenic and other mineral poisons, and all of which eventually are sure to make a bad complexion even worse, but use a remedy which is known to cure all stomach and bowel troubles, cleanse the blood of all impurities and regulate and strengthen the functions of digestion and assimilation. If you would have red cheeks, rosy lips and bright clear eyes, keep your bowels regular by the use of Smith's Pineapple and Butternut Pills. Their daily use will establish conditions of perfect health. Remember these little pills are purely vegetable, and not only quickly restore the complexion, but are a positive cure for sick headache, constipation and biliousness in one night. All dealers, 25 cents.

All genuine signed W. F. Smith.

The Heart's Highway

by MARY E. WILKINS

Copyright, 1900, by DOUBLEDAY, PAGE & CO.

There was an air of mystery about the whole place that night, though it were hard to see the use of it. Whereas, generally speaking, there was a broad blazon of light from all the windows, often to the revealing of strange sights within, the shutters were closed, and only by the lines of gold at top and bottom would one have known the house was lit at all. And whereas there were always to be seen horses standing openly before the porch, this night one knew there were any about only by the sound of their distant stamping. And yet this was the night when all mystery of plotting was to be resolved into the wind of action.

I entered and found a great company assembled in the hall, and all equipped with knives for the cutting of the tobacco plants and arms, for the militia, as was afterward proved, was an uncertain quantity. One minute the soldiers were for the government, when the promises as to their pay were specious, and the next, when the pay was not forthcoming, for the rioters, and there was no stability either for the one cause or the other in them.

There was a hushed greeting from one or two who stood nearest—Sir Humphrey Hyde among them—as I entered, then the work went on. Major Robert Beverly it was who was taking the lead of matters, though it was not fully known then or afterward, but sure it can do no harm at this late date to divulge the truth, for it was a glorious cause and to the credit of a man's honor if not to his purse and his standing with the government.

Major Beverly stood at the head of the hall with a roll of parchment in his hand, wherefrom he read the names of those present, whom he was dividing into parties for the purpose of the plant cutting, esteeming that the best plan to pursue rather than to march out openly in a great mob. Thus the whole company there assembled was divided into small parties and each put under a leader, who was to give directions as to the commencement of the work of destruction.

My party was headed by Captain Noel Jaynes, something to my discontent, for the hardest luck of choosing in the world to my mind is that of choosing a leader, for the leader is in himself a very gallstone. Never had it pleased me to follow any man's bidding, and in one way only could I comfort myself and retain my respect

Major Beverly reading the names of those present

of self, and that was by the consideration that I followed by my own will and so in one sense led myself.

When at last we set forth, some of us riding and some on foot, with that old pirate captain to the front, hunched to his saddle, for he never could sit a horse like a landsman, but clung to him as if he were a swaying mast and worked his bridle like a wheel, with the result of heavy lunges to right or left, I felt for the first time since I had come to Virginia like my old self.

We hurried along the moonlit road, then struck into a bridle path, being bound for Major Robert Beverly's plantation, he being supposed to know naught of it, and indeed after his issuing of orders he had ridden to Jamestown to see Sir Henry Chichely and keep him quiet with a game at piquet, which he much affected.

As we rode along in silence, if any man spoke Captain Jaynes quieted him with a great oath smothered in his chest as if by a bed of feathers, and presently I became aware there were more of us than when we started. We swarmed through the woods, our company being swelled invisibly from every side, and not only men, but women, were there. Both Mistress Allgood and Mistress Longman were pressing on with their petticoats tucked up, and to my great surprise both of the black women who lived at Barry Upper Branch. They slunk along far to the rear, with knives gleaming like white fire at their girdles, keeping well out of sight of the Barry brothers, who were both of our party, and looking for all the world like two female tigers of some savage jungle in search of prey, since each moved with a curious powerful crouch of secrecy as to her back and hips and wary roll of fierce eyes.

When we were fairly in the open of Major Beverly's plantation some few torches were lit, and then I saw that we were indeed a good hundred strong, and of the party were that old graybeard who had played Maid Marion on May day and many of the morris dancers and those lusty lads and lasses, and they had been at the cider this time as at the other, but all had their wits at their service.

Not a light was in Major Beverly's great house, not a stir in the slave quarters. One would have sworn they were all asleep or dead. But Captain Jaynes called a halt and divided us into rank and file like a company of reapers, and to work we went on the great tobacco fields.

I trow it seemed a shame, as it ever does, to invoke that terrible force of the world which man controls, whether to his liberty or his slavery 'tis the question, and bring destruction upon all that fair inflorescence of life. But sometimes death and destruction are the means to life and immortality. Those great fields of Major Robert Beverly's lay before us in the full moonlight, overlapping with the lusty breadth of the new leaves gleaming with silver dew, and upon them we fell. We hacked and cut, we tore up by the roots.

In a trice we were bedlam loosened—that is, the ruder part of us. Some of us worked with no less fury, but still with some sense of our own dignity as destroyers over destruction. But the rabble who had swelled our ranks were all on fire with rage and wasted themselves as well as the tobacco. They filled the air with shouts and wild screams and peals of laughter. That fiercest joy of the world, the joy of destruction, was upon them, and sure it must have been one of the chiefest of the joys of primitive man, for all in a second it was as if the centuries of civilization and Christianity had gone for naught and the great gulf which lies back of us to the past had been leaped.

One had doubted it not had he seen those old men tearing up the tobacco plants, their mouths dribbling with a slow matter of curses, for they had drunk much cider, and, being aged and none too well fed, it had more hold on them than on some of the others, and to see the women lost to all sense of decency, with their petticoats girded high on account of the dew, striding among the plants with high flings of stalwart legs, then slashing right and left with an uncertainty of fury which threatened not only themselves but their neighbors as well as the tobacco, and shrieking now and then, regardless of who might hear, "Down with the king!"

Often one cut a finger, but went on with blood flowing, and their hair begun to fly loose, and they smeared their faces with their cut hands, and as for the two black women, they pounced upon those green plants with fierce swashes of their gleaming knives and, though they could have sensed little about the true reason for it all, worked with a fury of savagery which needed no motive only its first impetus of motion.

Captain Jaynes rode hither and thither striving to keep the mob in order and enjoining silence upon them, and now and then lashing out with his long riding whip, but he had set forces in motion which he could not stop. Fire and flood and wind and the passions of men, whether for love or rage, are beyond the leading of them who invoke them, being the instruments of the gods.

Sir Humphrey Hyde, who was beside me, slashing away at the plants, whispered, "My God, Harry, how far will this fire which we have kindled spread?' but not in fear so much as amazement.

And I, bringing down a great ring of the green leaves, replied, and felt as I spoke as if some other than I had my tongue and my voice:

"Maybe in the end, before it hath quite died out, to the destroying of tyranny and monarchy and the clearing of the fields for a new government of equality and freedom."

But Sir Humphrey stared at me.

(To be Continued.)

A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter risings so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out continually," writes Miss Mary Smith, of 1615 No. Wahsatch Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to sleep better than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 50 stamps for cloth-bound copy. Formerly sold for $1.50 to extent of over 500,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pellets Cure Constipation.

IRELAND IN ARMS.

Redmond Would Advise Revolt If He Thought There Was the Smallest Chance of Success.

London, April 12.—Home rule for Ireland was discussed at to-night's session of the house of commons. The government was well represented. Premier Balfour was greeted with ironical opposition cheers when he entered.

Mr. Tufts (Conservative) called the attention of the house to speeches by certain members of the opposition on home rule for Ireland, and moved that "In view of the conflicting statements by various leaders on the subject of home rule the house deems it expedient for the member for Stirling burgh (Sir Henry Campbell-Bannerman) to explicitly declare whether it is the intention to recommend to the electors of the United Kingdom the policy of establishing a parliament in Ireland."

Sir Walter Plummer (Conservative) seconded the motion.

Sir Henry Campbell-Bannerman caustically congratulated Mr. Balfour on his presence in the house to-night when an abstract motion was up in voting "a question which would not come before this parliament."

The speaker declined to give a direct reply to the motion. He said it was not necessary to relate the record of the Liberal party, which for twenty years had labored unceasingly to secure good government for Ireland. He said the principle underlying these efforts was that self-government should be granted. He would endeavor to bring this to a successful issue.

John E. Redmond declared that Ireland demanded home rule as a right. If there was the smallest reasonable chance of success he would not hesitate to advise his country to end the present situation by an armed revolt; but they desired to terminate the ancient quarrel upon terms satisfactory and honorable to both nations. He thanked Sir Henry Campbell-Bannerman for his declaration, but said the Radical party would find this question an urgent and insistent one, which would knock loudly at the door of the next parliament.

Premier Balfour spoke briefly, alluding ironically to the dissensions among the opposition leaders upon the Irish policy and declaring that if the Liberals returned a large majority at the next elections, Irishmen might whistle, but if they emerged with a small majority they would cry in heaven's name for justice to Ireland.

It being now midnight Mr. Tufts invoked closure, which the speaker refused to apply and the debate was adjourned.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all druggists.

To Pay Witnesses Sooner.

One public bill was considered in committee, introduced by Gus Porter, of West Hastings, to amend the criminal code so as to compel the authorities to pay witnesses subpoenaed in cases or summary conviction their traveling expenses before trial. It was allowed to stand for further consideration.

The House arose at 12.15 a. m.

Fell 75 Feet; One Dies.

Winnipeg, April 11.—Yesterday morning Robert Cavers and William Simmers, two iron workers from Montreal, employed on the C. P. R. here, fell off the top storey of the framework, 75 feet, to the ground below. Cavers died in the afternoon. The men were working a crane on the top storey when a bolt at the bottom of the crane gave away and the collapse of the apparatus swept both men off the wooden platform.

Rider Haggard.

Toronto, April 11.—Rider H. Haggard, the novelist, who is investigating a settlement scheme on behalf of the British Government, will be in Toronto to-morrow and on Wednesday will be the guest of the Canadian Club. In conjunction with officers of the Salvation Army he will no doubt propound his scheme to Premier Whitney and his Cabinet.

The Gaynor-Greene Case.

Montreal, April 11.—After some formal evidence in the Gaynor-Greene case yesterday afternoon Mr. McMaster, K. C., declared the case for the prosecution closed. Objection was made by the defence to the admission of the record of proceedings, which took place in New York and argument will take place on the objection to-morrow.

Exchequer Bonds Issue.

London, April 13.—The Bank of England yesterday announced the issue of $50,000,000 ten-year exchequer bonds at 2 3-4 per cent. interest. The bonds are repayable at the rate of $5,000,000 annually. Tenders are deliverable before 2 p. m. April 18.

Brakeman Killed.

Wallaceburg, April 13.—William Pole of Sarnia, brakeman on a Marquette freight train, was instantly killed at Wallaceburg at noon yesterday. While the engine was switching he tried to jump on the tender, missed his footing and fell under the wheels.

Will Pay Family $1,500.

Toronto, April 13.—The Canadian Pacific Railroad has settled with the widow of James Dillon for $1,500. Dillon was a carter for the Rogers Coal Co. and was killed on the Esplanade last February.

The Senate Adjourns.

Ottawa, April 13.—The Senate has adjourned to May 3.

Could Not Walk Ten Yards Without Resting.

Mrs. D. Herkimer, Hall's Bridge, Ont., was Troubled with Weak Heart and Sleeplessness.

How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Herkimer says. It may save you years of suffering if you take her advice:—

"I am now enjoying the best of health, after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and can recommend them to all sufferers."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, 3 boxes for $1.25. For sale by all dealers, or mailed direct on receipt of price.

PETERBOROUGH'S NEW Y. W. C. A. BUILDING

On this page, a cut of the new Y.W.C.A. Building, which will be opened formally on April 25th, by appropriate exercises, is given.

On Sunday afternoon, April 23rd, at 4.15, the first Sunday Devotional Service, will be held, when it is expected, that a number of the different ministers of the town will be present, and take part in the exercises.

The contract for the construction of the building was let to Messrs. Hartley and McIntyre, who have carried through the work in a splendid manner, and the finished building is a credit, both to the builders and the Association.

Work was commenced upon the building late last summer, the corner stone being laid by the late Mrs. George A. Cox, through whose beneficence the movement to erect the building was started.

Hon. George A. Cox offered to donate one-quarter of the cost of the building when the other three-quarters had been subscribed, and this was accomplished through the efforts of the members of the Association and their friends.

On Tuesday night following Easter Sunday, the formal opening will take place, but the programme for that evening has not yet been definitely announced.

REMARKABLE CO-INCIDENCE

Unknown Man Found Lying on Ground Near Fuel and Cartage Co's Sheds.

Was Lying Behind Unused Boiler in Deplorable Condition—Discovered by Some Boys

An extremely singular co-incidence came to the notice of the Examiner last night, while a representative was engaged in securing further information with regard to the supposed attempted murder on Monday night on the C.P.R. bridge.

On Friday evening last a man was discovered by some boys lying behind an unused boiler in the vicinity of the sheds of the Peterborough Fuel and Cartage Company, corner Aylmer and Townsend streets. The boys informed several gentlemen boarding with Mr. Peters, whose grocery is situated up on that corner. Upon investigation by one of their number—Mr. Turner—the man, who refused to give his name, was found to be in a pitiable state, being insensible, either from the effect of drink or of drugs. When he had recovered consciousness he was taken to Mr. Peters' residence, the latter giving him supper. The man, who was quite well dressed was apparently between 25 and 30 years of age, and upon being questioned, first stated that he had just arrived in town from St. Louis, from which place he had ridden upon the "bumpers;" a few moments later he said that he had been employed at the C.G.E. Works, and that he boarded on Stewart street, his board for the previous week having been paid by a friend.

This story appeared rather unsubstantial in the face of the fact that he had upon his person a huge roll of bank bills, one of which—a $5.00 note—he tendered Mrs. Peters as pay for his supper. Those present state that he appeared quite intelligent in his conversation, when he had fully regained his consciousness.

The incident occurred quite early on Friday evening, and the man after conversing for some time departed, stating that he intended taking the next train to Toronto. Whether this man may have any connection with the mystery of Monday night has not yet been determined, but it is to say the least, a remarkable co-incidence.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—Committee of the Whole Council will meet to-night.

—Rev. A. H. Brace spoke to the boy's at the Y.M.C.A. this afternoon.

—The Junior Boys' Guild of St. Andrew's church, will meet to-night at 7.30.

—Divine service and the study of the Sunday school lesson will take place at St. Luke's to-night.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—The "Y.M.C.A. Dormitory Furnishing Company" Directors meet on Saturday night at 6 o'clock in special session.

—The annual Old Time Social of St. John's Girl's Guild will be held in the Sunday School room on Tuesday, April 25th. 2d

—A special choir practice will be held at All Saint's to-night at 7.30, when the Easter music will be practised. The Rector wishes every member to attend punctually at time stated.

—The Primary and Junior Union will meet for the study of the Sunday school lesson for next Sunday, to-night in the Y.M.C.A. at eight o'clock. Rev. A. H. Brace will be in charge.

—After Lent comes Easter, and those who have denied themselves candy for the past six weeks will appreciate a box of G. B. We have a fresh stock, with many new flavours. T. H. Hooper. dtf

—Have you seen T. H. Hooper's beautiful novelties in candy boxes for Easter? If you have not you should not miss them for they are very unique and most appropriate, and when filled with candy make a most suitable Easter gift. dtf.

—In addition to Mr. Owen A. Smiley, the St. Andrew's Guards have secured the services of Miss Ethel Powell, a soprano, for their concert on April 25th. Miss Powell is very highly recommended. Both these artists are billed to appear before the Governor General on May 1st.

—Two train loads of emigrants passed through town this week, one on Monday, and another yesterday, the latter being composed of five coaches. The passengers will locate in the North-west. About twelve passengers and one load of household effects left Peterborough on Tuesday's excursion.

—At the special meeting of the Counselin Council, one speaker from Durham county, said the bone of contention was the Trent River. Now, any time the United Counties would like to get rid of Hastings, we will be perfectly willing to join Peterborough county — where we should be. —Hastings Star.

—For the convenience of my coffee loving customers, I have placed a new coffee mill in my store, so that they may have their coffee fresh. Maple syrup and maple sugar are moving rapidly. Cabbage, parsnips, carrots, beets, onions and potatoes delivered to hand, at Jas. R. Bell's, 161 Hunter street. Phone 456. d

A novelty in Canadian maps is the "handy-as-a-watch" map of Manitoba, issued by the Stovel Company, of Winnipeg. These enterprising engravers and map publishers are the first in Canada to introduce the war process of engraving maps—a method used in making of most of the fine, modern atlas maps. Printed in eight handsome colours, indexed and folded to vest pocket size, and enclosed in a handy, durable cover, this little convenience should meet with a ready sale at the small price at which it is offered—fifteen cents.

—The Canadian Canoe Company today made a shipment of canoes and skiffs, which were photographed just prior to their departure. The shipment comprised about thirty most handsome specimens of the boat-builders art and will be sent to different points from the Maritime provinces to Seattle, Wash., U.S.A.

THE SOCIAL WORLD.

CATTLE MARKETS.

Cables About Steady—U. S. Markets Are Easier for Hogs.

London, April 13.—Live cattle are quoted at 11¼c to 12¼c per lb.; refrigerator beef, 9¼c to 9¾c per lb.; sheep, 13c to 14c per pound.

TORONTO LIVE STOCK.

Receipts of live stock at the city market since Tuesday, as reported by the railways, were 105 car loads, consisting of 1701 cattle, 1963 hogs, 453 sheep and lambs, 203 calves and 1 horse.

Prices ranged from $5 to $5.75 per cwt. for steers, the bulk selling at $5.25 to $5.60 per cwt.; export bulls at $3.75 to $4.50 and export cows at $4 to $4.50 per cwt.

Choice picked lots of Easter cattle, as good quality as any exporters on market sold at $5 to $5.25 per cwt., with one lot of 5 at $5.40 per cwt., and 5 extra choice heifers, 1220 to 1300 lbs. each, at $5.75 per cwt., with one 1380 lbs. at $5.65 per cwt.; loads of good butchers' cattle at $4.75 to $5; medium cattle at $4.25 to $4.60; common at $4 to $4.25; cows at $3.50 to $4; inferior to rough at $3 to $3.25 and canners at $2.50 to $2.75 per cwt.

Short-keep feeders were higher in price, in sympathy with the fat cattle; steers of good quality, 1100 to 1200 lbs. each, sold at $4.25 to $4.50 per cwt.; feeders, 1000 to 1100 lbs., at $4.00 to $4.75; feeders, 900 to 900 lbs. each, at $4 to $4.25; stockers, 600 to 700 lbs. each, at $3.50 to $3.75; stock calves of good quality, 400 to 500 lbs. each, at $3.40 to $3.60 and inferior stock calves, 400 to 300 lbs. each, at $2.75 to $3 per cwt.

About 20 milch cows and springers sold at $30 to $55 each.

Deliveries of calves were liberal. Prices were about the same as on Tuesday, at $2 to $8 each, or $8.50 to $5.50 per cwt. for the bulk; choice calves are worth $6 to $6.25 per cwt.

The run of sheep was a little larger and prices were unchanged from those quoted on Tuesday, as follows: export ewes sold at $4.75 to $5.20 per cwt.; bucks, $3.75 to $4.50; mixed lots, $4.50 to $5 per cwt.; choice yearling lambs, ewes and wethers, grain-fed, sold at $7.25 to $7.75 per cwt.; heavy buck lambs sold at $6 to $6.50 per cwt.; common barnyard lambs sold at $5.50 to $6 per cwt. It will be seen that ewe and wether lambs are worth $1.25 per cwt. more than bucks, which means from $1 to $1.25 per head more for wethers. Spring lambs sold at $3 to $6 each.

Receipts of hogs were fairly large, 1963. Mr. Harris quoted the prices unchanged, but firm, at $5.25 for selects and $5 per cwt. for lights and fats, all fed and watered.

EAST BUFFALO CATTLE MARKET.

East Buffalo, April 13.—Cattle—Receipts, light; firm and unchanged.

Veals—Receipts, 200 head; active and higher, $4.50 to $7.

Hogs—Receipts, 4200 head; easy and 10c lower; heavy, $5.90 to $5.95; mixed, $5.85 to $5.90; Yorkers, $5.75 to $5.80; pigs, $5.60; roughs, $4.00 to $5; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 5000 head; sheep active and steady; lambs slow, 25c lower; lambs, $6.50 to $6.25; yearlings, $7.25 to $7.35; wethers, $6.25 to $6.50; ewes, $5 to $5.15; sheep, mixed, $5.00 to $5.15.

NEW YORK LIVE STOCK.

New York, April 13.—Beeves—Receipts, 92 head; nothing doing in live cattle; feeling steady; exports, 900 cattle and 96 sheep.

Calves—Receipts, 171; quiet but steady; common to fairly good veals, $4 to $6.50; no prime here; culls, $3.50.

Sheep and Lambs—Receipts, 610; sheep very dull; lambs 10c to 15c lower; clipped sheep, $5.50 to $5.80; wooled lambs, $8 to $8.25; clipped do., at $6 to $6.90.

APPOINTED ROAD COMMISSIONERS

North Monaghan Township Council Met on Monday

Routine Business was Transacted—Tax Collector Appointed.

Special to the Examiner).

North Monaghan, April 11. — The Council met in the Town Hall on Monday, April 10th, at 2 p.m. All the members were present, the Reeve, Mr. Jos. Madill, presiding.

The minutes of the last meeting were read and confirmed.

Communications were presented and dealt with as follows:—

From the City Clerk of Toronto, re application to the Provincial Legislature to provide that the names of married women be added to the voters' lists.—This was received and no action taken.

From the Secretary of the Elgin Municipal Association, asking that a delegate or delegates be sent to Toronto to await upon the Provincial Government to advocate a change in the Municipal Act so as to relieve Municipalities from responsibility from civic liabilities in cases of actions for damages.—Received.

From the Ontario Institution for the Deaf and Dumb, and from the National Sanitarium Association, asking for subscriptions.—Received.

From the Township Treasurer, stating the cash balance to date on hand, was the sum of $161.17—Received.

From A. T. Thompson, solicitor for the Georgian Bay and Seaboard Railway Company, stating that, an application would be made to the Parliament of Canada for a charter to construct a railway from Georgian Bay to the sea.—Received.

From Wm. Collins, executor of the estate of the late Wm. Kerr, stating that he did not think the account of North Monaghan against the said estate was strictly correct and that he at any rate refused to pay the account.—This was referred.

From G. H. May, enclosing a detailed report of sanitary work done by him as Inspector, during the year 1904.—Received.

Applications for the office of Collector of Rates for the year 1905 were received from Mr. Jas. Barnard, Mr. John Hetherly, Mr. Israel Payne and Mr. Wm. Anderson.

Accounts were handed in as follows:—

Robt. Thompson, repairs to washout at Lockies' bridge, $2.50; G. H. May, account as referred from last meeting, $10.60; Peterborough Hardware Company, account as referred to Jno. McIntosh, and reduced, $6.30.

The Clerk reported having some doubt as to the legality of a penalty clause in a bylaw to license theatres, music halls, etc., or of the council having power to distrain to collect such penalty.

The clerk was instructed to consult a solicitor with regard to this matter.

It was moved by Messrs. Holmes and Morrow, that the communication of the Elgin Municipal Association be endorsed, and that a delegation consisting of the Reeve and Councillor Holmes are hereby authorized to attend the deputation to Toronto on April 12th.—Carried.

Moved by Messrs. Holmes and Fowler ,that the communication of Wm. Collins be referred to a committee of the Reeve and Councillors Holmes and Morrow, who are hereby empowered to take such action as may be necessary to collect the amount of this account. — Carried.

Moved by Messrs. Fowler and Holmes, that the report of Mr. G. H. May, as Sanitary Inspector be received and accepted and that the amount of his account for same be passed and paid. — Carried.

Moved by Messrs. Brown and Fowler that the accounts of the Peterborough Hardware Company, $6.30, and Robert Thompson, $2.50, be passed and paid.—Carried.

Moved by Messrs. Brown and Morrow, that the application of Mr. Jos. Barnard, for re-appointment as Collector of Rates, for 1905, at a salary of $45, be accepted and the Clerk is instructed to prepare a bylaw to confirm this appointment.—Carried.

Moved by Messrs. Fowler and Brown, that Messrs. Morrow and Holmes are hereby appointed a committee to arrange for the making of concrete culvert tile for 1905.—Carried.

Bylaws Nos. 551 and 552 to appoint a member of the local Board of Health in the place of H. C. Robertson who resigned and to appoint Road Commissioners, Pound-keepers and Fence-viewers, were then introduced, given the necessary readings and finally passed.

Under bylaw No. 551 Mr. Israel Payne was appointed member of local Board of Health for three years. Under bylaw No. 552 the following Road Commissioners were appointed:—Road Division No. 1, J. Morrow; No. 2, D. McRoberts; No. 3, Geo. Moncrief; No. 4, Jno. Holmes. Poundkeepers:—No. 1, Wm. Williamson; No. 2, Robt. Sanderson; No. 3, Alex. Laing; No. 4, David Doig. Fenceviewers:—No. 1, John Young, John Fowler and Fred Stinson; No. 2, John McIntosh, John Lynch and T. M. Hunter; No. 3, Robt. Waterman, Thos. Brown and Wm. Whitfield; No. 4, A. Cummings, A. Sanders and John Bell.

Council then adjourned until the second Monday in May in the Town Hall, at 1.30 p.m.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

MR. B. HEATHERLY HAS ACCIDENT

Injured in Dummer While Assisting in Building Shed.

Norwood News—School Board Holds Monthly Session—A Sudden Death.

(From Our Own Correspondent)

Norwood, April 10.—Miss Montgomery, of Kingston, sister of Mrs. Juniac, and Miss Montgomery, of Glasgow, Scotland, cousin, are staying with Mr. and Mrs. Juniac, Alma street.

Mrs. John Brown, of Reckdale, is staying with her sister, Mrs. J. B. Pearce, "Ourasmore."

Miss Jennie Stephenson, of Campbellford, is the guest of her sister, Mrs. B. W. Squire, Spring street.

Mr. Charles Munn, of Indian River, was the guest of Mr. G. Neible, over Sunday.

Mr. William Matheson, of Havelock, was in town on business on Saturday.

Messrs. Buck & Walsh shipped last week one car load of hogs to Matthews Co., Peterborough. Price paid, $6.00.

Mr. Arthur Hall, of Toronto, is staying with his sister, Mrs. Fred Pearce.

Mr. Daniel O'Leary and Duncan Bros., of Peterborough, purchased about thirty general purpose horses at Hastings and Norwood. Sixteen were shipped from C.P.R. station, Norwood, and fourteen from G.T.R. station, Hastings.

Mr. George English, of lot 5, concession 4, Asphodel, shipped to his two sons, John and Curtis, who are residing at Wolseley, Assa., one car load of settlers' effects, and horses and cows, Thursday last. Mr. English is accompanying the car, and intends spending some time in the West on a visit.

Mr. Bert Heatherly, who is in the employ of Mr. Harry Fife, contractor and builder, met with a serious accident when assisting in the erection of a driving shed for Mr. John Collins, lot 5, concession 9, Dummer, on Wednesday last. The men were just in the act of putting a beat together; Mr. Fife using the commander in driving in a wooden pin, when the commander flew off its handle, and struck Mr. Heatherly, breaking the bridge of his nose and cutting his lip and knocking him unconscious, in which state he remained for nine hours. He was taken to Mr. Fife's Norwood, and Dr. Pettigrew sent for, fortunately it was not necessary to put in any stitches.

The Board of Education met on Monday, April 10th. Members present, Mr. J. L. Squire, chairman; P. W. Stevenson, E. P. Cuffe, Thos. Fraser, Dr. Robertson, A. S. Harrison, C. W. Waters, H. Drain, J. A. Finlay, Thos. Waller, J. Doherty, and J. Breckenridge.

Communications were received from the Minister of Education, enquiring about renovation of school premises and models required; from counties' treasurer of Northumberland and Durham, enclosing cheque for maintenance for 1903-04.

A report from Mr. J. Coyle Brown, I.P.S., called for considerable discussion. It was moved by Dr. Robertson, seconded by Mr. Stevenson, that the report of the I.P.S. be returned to Mr. Brown in order that he may make a more complete and definite report, and upon its being returned it be submitted to the executive committee for investigation previous to its consideration by the board. A communication from secretary of Provincial Association of School Trustees of Ontario, to send delegates to Toronto was read..

Moved by Messrs. Stevenson and Finlay, that Miss Kirkpatrick, if the next in succession, be appointed associate examiner for the coming examinations.—Carried.

Mr. Cuffe asked if the Supply Committee should procure next winter's fuel during the low prices. The matter was left over for consideration at the meeting in May.

Mr. Brackenridge's notice of motion re dissolution of the Board was next discussed.

Moved by Messrs. Brackenridge and Drain that the chairman be empowered by the board to call a special meeting for the purpose of dissolving the board, according to the provisions of the statute.

Moved by Messrs. Doherty and Stevenson that the discussion of Mr. Brackenridge's motion be left over till next meeting.

The following accounts were presented: T. Rabal, repairs to walks, P. S., $4.25; Roxburgh & Son, two tons coal, $15. On motion the accounts were referred to their several committees, to be paid if found correct. The meeting then adjourned.

The sudden death of Frederick J. H. Preston, second son of Mr. and Mrs. John Preston, occurred at his father's residence, lot 7, concession 10, Asphodel, on Monday evening, at the age of 28 years and 10 months. The deceased seemed to be in his usual good health on Monday, going through his regular routine of work. He retired early on Monday evening, and shortly afterwards expired. The cause of his death was heart failure. The funeral will take place on Wednesday to the Trent Valley cemetery, Percy township, and will be buried under the auspices of the Belmont Loyal Orange Lodge, of which he was a member. The family have the sympathy of the community.

The Semi-ready frock coat is a masterpiece of sartorial art

The frock coat gives the designer more scope to show his skill and taste than any other garment.

That is why the tailor, who makes about five or six frock coats in a year and gets his ideas from a fashion plate, misses the essential points that mean style.

The lines of the Semi-ready frock coat are carefully thought out by an expert designer.

This year the Semi-ready frock coat differs but slightly from last year's model. The lapels are heavier with a slightly convex crease. The shoulders are a little broader and of natural shape, avoiding the built-up effect.

They are close-fitting at the waist, large-chested, and with considerable bell to the skirt.

A frock coat is like a dress coat—every line must be right or it is noticeably incorrect.

The Semi-ready frock coat is the essence of style —try one on and see. Prices, $20, $25, $30. 482

Semi-ready Tailoring

CARNEGIE LIBRARY AT BRANTFORD.

The illustration above is that of the Brantford Public Library, to which Mr. Andrew Carnegie contributed an amount sufficient to erect. The original grant, which was secured through the efforts of Judge Hardy, was $30,000. Like the majority of the other towns, however, the first grant was not sufficient, and a further request for funds was made to complete the building, with the result that an additional $5,000 was secured from Mr. Carnegie, making a total of $35,000, and this was sufficient to complete the building, which, as will be seen by the half-tone illustration above, is a very handsome structure, and the people of Brantford are very proud of it.

The amount which the city has to contribute each year to the maintenance of the library is $3,500. Mr. E. D. Heawood is the librarian for the city, and under his management the public library is conducted in a satisfactory manner.

Brantford's experience with the Carnegie Library seems to have been more satisfactory than that of some of the other towns where they have been erected, though whether the sum of $3,500 each year to pay for the maintenance of the library is more than the ratepayers feel like paying, has not been ascertained.

The library is erected in a good locality, being between two churches.

SPRING NEWS AT BRIDGENORTH

Sawmill is Again in Operation in That Village.

Many Interesting News Items from the Northern Village.

From our Own Correspondent.

Bridgenorth, April 12th. — Gentle spring.

The lake is still covered with ice.

Council met on Monday in regular session.

The end of the Lenten season is drawing near.

Fred Morrison is home from the Military School at Toronto.

Mrs. Nathan Taylor is still in the grip of la grippe but is recovering rapidly.

Mrs. J. N. Mann is having his house painted and papered inside.

Maple syrup is not very plentiful this season, due no doubt to the high price of common sugar.

It seems like old times to hear the hum of the sawmill and the welcome sound of the whistle.

Young man, don't be a Carnegie, or some of the Peterborough bankers will sit on you.

A number of the farmers are now busy turning up the roots of the daisies.

Mr. Nicholls has been off duty at the blacksmith shop during the past few days on account of illness.

Frank Young is smiling all over his face these days; it's a girl.

A number of our citizens are considering if it would not be wise to try the Oliver treatment.

The boys are already spending their evenings in the football field, in practice for the games this summer.

The carpenters are getting busy both in the village and Chemong Park preparing for the summer visitors.

Thos. Tate and wife have left for Manitoba. Mr. Tate has been in the employ of Mr. T. R. Mann during the coming season.

Billy Ball has proved himself to be quite an artist with the whitewash brush, as will be seen from the class of work done recently on Mrs. Grant's house.

George Gray is still to be found in his old stand, and if the old wash tub requires a hoop it cannot fail into better hands.

This is the hub of the universe, for N. G. Bell has made several sets this winter and business prospects for the coming season are very good.

Levi Harris and family have moved into T. R. Mann's new house, and lately occupied by Mr. and Mrs. Tate. Mr. Harris has taken a position with Mr. Mann for the summer.

Thos. McColl is rushing the completion of his new house at a rapid rate.

Mr. Kidd of Lakefield has rented R. C. Heard's blacksmith shop. He comes highly recommended as a mechanic; he is deluged with orders at present.

Mr. J. H. Brumwell, the new road-master, will take the oath of office on May 1st. Local option comes into force the same day. This will insure dry times and good roads for this summer.

Things are booming at the Foresters Hall; fifteen new members have been initiated during the past winter and court nights are now a pleasure with the new games which have been introduced.

Allow us to remark that although the sleighing is gone there is consolation in the fact that last winter's pitch holes have passed into history.

George Bell has taken the contract of painting Mrs. Aldred's new house. George is a practical painter, and spent a number of years at the trade. He will certainly insure Mr. Aldred a good job.

Jim Joplin went down to Montreal this week to dispose of a carload of export cattle and was very successful in doing so. He says he enjoyed the trip very much.

The Bridgenorth football club held a very successful concert on March 20th, one of the features being the clever performance of the newly organized astonishing mirth-making unique and grotesque Glee Club.

Now that the social season is over the young people will have to get down to their knitting. No more pig in the parlour, Seven Sutherland Sisters, but don't dance until the quiet evenings come again next fall.

Mr. D. Lundy of Peterborough is having the material delivered on his lot, and will start to build his summer cottage as soon as the weather will permit. Mr. J. Graham of Peterborough has the contract.

No person objects to Sunday labour more than Mr. John Pope, the genial manager of Chemong Park, but in order to save his boat house from total destruction caused by the ice jam of last Sunday he was forced to have a number of men float it around to a place of safety.

Bridgenorth is on the move. Wm. Coons has flitted across the lake to Ennismore, where he has secured a position with Mr. Wm. Scollard; John Forsythe has moved into the house lately occupied by Joe Young, who has transported his household effects to Charlie Graveille's house in the west end; and Harry Lebrun has taken up his abode in Mrs. Grant's house which looks trim in its new coat of paint. Messrs. Sucee and Stewart just exchanged places, the former to be a farmer and the latter to be a villager.

REV. MR. WHITELAW FOR CENTREVILLE

Rumour That Omemee Preacher May Get a Call—Other News.

(From Our Own Correspondent)

Omemee, April 12.—The weather is very springlike and some farmers have sown wheat.

A number of our farmers went to Peterborough market on Saturday last and report good prices and spectators very good.

The sudden death of Mrs. Joseph Mitchell, of Peterborough, on Friday last was a surprise. The family had only moved a few months ago from East Emily and had the respect of all. The funeral Monday was largely attended here.

Very active preparations are being made for the Mechanic's Institute concert on Easter Monday.

The Messrs. Grandy are attending the Peterborough Conservatory of Music and attended the recital there on Saturday last.

Rumours say that Centreville Presbyterians are anxious to give Rev. J. M. Whitelaw a call.

Rev. Mr. Locke, Methodist minister, could not attend the late Mrs. Mitchell's funeral but had his colleague, Rev. Mr. Johnston.

The Peterborough Binder Twine is showing up well this season and every encouragement should be given to support this home industry.

There is little or no sickness in the village at present.

There is some hope of getting Mr. Staples of Manvers, to move his saw mill and shingle mill here.

ENTERTAINMENT WAS ENJOYED

The Week's Happenings at Keene—Personal Items.

(From Our Own Correspondent)

Keene, April 12.—Miss Josephine Kane neatly is spending a couple of weeks with friends in Hastings.

Mr. and Mrs. Thos. Gall, who have spent the winter with their son of Medina, N. Y., returned home on Saturday.

Mr. Joseph Elmhirst, Jr., left on Tuesday for Portland, Oregon.

Messrs. Winfrid and Percy Bull, who have been visiting their uncle Dr. Harrison, during the past two weeks, returned to Toronto on Tuesday.

The entertainment given by Mr. James Stubbs of Peterborough, in the town hall on Tuesday evening, was very much enjoyed by the large number who attended. The receipts amounted to nearly $40.

Mr. Frank Staples disposed of his farm stock and implements by auction on Thursday last. Good prices were realized for everything. Mr. Gardiner of Peterborough was auctioneer.

Don't forget the concert to be given by the Y.P.S.C.E. of the Presbyterian Church on Easter Monday evening, April 24th (not the 20th as announced in our last issue). With Miss Ethel McDonald, elocutionist, of Toronto, assisted by the best local talent. The concert should be a success.

Mr. M. Kennedy, of the Victoria House, was in Peterborough on Tuesday.

Mrs. Soule and family, intend moving to Peterborough in the near future.

Constipation

Fruit is nature's laxative. Plenty of fruit will prevent Constipation, but won't cure it. Why? Because the laxative principles of fruit are held in peculiar combination and are very mild.

After years of labor, an Ottawa physician accidently discovered the secret process by which

Fruit-a-tives

or Fruit Liver Tablets

are made. He used fruit juices, but by combining them in a peculiar way, their action on the liver, kidneys, stomach and skin is increased many times.

"FRUIT-A-TIVES" TABLETS contain all the medical properties of fruit—are a mild and gentle laxative—and the only permanent cure for Constipation, Torpid Liver, Sick Headaches, Bad Stomach and Kidney Troubles.

All druggists have them.

50 cents a box.

MR. ROBLIN DENIES IT.

Had No Communication With Archbishop Langevin — Manitoba's Premier Speaks at Baldur.

Winnipeg, April 15.—Premier Roblin of Manitoba was the chief speaker at the Conservative demonstration held here last night after the nominating convention.

McIntyre the Choice.

The convention at Baldur was largely attended and enthusiastic. D. A. McIntyre was unanimously chosen to contest the seat for the Legislature vacated by the resignation of ex-Premier Greenway last November to enter the Dominion House. McIntyre unsuccessfully opposed Greenway in 1903 general election. McIntyre is an original Scotch crotter.

Premier Roblin's Speech.

Premier Roblin was received with loud cheering. In the course of a lengthy and closely reasoned speech on the political situation, with special reference to the boundaries dispute and to the contest in Mountain, he said that this was a critical period for Manitoba. The crisis had been precipitated by the creation of the two new Provinces to the west, but it had been bound to come some day. He referred briefly to the school question, pointing out that there was no reason in the world why it should have been mixed up with the just demands of Manitoba for the extension of the boundaries.

Referring to the insinuation or direct statement that improper proposals had been made to him by representatives of the Roman Catholic Church to the effect that he could get an extension of the boundaries of Manitoba in consideration of re-establishing separate schools; or that he had himself made overtures to the Roman Catholics that if they would get an extension of boundaries for the Province he would re-establish separate schools, the Premier said that no one had ever approached him from His Grace the Archbishop of St. Boniface to ask for such. Nor had he ever made proposals to repeal the act of 1890 to his grace or to anyone else authorized to speak for the Roman Catholic Church.

"If," said Mr. Roblin, "in such denial, it is possible to use language more explicit, then I wish such language to be considered as having been used."

Not a Cinderella.

Continuing the Premier said it was never intended that, in the apportionment of full privileges of confederation, Manitoba should be treated as a Cinderella among the Provinces after having passed the experimental stage.

Ontario's boundaries are legally and irrevocably fixed, while Manitoba's boundaries have always been regarded as an open question.

He will never go into conference with anyone on the boundary question without a protest, except with Dominion authorities, who alone have any constitutional right to deal with the matter.

BORDEN SAW SBARRETTI.

Conservative Leader and Papal Ablegate Conferred Prior to Introduction of Autonomy Bills.

Montreal, April 15.—The Star publishes the following under a Winnipeg date: "It is understood that Mr. R. L. Borden, M. P., and Mgr. Sbarretti, Papal Ablegate, had an interview respecting the autonomy bills for the Territories previous to Sir Wilfrid Laurier's introduction of that measure in the House. It is further understood that the interview, like that held with Hon. C. H. Campbell, of Manitoba, was at the request of the Pope's representative.

"The statement is made that Mgr. Sbarretti sought to enlist Mr. Borden's aid with respect to the disabilities under which the Catholics of the west are alleged to rest.

"Mr. Borden is reported to have given the Papal Ablegate a respectful and attentive hearing, after which he is said to have pointed out that the constitutional aspect of the case must necessarily govern, and that, while fully sympathising with any legitimate steps taken to obtain redress of grievances under which any class of citizens rested, he was unable to apply or suggest any other remedy than that which the act governing the case would indicate."

BOER GENERAL SENTENCED.

W. J. De Jongh Imprisoned for Passing Bad Checks.

Chicago, April 15.—Gen. W. J. de Jongh, Boer commander in Griqualand during the recent war and a nephew of the chief justice of Cape Colony, was sentenced by Judge Barnes yesterday to serve a year in the house of correction on the charge of inducing saloonkeepers to cash worthless checks. Assistant State's Attorney Holt and Jailer Whitman, who until the trial were the only persons who knew of the prisoner's identity, asked for clemency.

A SECOND EARTHQUAKE.

Great Loss of Life Reported From Sultanpur in the Punjab.

London, April 15.—A despatch from Lucknow to The Standard says it is reported there that a second earthquake has wrecked Sultanpur, Province of Oudh, and Kulu, Province of Punjab, and that there has been great loss of life.

Bolton Woolen Mills Burned.

Bolton, April 15.—The big new woolen mills of J. Walshaw & Son were totally destroyed by fire last evening. The loss is estimated at from $40,000 to $50,000, covered by insurance. This is the third time the Walshaw mills have been burned, the second time being last summer, when the loss reached $30,000. The town granted another bonus and a bigger and better equipped building was erected. It has been in operation only three months, and was employing 50 hands. The cause of the fire is not known.

Trawler Sinks a Bark.

Lowestoff, Eng., April 15.—The crew of the Norwegian bark Tancred, from Goole for Gaspe, Que., were landed here yesterday. The Tancred, a wooden vessel of 471 tons gross, was sunk in a collision on April 8 with the steam trawler Ostrich.

Two negroes, Arthur Laster and Joseph Miller, were hanged at Paterson, N. J., yesterday. Both were murderers.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

Price 25c. Large Size 50c

THE VERDICT WAS MURDER.

Coroner's Jury At Penetang Finds Desroche Guilty.

HIS CALLOUS SATISFACTION

Said to His Brother, Xavier, That He Was "Glad That He Made a Good Job" of Killing His Wife and Her Daughter—Committed for Trial—Taken to Barrie Jail.

Penetanguishene, April 15.—A verdict of wilful murder was returned against Alexis Desroche at yesterday morning's session of the Coroner's inquest, after Drs. Bowman and Addison described the terrible injuries received by the woman and her daughter. There were ten witnesses at the preliminary investigation, all of whom offered corroborative evidence. The prisoner was committed for trial at the fall Assizes by Magistrate Hewson.

The evidence of Mr. Bowman included a statement by Desroche, giving in detail the facts of the murder.

A final plea of "not guilty" was entered on behalf of the self-confessed murderer by his counsel, Barrister D. S. Storey, of Midland.

"Glad He Made Good Job."

Alexis Desroche, the murderer, was taken yesterday afternoon to the county jail at Barrie. He evinced no signs of regret or weakness. On the contrary, to his brother, Xavier, who saw him in his cell, he said he was "glad that he made a good job of it."

"What do you think will happen to you?" Xavier asked.

"It is understood I will get into trouble," was the reply.

Alexis accused his brother of being the cause of it all, taking the reasoning that if he (Xavier) and Father Laboreau, the executors of his father's estate, had given him a farm or home, he would have settled down to work, and would not have "met this woman," meaning his murdered wife. It appears that when the father died he left $1,000 for Alexis to be given him by the executors as they deemed best.

"There Was No Use."

"There was no use in us placing him on a farm," said Xavier, "because he did not know how to take care of it." They had given him money from time to time, however, until almost all the $1,000 had gone. He says Alexis was always weak-minded and this is borne out by neighbors who say that he always carried with him an empty shotgun in traveling around the country.

"When Alexis ever had any trouble, or even when he was in great fury, he lost all control of himself, and did not know what he was doing. Finally he would take a notion not to work, and then no person could compel him to. He would hang around as long as any person would give him money, but when that was refused him he would get terribly ugly." This he believed had been one cause of trouble with his wife.

"You could not believe a word he said," added his brother. "You could never get anything straight from him."

Still Won't Talk.

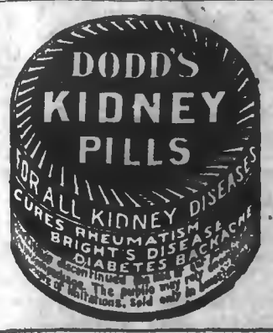
Three Rivers, Que., April 15.—In the Sclater adjourned murder investigation the widow of the murdered man was again brought up as a witness, but on the advice of her lawyers refused to answer any interrogations, and the case was postponed until 22nd inst.

A GUARANTEE TO MOTHERS

There is only one medicine intended for use among infants and young children that gives mothers a guarantee that it is free from opiates and poisonous soothing stuffs. That medicine is Baby's Own Tablets. Milton L. Hersey, M. Sc., public analyst for the province of Quebec, and demonstrator in chemistry for McGill University, says: — I hereby certify that I have made a careful analysis of Baby's Own Tablets, which I personally purchased in a drug store in Montreal, and said analysis has failed to detect the presence of any opiate or narcotic in them." These tablets cure all minor ailments of little ones such as teething troubles, simple fevers, colds, constipation, diarrhoea, colic and worms. They make little ones sleep naturally because they remove the cause of sleeplessness. They are a boon to all mothers and no home where there are young children should be without a box of Baby's Own Tablets. Sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

Newspapers for Indians.

A weekly newspaper that is, without doubt, unique in journalism has made its first appearance in the vicinity of Montreal. It is called The Caughnawaga Gazette, and its object is to supply news and matters of interest to the residents of the Six Nations reserves. It consists of four pages. The first is printed in English, the second, which conveys the same information, is in French; the third in Indian, while the fourth is devoted to advertisers. The announcement of policy is made in a modest manner, and the chief note is the expression of a desire to increase the feeling of harmony and goodwill in the reserve.



MARKET REPORTS.

Mrs. Chadwick Pleads Again.

Cleveland, April 15.—Mrs. Chadwick, when arraigned yesterday, pleaded not guilty to the new indictment charging her with aiding and abetting Cashier A. B. Spear, of the Oberlin Bank, in making false entries in the bank's books and in making untrue statements to the controller of the currency. Spear was also arraigned and pleaded not guilty to the joint indictment.

The First Outward Bound.

Quebec, April 15.—The steamer Poline, Capt. Belanger, left port at daylight yesterday morning for St. John's, Nfld., with a full cargo of hay and general cargo. She is the first outward steamer for sea this season.

Long Overdue Schooner In.

New York, April 14.—After nearly five months on a voyage which should have been completed in a week, the little British schooner Laconia arrived here yesterday from Bottswoodville, N. B. She had been blown nearly halfway across the Atlantic.

MELANCHOLY?

Can't even sleep—restless day and night, brooding over imagined troubles all the time. Your disease isn't in the brain, but in the blood, which is watery and thin, because you don't assimilate your food.

Do the right thing now and you'll be cured quickly. Just take Ferrozone; it turns everything you eat into nourishment. It puts new tone into the blood, quickens and vitalizes the worn-out nerves. The weary brain is relieved, sleeplessness disappears and brooding ceases.

FERROZONE

For health—vigor—spirits, try this grand food tonic—none better. It uplifts, braces, tones, makes you feel like new. Both old and young, male and female, derive unquestionable benefit from this grand medicine.

THE DISCOVERERS.

Setting our sails invincible for those ports
Beyond the common sheltered shoals of self;
Cleaving with daring keel those open seas
Of larger life, those heaving floors of hope,
Marking our course by those fixed stars alone,
For ever steadfast, witnesses of God
Pointing to continents vast of holier dream.

—Wilfred Campbell.

What a Man Lays.

A teacher in the Bolton Avenue School on Friday afternoon, in an endeavor to encourage originality in her pupils, asked them each to write a short sentence on the blackboard. One small boy wrote, "A hen lays eggs," which was duly commended. It suggested a thought to the next young hopeful, who followed with the words, "A man lays bricks." The students greeted this with much amusement, but the teacher wisely complimented the boy on his originality.—Toronto World

Damages Enough.

There had been a railway collision near a Scottish country town, and an astute local attorney had hurried to the scene of disaster. Noticing an old man with a badly damaged head lying on the ground, he approached him with notebook in hand. "How about damages, my man?" he began. The injured man waved him off with the remark: "Na, na; ye'll get nae damages fae me. It wasna me that hit yer bloomin' auld train."

Superfluous Hair

Removed by the New Principle.

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore it will not cause blood poisoning, or produce eczema, which is so common with depilatories, nor does it break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is not. It is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

De MIRACLE mailed sealed in plain wrapper on receipt of $1.00. Your money back without question (no red tape) if it fails to do all that is claimed for it. Booklet sent free in plain, sealed envelope, upon request. Write for it to-day to De MIRACLE CHEMICAL CO., 23 Queen St. West, Toronto. For sale by

RIDER HAGGARD'S VISIT

COMES TO ONTARIO IN COURSE OF SPECIAL MISSION.

This Differentiates This Wonderful Author From Ordinary Literary Visitors—Comes as Commissioner to Investigate the Salvation Army Settlements, With View to Reporting Their Fitness to Executors of Late Cecil Rhodes.

In view of the fact that Mr. Rider Haggard, the distinguished novelist, will visit Toronto shortly, an account of his mission to this continent should prove of interest. For he is here on a specific mission, and thus is differentiated from the ordinary literary visitor. Mr Haggard has been sent out as a commissioner to investigate the settlements of the Salvation Army, with a view of reporting to the executors of the late Cecil Rhodes. Should he recommend that aid be given the army to found colonies in South Africa, the money will be provided out of part of the great Imperialist's estate.

Money Left for Colonists.

Although in the vastness of Rhodes' gifts to education his smaller beneficences to other remains quite a large sight of, there remains quite a large sum to be expended in settling South Africa. The Salvation Army leaders have applied for it on the ground that it can be most economically and wisely expended through the channels which they control, and it is to test this claim that Rider Haggard has been despatched to America, where many little settlements are to be found. The commissioner will also report to the Imperial Government, which may supplement the Rhodes bequests, so that large issues hang on the result of his investigations.

A Many-sided Man.

The commissioner is well qualified for the position he now fills. To begin with, he is an Afrikander at heart, as anyone knows who has read his novels. He is also a scientific farmer, and the author of "The Farmer's Year," a book which is accepted as an authority everywhere. This book strangely enough, is his favorite work, as he admitted to a New York interviewer. "Because," as he said, "filled as it is with facts and figures, it is said by the most competent critics to contain only a few very minor inaccuracies." Moreover, Rider Haggard is a sociologist, and an author of repute on the subject As he himself says, the writing of fiction is a means to the end that he may investigate social conditions. Sociology, if one is to have a broad grasp of the subject, "comes high." But when one can turn out such phenomenally successful stories as "She" and "Dawn," the returns place experimental sociology within one's reach.

Army Colonies in the United States.

Among the things which Commissioner Haggard has already learned are that the Colorado, California, and Ohio settlements, embracing some 2,760 acres, are flourishing beyond the most hopeful expectations, nearly 1,000 colonists on the respective lands marketing thrice the price of the land in agricultural products. On arriving at Fort Herrick, near Cleveland, the new Rhodes' commissioner will find nearly 250 acres under cultivation, with houses, barns, and all modern farming accessories on land given by Myron T. Herrick and James Parmalee. Fort Amity, in Colorado, which was opened seven years ago with 640 acres, now comprises about 2,000 acres, on which $110,000 has been expended. Seventeen thousand dollars, besides $3,000 on credits for improved land, has already accrued to the Salvation Army from this investment, the colony being in the Arkansas River Valley, 267 miles east of Denver. Sugar beets, cantaloupes, alfalfa, and many carloads of garden truck are annually marketed at a handsome profit. A sanitarium, two schoolhouses, twenty stores, and some hundred cottages now dot what was a barren waste seven years ago. Near Monterey, in California, is the third colony of 500 acres, divided into parcels of ten and twenty acres, abundantly irrigated and cultivated by 120 colonists, including women and children.

Conditions in South Africa

Speaking of the conditions in South Africa, Mr. Haggard says:—

Returning, by way of South Africa, to his present mission to the United States, the speaker said that one of the greatest obstacles in the way of developing the Dark Continent was the present, past and probably future political system of England. "South Africa has a splendid nucleus in the way of colonization," he continued, "but it is so far from London, so much out of touch with party lines and political factions in England, that the constant upheavals—ousting and innings of Ministries—in English politics are both bewildering and demoralizing to natives and colonists in South Africa. The natives, for instance, who form a vast majority of the population, regard only the Crown, and hence when the Conservatives go out and the Radicals come in, for instance, with resultant changes in colonial policies, the effect is anything but salutary."

"While the British Colonial Office has South African colonisation in immediate prospect, as a result of its authorized investigation of the Salvation Army settlements over here," added Mr. Haggard, "it is the first move in a broad and comprehensive campaign to encourage emigration from congested English cities to the manless lands of the colonies. Besides seeing the Salvation farming forts in being, my purpose is to study the vacant lot colony scheme in Philadelphia, and also the farming ranches in Utah."

Famous as a Novelist.

Rider Haggard must do phenomenal work as a sociologist and agricultural expert if his fame in either of these departments is to equal his renown as an author. His "She," dealing with a mysterious white queen in Central Africa, was the best selling novel for years, and fabulous as were many of the incidents described, it stands, as a piece of literature, head and shoulders above "best selling novels" of the present day. It introduced several characters who had an individuality which stamped their author as a man of unusual creative ability. "King Solomon's Mines," "Jess," "Dawn," and "Mr. Meeson's Will" followed, and each added to Rider Haggard's reputation. His latest books have not been so successful, for he strayed from the African field, in which he was supreme, and broke new ground. One story was written in defence of the anti-vaccination crusade of a generation ago. Another, "The Brethren," a tale of old crusading days, was really a wretched performance. Should any reader happen to be in conversation with the commissioner in the course of the next few weeks we should advise him to eschew "The Brethren" and "Dr. Therne" as topics. They would be unsafe.

RHEUMATISM ROBS MEN

of many pleasures of life. Too many people are misled by consulting family physicians when attacked by this disease and when these doctors pronounce their cases incurable, they are content to take the verdict as final. Thousands of these so-called incurable cases have found immediate relief and entire cure in the great

South American Rheumatic Cure

It is a most wonderful Rheumatic and Neuralgia cure. Men and women who were troubled for years and years have found relief in a day and permanent cure in this remedy.

W. F. Brown, Engineer, Winnipeg, Man., writes: "I contracted rheumatism in the most severe form. Reuben gave me up. He recommended me to try South American Rheumatic Cure, which I did and was permanently cured. —13

If you have any Kidney or Bladder complaint, you can receive relief in four six hours by using South American Kidney Cure.

D'ARCY M'GEE'S MAXIM.

Advice the Canadian Orator Gave to Justice Curran.

Writing to The Argus in reference to an article on public speaking Justice Curran says: Your summary of the lecture brings to mind the lamented Hon. T. D. McGee. One evening in 1846, I was walking with him across the old Haymarket, now Victoria Square. I was quite young then, but had already made a few attempts on the public platform. McGee was dilating on the question you have treated so admirably—the necessity of thorough preparation before attempting to speak in public. I can still hear his voice. "No one ever made a good speech without the preparation of time—no one ever made a great speech without the preparation of a lifetime." A little while before this conversation he had delivered a speech in which he made the following quotation:—

"Be thou like the great Apostle,
Be thou like heroic Paul;
If a bold thought seek expression
Speak it boldly, speak it all.
Speak it boldly, nothing fearing,
The gibbet, rack or rod;
Speak it boldly, all unsparing,
And leave the rest to God."

I told McGee how much I was struck by the lines, and he appeared gratified that I should have committed them to memory. When I asked him who had written them, he did not reply. I said: "They sound like your own"; still he remained silent.

Niagara's Beauty Not to Be Marred.

"Niagara Past, Present and Prospective" was the subject of an address to the Empire Club in Toronto recently by Frederick Nicholls. The past of Niagara was illustrated by stories of the North American Indian, the Jesuit Fathers and its conquest by France and England. The rate of recession has been from one to five feet a year. The cliff between the upper and lower rivers is not a solid rock, but is composed of strata which is first limestone, then shale, afterwards hard rock with softer rock intervening. The soft rocks wear away by percolation of the water from shore, causing the hard rock to fall. On account of the hard rock being at the surface, the general appearance will not vary much as there will always be a rock projection for the water to flow over. A resume of the legislative acts and the efforts of the late Lord Dufferin to establish a national park were recited, together with the privileges given to electrical companies. It was thought that the amount of water to be used by these respective water privileges would mar the scenic beauty of the falls, but he was of the opinion that whether the depth of the flow was 12 or 14 feet it would be an awe-inspiring as ever.

COMMANDER LAW.

From Poop-Deck to Government House—His Sea Pictures—Captain as Much of an Old Salt as Ever.

"For many years after I became Secretary to the Lieutenant-Governor of Ontario, I refused to take any naval papers whatever. I was afraid my old passion for the sea would come back."

At his home, 544 Sherbourne street, Toronto, amid pictures, many of scurrying ships on green seas, Commander Frederick Law thus delivered himself to a reporter. The captain had just resigned his desk at Government House, where, since '74, with a break of but a single term, he has been a thorough landsman, and almost as far from the sea as a man may get.

Cadet on board H. M. S. Hannibal in the Black Sea during the Crimean War, afterwards, midshipmite, officer and ultimately captain of the Royal Alfred, the commander came to Canada in '74. Since leaving the navy he has added to his secretaryship the career of a successful architect, and the diversion of an amateur painter. He built the Church of "Our Lady of Lourdes" on Sherbourne street, next to his house.

Most of his paintings are of ships at sea, and they are as true to the briny deep as the captain is himself still every inch a sailor.

Gray-headed, ruddy and bluff, hearty in laugh, and quick in stride, he half fancies as he pilots the visitor about the drawing-room to view his sea pictures that the floor is a deck once more. He would rather talk ships than politics.

From Poop-Deck to Desk.

"Well, of course," he said, in his breezy nautical style, "a Lieutenant-Governor's secretary can have no politics when his chief has none."

"How did you come to change the sea for a secretaryship, captain?"

"Mr. Crawford, Governor up till May, 1875, was my father-in-law," he replied. "He didn't want me to go to sea again. That's about the whole reason why I have been secretary to all the Lieutenant-Governors in Ontario since 1874, though I was with Mr. D. A. Macdonald but seven months of his term. It was during my temporary retirement at that time that I learned architecture with Mr. Darling."

"You must have missed the sea?"

"Did I? Well; I've told you I didn't dare take a naval paper for years afterwards, knowing that the old hankering would come back. When at last I did—for I've a son at sea, also a commander now—I found that the British navy was a new creation altogether.

Back to the Navy Again.

"The old Hannibal there for instance," pointing to a picture, "was one of the pioneers of the transition stage from sail to steam. I was thirteen when I looked out of her port-holes in the Crimea. Our speed in those days depended on auxiliary engines. Nine knots was our limit. Modern warships double that and more. Yes, the Hannibal was the first ship I was ever on, and a beauty she was, too."

"What was your last ship, captain?"

"Here she is," pointing out a picture of a white-bearded green sea, a dark sky and a climbing ship with two canvas sails and a third one of spray, his own painting. "The Royal Alfred."

"There we were, sir, off the Bermudas in a hurricane, foretopsail gone, maintopsail followed her, oh! that's the place where a man sees life and knows what men are men."

The Real Thing.

Capt. Law's enthusiasm was not reminiscence. It was the real thing. Painting after painting he pointed out, all from his own brush, some in the Mediterranean, others in various parts of the Atlantic, both far south and north. Most of them showed a green fury of a sea, with a ship struggling through the spray, broadside or beam end, but always natural, so the captain insisted.

"Why, my dear fellow," he said joyfully, "when you're at sea the ship is your house, your land, your wife—everything! Your study her moods and caprices as those of a beautiful woman—yes, sir. Now, you can understand why the change to a generation of secretaryship in Government House seemed a dull landsman's job to me."

The captain expressed himself vigorously concerning the British navy, which, he declared, was one of the greatest peacemakers in the world today.

"But I hope to see the day when the Colonies will help support the navy. It must come. In a generation and a half the population of the self-governing Colonies will be equal to that of Great Britain. The navy must be their protection. Take, for instance, Australia, which is an island continent. Suppose the present war ended; that Japan makes a pupil of China; the Chinese learn modern warfare; Australia and Canada exclude the Chinese by a heavy capitation tax; China retaliates; where is Australia's protection but in the British navy? And you may be sure that if a Japanese navy ever faces the British navy the great naval battles of history will seem like Sunday-school picnics in comparison."

A School Teacher

ON WHOM TWO OTTAWA PHYSICIANS OPERATED IN VAIN FOR

Bleeding Piles

WAS AFTERWARDS COMPLETELY CURED BY USING TWO BOXES OF

Dr. Chase's Ointment

The folly of risking a surgical operation, with its pain, expense and danger, is illustrated in the case of Mr. LePine, who was cured of bleeding piles by the use of Dr. Chase's Ointment, after the surgeon's knife had failed.

Mr. Arthur LePine, school teacher, Granite Hill, Muskoka, Ont., writes. — "I am taking the liberty of informing you that for two years I suffered from bleeding piles, and lost each day about half a cup of blood. Last summer I went to the Ottawa General Hospital to be operated on, and was under the influence of chloroform for one hour. For about two months I was better but my old trouble returned and again I lost much blood. One of my doctors told me I would have to undergo another operation, but I would not consent.

"My father, proprietor of the Richelieu Hotel, Ottawa, advised me to use Dr. Chase's Ointment, and two boxes cured me. I did not lose any blood after beginning this treatment and I have every reason to believe that the cure is a permanent one. I gratefully recommend Dr. Chase's Ointment as the best treatment in the world for bleeding piles."

Dr. Chase's Ointment, the only positive and guaranteed cure for every form of piles, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

12 Miles Apart; Strangers 45 Years.

Nearly 50 years ago Jas. Cartwright, of Hullett, and John McCartney, of Goderich Township, were boys together in the Township of Chinguacousy. For over 45 years they have lived within less than a dozen miles of each other, and yet, singular to say, they had never met each other since they were boys until Saturday last, when they happened to meet by chance in a store in Clinton. What is also remarkable is the fact that though they had not seen each other for so long a period, Mr. McCartney knew Mr. Cartwright on sight.—Seaforth News.

A Remarkable Resemblance.

A correspondent, writing to The Westminster Gazette, says there is an extraordinary resemblance in facial features, shape of head and forehead form between Edward Blake and Edmund Burke. Foley's statue of Burke outside Trinity College, Dublin, might well pass for the statue of Blake. The correspondent says he directed the attention of John Morley, Burke's biographer, and of Sir George Trevelyan to the likeness he saw, or thought he saw, between Burke and Blake, and Morley and Trevelyan both said they had long before observed it.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later exposure, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

Give Nature a Chance
BY USING
Newbro's Herpicide

The ORIGINAL remedy that "kills the dandruff germ"

It destroys the tiny vegetable growth in the sebaceous glands of the scalp, after which the hair will grow as nature intended. Don't wait until it is too late, for chronic baldness is incurable.

The microbe or dandruff and baldness make the hair dull, brittle and lustreless. It fills the hair with dandruff and causes itching of the scalp. Later, it chokes the very life out of the hair and causes it to fall. Save it with NEWBRO'S HERPICIDE. Extraordinary results follow its use

Read These Three Letters.

After typhoid fever my physician recommended Herpicide for my hair, which was falling. I used it a number of months and my hair is longer now than ever before, measuring more than five feet in length.
St. Paul, Minn. (Signed) MARIE A. McINTYRE.

The top of my head was completely bald and fifty dollars worth of "Hair Growers" failed to benefit me. My photograph shows the result of a thorough treatment with your dandruff germ destroyer.
Address Herpicide Dept. (Signed) CLARENCE HAMILTON.

At an early age my hair began to fall. I was almost bald when I was induced try your valued remedy and now I have a fine head of hair.
Washington, R. I. (Signed) C. J. BUDLONG.

Herpicide contains no grease, it will not stain or dye
STOPS ITCHING OF THE SCALP INSTANTLY.

Send 10c in stamps for sample to THE HERPICIDE CO, Dept. L. Detroit, Mich.

CRITIZED AN ADVERTISEMENT

That Inviting Tenders For the Dredging At Port Arthur.

REPLY OF HON. MR. HYMAN

Explains the Matter Fully and Declares That the Opposition Insinuations Were Entirely Undeserved So Far as He Was Concerned—Hon. G. E. Foster Exonerates the Acting Minister—Autonomy Debate.

Ottawa, April 14.—Sir Wilfrid Laurier announced in the House yesterday that the House would adjourn from Wednesday next at 5 p. m. until the following Tuesday.

Mr. Bristol, the new member for Centre Toronto, was introduced by Messrs. Borden and Osler to Mr. Speaker, amid Opposition cheering.

Port Arthur Dredging.

When the orders of the day were called Mr. W. H. Bennett raised the question of dredging in Port Arthur and Fort William harbors. A published departmental advertisement exacted conditions which seemed to give no one a chance to compete but the firm of Conmee & Bowman. The advertisement in The Toronto Star was dated April 7, gave only seven days for the receipt and acceptance of tenders, and provided that the work must commence in ten days thereafter, and the plant must be owned on April 7 by the successful tenderer. Conmee & Bowman had not a plant on the spot, and no one else could comply with the conditions exacted by the advertisement. It indicated collusion between them and the Government. It appeared that since the avalanche in Ontario a few months ago Conmee & Bowman had turned their artilleries on Ottawa, and the familiar faces seen at Toronto for years are now seen in the corridors at Ottawa.

Mr. Hyman's Reply.

Hon. Mr. Hyman, acting Minister of Public Works, observed that he had no notice of the question coming up, and had had no time to look into the matter. The advertisement had been drawn up in the usual way. There were only three or four dredging firms in Canada prepared to do the work. He had given instructions for ten days to elapse. So far as he was concerned, the insinuations were utterly undeserved. Mr. Conmee had stated in the House that he had no possible connection with the dredging company. He had given instructions that provision be inserted excluding American dredges not registered in Canada, but he had not authorized a clause providing that the contractor must own the dredge, and did not think that was a proper clause. If an expension of time would add to the competition he would extend the time for receiving tenders, but he had received no complaint or request in regard to that.

Col. Sam Hughes criticized the Government's action.

Dr. Sproule said the Government were either careless or it was a suspicious transaction.

Mr. A. C. Boyce followed, and Mr. A. B Ingram pointed out that the advertisement had not appeared in The Globe until April 12

Mr. Foster Criticizes Deputies.

Mr. Foster exonerated the acting Minister so far as he was personally concerned, but the appalling thing was that they could have such a condition of things right here in Ottawa. Deputy Ministers heard discussions in the House on such subjects for hours, and yet they wrote such a farcical advertisement as that. If there was no explanation from the Deputy Minister and the Engineer, the sooner they were out of the department the better.

Hon. Mr. Hyman thought the provision that the work should be done by Canadians was wise, as that was the only principal on which Canadian dredging plants could be built up. This was not a character of work in which there would be many tenderers. "The tenders will be obtained, and the objectionable clause struck out." Mr. Hyman concluded.

Mr. R. L. Borden thought an extension of at least two months should have been made. If the Minister had not said the advertisement had been drawn by the department he would have assumed from reading it that it had been drawn in the interests of the parties mentioned.

After brief remarks by Messrs. Barker, Armstrong, Tisdale and White the matter dropped.

The Autonomy Debate.

The autonomy debate was resumed by Hon. Sydney Fisher, who, speaking as a representative of the Protestant minority in the Province of Quebec, appealed to the Protestant majority to continue to the Catholic minority in the west the limited privileges—much less extensive than he and his fellow-Protestants in Quebec enjoyed—which they now have. Mr. Ames, Conservative, Montreal, announced his intention to support the bill. Mr. Crocket (York, N. B.) supported Mr. Borden's amendment.

I. C. R. Employes' Benefit Fund.

A deputation of about 20 employes of the I. C. R. was received by Sir Wilfrid Laurier yesterday morning. The men asked for Government assistance to a benefit fund they are establishing. After hearing several of the railway men, Sir Wilfrid stated that Mr. Emmerson was preparing a bill on the subject, which would soon be submitted to council. The G. T. R. and C. P. R. had such systems, and Sir Wilfrid thought the men on the Government line should have similar treatment. He said that legislation this session was contingent on the approval of Mr. Emmerson's bill by his colleagues.

Gen. Benson Lunched.

Col. Sam Hughes entertained Major-Gen. Fred W. Benson, C. B., at a luncheon in the Senate restaurant yesterday. Eighty guests, including Sir Wilfrid Laurier, R. L. Borden, Sir Frederick Borden, Col. Hanbury Williams Hon. G. E. Foster, Lord Aylmer, Lieut.-Col. H. Smith, Dr. Sproule and many members of the House were present.

Col. Hughes proposed the toast to Major-Gen. Benson, referring to the pride Canadians felt that a Canadian should have reached such a proud position in the Imperial service.

In his reply Gen. Benson referred to the fact that thirty-eight years ago he had left Upper Canada College to go to Sandhurst. He had not been in Canada for twenty-four years, but he ever cherished a kindly feeling for the land of his birth. Speaking of the interest people of Great Britain were taking in Canadian affairs, he attributed it to the part Canada played in the South African war. He thanked Col. Hughes for the kindness and hospitality extended, which he would never forget.

Sir Wilfrid and Mr. Borden also spoke briefly and the pleasant affair terminated with the singing of "Auld Lang Syne."

Queen's Professor Dead.

Toronto, April 13.—Dr. John Herald, professor of materia medicae and therapeutics at Queen's University, Kingston, died at the General Hospital yesterday, aged 50 years. Dr. Herald was a native of Aberdeen, Scotland, but was eddoated at Queen's, graduating in 1876, and receiving the degree of M.A. in 1880. Four years later he graduated in medicine and was appointed to the staff. He had been on the board of governors for some years and in 1894 was elected Mayor of Kingston. He married Miss Grafton, of Dundas, and interment will take place there.

Death of Aged Minister.

Frankford, April 13.—There died at Frankford yesterday morning of heart failure Rev. S. F. Depew, a superannuated Methodist minister, for eight years, and who was 43 years in the ministry. He was 81 years old, and leaves a widow and three sons. The remains will be taken to Hamilton for burial.

Burned to Death.

Caledonia, April 14.—The seven-year-old daughter of Chief Simon Rumberry, of the Six Nation Indians, was burned to death on the reserve near here yesterday. She had been sent to burn down some old grass by her father, who was too busy. Her clothes caught fire.

James Bay Railway Bill.

Ottawa, April 14.—The Railway Committee of the House of Commons passed the bill authorising the James Bay Railway Co. to build its extensions from Toronto to Ottawa, and thence to Montreal, crossing the Ottawa River at Hawkesbury, thence down the north shore to the Island of Montreal, where the line is to branch so as to enter the city from the northeast and the southwest. A second extension is from the French River to Ottawa and a road from Sudbury to Port Arthur. Construction must be commenced within three years.

No Irish Catholic University.

London, April 14.—The House of Commons yesterday, by a vote of 262 to 104, defeated a motion to establish a Catholic university in Ireland. There was much cross-voting. The minority included Nationalists and English Catholics.

Pope Receives Canadian Bishop.

Rome, April 14.—The Pope yesterday received in private audience the Right Rev. John Cameron, Bishop of Antigonish, Nova Scotia.

LABOR MEN OUT $1,500.

Given Gurney Co. Against St. Catharines' Unions As a Whole.

St. Catharines, April 13.—The jury in the case of Gurney v. McGlasham et al., after an hour's deliberation last evening, returned a verdict of $1,500 damages against the unions as a whole. The amount of damages was the only point the jury were asked to decide. Justice Anglin said he would decide the question of liability himself, this being agreed to between counsel and himself.

The jury retired at 5.30, after listening to a strong arraignment of the defendants by Justice Anglin. His lordship said that the jury would have to decide whether the Gurneys had actually suffered damage through loss of trade in this city, caused by acts of the unions. If they found that Gurneys suffered no damage through Nobles going out of business through the diminution of Hoopies' trade in Gurney goods, and in other firms getting contracts which the parties making them wanted to give to Gurneys, then they were to bring in a verdict for the defendants; but if they thought otherwise they were to find for the plaintiffs, regardless of any sympathy they might have for the defendants.

"Consider the tremendous power behind those suggestions by the unions that goods made by fair workmen be used," remarked the justice. "When a man will put his hand into his pocket and pay more money than he really has to, it shows how strong is the influence being used. Truly, there is an iron hand under the soft glove of the trades unions. Can anyone doubt that these men, having only a sympathetic interest in the trouble at Toronto, had deliberately set themselves to work to destroy the Gurney business? How nearly the succeeded, if it were due to their actions, has been seen."

The defence brought no evidence.

HAS BEEN ALL RIGHT EVER SINCE

T.H.Belyea, P.M., Proves that Dodd's Kidney Pills Cure Permanently.

Some Years Since He Used Them now and He Has Had Good Health Ever Since—Story of Well-Known New Brunswick Man.

Lower Windsor, Carleton Co., N. B., April 14th. — (Special.) — "Yes, I have good health ever since I used Dodd's Kidney Pills." The speaker was Mr. T. H. Belyea, postmaster here and one of the most highly respected men in this part of the country. Asked to give his experience with the great Canadian Kidney Remedy, Mr. Belyea continued:

"I had been troubled with my kidneys for a number of years. I tried several kinds of plasters and other kinds of medicine, but did not seem to get any lasting benefit. Hearing Dodd's Kidney Pills so highly recommended I decided to try them and they made a complete cure of me. That is two years ago now, and as I said before I have had good health ever since I used Dodd's Kidney Pills."

Dodd's Kidney Pills cure once and for all. There is no stage or form of kidney disease that they do not cure completely and permanently.

Found Drowned in a Wagon.

Calgary, April 14.—Mystery surrounds the death of Daniel Campbell, a rancher whose body was found floating in a slough near Moorehouse Wednesday. The corpse was lying in a wagon box, and the vehicle and the horse were nearby. A post-mortem indicated that death resulted from drowning, but how that could occur and the man be left in the wagon box is a mystery. Campbell was in Calgary during the day. He was 30 years of age and had resided in Alberta many years.

Presbyterians Draw Color Line.

Washington, April 14.—Against the protests of Supreme Court Justice John M. Harlan and other influential persons the Washington Presbyterians adopted an overture to the Presbytery, urging the elimination of the negro. The vote to draw the color line was 41 to 22.

REPEAL SETTLEMENT.

Purely National Schools For Manitoba—Premier Roblin To Do Away With the Settlement of 1897.

Winnipeg, April 13.—(Toronto, April 14.)—(Globe Special).—The Globe correspondent had it on what is considered good authority to-night that the Manitoba Government has decided upon a radical move as a result of the recent agitation on the schools question and attacks on the Manitoba school law. It is understood the announcement will be made by Premier Roblin and his newspaper organs to-morrow, and that a special session of the Manitoba Legislature will be summoned at once, at which legislation will be passed repealing the Manitoba schools settlement of 1897 effected by Premier Laurier and Messrs. Sifton and Greenway, and declaring for purely national schools.

CAUGHT IN THE ICE.

How a Trader's Ingenuity Saved Himself and Comrade.

The fur trader sat on the steamer wharf at Quebec, leaning back on a packing box. For a moment he looked down at the first sheet of ice that had skimmed the broad St. Lawrence; then he said: "That ice there is about as thick as it was the time I got caught on my first trip north into the barrens.

"Another fellow by the name of Andrew Damson and myself had been trading with Indians in British Columbia. We broke camp at the end of the season, and started to the nearest settlement, which was ten miles south of us, with a big lake lying between. We found the ice had all gone out, and we couldn't cross on sledges, as we did when we came up. To go round the lake meant a mean journey on account of the marshes. As our provisions were used up and we had already sent our pelts out, there didn't seem to be any reason why we shouldn't paddle the six miles across. Our outfit was light, and we figured we could reach the other side before dark.

"Three or four Indians, who were coming in with skins, saw us we were setting out, and yelled something to us about the ice. Later on, I wished I'd listened to them.

"We got along well till about the middle of the afternoon, when the wind whirled around into the north, and it got cold within ten minutes. It began to snow, too, first in little spits and then thicker and thicker, until we couldn't see a canoe's length ahead of us.

"There was only one thing to do, and that was to spread out the blankets into a kind of awning, and curl up to sleep and wait for the morning, when we could see our way.

"Damson woke me at daylight, and I looked out. The fall of snow had been light. We were about a hundred yards from the shore, and I could see that the storm had blown over quickly. But on every side the lake was covered with ice, not thick enough to hold a man and not thin enough for a boat to push through.

"'Damson,' said I, looking sober, 'we'd be in a bad way if this ice shouldn't get strong enough to walk on, or else melt enough so we could paddle. There isn't anything left but a half can of beans, and this canoe is leaking.'

"The hours went by. We ate nearly all our provisions, and slept over the next night pretty anxious, and cold and hungry, and trying to keep out of the water that was gradually rising in the canoe. The next morning the ice was still too strong to break through, and yet it was too weak to hold us.

"Then Andy hit upon a plan. He first tore out two of the braces that ran from side to side of the canoe.

"'What are you going to do?' says I.

"'I'm going to build an ice raft,' says he, and he lashed the braces across the end of the paddles. Then he tore pieces of the birch bark out of the sides of the canoe, fastened them across between the paddles, and finally had a patchwork raft nearly six feet long and four feet broad. 'There,' said he, 'that will spread your weight over a bigger area of ice, and you can lie down on it and push with your toes. You go first. It will hold you all right, but it won't hold both of us.'

"'How shall I send the raft back to you?' said I.

"'I've already thought of that,' said he. 'Take this ball of cord we used for tying up the skins. I'll tie this on to the raft here. If anything happens to you I may be able to pull you out, and if you get there all right I can haul the raft back.'

"The raft would just barely hold me up, and it was ticklish work pushing my way to shore, spread out on my stomach on the raft; but I accomplished it at last.

"Then he pulled the raft back to the canoe, and for a moment I couldn't see what he was doing with the cord. But all of a sudden he stood up and threw something toward me. It fell about half-way between us, but glanced and slid along the ice almost to my feet. It was his heavy hunting knife with the cord tied on to it.

"'Haul away!' said he, when he had spread himself out on the raft. 'Easy! easy!' and at last I managed to pull him to shore. I never felt anything better than the solid ground under my feet. If it hadn't been for Andy's ingenuity, it would have been starvation, drowning or freezing for both of us."

Harry Lindley's Double.

The Ottawa Journal says: Mr. W. Goulding, of Toronto, is in the city after a trip through Ontario to all the principal centres. He is one of the most amusing of the many "drummers" who visit Ottawa during the year. In appearance he is the image of old Harry Lindley, well known in theatrical circles. In fact, he is know throughout Ontario as "Harry Lindley," and this has caused many funny episodes.

A short time ago he visited Belleville and went into an hotel with a friend, who introduced him to the bonifface as Harry Lindley. Mr. Goulding smilingly accepted the introduction as Lindley, and was at once shoed with a bill for $5. Then the "drummer" repudiated the alias, but the second story would not go.

Finally he invited Mr. Hotelman to leave it to a customer a few doors off, and the party made tracks to the store.

"Who is this man? asked the hotelman.

"Harry Lindley," promptly replied the merchant.

"I thought so; you can't fool me," said the hotelman.

It took the production of trunks of samples and letters from the house to straighten out the tangle, and then the hotelman was only half convinced.

Treed By 23 Wolves.

Word has just reached here, says the Parry Sound Star, of an exciting experience with wolves in Conger township. Fred Spencer, of Parry Sound, who is foreman of the camps, was making a tour of the limit early Monday morning, looking up timber, when he heard wolves approaching.

In a short time a large pack could be seen in the distance, and he hastily climbed a small tree nearby. On they came and soon 23 of the hungry beasts were howling and jumping around the tree. Sometimes they would almost reach his feet, as he was only ten feet from the ground.

For an hour or more he had to endure the close confinement among the limbs with the wolves straining every effort to gain their prey. After the long seige and the approach of daylight they left him and he was able to get back to camp.

The wolves are giving considerable trouble this winter.

New Secretary to Lieutenant-Governor.

Capt. J. F. Macdonald secretary to the Lieutenant-Governor, served in the Strathcona Horse in the South African campaign of 1900-01. He was present at no less than three general engagements, namely, Belfast, Lydenberg and in Orange River Colony, besides being engaged in operations in the Transvaal, both to the east and west of Pretoria. He was granted the honorary rank of captain in the Imperial service September 20th, 1901, and was appointed to his present position in the O. R. C. on the organization of the corps, July 1st, 1903.

It is the simplest and most effective remedy for all the ills and ails of the summer season.

Sold by all druggists. 25c and 60c a bottle.

The Heart's Highway

MARY E. WILKINS

Copyright, 1900, by DOUBLEDAY, PAGE & CO.

"Sure," he said, "it can do no more than to force the king to see that his colony hath grown from infancy to manhood and hath an arm to be respected, and compel him to repeal the navigation act. What else, Harry?"

Then I, speaking again as if some other moved my tongue, replied that none could say what matter a little fire kindleth, but these that came after us might know the result of that which we that night begun.

But Sir Humphrey shook his head.

"If but Nat Bacon were alive!" he sighed. "No leader have we, Harry. Oh, Harry, if thou wert not a convict! Captain Jaynes is sure out of his element in defending the rights of the oppressed and should be on his own quarter deck with his cutlass in hand and his rapscallions around him, slaying and robbing, to be in full feather. Naught can he do here. Lord, hear those women shriek! Why did they let women come hither, Harry? Sure Nick Barry is in his cups. Not thus would matters have been were Bacon alive. The women would have been at home in their beds, and no man in liquor at work, for I trust not the militia. Would Captain Bacon were alive, as he would have been had he not been foully done to death."

This he said believing, as did many, that Bacon's death was due to treachery and not fever, nor, as many of his enemies affirmed, from overindulgence in strong spirits, and I must say that I, remembering Bacon's greatness of enthusiasm and fixedness of purpose, was of the same belief.

As he spoke I seemed to see that dead hero as he would have looked in our midst with the moonlight shining on the stern whiteness of his face and that look of high command in his eyes which none dared gainsay. And I answered again and again, as with an impulse not my own, "And maybe Bacon in truth leads us still, if not by his own chosen ways, to his own ends."

"Truly, Harry," Sir Humphrey agreed, "had it not been for Bacon, I doubt if we had been at this night's work."

All the time we talked we advanced in our slashing swath up the field, and all the time that chorus of wild laughter and shrieks of disloyalty kept time with the swash of the knives, and all the time rose Captain Jaynes' storm of fruitless curses and commands, and now and then the stinging lash of his riding whip, and also Dick Barry's. As for Nick Barry, he lay overcome with sleep on a heap of the cut tobacco.

And all the time not a light shone in any of Major Robert Beverly's windows, and the slave quarters were as still as the tomb.

The store of ammunition in the tomb had been secretly removed and portioned out to the plant cutters at nightfall.

It was no slight task for even a hundred to cut such a wealth of tobacco as Major Robert Beverly had planted, work as fast as they might, and proceed over the fields in a fierce crawl of destruction, like an army of locusts, and finally they began to wax impatient. And finally up rose that termagant, Mistress Longman, straightening her back with a spring as if it were whalebone, showing us her face shameless with rage and stained green with tobacco juice and here and there red with blood, for she had slashed ruthlessly. She flung back her coarse tangle of hair, threw up her arms with a wild hurrahing motion and screamed out in such a volume of shrillness that she overcapped all the rest of the tumult:

"To the stables, to the stables! Let out Major Beverly's horses and let them trample down the tobacco."

Then such a cry echoed her that I trow it might have proceeded from a thousand throats instead of one hundred odd, and in spite of all that Captain Jaynes could do, seconded by some few of us gentlemen who rallied about him, but were helpless since we

Mistress Longman urging that the tobacco be trampled down

could not fire upon our coadjutors, that mob swept into Beverly's stables, and presently out leaped, plunging with terror, all his fine thoroughbreds, the mob riding them about the fields in wild career. And one of the maddest of the riders, sitting astride and flogging her steed with a locust branch, was Mistress Longman, while her husband vainly fled after her, beseeching her to stop, and those around, were roaring with laughter.

Then some must let out the major's hogs, and they came rooting and tumbling with unwieldy gambols. And with this wild troop of animals, and the mob shrieking in a frenzy of delight, and now and then a woman in terror before the onslaught of a galloping horse, and now and then a whole group of cutters overset by a charging hog, and up and after him, and slaying him, and his squeals of agony—verily I had preferred a battlefield of a different sort.

And all this time Major Robert Beverly's house stood still in the moonlight, and not a noise from the slave quarters, and the fields were all in a pumice of wasted plant life, and we were about to go farther, when I heard again the cry of the little child coming from a chamber window. I trow they had given her some quieting potion or she had broken silence before.

With all our efforts the mob could not be persuaded to return Major Beverly's horses to his stables, which circumstance was afterward to the saving of his neck, since it was argued that he would not have abetted the using of his fine stud in such wise, some of the horses being recovered and some being lamed and cut.

So out of the Beverly plantation we swept, those on horseback at a gallop and those on foot tramping after, and above the tumult came that farthest reaching cry of the world—the cry of a little child frantic with terror.

Then they were for going to another large plantation belonging to one Richard Forster, who had gone in Ralph Drake's party, when all of a sudden the horses of us who were leading swerved aside, and there was Mistress Mary Cavendish on her Merry Roger, and by her side, pulling vainly at her bridle, her sister Catherine.

CHAPTER XVII.

MARY CAVENDISH raised her voice high until it seemed to me like a silver trumpet and cried out, with a wave of her white arm to them all: "On to Laurel Creek, I pray you! Oh, I pray you, good people, on to Laurel Creek, and cut down my tobacco for the sake of Virginia and the honor of the colony."

It needed but a puff of any wind of human will to send that fiery mob leaping in a new direction. Straightway they shouted with one accord: "To Laurel Creek, to Laurel Creek! Down with the tobacco, down with the governor, down with the king! To Laurel Creek!" and forged ahead, turning to the left instead of the right as had been ordered, and Mary was swept along with them, and Catherine would have been crushed had not a horseman, whom I did not recognize, caught her up on the saddle with him with a wonderful swing of a long, lithe arm and then galloped after. And as for myself and Captain Jaynes and Sir Humphrey and others of the burgesses whom I had best not call by name, we went, too, since we might as well have tried to hold the current of the James river as that headlong company.

But as soon as might be I shouted out to Sir Humphrey, above the din that our first duty must be to save Mary and Catherine. And he answered back in a hoarse shout, "Oh, for God's sake, ride fast, Harry, for should the militia come what would happen to them?"

But I needed no urging. I know not whom I rode down—I trust not any, but I know not. I got before them all in some wise, Sir Humphrey following close behind, and Ralph Drake also, swearing that he knew not what possessed the jades to meddle in such matters and shouting to the rabble to stop, but he might as well have shouted to the wind. And by that time there were more than a hundred of us, though whence they had come I know not.

We gentlemen kept together in some wise and gradually gained on Mary, who had had the start, and there were some seven of us—one of the Barrys, Sir Humphrey Hyde, Ralph Drake, Parson Downs, in such guise for a parson that no one would have known him, booted and spurred and riding harder than any by virtue of his best horse in the colony, myself and two of the burgesses. We seven gaining on the rabble, in spite of the fact that many of them were mounted upon Major Robert Beverly's best horses, through their having less knowledge of horsemanship, closed around Mary Cavendish on Merry Roger, clearing the ground with long galloping bounds, and Catherine, with the strange horseman, was somewhat behind.

As we came up with Mary she looked at us over her shoulder with a brightness of triumph and withal something of merriment, like a child successful in mischief, and laughed and waved her hand in which, as I live, she held a sword which had long graced the hall at Drake Hill, and I believe she meditated cutting the tobacco herself.

Then a great cheer went up for her, in which we, in spite of our misgivings, joined. Something so wonderful and innocent there was in the fresh enthusiasm of the maid. Then again her sweet voice rang out:

"Down with the tobacco, gentlemen of Virginia, and down with all tyranny. Remember Nathaniel Bacon, remember Nathaniel Bacon!"

Then we all caught up that last cry of hers, and the air rang with "Remember Nathaniel Bacon!"

But as soon as might be I rode close enough to speak with Mary Cavendish, and Sir Humphrey was on the other side, each with our jealousy lost sight of in our concern for her.

"Child, thou must turn and go home," I said, and I fear my voice lost its firmness, for I was half mad with admiration and love and apprehension for her.

Then Sir Humphrey echoed me.

"The militia will be upon us presently," he shouted in her ear above the din. "Ride home as fast as you may."

She looked from one to the other of us and laughed gayly and shook her head, and her golden curls flew to the wind, and she touched Merry Roger with her whip and he bounded ahead, and we had all we could do to keep pace, he being fresh. Then Parson Downs pelted to her side and besought her to turn, and so did Captain Jaynes, though he was half laughing with delight at her spirit, and his bright eyes viewed her in such wise that I could scarce keep my fingers from his throat. But Mary Cavendish would hear to none, and no way there was of turning her, lest we dragged her from her saddle.

Again I rode close and spoke so that no one beside her could hear.

"Go home, I pray you, if you love me," I said.

But she looked at me with a proud defiance and such a spirit of a man that I marveled at her.

"'Tis no time to talk of love, sir," said she. "When a people strike for liberty they stop not for honey nor kisses."

Then she cried again, "Remember Nathaniel Bacon!" And again that wild shout echoed her silver voice.

But then I spoke again, catching her bridle rein as I rode.

"Then go, if not because you love me, because I love thee," I said close to her ear with her golden hair blowing athwart my face.

"I obey not the man who loves me, but the man who weds me, and that you will not do because you hold your pride dearer than love," said she.

"Nay, because I hold thee dearer than my love," said I.

"'Tis a false principle you act upon, and love is before all else, even that

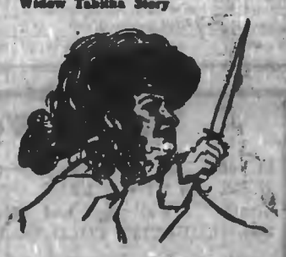
Mary shouting "Remember Nathaniel Bacon!"

which may harm it, and thou knowest not the heart of a woman if thou dost love one, sir," said she. Then she gave a quick glance at my face, so close to hers in the midst of that hurrying throng, and her blue eyes gleamed into mine, and she said, with a bright blush over her cheeks and forehead and neck, but proudly as if she defied even her maiden shame in the cause of love, "But thou shalt yet know one, Harry."

Then, as if she had said too much, she pulled her bridle loose from my detaining hand with a quick jerk and touched her horse, and we were on that hard gallop to Laurel Creek.

Laurel Creek was not a large plantation, but the fields of tobacco were well set, and it was some task to cut them. Captain Jaynes essayed to form the cutters into ranks, but with no avail though he galloped back and forth shouting like a madman. Every man set to work for himself and it was again bedlam broke loose as at the other plantation. Then, indeed, for the first time I saw Mary Cavendish shrink a little, as if she were somewhat intimidated by the fire which she had lighted, and she resisted not when Sir Humphrey and her cousin Ralph and I urged her into the house. And as she entered there was Catherine, having been brought thither by that stranger who had disappeared. And we shut the door upon both women and then felt freer in our minds. Captain Noel Jaynes swore 'twas a jade fit to lead an army, then inquired what brought

Widow Tabitha Story



her thither and why women were in the front in all our Virginian wars, whether they wore white aprons or not?

As he spoke Ralph Drake shouted out with a great laugh that maybe 'twas for the purpose of carrying the men, and pointed, and there was one of the black wenches bringing Nick Barry, who else had fallen, upon her back to the field. Then she set him down in the tobacco and gave him a knife, and he went to cutting, having just enough wit to do that for which his mind had been headed, and naught else.

The mob took a fancy to that new cry of Mary Cavendish's, and every now and then the field rang with it. "Remember Nathaniel Bacon! Remember Nathaniel Bacon!" It had a curious effect, through starting in a distant quarter, where some of the fiercest of the workers were grouped, then coming nearer and nearer, till the whole field rang with that wide overspread of human voice, above the juicy slashing of the tobacco plants.

We had been at work some little time when a tall woman in black on a black horse came up at a steady amble, her horse being old. She dismounted near me and her horse went to nibbling the low hanging boughs of a locust near by, and the moon above full on her face, and I saw she was the Widow Tabitha Story, with that curious patch on her forehead. Down to the tobacco she bent and went to work stiffly with unaccustomed hands to such work, and then again rang that cry of "Remember Nathaniel Bacon!" And when she heard that, up she reared herself, and raised such a shrill response of "Remember Nathaniel Bacon!" in a high sobbing voice, as I never heard.

And after that for a minute the field seemed to fairly howl with that cry of following, and memory for the dead hero, always Madam Tabitha Story's voice in the lead, shrieking over it like a cat's.

"Lord, have mercy on us," said Parson Downs at my elbow. "She will have all England upon us, and wherefore could not the woman have kept out of this stew?"

With that he went over to the widow and strove to quiet her, but she only shrieked with more fury, with Mistresses Longman and Allgood to aid her, and then came in a mad rush upon us of horse and foot, the militia, under Captain Robert Waller.

WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 168 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Remember These are the Original Little Liver Pills, first put up over forty years ago by old Dr. R. V. Pierce. They've been much imitated but never equalled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little Pellets quickly tone the system into natural vigorous health. Their influence lasts.

Finer Cake

and biscuit are made with Royal Baking Powder than in the old-fashioned way, with cream of tartar and soda, or saleratus and sour milk. The ingredients of Royal Baking Powder are most highly refined and absolutely pure. Royal is always uniform in strength, making the food evenly good and wholesome. No spoiled or wasted materials where it is used.

ROYAL BAKING POWDER CO., NEW YORK.

ENLARGING THE POST OFFICE

Lakefield Postmaster Making Extensive Improvements.

Water in Otonabee River Not as High as it Was Last Spring—A Good Sign.

(From Our Own Correspondent)

Lakefield, April 12.—The Lakefield Public School Board held a regular meeting in the Town Hall on Friday evening, April 7th. Present, Trustees Payne, Stuart, Ridpath, Tanner and Clifford. Owing to the absence of the chairman, Dr. J. E. Fraser, Trustee J. W. Ridpath was elected chairman, pro-tem. After the minutes of the previous meeting were read and adopted, the Principal's report for March was received. Several bills and accounts were passed for payment, after which the Board adjourned.

The water in the river is not rising this spring as rapidly as usual and it looks as though the high water mark will not be reached till later on, which will be good news for the power owners along the Otonabee for the season's supply will be much more easily controlled for the use of the several powers along the water course.

Mr. W. H. Casement is enlarging the post office and Lakefield ere long will be able to boast of a more commodious and up-to-date post office, than has been.

The village assessor is busy making his rounds and fixing the assessment on the village property according to the new Assessment Act.

The many friends of Miss Maud Cox will learn with regret of her serious illness.

Mrs. S. Nelson, who spent the past winter with her daughter, Mrs. Pethick, of Rochester, has returned to Lakefield.

Mrs. S. Ridpath who has been visiting her daughter, Mrs. Podger, of Toronto, has returned to the village.

Mr. J. M. Kilbourn is spending a few days in the village.

Mr. F. A. Kilbourn, who has been in Montreal and vicinity for the past couple of weeks in the interests of the Compeat Co., has returned home.

Messrs. Dickson and Morrison of the Lakefield Furniture and Manufacturing Co., are in the village re the erection of their new plant.

Mrs. Chamberlain of Peterborough was in the village this week.

Messrs. Wm. Yelland, D. Conroy, J. Craig and F. E. Darcy of Peterborough were in the village Tuesday, to vote on the Furniture bylaw.

Mr. R. McCoin, of Peterborough, was in the village on Tuesday.

Mr. Mills, of Peterborough, spent Tuesday in the village.

Mr. Rae, of Norwood, who has been the guest of Mr. Clydesdale for the past week, has returned home.

Mrs. F. J. Tate spent Monday in Toronto.

Rev. A. W. and Mrs. McKenzie have returned home after spending a couple of weeks visiting friends in Toronto.

Miss Nordheimer, of Toronto, who has been visiting Mrs. R. Tate, has returned home.

"AN EXCELLENT FOOD,"

admirably adapted to the Needs of Infants."

McCRACKEN 'PHONE LINE AT STANDSTILL

So Hall's Glen Correspondent Reports—Late News From That Village.

(From Our Own Correspondent.)

Hall's Glen, April 11.—Mr. R. Hamblin passed through the village last Monday.

The Zion choir are taking up their regular weekly practise in the church.

Mr. Wm. Zinstine is in the employ of Mr. D. Little, for the summer.

Mr. and Mrs. W. S. Hamblin, of Warsaw, spent Sunday with friends here.

Mrs. Wm. Carveth has returned home from her visit to the eastern part of the township.

Some of the farmers who have been ploughing during the past two weeks will commence seeding very soon.

Mr. D. Crowe will soon be moving into his new house for the carpenters are hustling.

Mr. A. Darling has been very busy this spring in his sugar bush.

The N. D. D. Co. will soon be in operation again with Mr. Stephen as cheesemaker.

The Crowe brothers' farm stock sale which is to take place next Tuesday will create considerable interest here in the village.

Mr. R. Little of Pine Grove, has been through the neighborhood and bought up all the hogs available.

The shingle mill which is about to open will add to the hum and bustle of our little town.

It appears that the installation of the proposed telephone from Warsaw to McCracken's Landing, which has aroused no little stir and excitement here, has been dropped for the present, awaiting a more favourable time.

While Mr. and Mrs. H. Payne were leaving the village last Sunday evening, they happened with a serious accident near Darling's Corner. It appears that the horse took fright for some unknown reason, and becoming almost unmanageable, inflicted considerable damage to the conveyance, but luckily the occupants escaped serious injury.

$1000.00 FOR LOSS OF LEG

Smith Ratepayers Will Vote on By-Law to Grant This to Wilson Blewett.

Monthly Meeting of Smith Township Council was Held on Monday—Other Business.

Special to the Examiner.

Bridgenorth, April 10th.

The council of the township of Smith met at the town hall, Bridgenorth, on Monday, April 10th. All the members were present, the reeve in the chair. Minutes of last meeting were read and confirmed.

Moved by Messrs. White and Graham that the sum of $32.84 be allowed the collector as abatements on the roll of 1904, and that the taxes against lands properly described be returned by clerk to the county treasurer for collection.

Moved by Messrs. Northey and White, that a bylaw be submitted to the ratepayers of the township of Smith, at the next municipal elections, for the purpose of granting $1,000 to Wilson Blewett for the loss of his leg while in the employ of the Township of Smith, in operating the stone crusher.

Moved by Messrs. Graham and White, that Isaac Manning be notified to pay into the township treasury the sum of $1.50 for timber cut on the 13th concession line, in accordance with the report of Mr. Northey.

Moved by Messrs. Garbutt and Graham, that the clerk notify the Canadian General Electric Company to remove their fence off the road allowance, on the 4th concession line in order to allow the improvement of the road thereon.

Moved by Messrs. White and Northey, that John White, be appointed overseer of highways in the place of John Isbister, and that Isaac Freeborn be appointed in the place of Walter Young.

Moved by Messrs. Garbutt and White, that the reeve be appointed to represent the township of Smith at the meeting of the Good Roads Association to be held in Toronto, on the 12th inst., and also to attend with the deputation to ask the Government to amend section 606 of the Municipal Act.

Moved by Messrs. Garbutt and Graham, that the following claims be paid, namely,—

Wm. Brenen, work on road	$	4 00
S. Middleton, "		20 25
T. J. Callen, "		17 62
A. Johnston, "		5 25
J. F. Ayotte, "		8 62
W. H. Preston, "		7 41
S. Simmons, "		9 25
Jas. Grant, "		24 75
S. Nicholls, jr. "		4 50
H. Pearson, "		7 00
J. A. Johns, goods to Mrs. Smith		7 00
Jas. Kelly, scet. 1st grader		6 10
R. C. Heard, road machine and sheds		44 00
Jas. Miller, stocking sleighs		3 00

The council then adjourned to meet at the call of the reeve.

JUDGE OF NATAL SUPREME COURT

Mr. Justice Finnemore Tells of Remarkable Cure of Distressing Eczema by Cuticura—Grew Worse Under Professional Treatment.

OTHER SUFFERERS CURED BY CUTICURA

"I suffered a severe attack of eczema on the scalp, face, ears, and neck, and was for several months under professional treatment, but became worse. My face was dreadfully disfigured, and I lost nearly all my hair. My wife prevailed upon me to try the Cuticura Remedies, which I did with most satisfactory results, the disease disappearing and my hair growing thicker and glossier than before my illness. My wife has purchased Cuticura for other sufferers, with good results in each case.—Robert Isaac Finnemore (Judge of the Natal Supreme Court), Pietermaritzburg, Natal."

AGONIZING ECZEMA

And Itching, Burning Eruptions, with Loss of Hair, Cured by Cuticura.

The Cuticura Treatment is at once agreeable, speedy, economical, and comprehensive. Bathe the affected parts freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment to allay itching, irritation, and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent, or Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humours, and points to a speedy, permanent, and economical cure of torturing, disfiguring humours, from infancy to age, when all other remedies fail.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, U.S.A. British Depot: F. Newbery & Sons, 1 King Edward-st., London. French Depot: 5 Rue de la Paix, Paris. Australian Depot: R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props. "How to Cure Eczema," Mailed Free.

HAVELOCK'S NEW BASEBALL CLUB

An Agitation for a Public Park in That Town

Other Late News—A Handsome Store Premises.

From Our Own Correspondent.

Havelock, April 13. — On Monday evening a meeting was called in the Council Chambers to discuss the base ball question. At 8 p.m. the meeting came to order and there was a large number still in town who had not lost the relish of seeing a base ball match, about 25 being present. The Baseball Club was re-organized for the present year. President W. Ritchie was in the chair and in a few words gave a short report of last season's games. After this the election of officers took place. Those appointed were as follows:—

Hon. President—W. W. Webster.
President—W. H. Ritchie.
1st Vice-President—P. G. Cromar.
2nd Vice-President —J. Thompson.
Manager—John Bateson.
Captain. Jas Black.
Treasurer—A. Lanis.
Secretary—Jas. W. Rose.
Ground Committee—S. S. Joyce, D. L. Sills, and H. T. Anderson.

The committee appointed to arrange league schedule was, T. E. Lancaster, D. A. Reed and Jas. W. Rose.

The club fee was set at $1.00.

A letter from Hastings was read in regard to information in connection with the forming of a league.

A very good suggestion was made in regard to having all business places closed one afternoon in each week. Jas. Thompson, J. M. Watson, and H. T. Andrews were appointed a committee to interview all the other merchants in town and see if it could not be arranged to close during the months of June, July and August.

The secretary was instructed to write Marmora, Campbellford, Hastings and Norwood in connection with bringing in a five-team league for the coming season. It is plain to be seen that baseball will boom this year, as the club has a good lot of backers prepared to see them through to the finish.

Mr. E. J. Murphy, former leading hand for the C.P.R. at this point, now of Toronto Junction, moved his family to that place on Wednesday.

A very pleasant time was enjoyed at a small party given at the residence of Mr. W. Spence last Thursday evening.

A meeting is called for Friday evening to be held in the Council Chambers for all those interested in the National game—Lacrosse.

Mr. B. McCallister, of town, attended the funeral of his father, Mr. John Lancaster, of Gore's Landing, on Tuesday last.

Mr. R. E. White spent Sunday with friends in Peterborough.

Mr. R. A. Williamson, formerly of the Sovereign Bank, here, now of Sterling, spent Sunday in town.

Mr. W. J. Boyd returned on Wednesday after attending the funeral of his brother in Bay City, Mich.

A very pleasant evening was spent at a farewell party at the residence of Mr. E. J. Murphy, of town, last Thursday.

Miss Ethel McBurnie is the guest of friends in Peterborough.

Miss B. Campbell spent Sunday at her home in Norwood.

We are pleased to hear that Mrs. J. Bateson who has been seriously ill for some time has shown a slight change for the better.

Mr. John Flynn, of Mountain Grove, is the guest of his sister, Mrs. B. Hoig, on his way home, after being three years in Winnipeg and Brandon, Man.

What is now one of the finest and most up-to-date looking stores in town, was opened last Saturday by, Mr. A. E. Barrett, formerly of the firm of Craig & Barrett. This place was formerly occupied by Mr. Mat Swaine, tailor, in one half, and Mr. L. J. Boyle in the other. The place has been made into one store, and with the new plate glass windows and large centre doors, the interior is very attractive. It is probably the best lighted store in town. Mr. Barrett is to be congratulated on his new place and we wish him every success in his new stand.

The question now is, what is it going to be, and who is to have it? That is the park and pleasure grounds, which is now in a very deplorable condition. It is understood that the town is going to buy the land for the benefit of the public, and we hope that a few improvements may be made to it if they do so. A good tile drain is badly needed, as the present wooden one is always caving in, and makes it dangerous for anyone who does not watch himself. There should also be a few benches made to accommodate the people who come to see a game. These have been badly needed for the past ten years as no seats of any kind have been available and there are numbers of people who stay away from the games who come if there was any accommodation other than that which nature gave them, two legs.

Mr. J. C. Brown, Public School Inspector, will on Thursday at five p.m., meet the school board in the school house to discuss school matters, which lately we have heard so much about. All interested are cordially invited to be present.

The town council have decided to place six more 50 c.p. incandescent lamps on the streets, which will add greatly to the lighting up of the town. They are to be placed as follows: One on George street, opposite Mr. Deake's; one on Ottawa street, opposite the mill lane; one on Matheson street opposite F. C. McMaster's; one on Ottawa street, opposite J. W. Bryan's; one on Campbell's corners; and one on Scott's hill, on Concession street. The south arc lamp on the latter street will be placed at the top of the hill, just this side of old Havelock corners.

Mr. Matheson ought to allow a commission, or pay the Golf Club members a salary for the good work they are doing in pulling up old stumps, logs and rocks, looking for lost balls.

On Easter Monday, April 24th, a dramatic entertainment will be auspices of the Methodist church. It is a temperance play in three acts, entitled "Our on the Streets." The characters in this play will be taken from the young people in the church, and on that account will be doubly interesting.

Miss Jessie Jamieson, of Belleville, late of Glasgow, Scotland, will be an attraction appearing in numerous Scotch selections. Mr. M. Swain will also contribute, as well as Miss Iaviple Barclay, the local infant prodigy, who will be heard in vocal solos. The admission will be, reserved seats, 35c., general, 25c.

A number of the young men of town spent Wednesday evening in Norwood.

Sixty Days For Hill.

Toronto, April 13.—J. B. Hill, the St. Thomas bankrupt merchant, was sentenced yesterday by Judge Winchester, to get off with sixty days, without hard labor. His estate showed an enormous shortage. His creditors considered they had not been fairly dealt with and laid a criminal charge against him. He was found guilty by a jury.

To Honor Jacques Cartier.

Montreal, April 13.—Mayor Laporte, Senator David and several of Montreal's aldermen have accepted the invitation of the citizens of St. Malo, Brittany, France, to attend the unveiling of a statue to Jacques Cartier, the discoverer of Canada, at St. Malo, on July, 30.

The Air We Breathe

in home, office, store, factory—or in church—should be AS PURE AS IT IS FREE. "Walls to be healthy must breathe." Wall-paper and kalsomine obstruct wall respiration. CHURCH'S COLD WATER

The Alabastine Co. Limited, Paris, Ont.

An opportunity for a young man to start business for himself

There are hundreds of young men throughout the country, who have mastered the details of merchandising, and are now dreaming of the time when they can be proprietors—many of them with a few hundred dollars laid by for the purpose.

Nearly every prosperous well rated merchant of to-day, made a beginning in a modest way.

At the very outset such young men as we have in mind—such as are capable, thoroughly in earnest, reliable, and have saved a little money, say enough to fit up a store and pay for part of their stock, can make a connection with our house, and in short order, they can be at the head of an establishment where men can be outfitted with the best of clothing.

The clothing business is an attractive proposition. It is a live one—always something doing.

We shall be pleased to correspond with men who have decided to make a start for themselves in some live town or city, and who can show some tangible evidence of an earnest effort in that direction, with a view to extending the sale of our "Male Attire" brand of high class tailored clothing.

We propose as part of our scheme to give free advertising and promotion.

The Male Attire Co., Montreal

SPECIAL SERVICES HELD AT WARSAW

Presbyterians Hold Successful Anniversary.

Special to the Examiner.

Warsaw, April 11.—Miss Ethel McBurney, of Havelock, is spending the week with her aunt, Mrs. John Wases.

Mrs. W. R. Payne, and Miss Davis, of Peterborough, spent Sunday and Monday visiting friends in the village.

Miss Cora Crowe, of Norwood, is visiting her brother, Mr. Robt. Crowe, of this place.

Mr. Bert Huston, of Peterborough, spent Sunday the guest of Mr. Harold Choate.

Miss Dunford, of Lakefield, is visiting her sister, Mrs. W. H. Clements, for a few days.

The anniversary services of the Presbyterian Church were held on Sunday last, Rev. Mr. Campbell, of Lakefield, conducting both services.

There was a large attendance both morning and evening.

The oyster supper and lecture given on Monday were largely attended. The ladies of the congregation assisted in serving the oysters and needless to say everything was of a high order. Following the supper was the lecture given by Rev. Mr. Campbell, "Cuba and the Cubans", which was highly instructive and was delivered in an excellent manner. The music by the choir at both services and entertainment was much appreciated, as also was the short addresses by Rev. Mr. McQuade of this place.

The Women's Missionary Society of the Methodist Church intend holding an At Home shortly, the date of which will be announced later.

ARMENIANS AND TARTARS.

Former Have Been Attacked and Ugly Feeling is Developing.

St. Petersburg, April 14.—Despatches received here from Tiflis say that the peasant agitation is spreading quickly and widely through the Caucasus, and that the disturbers are forcing all peasants to participate in the pillaging and destruction of schools and public buildings by threats of bodily injury.

Troops have been sent to quell the disorders. Among resident of the cities of the Caucasus a renewal of the ugly feeling between Armenians and Tartars is being manifested and Armenians in several instances have been attacked in revenge for alleged assaults on the police.

Movements are on foot to call a Pan-Russian congress of women for the discussion of political and industrial questions.

A Guaranteed Cure for Piles.

HAVE THE RIVAL FLEETS MET YET?

Rumours of a Naval Battle on the Viper Shoals---Five Hours Continuous Firing---"To Win or Die" is Construction Placed Upon Admiral Rojestvensky's Last Message From Nossi Be to Russian Admiralty---Togo May Delay Attack and Japanese Merchantmen Suffer.

April 17.—Gaston Dru telegraphs from St. Petersburg to The Echo de Paris that Admiral Rojestvensky's last telegram before leaving Nossi was singularly laconic and eloquent. He wired: "I will not telegraph again before the battle. If I am beaten you will learn it through Togo. If I defeat him I will announce it to you."

M. Dru adds that the telegram was accepted as meaning that the Russian admiral seeks victory or death.

Rumors of a Battle.

Manila, April 17.—Rumors of a battle between the Russian and Japanese fleets off the Viper Shoals came Saturday night from Palawan Island and from Sandakan, in British North Borneo.

No authority is given in the despatch from Palawan Island, and the message from North Borneo, says that a coaster in from Balabac, twenty miles southeast of the Viper Shoals, says there was continuous firing from 4 in the morning until 9 o'clock. The warships were not seen by the coaster, being too far northeast, but the captain is confident that a naval fight was in progress. One other thing that bears out the supposition is the fact that every ship that traversed the main route from Hong Kong to Manila and from Saigon to Manila has found no trace of the Russian warships since Thursday.

Battle is Probable.

Saigon, April 17.—That a battle is being fought in the China Sea, or a little south, in the Sulu Sea, off the coast of Palawan, is strongly believed here; not that the Russian squadron has been seen, but because seven Japanese warships in all were sighted on Friday evening between Mindora and Balabac Island. It is deemed certain that the Russian warships are on this course. They undoubtedly left the main trade route on Thursday.

Since Thursday afternoon, when the Russians were 220 miles southwest of the Paracels Islands, they have not been sighted by any ship entering this port from Hong Kong, Manila, Palawan or North Borneo. This makes it certain that they have turned sharply north toward the coast of Annam, in Cochin China, or have sailed towards Formosa by the Philippine route. In the latter event it is not at all improbable they have met the Japanese cruiser division in the Sulu Sea.

Rojestvensky' Tactics.

The majority of opinion is that the Russian admiral deliberately took the regular route from Singapore for 1,000 miles, so that he could be reported to the Japanese at least twice a day. He was reported regularly from Sunday until Thursday, since which time there has been no trace of his fleet.

Togo May Delay.

Tokio, April 17.—Outside a semi-official statement in The Jiji Shimpo, there has been no disclosure here that throws any light upon the movements of the Japanese fleet. The Jiji Shimpo is regarded as an organ of the Government, and says:

"That Japan is certain to lose trading vessels and commercial steamers of all kinds, The Jiji Shimpo thinks inevitable, because the Baltic fleet is traversing the path of navigation.

"Nevertheless, the enemy will be allowed some latitude without molestation to its movements. Even marauding in the open seas will be unnoticed while the Japanese complete their plans to catch the enemy's fleet and effect in a single engagement the annihilation of Rojestvensky's squadron. Meanwhile the Japanese should bear slight losses of commerce with equanimity, awaiting Togo's ultimate glorious victory."

Defence-Zones.

The navy department has proclaimed defence zones surrounding the Pescadores, the Island of Okinawa, in the Loochoo group, and the Islands of Oshima and Emi, off the Province of Osumi. The usual navigation restrictions apply.

To Stop Running.

On account of the presence of the Russian Baltic squadron in Pacific waters, the Japanese steamship lines, operating between Japan and America, are planning temporarily to suspend trans-Pacific operations.

Think Togo Surprised.

St. Petersburg, April 17.—There is no information from Vice-Admiral Rojestvensky's squadron, but the Admiralty would not be surprised to learn of skirmishing between scout ships today or to-morrow and the inauguration of torpedo boat warfare soon is not unexpected.

The naval organ here expresses the opinion that Togo was taken completely by surprise when Rojestvensky suddenly appeared at the entrance of the China Sea, and is now concentrating his widely scattered fleet near the Pescadores, where it is believed a sea fight will probably occur.

Japan Sends "Rush" Orders.

Washington, April 17.—Information has reached Washington through Europe that the Japanese army has within the last few days commissioned ten new torpedo boat destroyers, built in Japanese shipyards. It is believed that within six weeks 25 additional destroyers, under "rush" orders, will be put in commission. Three hundred and eighty-one mines planted by the Japanese in front of Port Arthur have been taken up and planted elsewhere.

Did Not Sight Jap Scouts.

Paris, April 17.—A despatch to The Temps from Saigon, French Cochin China, says Admiral Rojestvensky did not sight any Japanese scouts during his entrance into the China Sea.

Fifth Fleet Sails in July.

Port Said, April 17.—Information has reached here to the effect that a fifth division of the Russian second Pacific squadron, under the command of Vice-Admiral Vessarago, and composed of the battleships Imperator, Alexander II., Slava and Paul I., the armored cruiser Pamyat Asova and the second-class cruiser Admiral Kornileff will traverse the Suez Canal in July or August.

Fight To Be Off Formosa.

London, April 17.—The St. Petersburg correspondent of The Times says: "Experts agree that the naval battle must be fought off Formosa. The Minister of Foreign Affairs denies that the cruiser Askold and torpedo boat destroyer Grosovor are preparing to quit Shanghai. They are disarmed and are incapable of manoeuvering."

Japan Silk Waists for $2.98

CHASE DEFEATED FOES.

Jap Force on Hailung Road Reports Two Successful Skirmishes.

Tokio, April 17.—The following official announcement was made Saturday from the headquarters of the Japanese armies in Manchuria:

"Our forces, advancing east along the Hailung road, defeated a body of the enemy April 14, near the Heishihmu, 10 miles east of Panshi, and vigorously chased them towards Tachottsu, 20 miles east of Panshi.

"Another force, advancing north from Singking, attacked the enemy holding a position five miles south of Pachasu.

"There has been no change in the military situation."

The expected Japanese turning movement is not developing, but preparations it is understood are progressing. Reinforcements, food and ammunition are being brought up from Newchwang. The Japanese outpost extend 10 miles on either side of the railroad.

Recovered 200 Guns.

London, April 17.—The Daily Telegraph's correspondent at Tokio reports that the Japanese recovered 200 of the 500 guns which the Russians abandoned in the retreat from Mukden.

Japs Lost 100,000.

Sipinghai, April 17.—Captured Japanese spies place the numbers of the Japanese army at 400,000 and stated that the losses at the battle of Mukden are already being replaced by drafts from home battalions. Lieut. Komsyasi, one of the spies, calculates that the Japanese losses at Mukden were over 100,000.

30,000 Celebrated.

Tokio, April 17.—Thirty thousand employes of the arsenal paraded yesterday in celebration of the fall of Mukden. They visited the palace and cheered the Emperor, and afterwards went to the war and navy departments and cheered the Ministers and their staffs.

Stoessel's Trial.

St. Petersburg, April 17.—The court-martial of Lieut.-Governor Stoessel is proceeding behind closed doors.

MORE RUSSIAN SHOOTING.

Official at Moscow Wounded by Would-Be-Assassin.

Odessa, April 17.—Police Commissary Olschevsky was shot in the chest while walking in the street. The man who fired the shot has been arrested. He refused to give his name.

They Mean Business.

Moscow, April 17.—The waterworks congress, attended by 250 representatives from all parts of Russia, opened yesterday with a stormy scene. Resolutions were offered that the congress refrain from discussing the objects for which it had met because "Fruitful work is impossible until we can see free life dawn for Russia." The resolution was rejected.

In a State of Siege.

St. Petersburg, April 17.—Almost a state of siege exists in the Narva quarter, owing to the suspension of the Putiloff Ironworks. Soldiers are stationed inside the works and Cossacks and police swarm in the surrounding streets. The appearance of the district resembles the scenes witnessed during the disturbances last January. The tension yesterday was great, but there was no collision during the day.

Acquitted of Treason.

Helsingfors, April 17.—The High Court of Justice at Abo, Finland, has acquitted Senator Schaumann of the charge of high treason, finding that although he drew up a document of limited treasonable tendency, he was not responsible directly for the treasonable documents with which the prosecution sought to connect him.

Epidemic of Black Death.

Reno, Nev., April 17.—Inhabitants of Tonopah are coming to Reno by scores to escape an epidemic that thus far has puzzled the doctors at Tonopah. Governor Sparks will appoint a special commission to go to Tonopah to check the disease that is killing people at the rate of from five to a dozen each day. The disease brings death in 12 to 24 hours. The bodies become black after death.

Percursor of Cholera.

St. Petersburg, April 17.—A peculiar epidemic of cerebral spasms, almost always fatal, has made its appearance in St. Petersburg. The doctors say it was imported from Galicia to Lods, Russian Poland, where there have been many victims. It is regarded by the doctors as a procursor of cholera.

ESQUIMALT ABANDONED.

Naval Stores Sold on Saturday For a Mere Song.

Victoria, B. C., April 17.—The abandonment of the Esquimalt naval stations was completed Saturday when an auction sale of discarded naval stores, including lighter scows, torpedo nets, anchors, chains, etc., was held.

The former sealing schooner Beatrice, converted into an Admiralty lighter after being seized in Behring Sea and condemned, brought $625, though $2,000 worth of copper was placed on the vessel a few months ago.

There were bargains galore, mostly selected by junk dealers from Pacific coast cities.

A Winnipeg Mystery.

Winnipeg, April 17.—A mysterious jewel robbery occurred here on Saturday afternoon, when a tray of diamond rings, valued at $2,000, was taken in broad daylight out of D. R. Dingwall & Co.'s store in the McIntyre Block. Some alterations were going on in the fittings, and the diamond tray stolen was in a temporary show case, with doors opening into the body of the shop. Four clerks were in the store at the time, besides a number of customers, and the thief must have taken out the tray under the eyes of a dozen or more people. There were twelve rings in all, ranging from $100 to $700 apiece. The police claim a clue.

Peterborough's Leading Shirt Store.

The Summer Girl's Idea

Of economy is to squash two people into one hammock. Other people have different economy ideas. What is yours with reference to **Men's Furnishings**? Is it to get the best value at the fairest prices? If so, you will economize here. Because we can show you all the best and newest things for gentlemen and save you money besides.

STOP! WOMEN,

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with woman's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—

"For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 50th and E. Capitol Sts., Benning P.O., Washington, D.C.

Second letter.

"Dear Mrs. Pinkham:—

"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 50th and E. Capitol Streets, Benning P. O., Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

YESTERDAY AT ST. ANDREW'S

Mrs. Callander Sang Much Appreciated Solo—The Sermon.

There was a large congregation at St. Andrew's church last evening. Rev. Mr. Potter preached a strong sermon from the words of the Psalmist (Ps. 142,) "When he was hiding in the Cave of Adullam," bringing out the thought recognized by David, that the real source of unrest and danger is in the condition of the soul, which can only be strong and at peace when reconciled to its Creator. At the close of his address he told the pathetic story of Rev. Henry Francis Lyte, who ministered to a parish of fisher folk in a coast town in England. Although for twenty years a sufferer from consumption, he laboured faithfully for the good of his people, yet longed to leave some crowning work behind him, when he should die. In 1847 he was obliged to give up his work, and after his last service he went home and wrote that wonderful hymn, "Abide With Me," and thus his ambition was realized.

At the close of the service the grand old hymn was sung heartily by the congregation. Before the sermon Mrs. Callander sang with much feeling and sweetness a beautiful setting of the same hymn, by Hutchins, a former resident of Peterborough. During the offertory the choir sang the anthem, "Jerusalem," effectively. Mr. Callander will take part in the Easter services next Sunday.

PRETTY WEDDING AT SPRINGVILLE

Miss Annie Armstrong Married to Mr. John A. Huuter.

A quiet home wedding took place at the residence of Mr. R. A. Robertson, near Springville, on Wednesday, when Miss Annie Armstrong, was united in marriage to Mr. John A. Hunter of Cavanville.

The ceremony was performed by Rev. G. Yule, pastor of Springville Presbyterian church, in the presence of the members of the family of the bride and groom.

The bride and groom were unattended. The former was tastefully attired in a handsome gown of champagne colienne with trimmings and carried a bouquet of white carnations. After the wedding a dainty dejeuner was served in the dining room, when Mr. and Mrs. Hunter left for their future home near Cavanville, amid showers of rice and best wishes.

The many pretty and useful presents received by the bride testify to the high esteem in which she is held. The groom's gift was a sunburst of pearls.

Kidney Disease for Twenty Years.

Mrs. Caswell Reid, Orrville, Muskoka, Ont., writes:—"For nearly 20 years I was troubled with kidney disease, and have recently been completely cured by using three boxes of Dr. Chase's Kidney-Liver Pills. I have tried a great many remedies, but never seemed to get anything to do me so much good until I used these pills."

PRESENTED WITH MAHOGANY CHAIR

Mr. Chas. H. Huffman Honoured by Former Associates

On Occasion of Leaving Employ of C. G. E. Works—An Address and Presentation.

As was noted in Saturday's issue of this paper, Mr. Chas. H. Huffman, on that day left the employ of the C. G. E. Company, after having been in its service since the works first started here, and who for the last ten years has been foreman of the carpenter shop. A proof of his popularity among the men with whom he had worked for so many years, was furnished on Saturday night, when a number of his fellow employees gathered at his home Dalhousie street, and presented him with a handsome mahogany chair as a mark of their esteem for him, and as an expression of regret at his departure.

The following address was read by Mr. Dale, and the presentation was made by Mr. W. Williams:

Peterborough, April 15, '05.

Mr. Charles Huffman,
Foreman C. G. E. Company,
Carpenter and Millwright Dept.

Dear Sir, — As we understand you are severing your connection with the company, we feel we cannot let this take place without expressing to you our appreciation of you as a man and foreman.

We feel that you have to the best of your ability, "which we consider is not lacking," served your employers faithfully, but in doing so you have not been inconsiderate of your men, and have at all times treated them justly; and as we understand that you are going into business for yourself in the building trade, we wish you God-speed, and now as a small token of our esteem, "which is not represented by the value of the article," we wish you to accept this chair, and as you sit and rest from your labours sometimes let your thoughts run towards your fellow work-men. Signed on behalf of the employees of the carpenter department,

Thomas Dale,
Robert J. Martin.

In acknowledging the handsome gift, Mr. Huffman expressed his deep appreciation of the kindness so eloquently shown by the present, as well as by the terms of the address. He assured them that he years he had spent in association with them had been very pleasant years to him, and he deeply regretted severing these associations. He should always, however, look back upon them as among the most pleasant in his life. He was glad to welcome them to his home, and expressed the hope that while they might not in the future be associated in the same way that they had in the past, the friendships formed under these circumstances would continue.

A very pleasant evening was spent and was enlivened with music. Mr. Wm. Williams favoured the company with a song, while Messrs. J. E. Dickinson and W. Paton gave solos. Refreshments were served by Mrs. Huffman and her daughters.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds can be had for a trifle? For sale by all druggists.

Fell in a Fit and Drowned.

Brockville, April 15.—Thursday the body of John L. Robinson, aged 27 years, and unmarried, was recovered from a small creek running through Motte' Mills in Leeds County. On Tuesday Robinson told his mother he was going along the bank of the creek for a walk to see if the fish had begun to run. This was the last seen of him alive. The body was found under the projecting roots of a stump, held in three feet of water. Robinson was subject to fainting fits.

CATHOLIC FORESTERS TOOK COMMUNION

Annual Church Parade Took Place Yesterday Morning.

Yesterday morning at St. Peter's Cathedral the members of the local court, Catholic Order of Foresters, took their corporate Holy Communion in a body. The members of the Court to the number of about 200 gathered at their hall, Hunter street, and walked to the Cathedral in a body for the 8 o'clock mass, Mr. Thos. Lane acting as marshall.

Holy Communion was administered by His Lordship Bishop O'Connor, and afterwards the Passion was read by Rev. Father McColl, the Rector of the Cathedral.

After service the members marched back to their hall, when the annual roll call took place.

The membership of this progressive Court is at present 225, and the number in attendance upon service yesterday was a splendid representation of the entire membership.

WOOLLEN MILLS WILL BE OPERATED

A Revival of Woollen Trade at Garden Hill.

The woollen mills at Garden Hill, formerly owned and operated by J. Dyer & Sons, and laterly by A. W. Brodie & Co, but which have been idle for the last two years, are again to be operated.

The new proprietor is Mr. Hoarst Taylor of Almonte, Ont., and he intends manufacturing all kinds of knitted goods, principally stockings, etc. He already has a man on the road with samples, and as he has good financial backing he will likely make the business a success.

Mr. Taylor will not go into the business very extensively till fall, however, but will buy wool with Mr. M. Wilson.

GOOD GROWING WEATHER

When the New Scalp Antiseptic is Used

A good head of hair is as much a "crown of glory" for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite the bald-headed man can sympathise with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herpicide? Others have been benefitted and are loud in its praises. It cleanses the scalp, kills the germ at the root of the hair and by keeping the scalp, sweet, sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced. Sold by all leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

A QUESTION OF PRONUNCIATION

To the Editor of the Examiner:

Dear Sir,—I read in the Examiner a few days ago a sort of request from a correspondent inviting, or, rather, suggesting information regarding the proper pronunciation of the name of the great Italian poet, Dante, upon whom and whose works, Prof. Clark, is to deliver a course of lectures. I have some views on the subject. It is not so much a question of proper pronunciation, as it is of whether it should have the Italian, English or hybrid pronunciation. As the correspondent stated the Italian pronunciation is "Don-tay". The ordinary pronunciation is a hybrid orthoepic conglomeration, neither Italian nor English. I was greatly surprised to hear the president of the Fortnightly Club, our literary arbiter of literary elegance, the Canadian counterpart of the French Academy, enact the undivine comedy of pronouncing the name of the author of the Divine Comedy, to rhyme with shanty—a hybrid combination of Italian and English. In English the final e in Dante would be silent and the pronunciation would be Dant, to rhyme with "plant", "cant", or, if preferred, "want". Therefore, I think that the word Dante, should be pronounced either according to English usage "Dant" or according to the Italian orthoepy, "Don-tay". But Dante illustrates the Shakesperian line, "A rose by any other name would smell as sweet". No matter how one pronounces the name of Dante, his immortal works remain, and the course of lectures of Professor Clark on Dante before the Fortnightly Club next month will be an illuminating experience to those who have not yet tasted the pleasure of reading the divinely great works, of the, poetically, divine Dante,

Yours truly,
AMATEUR.

MAKE THE BEST OF LIFE.

What's the use of always fretting
Over ills that can't be cured?
What's the use of finding fault with
What we know must be endured?

Does it make life's burdens lighter,
If we grumble 'neath their load?
Does it make life's pathway smoother
If we fret about the road?

Better use our time than fill it
Full of sighs and vain regrets
Over some imagined blunder,
As does he who always frets.

Storms will follow every sunshine,
Grief be mixed with every joy;
And 'tis best that it should be so;
Gold's too soft without alloy.

"Half our trouble is invention,
We're to blame for half our strife,
Then if life is what we make it,
Why not make the best of life?

—Scottish American.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Weidron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

Easter Books, Booklets and Cards.

Easter time, with its sacred and time-honoured duties brings out this season many dainty and pleasing novelties in Easter books, booklets and cards. The increasing popularity of these beautiful mementoes has induced the Peterborough Bookstore to import a fine stock of the choicest gems. The conceptions and artistic decorations are new and appropriate.

STRATFORD COLLEGIATE INSTITUTE BUILDING

Handsome Building Erected in the Classic City for Collegiate Institute Purposes—A Building Which is a Credit to that City.

On this page is an illustration of the handsome Collegiate Institute in the classic city of Stratford. As will be seen by the illustration, the building is a handsome structure, and is a credit to the city.

Stratford has a population of 11,000, according to the last census, and, in the natural order of things, Peterborough, with its present population of 4,000 more than that of Stratford, should have an institute in proportion. But no one will say, comparing the present institute here with that illustrated above, that the one which Peterborough has is a credit to the importance of the town which is to be made a city on July 1st of this year.

A WEDDING OF LOCAL INTEREST

Mr. Wm. J. Pilling of Peterborough Married in Souris, Man.

Bride Was Miss Emeline Butler—An Interesting Event.

The many Peterborough friends of Mr. W. J. Pilling, formerly a resident of this town, will be interested in the despatch from Souris, Man., which follows:—

On Wednesday evening the home of Mr. J. W. Butler, was the scene of a very pretty wedding, when their daughter, Mary Emeline, was united in marriage to Mr. Wm. J. Pilling, recently of Peterborough. The bride looked beautiful in a handsome dress of white silk. It had a yoke of embroidered chiffon, and was daintily trimmed with silk applique and ruching, and her white tulle veil was caught up with orange blossoms. She carried a shower bouquet of white roses.

Her younger sister, Miss Isabelle, being bridesmaid, looked very pretty in a dainty dress of pale blue silk organdie, trimmed with lace and silk ruching, with sash of white liberty satin. She carried a bouquet of pink carnations and ferns.

The bridegroom was accompanied by Mr. Wilfred Patterson, formerly of Peterborough, as best man.

The house was decorated with red, white and blue forming an arch under which the bridal party stood.

At six o'clock the guests began to arrive, being received at the door by the bride's young sister, Blanche, and at half past six as the organ pealed forth the wedding march, the groom entered, took his place, followed by the bride, leaning on the arm of her father. After the ceremony, which was performed by the Rev. J. S. Muldrew, the bridal party led the way to the dining room, followed by the guests, where they did justice to a sumptuous repast.

The table was nicely decorated for the occasion, with a beautiful five-storey bride's cake in the centre.

After the repast the guests moved freely about, enjoying the hospitality of the host and hostess. The music for the evening being the organ, violin and guitar, which were freely played by Messrs. McMullin, Pavey and Kerr.

The large number of beautiful presents attested the esteem in which the bride is held among her large circle of friends who join in wishing her, popular husband a long and happy married life.

The following is the partial list of the presents received:—

Mahogany clock, Mr. Bartlett; one-half dozen silver dessert knives and forks one dozen china preserve dishes and bowl, Mr. and Mrs. John Mair; picture, Mr. and Mrs. Wm. McCulloch; linen table cloth, Miss Jessie Thompson; china biscuit jar, Mrs. Adam Thompson; sugar bowl, Mr. and Mrs. John Anderson, Elgin; one-half dozen silver knives Mr. and Mrs. Wm. McIlory; linen table cloth and towels, Mr. and Mrs. John Moore; preserve dish, Mr. and Mrs. E. B. McRory; cruet set, Mr. Bruce Kerr; teaset, Mrs. and Miss Johnson; cake knife, Miss Libbie Butler; card receiver, Miss Nora Creedons; pickle dish, Mrs. Wm. Christie; rocking chair, Mr. and Mrs. Wm. Mundle; glass set, Mrs. Wm. Bates; biscuit jar, Mr. and Mrs. C. W. Miller; one dozen silver tea spoons and one-half dozen dessert spoons, Mr. and Mrs. Thomas Perdue; one-half dozen silver teaspoons, Mrs. James Cowan; carving set, Mr. Claude McMullin, Chatham, Ont.; fruit dish and spoon, Mr. J. W. M. Butler; rocking chair, Mr. and Mrs. A. Stirling; carving set, Mr. and Mrs. Wm. Mitchell; salad bowl, spoon and fork, Mr. Wilfred Patterson; pipe, Mr. Livingston; pie knife, Mrs. Reid; dozen table napkins, Mr. and Mrs. S. Taggard, Sr.; table cloth, Miss Sarah Crews, Prince Albert; fruit dish, Mr. Robert Butler, Winnipeg; salad bowl, Mr. and Mrs. Buscarlet; one dozen glass dishes and bowl, Mr. and Mrs. Thos. Carruth; one-half dozen cups and saucers, Miss Maud Kerriot; two salad bowls, Mrs. Carruthers, Toronto, Ont.; pearl necklace, Mr. Frank Butler, Winnipeg, Man.; pair of pillow shams, set of hand made table mats and neck-tie, Mrs. Wm. Pilling; $50 check, Mr. W. Pilling, father of the groom; embroidered centre piece and tray cloth, Mrs. Benton and Miss Nellie Pilling; crochet centre piece, Miss Gertie Pilling; plush cushion top, Miss Sarah Pilling, all of Peterborough, Ont.

Silver Shell, Mr. and Mrs. Elias Nelson, Truro, N. S.; silver butter knife, Mr. and Mrs. Scott Henry, Truro; silver fruit spoon, Mr. and Mrs. Ross Archibald, Truro, N. S.

The groom's present to the bride was a gold bracelet set in opals and pearls, and to the bridesmaid a gold crescent broach set in brilliants.

GOLD BRICKS SHIPPED TODAY

Star of the East Co. Ship Two Weighing 87 Ounces.

The Star of the East Gold Mining Development Company, on Saturday shipped two gold bricks, representing the first commercial output of the company's mine in Burrie township. The two bricks weighed 87 ounces, which at the value of $20 per ounce, as appraised by the Philadelphia mint, to which they were assigned, are worth $1740. The bricks on Saturday morning were on view at the office of the company and were shipped later in the day to Philadelphia through the Bank of Montreal.

CYCLE OF PRAYER FOR MISSIONS

Thirty Churches This Week in Co-Operation.

Throughout the Christian world, a cycle of prayer for missions, for the week commencing April 16th, is arranged for, and last night in the George street church, Rev. Dr. Crothers briefly outlined the work. He said that the total population of the world is estimated at 1,500,000,000. Of these there are: Nominal Christians, 500,000,000; non-Christians, 1,000,000,000; native Christians, Protestant adherents in non-Christian countries and tribes, 4,514,592; Protestant missionaries, 18,164; native workers, 78,250; students in Christian schools, 1,051,485.

The different departments of work for which prayers were especially needed in this Cycle of Prayer, were:

1—Missions.

2—For reinforcements, native and foreign.

3—The empires of Eastern Asia, Japan, China, Korea, Thibet and Siam.

4—For Central and Western Asia, India, Afghanistan, Persia, Turkey, Arabia.

5—The continent of Africa.

6—The countries at our doors.

7—The islands of the sea, Philippines, Hawaii, Cuba, etc.

8—The church at home, for ministers and the people everywhere.

In all services in churches recognizing this Cycle of Prayer, special prayers will be offered for the departments of missions referred to above. There are over thirty churches on this continent represented by the annual conference of Foreign Missions co-operating in this Cycle.

A POINTER WORTH HAVING.

The merits of Ozone are well known, but in buying it one must be sure to get the purest form. Also, Ozone should always be taken along with "Celery King" the famous tonic laxative. The purest form in which Ozone is put up is "Solution of Ozone" (the coupon kind) and each bottle of this brand contains a coupon entitling you to a package of "Celery King" free.

No other firm in the world can give "Celery King" with Ozone. We give because our Ozone thus brings the highest results. In addition, you get just about twice as much "Solution of Ozone" for your money as of other kinds, and you also get it in the purest and most concentrated form. You also get "Celery King" free, instead of having to buy it which you would need to do in order to have full benefit from the use of Ozone.

Your druggist should have "Solution of Ozone" (the coupon kind.) If not, write to the Public Drug Co. Bridgeburg. Sold by W. B. Warne, Druggist. 9

DIRECTORS MET OF SATURDAY NIGHT

Satisfactory Reports Presented at Meeting of Dormitory Company.

There was a good rally of the Dormitory Directors at the Y.M.C.A. on Saturday night. Mr. Dormer, the president, occupied the chair. Progress was reported by many. Good hard work for a few days will bring the scheme to a successful issue. The work on the dormories is proceeding rapidly and they will be ready early in May. The Dormitory Committee of the Board meets to-night.

C. P. R. FLORAL DISTRIBUTION.

The floral department of the C.P.R. is issuing attractive folders, containing with the general information given, the following sentences:—"We have conducted the flower scheme for seven years. This spring there will be at least a million tulips, crocuses and narcissus at the stations across Canada, to brighten, beautify and make 'home-like your environments.'"

Perhaps there is no other department of the C. P. R. which has enlarged so rapidly as the floral, which is under the direction of Mr. N. Stewart Dunlop, tax and insurance commissioner, of the company. Last autumn it sent bulbs to station agents, agentsmen and other employees, from one end of the system to the other. Some were for outdoor planting, and are expected to bloom this spring; others were for pots and boxes indoors, that they might bloom during the past winter. As a result of this generous distribution, there will be one million tulips, etc., flowering along the system this spring. Before the department was established, the only flowers and plants along the company's various lines were those planted and cultivated at the expense of those agents who wished them for their own enjoyment. Now the company bears all expense in connection with the purchase of thousands of the best bulbs procurable, and not only sends them to every employee who wishes them, but also issues folders giving information. In addition to this, seeds are sent every spring to employees along the system, who have exhibited an interest in flower culture. For this year the money appropriation made by the company to its floral department is almost double that of last year, so that the coming summer should see the stations on the C. P. R. more attractive than ever.

The seeds—numbering over 25,000 packages—are being sent out now, and include as fine a collection as any gardener of the most refined taste could wish. Mr. Dunlop, to whose energies and fondness for flowers the success of the department is due, tells those to whom his circulars are sent to surround their station, section house or office building with pretty flowers, so that not only the employees may enjoy the fragrance and brilliancy of the blooms, but that passengers on entering stations from Vancouver to St. John may be welcomed by the beauty of flowers.

One of the features of railways in England is the attractiveness of the grounds and stations along railway system. Money is lavishly spent on even short mileage, so that the public will enjoy travelling. The C. P. R. is similarly disposed to make its system one of the most enjoyable for travel in America.

REV. MR. POTTER SPOKE AT Y. M. C. A.

Delivered Able Address on "A Victor's Reward."

Rev. J. G. Potter's address on "A Victor's Record," at the Y.M.C.A. on Sunday was another of the many strong addresses given this season. Mr. Potter's address was listened to by a goodly number yesterday. Miss Parnell sang a solo with good effect.

COL. McLEAN THE NEW WARDEN

Was Elected to Fill That Office in Northumberland and Durham.

Col McLean, of Port Hope, has been elected Warden of the counties of Northumberland and Durham. The election took place on Friday, and was made necessary by the resignation of Mr. Kennedy from that office.

Forty-three ballots were required before a selection was made.

The candidates in the field were.—McLean, Donaldson, Trebilcock, Baker and McMillan, and it was not until nearly two o'clock a.m. that it was settled. On the forty-third ballot, McLean and Trebilcock were the contestants and the Col. won out by 11 votes to 9.

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of Milburn's Heart and Nerve Pills Effected a Complete Cure.

They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Faint or Dizzy Spells, Shortness of Breath, Starting in the Sleep; Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, health-shattered invalids.

Mrs. E. Kilner, Humberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25.

All dealers, or mailed direct on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

GREAT INCREASE IN CATTLE PRICES

Prices of Beef Are Rising All Over the Country.

TORONTO MEN ON SITUATION

Levack, the "Cattle King" Would Not Hazard An Opinion As To the Prices Which Might Yet Obtain, But Mr. Waller Will Not Be Surprised at $10 Beef — Steaks at 30 Cents.

Toronto, April 17.—The price of beef, within the past week has shown a decided tendency to soar beyond all reasonable limits. In New York and other large American cities the price to-day is almost prohibitive. In Philadelphia sirloin steak is selling at 30 cents a pound, while prime ribs of beef sell from 20 to 22 cents. In Toronto the advance is correspondingly great.

G. H. Waller, of G. H. Waller & Son, said: "The advance in the price of dressed beef within the past eight or ten days has been very sharp. A few days ago we purchased 17 cattle, and as serving to show the rise in price the same cattle now would cost us just $170 more. Dressed beef has advanced from $1.50 to 2.00 per cwt., and the end is not yet.

"Six or eight weeks must at least elapse before there is any relief, and I shall not be surprised to see $10 beef before the grass grows. Cattle are scarce, and already Chicago buyers have purchased from 8,000 to 10,000 distillery fed animals. Mutton, too, is much higher, selling at 14 1-2 cents straight. Meat is now 3 1-2 to 4 cents dearer at the same time last year, and the effect must be felt in the increased rates in the restaurants and boarding houses in the city.

"Cattle King" Has No Opinion.

W. B. Levack, the "cattle king," would not hazard an opinion as to the prices which might obtain.

"One thing is certain," he said, "the price of beef has made a sharp advance, and the outlook for butchers' cattle, or the local trade, is toward higher rates. With export cattle it is more difficult to speak, as much depends on conditions elsewhere. The effect must be to increase the cost of living in the city."

One Ray of Hope.

H. R. Frankland did not view the situation seriously.

"We always look for an advance at this season of the year," said he, "and even if the price does attain $10, as is predicted, it will not be a record. In 1874-75-76 we sold beef for 12c. per lb. hind quarter. At the time we sold beef at 12c some 8,000 soldiers were in camp at Niagara. The ordinary cuts have not shown any especial rise. Boiling beef has never gone beyond 6c a pound, and to the average citizen who buys his own beef the price is not greatly enhanced. The day has gone by for high prices."

Prices To Go Higher.

A number of other leading wholesale and retail butchers when spoken to regarding the sharp advance within the past few days declared that a still further rise in the price was probable, and that the result as seen was only the natural outcome of the scarcity of beef cattle.

ANOTHER BALLOT-BOX FOUND.

Corroboration of Philip Lott's Testimony Against His Brother.

Belleville, April 17.—A bogus ballot box has been found in a field near Anson, one of the kind manufactured in Watertown, but works with a spring in connection with the lock, the same operating the false side. This is claimed to be the box which Byron Lott had, which he told his brother Phil he got from Toronto, and which he said he destroyed. The box was found on the farm of a man named Patterson, who was walking over one of his fields and saw the box partly covered with dead grass. It is now in the possession of a man in Stirling. This finding of the box is taken to be a corroboration of the evidence of Phil. Lott, in so far as concerned his brother Byron's statement that he obtained his first idea of bogus ballot boxes from Toronto.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box, 25c.

Montcalm Still Fast.

Quebec, April 15.—The position of the steamer Montcalm in the Cap Rouge ice jam was unchanged at 8 o'clock last evening. She is lying without apparent danger behind the Point Aux Basils rock, some thirty or forty feet from the south shore. The vessel is completely walled in on all sides with ice, in some place from thirty to forty feet high. Above the vessel the ice is a solid barrier from one side of the river to the other. Officials of the department are of the opinion that the Montcalm is doomed to lie helpless until the high tides come. The next series of spring tides are due on the 19th inst.

Explosion on President's Yacht.

Norfolk, Va., April 15.—The Morgan Line steamship Ilcid passed in the Virginia Capes yesterday towing the president's yacht Sypph, aboard of which the starboard engine had exploded, seriously scalding two members of the crew.

FOUND RICH COAL AREAS

Mr. George Mackenzie's Four Hundred Mile Walk in Northern British Columbia.

Victoria, B.C., April 13.—In a land of magnificent distances like Canada there have been not a few remarkable long walks, but one of four hundred miles over snow, just accomplished by Mr. George Mackenzie, has characteristics that render it unique. He travelled on foot alone across the rugged interior of northern British Columbia. An undertaking few men would care to face, but he speaks of it as a holiday trip. Last spring finding that the Boundary country was becoming too effete, he left it to find something fresh in the far north. He spent months placer mining and at length discovered a good area of remarkable richness. He will not disclose the location, but he says it is within convenient distance of the Grand Trunk Pacific.

DANGEROUS FINANCING.

With all that has been said about the management of the town's affairs by the present council, it is reassuring to find that they are, in some respects, more careful of the interests of those who elected them, than are the councils of some other towns.

The Hamilton Herald calls attention to a danger which threatens the city, if legislation asked for is secured. It says:

Only after considerable criticism and expressions of disapproval was a bill for the relief of the town of Meaford passed by the private bills committee this morning. The bill is similar to one which is soon to be introduced in behalf of Hamilton. Meaford has incurred debt for public improvements, and now comes before the Legislature asking for power to borrow money to meet its indebtedness. Chairman Carscallen pointed out the dangers of such municipal financing, and there was other criticism; but the committee decided to help Meaford out of its difficulty.

The fact that a bill of this sort was so closely scrutinized and criticized, indicates the fate of Hamilton's request for power to borrow $20,000 to be expended on local improvements. If the Private Bills Committee hesitated to give a municipality power to borrow money to provide for indebtedness already incurred, is it likely to confer on Hamilton the power to borrow money, without the consent of the ratepayers, to be spent on local improvements not yet begun? To do this would be establishing such a dangerous precedent, that a committee should not, and probably will not, accede to the demand of the Hamilton city council.

Both the action of Meaford council and that proposed by Hamilton city fathers, are dangerous, and, since in the days of old, the wise men came from the East, the aldermanic big heads of the Ambitious City, might, with profit to the city they represent, take a leaf out of the book of the civic wise men of Peterborough in this respect, for, unless they change their minds before the bill comes up in the Legislature, they propose to ask for authority to borrow money for local improvements, but they have only done this, after the ratepayers have approved of the proposal.

The action of the Meaford council, in borrowing the money first, and afterwards asking the Legislature for the power, is extremely bad civic management, and when the aldermen of Peterborough adopt this course it will be time to intimate to them that this kind of financing is not acceptable to the ratepayers.

TOWN MUSICIANS AND MUSIC

The revival of musical interest in Peterborough is encouraging, for it marks the beginning of a development which will have large results. We have abundance of native musical talent in this town, and its utilization by training is all that is needed to give this town an enviable reputation for musical advancement. Within a few weeks two Peterborough musicians won triumphs in Toronto—where any performer who does not belong to that exclusive burg must show unusual proficiency to gain recognition and commendation—Miss Helen Davies and Miss Alice H. Roger, whose triumphs reflect the highest credit upon themselves and the town. Without any idea of disparagement of the undoubted high musical culture and capabilities of these two young ladies, it may be suggested that there are many others among us who, with equal opportunity for cultivation, and equal industry in study, would also make us creditable records. The establishment of the Conservatory of Music is an advance step of the most important character in regard to musical development, and it is hoped both in the interests of music and in the interests of its promotor, the advantages it offers will be appreciated. We have the material in town if it is only worked into shape, for two, at least, first rate and much needed musical organizations, a philharmonic or choral society, and an orchestra trained for the presentation of chamber music. What is needed is some one to take the initiative. It is argued that there is no person locally available that is not connected with a church choir, which means that the proverbial jealousy of these organizations would prevent the co-operation necessary to the formation of a numerically strong chorus. To this it may be replied that the success of Dr. Ham and Mr. A. S. Vogt, in Toronto, disproves this plea. What is wanted is somebody to take the lead—in a double sense.

EDITORIAL NOTES.

The Russians have at last taken something, the latest despatches state that they have taken — to their heels.

The news is recorded of a citizen of Toronto having died while reading a newspaper. This is not surprising. It is highly probable that some of the Toronto sheets whose mission is to kill the harmony of the country might prove fatal to a citizen.

They have a plumbing combine in Toronto. A plumber single-handed tests human endurance and the average pocket to the limit, but when a whole city full of plumbers put their heads together, words fail to express the situation.

Miss Susan B. Anthony, a venerable maiden of eighty years, declares in favour of divorce as a refuge for women from "designing and brutal men." Miss Anthony doubtless speaks with authority on the principle that bachelors' wives and maids' children are well trained.

Uncle Sam after a morning's practice at lifting himself by his boot straps feels like "lickin" creation. Yet little Newfoundland, our stand-offish sister colony, with a population of some 200,000 has brought the great United States to its knees. The Senate of the United States refused to ratify the Bond-Hay treaty between Newfoundland and the United States, and in reprisal Newfoundland passed an act preventing Yankee fishermen from procuring bait or fishing supplies, and practically ruining the Gloucester, Mass., fishing industry. Since the passing of the act Premier Bond has received assurances that the "coon has come down," that the Senate will ratify the treaty and he has asked the Legislature to authorize the Governor-in-Council to suspend the anti-bait law if the treaty is ratified. A hold up game is one two can play at.

In the House of Commons on Friday Mr. Ames, Conservative, representing one of the divisions of Montreal, and also a member of the Protestant Committee of Public Instruction of Quebec, in the debate on the Autonomy Bill, stated that he reluctantly had to break with party and support the Bill, not for any fear of the electorate but through a spirit of justice. Mr. Pringle, of Cornwall, another staunch Conservative representing a Protestant constituency, has also declared his intention of voting for the bill, on similar grounds There are some representatives who have the courage to approve what they consider right rather than cringe to the party whip. Another defection from Mr. Bordea on this question, is Mr. Perley, an English speaking Protestant, representative for Argenteuil. There seems to be a disposition on the part of fair minded men to support legislation which can be carried into effect, such as will retain and authorize the existing school system in the North-west, which is practically a public school system, a system created by the Territories themselves by amendments and ordinances which removed from the Separate Schools as established by the Act of 1895, the element of ecclesiastical control replacing it with state control.

THE PURCHASE OF FIREMEN SUPPLIES

Messrs. J. J. Turner and Sons Want Them Bought Here.

Ald. Johnston Explains His Position—A Letter From Local Firm.

To the Editor of the Examiner:

Dear Sir,—We will thank you to publish the following statement in your widely circulated paper. We wish to show the Tax Payers of the Town the kind of men they elected to look after the affairs of this Corporation. We saw by the papers that it was the intention of the Corporation to buy fire hose, rubber coats and rubber boots. We immediately wrote to the Chairman of the Fire, Light and Water Committee, Alderman Johnston, and asked him not to go out of town to buy these goods, as we could supply them at the same price as they could be bought in Toronto by the Corporation. Alderman Johnston came to see us and he said he would not go out of town to buy anything that he could get in town and as cheap. We informed Alderman Johnston that we could supply the goods at the same price as the Corporation could buy them in Toronto, and if the Corporation wished we would have the goods shipped direct from the factory to them. Alderman Johnston asked us to put in a tender and send it to him, which we did and we did not hear any more about the matter, until we saw the account in the papers that the goods had been bought. We waited for some time to see if Alderman Johnston could or would explain his action in the matter after promising us that he would not go out out of town to buy the goods, but as he did not call upon us, we wrote to him and asked him to call and see us and we informed him that we would wait one week for him to call and explain, as we did not want to say or do anything that would be unfair, but the week has expired and he had not the courage to call and face us after the promises he made and broke. However, Alderman Johnston and Chief Rutherford went to Toronto to buy the goods that could have been bought through any merchant here or ourselves and the tax payers have to pay $8.99 more for the goods than they could have been bought in Peterborough and also have to pay $10.45 for expenses for the little excursion of Alderman Johnston and Chief Rutherford to Toronto, making a total of $19.35 that the tax payers are called upon to pay through the fine judgment of Alderman Johnston and the fine judgment of the Fire Water and Light Committee and also the members of the council that instructed this committee to go out of town to buy the goods. If this order had been left with one of our merchants in town, that merchant would have made something on the order and got the cash discounts, which the Corporation does not get. We think it is a very bad example for our Corporation to go out of town to buy goods, and also to send two men to do what could have been done by writing for and saving the tax payer $10.45 expenses. But then, two is company, and besides the tax payers were paying for the little excursion of these two men, Alderman Johnston and Chief Rutherford.

We have supplied several other Corporations with firemen's supplies, but it seems we could not supply our own Corporation and the town we are paying taxes in. Taxpayers, Alderman Johnston is the man that is asking you to vote twenty-five thousand dollars for a new fire hall. Probably Alderman Johnston will want to get the plans of this fire hall made in Toronto, or perhaps bring the materials or men from Toronto to build it. Any tax payers wishing to see our tender for the goods and also the invoice for the goods bought from the Gutta Percha & Rubber Co., and also the bill for expense for the nice trip to Toronto, can see them by calling upon our town clerk or town treasurer. We have made enquiries and find that none of our other merchants was asked to tender for these supplies. Is this fair play?

Thanking you, Mr. Editor, for your valuable space, we remain,

Respectfully yours,
J. J. TURNER & SONS.

In connection with the above letter Ald. Johnston was seen this morning, and said that the responsibility for the purchase of the supplies mentioned, in Toronto, did not rest with him, since the Committee of the Whole authorized the chairman of the Fire-Water and Light Committee and the Chief of the Brigade to go to Toronto and buy these supplies.

The minutes of the Council meeting of March 29th, contain the following clause of a report of the Committee of the Whole, which was adopted by the Council:—

"We authorized the chairman of the Fire, Water and Light Committee and the Chief of the Fire Brigade to go to Toronto to purchase supplies for the Fire Department, and the Treasurer to pay their expenses, and we recommend that this be confirmed."

In reference to the purchase of fire hose, Ald. Johnston explains that the chief recommended the purchase of "Paragon" hose, and the manufacturers of this brand, the Gutta Percha and Rubber Company, will not supply their goods to local dealers, but prefer to supply the town direct. He states that Messrs. Turner & Sons, could not purchase this brand of hose at any price, and since this was the hose desired, there was nothing else but to buy it from the manufacturers direct.

Ald. Johnston states that he will make a more detailed statement on the matter later.

UNION HALL, STEWART'S

(From Our Own Correspondent.)

Union Hall, Stewart's, April 15 h. —Seeding has begun in this part of Otonabee.

We are sorry to report the illness of Mrs. Samuel Deyell.

One of our Otonabee sports while in town the other day thought he would try his hand in the new shooting gallery. But after spending a hard earned day's pay all he got was a collar button. He says that the rifles they use do not shoot straight so the next time he visits the shooting gallery he is going to take his shot gun.

The public school has purchased a new chart.

The Methodists, after having held services in the union hall for some months, have decided to move back to the old church.

Cressman's

PIANO RECITAL WAS ENJOYED

Miss Alice Roger's Recital on Friday Highly Spoken of.

What the Toronto Papers Say of a Talented Local Musician.

The Toronto News of Saturday night has the following with reference to a recital given by Miss Alice Roger, of Peterborough:—

Miss Alice H. Roger gave evidence last night at the King Edward that she is a pianist of talent. She played a recital of rather exacting character, and showed not only a well-developed technique, but a gift of poetic imagination that stood her in good stead in her readings. Greig's Tone Picture, op. 3, No. 4, a composition, although brief, possessing many charms, was played in excellent taste, while her interpretation of Arensky's Caprice op. 43, No. 6 showed that she had fully apprehended the bright and merry humour of the composition. Chopin-Liszt's, "Maiden's Wish," Tschaikowsky's "Humoresque," Beethoven's "Rondo in G major" and preludes by Chopin and Chaminade were also included in the programme. It is regrettable that Miss Roger did not give an opportunity to judge of the breadth of her art by playing one of the classic sonatas, but nevertheless, the recital was interesting. Miss Evelyn Street, violinist, and Mr. Harold Jarvis, tenor, assisted. Mr. Jarvis sang, among other numbers a setting by Miss Roger of the well-known poem, "Du bist wie eine blume."

Other references to Miss Roger's recital made by the Toronto daily papers, are:

Mail and Empire. — "An interesting piano recital by Miss Alice Roger was given at the King Edward last night. A programme of considerable variety was rendered, revealing a considerable brilliancy of accomplishment in Miss Roger's work. Her programme included excerpts Tschaikowsky's op. 10 and op. 35; Mendelssohn's "Prelude" in E minor; Beethoven's "Rondo," in G major; and Greig's Tone Picture op. 3, No. 4, which last was one of the most appreciated numbers of the evening. Violin solos, including Tschaikowsky's "Canzonetta," op. 35, and one of Dvorak's Hungarian Dances, were rendered by Miss Evelyn de Latre Street, who also played the Japanese National Anthem, by way of a musical curiosity. Vocal numbers were rendered by Mr. Harold Jarvis in his well known pleasing style."

Toronto Daily Star. — "Miss Alice H. Roger delights a large audience at the King Edward. The piano recital given by Miss Alice H. Roger at the King Edward last night was a marked success. In a most comprehensive programme Miss Roger displayed a most mature talent and a most remarkable poetic insight. Her technique was exceptionally good. Miss Street, a violinist of considerable merit plays with a complete mastery of her instrument, producing a most excellent tone, and with a very adequate conception of her selections. The first number was an allegretto and allegro from Emile Bernard's suite for piano and violin, op. 34, which was given a most delightful rendering by Miss Roger and Miss Street. Miss Roger's other numbers were Beethoven's Rondo in G major, Chopin-Liszt's "The Maiden's Prayer," Greig's Tone Picture, op. 3, No. 4, Arensky's Caprice op. 43, No. 6, Tschaikowsky's Humoresque, op. 10, No. 2, Mendelssohn's Prelude in E minor, and Chaminade's Prelude op. 84, No. 3. Each number of this diversified selection was given a most interesting and scholarly treatment. Miss Street's numbers were Tschaikowsky's Canzonetta and Dvorak's Slavonic Dance, op. 72, No. 2. Mr. Harold Jarvis sang Wandewater's aria, "The Penitent," and a group of songs. All the numbers were most enthusiastically received by the very representative and distinguished audience that had assembled.

The Toronto World says: "A delightful piano recital was last night given in the banquet room of the King Edward Hotel by Miss Alice H. Roger, assisted by Miss Evelyn de Latre Street, violinist, and Harold Jarvis, tenor. Miss Roger is a brilliant pianist, vigorous, yet sweet and expressive. The Chaminade Prelude, which is a rich theme, she played with rich tonal effect and fine expression. Some of the passages were exceedingly brilliant and were played with vigour and facility. Among the numbers were Tschaikowsky's Humoresque, Greig's Tone Picture, op. 4, No. 4, and Chopin-Liszt's "The Maiden's Wish." At the close of the Beethoven Rondo in G major, she was presented with a handsome bouquet of roses.

MISS ALICE H. ROGER,
Of the Faculty of the Peterborough Conservatory of Music, Who Gave a Recital in Toronto on Friday.

Second Hand Wood Cook Stoves for the Outside Kitchen

We have quite a few Stoves suitable for this purpose and would like to dispose of them this week. If you want one cheap, call at once.

The Best Stove Co.
NEXT DOOR TO POST OFFICE.

IMPROVEMENTS ARE NOW IN PROGRESS

New Proprietor of Temperance House Will Make a Number of Changes.

A number of improvements are in contemplation at the Temperance House, by the new proprietor, Mr. Thomas Foster, who recently purchased the property from Mr. Kindred.

Electric lighting has already been installed throughout the house. This will be followed in the near future by re-papering and painting and many minor improvements to the interior. The exterior will also receive a coat of paint, which should add much to its attractiveness.

The Plan of the Ellis Ashmead Bartlett Lecture now open at Ormond & Walsh's Drug Store. 2d

Sweet Peas and Nasturtium Seeds.

Just to hand, a very fine stock from Burpee's celebrated strains; guaranteed profuse bloomers, with large finely hooded flowers. Sold by the ounce or pound. Jas. H. Cobb, Aylmer street greenhouses. Phone 132. Open until ten o'clock at night.

Pure, New Maple Syrup.

We have just received a small consignment of that excellent Maple Syrup from Athens. To our customers who have used this Syrup in former seasons—this is sufficient guarantee of its quality.

S. A. OKE,
Telephone 16 376 George street

LOCKET FOR A POPULAR MAN

Mr. James Hyde Pleasingly Remembered on Saturday

Fellow Employees and Friends Gave Him Gold Locket on Eve of Departure.

On Saturday night about forty of the heads of the different departments at the C. G. E. Works, with a number of Mr. Jas. Hyde's friends, gathered at the C. P. R. Station, before the departure of the midnight train for the east, to bid farewell to that gentleman, who left for Montreal, where he will reside in the future.

Before the train pulled out, Mr. R. E. Harding, on behalf of Mr. Hyde's friends, presented him with an address, expressing regret at his departure from town, and Mr. Wilson, as a tangible proof of the esteem in which Mr. Hyde was held, presented him with a gold locket, with his monogram raised on it.

Mr. Hyde was deeply moved by this demonstration on the part of his fiends, and expressed his appreciation of this kindness in a brief speech, in which he referred to the pleasant relations he had always enjoyed with his fellow employees.

As the train pulled out three hearty cheers were given for Mr. Hyde.

—The public is again reminded of the lecture by Rev. H. Francis Perry, D.D., of Jarvis street Baptist church, Toronto, on the 27th inst., in the Murray street Baptist church. Dr. Dr. Perry was for a number of years one of Chicago's most popular preachers and those who hear him are assured of a delightful and instructive evening. 1d

BANK OF OTTAWA TO OPEN HERE

Has Secured Premises on George Street Near Hunter

Mr. A. A. Hollingshead will be Manager —A Strong Financial Institution.

The Bank of Ottawa will about June 1st open a branch in Peterborough, which will make the sixth chartered bank in this town.

This decision was arrived at after the visit to Peterborough of one of the chief officials of the bank, recently, when arrangements were made for the building, which will be in the store at present occupied by Mr. P. Simons, merchant tailor, in the Morrow Block.

The Bank of Ottawa is one of the most substantial banking institutions in the country, and has 45 branches in the different provinces. The head office is at Ottawa. The authorized capital stock of the Bank is $3,000,000, and the paid up capital $2,500,000. The reserve fund amounts to $2,573,332, or more than the amount of the capital stock, and upon the Stock Exchange on Saturday, buyers offered 220 for this stock, which, for a stock, with a par value of 100, is an indication that it is a sound institution. It pays dividends of 4 1-2 per cent. half yearly.

The fact that the banks are anxious to locate in Peterborough is an indication of the belief held by them in the future prosperity of the town. Banks do not want to open in places where there is not a prospect of good business being done, and the fact that within the last few months two banks have arranged to open here should be taken as a pretty accurate sign that the town has good business prospects. To the business men, too, the advent of a new bank will be welcomed, since it will mean that discounts will be easier secured, and should be a convenience to all concerned. The greater number of banks there are in the town, the easier it will be for the merchants to do business. More money will be placed in circulation, and since both the banks and the business men are after it, the advantage will be mutual.

The location decided upon for the new bank should be a good one, and no doubt under the management of Mr. A. A. Hollingshead, who has been secured by the bank to fill that position, a good business will be done. Mr. Hollingshead has been connected with the Bank of Ontario for the past ten years, and is a gentleman who is thoroughly conversant with the banking business. He is also well known locally, and during his long residence here has made a great many friends, by whom the news of his accession to the managership of the new bank will be received with pleasure.

The following gentlemen are members of the Board of Directors for the Bank of Ottawa, and they stand high in the financial world:—George Hay, President; David MacLaren, Vice-President; H. N. Bate, John Mather, George Burn, General Manager; Hon. George Bryson, Denis Murphy, H. K. Egan, George H. Perley, M.P.; D. M. Finnie, Assistant General Manager; J. B. Fraser, L. C. Owen, Inspector.

Epworth League Convention, Denver, Colo., July 5-9, 1905.

Return fare—$46.90 from Peterborough, tickets good going June 29th to July 3rd, also July 4th; good returning from Denver July 5th to 14th, or a deposit of 50 cents will extend time to Aug. 8th. The excellent train service of the Grand Trunk to Chicago, which makes connections with all direct lines to Denver, should make this the desired route. Call on city ticket agent for full particulars 4dtw

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

LATEST SPORTING NEWS

AN ORGANIZATION MEETING TONIGHT

Peterborough Lacrosse Club Will Hold Annual Meeting.

To-night in the Y.M.C.A. hall the re-organization meeting of the Peterborough Lacrosse Club will be held. There is considerable interest being taken in the game this year, and the prospects are that a good team will represent this town this season.

The proposed amalgamation of the two senior teams here has been practically completed, and with the best players of those two teams a twelve should be formed which would make a good showing in the Intermediate C.L.A. series. All who are interested in lacrosse are asked to be present to-night.

GUILD LEAGUE'S ANNUAL MEETING

Will Be Held on Wednesday Night in the Y.M.C.A. Hall.

On Wednesday night the annual meeting of the Guild Baseball League will be held in the Y.M.C.A.

The prospects for the League this year are very bright. There will be at least seven teams in the League this season, and some good games should result. All the teams in the League will be stronger this season than they were in 1904, and the contest for the Examiner Cup will be very keen.

TWO BASKETBALL GAMES AT Y.M.C.A.

Saturday Evening's Contests Were Very Fast.

Two of the best basketball games of the season were played at the Y.M.C.A. Saturday evening last. The first game was played between the Junior School Boys and the Junior Intermediates. The game was very fast every boy playing with all his might and main.

The school boys' team consisted of Ed. Mann (Capt.), Max Fife, Max Dobbin, Hugh Maguire, Arthur Dawe.

The Intermediates, George Martin (Capt.) Preston Grange, Arthur Hall, Alex. McGregor, Cecil Lech.

The School Boys won by a score of 21-13.

The senior game between the Brownies and the Harriers was probably the fastest game played here this season.

The score was kept pretty even all the way through and it stood a tie with five minutes to play. Great excitement prevailed all over the gymnasium. The friends of the Brownies cheered lustily, and the supporters of the Harriers sent out round after round of applause. Within the short remainder of time the Brownies (Jacobs, Mann, Jury) all four points and thus won the game, it standing, 26-23.

The Brownies consisted of Gordon Weller, (Capt.), Norman Miller, Wm. Fitzpatrick, Robt. Hall, Alfred Hodgson. The Harriers, Wm. Campbell, (Capt.) Wm. Richardson, Ross Dobbin, Fred. Richardson, Stanley Caniff.

Mr. Norman Miller and John Lang officiated at the junior game; Mr. F. K. Holmes and Mr. John Lang at the Senior game.

The proceeds of the game will go towards sending the Brownies to Montreal, this week to play a series of basketball games there.

Another good game will be played on Wednesday evening next at eight o'clock between the Brownies and the Athletes A special musical programme is arranged. Mr. Norman Jolliffe will sing by request, "Sing Me to Sleep." Mr. Jos. Legg and Mr. Jolliffe will also sing a duet.

Come along Wednesday evening and give the boys a lift.

BASEBALL.

The T.A.S. Baseball team had a good practice on Saturday, all the regulars being out. Although the weather was rather cool, the boys worked well and before the first game they will be in the pink of condition. Manager Grady's bunch is a likely looking one and it is hard to see how they can miss winning the City League Pennant. All last year's players are in better form than ever. The infield is fast; Callaghan and Treanor work well together. The outfields are showing up in fine form especially Fitzpatrick, who handles himself like a veteran. Dercher is playing the game of his life. It has not been decided what the line-up will be, but in all probability it will be something like this:—Treanor, 1st b; Callaghan, 2nd b; Craig, s. s.; Green, 3rd b.; and Grady, Fitzpatrick and Dercher in the outfield, Quinlan will do the pitching and with a good catcher to hold the shoots, and backed up by a strong outfield, and a snappy infield the T.A.S. will make a few of them travel. The team that beats them to it from the City League, the Kawartha League or the Midland League they will have to play ball all the time.

• • • •

The T.A.S. are looking for a good catcher, one who can hold "spit-balls" preferred.—Com.

• • • •

The Lindsay Post says:—With good pitchers from Indiana, Lindsay and Toronto Sunlight League to choose from, Peterborough surely mean business."—Count out Lindsay in the list. The Sougonville phenom wanted a place on the local team, but there was no room for him.

• • • •

The Cobourg Baseball Club held their organization meeting last Monday evening, but it is not yet decided whether they will enter the Midland League or not.

The officers of the Cobourg team this year are as follows:—

Hon. President—E. W. Hargraft.
Hon. Vice-President—A. R. Dundas.
President—H. McGuire.
Vice-President—Wm. Dundas.
Secretary—Thos. Rose.
Treasurer—Arthur Hayden.
Manager—Thos. Mulhall.
Managing Committee—Thos. Bulger, Fred. Bulger, Thos. Cann, James Bulger and Thos. Mulhall.

• • • •

In their canvas for subscriptions, the Auburns have been very successful, and the funds of the Club are now in good shape. Mr. Kauffman, the president of the Club, has been working energetically for the interests of the Club, and will spare no pains to put a strong team in the field.

He has received a letter from his son, who is a baseball manager in Patterson, N.J., and he wants to arrange a game with the Auburns, as well as the Midland League teams in this district.

• • • •

The City League schedule will be drawn up to-morrow night at a meeting which will be held in the T.A.S. rooms. The present prospects are that there will be three teams in the League this season, viz.,—Auburns, T.A.S. and Peterborough II. These will all be strong aggregations and should provide some good sport.

MISCELLANEOUS.

The Auburn Baseball Club will hold a ball-throwing contest in the near future. Any who wish to enter this contest may leave their names with the sporting editor of the Examiner.

Credit to Whom Credit is Due.

To the Editor of the Examiner:

Dear Sir,—In reference to a paragraph inserted in Saturday evening's issue of your paper giving our Company credit for securing the contract for covering the main building of the Auburn Woollen Mills with our material, we wish to state that this contract was received by Mr. Geo. O. Maitland, who is the sole agent for handling our material in the town and county of Peterborough. Mr. Maitland has already begun work to carry out the above contract.

Thanking you for your valuable space, I remain,

Yours truly,

The Peterborough Cement Roofing Company, Limited.

W. McMILLAN, Secretary.

Peterborough, April 17th, 1905.

WEAK MEN AND WOMEN

The Most Perfect Restorative Known and Invigorating Tonic Vitalizer —Greatest Health-Renewer

Nature's greatest cure for weak, pale men and women is Ferrozone. It is invaluable for run-down, overworked, delicate people, and will restore them to robust health more quickly, at smaller expense, than any other tonic you can select.

We quote the following cases to show what Ferrozone has done for others. In your case it will act just as efficiently:—

FOR BUSINESS MEN

The Experience of a Well-known Lawyer Proves Ferrozone an Ideal Tonic.

Mr. N. W. Burke, a well known lawyer in Meriden, says:—"When I first took Ferrozone I was in a nervous run-down condition, almost sick enough to give up work. I lacked strength, and felt as if I could not get down to work. Ferrozone at once gave me a good appetite, and drove away the nervous, apprehensive feelings that formerly made my life miserable. As I continued the use of Ferrozone I grew stronger, and am glad to say it has brought me back to perfect health. I know that Ferrozone is an excellent tonic for business men and people inclined to a sedentary life. I can recommend it to such."

FOR NERVOUS WOMEN

Nothing Comparable With the Nerve-Strengthening Power of Ferrozone.

Mrs. S. D. Blanchette, of Centreville, says:—"I am glad to think that there is at least one honest remedy for nervous people. No one can imagine what I suffered with my nerves, and I sometimes wonder at the number of useless prescriptions and medicines I took. Then Ferrozone acted differently from all the rest. It built up my system, and gradually the irritability left my nerves, and I got well. Ferrozone cured me by removing the cause of my trouble, and by giving me enough additional strength to overthrow the attack of nervousness. I can recommend Ferrozone strongly."

THOUSANDS ANNUALLY CURED BY FERROZONE

If you want to get well and keep well, by all means use Ferrozone. If you suffer from insomnia, nervousness, debility, loss of appetite, poor digestion, or any other symptom of disordered blood, nothing will tone up and vitalize your system like Ferrozone. Price 50c per box, or six boxes for $2.50. Sold by all druggists, or sent safely by mail to any address if price is forwarded to N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.

GREAT STRIKE ON IN ITALY

The Railway Trains to Be Run By Soldiers and Sailors.

WILL EMBARRASS TOURISTS

Premier Fortis Still Hopes to Bring the Railway Men to Reason, But in the Meantime in Order to Run One Train Daily the Army and Navy Will Be Employed—Cavalry Patrol Tracks.

Rome, April 17.—A general strike of railway employes is to be inaugurated this morning, in accordance with the arrangements perfected through cipher telegrams directed to all railway centres by the agitation committee at Rome. The Neapolitan Railway men were insistent upon going on strike Saturday night, and as a concession to them the central authorities of the Operatives' Association consented that traffic on some of the Naples lines should be stopped immediately, but that on others one train should be run yesterday. The strike will prove a great embarrassment to foreign tourists, of whom there are a great many in Italy just now.

Premier Fortis Speaks.

In reply to an interrogation in the Chamber of Deputies, relative to the railway bill which is on the calendar for discussion to-day, Premier Fortis said: "We still hope with persuasion to bring the railway men to reason; but if these means are insufficient I declare the Government knows its duty and how to accomplish it with the approbation of the Cabinet, trusting to have the approval of public opinion, which wishes to prevent arrogance by the railway men. I can state that public order will be maintained everywhere, and also that the public will be served within the limits of possibility.

Manned By the Military.

The chief measures upon which the Government relies consists in having the stations occupied by military and trains conducted by soldiers, the navy suppling engineers; and stokers. Trains will be escorted by soldiers and will carry workmen ready to repair any damage that may be inflicted upon the tracks. Express trains will be discontinued and the minimum of one ordinary train daily will be maintained on each of the principal lines. The tracks will be patrolled by cavalry.

Socialist deputies are discussing the advisability of adopting obstructionist tactics in the Chamber of Deputies to prevent the passage of the railway bill

French Mob Stones Soldiers.

Limoges, France, April 17.—The excitement among the porcelain strikers is becoming more violent and manifesting itself principally against the American firm of Hartland, which has taken a leading part in the lockout. The Socialist Mayor's attitude of inactivity and his appeal to the ministry not to send troops appears to encourage the workmen to continue their demonstrations.

The Minister of the Interior ordered reinforcements to be sent here.

A procession of several thousand men, some of them armed, paraded the streets yesterday morning, proceeding to the prison, where they unsuccessfully attempted to force the doors. A picket of troops endeavored to break up the demonstration, but the strikers resisted, stoning the soldiers.

The crowd finally dispersed on the arrival of cavalry.

DANGER FOR TURKISH TROOPS.

Lost Guns and Stores in Fight With Arabian Insurgents at Sanaa.

Constantinople, April 17.—News received here from Hodeida is to the effect that the situation at Sanaa is precarious, necessitating a new relief expedition owing to Gen. Rizu Pasha, aide-de-camp to the Sultan, having lost all his guns and stores in recently fighting his way into Sanaa.

A despatch from Constantinople of April 1 said that Rizu Pasha, with a strong force of men had relieved Sanaa, capital of the Province of Yemen, Arabia, on March 27. On March 2 it was reported that Sanaa had fallen into the hands of the insurgents and on March 18 a despatch stated that Sanaa had capitulated, but subsequently this was denied by the military authorities at Constantinople.

Carrie Nation Is Again Sentenced.

Wichita, Kans., April 17.—Yesterday Carrie Nation, Myra McHenry and Mrs. Lucy Wilhoit were found guilty of destroying property and sentenced by Judge Wilson. Mrs. Nation was fined $250 and given four months in jail; Mrs. McHenry, two months and a fine of $150, and Mrs. Wilhoit, twenty-five days in jail and a fine of $150. Sentence was suspended pending good behavior.

Titled Socialist Stumper.

London, April 17.—Lady Warwick, the Socialist countess, continues her stump-speaking in behalf of the Socialist-Labor candidates for Parliament. She has told an audience of workingmen at Burnley that her husband, the earl, had also become a Socialist. She said that she had been born and reared in the shadow of feudalism and knew and appreciated its injustice.

Fifty Steamers Ice Blocked.

Detroit, Mich., April 17.—Reports received late Saturday night show that the ice blockades at the Straits of Mackinac and at Whitefish Point, Lake Superior, have not been broken. Fully fifty steamers are working to push their way through the ice floes.

Ammunition To Cadets.

Ottawa, April 17.—A militia order announces that a free issue of 50 rounds of service ammunition will be made to cadets who have attained the age of 16 years, when the supply of ammunition is sufficient to permit of such issue.

To Meet at Messina.

Rome, April 17.—A telegram from Messina to the Giornale Di Raila says that King Edward and Queen Alexandra are expected to meet Emperor William at Messina about April 20.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbours and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favourite with ladies everywhere. For sale by all druggists.

PRIVATE BUT CANDID.

Mr. Balfour Reads Statement Prepared By Mr. Chamberlain.

London, April 15.—A deputation, strictly private, of Chamberlainites was received by Premier Balfour in the House of Commons yesterday.

The interview took the form of a conversation. Mr. Balfour carefully read the statement prepared by Mr. Chamberlain as the outcome of the meeting of the tariff reform on Thursday. He was not pressed for an immediate reply, so the deputation left without any decision being arrived at.

It is understood the proceedings were of a cordial character.

Must Market Manufactures.

A. Bonar Law, M. P., Unionist, as principal speaker at the Central Finsbury Unionist Association meeting, discussing the fiscal question, said: What we need more than anything else was a market for our manufactured goods. Surely it was worth while to try and get a bigger share of trade by even imposing a small tax on corn in order that a bigger amount of the immense trade with the British Empire should be done by British hands.

Treated by Three Doctors for a Severe Attack of Dyspepsia,

Got No Relief From Medicines, But Found It At Last in

Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."

HOW MANY PEOPLE ARE ALWAYS TIRED

You Get Up in the Morning All Played Out and Unfit for Labor. An Easy Way to Become Bright and Vigorous. You Can Eat Well and Sleep Well and Forget You Were Ever Tired.

Do you ever stop to think why you feel more tired in the morning than when you retire the night before? Did it ever occur to you after your noon-day meal why you are unequal to further exertion for an hour or two? You are quite played out, feel almost unhappy, unfit for labor and for exertion of any kind. You have acquired the habit of overloading your stomach, your liver is congested and your bowels loaded with foul refuse. You have piled agony upon agony until your very vitals cry out for assistance. "What shall I do?" You say. Use Smith's Pineapple and Butternut Pills for just a week. Take two each night when you retire. They will make you feel better, not only in the morning but all day long, and in a week's time they will cure so that you will again feel bright and active, and your tired, despondent, blue condition will have vanished. As an after-dinner pill nothing can take the place of Smith's Pineapple and Butternut Pills, for they possess not only the antiseptic and resolvent properties of pineapple, but also the laxative and tonic properties of butternut. They improve digestion, assimilation and nutrition, and in every respect can be relied upon to accomplish good results in cases of a torpid liver or of a sluggish condition of the bowels. At all dealers, 25 cents. They always cure sick headache, constipation and biliousness in one night.

All genuine signed W. F. Smith.

CHAPTER XVIII.

I HAVE seen the same effect when a stone was thrown into a boil of river rapids—an enhancement and marvelous entanglement of swiftness and fury and spread of broken circles which confused the sight at the time and the memory afterward.

It was but a small body of horse and foot which charged us whilst we were cutting the tobacco on the plantation of Laurel Creek, but it needed not a large one to put to rout a company so overbalanced by enthusiasm and cider and that marvelous greed of destruction. No more than seven gentlemen of us there were to make a stand, and not more than some twenty-five of the rabble to be depended upon.

As for me, the principal thought in my mind when the militia burst upon us was the safety of Mary Cavendish. Straight to the door of the great house I rushed, and Sir Humphrey Hyde was with me. As for the other gentlemen, they were fighting here and there as they could, Captain Jaynes making efforts to keep the main body of the defenders at his back, but with little avail. I stood against the door of the house, resolved upon but one course—that my dead body should be the threshold over which they crossed to Mary Cavendish. It was but a pitiful resolve, for what could I do single handed, except for the boy Humphrey Hyde, against so many? But it was all, and a man can but give his all.

I knew if the militia were to find Mary and Catherine Cavendish in that house grave harm might come to them, if indeed it came not already without that. So I stood back against the door, which I had previously tried and found fast, and Sir Humphrey was with me. Then came a hush for a moment whilst the magistrate, with Captain Waller and others sitting on their horses around him, read the riot act and bade us all disperse and repair to our homes, and, verily, I wonder if ever there hath been in all the history of England such a farce and mummery as that same riot act, and if ever it were read with much effect when a riot were well under way.

Scarcely time they gave the worthy man to finish, and indeed his voice trembled as if he had the ague, and he scarcely shrinking for shelter under his big wig, but they drowned out his last words with hisses. Then there was a wild rush of the rabble and a cry of "Down with the tobacco!" and "A Bacon, a Bacon!" Then the militia charged, and there were the flashes of swords and partisans and the thunder of firearms.

I stood there, feeling like a deserter from the ranks, yet bound to keep the door of Laurel Creek, and I had a pistol in either hand, and so had Sir Humphrey Hyde, but for a minute nobody seemed to heed us. Then as I stood there I felt the door behind me yield a bit, and a hand was thrust out, and a voice whispered: "Harry, Harry, come in hither. We can hold the house against an army."

My heart leapt, for it was Mary, and quicker than a flash I had my mind made up. I turned upon Sir Humphrey and thrust him in before he knew it through the opening of the door and called out to him to bar and bolt as best he could inside while I held the door. He, whether he would or not, was in the house and, seeing some of the soldiers riding our way with Captain Waller at their head, was forced to clap to the door and shoot the bolts, but as he did so I heard a woman's shrill cry of agony ring out.

I stood there, and Captain Waller rode up with his soldiers and, flashing his sword before my face like a streak of fire, bade me surrender in the name of his majesty and stand aside. But I stood still with my two pistols leveled and had him full within range. Captain Waller was a young man and a brave one, and never to my dying day shall I forget that face which I had the power to still with death. He looked into the muzzles of my two pistols, and his rosy color never wavered, and he shouted out again to me his command to surrender and stand aside in the name of the king, and I stood still and made no reply. I knew that I could take two lives and then struggle unarmed for perhaps a moment's space and that all the time saved might be precious for those in the house. At all events, it was all that I could do for Mary Cavendish.

I held my pistols and watched his eyes, knowing well that all action, through having its source in the brain of man, gives first evidence in the eyes. Then the time came when I saw his impulse to charge start in his eyes, and I fired, and he fell. Then I fired again, but wildly, for everything was in motion, and I know not whom I hit, if any one. Then I felt my own right leg

Harry with pistols leveled

sink under me, and I knew that I was hit. Then down on my knees I sank and put one arm through the great latch of the door, and thrust out with my knife with the free hand, and stout arms were at my shoulders striving to drag me away, but they might as well for a time have tried to drag a bar of steel from its fastenings.

I thrust out here and there, and I trow my steel drew blood, and I suppose my own flowed, for presently I was kneeling in a widening circle of red. I cut those forcing hands from my arm, and others came. It was one against a multitude, for the rabble, after hitting wild blows as often at their friends as at their enemies, had broken and fled, except those who were taken prisoners. But the women stayed until the last and fought like wildcats, with the exception of Madam Tabitha Story, who quietly got upon her old horse and ambled away, and cut down her own tobacco until daybreak, pressing her slaves into service.

As for the other gentlemen, they were fighting as best they could, and all the time striving vainly to gather the mob into a firm body of resistance. None of them saw the plight I was in, nor indeed could have helped me had they done so, since there were but seven gentlemen of us in all, and some by this time wounded, and one dead.

I knelt there upon the ground before the door, slashing out as best I could with one hand, and they closed faster and thicker upon me, and at last I could no more. I felt a stinging pain in my right shoulder, and then for a minute my senses left me. But it was only for a moment.

When I came to myself I was lying bound, with a soldier standing guard over me, though there was small need of it, and they were raining battering blows upon the door of Laurel Creek. Somehow they had conceived the idea that there was something of great import therein by my mad and desperate defense. I know not what they thought, but gradually all the militia were centered at that point, striving to force the door. As for the shutters, they were heavily barred and offered no easier entrance. Indeed, the whole house had been strengthened for defense against the Indians before the Bacon uprising and was near as strong as a fort. It would have been well had we all entered and defended it, though we could not have held out for long, through not being provisioned.

At last Captain Jaynes and the other gentlemen began to conceive the situation, and I caught sight of them forcing their way toward me and shouted to them with a failing voice, for I had lost much blood, to come nearer and assist me to hold the door. Then I saw Captain Jaynes sink in his saddle, and I caught a glimpse of a mighty retreat of plunging haunches of Parson Downs' horse, and indeed the gist of the blame for it all was afterward put upon the parson's great fiery horse, which it was claimed had run away with him first into the fight, then away from it, such foolish reasons do men love to give for the lapses of the clergy.

However, to do the parson justice, he did not fly until he saw the day was lost, and, I trow, did afterward better service to me than he might have done by staying. As for the burgesses, I know not whither nor when they had gone, for they had melted away like shadows by reason of the great colloquy which would have attached to them should men in their high office have been discovered in such work. Ralph Drake was left, who made a push toward me with a hoarse shout, and then he fell, though not severely wounded, and then the soldiers pressed closer. And then I felt again the door yield at my back, and before I knew it I was dragged inside, and, in spite of the pressure of the mob, the door was pushed to with incredible swiftness by Humphrey Hyde's great strength and the bolt shot.

There I lay on the floor of the hall well nigh spent, and Mary Cavendish was chafing my hands, bandaging my wounds with some linen got I knew not whence, and Catherine was there, and all the time the great battering blows upon the door were kept up, and also on the window shutters, and the door began to shake.

Then I remembered something. There was behind the house a creek which was dry in midsummer, but often, as now, in springtime, swollen with rains, and of sufficient depth and force to float a boat. And when it was possible it had been the custom to send stores of tobacco for lading on shipboard to England by this short cut of the creek,

Harry beseeches Sir Humphrey to save Mary

which discharged itself into the river below, and there was for that purpose a great boat in the cellar, and also a door and a little landing.

I, remembering this, whispered to Mary Cavendish with all the strength which I could muster.

"For God's sake," I cried, "go you to the cellar—the boat—the creek!"

But Mary looked at me, and I can see her face now.

"Think you I did not know of that way?" she said. "And you think I would leave you here to die? No, let them come in and do their worst."

(To be Continued.)

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

"I have had so much benefit from your medicines am glad to say a few words that you may use for publication," writes Mrs. J. R. Downes, Crystal Lake, Conn. "I had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder-blade. My hands and feet were cold nearly all the time, and I had such chilliness between shoulders. Some days cared but little for food; I lost flesh; felt so tired and miserable it seemed I couldn't do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of 'Golden Medical Discovery,' and after taking it I felt so much better we determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 50 stamps.

Dr. Pierce's Pellets Cure Constipation.

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

SCOTCH CHURCH DISPUTE.

United Free Church to Get Much Property Returned.

London, April 15.—The report of the Royal Commission, appointed to enquire into the Scottish churches' dispute, recommends that the Free Church should hand over to the United Free Church all the property it cannot itself adequately administer. As it is admitted that the former can only utilize a small proportion of the churches, manses and money handed over by the recent decision of the courts, the recommendation, if accepted by the Government, will mean the restoration of a large part of the property to the United Free Church. Legislation will be necessary to give effect to the recommendation, but little, if any, opposition is expected to it.

Conductor Hit By an Engine.

Brockville, April 15.—Crossing from the station to a siding to get some papers which he had left in his train that he had brought from Toronto, Conductor D. Hillman just missed being killed. He thought he was clear of a light engine backing into the yards, but miscalculated the distance and was struck in the face by the tender and pitched to one side of the track, where he was picked up unconscious. Several teeth were knocked out, his lips cut or torn and other injuries inflicted, necessitating his removal to the hospital.

A CREAMY FOOD

Scott's Emulsion is cod liver oil prepared as a food—not a food like bread or meat, but more like cream; in fact, it is the cream of cod-liver oil. At the same time it is a blood-maker, a nerve tonic and a flesh-builder. But principally it is food for tired and weak digestions, for all who are fat-starved and thin. It is pleasant to take; children like it and ask for more.

DEPARTMENT OF RAILWAYS AND CANALS.

TRENT CANAL.

Sealed tenders, endorsed "Tender for Dredge Machinery," will be received by the undersigned until 16 o'clock on Friday, the 21st April, 1905, for the supply of certain machinery to be delivered at Peterborough, Ont., for a Dredge on the Trent Canal.

Specifications, forms of tender and all necessary information, can be procured at the office of the Superintending Engineer of the Trent Canal, at Peterborough, on and after this date.

The Department does not bind itself to accept the lowest or any tender.

By order,
L. K. JONES,
Secretary.

Department of Railways and Canals,
Ottawa, 10th April, 1905.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 5d57.

NOTICE!

Re Call for tenders for dredging at Port Arthur and River Kaministiquia

The time for receiving these tenders is extended from the 14th instant, to the 1st May next, inclusive.

The last part of the third paragraph of the advertisement already published should read as follows:—

"Only dredges can be employed upon the work, which were registered in Canada at the time of the filing of the tenders with the Department."

The following is substituted for the fifth paragraph of said advertisement:—

"Intending contractors must be ready to begin work within thirty days after the date at which they have been notified of the acceptance of their tender."

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 14th, 1905.

PETERBOROUGH BRANCH.
M. RAMSDEN-WILMOT, MANAGER

BELL TELEPHONE COMPANY'S PROSPECTIVE IMPROVEMENTS

Local System Will Probably be Thoroughly Reconstructed in Near Future—All Towns and Cities in the Dominion to Receive Attention—Project Includes Entirely New Fittings and Switchboards in Exchanges, New Instruments for Subscribers and New System of Lines—Gang of 120 Men Now Engaged in Windsor, and will Probably be Removed to Peterborough—Work in Progress on Local Extensions.

The Bell Telephone Company, in keeping with its progressive policy, has for some time past been engaged in a campaign of reconstruction, which has embraced all the larger exchanges throughout the Dominion. The work has been completed in many cities, including, Toronto, Hamilton, Ottawa, London and Winnipeg, and is at present in progress in Windsor.

It is stated that the Peterborough exchange will probably be the next visited, and in this case a thorough and general reconstruction of the entire service may be expected. The repairs which have been concluded at the other points mentioned include the installation of entirely new central office fittings, including switchboard, new instruments for subscribers, and the reconstruction of all lines. In the latter operation, on many lines the use of poles will be discontinued, and cables substituted in their place and subscribers furnished with new instruments. A gang of about 120 men has been engaged in the construction in other places, and these will be removed to Peterborough to do the work here. The date of their arrival to commence operations has not yet been definitely decided but it is believed that it will be in the immediate future, as the work is almost completed in Windsor.

The policy of the company in this wide spread campaign of reconstruction has been to complete the work in the large cities first, and afterwards proceed to the town exchanges, all of which throughout the province will be thoroughly overhauled.

The preliminary work in connection with the new local extensions is being prosecuted as speedily as possible.

The Company has recently acquired the poles of G.N.W. Telegraph line to Indian River, and will commence the work of wiring these at as early a date as possible.

The Doure line, which has been in contemplation will, it is understood not be proceeded with under the conditions which were first proposed, but it is thought that the line to this place, may be connected with that to Indian River, at a later date. The McCracken's Landing extension via Warsaw, is certain of completion, and the work in connection with it is being prosecuted vigourously. Several subscribers have been secured for it.

A line will also be constructed in the near future to Mr. C. B. McAllister's cottage, Stony Lake, and will connect with the exchange at Burleigh Falls. It is also reported that Mr. Wm. Graham, of Lakefield has under contemplation, a private line to Julian's Landing, connecting with the Bell Line at Burleigh Falls.

PULPIT PICTURES OF PETERBOROUGH PREACHERS

REV. W. J. CROTHERS, D. D.

Last Night at the George Street Methodist Church, Text: St. Mark, XI.—13—"And Seeing a Fig Tree Afar Off Having Leaves, he Came, if Haply he Might Find Anything Thereon; And When he Came to it he Found Nothing but Leaves; For the Time of Figs Was Not Yet."

FAMILY QUARREL IN POLICE COURT

Woman Charges Her Husband with Assault.

At the police court this morning, a family quarrel was ventilated before Police Magistrate Dumble, who held a private session to allow the parties to come to an amicable settlement.

H. H. Hillier was the defendant in the case, his wife, Love Hillier, charging that he was guilty of assault on Saturday, April 15th. She testified that defendant hit her hard enough to break her glasses, and he threatened to knock her (insert adjectives to suit the taste) brains out. She said she did not drink. A settlement not having been arrived at, the case will be resumed to-morrow.

The defendant denies the charge, says he, always supports his family, and does not drink.

The case of Miss Graham, who was charged with being a transient trader, was heard this afternoon at the Magistrate's office, and resulted in a conviction. The defendant was fined $20 and costs, amounting to $3.35.

FIFTH POPULAR CONCERT
Good Friday Evening, April 21st.
57th Regiment Band
Assisted by Mr. E. Norman Jolliffe and the Harmony Quartette.
Admission 15c cents.

An Enjoyable Recital.

Miss Clara Belleghem, who is a pupil of Mr. Robert Stuart Pigott, of the Toronto Conservatory of Music, intends giving a recital in the Y.M.C.A. Hall on Friday evening, May 12th. Mr. Pigott, baritone, and Mr. Gilbert Markle, violinist, will assist and a particularly enjoyable evening is assured those who take advantage of hearing these popular artists. Mr. Pigott is in the front rank of vocal teachers in the city of Toronto, and his numbers will be much enjoyed.

—At the meeting of the Epworth League at Monday this evening, Rev. G. G. Lewis will give his lecture on "A trip to the Old Country."

LAMENTED DEATH OF MR. E. WELSH

Almost Life Long Resident of Peterborough Died on Sunday.

The death occurred at his residence, 33 Elm street, yesterday, at 11 a.m., of Mr. Edward Welsh, aged 64. His death was caused by heart failure, and deceased was only seriously ill for two days before the end came.

Mr. Welsh was born in Tipperary, Ireland, but has lived in town nearly all his life time. Six children survive him — three sons and three daughters. Following are their names, Mrs. E. G. Holland, Deborah and Minnie, at home; William, Ashland, Wis.; Harry, of Chicago; and Joseph, of Toronto.

The funeral will take place, tomorrow, Tuesday, at three o'clock, to St. Peter's cemetery.

CHURCH CHIMES.

ST. JOHN'S CHURCH.

The music at St. John's on Palm Sunday was excellent in character and presentation. At Matins, Miss Marguerite Sawers sang Faure's "The Palms," in an exceedingly effective manner. In the evening the offertory anthem took the form of a quartette, a beautiful setting of the offertory sentences, sung with fine effect and pleasing blending of voices by Mrs. Eardley-Wilmot, Miss Jackson and Messrs. A. Elliott, and H. Morphet.

Eyes and Nose ran Water.

C. G. Archer, of Brewer, Maine, says:—"I have had catarrah for several years. Water would run from my eyes and nose for days at a time. About four months ago I was induced to try Dr. Agnew's Catarrhal Powder, and since using the wonderful remedy I have not had an attack. It relieves in ten minutes." 60 cents. 17

Boys Get Ready for the Holiday.

BRAIN FAG IN SPRING.

FEELINGS OF DISCOURAGEMENT AND DESPONDENCY FROM WEAK BLOOD—CURE IN

Dr. Chase's Nerve Food

Of all the blood supplied as nourishment to the human body, one-fifth is consumed in the brain in the manufacture of nerve force, the vital power which is transmitted through the sympathetic nerve to the lungs, heart, kidneys, liver, bowels, etc., and which supplies the motive power to these organs.

In the spring when the blood is thin and watery and the nerve force becomes depleted, the ill effects are often first felt in the brain. The head aches. The mind is dull and listless. It is difficult to concentrate the thoughts. Feelings of gloom and discouragement come over you.

Energy and ambition seem to be all gone. You begin to look on the dark side of things. Your temper is easily irritated.

But enrich and purify the blood by the use of Dr. Chase's Nerve Food and you will soon find disease of body and mind disappearing.

The tired nerve centres of the brain receive new vitality from the new, rich blood, new nerve force is sent tingling along the delicate nerve fibres, and every organ of the body responds to the new call to health and duty.

If you would avoid the ills and weaknesses of spring, use Dr. Chase's Nerve Food; 50 cents a box at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase on every box.

BUILDINGS FOR SALE BY TENDER

Sealed tenders will be received addressed to the undersigned and endorsed "Tender for Buildings" for the purchase of the Buildings upon the property of the late Silas Burnham, corner of Charlotte and Park streets, Peterborough until noon of Monday the first day of May, in two parcels:—

Parcel I.—The Frame Dwelling House and Kitchen attached.

Parcel II.—The Stable, Sheds and other frame outbuildings.

Terms and Conditions.—(a) Separate sums must be placed on each parcel. (b) The highest or any tender not necessarily accepted. (c) The buildings must be removed from the premises within fifteen days after acceptance of tender. (d) Cash to be paid within one day after acceptance of tender, and before the buildings are disturbed.

The dwelling house is said to be a large two storey sound frame dwelling that could very easily be converted into two or three substantial dwellings and the outbuildings are heavily timbered buildings that might be moved in bulk.

The removal of the buildings is necessitated by the fact that the owners are placing the real estate upon the market for immediate sale.

Dated at Peterborough, the 17th day of April, 1905.

ROGER & BENNET,
Vendor's Solicitors.

WHEREABOUTS OF RUSSIAN FLEET

In Two Sections Lying Northeast of Hong Kong --1,000 Miles From Formosa---What Japanese Navy Department Expects Enemy to do--Has Taken Every Naval Precaution to Force a Portion of the Russian Fleet to Fight--A Battle Within a Week.

Tokio, April 18.—It can be said confidently that the Russian fleet has not progressed far in the last four days. Its exact position is known in the Admiralty Office here, and it is not as far east to-day as it was last Thursday. It is known beyond all doubt that some time on Thursday night Admiral Rojestvensky's battleships, cruisers and colliers turned on their course. They were then 100 miles southwest of the Paracelas Islands, but after dark changed their course and, turning sharply north, entered the mouth of the Gulf of Tonking. It is now reported to be at Kamranh Bay, north of Cape Padaran, off the coast of China. The Russian fleet, it can be officially said, is in two sections northeast of the Hong Kong trade route and hence really further away from the island of Formosa by 200 miles than when reported last Wednesday by the British warship Sutlej.

Blocking the Way.

The Navy Department expects the Russian commander to take one of two routes when he gets into Japanese waters south of Formosa, and every naval precaution has been taken to force at least a section of the Russian fleet to fight. The warships will have to pass through the Straits of Formosa or go outside between the Island of Formosa and the Loochoo group of islands. The Navy Department last night announced that defence zones had been proclaimed in the Formosa Straits and the waters surrounding the Islands of Oshima, Emikoff and Okinawa. These are just south of Vandieman Straits and less than 50 miles from the most southerly of the main Japan group, of which Nagasaki is the principal port. It is thus clear that the Imperial navy has taken precautions to prevent the Russians from slipping through between any of the Loochoo Islands and what might properly be called the mainland.

Week of Waiting.

Now that the Admiralty has said almost in direct words that the Russian fleet is still 1,000 miles from Formosa, a conflict between the battleships is not looked for within a week, but at any moment a victory may be reported to Tokio, as it is certain that the third squadron, made up of cruisers and torpedo boat destroyers, is well down between the Paracelas Islands and the mainland in the China Sea. This would bring them very near the Russian squadron, and undoubtedly it is these ships which have kept Tokio informed of Rojestvensky's movements.

Take Japan's Part.

London, April 18.—The London morning papers keenly discuss the neutrality question, for the most part in a strong pro-Japanese tone.

The correspondent at Hong Kong of The Daily Mail reports that the steamer North Anglia, late Friday night sighted a strong fleet of cruisers off Bombay reef, steering south and using search lights. The North Anglia was unable to distinguish the nationality of the cruisers.

JAPS CAPTURE COLLIERS

Russian Warships Anchored in Kamranh Bay—Also French Cruiser.

Saigon, April 18.—The Japanese recently captured a large number of colliers off the coast of Cochin China.

Russian Warships Revictualling.

A number of Russian warships are anchored in Kamranh Bay, where they are revictualling. The steamer Eridan, which was purchased by a local French firm, sailed Sunday evening with a full cargo of provisions for the Russian squadron. The health of the Russians is remarkably good. Only eight deaths from disease have occurred since their departure from Europe, out of an effective totalling of 18,800 men.

French Cruiser There, Too.

Admiral De Jouquieres has rejoined the French cruiser Desmartes in Kamranh Bay, Cochin China, about 200 miles northeast of Saigon.

The Russian sailor who fell overboard in the Straits of Malacca, and who was rescued after floating 12 hours on a plank, was brought to Saigon, whence he has rejoined the squadron.

Russian Ships At Turan Bay.

London, April 18.—A special despatch from Hong Kong says that a portion of the Russian squadron was seen Sunday at Turan Bay, about 350 miles north of Kamranh Bay.

Russian Ships in Chinese Waters.

Hong Kong, April 18.—The German steamer Brunhilde arrived here yesterday from Singapore and reports that she was stopped for two hours by three Russian cruisers April 14 thirty miles north of Cape Padaran. The Brunhilde counted altogether 13 vessels steaming nor'-northeast at ten knots. The ships appeared to be in good condition.

Japan Will Question France.

Tokio, April 18.—It is calculated here that the Russian squadron arrived at Kamranh Bay at noon April 14. The news was a surprise, because it was generally doubted that France would permit the use of her ports to a belligerent squadron engaged in offensive operations.

The Japanese Government is silent on the subject of its intentions, but it is expected that it will make immediate representations to France. The response of France is eagerly awaited, particularly as to whether France admits the squadron was within territorial waters when off Madagascar. If she denies it in this instance it will give Japan an opportunity to attack the Russian vessels without violating France's neutrality.

The Nigretia Confiscated.

Nagasaki, Japan, April 18.—The appeal in the case of the Russian steamer Nigretia (seized by the Japanese December 30 off the coast of Corea, and condemned as a pirate prize) has been rejected. The vessel and her cargo have been confiscated.

KIRIN THEIR OBJECTIVE NOW.

Japanese Forces to Strike Town From Behind Russians.

St. Petersburg, April 18.—A private telegram from Gunshu Pass says positive information has been received that a large Japanese force is hurrying forward Kirin, beyond the reach of the Russian outposts, and that another large force of Chunchuses is proceeding north beyond the range of the Russian right.

The Japanese are driving the villagers into the Russian lines, causing great confusion.

The message adds that an important engagement is expected in a few days.

Cavalry Are Colliding.

Tokio, April 18.—The following official report was issued yesterday from the headquarters of the Japanese armies in Manchuria: "On the night of April 15 five squadrons of the enemy's cavalry entered Sanyenching, on the Takoman-Fenghua road. Our force made an attack and repulsed the enemy northward. The enemy was panic-stricken and left eight men dead on the field. Our losses were two men killed. Frequent collisions between cavalry are occuring at various places."

SIBERIAN REFORMS.

Emigration Necessitates Some Form of Popular Government.

St. Petersburg, April 18.—An Imperial rescript issued yesterday orders Count Kutaisoff, Governor of Irkutsk, to elaborate a scheme for the introduction of Zemstvos in Irkutsk, Tomsk, and Tobolsk in accordance with the suggestions of the Imperial ukase, adding that the development of emigration to Siberia from European Russia necessitates some form of popular representation.

Sensation at Warsaw.

Warsaw, April 18.—Something of a sensation has been caused by the simultaneous appearance in all the Polish papers of a petition to the Governor-General in the Polish language.

Cholera Outbreak.

St. Petersburg, April 18.—Freight traffic on the trans-Caucasus Railroad has been suspended owing to a strike. The situation there is serious. Cholera is reported in several parts of the Empire.

Results So Far Are Nil.

St. Petersburg, April 18.—Three distinct assemblies of Liberals met here yesterday—the engineers, the litterateurs, and a group attempting to form a moderate constitutional party. The litterateurs' session was barren of results; the meeting of engineers, which was held privately, was discovered and dispersed by the police before it passed the preliminary stage, and the moderate constitutionalists were unable to agree on a program to which it wished to commit the party.

PREMATURE SAND BLAST.

An Italian Dies From Injuries at Copper Cliff, Ontario.

Copper Cliff, April 18.—An unfortunate Italian named Fisher died at the hospital on Saturday from injuries sustained from a premature sand blast. The accident occurred at Creighton Mine on Thursday last. An inquest will be held.

INVESTIGATING TELEPHONES.

Three Witnesses Who Will Be Heard by Commons Committee.

Ottawa, April 18.—There will be three witnesses before the Telephone Committee this morning: Thos. Begby, Egerton; Dr. A. Ochs, Hespeler; and Delery Macdonald.

Seven Years For Doyle.

London, April 18.—Seven years in Kingston Penitentiary was the sentence passed upon John Doyle, the burglar, who was arrested just two weeks ago, after having broken into several places in South London. Doyle said nothing whatever when the sentence was passed, having the same stoical demeanor which has characterised him since his arrest. His counsel made a strong plea for leniency and promised that his client would fully reform.

Waded for Duck; Drowns.

Fernie, B. C., April 18.—W. E. Cook, C. P. R. agent at Fort Steel was found drowned in a lake about a mile west of the station. It is supposed he was wading in the lake after a duck he had shot and took cramps. He had been married only about four months. The body will be sent to the home of his parents, who reside in Dundirk.

Four Boys Crushed to Death.

Indianapolis, Ind., April 18.—Frenzied by a false alarm of fire, several hundred newsboys struggling to obtain free tickets to a show by a patent medicine advertising company, stampeded in a narrow stairway in the Masonic Temple last night, crushing the life out of four boys and probably fatally injuring several other children.

Canadian Cattle Diseased.

London, April 18—(C.A.P.)—An article in The Banffshire Journal states that Canadian cattle largely suffer from mange, which from the northeast has gradually spread to Ontario and Quebec. At Picton the cattle plague and actino-mycosis (lumpy jaw) are also prevalent, both diseases being contagious.

Found Dead in a Shed.

Toronto, April 18.—Mrs. Grigor, a widow, aged 50, who lived at 745 Markham street, was found dead in a shed in the rear of the house yesterday afternoon. Deceased had been in poor health for some time. There will not be an inquest.

"Corsicans" Had to Return.

Kingston, April 18.—The steamer Corsican started on her first trip for Toronto yesterday, but was unable to proceed far. She encountered a heavy bridge of ice out near the lighthouse and was forced to turn back.

Joseph Forget Dead.

Winnipeg, April 18.—The death occurred at St. Boniface yesterday of Joseph Forget, brother of Lieutenant-Governor Forget of the Northwest Territories. Deceased was 58 years of age.

His Left Arm Cut Off.

Toronto, April 18.—Frank Crusk, of Caledon East, while working in a saw mill, had his left arm cut off a week ago. He was brought to the city last night and taken to the General.

DETROIT GOT THE NEWS FIRST

Why Was It Not Handed Out to the Canadian Press?

MR. GRAHAM'S QUESTION

Bills to Amend the Agriculture and Arts Act—Hon. Mr. Monteith Gives Notice of Two Measures—Hon. Dr. Pyne Gives Some Books Authorized For Use in the Public Schools.

Toronto, April 18.—Twice within the last few weeks The Detroit Sunday News has printed information concerning what is going on in the Parliament buildings in Toronto, and this information has not been available for the Canadian papers. To discover where the leak is G. F. Graham devoted a few minutes of the time of the Legislature yesterday.

The first leak was under the date of April 1 and referred to the Clergue interests securing the upper hand in the affairs of the Lake Superior Co. at the Soo. Mr. Whitney gave the story a flat denial.

"Equal Rights For All."

Then on Sunday last the Detroit paper published that the "Fisheries" Departments of the Ontario and Dominion Governments have the makings of a disagreement on their hands. While the Province owns the fish and controls the license, the Dominion has the right to fix the length of the seasons. It appears that on the intercession of Mr. W. A. Charlton, the former Minister of Public Works, the season for fishing in that part of Lake Erie bordering upon Norfolk County was extended for twenty days after April 15, when it should have closed. When this was brought to the attention of Hon. Dr. Reaume, the present Minister, he telegraphed to the Ottawa department as follows:—"You will have to declare an extension of time for the entire Province, or I shall rescind every license. It is equal rights to all and special privileges to none for me."

Mr. Graham called the attention of the Government to the matter and drew from Hon. Dr. Reaume the statement that he hadn't read the article and consequently was unable to speak on the subject.

The Premier suggested that the Commissioner institute an investigation as to the source of the information, and the incident closed.

Electric Power for Railways.

Premier Whitney did not give a story that the Temiskaming Railway would be operated by electricity an unqualified denial when it was referred to him yesterday. "Greater things have happened," he observed. It is understood that the Government has asked its engineers for a report on the question. There are extensive water powers available along the route of the railway, and these could be utilized to furnish motive power for the Government railway.

In reply to Mr. Terrance, the Minister of Education said the following books had been authorized for the schools: Five readers for public schools, two for French-English schools, one for German-English schools, two grammars, four geographies. Rose's public school geography was authorized on December 23, 1904, with the understanding that any changes deemed necessary in the work by the Minister of Education would be made by the publisher. An agreement was approved on January 4, 1905, regarding the authorization of the book providing that the publishers' rights be from the first of August, 1905. The book was under consideration before the adoption of the regulation of 1904.

Order For Correspondence.

Mr. Munro secured an order for a return of correspondence between the Government and any person with respect to the dismissal of James Cochrane from the position of bailiff of the first division court of Grey County.

Fort William asks for the validation of the bylaw providing for a $100,000 bonus to the Grand Trunk Pacific, and declaring 1,000 acres of the Indian Mission Reserve to be granted to the railway, a part of Ward 4 of the town.

Elgin County asks for the confirmation of a bylaw to purchase the London and Port Stanley toll road.

A. P. Westervelt, secretary of the Live Stock Association, has been appointed director of the live stock branch of the Department of Agriculture.

Two Government Bills.

Hon. Mr. Monteith has given notice of two Government bills. He proposes to amend the agricultural and arts act by providing for the holding of township fairs in central localities. Another bill will amend the act to provide for the incorporation of co-operate storage associations by extending the time for the operations of the act which expires this year.

Found Dynamite.

Weston, April 18.—A package containing three 2-inch sticks of dynamite was picked up in a barnyard about a mile west of this village Sunday morning. The cartridges were wrapped in tar paper and had not long been in the yard. They were kicked into view by a team of horses.

"Imperva" is a stylish handsome cloth that rain can't get through.

"Imperva" is not a waterproof cloth, it is a cloth waterproofed.

That is considerable of a difference.

"Imperva" is the most stylish light overcoat cloth, in handsome patterns and colorings, made waterproof by our special process.

"Imperva" Rain Coats look and feel like ordinary good quality cloth—our rain-proofing process neither dims the color nor changes the fibre—but they are perfectly proof against rain.

We make "Imperva" into stylish rain coats, with or without belts at the back. We would like to show them to you.

Prices, $18 to $25. 401

Semi-ready Tailoring

OPEN MEETING A GREAT SUCCESS

Collegiate Institute Literary Society Present a Good Programme

Debate Participated in by Members of Society—Splendidly Rendered Musical Numbers.

Last night the Assembly Hall of the Y.M.C.A. was crowded to the doors, the occasion being the open meeting of the Collegiate Institute Literary Society, and those who attended were well repaid for their effort.

The principal feature of the evening was the debate on the question, "Resolved that a Republican form of Government is preferable to that of a limited Monarchy." Those participating in the debate were students in the Institute, and members of the Society, and they acquitted themselves admirably. They not only gave evidence of possessing good reasoning faculties, but also ability to express themselves in public which would have done credit to speakers many years their elders. Many good points were brought out in support of both the affirmative and negative sides of the debate, and the sides were so evenly matched that the two judges were unable to render an unanimous decision, Mr. Roger rendering his verdict in favour of the negative, while Mr. Donnistoun favoured the affirmative.

Mr. Fessenden, the Principal of the Institute occupied the chair, and in opening the meeting expressed, on behalf of the Literary Society, the appreciation of the members of the large attendance of their friends, at this, their first open meeting.

He expressed the hope that in the near future an assembly hall in the Collegiate Institute would render it unnecessary to hold gatherings of this kind outside the walls of the Institute, which remark was loudly applauded, as evidence of the recognition on the part of the audience of the present lack of accommodation afforded by the Institute.

Seated upon the platform with Mr. Fessenden were the judges, Messrs. G. M. Roger and R. M. Donnistoun.

The opening selection on a most enjoyable programme was a piano duet, which was rendered in an artistic manner by Misses Deane and Sanderson, and which well merited the applause with which it was received.

Mrs. K. Eardley-Wilmot was next heard in a delightfully executed vocal solo in which her rich voice was heard to good advantage. Master Cecil Arnott followed with a reading from Ralph Connor's "Black Rock," his selection being the description of the horse race, in which "Sandy" came to grief. A very accurate interpretation of the spirit of the selection was given.

Mr. Jas. Dawson was next heard in a vocal solo, and as usual, his selection merited, and met with, popular favour.

The debate, which constituted the literary feature of the evening, followed, and proved most enjoyable. Mr. Bert Miller opened the debate for the affirmative, speaking in favour of the Republican form of government. Mr. Miller proved himself a master of debate, and adduced some good arguments, as did also the leader of the negative, Mr. Lincoln Grace, who ably supported the monarchial system, and pointed out what he considered the defects of the republican system. The leaders were supported by Miss Zetta Harper and Miss Catharine Martin, respectively, both giving splendid addresses, and making many points for the respective sides of the question.

While the judges were arriving at a decision Miss Marguerite Burnett gave an exquisitely rendered violin solo, the piano accompaniment being played by her younger sister. Both young ladies displayed distinct musical ability, and the audience would not be content with one selection, demanding an encore, which demand was graciously responded to.

Mr. G. M. Roger, as one of the judges, in rendering the decision, expressed his pleasure at being present. He had enjoyed thoroughly the whole programme, and congratulated the different speakers in the debate upon their addresses and the way in which they had treated the subject. He thought that they had made all out of the subject that was possible. His decision was in favour of the negative.

Mr. Donnistoun, the second judge, followed in a short address along similar lines, and gave his opinion that the affirmative had advanced the best argument, and, therefore, should be given the decision. Since the judges had been unable to arrive at an unanimous decision, the motion was allowed to rest, Mr. Donnistoun expressing the opinion that if it were left to the audience they would no doubt be as evenly divided in their opinion as were the judges.

Miss Hazel Pentland followed with a recitation, which was well received, as its presentation deserved.

At the conclusion of the programme a vote of thanks was moved by Mr. E. B. Edwards to those who had assisted in the programme. This was seconded by Mr. J. A. Fife, and enthusiastically supported by the audience.

PETERBORO' MAN GOES TO BISLEY

Col. Sergt. Moore of No. 1 Company, 57th Regiment The Man.

Already a Good Record at the Butts—Has won Several Prizes.

A Peterborough man has again proven his superiority in sport, and as an instance it is a pleasure to mention that Col. Sergt. W. Moore, of No. 1 Company, 57th Regiment, has been selected to go to Bisley on the Canadian team. Sergt. Moore received word from Major Winter, president of the D. R. A., to report for membership, and he says he will do so.

Although a young man, Sergt. Moore has already done great work with the rifle, and has captured several prizes. The regiment, from the Colonel down, feel that it is an honour to be represented in a corps which will compete with the best shots of the empire and of the world. We wish Colour Sergt. Moore a straight eye and no nerves at the right moment, and he will duplicate Pte. Perry's record, and beat it, too. There were several other men who came well up in the list of those eligible to travel to England.

A recent militia order announces the appointment as cadet captains, of B. Miller, K. G. Lech and T. C. L. Arnott.

MRS. HILLIER RETRACTS

Now Says Her Husband is Temperate and Industrious

A Misunderstanding Which Caused Domestic Infelicity—Gives Earnings to his Family.

Mrs. Love Hillier, at whose instigation her husband was arrested on Saturday, charged with assault, has made the following statement over her signature:

"Having caused the arrest of my husband on Saturday, the 15th inst., upon a charge of assaulting me, I now wish to express in a public manner, my regret at having taken this course of action. In laying the information I was ill-advised, and the cause of it was an insignificant misunderstanding arising between my husband and myself, and not that he struck me, as might appear from the nature of the proceedings. In an account of these proceedings published in one of the local papers, it is stated that my husband belonged to the drinking class. This is not so, as my husband is temperate in his habits, and is a hard-working and industrious man, and devotes all his earnings to the support of his family, and I certainly have no cause for complaint in that regard."

ATTEMPT AT AN ILLEGAL BOYCOTT

Calcutt Brewing and Malting Company Being Discriminated Against.

Local Hotel Men, However, are Remaining With the Local Industry.

That a determined effort is being made to boycott a local industry by the Toronto combine of brewers, seems to be substantiated by the facts, which point to an attempt to illegally discriminate in prices against the local concern. It is stated that yesterday a representative of the combined brewers of the province was in town in an effort to do business with the local hotel men, and the modus operandi is said to be as follows:—

He offered to supply ale at $10 a hogshead, and also offered to maintain this price for six months. The price charged by the local brewery here is $13, and this is also the price received by the combine in places outside of Peterborough, so that the evidence points to the fact that the Calcutt Brewing and Malting Company are being made the object of the attacks of the combine.

All the local hotels, with one exception, are still buying their lager and ale from the brewery here, the tempting offer of the combine representative not being accepted, for they recognized no doubt that this was but a tempting bait to entch their trade, and when the local company had been forced to the wall, the prices would again soar to their former level, if not to a higher figure.

The method of procedure of this combine is said to be that they offer local hotel men ale at $10 a hogshead, and guarantee to supply at that figure any brand except Calcutt's.

The results, however, have not been what were expected, since the hotels here are staying with the local concern.

The Calcutt Brewing and Malting Company has been in business for 50 years, having been established in 1855, and the business of the firm has increased steadily since that time until to-day it is impossible to fill all the orders that are being received. Not only is business coming ing from the local hotels, but from the outside towns as well, and even from Toronto, the home of the combine, letters have been received asking that their goods be supplied and pointing out that they are tired of dealing with the combine, and want to sell Calcutt's goods. It is impossible to fill these orders, however, for the demand from the trade in this vicinity is sufficient to take the entire output of the brewery.

TELEPHONE POLES BY THOUSANDS

Mr. J. S. Knapman's Output This Year 12,000 Poles.

Bell Telephone Co. The Largest Purchaser—Good Poles Are Scarce.

The business of getting out telegraph poles is getting to be one of considerable importance, locally. Mr. J. S. Knapman, who is engaged in that business, last season cut and sold 12,000 poles, and during the winter kept 80 men and 10 teams steadily employed in the work.

The Bell Telephone Company is by far the largest customer for these poles and this company alone took 9,000 poles, or three-quarters of the whole output of Mr. Knapman's camps.

Shipments are just now being distributed along the points designated by the purchasers for use during the present summer, which is expected will be one of unusual activity particularly with the Bell Company.

The Toronto and Niagara Power Company is also quite a large customer for Mr. Knapman's poles, while he sends a good many to the United States, and to Eastern Canada.

The depletion of the forest areas of the country has resulted in a scarcity of good poles, and it is becoming increasingly difficult to procure poles long enough to answer the purposes to which they have to be put.

Mr. Knapman's business during the last season was double that of the year before, and the prospects for the future are bright.

CONCERT FOR OPENING NIGHT

New Y.W.C.A. Building Opening on Tuesday Next.

Local Talent will Provide Good Programme—Building Ready for Inspection.

Arrangements are practically completed for the opening exercises at the new Y.W.C.A. building. On Sunday afternoon, as announced, the first devotional meeting will be held, and will be conducted by the local ministers.

On Tuesday night there will be a concert which will be given by the best local talent obtainable. Announcements as to this will be made later.

In addition to the concert refreshments will be served, and the guests will be shown through the handsome building, which will then be in readiness to receive the visitors.

Hon. J. R. Stratton will preside at the concert on Tuesday night.

REASON No 27

WHY YOU SHOULD USE

Red Rose Tea

Because it is always fresh and sweet.

My teas are shipped to St. John direct from where they grow, instead of being imported from London, where teas often lie in warehouse for several months.

The sales of Red Rose Tea are so large that any one lot of tea seldom remains on hand more than a few weeks; fresh lots arrive by every steamer.

Then, in the grocery store, Red Rose Tea is never dead stock. Except where being first introduced, the demand is such that each shipment is sold in a very few weeks.

From start to finish, Red Rose Tea is handled so that the consumer is sure to get it while it is fresh and sweet.

DRS. KENNEDY & KERGAN

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 25 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later exposure. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensations. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

READER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and imposters. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT will not cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

Pain Across the Kidneys For Three Years.
Suffered Great Agony. Could Not Stoop or Bend.
No disease is so quiet and stealthy in its approach as kidney disease. That is why it is so dangerous. It may become deep-seated before you realize the danger.
It is therefore of great importance to recognize the early warning symptoms, because in its early stage kidney disease is easily curable. Pain or dull ache in the back is one of the first signs. So are bladder pains, bearing-down pains, smarting sensation when urinating, frequent or suppressed urination, and gravel or sediment in the urine, etc. You cannot be well if your kidneys are not performing their functions properly. In all ordinary cases of any derangement of the kidneys, a few doses of
DOAN'S KIDNEY PILLS
will get the patient right; in old or chronic cases, the treatment should be persisted in.
Mr. Michael A. McIlmoil, Woodbine, Marion Bridge, N.S., tells of his experience: "For the last three years I suffered great agony with pain across my kidneys, and was so bad that I could not stoop or bend. I consulted and had several doctors treat me, but I got none the better. On the advice of a friend I procured a box of that valuable life-giving remedy, Doan's Kidney Pills, and to my surprise and benefit I immediately became better. In my opinion Doan's Kidney Pills have no equal as a cure for any form of Kidney disease.
Price 50 cents per box, or 3 for $1.25. All dealers, or direct by mail.
THE DOAN KIDNEY PILL CO., TORONTO, ONT.

MR. F. D. KERR ON NAPOLEON

Interesting Address Given at St. John's Young People's Society.

Enjoyable Musical Numbers Also Given —Attendance was Large.

The regular meeting of the Young Peoples' Society of St. John's church was held last night. The meeting started at 8.30, with a good attendance. Two letters were read expressing thanks for favours bestowed, and the President in a neat address pointed out that the aforementioned letters showed plainly that the society was doing good work. The next regular meeting will be held two weeks from last night, May 2nd, and a good attendance is requested for that evening, though the subject is not decided upon as yet. This is a new society but the work already accomplished by it is sufficient reason for its inauguration.

The chief attraction of the evening was the lecture by Mr. F. D. Kerr, on "Napoleon." Mr. Kerr went on to say that a man, he understood usually enjoyed hearing something of war, and the ladies, of warriors. He would speak, he said, of one of the greatest, if not the greatest warrior of any age—Napoleon Bonaparte. He then gave a most minute and lucid account of that great man. His birth and early days in Corsica, his days in the Military Schools in France. In connection with his school days, the speaker mentioned a little incident. Napoleon's use of the French language was very poor and his comrades at school nick-named him "Straw Nose." When he received his certificate from the school, the officers there recommended that he would make a good Marine. Nevertheless he received a commission in the Artillery. His great military success was spoken of, as was also his share in the revolution. His successful campaign in Egypt, that against the Austrians Russians, the disastrous march on Moscow, and his later victories over the whole of Europe, were vividly described. The weight of numbers finally telling against him, resulted in his abdication and banishment to Elba. His return and one hundred days' reign, and the final crushing blow at Waterloo, so well known, were also graphically described.

Napoleon was 45 years old at this time and the speaker mentioned in connection Dr. Osler's theory, that a man had lived the best years of his life and had achieved the most and best that was in him, before that period of his life.

After Mr. Kerr concluded, Rev. J. C. Davidson, the Rector, made a few most appropriate remarks on the ambition of Napoleon, and finished by moving a vote of thanks to Mr. Kerr. Mr. Dickieson, who seconded the motion, said he was glad as an Englishman, to be able to say that it was England which had most to do with the downfall of the tyrant.

Miss Dawson contributed a solo, "Slumber Boat," in a most pleasing manner, Miss Daisy Sawyers kindly acting as accompanist. The singing of a hymn terminated a most enjoyable evening.

ARMY BAND ON A CONCERT TOUR

Will Go to Campbellford for Good Friday and be in Lindsay Sunday.

A series of musical entertainments have been arranged for by the Salvation Army Band during Easter. Bandmaster Packham of of Toronto, will come and assist with these meetings. Mr. Packham is a great cornet soloist. He plays God Save the King and other selections in five octaves; he plays Robin Adair in three.

The first meeting will be given in the barracks here on Thursday evening. On Friday the band will give two entertainments in Campbellford, and on Saturday and Sunday they will hold meetings in Lindsay, returning hom on Monday.

SCIENCE PREVENTS BALDNESS

The Fatal Germ and its Remedy now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germs that cut the hair off at the roots; and cleans the scalp of dandruff, and leaves it in a perfectly healthy condition. Mr. Munnett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth and nature did the work by covering his head with thick hair an inch long and in six months he had a normal suit of hair. Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, are special agents.

THIS MORNING'S POLICE COURT

Miles, on a Charge of Horse Stealing, Escapes with Suspended Sentence

Thomas J. Miles, the young man who was arrested at Springville a few days ago, on a charge of stealing a horse from a livery stable keeper in Lindsay, appeared before the police magistrate this morning. He was tried summarily last week, and judgment reserved. The theft consisted in trying to dispose at a ridiculously low price, of a horse hired from a Lindsay man. The judgment was practically guilty, but after a paternal lecture from the magistrate, accompanied by some good advice as to the boy's duty to his widowed mother the young man was allowed to go on suspended sentence with the intimation that a second appearance under similar circumstances would have more serious consequences.

LOCAL FARMERS ARE SATISFIED

Few Passengers Leaving for the Northwest.

Not as Many, Comparatively, as From Other Towns—Stock are All Gone —Early Spring in the West Allowing Work to Begin Some Time Ago.

The evidences are that the spring rush to the Northwest is about over. Inquiry at the C. P. R. station discloses the fact that only ten or twelve passengers left Peterborough this week for the West, some going last night to Toronto, where they took the 1.45 p.m. train to-day for Winnipeg. No stock went this morning, and the agent said that few more cars, if any, would leave, the reason being that people had gone earlier to get their crops in, the early spring allowing work on the land some weeks ago.

Although quite a number from this vicinity have left for the West there have been fewer comparatively than from other points, the reason being that farmers are satisfied with the results obtained from farming operations here, and are not anxious to seek newer, and more uncertain fields.

THE "EMMERSON" TO BE EQUIPPED

New Dredge Will be Placed in Commission at Once.

Tenders Asked for Machinery for New Dredge—Will Work on Canal.

The department of Railways and Canals is advertising for tenders for the machinery and equipment for a dredge for use on the Trent Valley Canal.

The hull of the dredge is at present floating in the Trent Canal, below the lift lock, but it has never been fitted up for use. Now, however, it will be placed in commission, and put to use in connection with the prosecution of the work on the Canal. The machinery asked for will include, the engine and boiler and the dredging apparatus. The new dredge will be christened the "Emmerson" and will be used as an auxiliary to the two at present used by the department. These are the "Trent" and the "Otonabee," one of which has been engaged at work in the river below the American Cereal Company's works, making preparation for the utilization of the river for navigation purposes.

With the placing in commission of the new dredge the department will be able to push forward the work of deepening the river and canalizing it in those parts in which at present it is too shallow for navigation. Where the dredge will be used at first has not yet been decided, but it is probable that the first consideration will be given to the vicinity of Peterborough.

FORMER RESIDENT OF TOWN DEAD

Late Mr. J. T. Veeder Was Cousin of Mr. Robt. Fair.

Mr. Robt. Fair, has received word that his cousin, Mr. Julian T. Veeder, died in Pittsburg, Pa., on Thursday, April 13th. The late Mr. Veeder, was for some time, and until four years ago a resident of Peterborough, and was a student at the C. G. E. Works here and during his residence in this town made many friends and was very popular.

His family formerly lived in Schmectady N.Y., but removed to Pittsburg where deceased lived with his father, Dr. A. T. Veeder.

Deceased was 29 years of age and was unmarried.

MOUNT PLEASANT'S LATEST NEWS

Mr. Samuel McCormick an old Resident Leaves That Village.

(From Our Own Correspondent)

Mount Pleasant, April 17th. — The pastor of the Methodist church at Mount Pleasant is known as a diligent student who digs deep for truth, delivered an excellent sermon from the words, "But the people that do know their God shall be strong and do exploits." We regret very much to part with him, as his time expires next June.

Mr. Samuel McCormick, an old resident of this place, who has been blind for several years, has sold his property here and has gone to live with Mr. Jas. Paul. His property was purchased by Mr. Wm. Greig of this village, who will reside on it in the future. His business has increased greatly during his stay here.

Mrs. E. McCall has removed from her old residence in Cavan to the home of her son-in-law, Mr. R. Mahood, of the township of Ops. We are glad to hear of her recovery from the effects of a fall into the cellar of her new home.

The residence of the late Mrs. Saddler is now occupied by Mr. Findlay.

Mr. A. Mills, our late public school teacher, has removed to Reaboro. He is giving great satisfaction in his new place and the school is crowded, many coming from surrounding sections. During his stay here many passed the entrance examination. The choir feels the loss of Mrs. Mills in the Presbyterian church. Her desire was that those professing to belong to the family of Christ, who said, "These things I command you that ye love one another," should show it in their daily walk and conversation and be at peace amongst themselves.

The text chosen by the pastor of the Presbyterian church was "Behold therefore the goodness and severity of God." The sermon was worthy of publication.

"OZONE" IT'S BEST FORM

The prompt and permanent removal of any internal germs is most surely affected by the use of "Solution of Ozone" if it's 'the coupon kind.' It means the liquified oxygen is in the most concentrated form and that in addition is given free with either the fifty cent size or the one dollar size of the solution a coupon good for a twenty-five cent package of "Celery King." This splendid tonic laxative is needed to obtain the best results in the use of the stringent "Ozone without lessening its curative properties. The Public Drug Co., Bridgeburg, Ont. control exclusively the manufacture of both "Solution of Ozone" and "Celery King." Sold by W. B. WARNE, druggist. 10

57TH REGIMENT WILL PARADE TO-NIGHT

Drill and Parade at the Armouries and Meeting Afterwards.

With the opening of the season, the 57th Regiment is on the qui vive, and it seems to be the determination of both officers and men to get the regiment into the best possible shape. There will be a parade and a drill to-night, and a meeting of the officers afterwards when some matters of importance will be brought up. The regiment is one of the "crack" ones of the Canadian militia, and the town of Peterborough is justly proud of the gallant 57th.

BEHIND THE AGE.

The Globe quotes an article in Printers' Ink in which a writer, in dealing with Detroit newspapers, says that these journals are "supported on one side (of the river) by the highest class of readers and are retarded by the presence of Ontario on the other side, where the people are as much behind the age as the residents on the United States side of the line are ahead of it." Thank God—be it said reverently—that we are behind the age if being so prevents the appreciation by our people of the average standard of American journalism which, on the average, in its moral tone and prurient sensationalism, is as far below the standard of good ethics as that in Ontario is on the average above that aimed at or reached by the journals of the United States. What is being behind the age anyway? Are wide-open divorce laws, which make the marriage relation as unstable as a rope of sand, with the accompanying demoralization and immorality, a sign of being "up-to-date?" Are lynchings and disregard of law and order, a sign of advanced civilization? Is the presence of ex-prize fighters and saloon keepers in Legislature and Senate a sign of advancement? When, however, it comes to material things of value and national importance Canada is not always behind. Canada abolished human slavery three-quarters of a century before the United States floated it out of the country on a fratricidal sea of blood. Canada was the first country in the world to adopt the wireless telegraph system and plant a station. Canada was the first country in the world, so no less an authority than Collier's Weekly says, to build a steamer to cross the Atlantic ocean, the forerunner of the greatest development of transportation and commerce the world ever knew, or will know. The first turbine steamer ever constructed, and operated, and now on Lake Ontario, was introduced by Canadians, and brought across the ocean by a Canadian captain. And a Canadian steamship company was the first to adopt and introduce for practical purposes the turbine steamer, and on Friday last the second turbine steamer of the Allan Line, the Virginian, a sister ship to the Victorian, pictured and described in another column of this day's Examiner, crossed the ocean, making a record run from Moville to Halifax — one hour and twenty-six minutes ahead of any previous time made.

We are content to permit our swift American neighbours to get ahead of us, in divorces, lynchings, yellow journalism, spiritualism, free love, grinding trusts, and all the evils of a crook-built plutocracy. We may be slow but we are fairly sure. What growth we make is healthy growth. We get foreign elements into our population so gradually that they are assimilated into our citizenship, and civilized. They don't descend in hordes of unwashed barbarians and anarchists, like they do in the United States, creating a menace to material safety and future progress and peace. While we move slowly, we seem to get there. The total trade of the United States is $30 per head, while that of Canada is $80 per head. Festina lente, is not a bad motto for national growth, as it is a good motto for some other things.

SOME MORE DANTE DILLETANTISM

The President of The Fortnightly Club Remarks.

The President of the Fortnightly Club called at the Examiner sanctum this morning to remark that he was not aware that he was guilty of the act of pronouncing "De-a-te" to rhyme with "sheaty." Nor was he aware that the name should be pronounced "Don-tay," but as the Italian "a" in the English word "father," which no doubt he thinks our correspondent of yesterday would pronounce "fawther."

A REVOLUTION IN OCEAN STEAMERS

The New Turkine Steamer of the Allan Line--A Canadian Steamship Company the First to Adopt the Turbine Principle of Propulsion--Beyond the Stage of Experiment--A Proven Success--The Time Record of Trans-Oceanic Transport Broken.

The Mid-Tyne Link, kindly loaned the Examiner by Mr. David Spence, has the following reference to the new Allan Liner, "Virginian", a turbine steamer which last week made her first voyage:

The year 1904 has indeed been a memorable one for turbines. It has demonstrated beyond doubt the suitability of this type of machinery for river and cross-channel steamers, for yachts and passenger vessels of moderate size, for destroyers and cruisers; and the closing months of the year have seen the launch of the two new Allan liners, the first turbine-propelled vessels designed to run regularly across the Atlantic.

The second of these two liners, the Virginian, was launched on the 22nd December by Messrs. Alexander Stephen & Sons, of Linthouse. The vessel is generally similar to the Victorian, recently completed at Belfast, her dimensions being 510 ft. length over all, 60 ft. beam, and 41 ft. depth. The Virginian will have accommodation for about 1,500 passengers, i. e., 470 first-class, 240 second-class and 910 third-class. She is specially designed for the conveyance of the Canadian mails and passengers; no less than five decks are fitted up for the accommodation of the latter. The vessel has also considerable cargo space in the holds fore and aft, one of them being fitted up and refrigerated for the reception of perishable cargo, chilled beef, etc. The first-class dining saloon is situated at the fore end of the bridge, and will accommodate 300 persons. Other departments include a music-room, library, smoking-room, and a large nursery. The second saloon, on the main deck, is arranged to seat over 200 passengers. The requirements of the third-class passengers are well catered for, their accommodation comprising large dining spaces, with pantries alongside, a special galley, and comfortably upholstered sitting-rooms and smoke-rooms. A Marconi telegraph installation will be fitted on board, enabling communication to be maintained with land during the greater part of a Canadian voyage.

The turbines, which were supplied by the Parsons Marine Steam Turbine Company, Limited, are expected to prove of ample power to drive the vessel at a high rate of speed, although the space they occupy is considerably less than would have been required by reciprocating engines of equal power, thereby enabling a greatly improved class of accommodation on the upper decks to be provided. Steam at high pressure will be supplied to the turbines by nine single-ended boilers, fitted with forced draught. The boilers have been supplied from the Engine Works of Messrs. Stephen.

The Virginian sailed on April 8th, 1905, on her first voyage from Liverpool to Halifax and St. John N.B.

VIRGINIAN'S FIRST TRIP.

In connection with the above, the despatch below from the Toronto Globe will be read with interest. The Virginian beat the Canadian record on this, her first trip:—

Halifax, April 14.—Like her predecessor, the Victorian, the Allan Liner Virginian, which arrived to-day after a record run from Moville, has demonstrated the success of turbines in ocean-going steamships. The captain, officers, crew and passengers, are all enthusiastic over the behaviour of the Virginian on her maiden voyage. She proved herself an admirable sea-boat, entirely free from vibration, and steamed 2,500 miles, from light to light, without stopping the engines. She steered like a yacht, and sailed so smoothly that the passengers scarcely knew she was in motion. Her average speed was 15.04 knots, and her highest 17 knots. She stood the test of two severe gales, and rode the turbulent seas like a sailing vessel. She made the passage from Moville to Halifax in six days, 21 hours and 34 minutes, beating the record held by the Allan Liner Bavarian by one hour and 28 minutes. Her best day's run was 407 miles, also a new record for the Canadian route. She went far south to avoid icebergs, sixty of which she sighted, thus lengthening her course three hundred miles.

Chief Engineer Martin said to your correspondent:—"The turbines never gave us the slightest trouble or anxiety from start to finish, and were not stopped once. They could not have worked better. I consider them much handier than reciprocating engines. I believe the turbine has come to stay, and I am confident that on the return passage we will get seventeen knots without difficulty".

Unlike the Victorian, the Virginian's boilers did not "prime", but being new, they were not forced.

Mr. Hugh A. Allan, managing owner of the line, who met the Virginian here, was delighted with her performance. She sails for St. John to-morrow morning.

Cut of Stern of Turbine Propelled Steamer Virginian of the Allan Line, showing Relation of Triple Screw Propellers to the Hull.

PROBATIONERS' EXAMINATIONS

Young Candidates For Methodist Ministry Writing Here.

This morning the probationers of the Bay of Quinte Conference started their examination, at the Mark street Methodist church, the presiding examiners being Rev. T. J. Edmison, ex-President of the Conference, and Rev. J. G. Lewis, B.A., Financial Secretary of the Peterborough district.

The examinations will continue for three days.

Those writing on the examination are Messrs. Grant, Bowerman, Beck, Totten, Henry, Robeson and Bone, but they come from different parts of the Conference, only one is from this district.

Re-opened on Saturday.

As will be seen by an advertisement in another column, Mr. A. Rountree announces that he will re-open the grocery and liquor store, formerly carried on by Messrs. E. Brown & Co., on Saturday, April 22. Mr. Fred Walker, the manager and his assistants, will be engaged during the next few days in stock-taking and in making preparations for a grand introductory opening on Saturday at eight o'clock.

Epworth League Convention, Denver, Colo., July 5-9, 1905.

Return fare — $40.70, from Peterborough, tickets good going June 29th to July 3rd, also July 4th; good returning from Denver July 5th to 14th, or a deposit of 50 cents will extend time to Aug. 8th. The excellent train service of the Grand Trunk to Chicago, which makes connections with all direct lines to Denver, should make this the desired route. Call on city ticket agent for full particulars 4div

Cressman's

GUILD OFFICERS WERE ELECTED

Semi-Annual Election of St. Andrew's Young People's Guild.

Rev. J. G. Potter Spoke on "Glorifying God in Our Recreation."

There was a large attendance at last night's meeting of St. Andrew's Young People's Guild. An interesting address was delivered by Rev. J. G. Potter on "Glorifying God in our Reareations."

The speaker pointed out the proper place of sport, and the many beneficial influences resulting from it when it is of a clean and manly character. It should not, however, be developed to the exclusion of other necessary factors in our daily life or it will have a disastrous mental and spiritual side of our characters.

The semi-annual election of officers also took place, resulting as follows:

President—Miss Libbie Carey.
Vice-Presidents — Misses Maggie Gillespie, L. Richardson, Messrs. W. Stewart Laing, Fred Richardson.
Secretary—Ernie Reid.
Treasurer—Mr. S. Ferguson.
Committees—
Devotional — Misses Maggie Gillespie, Eva Barclay, G. McCullough, L. Hetherington, Edith Kerr, Josie Hawkins, Etta Guthrie; Messrs. Hall Roxborough, Murray Miller.
Missionary — W. Stewart Laing, Elsie Curry, Victor Tully, Misses Hazel Stanger, Maggie Reid, Ethel Richardson, R. Langford, Ada Richardson.
Educational — Fred Richardson, Arthur VanEvery, Harvey McCullough, F. E. Kerr; Misses K. Ross, Ella Matheson, Amy Jameson.
Social — Misses L. Richardson, M. Menzies, Ivy McIntosh, Viva Fair, F. Stevenson, E. Barclay, F. McIntosh, Martha Stenton, S. Anderson; Mrs. R. A. Hamilton; Messrs. Gordon Stark, J. S. Ferguson, Geo. Henderson, L. Patterson, E. Dormer, Geo. McDonald.
Organists — Misses E. Hetherington, Stewart, Richardson and Stevenson.

LECTURE ON RUSSIAN BUSINESS METHODS

Mr. Allan, of Toronto Board of Trade Will Speak Here.

On May 9th, Mr. Allan, president of the Toronto Board of Trade, will lecture here under the auspices of the local Board of Trade, on Russian Business Methods. Mr. Allan, it will be remembered, gave a most enjoyable lecture here not long ago, in St. John's school room, under the auspices of the Fortnightly Club, and his picture of Russia and its people was so interesting, and so much was learned from it, that the Board of Trade invited Mr. Allan to return, and give a lecture under its auspices on a topic of interest to business men especially.

Mr. Allan has visited Russia every summer for many years and is therefore in a position to give information concerning the country and its people which cannot be gained from reading. Mr. Allan takes the position that Russia has been misunderstood by reason of the statements concerning it that have been made from time to time. Mr. Allan's lecture will no doubt be very interesting to business men.

A LOCAL MAN WILL BE JUDGE

Mr. D. Hughes-Charles Chosen to Act at Montreal.

Will Judge Saddle Horses and Ponies at Montreal Horse Show.

At the Montreal Horse Show, which will be the leading sporting event in horse circles in the eastern metropolis this summer, Mr. D. Hughes Charles has been appointed as one of the judges. Mr. Hughes Charles will judge saddle horses and ponies under saddle, and with him will be associated Mr. John B. Valentine, of Philadelphia.

This is a distinct honour for Mr. Hughes Charles, since only men recognized as being thoroughly posted in the intricacies of horse flesh are asked to act as judges. No doubt the choice of the local horseman will be found by the management to have been a good one.

THE MAJESTIC WAS LAUNCHED YESTERDAY

Popular Young's Point Boat Took to The Water For The Season.

The passenger steamer Majestic was launched for the season yesterday at Young's Point, and to-day made her first trip since last fall, coming to Lakefield for the dredge "Otonabee," which she took up the lake.

Mr. Frank Young, the owner of the popular steamer, was in town to-day, and stated that the boat had been fitted up for this season's business and would be better prepared than ever to give the patrons of the line a good service.

As soon as the ice is out of Stony Lake a trip will be made and no doubt a good many of the citizens will take advantage of it to see how their property has gone through the winter.

An Address on Canada.

—Mr. J. H. Burnham will deliver an address on Canada at the meeting of the Young Men's Guild of the George street Methodist church, on Thursday evening. The public are cordially invited to attend.

FELL BETWEEN RAILWAY CARS

Walter Reid Injured at American Cereal Works To-Day.

Gangway Dropped And Truck Fell Injuring an Employee—Now at Nicholls' Hospital.

An accident occurred this morning at the American Ceral Company's Works, by which Mr. Walter Reid, a young man, was injured, though at the present time it is hard to give anything definite as to the seriousness or otherwise of those injuries.

It appears that Mr. Reid, who is engaged in the shipping department, was carting goods from one car to another. He had a truck load of cases, and was taking it out of one car when the gangway between them dropped with the result that he fell between the cars, and the truck and cases fell on top of him.

The Dan Spence Ambulance was called into requisition and the injured man was conveyed to Nicholls Hospital, where Dr. Brown attended to his injuries. It was found that he had a cut on his upper lip, which required three stitches to close. His head was also bruised and he was injured in the chest. He was unconscious until after he had reached the hospital, and suffered severely from the shock.

Whether there were any serious internal injuries or not has not as yet been determined, but he is in a condition which requires close medical attention, and it will be some days before he will be altogether out of danger.

As far as can be learned there was no blame attached to the Comme it was purely an accident.

NEW INDUSTRY FOR PETERBORO'

Canada Feather Washing Co. Will Establish Branch in Town.

Will Renovate Beds And Mattresses, Rendering Them Germ Proof—Great Difficulty in Securing Quarters.

Evidences are being shown daily of the present reign of industrial prosperity in Peterborough, and it is again demonstrated by the fact that the promoters of a new industry, who arrived in town last night, are experiencing the utmost difficulty in securing quarters in which to locate.

The Company, which is known as the Canada Feather Washing Company, has permanent branches in many of the larger cities throughout the Province, and will commence operations in Peterborough within a few days. The business, which will include the renovating and cleansing of feather beds, mattresses, etc., is an entirely new branch of business in Peterborough, and one of which the necessity has been much felt. The company will also purchase feathers in any quantity.

The process used is the most modern, the special feature being their thorough sterilization and medication.

The company may locate permanently in town, but in any event, will remain for a period of four or five months. The machinery has already arrived and will be installed as soon as quarters can be secured. Several delivery wagons will be in operation in the course of a few days.

The manager, Mr. Harry Siscoe, will be in town about the end of the week, and will reside at the Munro House.

THE BEEHIVE
The Ladies Big Ready-to-wear Store.

Great Parasol Bargains
For Tuesday and Wednesday

We always try and secure something of very special value for our customers every Friday and Saturday.

This week we have surpassed our usual effort. We could only get about ten dozen of them. They won't last long. It would be well if you would come early

$1.50 for 89c — This is a 23 inch parasol, made with a paragon frame, extra fine mercerized cloth, finished with very pretty horn handles, and in addition it is fully guaranteed. Should you find anything wrong with it all you have to do is to bring it back and exchange it. Come and examine them—they are the regular $1.50 quality.

Fancy Parasols — We are showing some very pretty Fancy Parasols in new designs, this season's latest production. See our dainty white parasols with two, three and four frills. They are very select.

Fancy Parasols for 98c — Our Fancy white and black striped parasols will be on sale also at special price, dainty and new.....98c

Children's Parasols — See the Children's Parasols. We have them in many styles in silk and mercerized, in coloured, toned and white, some are trimmed with insertion at 25c, 40c, 50c, $1, etc.

Special Price All Through The Store — We have so many different styles of parasols—all the new styles are represented here. We couldn't describe them all, but on any parasol you select on Friday and Saturday you can have ten per cent. off.

New Lawn Waists — The new Lawn Waists are now all in, the new styles are all in. We will be glad to show them to you whether you want one just now or not. Come and see them.

LATEST SPORTING NEWS

ORGANIZATION IS NOW COMPLETED

Lacrosse Club Meeting at Y. M. C. A. was Most Enthusiastic

Team Will be Entered in C. L. A.—Officers Elected—Splendid Prospects for Season.

The size and enthusiastic nature of the organization meeting of the Peterborough Lacrosse Club held last night at the Y.M.C.A., certainly augurs well for the prospects for the season, which should mark the opening of a new era in the history of the national game in Peterborough.

The attendance last night numbered about thirty-five of the foremost lacrosse enthusiasts of the town, amongst whom were the following:—Ernie Ford, W. Cavanah, M. Hallihan, Dr. Wightman, Vic Hamilton, H. Morgan, Ed. Dillon, Harold Dunsford, W. Menzies, W. Metheral, F. Stinson, A. Long, J. O'Brien, J. Sheridan, T. Glover, W. O'Brien, Bruce Rickerby, Geo. Rickaby, Bert Cameron, E. M. Best, B. Edwards, W. S. Davidson, W. Donovan, H. Donovan, W. Judd, Eugene McNicholl, R. Eastland, Ed. Mahoney, F. O'Connor, R. Gilman, C. Thompson,

The organization work was accomplished most satisfactorily, and it is now felt that a successful and prosperous season is an assured fact. There will undoubtedly be a superabundance of players—and fast ones, too—from which to select the C.L.A. team, and in order to keep everyone busy the formation of a city league under the auspices of the club is being discussed. The proposition is certainly a good one, and cannot fail to result beneficially, as by this means, a source of supply of players in good condition, who will be available for service in the C.L.A., will be established. Another feature will be its valuable assistance in the development of younger players. A meeting for the organization of the League will be held at a later date. The chair was most acceptably filled by Mr. W. S. Davidson.

The report of the 1904 business was presented by the secretary, Mr. E. M. Best, showing a surplus of $3.49, which considering the somewhat debilitated condition of the game last season is very satisfactory.

The election of officers was then proceeded with, resulting as follows:—

Patrons and Patronesses—Mr. and Mrs. Alex. Elliott, Mr. and Mrs. G. W. Hatton, Mr. and Mrs. H. LeBrun, Hon. J. R. and Mrs. Stratton, Mr. and Mrs. R. R. Hall, M. P., Mr. T. E Bradburn, M.P.P., and Mr. and Mrs. R. A. Morrow.

Honourary President—Wm. Rudkins.

Honourary Vice-President—J. J. Howden.

President—Mr. Walter S. Davidson.

1st Vice-President—Wm. Crowley.

2nd Vice-President—Dr. Wightman.

Secretary-Treasurer—E. M. Best.

Assistant Secretary-Treasurer — Jas. Doris.

Executive Committee—H. Morgan, Wm. Cavanah, R. M. Glover, J. McCabe, Eugene McNicholl.

From the numerous duties delegated to the Executive for performance, it may be safely taken for granted that that body will be one of the busiest aggregations in town during the next several weeks. One of the most important duties devolving upon them will be the matter of the decision as to which series of the C. L. A. the team will be placed in. The election of delegates to the C. L. A. Convention on Good Friday was also left in their hands as was also the appointment of a manager, the duties of which post will this season necessitate the securing of the best available men. The delegates will go to the convention uninstructed as to their action in the election of officers, but were, however, instructed to support the amendment to be introduced by Dan Rose, to the effect that senior players shall be debarred from playing in the junior or intermediate series in the C. L. A. The matter of calling the meeting for the purpose of the formation of the proposed City League was also entrusted to the Executive.

Mr. George Rickaby was present and made a few remarks with reference to the proposed project of securing a senior team for the C. L. A. Mr. Rickerby gave his hearty endorsation to the proposals outlined at the meeting, stating that he preferred the organization of an intermediate or junior team, and would give it his full and hearty support.

CRESCENTS NOW WANT A GAME

Fast Toronto Nine Would Come Here on Friday.

The Line-up of the Team—Manager a Protege of MacEwan's.

The Crescents, of Toronto, are anxious to arrange a game with Manager MacEwan's bunch of ball tossers for Friday. The manager of that team has written here asking if a game could be arranged for the holiday. Thos. Benson, who is the manager of the Crescents is one of the men who learned the game with Manager MacEwan, in the Night Owls, and has developed into a successful manager himself.

The Crescents constitute one of the fastest teams in the city, the players being:—Benson, c and manager; Picard, c; Scott and Calhoon, p; J. Hickey, 1 b; L. Piper, 1 b; Winchester, s. s.; Curly Ross, c. f.; E. Rowlin, l. f.; A. Ross, r. f. This is a team which should be able to play some and the fact that they want to come to Peterborough should be taken as an indication that they consider that Manager MacEwan's team amounts to something.

FRIDAY'S GAME WILL BE FAST

Flaherty Will Be Seen Again in Peterborough Uniform

Delegates to Midland League Annual Meeting—Baseball Notes.

Everything is being arranged for the game Here Good Friday with the Progressive Club of Toronto. The crowd will turn out to give "Tebbie" Flaherty the glad hand after the record he made for himself in Galt last summer. Torrance will catch him. Gillespie will work with McCabe for three innings. Dan will surprise a few with his showing. The annual meeting of the Midland League will be held at the Queen's Hotel Port Hope on Friday. Delegates from here will be R. H. Layfield, M. Conners and R. MacEwan. Bobby Stayne, Peterborough's third baseman led the Toronto City League on Stanley Park in batting 333 and fielding 947. He led such a player as Billy Roddan, both at bat and in the field. He will be here Thursday evening. Bobby will prove himself a favourite with local fans. His habits are faultless both on and off the field.

FLAHERTY GOES TO GALT AGAIN

Clever Local Twirler Will Not Play in Winnipeg.

The despatch from Galt published below will not come as a great surprise to the many friends here of Fred. Flaherty, since it has been known for some time that he was not particularly anxious to go to Winnipeg, with which team he was said to have signed for the season.

It was known that he might decide to return to the town in which he spent last season, and that he has done so will not be surprising.

The despatch says:—

Galt, April 17.—It is welcome news to the "fans" to learn that Flaherty is coming back to Galt to don the uniform of the baseball club of which he was a mainstay last season. Manager Lambe, of Winnipeg, signed him for professional work this season, but Tebbie's heart is with the Canadian Manchester, and he will help keep the town team doing things championwards. Flaherty is ranked as the best pitcher in the amateur ranks in Canada.

BASKET-BALL.

If you want to see a good game of basketball come out to the Y.M.C.A. gymnasium to-morrow evening at 8 o'clock. This will be the last game of the season and is to be played between the Brownies and the Athletes. The teams are both very strong, and it is a matter of much speculation among basketball devotees, which is the stronger. The game of last Saturday evening was an unusually good one, but this one promises to be one better. A preliminary game will be played by the junior boys' team. The proceeds of the evening will go towards paying the expenses of our team which will go to Montreal this week to try to wrest a victory from that stronghold of basketball.

BASEBALL.

The Port Hope Guide says:—"Peterborough is getting right in for ball this year, and on paper they look nearly strong enough to land the championship. Douglas, of Toronto, who two years ago pitched for the Manice team in the Indiana State League and last year with the Orillia team, will be one of the stab artists in the Peterborough nine".

• • • •

There is a communication at this office for the manager of the Peterboroughs.

• • • •

The Toronto Star says that "Lamont, Peterborough" will play third base on a team picked to give the Toronto Eastern Leaguers a game on Saturday. Wonder when Lamont began to honour Peterborough by claiming this town as his home.

• • • •

The baseball team of the Young Men's Guild of St. John's Church will hold a practice this evening at 6.30. All players are requested to turn out and a rattling good practice is anticipated.

• • • •

"Curly" MacLaughlin has received the cold shoulder from the Peterborough management and will have to make his baseball fame known elsewhere.—Port Hope Guide.

• • • •

FOOTBALL.

The Quakers held a very successful practice on Saturday, about fifteen of the boys turned out. The players are shaping up well, and show excellent form for such an early stage in the season. The coach will probably be secured at an early date. The prospects for a fast junior team are good, and should result in the developing of material. A practice will be held to-night.

• • • •

The Old Country Wanderers had a good practice on Saturday afternoon at the Driving Park about twenty players being out in uniform. Though not entering a team in the Midland League, a good season is anticipated and the club will play independent football for the summer. The boys are most enthusiastic over the season's prospects.

• • • •

The Quakers will practice this evening at 7 o'clock, at the Exhibition Grounds.

LACROSSE.

Past President, Dan A. Rose, has given notice of amendment to come before the annual meeting of the Canadian Lacrosse Association on Friday, which shall draw a definite line between the professionalism which now openly exists in the senior series and the amateurism which the constitution calls for. He proposes to exclude the pros from the intermediate and junior series, but to allow professionalism in the senior series. To accomplish this the chief proposal is:—That the following be substituted for the present definition of an amateur:—

"An amateur is one who has never competed for a money prize of monetary consideration, or for any wage or stake bet, who has never engaged in, assisted in, or taught any athletic exercise, as a means of pecuniary gain, and who has never taken part in any competition with anyone who is not an amateur.

"Exception: That amateur athletes shall not lose their amateur status by competing with or against professionals in lacrosse matches for which no money prizes are given, or in championships, competitions, permitted by any lacrosse association."

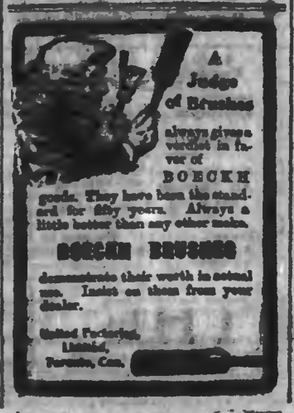
Mr. Rose also asks that the senior players' uniforms be numbered, so that each may be identified. This was formerly the rule, but it was never practised.

• • • •

Mr. Jack McCabe will be one of the delegates to attend the C. L. A. annual meeting on Friday.

• • • •

Mr. Harry Morgan, with his usual sagacity and keen insight regarding sporting affairs, threw out a "poser" at last night's meeting, which had the crowd "guessing some". This was an inquiry as to the status of players who will this year compete against Fergus, which team was last year professionalised, but will drop back to intermediate lacrosse this year.



The wonderfully rapid effect of Dr. Pitcher's Backache-Kidney Tablets in curing the severest kidney, bladder and urinary troubles, makes those affected rejoice. Such diseases and disorders as lame or weak back, swelling of the feet, puffiness under the eyes, gravel, brick deposits in the urine, smarting, frequent calls during the day or night, pain in the joints, uric acid in the blood, drowsiness, headache, rapid loss of flesh, habitual constipation, liver torpor, weakness of the urinary organs in children and the aged—are all quickly relieved and permanently cured.

Mrs. E. Dawson, Main St., Kincardine, Ont., says: "Hard work and constant stooping, together with exposure to cold, brought on severe backache and Kidney trouble. The secretions were thick and scanty. Nothing relieved me until I got a bottle of Dr. Pitcher's Backache-Kidney Tablets. They soon stopped the pain and soreness. The Kidney action became normal and healthy. I am exceedingly grateful, and glad to add this testimony to the expressions of goodwill I have heard others give utterance to."

It is no wonder Dr. Pitcher's Tablets cure so well. They are the prescription of a Kidney specialist and contain those — not found in common kidney pills. 50 Tablets in a box. Price 50c. or $ for $1.25, at druggists or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

SOLDIERS STONED.

Retaliate on Limoges Porcelain Strikers by Firing Bullets, Killing One, Wounding Others.

Limoges, France, April 18.—Disturbances incident to the strike of workmen employed in the porcelain industry were more serious last night. Strikers demanded the release of comrades arrested Sunday night, and attempted to force their way into the prison. They tore down fences, wrecked barricades and raised red and black flags.

Cavalry charged several times, but the horses fell among wire and rope entanglements. A volley of stone hurt several soldiers. The troops then fired blank cartridges, followed by ball, killing one, mortally injuring another, and slightly wounding several of the strikers. Further charges by the cavalry were successful.

Italy Strike a Fizzle.

Rome, April 18.—The strike of railroad men, which began yesterday, was not so successful as expected. Some of the men refused to strike and published a manifesto saying they could not risk the bread of their families.

With these men and a military escort one train left Rome on each line. A car on each train was converted into a prison for use if arrests are necessary.

The leaders of the movement are trying to bring about a general strike of all workmen, but they find little sympathy.

TO DECAPITATE LIBERALS.

But Ottawa License Commissioners Disappointed Deputation.

Ottawa, April 18.—Ottawa license commissioners met yesterday and decided to compel hotelmen, after June 1, to keep shades and blinds up during prohibited hours, and to have glass panels in all doors leading to the bar. The use of tubes, electric buttons and bells in the bars will be prohibited.

A deputation of French Conservatives, asking that Liberals be refused a license, were informed that the question of politics would not be considered in granting licenses. The club through Ald. Boudreault and Ald. Champagne submitted a list of French Conservative eligibles.

COSTIVENESS

SPELLS SICK ALL OVER

Costiveness, if allowed to go unremedied, will lead to habitual constipation, and that means bad blood, poor digestion, unhealthy complexion, headache and nervousness. It is the business of the liver to secrete and remove the bile from the blood, which acts as a cathartic and keeps the bowels regular. Let the liver become sluggish, torpid or inactive, and you are as sure to become costive as the sun is to shine. Smith's Pineapple and Butternut Pills cure costiveness in Nature's way. They restore the liver to normal activity; they remove foul secretions and establish regularity. No matter what you have tried, get Smith's Pineapple and Butternut Pills, and you will obtain health and establish the liver and bowels in healthy action. They cure constipation, biliousness, headache in one night. Price 25 cents at all dealers.

All genuine signed W. F. Smith.

SMITHS BUCHU LITHIA PILLS

DEPARTMENT OF RAILWAYS AND CANALS.

TRENT CANAL.

Sealed tenders, endorsed "Tender for Dredge Machinery," will be received by the undersigned until 12 o'clock on Friday, the 21st April, 1905, for the supply of certain machinery to be delivered at Peterborough, Ont., for a Dredge on the Trent Canal.

Specifications, forms of tender and all necessary information, can be procured at the office of the Superintending Engineer of the Trent Canal, at Peterborough, on and after this date.

The Department does not bind itself to accept the lowest or any tender.

By order,

L. K. JONES, Secretary.

Department of Railways and Canals, Ottawa, 10th April, 1905.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 5d37.

NOTICE!

Re Call for tenders for dredging at Port Arthur and River Kaministiquia

The time for receiving these tenders is extended from the 14th instant, to the 1st May next, inclusive.

The last part of the third paragraph of the advertisement already published should read as follows:—

"Only dredges can be employed upon the work, which were registered in Canada at the time of the filing of the tenders with the Department."

The following is substituted for the fifth paragraph of said advertisement:—

"Intending contractors must be ready to begin work within thirty days after the date at which they have been notified of the acceptance of their tender."

By order,

FRED. GELINAS, Secretary.

Department of Public Works, Ottawa, April 14th, 1905.

The Heart's Highway

by MARY E. WILKINS

Copyright, 1900, by DOUBLEDAY, PAGE & CO.

Then I turned to Sir Humphrey Hyde. "For God's sake, lad," I cried, "if you love her, save her! Only a moment and they will be in here. Hear the door tremble, and then 'twill be arrest and imprisonment, and—I tell thee, lad, leave me and save them."

"They can do as they choose," cried Mary. Then she turned to Sir Humphrey. "Take Catherine, and she will show you the way out by the creek," she said. "As for me, I remain here."

Catherine bent over me and tightened a bandage, but she did not speak. Sir Humphrey looked at me palely and doubtfully.

"Harry," he said, "I can carry thee to the boat, and we can all escape in that way."

"Yes," I replied, "but if I escape through them 'twill serve to convict them, and—and—besides, lad, I cannot be moved, for the bleeding of my wounds, such a long way; and, besides, it is at the best arrest for me, since I have been seen by the whole posse and have shot down Captain Waller. Whither could I fly, pray? Not back to England. Me they will take in custody in any case, and they will not shoot a wounded captive. My life is safe for the time being. Humphrey"—With that I beckoned him to lean over me, which he did, putting his ear close.

"Seize Mary by force and bear her away, lad," I whispered; "down cellar to the boat. Catherine will show thee the way."

"I cannot, Harry," he whispered back, and as I live the tears were in the boy's eyes. "I cannot leave thee, Harry."

"You must. There is no other way if you would save her," I whispered back. "And what good can you do by staying? The four of us will be taken, for you can do nothing for me single handed. Captain Jaynes is killed—I saw him fall—and the parson has fled, and—and—I know not where be the others. For God's sake, lad, save her!"

Then Sir Humphrey, with such a look at me as I never forgot, but have always loved him for, with no more ado turned upon Mary Cavendish and caught her, pinioning both arms, and lifted her as if she had been an infant, and Catherine would have gone to her rescue, but I caught at her hand, which was still at work on my bandage.

"Go you with them and show the way to the boat," I whispered. She set her mouth hard and looked at me. "I will not leave thee," she said.

"If you go not, then they will be lost!" I cried out in desperation. For Mary was shrieking that she would not go, and I knew that Humphrey did not know the way and could not find it and launch the boat in time with that struggling maid to encumber him, for already the door trembled as if to fall.

"I tell you they will not harm a wounded man," I cried. "If you leave me, I am in no more worse case than now and if you remain, think of your sister. You know what she hath done to abet the rebellion. 'Twill all come out if she be found here. Oh, Catherine, if you love her, I pray thee, go."

Then Catherine Cavendish did something which I did not understand at the time and perhaps never understood rightly. Close over me she bent, and her soft hair fell over my face and hers, hiding them, and she kissed me on my forehead, and she said low, but quite clearly, "Whatever thou hast done in the past, my scorn henceforth shall be for the deed, not for thee, for thou art a man."

Then to her feet she sprang and caught hold of Mary's struggling right arm, though it might as well have struggled in a vise as in Sir Humphrey Hyde's reluctant but mighty grasp.

"Mary," she said, "listen to me. 'Tis the best way to save him, to leave him."

Then Mary rolled her piteous blue eyes at her over Sir Humphrey's shoulder from her gold tangle of hair.

"What mean you?" she cried. "I tell you, Catherine, I will never leave him!"

"If we remain we shall all be in custody," replied Catherine in her clear voice, though her face was white as if she were dead, "and our estates may be forfeited, and we have no power to help him. And he must be taken in the end in any case. And if we be free we can save him."

"I will not go without him!" cried Mary. "Set me down, Humphrey, and take up Harry, and I will help thee carry him. Do as I tell thee, Humphrey."

"Harry will be taken in any case," replied Catherine, "and if you take him you will be arrested with him, and then we can do nothing for him. I tell thee, sweet, the only way to save him is to leave him."

Then Mary gave one look at me.

"Harry, is this the truth they tell me?" she cried.

"As God is my witness, dear child," I replied. Then she twisted her white face around toward Sir Humphrey's, who stood pinioning her arms with a look himself as if he were dying.

"Let me loose, Humphrey," she said, "let me loose. Then I swear I will go with you and Catherine."

Then Sir Humphrey loosed her, and straight to me she came and bent over me and kissed me. "Harry," she said in a whisper which was of that strange quality that it seemed to be unable to be heard by any in the whole world save us two, though it was clear enough, "I leave thee because thou tellest me that this is the only way to save thee, but I am thine for life and for death, and nothing shall ever come forever between thee and me, not even thine own self, nor the grave, nor all the wideness of life."

Then she rose and turned to Sir Humphrey and Catherine.

"I am ready," said she, and Sir Humphrey gave my hand one last wring and said that he would stand by me. Then they fled, and as I lay there alone I heard their footsteps on the cellar stairs and presently the dip of the boat as she was launched, and heard it above all the din outside, so keen were my ears for aught that concerned her.

Then that sound and all others grew dim, for I was near swooning, and when the door fell with a mighty crash near me it might have been the fall of a rose leaf on velvet, and I had small heed of the fierce faces which bent over me, yet the hands extended toward my wounds were tender enough. And I saw as in a dream Captain Robert Waller, with his arm tied up, and wondered dimly if we were both dead, for I verily believed that I had killed him, and I heard him say, and his voice sounded as if a sea rolled between us: "'Tis the convict tutor, Wingfield, who held the door, and unless I be much mistaken he hath his death wound. Make a litter and lift him gently, and five of you search the house for whatever other rebels be hid herein."

And as I live, in the midst of my faintness, which made all sounds far away as from beyond the boundary of the flesh and beyond the din of battle, which was still going on, though feebly, like a fire burning to its close, I heard the dip of oars on the creek and knew that Mary Cavendish was safe.

A litter they fashioned from a lid of a chest while the search was going on, and I was lifted upon it with due regard to my wounds, which I thought a generous thing of Captain Waller.

But when I was on the litter, breathing hard, yet with some consciousness,

Captain Noel Jaynes lay dead

he bent close over me and whispered, "Sir, your wounds are bound up with stripe torn from a woman's linen. I have a wife, and I know. Who was in hiding here, sir?"

My eyes flew wide open at that.

"No one," I gasped out. "No one as I live."

But he laughed, and bending still lower, whispered: "Have no fear as to that, Master Wingfield. Convict or not, you are a brave man, and that which you perchance gave your life to hide shall be hidden for all Robert Waller."

So saying he gave the order to carry me forth with as little jolting as might be, and stationed himself at my side lest I come to harm from some overzealous soldier.

The grounds of Laurel Creek and the tobacco fields were a most lamentable sight, though I seemed to see everything as through a mist. Here and there one lay sprawled with limbs curled like a dead spider or else flung out at a stiff length of agony. And Captain Noel Jaynes lay dead with a better look on his gaunt old face in death than in life.

In truth Captain Noel Jaynes might almost have been taken for a good man as he lay there dead. And the outlaw, who lived next door to Margery Kay was doubled up where he fell in a sulky heap of death, and by his side wept his shrewish wife, shrilly lamenting as if she were scolding rather than grieving, and I trew in the midst of it all the thought passed through my mind that it was well for that man that he was past hearing, for it seemed as if she took him to task for having died.

Of Dick Barry was no sign to be seen, but Nick lay not dead, but dead drunk, and over him was crouched one of those black women with a knife in her hand, and no one molested her, thinking him dead, and she was wounded herself, with the blood trickling from her head, unable to carry him from the field as she had brought him.

(To be Continued.)

"Shut your eyes, open your mouth and see what luck will bring you."

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results. She "doctors" month after month, often year after year, in this same blind, hap-hazard fashion, and receives no permanent benefit.

Women take Dr. Pierce's Favorite Prescription with their eyes open to the fact that it cures womanly ills. It cures irregularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness. There is no trusting to luck by those who use "Favorite Prescription."

"In the year 1899 my health was poor," writes Mrs. J. Mack, of 338 Broadway, Buffalo, N. Y. "I suffered from falling of womb, a disagreeable discharge, painful monthly periods, headache, backache and pains in the limbs. Every month was confined to bed for two or three days. Was weak, nervous and hysterical; life was a burden to myself and I made every one in the family unhappy because I was so irritable. My husband got me four bottles of Dr. Pierce's Favorite Prescription, and before I had taken the first bottle I was feeling some relief. The medicine made me well and strong, free from nervousness, aches and pain, and I felt like a new woman. Before I used the 'Favorite Prescription' I had been taking another physician's medicine for nearly three months, but had received no benefit. Your medicine is certainly the best in the world."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a sudden relief over-persuade you to accept a substitute for these Original Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago. Never imitated but never equaled.

GRADUATES OF R. M. C.

They Will Have Refusal of Permanent Corps Commissions.

Ottawa, April 17.—The important step has been resolved upon by giving graduates of the Royal Military College the refusal of commissions in the permanent corps.

The regulations providing for the engineers and permanent artillery and every alternate commission in the permanent cavalry, mounted infantry, infantry and ordnance corps will be offered in the first instance to graduates of the college.

Three commissions will be given annually, should vacancies exist, to the graduating class, viz.: Every year one in the Canadian permanent infantry, and each alternate year one in the permanent engineers, and one in the permanent cavalry or mounted infantry and one in the permanent garrison artillery.

Further, every three years a commission in the permanent corps will be given to the graduating class.

Subpoenas for Six Little Wives.

Chicago, April 17.—Subpoenas have been issued for six women, wives of men employed by various packers. All of these men, it is said, are now in Canada, and the subpoenas for their wives have been issued in connection with alleged disappearance of husbands. The women are: Mrs. Irving A. Vant, wife of the assistant secretary of Swift & Co.; Mrs. James Brennan, whose husband is a department manager for Swift & Co.; Mrs. A. R. Fay, wife of the traffic manager for Swift & Co.; Mrs. Frank A. Spink, wife of the manager for the National Packing Co.; Mrs. Fred Wilbur, wife of the manager of the hide, tallow and cashing department of Swift & Co.

Stricken With Paralysis

Mrs. W. R. Sutherland, St. Andrew's, Man., writes:—I was stricken with paralysis and lost power of the tongue and left leg. For six months I obtained no relief either by doctors' prescriptions or other medicines. My husband got me Dr. Chase's Nerve Food, which has revitalized my nerves and given me full power of the paralysed parts. I am strong and well now, thanks to this great medicine.

Britain's Debt to France.

Paris, April 17.—The Matin says the community of ideas between the United States and France regarding Morocco is most complete, and the paper congratulates the Government upon the cordiality existing in London and the strong support given there to the French position. This leads diplomats to say that Great Britain owes France much more than moral support in Morocco. The Anglo-French understanding resulted in France relinquishing to Great Britain the French shore of Newfoundland and important rights in Egypt, and Great Britain's consideration for this was the recognition of France's paramount influence in Morocco.

Bullet Hits a Powder Cask.

Trenton, Tenn., April 17.—Three men were killed, three injured and considerable damage done to property here Saturday by the explosion of some powder in a storehouse in the rear of a hardware store. Robert Phelan was trying a target gun. It is thought a ball pentrated a can of powder in the storehouse and caused the explosion. Nearly every business house downtown was damaged to some extent.

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

OUTFITTERS FOR GENTLEMEN AND THEIR SONS.

THE FIRE HOSE MATTER AGAIN

Messrs. Turner and Sons Reply to Ald. Johnston.

Latter Gives Information to Substantiate His Statements.

Messrs. J. J. Turner & Sons have sent in the following letter with the request that it be published:—

To the Editor of the Examiner:

Dear Sir,—We notice a statement in your paper yesterday that Alderman Johnston says, Chief Rutherford recommended the Paragon Hose, and that the Gutta Percha & Rubber Company will not supply this brand of hose to local dealers and that we could not purchase this brand of hose at any price, and as that was the brand of hose required there was nothing else but to buy it from the manufacturers. Now when Aldermun Johnston makes this statement he knows, or should know that it is not a true statement, as we tendered for the Paragon Hose with couplings and at the same price as the Corporation paid for it, namely 90c. per foot, for the same hose, and made by the same company, and we offered to have it sent direct from the factory. We are quite aware that the Rubber Company would prefer to sell direct to the Corporation, as they do not allow the Corporation the cash discount, which they allow the dealer. Aldesman Johnston wants to try and make the taxpayers believe that he is right, but we do not think they are so easily fooled. We put in the tender for the goods and if we could not get them, we would be very foolish to tender for them. We could have bought the goods from the Gutta Percha Company cheaper than Alderman Johnston bought them and the taxpayers would have been saved quite a few dollars, but then it is nice to have a trip to Toronto at the taxpayers' expense.

Thanking you Mr. Editor for your valuable space, we remain,

Yours respectfully,

J. J. TURNER & SONS.

Peterborough, April 18th, 1905.

In connection with the above letter, it may be interesting to know that on Feb. 8th, this firm sent the following letter to Ald. Johnston:—

Peterborough, Feb. 8th, 1905.

Alderman Johnston, town.—

Dear Sir, — We would like to put in a tender for the fireman's rubber coats and boots, or any other supplies required.

We will thank you to kindly send a list of the articles required. The last time that the coats and boots were required Ald. Edgcumbe sent the order to Toronto, although we offered the goods at the same prices, and the very same goods, and bought from the same firm, and all we would have made on the deal was the cash discount. We think that all orders should be placed with our own merchants, when practicable, so that if there is anything in it, we will get in, and as long as it does not cost the town anything. We remain,

Yours truly,

J. J. Turner & Sons.

In response to this request, a list of articles required was sent, and on Feb. 15th the firm wrote tendering for the goods. Paragon hose was quoted at 90 cents per foot with couplings, and double coated sheeting coats at $4.50.

On March 25th, an invoice from the Gutta Percha and Rubber Company contained the items, "500 feet 2 1-2 R. L. fire hose, 90c. foot; $450; six only No. 7 firemen's coats, @ $4.50 $27.00."

Ald. Johnston, however, explains to the Examiner, that Mr. Tait of the Gutta Percha and Rubber Company, stated to him that Messrs. Turner & Sons had telephoned that company asking for quotations on these goods, and that an irresponsible boy had answered the 'phone, giving the quotation. As soon as he learned of it he wrote the firm here saying that the company could not fill any orders from them for the Paragon hose.

This is where the matter rests at the present time.

CANINES ARE STILL UNREGISTERED

Only 32 To-date And 1000 Required by May 1st.

Chief of Police Rogel states that there are only thirty-two dog tags taken out to date and one thousand are required to be accounted for by the first of May, 1905. Parties not attending to this important matter before that time will be prosecuted.

Escaped an Operation

"I had itching piles for six years, and the doctors told me there was no cure for me unless through an operation. Dr. Chase's Ointment completely cured me in one week. As that was six months ago, and there has been no return of the old trouble I believe that the cure is a permanent one."—Mr. J. Mawer, Roden, Man.

Leave in your Bicycle for cleaning and repairing before the rush and have it properly attended to.

Fall Wheat One-Third Crop.

Brantford, April 18.—Contradictory statements as to the condition of the fall wheat crop, led The Expositor to make some inquiry of farmers Saturday, as to how the crop stood, throughout the county. Reports to the effect that the crop has been killed outright are incorrect, but it is evident that wheat on low ground has suffered greatly from the ice which lay on it for a long period. On the higher areas the crop is coming along fine, and looking splendid. Some farmers stated this morning that in their locality fall wheat would only be a one-third crop.

HON. G. W. ROSS HAS RETURNED

Former Premier Back in Toronto from Jamaica.

Will Not Take Seat in Legislature Until After Easter.

Special to the Examiner.

Toronto, Ont., April 18.—Hon. G. W. Ross surprised his friends this morning when he returned from the South without any warning. Mr. Ross who has been sojourning in Jamaica for some weeks said that there was little improvement in his old trouble rheumatism, but apart from that he was feeling very well. He said that he would not take his seat in the Legislature until after Easter and in the meantime Mr. Harcourt will continue to lead the Opposition.

FIFTH POPULAR CONCERT
Good Friday Evening, April 21st.
57th Regiment Band
Assisted by Mr. R. Norman Jolliffe and the Harmony Quartette.
Admission 15c cents.

45 Years Old; Has 33 Children.

Naples, April 17.—On the steamer Prinz Regent, from Zanzibar, Madame Gondel, wife of a Hamburg millionaire, has just arrived here. She is only 45 years of age, but is the mother of 33 children—all born during 25 years of wedlock. Five times she had triplets, and some of her children are now traveling with her. Her eldest child is a daughter 24 years of age.

Mrs. Francis H. Medcalf Dead.

Toronto, April 17.—The widow of Francis H. Medcalf, who was Mayor of Toronto from 1844 to 1866, and also in 1874 and 1875, died at her home on Saturday, in her 84th year. Mrs. Medcalf was a native of Burnley, Lancashire.

A Guaranteed Cure for Piles.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you, in 6 to 14 days. 50 cents.

RUSSIANS NOW IN CALAO BAY

Japs Keep Close Tab on Rojestvensky's Squadrons—200 Miles North of Kamranh—Russian Agents Cut the Foochoo and Formosa Cable—Sixteen Japanese Cruisers Sighted—Another Defense Zone Proclaimed by Japan--Japs Indignant Over Alleged Breach of Neutrality by France.

Tokio, April 19.—Rojestvensky's squadron of warships departed on Saturday afternoon from Kamranh Bay and last night was definitely located in Calao Bay, about 240 miles north of its previous position. The Japanese torpedo flotilla "A," commanded by Lieut. Shigetaka Beki, observed the enemy's anchorage at 7.40 in the evening. No fewer than 20 colliers were near the battleships. The cruiser and volunteer division of the fleet were a little further south, at Cape Rantanga. Nine torpedo boat destroyers were with the fleet. It is now the opinion of the Admiralty that Rojestvensky has not been awaiting supplies, but the arrival of the ships which started from Jibutil nine days ago.

Cable to Formosa is Cut.

Tokio, April 19.—The Daily Mail's correspondent at Singapore learns that Russian agents have cut the cable between Fecohoo and Formosa.

16 Jap Naval Scouts.

A despatch to the Daily Mail, dated Manila, April 18, says:—

"This morning sixteen Japanese cruisers and torpedo boat destroyers were scouting off Sampaloo Point."

Three Warships at Batangas.

Manila, April 19.—Three war vessels were sighted at Batangas at 4 o'clock this morning. Their nationality is unknown.

Another Defence Zone.

Tokio, April 19.—The Navy Department yesterday declared Tsugara Straits a zone of defence, with the usual maritime restrictions.

CALLS IN BRITAIN.

Japan is Indignant Over An Alleged Breach of Neutrality.

London, April 19.—Japanese diplomats in London and others regard the alleged breaches of neutrality by French in allowing the Russian second Pacific squadron to remain overtime on the Cochin Chinese coast as one of the most serious developments in the situation. Minister Hayashi was particularly reticent and said he preferred to await confirmation of the report which have appeared to indicate a serious breach of neutrality. Baron Suyematsu, who took a view that was far from being alarmist, said that if the reports were true, Japan would have good cause to complain. Japan, however, had no intention of picking a quarrel with France.

M. Beau Has Instructions.

Paris, April 19.—The French Government has taken every precaution to secure the observance of neutrality in French waters in Indo-China. To this end instructions have been sent to M. Beau, Governor-General of Indo-China, calling his attention to the regulations concerning the observance of neutrality issued at the outset of the war. It is believed that Admiral De Jonquieres (commander of the French naval forces at Saigon), in proceeding to Kamranh Bay (where part of the Russian second Pacific squadron has been seen) is following instructions.

The Japanese legation has not received instructions relative to French neutrality.

Japan is Angry.

Tokio, April 19.—The Jiji Shimpo declares that the use of the Island of Madagascar by the Russian squadron was a direct and prolonged violation of the principle of neutrality, but on account of the distance Japan in that instance simply lodged a protest. Japan, however, insists that Russia is now using Kamranh Bay as a base for action against her opponent, and says she intends to use it as the point for effecting a junction with the remaining division of the squadron.

"If the use of Kamranh Bay is continued," the paper adds, "Japan must regard its neutrality as completely ignored, and she will not be obliged to respect its neutrality. Violations of neutrality in distant ports are not important, but when close to the zone of war, it is impossible to view them with the same leniency."

Calls in Britain.

The Jiji Shimpo further declares that France is lending the Russians efficient assistance thus actually joining issue with Russia again Japan, and that it is now necessary for Japan to notify Great Britain and obtain her co-operation according to the terms of the Anglo-Japanese alliance.

"Protests," the paper asserts, "are unavailing. The time for action has come."

SERGIUS' ASSASSIN WILL DIE.

Protests That He is Prisoner of War, Not Criminal.

Moscow, April 19.—The trial of Kaleieff, who killed Grand Duke Sergius, by the supreme court began and ended yesterday. He will die.

When Kaleieff was arraigned, he replied: "I am not a criminal and you are not my judges. I am your prisoner. We have a civil war; I am a prisoner of war, not a criminal."

Twelve witnesses were examined. Prior to passing sentence, the president asked Kaleieff if he would repeat the crime if he were given his liberty.

He replied: "Without doubt, I would repeat it if ordered by the revolutionary committee, to which I am attached."

When sentence of death was passed, Kaleieff shouted: Execute your judgment as openly as I have acted before the eyes of all."

The date of execution has not been specified.

Conscience Money.

Chatham, April 19.—A conscience-stricken unknown returned $100 to the widow of the man he had defrauded. Judge Houston found an envelope on his desk yesterday and on opening it found therein $100 in bills, and the following letter: "Kindly forward to Mrs. John Wall. I cheated him once." Mr. Wall for years conducted the leading dry goods store in Chatham. He died about 25 years ago. Mrs. Wall is now living with her sons in Cleveland, Ohio.

EASTER MILLINERY

Trimmed and Untrimmed Ready-to-Wear Hats in the very latest ideas in New York and Paris styles.

Leather Hand Bags

Just received a shipment of Hand Bags from a leading maker in New York.

J. SUTCLIFFE & SONS.

TELEPHONES IN GLASGOW

Corporation System Declared to Be a Success.

EVIDENCE OF MR. WILLOCKS

Member of Glasgow City Council Before Dominion Telephone Committee—Outlines the System and Gives Some Telling Facts and Figures Rural 'Phones at $15 and $20 a Year.

Ottawa, April 19.—The story of municipal ownership unfolded yesterday, briefly and graphically to the special Telephone Committee, by Mr. Willocks, a member of the Glasgow City Council, was like a fairy romance. Mr. Willocks, who is visiting Ottawa, was invited to tell the committee of the working of the municipal telephone system in that paragon city of Scotland. He did so and stated that the system in question was a success. Mr. Willocks was most emphatic in his belief of the good results accruing from municipal ownership of public utilities. He had the subject at his finger ends and so interested were the members that the discussion showed a tendency to wander off into other fields of municipal ownership outside of the particular subject of investigation—the telephone.

The Glasgow man outlined the system in his native city. The license to operate had been granted in 1900, over an area of 143 square miles. The license expires in 1918. The great competitor to the municipal system was the National Telephone Co., the telephone octopus of Great Britain. The Municipal Co. had fixed a rate of 5 guineas (£25) a year for an unlimited service. The rates of the National were £10 (£50).

Brought to Time.

The competition of the municipal system had brought the monopoly to time in quick order. The people realized that fair and strenuous competition was the only manner in which an up-to-date and reasonable service could be obtained. Glasgow had in her streets and public places 300 public telephones, the municipal and the National side by side, where, by putting a penny in the slot, connection could be obtained in any part of city and suburbs.

Before the municipal came into the field there were practically no public telephones. The onslaught of the municipal 'phones had brought the National down to its knees there was no agreement between the two companies. The City of Glasgow did not allow poles to be erected in the streets. All lines were underground. No company could fill up the streets, to get to the conduits without consent of the city.

Mr. Maclean asked what would happen if Parliament ordered the city to allow poles, etc., to be erected in the streets.

Know Better There.

"Parliament has too much sense for that," was the quick rejoinder.

The National had the larger number of subscribers, having been in the field much longer. The municipal company had 11,600 subscribers. The result of the competition was that the National would now put a telephone in a residence for a nominal sum of $6 a year and charge one penny a call. Had it not been for the strenuous municipal competition the National would have Glasgow by the throat, as it had other cities. Other cities, seeing the success of the Glasgow system, are now clamoring for reduced rates from the National.

The Only Way.

Mr. Willocks was enthusiastic over the general benefit that had accrued to the citizens through the municipal ownership of the telephones. In his opinion it was the only system that could give modern service at reasonable rates. He received the thanks of the committee for his very instructive statements.

Dr. Ochs, of Hespeler, testified briefly regarding a system absorbed by the Bell Co. in that vicinity. He was of the opinion that there was a demand for telephones among rural residents. The company to which he belonged was obliged to sell out to the Bell because they could not get connection with outside towns. For $15 to $20 a year a first-class service could be given by a well-organized independent company in the County of Waterloo.

Going to Labrador.

Hamilton, April 19.—Rev. Dr. Marsh, F. R. A. S., and G. Perry Jenkins, F. R. A. S., members of the Hamilton Astronomical Society, have been appointed by the Dominion Government as members of the expedition that will set out to view the solar eclipse from Labrador next August. The expedition will be divided into two sections. The first will sail from North Sydney by S. S. La Canadienne about August 5, and will proceed to the vicinity of Ripuelet, Labrador.

Prospector Disappears.

Sault Ste. Marie, April 19.—A mining prospector, Richard Cochrane, has been missing since March 20, and is believed to have been lost. When leaving he did not tell where he was going or for how long. The last seen of him was two days later, out on the Algoma Central Railway, 16 miles. No reason for his leaving so can be given. He was 50 years of age, and leaves a wife and six children.

Seen Caught.

Sault Ste. Marie, April 19.—Robert McDonald is under arrest at Webbwood on the charge of having absconded with funds from the Park Hotel. McDonald was bartender, and Monday night departed, it is said, with the day's receipts and other money totalling more than $200.

Squadron to Carry Remains.

Paris, April 19.—The State Department has advised Ambassador Porter that an American squadron will be sent to take the body of Paul Jones to the United States, probably in June.

Peterborough's Leading Shirt Store.

Ready for Easter

The particular man who wants Shirts before Easter will find a showing here, together with everything that's correct and pleasing in *Ties, Gloves, Collars, etc.*

We know there'll be hundreds of men coming to us this week for the *Shirts, Hats, Ties* and *Gloves* they need for Easter wear. We want you to know that the advantages of not putting off the buying until the last minute are, better assortments, store not so crowded and better service.

A look through our splendid stocks will convince you that this is the place for you to select your Easter Novelties.

Crescent

INK COMPANY WILL REMOVE

Colonial Ink Company Decides to go to Hamilton.

Lower Factory Cost the Consideration which Influenced Them.

The Colonial Ink Company decided yesterday to remove its plant to Hamilton. This decision was arrived at by the shareholders at a general meeting held to consider the matter in the Ambitious City.

The consideration which influenced the shareholders in supporting the proposal to remove was the reduction in factory cost, which the removal would effect. The principal item of reduction being those of power and rent. The fact that this company can secure power cheaper in Hamilton does not mean that the usual prices of power in that city is lower than it is here, because Mr. Jones, the secretary of the company states that he does not know any place in Canada where the price of power under ordinary conditions is lower than in Peterborough, but in the case of this company, they have a good offer from a concern which has a surplus of power, and this fact, combined with a lower rent influenced the move.

It is likely that the company will remove in about three weeks or a month.

A London Murderer.

Fort Fairfield, Me., April 19.—A letter received from Oakland, Cal., police says that Earl Roy Bodine, who has confessed to the authorities there that he murdered an unknown tramp here eight years ago by throwing him into the Aroostook River, has added to his statement the assertion that he worked there under the name of Patrick O'Brien. He was born in London, Ont., and is said to be the son of Marshall Bodine.

Cheaper in Canada.

London, April 19.—Application was made yesterday at Aston police court, by the Aston Guardians, for authority sanctioning the emigration of 13 orphan and deserted children from the cottage homes to Canada. It was pointed out that the establishment of these children in future would be £12 per annum, as compared with the present cost per child of £30 per annum. The magistrates granted the application.

Mr. Hays at Ottawa.

Ottawa, April 19.—Chas. Hays, general manager of the G. T. P., was in the city yesterday on business with the Government.

LARGE AUDIENCE WELL PLEASED

Primary Department of George Street Methodist Sunday School Gave Good Concert.

Children Excel in Vocal and Instrumental Work—Also Good Recitations —Prof. Milner Gave a Piano Solo— Several Drills and Marches—Other Features.

The entertainment given last night in connection with the primary department in George street Methodist School Room, was a decided success, financially as well as from a purely entertainment point of view. Great praise is due the officers and teachers who have taken the trouble to train such a host of little girls and boys. The ladies who took the leading part in this work are, Mrs. Lewis, Superintendent; Mrs. Knapman, Assistant Superintendent; Mrs. Little, Miss Thornton, Miss Lumsden and several others.

The youngsters provoked roars of laughter, and every one enjoyed themselves. One little fellow trotted out to the front of the platform and started right in on his recitation. When he had got half a dozen words out he remembered suddenly that he had omitted the bow to the critics. "No," he said, bowed deeply, started over again and concluded his number and in triumph.

Dr. Crothers, before announcing the next number, said the young gentleman who had just recited must be an Irishman—he had the right to speak twice.

Although all the children did their several parts very well and showed in the rendering of their pieces the great care that must have been bestowed on them, special mention may be made of one or two. The solos by Josie Callander and Harold Hatcher, and the instrumental duet by Harold and Madeline Barker, were all exceptionally good. The recitation, "Little Dead Cat," by Jessie Cressman was also worthy of special mention.

The following is the complete programme:—

Welcome ... ... Seven Little Girls
Prologue ... ...Harold Armstrong
Chorus...Jesus once was a Little Child.
Recitations,—
"The Bashful Boy" ... ...Jimmy Smith
"A Little Brown Baby"...Harold Howland.
"Then and Now" ... ... Milton Brown
Solo, "A Little Boy Called Taps" Harold Hatcher.
Sunbeam Band.
Instrumental duet...Harold and Madelina Baker.
The Days of the Week...Seven Little Girls.
Recitations,—
"If I Knew" ....Myrtle Howland
"The First Train" ... Norman Fort
Doll Drill.
Instrumental music ... ... Prof. Milliner
Solo, "God is Love" Kathleen Gray
Recitation, "A Farmer's Boy"... Orville Jinks.
Song, "From Death to Life"
Recitations,—
"Little Dead Cat" ... ...Jessie Cressman
"Little Mother" ... ...Yula Douglas
Solo, ...Josie Callendar
Receiving Day.
Solo, "Does this Train go to Heaven?" Harold Hatcher.
Recitation, "What could it be?" ...Harold Armstrong and Arthur Nelson.
Chorus, ..."Ring Bell's Ring".

Owing to circumstances over which there was no control, numbers one and two in Part II of the programme were not given.

One of the most pleasant and successful entertainments given in George street church for some time closed by singing the National Anthem.

WEAK, TIRED PEOPLE

Need New Blood in Spring to Bring Health and Strength.

Spring blood is bad blood. It is clogged with impurities that make themselves felt in many ways, such as pimples and eruptions, poor digestion, occasional headaches, twinges of rheumatism, a lazy feeling in the morning, and a strong desire to avoid exertion. Sometimes the nerves are unstrung, you feel dull and depressed, and your strength is slipping away. You can only be put right by enriching the blood and driving out the impurities. Purgatives won't do this—they only make you weaker. What you need is a tonic, and the best tonic that medical science has yet discovered is Dr. Williams' Pink Pills. These pills actually make new, rich, red blood, brace the nerves and bring health and energy to weak, despondent and easily tired men and women. Mrs. Chas. Blackburn, Aylesford Station, N. S., says: "For the past ten years Dr. Williams' Pink Pills is the only medicine I have taken when I found I needed medicine. Last spring I was feeling poorly, was weak, easily tired and depressed. I got three boxes of Dr. Williams' Pink Pills and they made me feel like a new person. They are the best medicine I know of when the blood is out of condition."

If you need a medicine this spring—and there are few people who do not—take a few boxes of Dr. Williams' Pink Pills, and you will find an improved appetite and new health and strength such as no other medicine can give you. There is no disease of the blood these pills will not cure, simply because they make the new, rich blood that drives disease from the system. The genuine Pink Pills have the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Farmer's Barns Burn.

Ripley, April 17.—Fire at midnight yesterday destroyed the barn and annexed sheds belonging to George Brooks, a farmer, residing three miles north of this place. Loss is estimated conservatively at $2,000.

FIREMEN RESENT THE INSINUATIONS

Appointed a Deputation to Wait on Fire, Water and Light Committee to Present Views of Members of the Brigade —The Opinion of the Brigade is That Statements are the Result of a Misunderstanding on Part of the Aldermen—Brigade Takes the Position that Management Has Been Efficient and Rules are Well Observed.

Last night the members of the fire brigade held a meeting, at which the matters discussed at the last meeting of the Committee of the Whole, when the question of the conduct of the firemen, were taken up by the members of the brigade.

Chief Rutherford presided and explained the object of the meeting, which was to decide what action, if any, the brigade would take upon the statements which had been made concerning them at the meeting of the Committee of the Whole.

There was considerable indignation expressed by the different members, all of whom resented the insinuations which had been made by the Aldermen at that meeting, and it was felt that a conference should be held between the members of the Brigade and the Fire, Water and Light Committee.

It was finally decided to appoint a deputation, consisting of Chief Rutherford, Assistant Chief W. Turner, and the secretary, Wm. Bethoral, to wait upon the Fire, Water and Light Committee, and to express to the members of that committee the resentment which the brigade feels at the action taken by the committee.

It was the opinion of the members of the brigade that the statements made by the Aldermen were the result of a lack of knowledge of the circumstances, and a case in point was cited. A man who was discharged from the brigade at the time of the Ottawa fire, five years ago, and who had not been a member since, was seen some little time ago the worse of liquor by one of the Aldermen, and he, thinking that the man was still a member of the brigade, referred to this instance, and cited it as an evidence of his belief, that there was something wrong with the brigade, as far as the conduct of the members was concerned.

It was the opinion of the brigade, that if the aldermen understood the circumstances, and had looked more carefully into the management of the brigade, they would not have thought it necessary to have made the remarks concerning them attributed to the Aldermen.

They point out that there is at present in force in the brigade a strict set of rules, covering the department of its members, and if any member is guilty of an infraction of these rules, he is fined.

In the past these rules have been strictly adhered to, and the firemen assert that they do not deserve the epithets used by some of the Aldermen in referring to them.

One of the City Fathers is said to have called them "drones," and this is resented, since, as is pointed out, every member of the brigade is a mechanic and is employed steadily at his trade. And as far as they have been able to judge, none have acted in a way which has warranted the use of that term in its application to the brigade.

They state that the present trouble has arisen over a man who was not a fireman, and over whose actions the chief had no control, since he was not placed in the same relation to him that the other members of the brigade were.

At the first meeting of the Fire, Water and Light Committee, the deputation named above will wait upon that committee and will present the views of the brigade upon the matter.

Speaking on this question to-day a citizen said that in his opinion, the volunteer brigade system had worked admirably in Peterborough, and he referred to the fact that there had never been in its history, what might have been called a serious fire. The brigade had been under the present chief for 25 years, and Mr. Rutherford had been a member of the brigade for 36 years.

It was the opinion of this gentleman that the volunteer brigade here had rendered more efficient service than paid brigades had done in other cities, and he thought it would be a great pity if the present discussion, which he considered ill-timed, and unwarranted, should lead to the disruption of the brigade, which had given the town good service in the past.

MANY APPEALS DISPOSED OF

Court of Revision Met Last Night to Consider Them

Appeals From Sewer Assessments Predominated—Other Business.

A meeting of the Court of Revision was held last night in the Council Chamber and a number of important appeals were heard and disposed of.

There were present, Ald. Scott (Chairman), Johnston and Begley.

The minutes of meeting of April 10, 1905, were confirmed.

Appeals to be assessed for private sewer connected with the assessment for sewers constructed as local improvements were received from the following and were granted:—

J. J. McBain, 180 Rubidge and 304 King (both off Rubidge street); Geo. Benton, Jr., 234 Rubidge; Thos. Lapiante, 230 Rubidge; John Kelly, 241 Rubidge; 251 Rubidge and 257 Rubidge; Mrs. Mary Thornton, 264 Rubidge street and 270 Rubidge; R. Sheehy, 269 Rubidge; W. Fowler, 272 Rubidge; Joseph Drennan, 797 Rubidge; J. A. Fowler, 277 Rubidge; P. Alexander, 277 Reid street (King street sewer); John J. Howden, 93 London; T. E. Wade, 97 London; J. Richardson, lot 15, Homewood avenue.

A letter was read from C. Pegin regarding the measurement of his property on Sherbrooke street. The Engineer was heard, Assessment confirmed.

Andrew Hay's appeal—Andrew Hay to be assessed King street for 45 feet, 6 inches and 2 feet 3 inches for the lane. J. J. McBain's assessment to be increased to 44 feet 10 inches and 2 feet 2 inches for the lane. Otherwise assessment confirmed.

Mrs. M. J. Dunford, Rubidge street—Mrs. Dunford relieved of assessment of 27 feet for No. 223 Rubidge street and Thos. Lapiante assessed.

The special assessments for sewers constructed in the following streets or parts of streets as altered and amended, was then passed and confirmed:—Park street from Weller to Cedar; Weller street from lot 5 to Walton street; Homewood avenue from Walton street to Monaghan Road; Hunter street from Aylmer street to Stewart street; Sherbrooke street from Balmune street to Stewart street; Sherbrooke street from lot 5 to lot 4, west of George street; King street from Stewart street to Park street; London street from Downie to lot 16 west of George street; London from Harvey street to lot 4 east of Water street and Rubidge from Rink street to lot 13 south of Charlotte street.

The following other applications were considered:—

From John Walt and John Lowcks, for remission of dog taxes for 1904—Granted.

From H. C. Conway for remission of Statute Labour tax for 1904—Not granted.

From H. H. Overend for remission of Statute Labour tax for 1904.—Granted, on condition that he files a receipt for showing that he paid Statute Labour tax for that year in Smith Township.

From Mr. W. Brown for remission of dog tax for 1905.—Granted.

From the Y.W.C.A. for the remission of a balance of taxes for 1904.— Not granted.

The commissioners adjourned.

PUBLIC MEETING TO-MORROW NIGHT

Citizens Should Attend Meeting to Arrange for Dominion Day Celebration.

The attention of the public is called to the meeting to be held tomorrow night at the Council Chamber to arrange for the Dominion Day Celebration. Public feeling appears to almost unanimously favour the project and it is to be hoped that citizens will attend in large numbers to assist in completing the preparatory details, as it is only by a concerted effort, and a generous public interest, that the greatest success may be attained.

The many benefits to the town of a successful celebration are obvious, and if it is undertaken, it should be carried out in a manner which will establish a record amongst the lists of gala days held in Peterborough, in past years.

At to-morrow night's meeting a citizen's committee will be appointed to confer with that selected to represent the Town Council to arrange the details for the celebration and decide upon the form it shall take. The voice of the people should be heard in the matter, and, the meeting will afford an opportunity for an expression of opinion as to the best course to be pursued, and it is hoped that many suggestions which may be of value, will be the outcome of the public discussion.

Appetite Was Poor.

Dizzy Most of The Time.

Could Not Sleep at Night.

Many people are unaware of having anything wrong with their heart or nerves till some little excitement or overwork makes them feel faint and dizzy, or perhaps simply going up or down stairs causes dizziness and specks to float before the eyes. People troubled in this way should heed the warning, and not fail to take treatment before something more serious occurs.

For all heart and nerve troubles there is nothing to equal

Milburn's Heart and Nerve Pills.

We do not claim that they will cure chronic heart disease, but we do claim that they will strengthen the weak heart, and build up the shaky nerve system.

Here is what Mrs. Sidney Hoffman, Hillside, Ont., says:—

"I was troubled greatly with my heart, and was so very nervous that the least little thing startled me.

"My appetite was very poor; I could not sleep at nights, and was dizzy most of the time. I took three boxes of Milburn's Heart and Nerve Pills, and I am very pleased to say that they did me a wonderful lot of good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for $1.25. All druggists, or mailed direct.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

One eye at a time

That's the way we test.
Usually the eyes differ in sight.
A glass which suits one injures the other, and ultimately both suffer.
We use modern appliances, and the greatest care to avoid a misfit.
A misfit would hurt your eyes and our reputation.

Beauty and Utility

Though worn as a necessity, a beautiful eye glass artistically fitted is a facial ornament.

We will fit you with a frame best adapted to your features.

DOCTOR ADVOCATED OPERATION —PE-RU-NA MADE KNIFE UNNECESSARY.

MRS. EVA BARTHO.

Mrs. Eva Bartho, 133 East 12th street, New York City, N. Y., writes:

"I suffered for three years with leucorrhea and ulceration of the womb. The doctor advocated an operation which I dreaded very much, and strongly objected to go under it. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am to-day in perfect health and have not felt so well for fifteen years."—Mrs. Eva Bartho.

It is no longer a question as to whether Peruna can be relied on to cure all such cases. During the many years in which Peruna has been put to test in all forms and stages of acute and chronic catarrh no one year has put this remedy to greater test than the past year.

If all the women who are suffering with any form of female weakness would write to Dr. Hartman, Columbus, Ohio and give him a complete description of their symptoms and the peculiarities of their troubles, he will immediately reply with complete directions for treatment free of charge.

Address Dr. Hartman, President The Hartman Sanitarium, Columbus, Ohio.

EPWORTH LEAGUE MEETING ENJOYED

Young People's Society of Mark Street Church Had Helpful Meeting.

At the Mark street Methodist church Epworth League of Christian Endeavour, a very interesting programme was given at the meeting on Monday evening. The president, Mrs. M. W. Mutchett, was the leader. Readings were given by several members, and Miss E. Dardnelle gave a piano solo, "In the Sweet Bye-and-By," which was much enjoyed; as was also a quartette by Mrs. Cunningham, Mrs. Fowler, Mr. F. Miller and Mr. Midpath. The attendance was much better than usual, and everyone was delighted with the helpful remarks of the president.

GALWAY PIONEER PASSES AWAY

Demise of Mrs. John Kennedy at the Advanced Age of 75 Years.

(Special to the Examiner.)

Galway, April 18—Once more the grim angel has visited this place and claimed for its victim, Mrs. J. Kennedy. Deceased was born in Kings County, Ireland, in 1830. She came to Canada at the age of nineteen years, settling in Peterborough from whence she soon after removed to the Township of Emily where she first met her husband, the late John Kennedy, who predeceased her by about twelve years. After residing in the Township of Emily for about eleven years, they removed to Galway in the year 1860, where they resided continuously until the time of their deaths. Sixteen children were the result of the union, only five surviving to mourn her loss. Those who still survive are:—Mrs. J. Dawson, of Kinmount; William, of Sault Ste. Marie; Mrs. J. Caldwell, of Whitemouth, Man.; Mrs. F. Train, of Toronto; and James, who resides on the homestead. About twenty years ago the deceased had the pleasure of again visiting the land of her youth, and returned home well pleased with her trip. After the funeral service, which was conducted by Rev. Mr. Howard, Church of England, minister; the remains were followed to the Kinmount Cemetery by many sorrowing friends, and sympathizers with the family.

An Explanation of Statements Made Respecting Mr. F. R. J. MacPherson.

We beg to express our regret at the publication in this paper of April 10th, 1905, of an article, in which it was intimated that Mr. F. R. J. MacPherson made a misrepresentation in connection with his business. The article referred to was an advertisement inserted in this paper by Mr. T. D. McGregor, and paid for by him, and stated that Mr. MacPherson had caused an insertion in this paper of an article which was false. In justice to Mr. MacPherson we now beg to state, that we regret having permitted the publication of the advertisement complained of, and we do not wish to be understood as in any way endorsing any statements that may have been made therein, casting a reproach upon Mr. MacPherson's integrity of character. That gentleman is well known in this community, and we believe that any statement reflecting upon him or his conduct of his business, would be unfounded. We have every confidence that any statement or representation he might make respecting the carrying on of his business, or the character of the work done by his firm, would be strictly in accordance with the facts. We are assured by Mr. MacPherson that the article he caused to be published contained no misrepresentation, and we willingly accept this assurance, and take this opportunity of regretting any injury we may have caused to his reputation by the publication of the advertisement previously inserted. dl

PRESBYTERIAN ANNIVERSARIES

St. Paul's and St. Andrew's Unite in Celebrating These on May 14th.

Services Will be Conducted by Rev. A. Gandier and Rev. A. L. Geggie, of Toronto.

The two Presbyterian congregations in town, St. Paul's and St. Andrew's, will celebrate their anniversaries on the same day, May 14th. This is peculiarly fitting this year. By a union meeting of the elders of both congregations held recently, the churches have been brought into closer fellowship and harmony in connection with church extension in town.

A very special interest will also be taken this year in the fact that the Presbytery decided to establish a memorial to the memory of the Rev. John M. Roger, the first minister of both churches. No man could have done more earnest work in establishing gospel ordinances in any community than Mr. Roger. The first memorial of his activity and devotion was the stone church erected seventy years ago on the present site of St. Andrew's. The establishment and success of St. Paul's will also remain a memorial to the memory of its zealous founder. It is needless to say that the influence of this good man was very great throughout the entire Midland district. His work has passed into the hands of other men who have become honoured and blessed in their work, and there are also important congregations to-day ministered to by a number of scholarly and devoted men who had their first inspiration in congregational life from the Rev. J. M. Roger. It is therefore most fitting indeed that while the success of the churches will be largely due to the spiritual leaders in charge through subsequent years, a permanent memorial should be established bearing the name of the esteemed pioneer. The form of this memorial will be such as will not be effaced by time or storm, but will be a perpetual means of developing and fostering the education of young men for the ministry of the Presbyterian Church in Canada, and it has been thought wise to establish a lectureship in the church university.

"If we work upon marble, it will perish; if we work upon brass time will efface; if we rear temples, they will crumble into dust; but if we work upon immortal minds—if we imbue them with right principles, with a just fear of God and love of our fellow men, we engrave on those tablets something which will brighten to all eternity."

The anniversary services will be conducted by Rev. Alfred Gandier, M.A., B.D., of St. James Square church, Toronto; and Rev. A. Logan Geggie, M.A., of Dufferin avenue church, Toronto.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbros Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that Newbro's Herpicide does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that Herpicide means, a destroyer or killer of "Herpes." New "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that Newbro's Herpicide promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Company, Detroit, Mich. Ormond & Walsh, special agents.

READER WANTS TO DROP THE "UGH"

Advocates the "Common Sense" Way of Spelling.

To the Editor of the Examiner:

Dear Sir,—Allow me to make a suggestion. Would it no. be a good idea as this town is about to attain to the dignity of a city, to drop the "ugh" at the end of the name of our town. I consider these three letters are unnecessary and instagnat. The name of this town may officially be spelled "Peterborough" but how many of our citizens spell the word that way when writing? I venture to say not five per cent. Of the hundreds of letters received at our Post Office, very, very few are burdened with the three uncalled for letters. Even the letter stamps have the word spelled in the common-sense way. Government maps, postal guides, etc., spell it "Peterboro". I have noticed that when this town is mentioned in outside newspapers it is invariably "Peterboro". As far as I can make out only the local newspaper offices insist on the longer spelling of the word, and I have been told it is a serious offence for a printer to use the shorter spelling, even with the apostrophe. But why should it be so?

Yours truly,
READER,

GLUE FACTORY FOR BRANTFORD

This "Industry" Will Not Locate in Peterborough.

The glue factory, which, it was thought might be located here, has decided upon a location in Brantford, as the following from the Expositor will show:—

"It has been practically decided that Brantford will have the glue factory after all. Guelph does not want the industry, and Brantford stood as good, if not better, chance than the Royal City, so that Brantford will have it. Several strong petitions have been put into the Guelph council against granting the factory a location in or near that city. However, it is understood that the company can obtain a site in this city at the place where the old park factory stood. There is a T., H. & B. writes there. It is not thought there will be any objections to the location therein."

LETTER FROM REEVE OF SMITH

Mr. R. N. Scott, Writes Interesting Letter Regarding "Good Roads"

Much Information of Practical Value—Explanation of Many Duties of Pathmasters, Commonly Misunderstood.

Mr. R. N. Scott, the popular reeve of Smith township, was in Toronto during several days of last week, attending the meetings of the Western Ontario Good Roads Association.

Mr. Scott in attending the convention, displayed a most commendable public spirit which might well be emulated by the municipal officials in other townships, as the results cannot but fail to be beneficial. The public discussion by competent authorities which takes place, invariably gives rise to many new and progressive ideas, which may be used to great advantage in the improvement of our thoroughfares.

Mr. Scott was in town on Tuesday and gave the Examiner a call, leaving the following letter, which embodies much information of practical value and contains as well a number of excerpts from the statutes of Ontario, with which pathmasters and others should be familiar:

To the Editor of the Examiner:

Dear Sir, — As a delegate to the Western Ontario Good Roads Association, held in Toronto last week, I thought a synopsis of the most important features of the meeting might prove interesting to those who are alive to this question.

The delegates waited on the Government to have the Municipal Act, sec. 606, amended so as to not have the municipalities liable for damages and costs for every little accident that might happen on the highway, whether the municipality is to blame or not.

The way the law is now, the municipality is liable for any accident which might happen on the road inside of the 66 feet, which I think is very unfair, as a careless driver may meet with an accident, which might be all his own fault; still he has the chance to recover damages.

I am of the opinion that the municipality should only be liable for that part of the road between the ditches, and then only when the road is out of repair and they are to blame. In Ontario this liability has been imposed by the Legislature on municipalities under sub-section 1, of section 606 of the Municipal Act, which is as follows: "Every public road, street, bridge and highway shall be kept in repair by the corporations and on default of the corporation so to keep in repair, the corporation besides being subject to any punishment provided by law, shall be civilly responsible for all damages sustained by any person by reason of such default, but the action must be brought within three months after the damages have been sustained."

It is submitted that a municipality should not be held liable for defects in the highways unless the defect is of its own creation, and that sub-section 1 of section 606 quoted, should be amended by eliminating the words "civil liability."

At the meeting several delegates stated that their municipalities had had to pay heavy damages when they were not at fault, as it was pure carelessness on the part of those injured. It was shown how a party received damages by his horse shying at an obstruction on the road, running away and injuring the parties.

Now, I wish to state to the ratepayers of Smith that if you place any obstruction on the road, no matter what it is, you are liable to a heavy fine. The council has the power to do so, whether an accident happens or not.

The criminal code, 1892, articles 191 and 192, which apply to all municipalities, provide that a common nuisance is an unlawful act, or omission to discharge a legal duty, which act or omission endangers the lives, safety, health, prosperity, or comfort of the public or obstructs the public in the exercise or enjoyment of any right, common to all His Majesty's subjects, and every one is guilty of an indictable offence and liable to one year's imprisonment, or a fine, who commits any common nuisance which endangers the lives, safety or health of the public, or which occasions injury to the person of any individual.

Now, my idea in writing this letter is to show the pathmasters the responsible position they hold in the eyes of the law in regard to keeping their road divisions in repair. Do not wait until you meet some councillor to get authority to fix some dangerous part of your road, but go to work and repair it at once, and report to the council at the first opportunity and it will be settled for.

As I said before, in Ontario, the liability to repair extends to the whole width of the highway, and as strictly are all municipalities dealt with, that practically every person using the highway is insured against accident.

The Premier informed the deputation that he did not believe there was a man in the province who understood the municipal law, and the only way to do was to tear it all to pieces, boil it down, and rebuild it, with about one half of the amendment, so it might be understood.

R. N. Scott,
Reeve of Smith.

Escaped an Operation

"I had itching piles for six years, and the doctors told me there was no cure for me unless through an operation. Dr. Chase's Ointment completely cured me in one week. As that was six months ago, and there has been no return of the old trouble I believe that the cure is a permanent one."—Mr. J. Mawar, Roden, Man.

"OZONE" IT'S BEST FORM

The prompt and permanent removal of any internal germs is most surely affected by the use of "Solution of Ozone" if it's 'the coupon kind.' It means the liquified oxygen is in the most concentrated form and that in addition is given free with either the fifty cent size or the one dollar size of the solution a coupon good for a twenty-five cent package of "Celery King." This splendid tonic laxative is needed to obtain the best results in the use of the stringent "Ozone without lessening its curative properties. The Public Drug Co., Bridgeburg, Ont. control exclusively the manufacture of both "Solution of Ozone" and "Celery King." Sold by W. B. Warne, druggist. 10

BUILDINGS FOR SALE BY TENDER

Sealed tenders will be received addressed to the undersigned and endorsed "Tender for Buildings" for the purchase of the Buildings upon the property of the late Silas Burnham, corner of Charlotte and Park streets, Peterborough until noon of Monday the first day of May, in two parcels:—

Parcel I.—The Frame Dwelling House and Kitchen attached.

Parcel II.—The Stable, Sheds and other frame outbuildings.

Terms and Conditions.—(a) Separate sums must be placed on each parcel. (b) The highest or any tender not necessarily accepted. (c) The buildings must be removed from the premises within fifteen days after acceptance of tender. (d) Cash to be paid within one day after acceptance of tender, and before the buildings are disturbed.

The dwelling house is said to be a large two storey sound frame dwelling that could very easily be converted into two or three substantial dwellings and the outbuildings are heavily timbered buildings that might be moved in bulk.

The removal of the buildings is necessitated by the fact that the owners are placing the real estate upon the market for immediate sale.

Dated at Peterborough, the 18th day of April, 1905.

ROGER & BENNET,
Vendor's Solicitors.

CLARKE—MY HATTER

Has your Hat been blowing off your head the last few days?

Have you had to chase yourself and your Hat across the street?

These are questions which require an answer, and if you ask yourself the question the answer no doubt will be

Yes!

All this trouble could have been saved had you only stopped to think, and then gone and bought a Cloth Cap. The Cap will stick on your head, it looks dressy, and then you can laugh at the others as their Hats blow off.

We have every style of Cap that is worn and in nice, neat Tweed patterns.

RESPONSIBILITY OF COUNCILS

Some of the township councils are in search of legislative relief from liability which comes from accidents due to defective highways or bridges. While members of township councils are naturally anxious to be relieved of much of the responsibility which now attaches to them and their actions, it would seem at first thought, that a proposal to entirely, or to any very large extent, relieve them of responsibility for neglect, would be an unwise thing. The duty of councils is to provide good highways, and if the money, and statute labour, appropriated to highways were carefully and wisely spent, there would be little possibility of claims for damages. Experience shows that municipal councils, as a rule, are careless enough, that they, in many cases, perform their duties in a very careless, go-as-you-please way. If, with the fear of actions for damages before their eyes, they do their work carelessly, what would be the consequences if they could do as bad and negligent work as they pleased on the highways, without being held to strict responsibility? The good condition of our highways is so important a matter that municipal councils should be encouraged, spurred on, and, in a way, compelled to provide good highways. The ratepayer is taxed for money to provide good roads, and, if through the carelessness of a council, he finds that his taxes are wasted, and, through the neglect of the body he selects to do his business for him, he has a horse with a broken leg, involving its total loss, he has a good reason to complain. There is no serious objection to legislation which will protect township councils from vexatious lawsuits for damages, but to leave them without responsibility, would, it appears, be a mistake. If the porter of a bank or business house were told that he would not be held responsible for leaving the doors unlocked, thus providing free access for thieves to the valuables within, would that tend to make him more careful? By the same reasoning, if township councils are entirely, or in very large degree, relieved from responsibility for maintaining bad, or dangerous, highways, would that tend to make them perform their duties more carefully? They are careless enough now, but that would be giving a license to the most mischievous neglect. After all, it is not the councillors personally that are concerned; it is the ratepayers who suffer from defective highways; not only the ratepayer who has an animal injured or suffers damage or loss in another way, but all the ratepayers who use the highways, for whose proper maintenance they do their statute labour and pay taxes. Councillors change, as a rule, every year, but the ratepayers—and taxes too—are with us always.

Mr. Scott Reeve of Smith, in an interesting letter printed elsewhere in this issue, gives some good advice to pathmasters, and his letter deals in a very interesting way with road matters in general. In one paragraph, however, he points out in an apparent spirit of complaint, that "no strictly rural municipalities deal with that, practically, every person using the highway is insured against accident." Is not this as it should be? Should not the primary object of constructing highways be to serve the public which pays for their construction, in the best possible way. It seems that it is as much the function of local legislators to protect the public who use the highways from accident and injury resulting from imperfect construction, as it is the duty of the Dominion Legislature to protect them from highwaymen. It may be all right to limit the liability of municipal corporations to some extent, in the direction intimated by Mr. Scott, but there should be the greatest care exercised not to go too far. A township council one year might be composed of men who would keep the highways and bridges in good condition, no matter what the law might be; but it can easily happen that the next year's council would be composed of men who would take advantage of a law relieving them from responsibility, and leave the highways in a deplorable condition to the vexation and injury of the public. Good roads are an object to be aimed at, and no relaxation in respect of responsibility that will tend to careless or perfunctory dealing with highways, should be encouraged. Keep the roads in good condition and there will be no accidents that a jury would hold a municipality responsible for.

EDITORIAL NOTES.

We are compelled to take iced weather from Manitoba, but we must draw the boundary at politics and boundaries.

Lord Aylmer, General Officer Commanding the Canadian militia, wants more rifle ranges. A very proper ambition; for, a soldier who cannot shoot, is as much out of joint with the nature of things as a lady who cannot—converse.

The Conservative Government is consistent, anyway, in some respects. On the heels of the importation of a Yankee expert to look into our finances, comes the charge that confidential information about Government correspondence is printed in Detroit newspapers before it appears in Canadian journals. Col. Matheson, as a soldier, will be placed in somewhat of a quandary in case of hostilities with our neighbours, if he has to shoot down his own financial expert, and order the shelling of his pet Yankee newspaper office.

On Monday the Examiner reprinted from four Toronto newspapers appreciative notices of the excellent work of Miss Roger at her King Edward recital, but not one of them identified her as being a resident of Peterborough. Toronto is big enough not to be jealous of this town. If Miss Roger had been a failure, instead of a conspicuous success, she would have been assigned to Peterborough in capital letters. The old Globe is the only paper which associates Peterborough with mention of Miss Roger's success.

Hon. Mr. Hanna, Provincial Secretary, in the Conservative Government at Toronto, has beheaded eighteen or twenty Liberal license inspectors, and replaced them with Conservatives. This is a fine evidence of the desire of the Conservative Government to remove administration of the license law from political influences. Setting a thief to catch a thief of the same gang is good business compared with employing partizans nominated by partizan patronage committees, to infuse less partizanship into license law administration.

CANADIAN GENERAL NEW STOCK ISSUE

Capital to be Increased from $3,000,000 to $5,000,000—The Increased Capital to be Used for Extension of the Works Here—$900,000 Will be Issued at Once and Will be Offered to the Present Holders of Common Stock—Great Progress Made by the Local Concern—Is now Among the Largest Industries Established in Canada.

Following the informal announcement made in the Examiner on Saturday, it is now definitely stated upon information which comes from a source which gives it an undoubted authority, that the Canadian General Electric Company will in the near future embark upon an elaborate campaign of extension, and the works here, which it has been well known for some time, have been badly cramped for space will be very materially increased in size and capacity.

The Toronto News last night contained the following article which means a great deal more to Peterborough than it could possibly mean to Toronto:—

"At a special meeting of the shareholders of the Canadian General Electric Company, held at the office, 14 East King street, this morning, Mr. H. P. Dwight, in the chair, it was decided to increase the capital stock from $3,000,000 to $5,000,000, by the issue of 20,000 shares of common stock at $100 each.

It was explained that the whole of the hitherto authorized capital stock of the company had been taken up and subscribed for, and the full amount paid up, and that it was requisite and expedient for the due carrying out of the objects of the concern, and for the extension of its business that the increase should be made. Of the $3,000,000, $2,700,000 is common stock, and $300,000 preferred.

Although the additional $2,000,000 was sanctioned, The News was informed that it is not at present proposed to issue more than 9,000 shares, which will realize $900,000, and this will be offered to the shareholders of common stock in the proportion of one share to three of their holdings at a premium rate of $125 for each $100 share."

To those who have been in the secrets of the Company here it has been known for some time that the extensions foreshadowed by the announcement made above would only be a matter of a short time, since the local works of the Company have been for some time enjoying a period of absolutely unexampled prosperity, and the orders have been coming in at a far greater rate than the manufacturing facilities were prepared for, and it became necessary to come to a decision as to whether the company would erect new buildings to handle the business offering or lose that business because of the lack of manufacturing facilities.

The Company, very wisely decided upon the former course, and as the article quoted above indicates, with the new capital which will be secured by the issuance of the stock referred to, enlargements will be made to the works here, which will will increase their capacity to such an extent that they will be in a position to handle satisfactorily the business which is coming to it.

In this connection it may not be out of place to review briefly the really remarkable history of this properous Company, to which the town of Peterborough owes so much of its present prosperity, and the fact that it has reached the stage where it can be called a city, and not one of the smallest ones at that, is due, to a very large extent, to the presence here of the Canadian General Electric Company, and the fact of a further extension of the plant here, cannot be received with anything but the deepest satisfaction by the many hundreds of ratepayers, as well as everyone interested in any way in the town's progress.

Since the company first located here, about fourteen years ago, it has been a continual story of progress, and almost every year has seen some addition being made to the works, until to-day they are among the largest industrial works in Canada, and with the enlargements contemplated they will no doubt be altogether the most extensive.

The remarkable development of the natural resources of the country, the utilization of the water powers abounding throughout the Dominion, and the general industrial progress, has created a great demand for electrical machinery, and, naturally, this fact has resulted in an expansion of the business of the local concern.

It is expected that one of the first steps in the proposed enlargement of the plant will be the erection of a building, 250 feet in length, and of proportionate width, along the northern boundary of the company's present property. This will give a greatly increased manufacturing space, and it is probable as occasion demands other extensions will be made.

Epworth League Convention, Denver, Colo., July 5-9, 1905.

Return fare — $40.70, from Peterborough, tickets good going June 29th to July 3rd, also July 4th; good returning from Denver July 5th to 14th, or a deposit of 50 cents will extend time to Aug. 8th. The excellent train service of the Grand Trunk to Chicago, which makes connections with all direct lines to Denver, should make this the desired route. Call on city ticket agent for full particulars 4dlw

SMITH TOWNSHIP'S BIG BEEF CATTLE

Mr. H. E. McKee's Quartette of 1,500 Pound Two Year Olds.

The residents of Smith township, famous as they are for their many achievements along the line of stock-raising, have occasion, indeed, to feel proud of their latest, and probably most noteworthy accomplishment along this line. This, is the sale yesterday by Mr. Herbert E. McKee, of four two-year old steers, which aggregated in weight 5890 lbs., or an average of 1472 lbs. One of the cattle weighed 1500 lbs.

This is considered by local live-stock experts to be most phenomenal, and it is said that for this class of cattle nothing approaching this weight has ever been known in Peterborough.

The cattle, which were thoroughbreds, were purchased by Messrs. H. White & Son, wholesale pork and beef packers, who deal largely in export cattle. This is a new and extremely satisfactory feature of the local live stock market, and testifies to the growth of business along this line locally, as heretofore there has been no market here for this class of stock.

Mr. McKee, who raised the stock, is certainly deserving of great credit for his enterprise, and his success should be an encouragement to others to improve the quality of their stock, as it amply demonstrates what may be accomplished in the raising of first class export cattle.

Second Hand Wood Cook Stoves for the Outside Kitchen

We have quite a few Stoves suitable for this purpose and would like to dispose of them this week. If you want one cheap, call at once.

FIRST MARCH-OUT ON TUESDAY

57th Regiment Will Parade With Both Bands.

Extra Large Drill Last Night—Many Promotions Gazetted.

Last night the regular weekly drill of the 57th Regiment was held, and the turn-out was again very large, the strength of the Regiment being greater than it was at any time during last year, which evidences the great interest that is being taken in the Regiment by the members.

After the drill a meeting of the officers was held, when the question of providing a front plate for the helmets was discussed. Nothing definite was done, however, as it was understood that the Government was considering the advisability of issuing universal plates for use in all the Regiments.

Arrangements were discussed for the annual inspection which will be held early in June, and the inspecting officer will be Col. Gordon, the successor to Col. Buchan, who inspected the Regiment last year.

The following orders were issued:

Headquarters,
Peterborough.
April 18th, 1905.

By order Lieut.-Col. J. W. Miller, Commanding 57th Regiment, Peterborough Rangers.

No. 1.—The following extract from General Orders of March 7th, 1905, is promulgated for the information of the Regiment:—"57th Regiment, Peterborough Rangers, to be provisional Lieutenants:—Thomas J. Wallace, gentleman; Ernest Maurice Best, gentleman. 24th February, 1905.

No. 2.—The following are taken on the strength of the regiment:—No. 2 Co.—April 4th, 1905—Ptes. H. A. LeBar, J. Shaughnessy, F. W. Hamilton, E. Kimble, J. Loucks, F. Dumble; No. 3 Co.—April 11th, 1905—Ptes. W. J. McFaul, R. Hillier, B. Bartley, R. E. Menzies; No. 4 Co.—April 11th, 1905—Ptes. G. H. Armstrong, C. E. Sanderson, R.H.H. Blackwell, H. G. W. Moore, S. G. Fife, E. G. Cooney, R. M. Hillier, A. J. Morency, W. Jones, W. L. Mitchell, C.T.L. Arnott; April 18th, 1905,—Ptes. S. W. Canniff, H. Macdonald, V. Wilson, W. R. Turner; No. 5.—April 4th, 1905,—Ptes. H. Young, J. Medd, H. A. Watson, G. Mooney, F. Scriver, G. W. Henderson, J. Faux, C. N. Asselstine, H. C. Macilmoyle; April 11th, 1905—Ptes. D. B. Mullen, J. E. Lang, G. F. Clark; April 18th, 1905—Ptes. J. R. Miller, A. G. Mullen; No. 6.—April 4th, 1905.—Ptes. J. O. Lightfoot, L. T. Graham, W. J. Brooks, H. Meehan, Wm. Lasher, W. S. Hamilton, W. J. Connors, T. A. Frost; April 11th, 1905—H. R. Moore, W. G. Collins, C. H. Kingscote; April 18th, 1905—H. Conroy, A. H. Dryland, W. D. Macdonald, J. R. Turner, W. M. Cox, H. F. Hall, G. G. Green, R. H. Elliott, C. E. Anderson, J. Gibson; No. 7.—April 4th, 1905—Ptes. G. Barrie, R. Sisson, S. Files, B. Williamson, H. Latimer, W. McIntosh, H. Hamilton, G. Hall;; No. 8 Co.—April 4th, 1905.—Ptes. C. F. O. Rush, A. J. Sollit, C. Brownscombe, L. J. Dormer, W. J. Metheral; April 11th, 1905,—Ptes. D. Copperthwaite, W. E. Graham, K. G. Loch, W. L. Distin, No. 9.—The Regiment will parade, with both bands, at the armouries, on Tuesday, April 25th, 1905, at 8 p. m., when the first march out of the season will take place.

No. 4.—The buglers and Drummers will resume their practices at the armouries at 8 p. m., on Mondays and Fridays.

No. 5.—A recruit class in charge of Sergt.-Major Brittain will be held at the armouries at 8 p. m., on Thursdays, until further orders. All recruits will attend this class until dismissed to their respective companies.

No. 6.—Lieutenant Wallace is hereby posted to No. 8 Company and Lieutenant Best to No. 7 Company.

No. 7.—The Commanding Officer has been pleased to make the following promotions:—No. 2 Co., to be corporals, provisionally, Ptes. B. Lock, H. Degan, and W. Hall; No. 4 Co., to be colour-sergeant, Sergt. Waterman, vice-Sergt. Best, resigned; to be corporals, provisionally, Ptes. Canniff, Arnott, Blackwell, and Sanderson; No. 5 Co., to be sergeant, provisionally, corp. J. Ross; to be corporals, provisionally, Ptes. E. Brandt and G. Macdonald.

No. 8.—For the information of the regiment it is hereby made known that efficiency pay for 1905 will be drawn by no man who has attended less than twelve regimental drills during the season. Other regulations regarding this pay will be issued at a later date.

No. 10.—All Company Rolls must hereafter be sent to the orderly-room within ten minutes' after the roll call for each parade.

By order,
D. WALKER,
Capt. Adjutant.

SPECIAL FOR EASTER

A. H. Stratton & Co.

SUBSCRIPTIONS TO THE "DOMINION"

Local Bank Will Accept Contributions for Library.

Twenty Five Cent Offerings May be Made to Bank of Montreal.

Peterborough citizens will now have an opportunity of contributing to a fund which has been started for furnishing a library, etc., for the new battleship "Dominion". The following description of the ship and nature of the fund will be interesting:—

"This magnificent battleship is one of the four sister ships built by the British Government and recently launched and which have been named respectively, "Dominion", "Commonwealth" "New Zealand" and "Africa". They are all of the same tonnage, and are the largest and finest battleships in the British Navy.

"The names have been given to the respective ships out of compliment to Canada and the other countries whose names have been adopted. Australia, New Zealand and South Africa have each raised subscriptions and made presentations to the different ships respectively named after them.

"Canada" should not be behind her sisters, and a subscription limited to twenty-five cents from each person is now being made. The amount collected will be used to purchase books for the ship's library, trophies to be competed for by the different crews of gunners, or plate for use in the wardroom of the ship, all of which will be presented to "H. M. S. Dominion" as a birthday gift from the Dominion of Canada".

Mr. K. Eardley-Wilmot manager of the Bank of Montreal has kindly consented to receive subscriptions, limited to twenty-five cents from each person as stated above, and will be pleased to acknowledge the same for this patriotic purpose.

Y. W. C. A. FURNISHINGS.

Practically all the Carpets, Curtains and Draperies have been supplied by Richard Hall & Son

In justice to the Ladies' Furnishing Committee of the Y.W.C.A. we might say that although we have practically supplied all the carpets, curtains and draperies for the building they have all been paid for by the ladies who are furnishing the rooms and we think it very unjust that the committee should be found fault with when it is a matter which rests entirely with persons who are furnishing the different rooms.

Hoping the public will not again be led to believe we have received any unjust favours in the matter, we are,

Yours truly,
RICHARD HALL & SON.

SEPARATE SCHOOL TENDERS OPENED

Building committee Considered Them Last Night

Meeting of Separate School Board Will Be Held on Thursday Night.

Last night the tenders for the new separate school building were opened by a special committee representing the school board, appointed for that purpose, but the contract will not be let until to-morrow night when the whole board will meet to receive the report of the Building Committee.

It is understood that there were a large number of tenderers, but any information as to whom the committee will recommend as the one to whom the contract should be let is not available at the present time.

WORK OF THE YEAR OF BOY ATHLETES

Sketch of Boys' Work in Connection with the Y.M.C.A.

Outcome of Competition Contest—A "Dead Heat" Class Finish—Relay Race to Break The Tie Won by Wallace's Team.

The boys' work in connection with the Y.M.C.A. this year has been very successful, and particularly that of the gymnasium classes. It will be a source of pleasure to all concerned if the men would show the interest and enthusiasm that is exhibited by the boys.

Throughout the whole year competitive contests have been held among the boys. The whole class is divided into two teams, the boys of which are chosen by a captain, the sides keeping together throughout the whole season. Relay races, hustle ball, ring hockey, basketball and other games and contests are participated in. The winning side in each event scores a point. Intense enthusiasm is shown in these games, where they very naturally meet that requirement in the making of a true boy—the spirit of excelling and winning.

The two junior intermediate teams consist of:—First, Peter Wallace (Capt.) Preston Grange, Ernest Thornton, Chas. Thornton, Leo Borrowdale, Lesley Fife, Alex. McGregor, Geo. Hawley, John Moss, Herb Taylor, Norman Barrie, Victor Carton, Wellington Henthorne, Murray Nichol, Fred. Baker, Percy Parrington.

Second team:—Geo. Martin (Capt.) Fred. Hall, Arthur Hall, Ernest Saxeby, John Evans, Harry Lloyd, Arthur Vincent, Wilbert Yelland, Wallace Harris, Harry Board, Cecil Stark, Geo. Hilliard, Ben. Bellegham, Ed. Moss, Wm. Saxeby, Earl Baker.

These two teams finished up their games Monday night. At the close they stood a tie. It was decided to run a relay race to break the tie. This final contest proved very intense and exciting every boy running his best, and then coaching other runners of his side. Peter Wallace's team won by about six inches, thus becoming victors of the whole contest.

It had previously been decided that the losing team should put up a banquet for the winners, but the winners felt so good over their victory that they volunteered to also supply half of the banquet with the losers providing they would wait upon them at the table. Pies, cakes, biscuits, sandwiches, salads, cheese, pickles, meats, oranges, apples, candy and coffee will go towards making up the bill of fare.

John Evans, Murray Nichol, Fred. Hall, Geo. Martin, Peter Wallace, and Preston Grange were elected as a banquet committee. The banquet will be held on this Thursday evening at 8 o'clock.

GUILD LEAGUE'S ANNUAL MEETING

Seven Teams will Likely Constitute League This Year.

To-night the annual meeting of the Guild Baseball League will be held in the Y.M.C.A. when it is expected that seven teams will enter the league for this season. The League will be constituted the same as last year, with the addition of St. John's, which Guild will place a strong team in the league. The meeting will be held at 8 o'clock in the Y.M.C.A. Hall. It is not expected that there will be any radical changes in the league this year, and the constitution as adopted last year will in all probability be maintained for this year.

LOCAL TEAM PLAYING FRIDAY

All Arrangements are Made for Game on Good Friday.

The Peterborough Midland League Club have completed arrangements for a game with the fast Progressive Club of Toronto, for the afternoon of Good Friday at the T. A. S. grounds. A good game may be looked for, as with Flaherty in the box and the other new players, the locals will be very strong.

TWO WRESTLERS IN CHAMPIONSHIPS

W. J. Grady and Eugene Hurtubise Will Compete at Toronto.

Among the entries for the Canadian amateur wrestling and boxing championship to be held in Toronto on Thursday, Friday and Saturday, are those of W. J. Grady, who enters the 158 pound class and E. Hurtubise, the present amateur heavyweight champion, who enters the same class again, and in which there is only one other only, a Buffalo man.

BASEBALL.

The Young Ponies and Wellingtons will play a game on Friday morning at 10 o'clock on Morrow's field.

THE LEGISLATURE.

Mr. McGarry Attacks the Copper Trust—Legislature Will Adjourn Thursday Until May Second.

Toronto, April 19.—The Legislature will adjourn on Thursday until May 2, owing to the visit of the Governor-General and the horse show, which functions will divert the attention of a number of the Legislators from public business. Mr. Whitney urged as a third reason that the Government required some time to prepare public bills for presentation to the House.

The debate on the budget is drawing to a close, and yesterday afternoon produced nothing very new except the attack of Mr. McGarry upon the policy of the nickel trust at Copper Cliff. His speech was fluent and incisive. Mr. S. Clarke's persiflage proved amusing to the House, and he made a strong plea for the temperance policy of the late Government. Mr. R. A. Thompson moved the adjournment of the debate, which will technically close this afternoon.

Lunatics in Chatham Jail.

Before the orders of the day were called, Mr. Bowyer called attention to an article in The Chatham Planet regarding the incarceration in the Chatham jail of two dangerous lunatics.

Hon. Mr. Hanna replied that he had made enquiries and had found that no report of the case had come to the department. He had given instructions that the parties be removed.

Bills Read a First Time.

A large number of bills were read a first time, among them being one to regulate the width of sleigh runners, and Mr. Downey's to provide for the exemption of woodlands from taxation; also to amend the Assessment Act.

The Public Debt.

Hon. Mr. Matheson has given notice of two bills relating to the public debt, and to raise money on the credit of the Consolidated Revenue Fund of Ontario. The first provides machinery for regulating the public debt and the second gives authority to borrow money if necessary to meet the Temiskaming Railway bonds. Mr. Jamieson gives notice of a bill to amend the Public Schools Act, and Mr. Preston, of Brant, of a bill to amend the act respecting gas and water companies.

ASTONISHED THE DOCTOR

Mrs. Eaton Recovering, Although Her Physician said she might drop dead at any time.

MRS. ROBERT EATON SO.

"The Doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robert Eaton of Dufferin, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me so. I was bothered with nervousness, shortness of breath, dizziness, loss of appetite, smothering and sinking spells, and I could not sleep.

"Sometimes a great weakness would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me.

"I took all kinds of medicines, but kept gradually growing worse until about eight weeks ago, when I began using Dr. Leonhardt's Anti-Pill. From the start I improved until now my appetite has returned, I can sleep well, and have no nervousness, dizziness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Pill has made a new woman of me.

"I am entirely cured and cannot say too much for this wonderful remedy. I would most heartily recommend Anti-Pill to anyone suffering as I do."

THAT FISHERY DISPUTE.

Hon. Mr. Prefontaine, in Answer to Questions, Says He Has Not Heard From Dr. Reaume.

Ottawa, April 19.—In the House yesterday, Mr. Boyce called attention to a despatch from Dr. Reaume, Commissioner of Public Works, Ontario, stating that unless the Minister of Marine and Fisheries extended to the whole Province the privilege granted to the fishermen of a portion of the Lake Erie coast he would cancel all licenses; that it must be equal rights to the whole Province. He asked what steps the Minister had taken in reply to that telegraphic message.

Mr. Prefontaine replied that an inquiry did not disclose that such a despatch had been received at his Department, therefore he could not answer the question. He reminded Mr. Boyce, however, that in some portions of the Province there was no close season at all, and that there could not very well be uniformity.

In reply to Mr. Foster, Mr. Prefontaine said the ice-breaker Montcalm, in his opinion, was all right. It is now safely anchored in clear water, its winter task was done, and it was now resting quietly, though literally surrounded by mountains of ice.

Mr. MacLean asked the Premier about the Arctic expedition being fitted up at Cape Breton by Americans. It might not merely be a voyage of discovery, and Canadian interests should be safeguarded.

The Premier: The S. S. Arctic is in those waters and will do the necessary safeguarding.

The Autonomy Debate.

The speakers on the autonomy bills were Mr. Lawrence of Colchester, Mr. Armstrong of East Lambton, Mr. Bole of Winnipeg, and Mr. Paquet of L'Islet. Mr. Henderson of Halton moved the adjournment of the debate and the House adjourned at 9.30 p. m.

M. P.'s in a Fall.

A dozen members of the Commons had an exciting experience at noon yesterday. The elevator suddenly took a turn for the worse and fell from the second storey to the bottom of the shaft. Messrs. Gallihet, MacPherson of Vancouver, Blain, Caldwell, Talbot and Wilson were on it when it made a beeline for the bottom. Luckily, the safety brake did its duty, and beyond some severe shakings and depleted vocabularies nothing more serious resulted. A year ago a similar thing happened. Mr. MacPherson was then in the cage. Mr. MacPherson brought the matter to the Government. He pointed out the dire possibilities of such occurrences, and an enquiry is to be instituted.

No Canada-Mexico Line.

Ottawa, April 19.—The proposed steamship service between Canada and Mexico on the Atlantic coast has fallen through. The Mexican Government refused to contribute anything for a line that calls at Cuban ports on their way to and from Canada, and it is impossible to get any steamship company that will take the contract under those terms. The Department of Trade and Commerce will offer a subsidy to a line of steamships to Cuba, connecting the Bahamas, for a monthly service all the year around between Canada and Europe, calling at Charlottetown, Halifax and Nassau. In summer the steamers will start at Montreal, and in winter the terminus will be Halifax. The department expects to have the line established this season.

Passed by Railway Committee.

Ottawa, April 18.—The bill to grant an extension of time to the Ontario, Hudson Bay and Western Railway was considered by the Railway Committee yesterday. The bill received the support of two-thirds of the committee. The Montreal, Ottawa, Kingston and Georgian Railway Co. has changed its name to the Dominion Central Railway.

Wins Honor at Harvard.

Ottawa, April 19.—H. C. Vaughan, of the sessional staff of the House of Commons has received word that his son, Clement Vaughan, M. A., has been awarded the traveling scholarship at Harvard University, where he is a post-graduate student.

The Fisheries Service.

Ottawa, April 19.—Capt. Walsham, of the Dominion fisheries protection service, left yesterday for Quebec, to take command of his steamer, La Canadienne, which will again this season be employed in patrolling the Gulf of St. Lawrence.

TWO HOTELS BURNED.

Wallaceburg and Listowel Have Bad Fires—Berlin's Escape.

Wallaceburg, April 19.—Fire at 2.45 yesterday morning, in the Arthur Hotel stables, quickly spread to the hotel. Though the occupants escaped, the building and contents are a total loss. Evans' bakery and McQuay's barber shop in the same block are totally destroyed. McQuay, in attempting to save the fixtures, was overcome by smoke and had to be carried out. The fire lasted until 8 o'clock. The Hotel Arthur loss is $15,000; insurance $7,000; other buildings, $5,000. Another blaze in the afternoon badly scorched the Strydenham Glass Works.

At Listowel.

Listowel, April 19.—The Mennel House, operated by John Welsh, was discovered on fire early yesterday morning. It was a frame structure, opposite the Grand Trunk depot. The building and contents were entirely destroyed. The loss is about $4,000.

At Berlin.

Berlin, April 19.—What might have been a very serious fire was prevented by the quick action of the fire department here yesterday, when a barn in the rear of E. O. Boehmer's departmental store took fire. The Waterloo brigade was called, but the fire was under control when they arrived.

Corby Gives a Park.

Belleville, April 9.—H. Corby, ex-M. P., has presented a piece of property on William street to the city, to be used as a park. Mr. Corby had just refused $1,000 for the property.

A COUNCIL OF EMPIRE.

Premier Balfour's Diplomatic Answer in House to Liberal M.P.

London, April 19.—(C.A.P.)—Alex. W. Black, Liberal, asked the Prime Minister in the House of Commons whether at the projected colonial conference the delegates would be invited to consider the establishment of a council of the Empire as a better method of cementing the Empire, rather than the adoption of any scheme for the exaction of a duty on wheat and flour.

adoption of any scheme for the ex-council of the empire, rather than the action of a duty on wheat and flour.

Mr. Balfour replied that the conference itself would be a council of the Empire. The establishment of machinery for making recommendations to the different parts of the Empire could hardly be regarded as an alternative to some special scheme which the council itself might propose.

Contract Awarded.

Toronto, April 18.—The contract for 44,000 feet of ten-inch cast iron tubing to be used in installing the pneumatic postal system in Toronto and Montreal, has been awarded by the Dominion Government to the Alexander Maclaren Co. of Glasgow at $1.50 per foot. The work of digging the trench and laying the pipe will be done by the Toronto Pneumatic Tube Co., a branch of a Boston concern. No Canadian firm tendered for the tubing and Canadian labor must be employed wherever possible in the work of installation. The distance to be covered is estimated at 18,000 feet. The entire cost is placed at $300,000.

YOUR MIRROR TELLS THE TRUTH

If your mirror tells you that your face is losing its roundness, the eyes their lustre and the cheeks their glow, don't blame the mirror. You are losing flesh—there's a waste somewhere. Try the scales. You don't tip the beam at the point you did formerly. It's several notches back. Try on last year's clothing. Doesn't fit so snugly, perhaps. These are all evidences that you need Scott's Emulsion because you need more flesh. Nothing picks up lost flesh or stops wasting like

SCOTT'S EMULSION

Losing flesh may be all right for people who are overweight, but the average person can spare little and retain the even balance of health. If your body is in need of more flesh, try Scott's Emulsion. If there are any evidences of wasting, try Scott's Emulsion. It will put you back in normal condition and restore your lost weight so quickly that you will wonder why you didn't try it before.

The Heart's Highway

By MARY E. WILKINS

Copyright, 1900, by Doubleday, Page & Co.

CHAPTER XIX.

WHEN I came to a consciousness of myself again, the first thing of which I laid hold with my mind as a means whereby to pull my recollections back to my former cognizance of matters was a broad shaft of sunlight streaming in through the west window of the prison in Jamestown. And all this sunbeam was horribly barred like the body of a wasp by the iron grating at the window, and had a fierce sting of heat in it, for it was warm, though only May, and I was in a high fever by reason of my wounds.

For some little time I did not think of Mary Cavendish, so hedged about was I as to my freedom of thought and love by my physical ills, for verily after a man has been out of consciousness with a wound it is his body which first struggles back to existence, and his heart and soul have to follow as they may.

So I lay there knowing naught except the weary pain of my wounds, and that sense of stiffness which forbade me to move, and the fretful heat of that fierce west sunbeam and a burning swarm of flies, for some little time before the memory of it all came to me.

Then indeed, though with great pain, I raised myself upon my elbow and peered about my cell and called aloud for some one to come, thinking some one must be within hearing, for the sounds of life were all about me—the tramp of horses on the roadside, the even fall of a workman's hammer, the sweet husky carol of a slave's song and the laughter of children at play.

So I shouted and waited, and shouted again, and no one came. There was in my cell not much besides my pallet, except a little stand which looked like one from Drake Hill, and on the stand was a china dish like one which I had often seen at Drake Hill, with some mess therein—what I knew not—and a bottle of wine and some medicine vials and glasses. I was not ironed, and, indeed, there was no need of that, since I could not have moved.

Between the wound in my leg and various sword cuts and a general soreness and stiffness as if I had been tumbled over a precipice, I was well nigh as helpless as a week old babe.

I called again, but no one came, and presently I quit and lay with the burning eye of the sun in my face and that pestilent buzz of flies in my ears, and thy weakness and pain so increasing upon my consciousness that I heeded them not so much. I shut my eyes and that torrid sunbeam burned red through my lids, and I wondered if they had found out aught concerning Mary Cavendish, and I wondered not so much what they would do with me, since I was so weak and spent with loss of blood that nothing that had to do with me seemed of much moment.

But as I lay there I presently heard the key turned in the lock, and one Joseph Wedge, the jailer, entered, and I saw the flutter of a woman's draperies behind him, but he shut the door upon her, and then, without my ever knowing how he came there, was the surgeon, Martyn Jennings, and he was over me looking to my wounds and letting a little more blood to decrease my fever, though I had already lost so much, and then, since I was so near swooning, giving me a glass of the Burgundy on the stand. And while that was clouding my brain, since my stomach was fasting and I had lost so much blood, entered that woman whom I had espied, and she was not Mary, but Catherine Cavendish, and there was a gentleman with her who stood aloof, with his back toward me, gazing out of the window, and of that I was glad, since he screened that flaming sunbeam from me, and I concerned myself no more about him.

But at Catherine I gazed and motioned to her to bend over me, and whispered, that the jailer might not hear, what had become of Mary. Then I saw the jailer had gone out, though I had not seen him go, and she, making a sign to me that the gentleman at the window was not to be minded, went on to tell me what I thirsted to know—that she and Mary and Sir Humphrey had escaped that night with ease, and she and Mary had returned to Drake Hill before midnight and had not been molested.

If Mary were suspected she knew not, but Sir Humphrey was then under arrest and was confined on board a ship in the harbor with Major Beverly, and his mother was daily sending billets to him to return home and blaming him, and not his jailers, for his disobedience. She told me, furthermore, that it was Cicely Hyde who had led the militia to our assembly at Laurel Creek that night and was now in a low fever through remorse, and, though she told me but, I afterward knew why that mad maid had done such a thing—'twas because of jealousy of me and Mary Cavendish, and she pulled down more upon her own head thereby than she wot of.

All this Catherine Cavendish told me in a manner which seemed strangely foreign to her, being gentle, and yet not so gentle as subdued, and her fair face was paler than ever, and when I looked at her and said not a word and yet had a question in my eyes which she was at no loss to interpret, tears welled into her own, and she bent lower and whispered, lest even the stranger at the window should hear, that Mary "sent her dear love, but, but"—

"What have they done with her?" I cried. "If they dare"—

"Hush," said Catherine. "Our grandmother hath but locked her in her chamber, since she hath discovered her love for thee and frowns upon it, not since thou art a convict, but since thou hast turned against the king. She says that no granddaughter of hers shall wed a rebel, be he convict or prince. But she is safe, Harry, and there will no harm come to her, and

Catherine visits Harry in prison

indeed I think that if they in authority have heard aught of what she hath done they are minded to keep it quiet, and—and"—

Then, to my exceeding bewilderment, down on her knees beside me went that proud maid and begged my pardon for her scorn of me, saying that she knew me guiltless and knew for what reason I had taken such obloquy upon myself.

Then the gentlemen at the window turned when she appealed to him and came near, and I saw who he was—my half brother, John Chelmsford.

CHAPTER XX.

'TWAS six years and more since I had seen my half brother, and I should scarcely have known him, for time had worked great changes in both his face and form. He was much stouter than I remembered him, and wore a ruddy point of beard at his chin and a great wig, whereas I recalled him as smooth of face, with his own hair.

But he was a handsome man, as I saw even then, lying in so much pain and weakness, and he came and stood over me and looked at me more kindly than I should have expected, and I could see something of our common mother in his blue eyes. He reached down his hand and shook the one of mine which I could muster strength to raise, and called me brother, and hoped that I found myself better, and gave me very many tender messages of our mother, and of his father likewise, which puzzled me exceedingly, until matters were explained.

Colonel Chelmsford had parted with me when I left England with but scant courtesy, and as for my poor mother, I had not seen her at all, she being confined to her chamber with grief over my disgrace, and not one word had I received from them since that time. So when John Chelmsford said that our mother sent her dear love to her son Harry, and that nothing save her delicate health had prevented her from sailing to Virginia in the same ship to see the son from whom she had been so long parted, I gasped and felt my head reel, and I called up my mother's face, and verily I felt the tears start in my eyes, but I was very weak.

Then forth from her pocket Catherine drew a ring, and it flashed green with a great emerald, and parti-colored with brilliants, before my eyes, and I was well nigh overcome by the sight of that, and everything turned black before me, for it was my Lord Robert Ealing's great ring of exceeding value, for the theft of which I had been transported.

(To be Continued.)

Colds

How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.

Chamberlain's Cough Remedy

has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

EXPLOSION OF GAS BUOY.

One Man Killed and Fate of Two Others is Uncertain.

CAPT. ALLISON LIKELY TO DIE

Steamer Scout Burned — Enormous Quantity of Glass Shattered by Concussion—Explosion Heard For Miles — Hon. Raymond Prefontaine Orders An Investigation Into the Cause of the Disaster.

Kingston, April 19.—Shortly after 3 o'clock yesterday afternoon a terrific explosion was heard all over the city. The result was disastrous to the crew of the Government boat Scout, which reached the drydock here at noon. An acetylene gas generator in the stern of the boat had just filled two huge buoys on the deck and was engaged on a third when, in some manner, the gas exploded. Two of the buoys were hurled into the air, and in an instant the boat was a mass of flames.

When the air cleared Fred Mullin, the first mate, was found lying 75 yards away. His head was held in place by a fragment of skin only, and was flattened and the face distorted beyond recognition. The skin was blackened and burned and the only portion of clothing was a small piece of the man's undergarments sticking into the boats.

The fate of two others, Fred Courier of Montebello, second mate, who was painting one of the buoys; and Evan Gillard, of Morrisburg, who was working on the edge of the buoy, is unknown, but from all indications one man was thrown into the water and the other blown to pieces. A lung of a man and small pieces of his body were found on the deck of the steamer Avon, 150 feet away and it is thought they must have belonged to the unfortunate man.

Capt. Allison Will Die.

Capt. Allison, of Morrisburg, was badly burned about the head, face and body and terribly injured on the face and abdomen. He is now in the hospital and is not expected to live.

Others injured are, Clifford Tessier, of Cornwall, a deck hand, rescued from the water; badly cut about face, suffering from shock. Charles Bennett, Ferrin's Point, hearing gone, slightly cut.

Sam Delaney, Prescott, deck hand, leg burned.

These four are in the hospital: G. H. Smith, Cornwall, fireman, arms cut. W. Michaud, Prescott, waiter, forehead badly bruised. Peter Boulanger, Cornwall, sleeping at time in boat, was uninjured. George Lennard, Prescott, engineer, is slightly burned. Thomas McPherson, Prescott, steward, and Louis Llonde, Kingston, carpenter, were ashore at the time and escaped unharmed.

The boat blazed fiercely for over an hour in spite of the efforts of the firemen. Last night she sank in shallow water. She is almost a wreck. She was valued at $50,000.

Thousands of Windows Broken.

The force of the explosion broke thousands of windows for 100 yards around. As a result the Frontenac cereal works had to close down. A piece of steel weighing 300 pounds, was carried over 50 yards. The explosion was heard at Capt Vincent, N. Y., 13 miles away.

Fred Mullin, the dead man, leaves a wife and two young children, twins. His mother, brother and sister, live in Kingston. There was an explosion on the same boat last year at Cornwall, due to carbide, and Burnett was seriously injured then.

A Government Investigation.

Ottawa, April 19.—Hon. Raymond Prefontaine was early yesterday notified of the unfortunate explosion of the acetylene gas buoy on board the Scout at Kingston. Two buoys had been charged with gas, and the third was being filled when the first exploded. One man was killed and three injured. The buoys are of German make, and were purchased before Mr. Prefontaine took charge of the Department. They were regarded as defective, but not dangerous. New gas buoys of the Wilson type were ordered by Mr. Prefontaine. Mr. Fraser, inspector of Lighthouses and Buoys, has gone up to Kingston to conduct an investigation.

Hands Blown Off.

Winnipeg, April 19.—While drilling for coal at Basswood yesterday Allan Winterton, a young man, was probably fatally injured. A stick of dynamite exploded prematurely. Both Winterton's hand were blown off and one side of his head torn away.

Burned In Saving Horses.

Winnipeg, April 19.—At Holland, Man., three valuable young horses were burned with the stables and barns of John Moir, two miles from here, yesterday afternoon. The owner was seriously burned in the hands and face trying to rescue the horses. The buildings ignited from a running prairie fire.

Seven Children Burned.

Montreal, April 19.—A despatch from St. Anne De La Pocatiere, some 75 miles below Quebec, reports that in a fire Monday night, at the house of Charles Boucher, seven children belonging to the Boucher family, were burned to death. Mr. and Mrs. Boucher escaped from the house, but were badly burned.

Killed By Butcher's Cart.

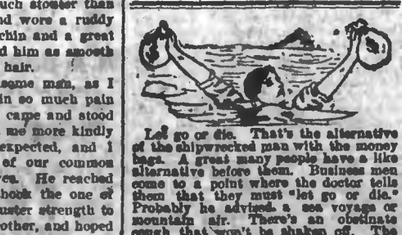
Toronto, April 19.—Lydia May Bell, aged 6, who lived with her parents at 17 Matilda street, was run over by a butcher's cart at Paul and Munro streets, and died 15 minutes later from the injuires.

Boy Burned to Death.

Irvington, N. Y., April 19.—Herman Diedlar, 14 years old, the son of Jacob Diedlar, was burned to death early yesterday in a fire that destroyed his father's house in Worthington, a village near this place. The boy and his three sisters were asleep at the time.

Agent For Servant Girls.

Montreal, April 19.—Supplying servant girls for the Northwest is a new industry, but it is one, according to Benjamin Pipe, real estate agent at Wapella, Assiniboia, which will yield profitable returns. Mr. Pipe, who is on his way to England, has arranged to bring back with him from England 50 servant girls. He has already good places provided.



Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advises a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskilfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be prevented as I was by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Meadow Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing flesh every day. Lost in weight from 160 pounds down to 118. My back got weak and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, if it contains more common sense than anything else that I have heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained fifteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expenses of mailing only. The book contains 1008 pages, over 100 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure best, most always. One a dose. Constipation, sick and bilious headache, dizziness and all derangements of the stomach, liver and bowels.

THE COMMISSIONERS CONSIDER APPLICATIONS

West Peterborough License Commissioners Met This Morning and Granted Licenses for the Year--Only One Shop License Granted in Peterborough--Others Withheld Until Law is Complied With--No Licenses Were Granted in Smith--Two Applications for Wholesale Licenses Refused--Only One Lakefield License Renewed--Deputation from Ministerial Association Asks for Reduction of Licenses and Strict Enforcement.

This morning the License Commissioners of West Peterborough, met in the inspector's office to consider the applications for licenses. There were present Messrs. M. A. Morrison, chairman; H. LeBrun, J. Griffin, and George Cochrane, inspector and secretary.

The list of applications already published, was considered and dealt with. Two of the applications for hotel licenses in Peterborough were laid over, and three were granted, subject to inspection, all the others being granted.

One hotel license in Lakefield was extended one month to allow the holder to dispose of it. Only one shop license was granted in Peterborough, the others failing to comply with the provisions of the law, the clause referred to saying:

"Every shop keeper in the said town, licensed under the said Act, shall be required to confine the business of his shop solely to the keeping and selling of liquor, and to carry the same on in premises wholly separate and distinct from the premises in which any other business is carried on, and the person or persons carrying on or managing such business, and all clerks and employees engaged shall be employed solely in and about such business under the said act; and no person engaged or employed in and about any other business shall, while so employed, be engaged or employed about the sale of liquor in such licensed shop. The provisions of this section shall come into force on the first day of May, 1894."

A deputation waited upon the Commissioners representing the Peterborough Ministerial Association, composed of Rev. J. C. Davidson, president; Rev. Dr. Crothers, Rev. J. G. Lewis, and Rev. E. A. Langfeldt. Rev. J. G. Potter was also present, representing the Peterborough Prohibitory Union.

The following resolution, passed by the Association, was presented by the president:

Gentlemen,—In accordance with a resolution passed at a meeting held on Monday, April 3rd, 1905, the Peterborough Ministerial Association begs strongly to urge that you should do all in your power to lessen the amount of temptation which has up to present time been exerted in the town of Peterborough through licensed hotels and saloons.

"This may be done by decreasing (as soon as may be possible) the number of licenses issued, and also by taking strong measures for the strict and continuous enforcement of the different provisions of the law.

"Improvement in these respects, we believe, is generally looked for, and we feel sure that in any steps which you may see fit to take in this direction, you will be supported by the great body of public opinion. Assuring you of our support, Yours on behalf of the Ministerial Association.

"J. C. Davidson,
"President.
"J. G. Lewis,
"Secretary.

"Peterborough, April 18, 1905."

The following letter was read from the young Conservative Club:

Peterborough, April 18.

To the License Commissioners, West Riding of Peterborough, Town:—

Gentlemen.—We, the Executive Committee of the Young Conservative Club, an organization composed of some seven hundred men, who have at heart the honour of the Conservative party, beg leave to address you as follows:

Our respected leader, the Hon. J. P. Whitney, has repeatedly laid down as his platform that the Liquor License Law must be properly enforced, and we as a large body of men voted for the Conservative party, understanding that this platform was to be strictly carried out.

We have read with great pleasure the letter that the Hon. Mr. Hanna has sent out to the Commissioners and we hope and believe that the License Commissioners of Peterborough will do their duty fearlessly, regardless of party favour or other pressure.

We earnestly protest against the granting of licenses to certain hotels in town under the present ownership. These men heretofore have not kept the law and are regardless both of the moral and physical welfare of their guests and customers. There are certain houses that are notorious for harbouring loafers and bad characters of all kinds make these houses their headquarters.

These men and men of their class are not men whom the Conservative party should honour with the great responsibility of properly running a public house.

We earnestly request that you will instruct your inspector to properly enforce the law and not in future be subservient to the powers that be, but carry out the duties of his office and properly inspect the houses and the carrying out of the Liquor Laws of this Province, irrespective of whatever party the licensee may belong to.

We further request that the present inspector's report be not adopted without the fullest investigation, as he has heretofore been notoriously unfair and partizan in his carrying out his duties.

We hope, gentlemen, you will accept our protest in the same spirit as it is offered, that is that the honour of this great Conservative party must not be smirched by granting licenses to undesirable parties. We are jealous of our honour and remember, gentlemen, you are customians of it.

We remain,

Your obedient servants.

Young Conservative Club.

R. E. Layfield, President; Harry Morgan, Vice-President; W. A. Brandrette, Secretary; Jas. Edgar, Treasurer; R. W. Curran, J. G. M. Wilson, Wm. Lytle, D. H. Barritt, W. S. Robinson, J. W. Jordan, Geo. Coons, Wm. Buller, R. Nelson Reddy, Wm. H. Wilson, Col. J. W. Miller, Wm. Hill, Wm. Gibbs, Committeemen.

The applications considered, with the method of disposing of them, were as follows:

Geo. N. Graham, tavern Peterborough, granted, subject to inspection.

Wm. Snowden, tavern, Peterborough, granted.

R. J. Munro, tavern, Peterborough, granted.

J. B. Laroque, tavern, Peterborough, granted.

Stephen Holland, tavern Peterborough, granted.

George Lipsett, tavern, Peterborough, granted.

T. Cavanagh, tavern, Peterborough, granted, subject to inspection.

Margaret O'Shea, tavern, Peterborough, granted.

Austin Dunn, tavern, Peterborough, laid over.

James Flynn, tavern, Peterborough, granted.

Mary Bowman, tavern, Peterborough, granted.

M. C. Tooley, tavern Peterborough, laid over.

J. M. Brooks, tavern, Peterborough, granted, subject to inspection.

John Cressy, tavern, Peterborough, granted.

James Ailes, tavern, Peterborough, license transferred to Rickerby Bros.

H. H. Jackson, tavern, Peterborough, granted.

Patrick Hogan, tavern, Peterborough, granted.

John C. Conroy, tavern, Peterborough, granted.

Gus White, tavern, Peterborough, granted.

Jas. Dolan, tavern, Peterborough, laid over.

J. A. Lawless, tavern, Peterborough, granted.

F. J. Mitchell, shop, Peterborough laid over.

J. C. Sullivan, shop, Peterborough, laid over.

Lucy Brown, shop, Peterborough, laid over.

Alex. Elliott, shop, Peterborough, granted.

Wm. Collins, shop, Peterborough, laid over.

Chas. A. Kelly, shop, Peterborough, laid over.

Alex. Elliott, wholesale, Peterborough, granted.

Wm. Leahy, tavern, Lakefield, granted.

J. M. Furlong, tavern, Lakefield, extended one month.

Jas. E. Kearney, wholesale, Smith, not granted.

Geo. Brown, wholesale, Smith, not granted.

The following resolution was passed by the Board:

"Resolved that all holders of hotel licenses shall be required to leave their bar room windows entirely free from blinds, screens or any other obstruction, during prohibited hours, and that no chairs, seats or lounges shall be allowed in the bar room."

"Resolved, that the council of the town of Peterborough, and the council of the village of Lakefield be asked to instruct the police force of the town and village to see that no loafing be allowed in front of any hotel."

The Commissioners authorized the issuing of the following open letter to all holders of liquor licenses in the riding:

To License Victuallers of West Peterborough:

Gentlemen,—Having been honoured by the Government with the appointment of Licensed Commissioners for West Peterborough, we take this opportunity of addressing you, asking for your co-operation in the enforcement of the Liquor License Act.

It is the policy as laid down by the Government that the law shall be enforced, therefore our duty is clear, and we have instructed the Inspector to see that the will of the Government is carried out. This we consider reasonable, for on several occasions the people have voted for a prohibitory measure and not having received it, are entitled to a strict enforcement of the existing laws. Also to the licensee who observes the law. It is but fair that his competitors should do likewise. And it is our opinion that a rigid enforcement and observance of the present statutes together with any amendments that may from time to time be made, would meet to a certain extent the demand for a prohibitory law, thereby leaving you in peaceful possession of your business from time to time.

If for any reason it becomes expedient to reduce the number of licenses in the town of Peterborough or any of the municipalities under our jurisdiction, the man who are the most lax in their observance of the law will be the ones cut off. Such offences as supplying liquor to minors already interdicted, to ladies and selling during prohibitory hours, will be breaches of the law that should disqualify a man for a renewal of his license.

We would also request that hotel men to not allow loafing in bar, and to this end have no chairs or lounges in the bar room.

Trusting that you will do your duty as faithful observers of the law.

Yours faithfully,

Signed. M. A. MORRISON,
H. LEBRUN,
J. GRIFFIN,
Commissioners.

The Board then adjourned to meet on Saturday, April 29th.

See the unique Easter Novelties in Candy Receptacles at Hooper's store, George street.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Cuticura Ointment, and Cuticura Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, certainty of speedy and permanent cure, absolute safety, and the great economy which have made Cuticura the standard humour remedy of the civilized world.

TORTURING HUMOUR

Cured by Cuticura, Relief from the First Application.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well.—Mrs. A. Rinon, Bellevue, Mich."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Sole Props., Boston, U.S.A.

THE JAPANESE FIRST ATTACK

Probably Will Be Northeast of Paracels Islands —May Come Within the Day—Rojestvensky in the Meantime is Killing Time Waiting For the Squadron Which Sailed From Jibutil Eleven Days Ago—What St. Petersburg Hopes For—Not an Open Fight.

Tokio, April 19.—There is practically official information for the statement that the Russian battleship and cruiser fleet on Sunday night departed northeast from Callao Bay and probably is anchored south of the Triton Islands, in the Paracels group, awaiting the arrival of the Jibutil squadron. The intelligence department of the admiralty board, which has kept in touch with the Russian ships since their departure from Madagascar, announces that the battleships, under command of Rojestvensky, sailed from the Bay of Callao shortly after dark on Sunday night on a course due east.

After leaving Kamranh Bay on Friday, where all the ships of the fleet were coaled, the Russian commander went to Port Callao to take on provisions, perhaps, to kill time in order to meet the squadron which sailed from Jibutil eleven days ago. Rojestvensky ought to meet the ships, it is estimated here, somewhere between Triton Island and the Rombay shoals, assuming that the course of the Russians will be toward the Philippine Islands and that Rojestvensky will prefer to take that route on his way to Formosa.

The first attack on the Russians probably will be northeast of the Paracels Islands. Information here suggests that this sea fight is not more than twenty-four hours away. Admiral Uriu's se squadron was in Subig Bay Monday night, and it is believed he has sixteen ships strong, including seven cruisers, the remainder being torpedo boat destroyers. They command the route east of the Paracels Islands toward Formosa, and undoubtedly are looking for Rojestvensky's squadron.

What Russians Hope For.

St. Petersburg, April 19.—The admiralty claims to be as much in the dark as the public regarding the plans of the admiral. The main question now agitating the naval officials is whether Rojestvensky will elect to proceed northward thru the Straits of Formosa or bear off into the Pacific thru Bashi Channel (south of the Island of Formosa), or Balingtang Channel (north of the Island of Luzon).

The conviction is growing stronger that the Japanese heavy division is concentrating close to the shores of Japan, and it is also believed that Admiral Togo will decline to give battle in the open sea.

This is what the admiralty officials hope for, as they sincerely believe Rojestvensky would have more than an even chance if the two squadrons lined up in an open fight.

The admiralty has no confirmation of the reported cutting of the cable connecting Formosa with the Chinese mainland at Foochow.

Jap Armies Won't Suffer.

Yinkow, April 17, via Tientsin, April 19.—Few transports are now arriving at Newchwang. This contrast with the rush of traffic since the opening of the Liao River indicates that precautions are being taken against possible interference by the Russian Pacific squadron.

Vast accumulations of stores have already been made along the Japanese lines of communication, assuring full supplies to the armies in the field even if the transport service is interrupted.

JAP ADMIRAL'S INTENTIONS.

Will Not Risk All in One Big Battle—Cautious Tactics.

London, April 20.—Viscount Hayashi, Japanese Minister to Great Britain, expressed the opinion yesterday that Admiral Togo would not give battle to Admiral Rojestvensky with his entire squadron, but would continue the cautious tactics which characterized his attacks on the Port Arthur squadron, not because he feared defeat, but owing to his desire to inflict the greatest amount of damage on the Russians with the least loss to himself.

While confident of Admiral Togo's ability to accomplish the total destruction of the Russian squadron in a big battle, there is the danger of Togo losing one or two of his big ships. Therefore Viscount Hayashi believes Togo will employ his torpedo boats and torpedo boat destroyers, which number more than a hundred and are vastly superior to the Russian torpedo boat flotilla, in harassing the Russians, while gradually picking off the Russian war ships. He said the coasts of Japan, Corea and Formosa lend themselves to night work with torpedo boats, while the narrow channels will make manoeuvring of large war ships difficult and dangerous.

MERCHANT FLAGS WAVE.

Rojestvensky's Transports Are Not Posing as Warships.

London, April 20.—A despatch to a news agency from Tokio says—"Information received here is taken to indicate that the Russian squadron proposes staying at Kamranh Bay until May 7. Admiral Rojestvensky in the meanwhile sending out cruisers to overhaul merchantmen proceeding along the trade route to the Straits of Formosa. The transports accompanying the Russian squadron are reported to be plying between Kamranh Bay and Saigon, under the merchant flag of Russia."

New Jap Destroyer Launched.

Tokio, April 20.—The torpedo boat destroyer Kiji was launched at Kure yesterday. Her displacement exceeds 300 tons.

Mail Vessels In Danger.

London, April 20.—A despatch from Shanghai to The Morning Post says: "Two junks have been blown up by mines near Chusan. The appearance of mines south of Shanghai is causing great apprehension for the safety of European mail vessels."

Awaiting Fourth Squadron.

London, April 20.—The correspondent at Jibutil (on the Gulf of Aden) of The Daily Mail learns that some ships of the main Russian fleet joined the third Pacific squadron near Sokotra and thence proceeded for Diego Garcia, where they will await the fourth Pacific squadron.

Paris, April 20.—A despatch to the Echo De Paris states that, according to a Russian naval staff officer, Rojestvensky is trying to capture the Island of Formosa, with the purpose of establishing a base there.

Russians at Front 200,000.

Tokio, April 20.—The Russian force concentrated along the Changchun-Kirin line and southward is estimated about two hundred thousand men. A final revision of the number of prisoners captured at Port Arthur shows the total to be 41,800.

CAPT. ALLISON DIES.

Men Who Could Tell Cause of Explosion Are Dead.

Kingston, Ont., April 20.—Coroner Mundell has decided an inquest on the gas explosion unnecessary, though he will submit evidence to the Crown Attorney. The men who could have given good evidence are dead. His opinion is that the responsible man was killed, but how the accident happened he cannot state.

Another Victim Dies.

Capt. Allison, of Morrisburg, injured about the groin, died in the hospital at 10.30 yesterday morning. He was unable to give any details of the terrible explosion. He leaves a wife and five children. His wife and sister were with him at the end.

Insane From Pain.

Hamilton, April 20.—David Lopsley while working at the Victoria avenue sub-station of the Cataract Power Co., received a current of 12,000 volts through his body. He was badly burned about the face and legs, and the flesh of one foot was burned to the bone. He was rendered insane by the terrible shock for a couple of hours, and it took three policemen to hold him down while he was being taken to the city hospital. He is now resting easy, but it may be necessary to amputate one of his legs.

Burned To a Cinder.

Ottawa, April 20.—Burned almost to a cinder, the body of James McBride, farmer, fifty-three years of age, was found among the ruins of his house, about a mile south of Bell's Corners, yesterday morning. He was burned to a cinder. Mr. McBride was wealthy. He was married, but has been separated from his wife for several years. She is at Niagara Falls.

Killed On the Track.

Brockville, April 20.—Early yesterday morning, as the G. T. R. sectionmen were patrolling the track between Prescott and Cardinal, the body of a man cut to pieces was found beside the rails. There was nothing on his person by which he could be identified. The remains were removed to Prescott.

Girders Fell On Him.

Winnipeg, April 20.—Joseph Powers, 25 years of age, was killed yesterday morning while accompanying a load of heavy iron girders. Three of the girders were chained together and on these Powers was sitting, his feet on the inside. The girders suddenly fell over, throwing the unfortunate man backwards, his head struck the curbstone and the girders fell on top of him doubling up his legs over his chest. Death was instantaneous.

Boy's Arm Mangled.

Deseronto, April 20.—About 5.45 yesterday young Howard, about 15 years of age, employed at the cedar mill of the Rathbun Co., while cleaning up after the day's work, slipped, and his arm was caught in a cogwheel. His arm is badly mangled.

Passenger Train Ditched.

Montreal, April 20.—The C. P. R. train from Halifax to Montreal, was derailed at Bancroft, Maine, Tuesday night about 10.30 o'clock. The accident was due to the frost heaving up the ground, and the whole train was ditched. Only two passengers were injured, Mr. and Mrs. McKenna, bound from Londenderry, N. S., to British Columbia, receiving slight injuries. A wrecking train was sent out from Montreal yesterday morning and the line was open last night.

TOLD TO 'PHONE COMMITTEE.

Grey County Company Are Doing a Good Business.

Ottawa, April 20.—At the Telephone Committee yesterday, Thomas Begley, of the Township of Creton, Grey County, was examined. His company was called the Conn Telephone Co. They had 18 miles of line and bought three miles from a doctor, making in all 21 miles. They paid $125 for three miles. The capital stock was $1,500. He and his associates put $1,200 into the line, and it paid six per cent. the first seven months. They had seven 'phones and a connecting one. They were public 'phones, and it cost 15 cents a message. These messages were delivered. There was a demand among the farmers. It was the intention to increase the capital stock to $40,000, and extend the line.

AN ONTARIO PRECEDENT.

Toronto Street Railway Fined $2,500 For Continuing Nuisance.

Toronto, April 20.—The Toronto Railway Co. was fined $2,500 yesterday morning by Judge Winchester for continuing a nuisance by backing up its cars on Avenue road and having caused the death of Mrs. Elizabeth Ward last June.

This is the first company in Ontario to be thus fined. The penalty imposed yesterday morning will be a precedent for guidance in the future. The only other company in Canada to be fined was the Union Colliery Co., of British Columbia, that was mulcted $5,000 in 1900 for having caused the death of six people by running a car over one of its bridges that was in a rotten condition and caused it to collapse.

Dr. W. H. Johnston Dies.

Fergus, April 19.—Dr. W. H. Johnston died at his old home in Eramosa yesterday. He was surgeon-major of the 30th Regiment, president of the Horticultural Society, secretary of the public library board, an active member of the Centre Wellington Agricultural Society, and comdy commissioner.

ELECTRIC TRANSMISSION.

Government Will Retain the Right Over All Railroads.

An amendment to the bill granting an extension of time to the Ontario Electric Co., consideration of which was continued by the Railway Committee of the Legislature yesterday, foreshadowed the policy of the Government in regard to the conservation of water and electric power. This same clause will be added to all railway charters granted or renewed in the future.

The Government will reserve the right to at all times enter upon the right of way of the said company, dig up the same and erect thereon all necessary poles, put down and construct all cables, wires and poles for the transmission of electrical or other power from any point in the Province of Ontario to the works and plant of any municipality for the distribution of such power within the limits thereof; provided that the track of traffic, wires and poles of the company shall not be injured, removed or otherwise dealt with.

The clause permitting the building of branch lines was limited to construct lines from the main line, not exceeding 20 miles in each case. These branches must not extend beyond the counties in which the townships lie and shall be built only after the approval of the Lieutenant-Governor in Council.

The company was allowed two years extension for the beginning of the road between Toronto and Kingston. It may also have five years longer to complete the line.

SUBSIDIZING CANADA.

Lord Stanley Says It Wouldn't Be Fair to Home Manufacturers.

London, April 20.—(C. A. P.)—Lord Stanley of Alderly, in a letter to the Westminster Gazette, on the Colonial preference says he fears that in the consideration of a policy of Colonial preference, and its advantages, too much attention has been paid to the question of food and raw materials.

His lordship asks should we be prepared in so important an article as wood pulp to limit the paper-making supplies from other countries in order to encourage Canada.

In 1903 we imported £2,500,000 worth of wood pulp, of which £648,000 came from Canada. A five per cent. duty on wood pulp other than Canadian would raise the revenue ninety thousand a year and give a subsidy of about £30,000 a year to Canada. This stimulus to Canadian trade might cause Canada to send us half our total supply, then our revenue would fall to £60,000 per year and Canadian pulp makers would gain £60,000 a year. English pulp consumers being taxed £150,000 a year.

If we taxed wood pulp we should have to tax other paper-making materials such as rags, esparto grass and other materials imported to the value of about £20,000,000 in 1903. Then the whole trade of the paper-makers would be disturbed and the cost of materials enhanced for the purpose of buying a Canadian preference.

REFORMS IN MACEDONIA.

Negotiations Between the Powers Regarding Great Britain's Plans.

Vienna, April 20.—The Associated Press was informed at the Foreign Office yesterday that the negotiations between the powers regarding Great Britain's plans for the financial reform of Macedonia will probably be terminated at the end of April. Some doubt is entertained here about Germany's attitude on the subject. The Neue Freie Presse publishes an interview with Herr Von Muller, the Austrian agent in Macedonia, charged with carrying out the Austro-Russian reform program, in which he declares, among other things, that since March 1 the financial reforms in Macedonia established by Turkey through Hilmi Pasha have been working very well, and expresses the opinion that this system will have the most successful results.

IN THE OPEN WATERS.

Twenty-One Vessels Pass Through the Straits of Mackinaw.

Mackinac Island, Mich., April 20.—After struggling for over a week with the heavy ice fields in the Straits of Mackinaw the downbound fleet of 21 vessels from Chicago and Milwaukee yesterday succeeded in forcing a passage, and are now in the open waters of Lake Huron, having opened the season of navigation for 1905. Although the straits are now open for the passage of vessels through the channel north of Bois Lance Island, the south passage is still full of ice, which may hold for another week.

Carnegie's Niece Weds Poor Man.

Saratoga, N. Y., April 20.—It became known that Andrew Carnegie's niece, Nancy, was secretly married about a year ago to a riding master named Beaver. The news was confirmed by Mr. Carnegie. "My niece was married to Mr. Beaver in New York about a year ago," he said. "Mr. Beaver was a riding teacher in the family. The family has no objection to the match. Mr. Beaver is an honest, upright young man. I would rather Nancy had married a poor, honest man than a worthless duke. We want no rich men in the family."

JOHN HAGGART, AUCTIONEER

Thousands of Women

ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of Canadian women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively CURING disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

CHRIST TRIED BEFORE PILATE

Rev. R. A. Armstrong, B. A., of Orillia, Spoke at St. Luke's.

Last of the Wednesday Night Lenten Addresses—Lessons to be Learned.

The last of the regular Wednesday evening Lenten addresses was delivered in St. Luke's church last night by Rev. R. A. Armstrong, B.A., Rector of St. James' church, Orillia. He spoke from the words:—"And Jesus stood before the Governor,"—St. Matthew, chap. xxvii, 11th verse. The speaker said that he intended to dwell briefly on the scenes and events in connection with Christ standing before Pilate. Jesus was really before the governor four times, and, as we looked into these various events he trusted impressions would be conveyed to each one which would be a blessing to every soul. Mr. Armstrong described the scenes in the hall of judgment, and said that Pilate did not recognize the royalty and nobility of self-sacrifice as witnessed in Christ. According to Roman jurisprudence every judge had to endeavour to get his prisoner to confess and Pilate's Roman experience as a judge gave him an insight into character. He saw in this case that the accused—Christ—was far less guilty than were his accusers. Pilate was, therefore, led to observe, "I find in Him no fault at all." Every soul must answer the question of Pilate: "What shall I do then with Jesus, which is called Christ?" Christ possessed splendid courage and nobility; he was kindly amid the cruel taunts and jests of the crowd, and the general outcry, "Let Him be crucified." You and I must some day, like Pontius Pilate, the governor, stand before the great white throne. Christ stands before us all—every one—and presents to us the question of either accepting or rejecting Him. If there was any particular period more than another when we should decide for Jesus Christ it was the Lenten season. Christ comes to us in our daily life on earth and pleads with all to accept Him. There are various ways in which we can treat Him. We can do as the scribes and Pharisees did. We can revel in so-called pleasure and be indifferent. Some men crown honesty and fairness, forgetting that if they crowned Christ in their hearts they would also be crowning honesty and every other virtue in life. Another way was to treat Him like Pilate and cry, "What shall I do then with Jesus, which is called Christ?" and reject Him. We should all beware of the danger of procrastination, and not put off the day of decision until we are laid on beds of sickness or arrive at the final hour of life. We should accept Jesus now. The real question was not what shall we do with Christ, but what shall we do without Him. His forgiving disposition, His embracing mercy and His Divine, helpful presence. Jesus is standing before each of us, and we should all accept Him now in our daily life. No longer should we reject the great creator and benefactor, the Redeemer of the world—the blessed Saviour.

A charge against John Dunford for obstructing Mr. R. N. Roddy in the execution of a warrant for distress, for the collection of rent, was withdrawn at the police court this morning.

GOOD ADDRESS ON MISSIONS

At Charlotte Street W. M. S. Meeting Last Night

Annual Thank-offering [of Local Auxiliary—Address by Mrs. Campbell—Good Musical Numbers.

The annual meeting in connection with the thank-offering of the Charlotte street Auxiliary of the Women's Missionary Society was held last night in the school room of the church. The usual devotional exercises were performed, Mrs. (Rev.) W. J. Jolliffe reading a portion of the 19th chapter of St. John, the scene where Christ is before Pilate, previous to His crucifixion.

Mr. Miller, of the Mark street church then gave a solo in a most pleasing manner, which was followed by the treasurer's report, read by Mrs. Thos. Allum. The report follows:—

In presenting the annual financial report of our Auxiliary, we regret that we shall not be able to give a full account as our year does not close until April 30th.

We have still to receive some members' fees, as well as the Easter thankoffering of this meeting, which we hope will so increase our receipts that we shall end our year with the largest income that we have yet recorded.

Our income up to date has been as follows:—

Members fees	$23 00
Missionary Sermon	10 44
Proceeds of social	16 70
Donations	5 25
Mite-box Band	3 00
Missionary Prayer Meeting	3 86
Balance from last year	8 75
Total	$42 20

EXPENDITURES.

Amount sent to branch treas.	$48 50
Expenses	2 86
In treasury	$51 48

The report showed that last year was much the most successful one in the history of the local auxiliary.

Then followed a violin solo by Mr. Jones, "Meditation," by Faureander, which was rendered with true artistic expression, and good tone quality.

The Secretary's report came next.

The following Secretary's report came next, read by Mrs. Moore, in the absence of Mrs. Adam, the secretary:—

Easter with its hallowed memories and tender associations, its sweet messages of spring-time and renewed life and above all its resurrection pledge, will soon be here, and we as Christian women should welcome its coming with profound thankfulness. "Because the lives we shall live also", "The Lord is risen indeed", and the joy of the women who went first to the sepulchre should be in the heart of every believer. No more beautiful and appropriate custom could have been inaugurated by our society than that of bringing an offering of thanks at Easter tide, to be used in the extension of our work amongst those who do not yet realize that for them Christ is risen. All that we, as women, hold most dear we owe to the religion of Jesus Christ, and it seems fitting that we should seek some channel through which might flow some practical expression of our love and gratitude to God, for the great gift which Easter commemorates. The thank offering last year from all the auxiliaries of our Canadian Methodist Church was $10, 579. A more liberal offering than that of any previous year. Last year the combined efforts of the N. M. S. of Canadian Methodism, realized the sum of $43,515, an increase of upwards of $5,000 over the amount raised the preceding year, and also $16,000 worth of goods were sent in bales and boxes to different Missions. Of this amount our Bay of Quinte branch raised $7,797. The money was appropriated as follows:—To Japan $24,225; to China $13,531; to Indian work in North west $3,763; to French work $6,800; Chinese Rescue Home, Victoria, B. C., $1,367; Galicians, $2,726.

In reviewing the work of the past year, we find as an auxiliary, we have much for which to be thankful. A true missionary spirit seems to have taken possession of our members, our meetings are characterized by a growing spirituality and as strong desire to do better work for the Master. Ten meetings have been held with an average attendance of 12. We have a membership of forty-one. Twenty-one copies of Missionary Outlook taken. In October a service was conducted by Rev. Mr. Wood, of B. C., in behalf of our work there, which was most interesting and encouraging. On the following evening a Missionary Tea was given in the lecture room. Proceeds of tea and Sabbath Collection, $37.39. In November a box of clothing which was valued at $25.00, was sent to the All People's Mission, Winnipeg. In February a very helpful Missionary Prayer Meeting was held. Last May the "Olive" Mission Band was organized, which has a membership of 35 and during the year has raised the sum of $30.00, which amount is to be devoted to the education and support of a little girl in the Chentu School, China.

Then followed the address of the evening, given by Mrs. Campbell. In making a few introductory remarks she used the term "stock-taking," remarking that "stock-taking" on the Women's Missionary Society showed most pleasant results. She then reviewed the work. The Society was organized 23 years ago, in Hamilton; the condition of the people generally, and more particularly the women of Japan being the reason of its formation. Mrs. Campbell said she thought the condition of religion in a country depended largely on the women, their natures being more capable of devout worship, in idolatry as well as in the Christian faith. She stated that more women missionaries were required. They had 52 missionaries in all—16 of whom were in Japan, a number in China, in India, in French territory and in British Columbia, the latter labouring among the Chinese. The most successful way of conducting the evangelization of the Eastern Countries is by means of the boarding-schools. In these schools the girls of Japan are taken in when quite young and educated first by Bibical study, a good knowledge of the native and the English tongues, and also of how to be good, true, Christian girls and women. In connection with the work in Japan Mrs. Campbell told a little incident that shows how far a little human kindness and sympathy go in the saving of men and women in that country. In a certain town twelve officers killed in action were brought home for interment and the Christian missionaries followed the cortege to the grave, and showed their sympathy with the bereaved relatives in their kind way. This had a profound impression upon the natives, who afterward displayed more interest in Christian religion, and ceased to regard the missionaries with suspicion as had formerly been the case. The Japanese thought that people who would follow their heroes to the grave, could not be wholly bad.

Some of the natives have done much to help their fellow-countrymen. One man in Tokio having presented 10,000 Bibles to the Society.

The work in China is also receiving all the attention that can possibly be given to that field. What they require mostly are new college buildings. They have the girls to be taught, and the staff to teach them, and if they had suitable buildings the good work would go forward rapidly. They need $30,000 to properly float the concern, and hope to get it. The speaker made an earnest appeal to the local society to give as much as they could feel it in their power to give, and trust to the Giver of all good.

At the conclusion of the address Mrs. Kilgour made a few most appropriate remarks followed by a solo by Miss Annie Pedlar, "Oh, Eyes That Are Weary." This was given in excellent voice and in Miss Pedlar's accustomed pleasing manner.

Then followed several short addresses by ladies, conveying greetings from sister Missionary Societies.

A vote of thanks was moved and seconded by Mrs. Morrison and Mrs. Jolliffe, to all who took part in the meeting.

Rev. Mr. Jolliffe closed with the benediction.

CLOSE OF THE DEBATING SEASON

Enjoyable Banquet at the Y. M. C. A. Last Night

An Interesting Toast List—Some Brilliant Speeches.

At the Y.M.C.A. last evening a very successful season for the Literary and Debating Society was brought to a close with a unique banquet.

Mr. Kenner, the critic of the society, presided, and opened the programme with a short address.

The toast to "The King" was proposed by one of the members, Mr. C. Coleman, who has had the pleasure of meeting His Majesty (coming down the strand in a procession). He spoke ably and with the pride of a true-born Briton.

"The Occasion we Celebrate" was dealt with by Mr. P. K. Holmes in an able manner, though he could not refrain from straying to the subject of our sister society, the Tennyson Club, and wished they were present.

The toast "The Ladies" was proposed by Mr. R. R. Orr, who had robbed poets, philosophers (and cynics) of their choicest gems of thought on this engaging subject.

A reminiscence here of an impromptu speaker was startling,—a toast.

"The happiest moments of my life,
Spent in the arms of another man's wife,—My Mother".

"Our Literary Society as an Educator" was briefly spoken on by Mr. H. Snook. He hoped that incentive to study engendered in the society might cause the members to think kindly of Andrew Carnegie's standing offer to pauperize himself. The values touched upon were in learning to think on one's feet, in exchange of thought, in incentive to study, all of which further one's intellectual development.

Here the members all received mysterious envelopes, which were found to contain subjects for impromptu speeches such as Bowling Alleys, Humbug, Tennyson Club, Theatres, Immigration, Autonomy Bill, Our Critic, Sports, etc. All responded.

On the subject of "Debates I've Lost and Won" Mr. R. J. P. Dormer humourously delivered himself. He had only once been on the winning side—and then he had argued against his convictions. On a debate in another society he had lost by 70 points (out of a possible 14 for both sides). He had met a lot of incompetent judges.

Mr. Williamson responded to the toast "The Y." The subject was broad, as its million members might indicate. He congratulated the society on a successful season and considered it one of the most important and useful branches of the Association work. He spoke appreciately of the Critic, Mr. Kenner, attributing a great deal of the interest of the meetings to his valuable services.

The toast, "Happy to Meet, Sorry to Part, Happy to Meet Again" was proposed by the chairman, and the society meetings for the season ended.

WILL REPEAT THE LECTURE ON CANADA

Mr. J. H. Burnham Will Speak at Young Men's Guild Meeting.

To-night at the meeting of the George street Young Men's Guild, Mr. J. H. Burnham will give his lecture on "Canada." On the occasion of Mr. Burnham's first delivery of this lecture those who heard it were greatly delighted with his masterly style of dealing with the interesting subject.

At the meeting to-night Mr. Burnham will repeat his lecture, and no doubt there will be a large audience present.

BRAIN FAG IN SPRING.

FEELINGS OF DISCOURAGEMENT AND DESPONDENCY FROM WEAK BLOOD—CURE IN

Dr. Chase's Nerve Food

Of all the blood supplied as nourishment to the human body, one-fifth is consumed in the brain in the manufacture of nerve force, the vital power which is transmitted through the sympathetic nerve to the lungs, heart, kidneys, liver, bowels, etc., and which supplies the motive power to these organs.

In the spring when the blood is thin and watery and the nerve force becomes depleted, the ill effects are often first felt in the brain. The head aches. The mind is dull and listless. It is difficult to concentrate the thoughts. Feelings of gloom and discouragement come over you.

Energy and ambition seem to be all gone. You begin to look on the dark side of things. Your temper is easily irritated.

But enrich and purify the blood by the use of Dr. Chase's Nerve Food and you will soon find disease of body and mind disappearing.

The tired nerve centres of the brain receive new vitality from the new, rich blood, new nerve force is sent tingling along the delicate nerve fibres, and every organ of the body responds to the new call to health and duty.

If your would avoid the ills and weaknesses of spring, use Dr. Chase's Nerve Food; 50 cents a box at all dealers; or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase on every box.

This year it will be a frock coat Easter

As Easter comes so late this year, we have made extra preparations for it. Overcoats will probably be discarded by then, and frock suits will be more popular than ever.

The frock is the only correct dress for church or any daylight function. More people are realizing each year the importance of being correctly dressed from both a social and business standpoint.

The Semi-ready frock coat is an extremely elegant garment. It is made of Cheviots and Worsteds, dressed and undressed. The linings throughout are of satin duchesse or silk serge, with lapel facings of armure or bird's-eye weaves.

Prices, $20, $25 and $30.

We would like to show you what a sumptuous garment the Semi-ready frock is. Won't you call and try one on?

Semi-ready Tailoring

One eye at a time

Beauty and Utility

That's the way we test.
Usually the eyes differ in sight.
A glass which suits one injures the other, and ultimately both suffer.
We use modern appliances, and the greatest care to avoid a misfit.
A misfit would hurt your eyes and our reputation.

Though worn as a necessity, a beautiful eye glass artistically fitted is a facial ornament.

We will fit you with a frame best adapted to your features.

PETERBOROUGH SEPARATE SCHOOL BUILDING

Tenders Have Been Received and Contract Will Probably be Let at Board Meeting To-night—New Building Will Contain Six Class Rooms With Accommodations for Fifty Pupils Each—Cost will be in the Neighborhood of $20,000 in All Probability.

The illustrations given on this page represent two views of the new Separate School, which will be erected on Reid street, just north of St. Peter's parsonage, this summer, and tenders upon which will be considered by the Separate School Board tonight.

On Tuesday night the special Building Committee of the Board opened the tenders for the masonry and carpentering, and this committee will report to the whole Board tonight, when it is expected the matter will be dealt with.

The erection of the new building was made necessary by reason of the sale of the Murray street school which the new building will replace.

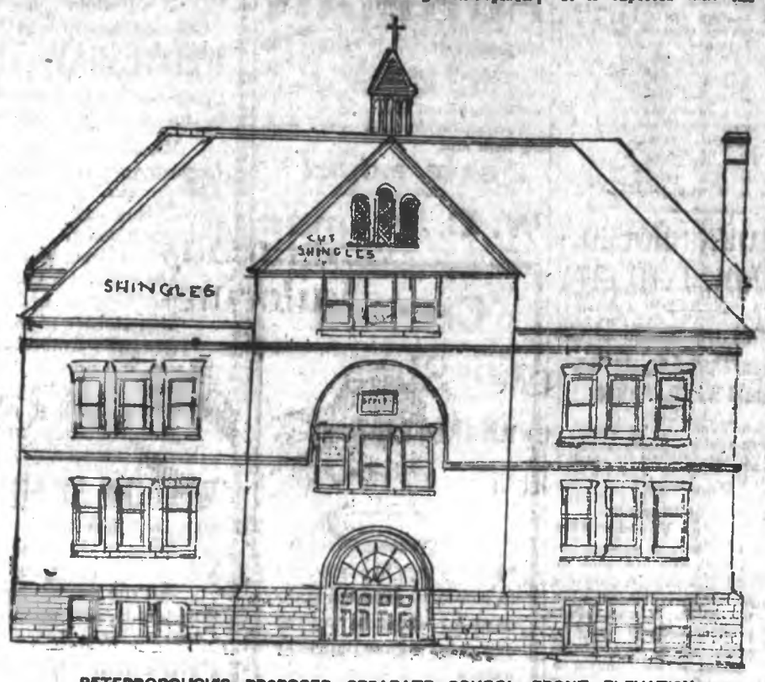
The estimated cost of the building is $17,000, though it is expected that the tenders will exceed that amount, and that the actual cost will be in the neighbourhood of $20,000.

There will be six class rooms in the building, each capable of accommodating 50 pupils, while a large, well-lighted basement will be provided, and there is a plan in contemplation to utilize this for the primary and kindergarten classes, which will increase the accommodation by 100.

All the latest and most modern equipment will be provided, including telephone, fire alarm system, as well as a complete hose equipment in every room. Special attention has been paid to the lighting, and the windows will be eight feet high, giving abundance of light. The ventilation will be another feature to which careful attention will be given.

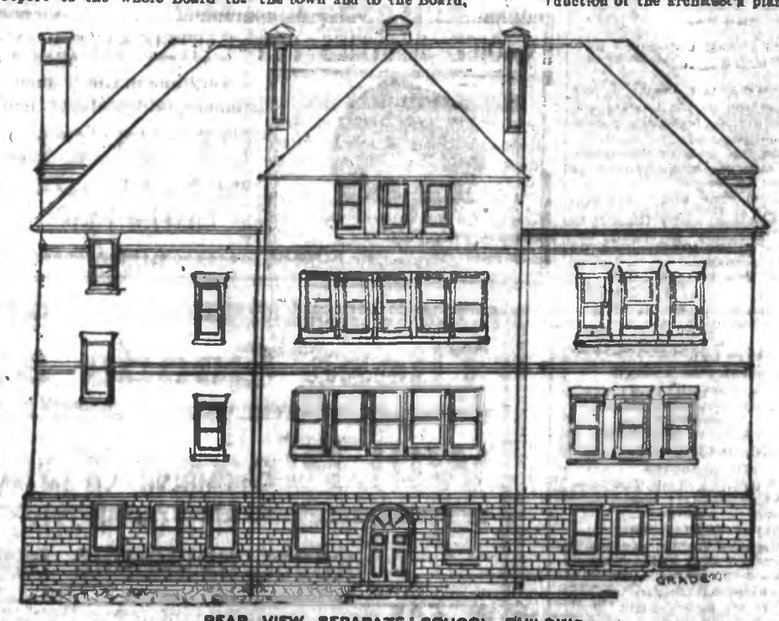
It is expected that the building will be commenced as soon as possible after the contracts are let, and work will be pushed as rapidly as possible.

By the kindness of Mr. Argus the Examiner is able to present to its readers the above excellent reproduction of the architect's plans.



PETERBOROUGH'S PROPOSED SEPARATE SCHOOL—FRONT ELEVATION.
(From Plans By E. W. Argus).

The cuts presented here, and which were made from the drawings of Mr. E. W. Argus, the architect, who prepared the plans, show that the building, when completed, will be a handsome structure, and a credit to the town and to the Board.



REAR VIEW—SEPARATE SCHOOL BUILDING.
(From Plans By E. W. Argus).

THE SANCTUM STAFF SWEETLY REMEMBERED

Mr. W. H. Hamilton, the Metropolitan Grocer, the Donor.

The Examiner sanctum staff has to acknowledge with thanks the kindness of Mr. W. H. Hamilton, of the Metropolitan Grocery shop, on Simcoe street for the appreciated gift of a couple of generous blocks of genuine maple sugar of prime quality. This is a double sample of Mr. Hamilton's generosity and regard for the press and a sample of a shipment of about a ton of maple sugar consigned to him from the Province of Quebec, two hundred miles northeast of the old city of Quebec. It's all very well to be sentimental over the "maple leaf" but it's not a circumstance to the solid enjoyment of the maple sap in the crystallized form of a luscious block of maple sugar, such as this from beyond the Seegeney in the far east of the sister province.

A TWO-FOR-ONE-SHOT.
When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.
The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.
No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 11

LENTEN ADDRESS BY REV. W. R. TANDY

Large Attendence at St. John's Last Night

Able Sermon Preached by the Curate—Rev. Mr. Spencer was Unavoidably Absent.

A large congregation attended the regular Wednesday evening Lenten service last night at St. John's, when an able and eloquent sermon was preached by the curate, Rev. W. R. Tandy, who took as his text, St. John xiv, 27, "Peace I leave with you, My peace I give unto you; not as the world giveth give I unto you. Let not your heart be troubled, neither let it be afraid."

These words were spoken just before our blessed Lord's betrayal. The position of Jesus at the moment he uttered these words, on Thursday night of the Holy Week, must have appeared nothing less than desperate. The ruling party, who had been plotting to take his life, appeared to be on the eve of succeeding in their purpose. He saw the cross casting its dark shadow directly athwart His path. In that awful hour the heart of Christ was not afraid, and even at that moment could say, "My peace I give unto you." What was this peace? It was a peace which could exist in the midst of strife. It was the same which we pray for every day — "the peace which the world cannot give" —or cannot take away. It is totally different from the peace which the world gives.

The world gives what it can no longer keep, and pretends to give what it does not possess. It is no peace at all; it is death.

The peace which Christ gives cost Him a cruel death to bestow. Does Christ still give this peace? Yes! The hearts of some men and women say, how can my heart be filled with peace, with the memory of my many sins resting heavily upon me? Jesus knew all the sorrows that we know, and yet His was a peace which "passeth all understanding."

There are three great factors which will assist in obtaining this peace. The first is the thought of God, the All Holy and the All Powerful, "who doeth all things well." All who hold fast to Him may walk "through the valley of the shadow of death." The second is the thought of Him, the Son of God, who came to earth to tell mankind how to regain the lost image of their Maker. The third is the thought of Heaven. The preacher quoted the words of some of the world's greatest poets upon the subject. Is there not peace in the thought of the land which awaits us beyond the gates of death, where God will grant to His peace at the last.

At the conclusion of the service, the "Story of the Cross" was sung.

Rev. Mr. Spencer, who it was announced would preach, was unavoidably absent.

THE GLOBE'S TRIBUTE TO MISS ALICE H. ROGER

Among The Best of Our Young Canadian Pianistes.

Miss Alice Roger of the Peterborough Conservatory staff, gave an interesting piano recital in the King Edward Hotel, assisted by Miss Street, violinist, and Harry Jarvis, tenor. Miss Roger played numbers by Beethoven, Mendelssohn, Liszt-Grieg, Tchaikowsky, Arensky and Chaminade, and proved by her playing that she can take her place as one of the best of our young Canadian pianists. Her most successful numbers were the Rondo in G, Beethoven, which was played with much finish and [illegible] by Tchaikovsky "Humoresque," and the Chaminade Prelude, which were enthusiastically applauded. Miss Roger studied with Mr. Harry Field in Toronto and in Leipsic. Miss Street who is equally [illegible] and Mr. Harold Jarvis sang with his accustomed ability.

CLARKE — MY HATTER

Has your Hat been blowing off your head the last few days?

Have you had to chase yourself and your Hat across the street?

These are questions which require an answer, and if you ask yourself the question the answer no doubt will be

Yes!

All this trouble could have been saved had you only stopped to think, and then gone and bought a Cloth Cap. The Cap will stick on your head, it looks dressy, and then you can laugh at the others as their Hats blow off.

We have every style of Cap that is worn and in nice, neat Tweed patterns.

UNION LABEL

THURSDAY, APRIL 20, 1905.

BE INDEPENDENT.

Hon. Mr. Matheson announces that he proposes asking the Dominion Government for a subsidy for the purpose of helping to meet the cost of the Temiscaming Railway. Upon this point the Weekly Sun pertinently remarks:

"The Temiscaming line is being built wholly within Ontario, for the sole benefit of Ontario. The people of this province should, therefore, meet the cost themselves. It is unfair to ask the Maritime Provinces, or British Columbia, to assist in the building of a road in which they have no concern."

Mr. Matheson has been posing many years as a heaven-born financier, and he should certainly be able to make ends meet, without going hat in hand to the Dominion, and practically compelling little provinces like Prince Edward Island, to help build our domestic railways, for every province contributes through the customs and excise to the Dominion funds. We build the Temiscaming Railway: we own it, and thereby give no excuse to any Dominion Government to meddle with its management. Mr. Matheson's proposed application is a form of "graft," which a great province like Ontario, should consider it beneath its dignity to accept. Besides, the Dominion Government, by the construction of the Grand Trunk Pacific, will furnish facilities for connections, which will make our provincial railway all the more valuable.

CROWN FORESTS NOT CAPITAL

Is Hon. Mr. Matheson, Provincial Treasurer, taking the right view of our timber resources? He claims that the revenue from them should not be treated as ordinary income, and that in cutting our forests we are destroying so much capital. He ignores the fact that under a proper system of timber cutting, such cutting is no more a destruction of provincial capital, than a farmer cutting a crop of wheat from his fields is a loss of his capital. Under a proper system of forestry and reforestry our timber can be made a permanent crop. Cut the matured timber and leave the younger to mature to be cut only when it is ready for cutting. An authority says that the forest lands of Ontario can be made as certain and lasting source of revenue as the farming lands of the province. The late Government made an important step in this direction by inaugurating a system of reforestry and by setting apart immense forest reserves under conditions which not only give the timber a chance but protects game and preserves a source of water supply. In October, 1903, as will be seen by a short article published elsewhere, the Ross Government outlined a plan for a system of reforestry. As stated, the plan proposed, which would have been applied if the Government had retained power, promised great results. The plan proposed was by applying the lands not adapted to profitable agricultural operations, to reforestry purposes, the trees to be cut were to be marked by Crown Land employees, and no trees below the size marked could be cut. As old licenses on non-agricultural lands lapsed, and the limits reverted to the Crown, these were to be reforested, and kept as a perpetual forest reserve, in addition to the millions of acres now set apart. It is declared by men competent to express a reliable opinion, that the result of the application of this system would be to give the province of Ontario, a total forest reserve of forty million acres, yielding a yearly revenue of at least thirty million dollars. This estimate sounds large, but it is said by those who know, not to be extravagant. If the results are even approximately like this, it will be seen that we can get a steady and large annual provincial revenue, and still have our capital remaining. This is apparently easily possible under proper management, and if the present Government adopts, as it is proposed to do, the policy and plan of the Ross Government, and applies it judiciously, the province will be put in the way of deriving not only important revenue, but the material for important commercial and industrial development.

EDITORIAL NOTES.

The Mail and Empire is always at it. It has no use for the truth when its antipodes will serve its partisan purpose. That journal says: "Mr. Oliver, the Western member, who has roped into the Interior portfolio, will be elected, if he should be returned by the Gallician vote." Hon. Mr. Oliver will be elected by acclamation—by the vote, practically—of all the electors, of the riding. Why should Gallicians be singled out for the Mail's slurs? The population of Canada is naturally composed of divers nationalities. Won't pounding the French-Canadians serve the Mail's crusade of stirring up strife without extending its onslaught to other nationalities?

In a recent speech Mr. Beck, M. P. P., London, made the charge that the Ross Government had given away water power franchises at Niagara Falls for a song. Is that so? Thanks to the agreement made by the Liberal Government the Province will get an annual revenue of about $250,000 a year from these companies which have been given franchises for a song. Mr. Whitney himself speaking at Niagara Falls during a by-election, advocated giving the power developed, free as air—there doesn't seem to be much difference between an "air" and a "song." He proposed to give the power companies for nothing, franchises from which the Liberal Government exacted $250,000 per year.

REFORESTRY IN THIS PROVINCE

Government to Announce its Policy This Session

Based Upon the Plan Suggested by the Ross Government — Now Being Considered by the Present Government—What its Adoption and Application Would Mean.

It is reported that the Whitney Government will this session announce a definite policy on the question of reforestation, and in so doing will follow the plan which the Ross Government announced in October, 1903 would be adopted. The policy practically amounts to a system of permanent forest reserves, on which the timber will be sold only as it comes to maturity, and the price paid will be regulated by the amount actually cut, that is to say, measuring will be by the thousand feet, and not by the acreage.

The new plan, according to Mr. Ross' idea, was to apply to non-agricultural lands, and the trees to be cut were to be marked by Crown lands employees. No trees below the size marked could be cut. On lands fit for agricultural purposes he thought the present system of selling timber was about the only one that could be adopted in order to get the lands quickly cleared and opened up for settlement.

As old licenses on non-agricultural lands lapsed and the limits reverted to the Crown, these could be reforested and kept as a permanent forest reserve being added to the non-agricultural lands previously set aside in addition to the existing forest reserves proper. No other plan is before the present Government.

Competent men declare that the ultimate outcome of the plan now before the Government would be to give Ontario a forest reserve of 40,000,000 acres, yielding a yearly revenue of at least $30,000,000, huge as that sounds.

IS YOUR COAT DUSTY?

You Probably Have the White Scab of Dandruff on It.

If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair-dressing that contains also the destroyer of the dandruff and hair falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Company, Detroit, Mich. Ormord & Walsh, special agents.

GOOD FRIDAY.

To the Editor of the Examiner:

Dear Sir,—To-morrow is the anniversary of the death on the Cross of the Saviour of mankind. I wonder if it will be observed as a day of merriment holiday making and festivities as has been done in former years. Would we keep the anniversary of the death of a father, mother, wife or other dear relative by giving a big dinner or dance party?

Yours, etc.

LAYMAN.

Colorado, California, Portland and Yellowstone Park.

Specially conducted excursions are being arranged via the Grand Trunk Railway System, in charge of an experienced conductor. All expenses included. To leave Toronto early in July and August. Rate is not expected to be over $150 from Toronto. Do not join any other party before consulting R. M. Bowler, 391 Beverley street, Toronto. 5498

THE FIRST GOOD FRIDAY.

And they crucified Him and parted His garments, casting lots * * And sitting down, they watched Him there, and set up over His head His accusation: "This is Jesus the King of the Jews". There were two thieves crucified with Him, one on the right and one on the left. * * Jesus, when He had cried with a loud voice, yielded up the Ghost, and behold the veil of the temple was rent in twain from the top to the bottom; and the earth did quake and the rocks rent, and the graves were opened and many bodies of the saints which slept arose and came out of their graves after His resurrection, and went into the holy city and appeared unto many.

THE TOWN SHOULD GROW INTO CITY

Mr. E. G. Patterson is of the Opinion That Legislation Should Not be Asked

At Present Rate of Increase City Standing Would be Reached in Short Time.

To the Editor of the Examiner:

Dear Sir, — With reference to the application of the town council, applying to the Legislature that an Act be passed creating the town into a city, I am informed that there has been no vote of the citizens taken instructing the council to apply to the Legislature, and I, as a citizen, think the council is very unwise in making the application, and creating the town into a city, providing the Act is passed.

According to law, any town whose population reaches 15,000, declares itself a city, the same as a young man becomes of age when he is 21, and I think it would be more in keeping with the importance of the best town in Canada, to become a city by this method, rather than by begging the Parliament of Ontario to create us a city a year or so before we would become one by reason of natural growth.

The population of Peterborough is to-day about 14,200, and I have no doubt that inside of twelve or eighteen months, that we will have the necessary population, and it will be in a unique situation to become a city by reason of growth in population, as most of the cities that have been created during the past ten or twelve years have all become cities by begging Parliament to create them. City government is more expensive than town government, and I think if the citizens understood thoroughly, they would not approve of the action taken by the council.

Yours respectfully,

E. G. Patterson.

Peterborough, April 20, 1905.

ALDERMAN JOHNSON REPLIES TO J. J. TURNER

Gives His Version of the Fire Hose Controversy and Quotes Letter From Manager of Gutta Percha and Rubber Company to Substantiate His Statement of the Matter—Says That the Local Firm Were Not Treated Unfairly in the Purchase of Fire Hose—J. J. Turner and Sons Could Not Buy Hose from Manufacturers—Quotes Mr. Tait's Letter to This Effect.

Ald. W. J. Johnston, chairman of the Fire, Water and Light Committee, has addressed the following letter to the Examiner in reference to the controversy concerning the purchase of fire hose in Toronto:—

To the Editor of the Examiner:

Dear Sir,—Now that the mist has rolled away, I would like to call the attention of the ratepayers to the exact details in connection with the purchase of fire hose, and about which Mr. J. J. Turner has written the newspapers, and to place myself in a fair position before them.

Just after the Chief and Assistant Chief of the fire brigade had made their report as to the wants of the fire hall for the season, Mr. Turner sent me a letter asking for the privilege of submitting figures for hose, boots and coats, and any other supplies needed. Being down near Mr. Turner's one day, I called upon him and had a long interview regarding the above mentioned supplies. He stated to me that he had, according to his opinion, been used unfairly, by Mr. Edgcumbe last year in the matter of purchasing the supplies. He informed me that it was all nonsense about not being able to get the hose; that he could get them from the Gutta Percha Company and have them shipped direct to us.

I informed Mr. Turner that the impression given me from last years arrangements, was that the town preferred to deal direct with the manufacturers, but if it were possible to buy these supplies from our merchants in town I was in favour of doing so, and that I would bring the matter before the Fire, Water and Light Committee, for their consideration. In the meantime Mr. Turner sent his quotations for hose, boots and coats and other supplies.

This was his own proposition not mine, as he states in his letter of 17th inst.

I brought the matter before the Committee and they recommended to the Council that I be empowered to buy the necessary supplies.

Since there was no immediate hurry I did not wish to act on my own responsibility, I brought the matter before a committee of the whole council, who after due consideration authorized Chief Rutherford and myself to go to Toronto and buy our supplies direct.

We went, we bought the supplies and we came back. It must have been three weeks ago at least.

I suppose it has taken Mr. Turner ever since to figure out what he lost on commission, and what my expenses were, going to Toronto and return.

This is a true statement of the whole affair, and when Mr. Turner stoops to abusing me through the papers, I think the right thinking people will agree with me that it is not much to his credit. It seems to me that when he gets an idea into his head he wants all creation to bow down to him. Mr. Turner spoke of my little excursion to Toronto. Now, sir, I do not want to say anything disagreeable, but I would like to ask what about the free excursion to Berlin that the Sugar Beet Co. ran there to help to get our people interested in the industry. I understand that he took the trip to Berlin: what did he do when he got there? Did he get acquainted with the sugar beet industry, or did he go around looking up orders for his own business?

Mr. Turner calls the attention of the ratepayers to the fact that I am "the man who is asking them to vote $25,000 for a new fire hall." Well, I am the man, and I have the whole council behind me, and if the ratepayers do not stand behind me in the scheme by supporting one of the most necessary things ever placed before them, they cannot do much worse than do what they did to J. J. Turner's exemption bylaw which he tried to force on them when he was one of the "city fathers" for one year.

For the information of the public I may quote the prices of the following goods tendered for by Mr. Turner and the Gutta Percha and Rubber Co.:

Gutta Percha Co., hip boots...$4.90
" coats.. 4.50
J. J. Turner, hip boots... 4.90
" coats... 4.36
Paragon Hose @ 90c ft.

J. J. Turner cannot buy it at all to sell to Peterborough corporation.

To substantiate my statements, Mr. Editor, I send you a letter which I have received from Mr. Tait, of the Gutta Percha and Rubber Co. which, I think, sets forth the position of the town, and proves the statements I have made. The letter is as follows:

April 19, 1905.

47 Yonge street Toronto.

W. J. Johnston, Esq.:

Dear Sir,—Replying to yours of the 18th, re J. J. Turner, you can rest assured that our prices to corporations on our standard brands of 2 1-2 in. fire hose are based on a direct sale to the corporation, and are not arranged with a view of selling through local merchants and allowing a commission. We are continually refusing offers from local dealers to sell 2 1-2 in. fire hose for us. Two and a half inch fire hose is the only product of our factory that has no list price subject to discounts. We do not make it for the trade, we make it to sell at the lowest price we can afford to sell it at to corporations direct, for their fire department service.

J. J. Turner tried over a year ago to get our consent to sell our "Paragon" hose to your corporation. The writer explained to Mr. Turner at that time that we could not place him in the position of selling the hose, but were very willing to have him handle the rubber boots and coats required. He put in a price on the coats and boots and failed to secure the order. If we were to listen to every one in every town who wanted to sell our fire hose it would only lead to confusion and there would be no profit in it. We would be forced to raise our prices to give these men a chance to get something for nothing, and then if we favoured one merchant the others would all kick. If merchants bought and kept in stock our 2 1-2 in. fire hose it would be a different matter, but they don't, and really do not know the first thing about it. There may have been times when some strong local dealer has handled a fire hose deal, simply because his pull on the council would mean success, but that is risky work because a man with a pull is able to force an inferior article on a corporation if he finds he cannot get the right to sell the superior article. However, even the man with the pull has less chance now than formerly because those who manufacture really high class grades of fire hose have resolved to sell direct to corporations strictly. Any other policy would force us to advance our prices, as prices on rubber and cotton fabrics have advanced very much, and yet we sell our Paragon brand of hose at 90c. per foot, the same price as it has been for the past 15 years.

This year J. J. Turner tried very hard to get our consent to sell our fire hose to your corporation, and we refused, explaining why we could not grant his request. Yet after we had received the order from you, Turner wrote asking us what commission we were going to allow him on the transaction! ! Claiming that he had told us that the hose was going to be bought.

We wrote to say that we had heard from others as well as from him, and that we could not very well hand over commissions to everybody that happened to tell us about such matters. We received a very wild reply, which I enclose for your personal perusal; the letter is so rash and insulting that we do not propose answering it, as he seems to know much better than we do, who did and who did not write to us. If we did want to help any local dealer in Peterborough, J. J. Turner would not be our choice, as we do very little business with them, and refuse to favour them as against other local merchants, who do far more business with us, but who do not try to force us, as Turner does: the others understand the situation, and are satisfied to allow us to regulate our own business affairs.

But J. J. T. is bound that every one else in Peterborough shall keep quiet, and that J. J. T. only shall be favoured, and tax us for a commission on an order that he never got: if the corporation was determined to place the order through a local merchant, is Turner the favoured one?

We think there are many others, and also feel assured that any attempt on the part of a council to favour any one man or concern, where there are so many, would only involve themselves in a great deal of worry, for the old saying is true, "Try to please everybody, and you please nobody."

Yours faithfully,
Geo. Tait.

The letter referred to in Mr. Tait's communication is as follows:

The Gutta Percha and Rubber Co.,
Toronto, Ont.,—

Gentlemen, — Your letter to hand, contents fully noted, and we think your excuse is a very poor one, and we certainly do not think that people will try to sell your goods if they do not receive any discount or commission for their trouble. You also know that you guarantee all your hose, whether you sold to us or to the corporation. You also say that you had sent in a tender before you had heard from us. This we wish to contradict, as we wrote and informed you that the corporation were going to buy hose, coats and boots before you knew anything of the matter, and you wrote and informed us that you were sending your man down. We also do not think that anyone, but yourselves, wrote to you about this matter, as we have asked all the boat men and they all say that they did not write to you. So certainly we do not think it is fair for your firm, or any other firm to come to a town, and sell over the heads of their own customers. We could say a great deal more to any member of your firm if they were here.

J. J. Turner & Sons.

Peterborough, April 5, 1905.

I have presented my case, and since I have never been accused before of making untrue statements, I am prepared to allow the public to judge for themselves in the matter under discussion.

Yours truly,
W. J. JOHNSTON.

Public Notice.

SPRING ASSIZES OPEN TUESDAY

Number of Civil Cases to be Disposed of.

Two Criminal Cases—Justice Anglin Will Preside.

On Tuesday the Spring Assizes will open here, before Justice Anglin. There are a number of civil cases, and only two criminal.

The cases will be as follows:—

CRIMINAL CASES.

King vs. Guiseppi Gilechardo, charged with attempting to stab Chas. Butcher and John Montgomery. D. O'Connell for defence.

King vs. P. H. McGuire, for obtaining money by false pretenses. F. D. Kerr, counsel for the defendant; D. B. Preston, K.C., of Napanee, for the Crown in both cases.

JURY CASES.

Doble vs. Peterborough Canoe Co. Limited. — The plaintiff, Louis B. Doble, is a bench hand, and claims damages of $5,000 and costs of the action, on account of injuries received while operating a planing machine, while in the employ of the defendants, on Sept. 20, 1904. The said machine, the plaintiff claims, was in a defective condition and unsafe to use, and while engaged upon it he sustained the loss of his right hand, and claims damages because of serious bodily pain, loss of time and wages, and because permanently incapacitated from following his occupation. The defendants deny the statements of plaintiff, that the accident was caused by their negligence or by the negligence of any person in their employ. Plaintiff's solicitors, DuVernet, Jones, Ross and Ardagh, Toronto; defendant's solicitors, Dennistoun, Peck, Kerr and Stevenson.

Talbot vs. Hall. — The plaintiff, Edith Talbot, seeks to recover damages to the amount of $10,000 and costs from defendents, Richard Hall and Samuel Dickson Hall, on account of injuries sustained by her by the falling of an elevator in defendant's place of business on April 18, 1904, which it is claimed was due to the defective condition, either by reason of negligence on the part of the defendants or of persons in their employ. The defendants specifically deny all charges of negligence.

O'Connell for plaintiff; Hall and Hayes for defendants.

Delaire vs. Hall. — The plaintiff, Agnes Delaire, claims damages of $1500, and the costs of the action, from the defendants, Richard Hall and Samuel D. Hall, for severe personal injuries received by the falling of an elevator in their place of business on July 6th, 1904.

O'Connell for plaintiff; Hall and Hayes for defendants.

Keogh vs. Brady. — The plaintiff, Lucius R. Keogh, of the city of Hamilton, commercial traveller, claims $3132.50, and interest thereon, from August 8, 1904, until judgment, from Edwin E. Brady, trading under the name style and firm of W. F. Deere & Co., stock-brokers, on account of financial damages sustained by a breach of contract between plaintiff and defendant regarding the purchase of wheat. Defendant denies entering into a contract as stated in plaintiff's statement of claim, and enters a counter claim for the sum of $17.50 and costs of the action. Curry & Eyre, defendant's solicitors; D. O'Connell for plaintiff.

Ritchie vs. Peterborough Canoe Company.—The plaintiff, Thomas J. Ritchie, claims damages of $1,000 and costs of the action, in compensation for injuries sustained while engaged at a shaping machine, while in the employ of the defendants', which he alleges was caused by the absence of a guard and by its defective condition, in violation of the factories act. Defendants deny that accident was caused by negligence, and might have been avoided by reasonable care on the part of the plaintiff.

Dennistoun, Peck, Karr and Stevenson, solicitors for defendants; R. F. McWilliams, solicitor for plaintiff.

NON-JURY CASES.

Darnley vs. Cornell.—The plaintiff William Charles Darnley, claims the sum of $400.00 and interest thereon from 24th December, 1899, till judgment, from defendant, Frederick J. Cornell, on account of non-fulfillment of the specifications of an indenture, made on Dec. 24, 1899, in which defendant agreed to pay plaintiff the sum of $600, in annual installments of $200, of which he has only received one payment. Defendant denies that he entered into an agreement. Daniel O'Connell, solicitor for the plaintiff; Hugh O'Leary, solicitor for the defendant.

Spend to-morrow evening at the 57th Band Concert. Appropriate selections. Mr. Gilbert Markle, violin soloist. The Hormosy Quartette and Mr. R. N. Joliffe. Admission 15c.

—All the members of the Y.M.C.A. track team are requested to meet at the Association building at 8 o'clock, this evening, for important business. By order of the President.

GUILD LEAGUE'S ANNUAL MEETING

Officers Were Elected and Reports Recieved

Prospects for Some Fast Teams in the League are Good—Notices of Motion

Last night the annual meeting of the Guild Baseball League was held at the Y.M.C.A. building, and from present prospects the league this year will be equally as prosperous as it was last season, while no doubt the quality of ball played by the teams comprising the league will be superior to that of last year. There will be at least six teams in the league this season, St. John's being a new team, while All Saints may not enter this year. The other Guilds will all enter teams. There is a deep interest in this league among the different Guilds in town, and from the feeling of optimism displayed last night at the meeting, by the delegates, the present season will be a great success.

The president, Mr. P. A. Ferr, occupied the chair and there were present Messrs. C. H. Reid and J. Pattle, of St. John's; R. H. Elliott and Geo. MacDonald, of St. Andrews; N. McWilliams and E. Carr, Charlotte Street; A. Mann and Chas. Curtis, George Street; R. P. Watt and Ross Cameron, St. Paul's and the Secretary-Treasurer.

The report of the secretary was presented and was as follows:—

Peterborough,
April 19th, 1905.

President, Guild League,

Dear Sir,—I have the honour to present the first annual report of the Guild Baseball League covering the operations of the league during the season of 1904, which, I am pleased to state, were very successful from every standpoint.

As is known to all interested in the league, the Examiner Cup, emblematic

EXAMINER CUP

Representing the Guild League Championship.

of the championship, was won last year by the Charlotte Street Methodist Guild team, winning from All Saints team, who were the winners of the second trophy donated by the League.

In October, the winners of the league gave a very enjoyable banquet, when the trophies were presented to the two teams winning them, and the members of the other teams were, on that occasion, the guests of the winners.

I have placed insurance for $40 on the Examiner Cup, and have received from the Charlotte Street team a bond guaranteeing its safe keeping and delivery when called for by the president of the league or his successor.

Last night the series of games was carried through with little, or no friction between the different teams, and it is to be hoped that for the name of the Guilds, this condition will prevail again during the coming season.

The year was a successful one from a financial standpoint, our receipts being $15, the entrance fee from six teams while the expenditures included $10 paid for the Guild Cup, won by the All Saints team, and insurance on the same. These, with a small sum for incidentals brought the total expenditure up to $11.35, leaving a balance on hand of $3.65, which amount now stands to the credit of the league.

M. J. HUTCHINSON,
Secretary-Treasurer.

The report was, on motion, adopted.

The election of officers followed, resulting as follows:—

Hon. President—Hon. J. R. Stratton.
President—P. A. Kerr.
Vice-President—Nelson McWilliams.
Secretary-Treasurer—M. J. Hutchinson.

A discussion on the rules of the league took place, and Mr. Watt gave notice that

MR. P. A. KERR

Re-elected President of the Guild Baseball League.

at the next meeting he would move that all games in the league shall be of seven innings duration and that they must be played to a finish.

Mr. Elliott also gave notice of motion to the effect that the rules governing the eligibility of players be amended so that City League players will be barred from playing Guild League as well as those playing in the Midland and Kawartha Leagues.

Both these motions will be voted on at the next meeting of the league.

Some discussion followed upon the question of a second trophy and some suggestions were made that it, like the Examiner Cup, should be circulated and not kept by the team winning it once, as was the case last year.

Nothing definite was done in the matter, however, but it is probable that at the next meeting it will be brought up again.

A meeting will be held shortly to draw up a schedule of games.

FRIDAY'S GAME WITH PROGRESSIVES

Locals Will Be There With the Goods on That Date.

The game with the Progressive Club of Toronto, has been arranged to be played on the T.A.S. grounds and a good game is assured. All that the locals require is a little practice to put them in fighting trim, but they will be there with the goods when the game is called on Friday. McCabe will work the first three innings with Gilleaudo; Flaherty will work three with Torrance and Douglas will finish the game. Pilling, 1 b; Sheridan 2 b; Shaw s. s.; Stayne 3 b; Connors l. f.; Wareham c. f.; Simpson r. f. The new uniforms are not finished yet and the players are requested to be on hand with the old ones. Geo. Lynch will umpire.

FIELD HOCKEY.

There will be a meeting in the Y.M. C.A. to-night of all field hockey players. All players are asked to turn out.

FOOTBALL.

The Quakers will hold a practice to-night at the Driving Park in preparation for the exhibition game to-morrow at Norwood. After the practice, the team will be chosen.

* * * *

St. Andrew's Baseball Club acknowledge a donation of $10 from Mr. Hugh Waddell, Hon. President, and $5 from Mr. T. C. Elliott, Hon. Vice-President, of the club.

BASEBALL.

The Quakers Baseball team will have their first practice of the season to-morrow morning (Good Friday). All players are requested to be present.

* * * *

St. John's Guild Baseball team will practice on Friday morning at nine o'clock on Morrow's field.

Sheep and Lambs—Receipts, 9755; market slow; lambs easier; sheep, lambs about steady; common to fair muttons sheep, $4 to $5.40; clipped do., $3 to $5; wooled lambs, $7.75 to $8.25; one car choice, $8.50; clipped do., $5.40 to $6.50; two decks of Maryland spring lambs sold at $6.50 per head; extra do., $9.50 to $10.50.

Hogs—Receipts, 7255; market about steady; prime state hogs, $4.

CHICAGO LIVE STOCK.

Chicago, April 19.—Cattle—Receipts, 21,-000; good to prime steers, $5 to $6.75; poor to medium, $4.60 to $5.70; stockers and feeders, $2.50 to $4.50.

Hogs—Receipts, 28,000; mixed and butchers', $5.40 to $5.65; good to choice, $4.90 to $5.40; rough, heavy, $5.35 to $5.45; light, $5.20 to $5.50; bulk of sales, $5.40 to $5.45.

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals.

Miss Nellie Clark, Lambeth, Ont., pulls of her cars in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."

Price 50 cents per box, or 3 for $1.25. All dealers, or DOAN KIDNEY PILL CO., Toronto, Ont.

EASTER VACATION.

Parliamentarians in Role of Children Let Loose From School.

Ottawa, April 20.—With the joyousness of children let loose from school the members of the House separated yesterday for the Easter vacation until Tuesday next. The long strain and monotony of one subject is trying to the oldest Parliamentarian, and there were no two opinions about the benefit of a few days' rest.

The program carried out yesterday was brief, there being only two speeches on the autonomy bill. Mr. Henderson, of Halton, and Dr. Cash, of Mackenzie, were the speakers. The present outlook is for a score or more speeches still to be delivered on the second reading of the bill when the House re-assembles.

WILL NOT OPPOSE MR. OLIVER.

Decision of the Conservative Convention at Edmonton.

Winnipeg, April 20.—At the Conservative convention held at Edmonton yesterday, with a large number of delegates present, it was decided not to oppose the election of Hon. Frank Oliver, Dominion Minister of the Interior.

Sentences Life-Long Friend.

Elyria, Ohio, April 20.—E. F. Kannen, former cashier of the closed Citizens' Saving Bank of Lorain, yesterday pleaded guilty to embezzling the funds of the bank and was sentenced to serve seven years in the penitentiary.

H. B. Walker and Dana Walker, teller and bookkeeper of the bank, also pleaded guilty and were each sentenced to two years and six months in the penitentiary.

Judge Washburn, in sentencing the prisoners, said it was the hardest task undertaken by him during his official career, Kannen being a close and life-long friend.

Six Years For Bank President.

Buffalo, April 20.—Earl W. Card former president of the Medina National Bank of Medina, N. Y., convicted of misappropriating the funds of a National Bank, and with making false returns to the Comptroller of the Currency at Washington, was yesterday sentenced to six years' imprisonment in Auburn Prison. The minimum punishment provided by the law was five years, and the maximum ten years' imprisonment.

Brandon's Boom.

Winnipeg, April 20.—The total population of Brandon is 8,529, an increase of 1,523 in the year. The total assessment is $6,124,830, in 1904 it was $4,-957,120.

Had to be Helped With a Cane

A Mount Forest Lady, to Whom Lumbago Proved a Most Distressing Affliction Completely Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

Mrs. George Bowdrell, whose home is William street, Mount Forest, Ont., is one of the hundreds who have reason to be thankful for Dr. Pitcher's Backache Kidney Tablets. This is what she says about them: "My back was in bad shape as the result of heavy lifting. I had to be helped to get along with a cane. I was told of Dr. Pitcher's Backache Kidney Tablets, and got a bottle and can truthfully say they were a splendid medicine. They stopped the trouble quickly, and I get about now with no trouble at all. I am glad to recommend them."

Dr. Pitcher's Backache Kidney Tablets cure bad backs, kidney, bladder and urinary troubles, quicker than any other medicine, and the cures they make are permanent. Price 50 cents a bottle, at druggists, or by mail. The Dr. Zina Pitcher Co., Toronto, Ont. 54

When things go 'round like a Merry Go Round

and you have headaches and fainting spells, you'll find that the cause usually lies in the weakness of your heart. Unknowing persons regard it as temporary and blame the weather, diet, etc. By using

Dr. Agnew's Heart Cure

you can make your heart strong and healthy. Spasms, fainting spells, palpitations of the heart, pains in the head, all will disappear. It is the greatest heart-tonic the world has ever known. It brings relief in thirty minutes.

Mrs. C. Marshall, Strathroy, Ont., writes—"Five bottles made by Dr. Agnew's Heart Cure have done me mighty good in my case. I have suffered from heart disease, stomach disorders, dizziness and nervousness for years. I found no lasting relief, however, until I used Dr. Agnew's Heart Cure. It gave me relief and a few bottles of this wonderful remedy have entirely cured me." 28

One application of Dr. Agnew's Ointment will stop the itching, instantly relieve and by its continued treatment will effect a cure.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or obstructed; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, sickness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general decadence of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old form" treatment—potash or mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Book Books will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and oft leaves all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is invigorated and purified, and perfect health and vigor restored for the entire remainder of life. CURES GUARANTEED OR NO PAY, 25 Years in Detroit. 250,000 Cured.

Consultation Free. Question Blank for Home Treatment and Books Free.

The Heart's Highway

By MARY E. WILKINS

Copyright, 1900, by Doubleday, Page & Co.

Straightway Catherine saw that if was too much for me, for she knelt down beside me and called John to give her a flask of sweet waters which stood on the table, and began bathing my forehead, the while my brother looked on with something of a jealous frown.

"'Twas thoughtless of me, Harry," she whispered, "but they say joy does not kill, and—and—dost thou know the ring?"

I nodded. It seemed to me that no jewels could ever be mined which I would know as I knew that green star of emerald and those encircling brilliants. That ring I knew to my cost. "My Lord Ealing is dead," she said, "and thou knowest that he was a kinsman of the Chelmsfords, and after his funeral came this ring and a letter, and—and—thou art cleared, Harry. And—and—now I know why thou didst what thou did, Harry, 'twas—'twas—to shield me." With that she burst into a great flood of tears, even throwing herself upon the floor of my cell in all her slim length and not letting my brother John raise her, though he strove to do so.

"It is here that I shall stop the course of my story to explain the whole matter of the ring, which at the time I was too weak and spent with pain to comprehend fully as Catherine Cavendish related it. It was a curious and at the same time a simple tale, as such tales are wont to be, and its very simplicity made it seem then, and seem now, well nigh incredible.

My Lord Robert Ealing, who had come to the ball at Cavendish Court that long last year, was a distant kinsman of our family and unwedded, but a man who went through the world with a silly leer of willingness toward all womankind. And 'twas this very trait perhaps which accounted for his remaining unwedded, although a lord, though the fact that his estates were encumbered may have had somewhat to do with it. Be that as it may, he lived alone, except for a few old servants, and was turned sixty when, long after my transportation, he wedded his cook, who gave him three daughters and one son, to whom the estate went, but the ring and the letter came to the Chelmsfords. The letter, which I afterward saw, was a most curious thing, both as to composition and spelling and chirography, for his lordship was no scholar. And since the letter is but short I may perhaps as well give it entire. After this wise it ran, being addressed to Colonel John Chelmsford, who was his cousin, though considerably younger:

Dear Cousin (so wrote my Lord Ealing).—When this reaches you I shall be laid in silent tomb, where, perchance, I shall be more at peace than I have ever ben in a wurld, which either fitted me not, or I did not fit. At all odds there was a sore misfit betwixt us in some way. If it was the blam of the world, good riddance and parden, if it was my blam, let them which made me come to accoust for't. I send herewith my great emruld ringg, with dimands which I suspect hath been the means of sending an inocent man into slavery. I had a mind some years agone to wed with Caterin Cavendish, and she bein a hard made to approche, having ever a stiff turn of the sholder toward me, though I knew not why, I was not willin to rask my suite by word of mouth, nor having never a gift in writin by letter. And so, knowin that maides like well such things, I bethought me of my emruld ring, and on the night of the ball, I being upstair in to lay off my hatt and cloak, stole privily into Catherin's chamber, she being a-dancin below, and I laid the ring on her dressing table, thinkin that she would see it when she entered, and know it for a love token.

And then I went myself below, and Caterin, she would have none of me, and made up such a face of ice when I approached, that methought I had maybe wasted my emruld ring. So after a little up the stare I stole, and the ring was not where I had put it. Then thinkin that the ring had been stole, and I had neither that nor the maide, I raised a great hue and cry, and demanded that a search be maid, and the ring was found on Master Wingfield, and he was therefor transported, and I had my ring again, and myself knew not the true fact of the case until a year agone.

Then feeling that I had not much longer to live, I writ this, thinking that Master Wingfield was in a rich country, and not in sufferin, and a few months more would make not much odds to him. The face of the case, cousin, I knew from Madam Cavendish's old servant woman Charlotte, who came to my sister when the Cavendishes left for Virginia, having a fear of the sea, and later when my sister died, to my wife, and died but a year agone, and in her deathbed told me what she knew. She told me truly, that she did see Madam Cavendish on the night of the ball go into Caterin's chamber, and espying my emruld ring on her dressing table, take it up and look at it with exceeding astonishment, and then lay it down not on the spot whereon I had left it, but on the prayer book on the little stand beside her bed, and then go downstairs, frowning.

Then this same Charlotte, having little interest in life as to her own affairs, and forced to suck others, if she would keep her wits nourished, being watchful, saw me enter, and miss the ring, and heard the hue and cry which I raised. And then she still watching, saw Master Harry Wingfield, who with others was searching the house for the lost treasure, stop as he was passing the open door of Caterin's chamber, because the green light of the emruld fixed his eyes, and rush in and secrete the ring upon his person. This Charlotte saw, and told Madam Cavendish, who bound her over to secrecy to save the honour of the family, believing that her own granddaughter Caterin was the thief.

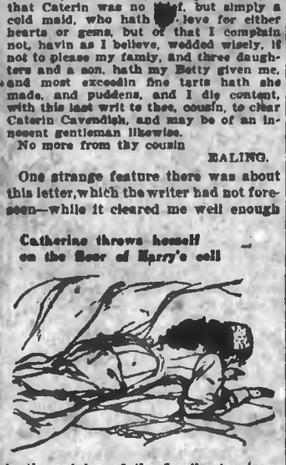
This epistle, cousin, is to prove to you that Caterin was no thief, but simply a cold maid, who hath no love for either hearts or gems, but of that I complain not, havin as I believe, wedded wisely, if not to please my family, and three daughters and a son, hath my Betty given me, and most exceedin fine tarts hath she made, and puddens, and I die content, with this last writ to thee, cousin, to clear Caterin Cavendish, and may be of an innocent gentleman likewise.

No more from thy cousin

EALING.

One strange feature there was about this letter, which the writer had not foreseen—while it cleared me well enough

Catherine throws herself on the floor of Harry's cell



in the opinion of the family, to strangers it cleared me not at all, for who was to know for what reason I had entered Catherine's chamber and took and secreted that ring of his lordship's? Strict silence had I maintained, and so had Madam Cavendish all these years, and naught in that letter would clear me before any court of law. Catherine being the only one whose innocence was made plain, I could now tell my story with no fear of doing her harm, but let those believe my part of it who would! Still I may say here that I verily believe that I was at last cleared in the minds of all who knew me well, and for others I cared not.

My term expired soon after that date, and though I chose to remain in Virginia and not return to England, yet my property was restored to me, for my half brother, John Chelmsford, when confronted by any gate of injustice leaped it like an English gentleman, with no ado. And yet after I heard that letter I knew that I was a convict still, and knew that for some I would be until the end of the chapter, and when I grew a little stronger that wild hope that now I might have Mary dimmed within me, for how could I allow her to wed a man with a stain upon his honor?

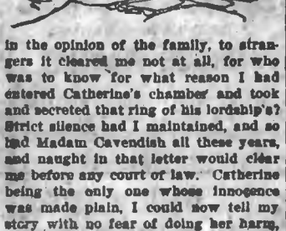
It was three days after this, my brother and various others striving all the time, but with no effect, to secure my release, that Mary herself came to see me. Catherine, as I afterward discovered, had unlocked her chamber door and set her free while her grandmother slept, and the girl had mounted Merry Roger and come straight to me, not caring who knew.

I heard the key grate in the lock, and turned my eyes, and there she was, the blessing of my whole life, though I felt that I must not take it. Close to me she came and knelt, and leaned her cheek against mine, and stroked back my wild hair.

"Harry, Harry," she whispered, and all her dear face was tremulous with love and joy.

"Thou art no convict, Harry," she said. "Thou didst not steal the ring

Mary confesses her love



but that I knew before, and I know not any better now, and I love thee no better now. And I would have been thine in any case."

"I am still a convict, sweetheart," I said, but, I fear, weakly.

"Harry," she cried out, "thou wilt not let that stand betwixt us now?"

"How can I let thee wed with a convict if I love thee?" I said. "And know you not that this letter of my Lord Ealing's clears me not legally?"

"That I know," she answered, frowning, "because thy brother hath consulted half the lawyers in England ere he came. I know that, my poor Harry, but what is that to us?"

"I cannot let thee wed a convict, a man with his honor stained, dear heart," I said.

Then she fixed her blue eyes upon mine with such a look as never, I saw in mortal woman. She knew at that time what sentence had been fixed upon me for my share in the tobacco riot, but I did not know, and then and there she formed such a purpose as sure no maid, however great her love for a man, formed before.

(To be Continued.)

Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

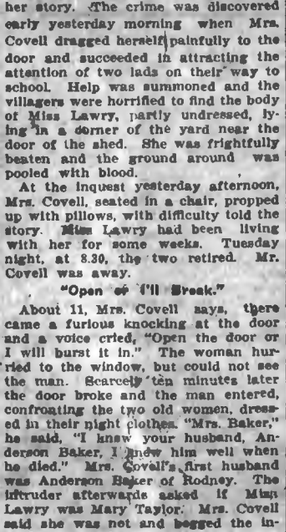
Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Pierce's Pleasant Pellets

These tiny, sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Stomach, attended by foul breath. One or two for laxative, three or four for cathartic.

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of customs and mailing; or, in fine cloth binding 50 stamps. Address Dr. R. V. Pierce, 663 Main St., Buffalo, N.Y.



BRUTAL MURDER NEAR RODNEY.

Miss Lawry of Rodney Beaten to Death By Unknown Man.

ASSAILANT WAS MASKED

Broke Into House of Mrs. Covell, Who Was Being Nursed by Victim of the Cowardly Assassin—Took All the Money Obtainable and Then Proceeded to Assault and Finally Kill.

Rodney, April 20.—Alone in a little house on the outskirts of this village two old women were attacked by an unknown man Tuesday night. One, Eliza Lawry, aged 70 years, was beaten to death, and the other, Mrs. Covell, aged 75, is scarcely able to tell her story. The crime was discovered early yesterday morning when Mrs. Covell dragged herself painfully to the door and succeeded in attracting the attention of two lads on their way to school. Help was summoned and the villagers were horrified to find the body of Miss Lawry, partly undressed, lying in a corner of the yard near the door of the shed. She was frightfully beaten and the ground around was pooled with blood.

At the inquest yesterday afternoon, Mrs. Covell, seated in a chair, propped up with pillows, with difficulty told the story. Miss Lawry had been living with her for some weeks. Tuesday night, at 8.30, the two retired. Mr. Covell was away.

"Open or I'll Break."

About 11, Mrs. Covell says, there came a furious knocking at the door and a voice cried, "Open the door or I will burst it in." The woman hurried to the window, but could not see the man. Scarcely ten minutes later the door broke and the man entered, confronting the two old women, dressed in their night clothes. "Mrs. Baker," he said, "I knew your husband, Anderson Baker, I knew him well when he died." Mrs. Covell's first husband was Anderson Baker of Rodney. The intruder afterwards asked if Miss Lawry was Mary Taylor. Mrs. Covell said she was not and begged the intruder not to hurt her.

"I want your money or your life," he said, "and I want more than that, too."

Mrs. Covell gave him two purses, with $1 and $1.50. He declared that there was more money in the house than that, and, seizing Mrs. Covell, jerked her outside the door and threw her on the ground. He kicked her and ordered her to give him more money.

"I am Gone."

When told he had it all, he kicked her and beat her again, whereupon Miss Lawry rushed and struck him on the face with a stick. This only succeeded in drawing the man's attention to her. She fled and tried to get into the woodshed, but in a few moments Mrs. Covell heard the agonizing cry, "I am gone!"

Mrs. Covell succeeded in getting into the house and in half an hour the man came in again. The murderer could be heard striking matches in the living room and finally entered the bedroom. Again he lit matches, this time lying flat on the floor and looking under the bed. When he saw Mrs. Covell he pulled her out, threw her over the bed and tried to assault her. Mrs. Covell fought him and finally, when the cat made a noise in the kitchen, she cried, "Here comes Mr. Covell!" The assailant decamped.

That was about 1 o'clock. She saw the murderer quite distinctly in the light of the match under bed. She is sure she has seen the man somewhere before. Suspicion has hovered about various men in the community, for the theory that the perpetrator was a tramp has been exploded.

Was Assaulted.

Dr. H. McL. Patterson testified that Miss Lawry had been criminally assaulted. Miss Lawry was of an English family and lived in Rodney for many years. She was always known as rather eccentric and had lived at various times with Mrs. Covell. She had some property. One brother, James Lawry, is living in Rodney.

The house is a frame clapboard building, about a mile to the north of the town. It is 500 yards from any dwelling and none of the neighbors heard any disturbance.

The stick used by the murderer was a trimmed branch cut from a tree a hundred yards down the road. It is about an inch in thickness.

Detective Summoned.

Advices and descriptions have been wired all over the country and Detective Greer arrived last night. The inquest will be continued to-day.

PRESENTATION TO MR. T. J. TILLEY

Received a Handsome Silver Syrup Service.

Pleasant Evening Spent at Home of Recipient—Games and Speech Making.

A very pleasant event took place at the residence of Mr. and Mrs. T. J. Tilley, 218 Park street, last night, when about twenty of their friends gathered to pay their respects, and to make them a presentation on the eve of their departure for Lindsay.

Mr. P. Kerr made a brief speech, expressing regret at the departure of Mr. Tilley and wishing him success in his new appointment. On behalf of those present he presented Mr. and Mrs. Tilley with a silver syrup service, a pitcher and tray, which was very handsome.

Mr. Tilley made a suitable reply, thanking his friends for their kind remembrance.

He goes to Lindsay next week as local manager of the Bell Telephone Co. there, and justly deserves the promotion. He had charge of the construction department for this district and was well known here.

The remainder of the evening was spent in games, etc., and all were unanimous in their belief that last night was one of the most pleasant evenings they had spent in a long time.

ALL RENEWALS WERE GRANTED

By Board of License Commissioners for East Peterborough.

Application From W. Brooks For License in Douro Township.

This morning the Board of License Commissioners for East Peterborough, met in their office on Water street to consider the applications for licenses in the East Riding.

Those present were Messrs. Knox, Rose and Smithson, and all the applications for renewal were granted as follows:

Terrence Smith, Norwood, granted.
Michael Kennedy, Keene, granted.
Mrs. M. E. Morgan, Stony Lake, granted.
Fred Morgan, Warsaw, granted.
W. Dineen, Havelock, granted.
T. Heffernan, Westwood, granted.
C. Armstrong, Havelock, granted.
H. W. Darcey, Burleigh Falls, granted.
E. J. King, Norwood, granted.
Wm. Thompson, Mt. Julian, granted.
M. McNicholl, Havelock, granted.

A petition signed by 83 ratepayers of Douro Township was presented, asking that W. Brooks be granted a license in the Township of Douro, and setting forth that in their opinion Mr. Brooks is a fit and proper person to be licensed, and that the premises in which he proposes to conduct the hotel are suitable for that purpose, and that it will not be an annoyance to the public generally.

Mr. R. M. Dennistoun was present representing Mr. Brooks, and supported the petition.

At noon when the commissioners adjourned for lunch, the application not been disposed of.

The Brooks license case was discussed after lunch and it was decided to lay it over for further consideration.

BASEBALL CONCERT

The plan of the Opera House for the Baseball Club Concert will open at Ormond and Walsh Drug Store, Monday morning. Reserved seats 50c and 35c. This is one of the best concerts of the season.

See the unique Easter Novelties in Candy Receptacles at Hooper's store, George street.

THE official tests by the Inland Revenue Department of the Canadian Government show the Royal to be a pure baking powder, superior to all others in leavening strength.

It therefore makes purer, more wholesome and economical food than any other baking powder or leavening agent.

Royal Baking Powder is more convenient for use than cream of tartar and soda and makes finer-flavored food.

ROYAL BAKING POWDER CO., NEW YORK.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—To-morrow, Good Friday, there will be no issue of the Examiner.

—The Finance Committee did not meet last night, as was announced.

—To-night All Saint's choir will practice at 7.30, and all members are asked to be present.

—Charlotte street choir will practice to-night at 7.30. All members are asked to be present.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—A report of the lecture in the Opera House last night given by Mr. Bartlett is crowded out of to-day's issue.

—There was no quorum of the members of the Finance Committee last night, consequently no meeting was held.

—The Lady Maccabees will meet Friday evening in the S.O.E. Hall. A full attendance of the members is requested.

—There will be services at 11 a.m., 3 p.m. and 7.30 p.m. at St. John's to-morrow. The 3 o'clock service will be for children.

—The Public Schools and Collegiate Institute closed at noon to-day for the Easter holidays, and will open on Monday, May 1st.

—All Sunday Schools are asked to remember the meeting to be held to-night to discuss the question of a Dominion Day inaugural celebration.

—Before purchasing a piano get catalogue and booklet from E. H. Edmiston, George street, of the Nordheimer, Canada's standard make.

—At the Charlotte street church to-morrow morning a service will be held at 11 o'clock, when the pastor, Rev. W. J. Jolliffe, will preach.

—St. Luke's choir will meet for practice this Thursday evening at eight o'clock. It is important that all members be present punctually.

—Satisfactory terms can be arranged and liberal allowance made for old instruments taken in exchange for Nordheimer pianos. Inquire at Edmiston's drug store.

—This week's issue of the Montreal Witness contains a sermon preached by Rev. E. A. Langfeldt, together with a well-executed half-tone cut of the reverend gentleman, and also of St. Luke's church.

—Invitations have been issued for the Brass Workers' At Home, to be held next Tuesday evening in the Foresters' Hall, Simcoe street. A splendid evening's enjoyment is assured all who attend.

—Divine service will be held at All Saint's church to-morrow, Good Friday, at 10.30, there will be Litany and sermon, and at 7.30 Divine services. At the evening service the subject will be "The Three Crosses."

—At George street Methodist church on Good Friday there will be service at 11 a.m., when the preacher will be Rev. Dr. Crothers, and the subject, "Lessons from Calvary." Appropriate music will be rendered.

—A large St. Bernard dog owned by a resident on Parnell street, is, it appears, causing the neighbours some annoyance. The animal is not of a vicious disposition, but in a playful way has handled some children rather roughly.

—The weather may seem to belie the statement, but spring has come. Yesterday morning the walk in front of the Beat Stove Company's store, was piled high with refrigerators. There must have been nearly a carload. This looks like the return of "the good old summer time."

—The meeting of the Primary and Junior Union of Sunday School teachers will be held in the Y.M.C.A. on Thursday evening at 8 o'clock instead of Friday. The primary lesson will be taught by Mrs. J. S. Knapman, and the Junior by Rev. J. G. Potter. All teachers are invited.

—The Junior Intermediate School Boys' Contest Banquet will be held to-night at the Y.M.C.A. Every fellow is expected to be out, and help "eat the feast." The boy who tells the best three-minute story at the banquet will be presented with a book. All out for the feed. At 8 o'clock.

—The dedicatory services of the Y.W.C.A. building will be held on Sunday afternoon at 4.15 o'clock. The ministers of the town have been invited, and representatives of the different denominations will also be present. Miss Clara Bellegiem will sing, "Abide with Me," by Liddle. The public is cordially invited to be present.

—The 57th Regiment Band will be greatly strengthened, in the clarinet section, for Friday night's concert, by the addition of four new players, who are said to be excellent musicians. Amongst others numbers which will be presented will be Gounod's grand sacred march, "Dominicale," and the "Morning, Noon and Night" overture.

—For the convenience of my coffee loving customers, I have placed a new coffee mill in my store, so that they may have their coffee fresh. Maple syrup and maple sugar are moving rapidly. Cabbage, parsnips, carrots, beets, onions and potatoes always on hand, at Jas. E. Bell's, 161 Hunter street. Phone 455. d

—At St. Luke's to-morrow there will be service at 10.30, when there will be morning prayer and sermon, and the collection will be for the evangelization of the Jews. The three hours' service commemorating Christ's agony on the cross, will be held from 12 to 3 o'clock, when addresses on the "Seven Words on the Cross," will be given.

—Yesterday was the first anniversary of the great Toronto fire. The assessed value of the ninety buildings destroyed was $1,289,000. Already these have been replaced to the extent of thirty six buildings at a cost of $1,124,000 showing that the new structures, in addition to being more modern, are more substantial, all being practically fireproof.

—The following is the team which represented the Progressives in their game with the Torontos this afternoon and it is probable that they will have the same line up to-morrow when they play the local club in the opening game of the season—Downing, Mack, Carrie, Walker, Walsh, Nicholson, Neal, Funk, Marks, Hurst, Shea, Phelan, O'Hearn and Spencer.

When Rheumatism Doubles a man up

Physician and sufferer alike lose heart, and often despair of a cure, but here's the exception. William Pegg, of Norwood, Ont., writes,—"I was nearly doubled up with rheumatism. I got three bottles of South American Rheumatic Cure, and they cured me. It's the quickest acting medicine that I ever saw."

St. Luke's Church.

The following services will be held at St. Luke's on Easter Sunday:—Holy Communion at 7 and 8 a.m.; Morning Prayer and Holy Communion at 11; evensong and sermon at 7 p.m. The choir has prepared special music. The Easter vestry meeting and election of wardens will be held on Easter Monday at 3 p.m.

THE JAPANESE FIRST ATTACK

Probably Will Be Northeast of Paracels Islands —May Come Within the Day—Rojestvensky in the Meantime is Killing Time Waiting For the Squadron Which Sailed From Jibutil Eleven Days Ago—What St. Petersburg Hopes For—Not an Open Fight.

Tokio, April 19.—There is practically official information for the statement that the Russian battleship and cruiser fleet on Sunday night departed northeast from Callao Bay and probably is anchored south of the Triton Islands, in the Paracels group, awaiting the arrival of the Jibutil squadron. The intelligence department of the admiralty board, which has kept in touch with the Russian ships since their departure from Madagascar, announces that the battleships, under command of Rojestvensky, sailed from the Bay of Callao shortly after dark on Sunday night on a course due east.

After leaving Kamranh Bay on Friday, where all the ships of the fleet were coaled, the Russian commander went to Port Callao to take on provisions, perhaps, to kill time in order to meet the squadron which sailed from Jibutil eleven days ago. Rojestvensky ought to meet the ships, it it estimated here, somewhere between Triton Island and the Rombay shoals, assuming that the course of the Russians will be toward the Philippine Islands and that Rojestvensky will prefer to take that route on his way to Formosa.

The first attack on the Russians probably will be northeast of the Paracels Islands. Information here suggests that this sea fight is not more than twenty-four hours away. Admiral Uriu's squadron was in Subig Bay Monday night, and it is believed he is sixteen ships strong, including seven cruisers, the remainder being torpedo boat destroyers. They command the route east of the Paracels Islands toward Formosa, and undoubtedly are looking for Rojestvensky's squadron.

What Russians Hope For.

St. Petersburg, April 19.—The admiralty claims to be as much in the dark as the public regarding the plans of the admiral. The main question now agitating the naval officials is whether Rojestvensky will elect to proceed northward thru the Straits of Formosa or bear off into the Pacific thru Bashi Channel (south of the Island of Formosa), or Balingtang Channel (north of the Island of Luzon).

The conviction is growing stronger that the Japanese heavy division is concentrating close to the shores of Japan, and it is also believed that Admiral Togo will decline to give battle in the open sea.

This is what the admiralty officials hope for, as they sincerely believe Rojestvensky would have more than an even chance if the two squadrons lined up in an open fight.

The admiralty has no confirmation of the reported cutting of the cable connecting Formosa with the Chinese mainland at Foochow.

Jap Armies Won't Suffer.

Yinkow, April 17, via Tientsin, April 19.—Few transports are now arriving at Newchwang. This contrast with the rush of traffic since the opening of the Liao River indicates that precautions are being taken against possible interference by the Russian Pacific squadron.

Vast accumulations of stores have already been made along the Japanese lines of communication, assuring full supplies to the armies in the field, even if the transport service is interrupted.

CAP. ALLISON'S INTENTIONS.

Will Not Risk All in One Big Battle—Cautious Tactics.

London, April 20.—Viscount Hayashi, Japanese Minister to Great Britain, expressed the opinion yesterday that Admiral Togo would not give battle to Admiral Rojestvensky with his entire squadron, but would continue the cautious tactics which characterized his attacks on the Port Arthur squadron, not because he feared defeat, but owing to his desire to inflict the greatest amount of damage on the Russians with the least loss to himself.

While confident of Admiral Togo's ability to accomplish the total destruction of the Russian squadron in a big battle, there is the danger of Togo losing one or two of his big ships. Therefore Viscount Hayashi believes Togo will employ his torpedo boats and torpedo boat destroyers, which number more than a hundred and are vastly superior to the Russian torpedo boat flotilla, in harassing the Russians, while gradually picking off the Russian war ships. He said the coasts of Japan, Corea and Formosa lend themselves to night work with torpedo boats, while the narrow channels will make manoeuvring of large war ships difficult and dangerous.

MERCHANT FLAGS WAVE.

Rojestvensky's Transports Are Not Posing as Warships.

London, April 20.—A despatch to a news agency from Tokio says—"Information received here is taken to indicate that the Russian squadron proposes staying at Kamranh Bay until May 7. Admiral Rojestvensky in the meanwhile sending out cruisers to overhaul merchantmen proceeding along the trade route to the Straits of Formosa. The transports accompanying the Russian squadron are reported to be plying between Kamranh Bay and Saigon, under the merchant flag of Russia."

New Jap Destroyer Launched.

Tokio, April 20.—The torpedo boat destroyer Kiji was launched at Kure yesterday. Her displacement exceeds 200 tons.

Mail Vessels In Danger.

London, April 20.—A despatch from Shanghai to The Morning Post says: "Two junks have been blown up by mines near Chusan. The appearance of mines south of Shanghai is causing great apprehension for the safety of European mail vessels."

Awaiting Fourth Squadron.

London, April 20.—The correspondent at Jibutil (on the Gulf of Aden) of The Daily Mail learns that some ships of the main Russian fleet joined the third Pacific squadron near Sokotra and thence proceeded for Diego Garcia, where they will await the fourth Pacific squadron.

EASTER MILLINERY

Trimmed and Untrimmed Ready-to-Wear Hats in the very latest ideas in New York and Paris styles.

J. SUTCLIFFE & SONS.

Paris, April 20.—A despatch to the Echo De Paris states that according to a Russian naval staff officer, Rojestvensky is trying to capture the Island of Formosa, with the purpose of establishing a base there.

Russians at Front 230,000.

Tokio, April 20.—The Russian force concentrated along the Changchun-Kirin line and southward is estimated about two hundred thousand men. A final revision of the number of prisoners captured at Port Arthur shows the total to be 41,000.

CAPT. ALLISON DIES.

Men Who Could Tell Cause of Explosion Are Dead.

Kingston, Ont., April 20.—Coroner Mundell has decided an inquest on the gas explosion unnecessary, though he will submit evidence to the Crown Attorney. The men who could have given good evidence are dead. His opinion is that the responsible man was killed, but how the accident happened he cannot state.

Another Victim Dies.

Capt. Allison, of Morrisburg, injured about the groin, died in the hospital at 10.30 yesterday morning. He was unable to give any details of the terrible explosion. He leaves a wife and five children. His wife and sister were with him at the end.

Insane From Pain.

Hamilton, April 20.—David Lopsley while working at the Victoria avenue sub-station of the Cataract Power Co., received a current of 22,000 volts through his body. He was badly burned about the face and legs, and the flesh of one foot was burned to the bone. He was rendered insane by the terrible shock for a couple of hours, and it took three policemen to hold him down while he was being taken to the city hospital. He is now resting easy, but it may be necessary to amputate one of his legs.

Burned To a Cinder.

Ottawa, April 20.—Burned almost to a cinder, the body of James McBride, farmer, fifty-three years of age, was found among the ruins of his house, about a mile south of Bell's Corners, yesterday morning. He was burned to a cinder. Mr. McBride was wealthy. He was married, but has been separated from his wife for several years. She is at Niagara Falls.

Killed On the Track.

Brockville, April 20.—Early yesterday morning, as the G. T. R. sectionmen were patrolling the track between Prescott and Cardinal, the body of a man cut to pieces was found beside the rails. There was nothing on his person by which he could be identified. The remains were removed to Prescott.

Girders Fell On Him.

Winnipeg, April 20.—Joseph Powers, 25 years of age, was killed yesterday morning while accompanying a load of heavy iron girders. Three of the girders were chained together and on these Powers was sitting, his feet on the inside. The girders suddenly fell over, throwing the unfortunate man backwards, his head struck the curbstone and the girders fell on top of him doubling up his legs over his chest. Death was instantaneous.

Boy's Arm Mangled.

Desoronto, April 20.—About 5.45 yesterday young Howard, about 15 years of age, employed at the cedar mill of the Rathbun Co., while cleaning up after the day's work, slipped, and his arm was caught in a cogwheel. His arm is badly mangled.

Passenger Train Ditched.

Montreal, April 20.—The C. P. R. train from Halifax to Montreal, was derailed at Bancroft, Maine, Tuesday night about 10.30 o'clock. The accident was due to the frost heaving up the ground, and the whole train was ditched. Only two passengers were injured, Mr. and Mrs. McKenna, bound from Londonderry, N. S., to British Columbia, receiving slight injuries. A wrecking train was sent out from Montreal yesterday morning and the line was open last night.

TOLD TO 'PHONE COMMITTEE.

Grey County Company Are Doing a Good Business.

Ottawa, April 20.—At the Telephone Committee yesterday, Thomas Bagley, of the Township of Crotos, Grey County, was examined. His company was called the Conn Telephone Co. They had 18 miles of line and bought three miles from a doctor, making in all 21 miles. They paid $125 for three miles. The capital stock was $1,500. He and his associates put $1,200 into the line, and it paid six per cent. the first seven months. They had seven 'phones and a connecting one. They were public 'phones, and it cost 15 cents a message. These messages were delivered. There was a demand among the farmers. It was the intention to increase the capital stock to $40,000, and extend the line.

AN ONTARIO PRECEDENT.

Toronto Street Railway Fined $2,500 For Continuing Nuisance.

Toronto, April 20.—The Toronto Railway Co. was fined $2,500 yesterday morning by Judge Winchester for continuing a nuisance by blocking up its cars on Ayetnus road and having caused the death of Mrs. Elizabeth Ward last June.

This is the first company in Ontario to be thus fined. The penalty imposed yesterday morning will be a precedent for guidance in the future. The only other company in Canada to be fined was the Union Colliery Co., of British Columbia, that was mulcted $5,000 in 1900 for having caused the death of six people by running a car over one of its bridges that was in a rotten condition and caused it to collapse.

Dr. W. H. Johnston Dies.

Fergus, April 19.—Dr. W. H. Johnston died at his old home in Eramosa yesterday. He was surgeon-major of the 30th Regiment, president of the Horticultural Society, secretary of the public library board, an active member of the Centre Wellington Agricultural Society, and county councillor.

ELECTRIC TRANSMISSION.

Government Will Retain the Right Over All Railroads.

An amendment to the bill granting an extension of time to the Ontario Electric Co., consideration of which was continued by the Railway Committee of the Legislature yesterday, foreshadowed the policy of the Government in regard to the conservation of water and electric power. This same clause will be added to all railway charters granted or renewed in the future.

The Government will reserve the right to at all times enter upon the right of way of the said company, dig up the same and erect thereon all necessary poles, and dig down and construct all cables, wires and poles for the transmission of electrical or other power from any point in the Province of Ontario to the works and plant of any municipality for the distribution of such power within the limits thereof; provided that the track of traffic, wires and poles of the company shall not be injured, removed or otherwise dealt with.

The clause permitting the building of branch lines was limited to such struct lines from the main line, not exceeding 20 miles in each case. Such branches must not extend beyond the counties in which the township lie and shall be built only after the approval of the Lieutenant-Governor in Council.

The company was allowed two years extension for the beginning of the road between Toronto and Kingston. It may also have five years longer to complete the line.

SUBSIDIZING CANADA.

Lord Stanley Says It Wouldn't Be Fair to Home Manufacturers.

London, April 20.—(C. A. P.)—Lord Stanley of Alderly, in a letter to the Westminster Gazette, on the Colonial preference says he fears that in the consideration of a policy of Colonial preference, and its advantages, too much attention has been paid to the question of food and raw materials.

His lordship asks should we be prepared in as important an article as wood pulp to limit the paper-making supplies from other countries in order to encourage Canada.

In 1903 we imported £2,500,000 worth of wood pulp, of which £648,000 came from Canada. A five per cent. duty on wood pulp other than Canadian would raise the revenue ninety thousand a year and give a subsidy of about £30,000 a year to Canada. This stimulus to Canadian trade might cause Canada to send us half our total supply, then our revenue would fall to £30,000 per year and Canadian pulp makers would gain £60,000 a year, English pulp consumers being taxed £120,000 a year.

If we taxed wood pulp we should have to tax other paper-making materials such as rags, esparto fibre and other materials imported to the value of about £910,000 in 1903. Thus the whole trade of the paper makers would be disturbed and the cost of materials enhanced for the purpose of buying a Canadian preference.

REFORMS IN MACEDONIA.

Negotiations Between the Powers Regarding Great Britain's Plans.

Vienna, April 20.—The Associated Press was informed at the Foreign Office yesterday that the negotiations between the powers regarding Great Britain's plans for the financial reform of Macedonia will probably be terminated at the end of April. Some doubt is entertained here about Germany's attitude on the subject. The Neue Freie Presse publishes an interview with Herr Von Muller, the Austrian agent in Macedonia, charged with carrying out the Austro-Russian reform programs, in which he declares, among other things, that since March 1 the financial reforms in Macedonia established by Turkey through Hilmi Pasha have been working very well, and expresses the opinion that this system will have the most successful results.

IN THE OPEN WATERS.

Twenty-One Vessels Pass Through the Straits of Mackinaw.

Mackinac Island, Mich., April 20.—After struggling for over a week with the heavy ice fields in the Straits of Mackinaw the downbound fleet of 21 vessels from Chicago and Milwaukee yesterday succeeded in forcing a passage, and are now in the open waters of Lake Huron, having opened the season of navigation for 1905. Although the straits are now open for the passage of vessels through the channel north of Bois Lance Island, the south passage is still full of ice, which may hold for another week.

Carnegie's Niece Weds Poor Man.

Saratoga, N. Y., April 20.—It became known that Andrew Carnegie's niece, Nancy, was secretly married about a year ago to a riding master named Hoover. The news was confirmed by Mr. Carnegie. "My niece was married to Mr. Hoover in New York about a year ago," he said. "Mr. Hoover was a riding teacher in the family. The family has no objection to the match. Mr. Hoover is an honest, upright young man. I would rather Nancy had married a poor, honest man than a worthless duke. We want no rich men in the family."

JOHN HAGGART, AUCTIONEER

Thousands of Women

ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of Canadian women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively curing disease and displacements and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

CHRIST TRIED BEFORE PILATE

Rev. R. A. Armstrong, B. A., of Orillia, Spoke at St. Luke's.

Last of the Wednesday Night Lenten Addresses—Lessons to be Learned.

The last of the regular Wednesday evening Lenten addresses was delivered in St. Luke's church last night by Rev. R. A. Armstrong, B.A., Rector of St. James' church, Orillia. He spoke from the words:—"And Jesus stood before the Governor,"—St. Matthew, chap. xxvii, 11th verse. The speaker said that he intended to dwell briefly on the scenes and events in connection with Christ standing before Pilate. Jesus was really before the governor four times, and, as we looked into these various events he trusted impressions would be conveyed to each one which would be a blessing to every soul. Mr. Armstrong described the scenes in the hall of judgment, and said that Pilate did not recognize the royalty and nobility of self-sacrifice as witnessed in Christ. According to Roman jurisprudence every judge had to endeavour to get his prisoner to confess and Pilate's Roman experience as a judge gave him an insight into character. He saw in this case that the accused—Christ—was far less guilty than were his accusers. Pilate was, therefore, led to observe, "I find in Him no fault at all." Every soul must answer the question of Pilate: "What shall I do then with Jesus, which is called Christ?" Christ possessed splendid courage and nobility; he was kindly amid the cruel taunts and jests of the crowd, and the general outcry, "Let Him be crucified." You and I must some day, like Pontius Pilate, the governor, stand before the great white throne. Christ stands before us all—every one—and presents to us the question of either accepting or rejecting Him. If there was any particular period more than another when we should decide for Jesus Christ it was the Lenten season. Christ comes to us in our daily life on earth and pleads with all to accept Him. There are various ways in which we can treat Him. We can do as the scribes and Pharisees did. We can revel in so-called pleasure and be indifferent. Some men crowd honesty and fairness, forgetting that if they crowned Christ in their hearts they would also be crowning honesty and every other virtue in life. Another way was to treat Him like Pilate and say, "What shall I do then with Jesus, which is called Christ?" and reject Him. We should all beware of the danger of procrastination, and not put off the day of decision until we are laid on beds of sickness or arrive at the final hour of life. We should accept Jesus now. The real question was not what shall we do with Christ, but what shall we do without Him. His forgiving disposition, His embracing mercy and His Divine, helpful presence. Jesus is standing before each of us, and we should all accept Him now in our daily life. No longer should we reject the great creator and benefactor, the Redeemer of the world—the blessed Saviour.

A charge against John Dunford for obstructing Mr. R. N. Roddy in the execution of a warrant for distress, for the collection of rent, was withdrawn at the police court this morning.

GOOD ADDRESS ON MISSIONS

At Charlotte Street W. M. S. Meeting Last Night

Annual Thank-offering of Local Auxiliary—Address by Mrs. Campbell—Good Musical Numbers.

The annual meeting in connection with the thank-offering of the Charlotte street Auxiliary of the Women's Missionary Society was held last night in the school room of the church. The usual devotional exercises were performed, Mrs. (Rev.) W. J. Jolliffe reading a portion of the 19th chapter of St. John, the scene where Christ is before Pilate, previous to His crucifixion.

Mr. Miller, of the Mark street church then gave a solo in a most pleasing manner, which was followed by the treasurer's report, read by Mrs. Thos. Allum. The report follows:—

In presenting the annual financial report of our Auxiliary, we regret that we shall not be able to give a full account as our year does not close until April 30th.

We have still to receive some members' fees, as well as the Easter thank-offering of this meeting, which we hope will so increase our receipts that we shall end our year with the largest income that we have yet recorded.

Our income up to date has been as follows:—

Members fees	$23 00
Missionary Sermon	10 44
Proceeds of social	16 70
Donations	5 75
Mission Band	3 00
Missionary Prayer Meeting	2 95
Balance from last year	8 76
Total	$62 20

EXPENDITURES.

Amount sent to branch treas.	$48 50
Expenses	2 98
In treasury	$51 48

The report showed that last year was much the most successful one in the history of the local auxiliary.

Then followed a violin solo by Mr. Jones, "Meditation," by Faudeamter, which was rendered with true artistic expression, and good tone quality.

The Secretary's report came next.

The following Secretary's report came next, read by Mrs. Moore, in the absence of Mrs. Adam, the secretary:—

Easter with its hallowed memories and tender associations, its sweet messages of spring-time and renewed life and above all its resurrection pledge, will soon be here, and we as Christian women should welcome its coming with profound thankfulness. "Because the lives we shall live also", "The Lord is risen indeed" and the joy of the women who went first to the sepulchre should be in the heart of every believer. No more beautiful and appropriate custom could have been inaugurated by our society than that of bringing an offering of thanks at Easter tide, to be used in the extension of our work amongst those who do not yet realize that for them Christ is risen. All that we, as women, hold most dear we owe to the religion of Jesus Christ, and it seems fitting that we should seek some channel, through which might flow some practical expression of our love and gratitude to God, for the great gift which Easter commemorates. The thank offering last year from all the auxiliaries of our Canadian Methodist Church was $10, 579. A more liberal offering than that of any previous year. Last year the combined efforts of the N. M. S. of Canadian Methodism, realized the sum of $43,615, an increase of upwards of $5,000 over the amount raised the preceeding year, and also $10,000 worth of goods were sent in bales and boxes to different Missions. Of this amount our Bay of Quinte branch raised $7,797. The money was appropriated as follows:—To Japan $24,228; to China $12,571; to Indian work in North west $8,763; to French work $6,500; Chinese Rescue Home, Victoria, B. C., $1,307; Galicians, $2,726.

In reviewing the work of the past year, we find as an auxiliary, we have much for which to be thankful. A true missionary spirit seems to have taken possession of our members, our meetings are characterised by a growing spirituality and as strong desire to do better work for the Master. Ten meetings have been held with an average attendance of 13. We have a membership of forty-one. Twenty-one copies of Missionary Outlook taken. In October a service was conducted by Rev. Mr. Wood, of B. C., in behalf of our work there, which was most interesting and encouraging. On the following evening a Missionary Tea was given in the lecture room. Proceeds of tea and Sabbath Collection, $27.20. In November a box of clothing which was valued at $30.00, was sent to the All People's Mission, Winnipeg. In February a very helpful Missionary Prayer Meeting was held. Last May the "Olive" Mission Band was organized, which has a membership of 15 and during the year has raised the sum of $30.00, which amount is to be devoted to the education and support of a little girl in the Chentu School, China.

Then followed the address of the evening, given by Mrs. Campbell, in making a few introductory remarks she used the term "stock-taking," remarking that "stock-taking" in the Women's Missionary Society showed most pleasant results. She then reviewed the work. The Society was organized 23 years ago, in Hamilton; the condition of the people generally, and more particularly the women of Japan being the reason of its formation. Mrs. Campbell said she thought the condition of religion in a country depended largely on the women, their natures being more capable of devout worship, in idolatry as well as in the Christian faith. She stated that more women missionaries were required. They had 52 missionaries in all—18 of whom were in Japan; a number in China, in India, in French territory and in British Columbia, the latter labouring among the Chinese. The most successful way of conducting the evangelization of the Eastern Countries is by means of the boarding-schools. In these schools the girls of Japan are taken in when quite young and educated first by Biblical study, a good knowledge of the native and the English tongues, and also of how to be good, true, Christian girls and women. In connection with the work in Japan Mrs. Campbell told a little incident that shows how far a little human kindness and sympathy go in the saving of men and women in that country. In a certain town twelve officers killed in action were brought home for interment and the Christian missionaries followed the cortege to the grave, and showed their sympathy with the bereaved relatives in their kind way. This had a profound impression upon the natives, who afterward displayed more interest in Christian religion, and ceased to regard the missionaries with suspicion as had formerly been the case. The Japanese thought that people who would follow their heroes to the grave, could not be wholly bad.

Some of the natives have done much to help their fellow-countrymen, one man in Tokio having presented 10,000 Bibles to the Society.

The work in China is also receiving all the attention that can possibly be given to that field. What they require mostly are new college buildings. They have the girls to be taught, and the staff to teach them, and if they had suitable buildings the good work would go forward rapidly. They need $30,000 to properly float the concern, and hope to get it. The speaker made an earnest appeal to the local society to give as much as they could find it is their power to give, and trust to the Giver of all good.

At the conclusion of the address Mrs. Kilgour made a few most appropriate remarks followed by a solo by Miss Annie Pedlar, "Oh, Eyes That Are Weary." This was given in excellent voice and in Miss Pedlar's accustomed pleasing manner.

Then followed several short addresses by ladies, conveying greetings from sister Missionary Societies.

A vote of thanks was moved and seconded by Mrs. Morrison and Mrs. Jolliffe, to all who took part in the meeting.

Rev. Mr. Jolliffe closed with the benediction.

CLOSE OF THE DEBATING SEASON

Enjoyable Banquet at the Y. M. C. A. Last Night

An Interesting Toast List—Some Brilliant Speeches.

At the Y.M.C.A. last evening a very successful season for the Literary and Debating Society was brought to a close with a unique banquet.

Mr. Kenner, the critic of the society, presided, and opened the programme with a short address.

The toast to "The King" was proposed by one of the members, Mr. C. Coleman, who has had the pleasure of meeting His Majesty coming down the strand in a procession). He spoke ably and with the pride of a true-born Briton.

"The Occasion we Celebrate" was dealt with by Mr. P. K. Holmes in an able manner, though he could not refrain from straying to the subject of our sister society, the Tennyson Club, and wished they were present.

The toast "The Ladies" was proposed by Mr. R. R. Orr, who had robbed poets, philosophers (and cynics) of their choicest gems of thought on this engaging subject.

A reminiscence here of an impromptu speaker was startling,—a toast,

"The happiest moments of my life,
Spent in the arms of another man's wife,—My Mother".

"Our Literary Society as an Educator" was briefly spoken on by Mr. H. Snook. He hoped that incentive to study engendered in the society might cause the members to think kindly of Andrew Carnegie's standing offer to pauperize himself. The values touched upon were in learning to think on one's feet, in exchange of thought, in incentive to study, all of which further one's intellectual development.

Here the members all received mysterious envelopes, which were found to contain subjects for impromptu speeches such as Bowling Alleys, Humbug, Tennyson Club, Theatres, Immigration, Autonomy Bill, Our Critic, Sports, etc. All responded.

On the subject of "Debates I've Lost and Won" Mr. R. J. P. Dormer humourously delivered himself. He had only once been on the winning side—and then he had argued against his convictions. On a debate in another society he had lost by 70 points (out of a possible 14 for both sides). He had met a lot of incompetent judges.

Mr. Williamson responded to the toast "The Y." The subject was broad, as its million members might indicate. He congratulated the society on a successful season and considered it one of the most important and useful branches of the Association work. He spoke appreciately of the Critic, Mr. Kenner, attributing a great deal of the interest of the meetings to his valuable services.

The toast, "Happy to Meet, Sorry to Part, Happy to Meet Again" was proposed by the chairman, and the society meetings for the season ended.

WILL REPEAT THE LECTURE ON CANADA

Mr. J. H. Burnham Will Speak at Young Men's Guild Meeting.

To-night at the meeting of the George street Young Men's Guild, Mr. J. H. Burnham will give his lecture on "Canada." On the occasion of Mr. Burnham's first delivery of this lecture those who heard it were greatly delighted with his masterly style of dealing with the interesting subject.

At the meeting to-night Mr. Burnham will repeat his lecture, and no doubt there will be a large audience present.

BRAIN FAG IN SPRING.

FEELINGS OF DISCOURAGEMENT AND DESPONDENCY FROM WEAK BLOOD—CURE IN

Dr. Chase's Nerve Food

Of all the blood supplied as nourishment to the human body, one-fifth is consumed in the brain in the manufacture of nerve force, the vital power which is transmitted through the sympathetic nerve to the lungs, heart, kidneys, liver, bowels, etc., and which supplies the motive power to these organs.

In the spring when the blood is thin and watery and the nerve force becomes depleted, the ill effects are often first felt in the brain. The head aches. The mind is dull and listless. It is difficult to concentrate the thoughts. Feelings of gloom and discouragement come over you.

Energy and ambition seem to be all gone. You begin to look on the dark side of things. Your temper is easily irritated.

But enrich and purify the blood by the use of Dr. Chase's Nerve Food and you will soon find disease of body and mind disappearing.

The tired nerve centres of the brain receive new vitality from the new, rich blood, new nerve force is sent tingling along the delicate nerve fibres, and every organ of the body responds to the new call to health and duty.

If you would avoid the ills and weaknesses of spring, use Dr. Chase's Nerve Food: 50 cents a box at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase on every box.

This year it will be a frock coat Easter

As Easter comes so late this year, we have made extra preparations for it. Overcoats will probably be discarded by then, and frock suits will be more popular than ever.

The frock is the only correct dress for church or any daylight function. More people are realizing each year the importance of being correctly dressed from both a social and business standpoint.

The Semi-ready frock coat is an extremely elegant garment. It is made of Cheviots and Worsteds, dressed and undressed. The linings throughout are of satin duchesse or silk serge, with lapel facings of armure or bird's-eye weaves.

Prices, $20, $25 and $30.

We would like to show you what a sumptuous garment the Semi-ready frock is. Won't you call and try one on?

Semi-ready Tailoring

One eye at a time

That's the way we test.
Usually the eyes differ in sight.
A glass which suits one injures the other, and ultimately both suffer.
We use modern appliances, and the greatest care to avoid a misfit.
A misfit would hurt your eyes and our reputation.

Beauty and Utility

Though worn as a necessity, a beautiful eye glass artistically fitted is a facial ornament.

We will fit you with a frame best adapted to your features.

PETERBOROUGH BRANCH
H. BARDLEY-WILMOT, MANAGER

PETERBOROUGH SEPARATE SCHOOL BUILDING

Tenders Have Been Received and Contract Will Probably be Let at Board Meeting To-night—New Building Will Contain Six Class Rooms With Accommodations for Fifty Pupils Each—Cost will be in the Neighborhood of $20,000 in All Probability.

The illustrations given on this page represent two views of the new Separate School, which will be erected on Reid street, just north of St. Peter's parsonage, this summer, and tenders upon which will be considered by the Separate School Board tonight.

On Tuesday night the special Building Committee of the Board opened the tenders for the masonry and carpentering, and this committee will report to the whole Board tonight, when it is expected the matter will be dealt with.

The erection of the new building was made necessary by reason of the sale of the Murray street school which the new building will replace.

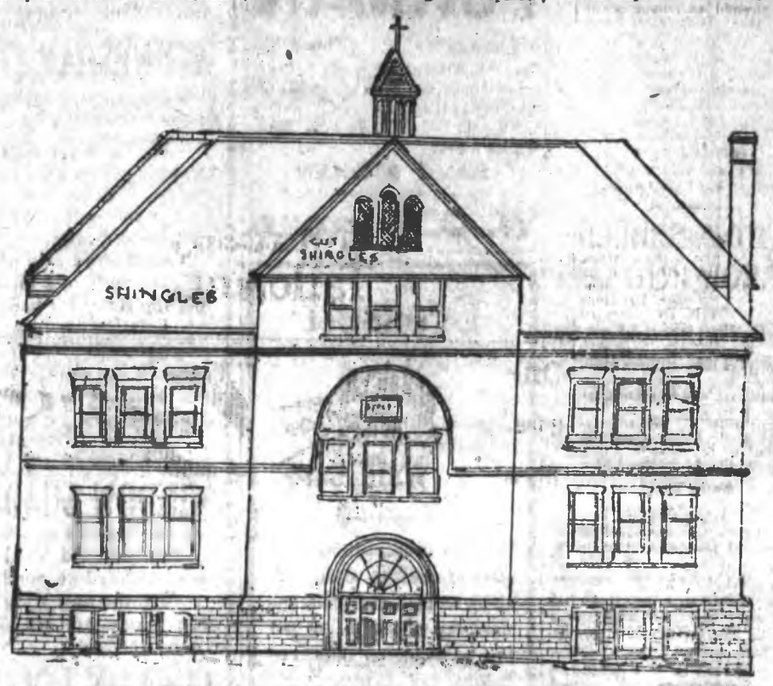
The estimated cost of the building is $17,000, though it is expected that the tenders will exceed that amount, and that the actual cost will be in the neighbourhood of $20,000.

There will be six class rooms in the building, each capable of accommodating 50 pupils, while a large, well-lighted basement will be provided, and there is a plan in contemplation to utilise this for the primary and kindergarten classes, which will increase the accommodation by 100.

All the latest and most modern equipment will be provided, including telephone, fire alarm system, as well as a complete hose equipment in every room. Special attention has been paid to the lighting, and the windows will be eight feet high, giving abundance of light. The ventilation will be another feature to which careful attention will be given.

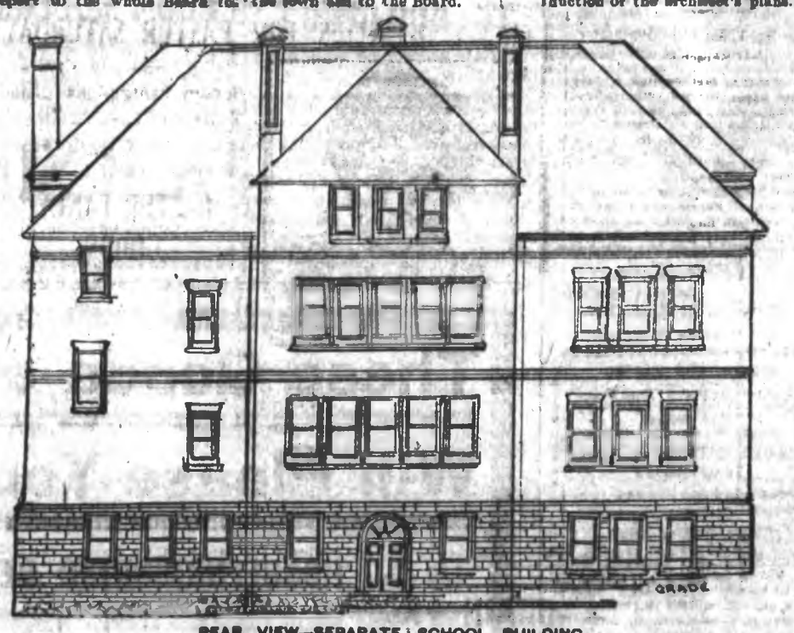
It is expected that the building will be commenced as soon as possible after the contracts are let, and work will be pushed as rapidly as possible.

By the kindness of Mr. Argus the Examiner is able to present to its readers the above excellent reproduction of the architect's plans.



PETERBOROUGH'S PROPOSED SEPARATE SCHOOL—FRONT ELEVATION.
(From Plans By E. W. Argus).

The cuts presented here, and which were made from the drawings of Mr. E. W. Argus, the architect, who prepared the plans, show that the building, when completed, will be a handsome structure, and a credit to the town and to the Board.



REAR VIEW—SEPARATE SCHOOL BUILDING.
(From Plans By E. W. Argus).

THE SANCTUM STAFF SWEETLY REMEMBERED

Mr. W. H. Hamilton, the Metropolitan Grocer, the Donor.

The Examiner sanctum staff has to acknowledge with thanks the kindness of Mr. W. H. Hamilton, of the Metropolitan Grocery shop, on Simcoe street for the appreciated gift of a couple of generous blocks of genuine maple sugar of prime quality. This is a double sample—of Mr. Hamilton's generosity and regard for the press and a sample of a shipment of about a ton of maple sugar consigned to him from the Province of Quebec, two hundred miles northeast of the old city of Quebec. It's all very well to be sentimental over the "maple leaf" but it's not a circumstance to the solid enjoyment of the maple sap in the crystallized form of a luscious block of maple sugar, such as this from beyond the Saugeney in the far east of the sister province.

A TWO-FOR-ONE-SHOT.
When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.
The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.
No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 11

LENTEN ADDRESS BY REV. W. R. TANDY

Large Attendence at St. John's Last Night

Able Sermon Preached by the Curate—Rev. Mr. Spencer was Unavoidably Absent.

A large congregation attended the regular Wednesday evening Lenten service last night at St. John's, when an able and eloquent sermon was preached by the curate, Rev. W. R. Tandy, who took as his text, St. John xiv, 27, "Peace I leave with you, My peace I give unto you: not as the world giveth give I unto you. Let not your heart be troubled, neither let it be afraid."

These words were spoken just before our blessed Lord's betrayal. The position of Jesus at the moment he uttered these words, on Thursday night of the Holy Week, must have appeared nothing less than desperate. The ruling party, who had been plotting to take his life, appeared to be on the eve of succeeding in their purpose. He saw the cross casting its dark shadow directly athwart His path. In that awful hour the heart of Christ was not afraid, and even at that moment could say, "My peace I give unto you." What was this peace? It was a peace which could exist in the midst of strife. It was the same which we pray for every day — "the peace which the world cannot give" —or cannot take away. It is totally different from the peace which the world gives.

The world gives what it can no longer keep, and pretends to give what it does not possess. It is no peace at all: it is death.

The peace which Christ gives cost Him a cruel death to bestow. Does Christ still give this peace? Yes! The hearts of some men and women say, how can my heart be filled with peace, with the memory of my many sins resting heavily upon me? Jesus knew all the sorrows that we know, and yet His was a peace which "passeth all understanding."

There are three great factors which will assist in obtaining this peace. The first is the thought of God, the All Holy and the All Powerful, "who doeth all things well." All who hold fast to Him may walk "through the valley of the shadow of death." The second is the thought of Him, the Son of God, who came to earth to tell mankind how to regain the lost image of their Maker. The third is the thought of Heaven. The preacher quoted the words of some of the world's greatest poets upon the subject. Is there not peace in the thought of the land which awaits us beyond the gates of death, where God will grant up His peace at the last.

At the conclusion of the service, the "Story of the Cross" was sung.

Rev. Mr. Spencer, who it was announced would preach, was unavoidably absent.

Colds
How often you hear it remarked "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded.
Chamberlain's Cough Remedy
has gained its great popularity and immense sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. It counteracts any tendency of a cold to result in pneumonia.

THE GLOBE'S TRIBUTE TO MISS ALICE H. ROGER

Among The Best of Our Young Canadian Pianistes.

Miss Alice Roger of the Peterborough Conservatory staff, gave an interesting piano recital in the King Edward Hotel, assisted by Miss Street, violinist, and Harry Jarvis, tenor. Miss Roger played numbers by Beethoven, Mendelssohn, Liszt-Grieg, Tchaikowsky, Arensky and Chaminade, and proved by her playing that she can take her place as one of the best of our young Canadian pianists. Her most successful numbers were the Rondo in G, Beethoven, which was played with much finish and elegance; the Tchaikovsky "Humoresque," and the Chaminade Prelude, which were enthusiastically applauded. Miss Roger studied with Mr. Harry Field in Toronto and in Leipsig. Miss Street was in excellent form, and Mr. Harold Jarvis sang with his accustomed ability.

CLARKE — MY HATTER

Has your Hat been blowing off your head the last few days?

Have you had to chase yourself and your Hat across the street?

These are questions which require an answer, and if you ask yourself the question the answer no doubt will be

Yes!

All this trouble could have been saved had you only stopped to think, and then gone and bought a Cloth Cap. The Cap will stick on your head, it looks dressy, and then you can laugh at the others as their Hats blow off.

We have every style of Cap that is worn and in nice, neat Tweed patterns.

Our Best Caps 50c

UNION LABEL

THURSDAY, APRIL 20, 1905.

BE INDEPENDENT.

Hon. Mr. Matheson announces that he proposes asking the Dominion Government for a subsidy for the purpose of helping to meet the cost of the Temiscaming Railway. Upon this point the Weekly Sun pertinently remarks:

"The Temiscaming line is being built wholly within Ontario, for the sole benefit of Ontario. The people of this province should, therefore, meet the cost themselves. It is unfair to ask the Maritime Provinces, or British Columbia, to assist in the building of a road in which they have no concern."

Mr. Matheson has been posing many years as a heaven-born financier, and he should certainly be able to make ends meet, without going hat in hand to the Dominion, and practically compelling little provinces like Prince Edward Island, to help build our domestic railways for every province contributes through the customs and excise to the Dominion funds. We build the Temiscaming Railway: we own it, and thereby give no excuse to any Dominion Government to meddle with its management. Mr. Matheson's proposed application is a form of "graft," which a great province like Ontario, should consider it beneath its dignity to accept. Besides, the Dominion Government, by the construction of the Grand Trunk Pacific, will furnish facilities for connections, which will make our provincial railway all the more valuable.

CROWN FORESTS NOT CAPITAL

Is Hon. Mr. Matheson, Provincial Treasurer, taking the right view of our timber resources? He claims that the revenue from them should not be trated as ordinary income, and that in cutting our forests we are destroying so much capital. He ignores the fact that under a proper system of timber cutting, such cutting is no more a destruction of provincial capital, than a farmer cutting a crop of wheat from his fields is a loss of his capital. Under a proper system of forestry and reforestry our timber can be made a permanent crop. Cut the matured timber and leave the younger to mature to be cut only when it is ready for cutting. An authority says that the forest lands of Ontario can be made as certain and lasting source of revenue as the farming lands of the province. The late Government made an important step in this direction by inaugurating a system of reforestry and by setting apart immense forest reserves under conditions which not only give the timber a chance but protects game and preserves a source of water supply. In October, 1903, as will be seen by a short article published elsewhere, the Ross Government outlined a plan for a system of reforestry. As stated, the plan proposed, which would have been applied if the Government had retained power, promised great results. The plan proposed was by applying the lands not adapted to profitable agricultural operations, to reforestry purposes, the trees to be cut were to be marked by Crown Land employees, and no trees below the size marked could be cut. As old licenses on non-agricultural lands lapsed, and the limits reverted to the Crown, these were to be reforested, and kept as a perpetual forest reserve, in addition to the millions of acres now set apart. It is declared by men competent to express a reliable opinion, that the result of the application of this system would be to give the province of Ontario, a total forest reserve of forty million acres, yielding a yearly revenue of at least thirty million dollars. This estimate sounds large, but it is said by those who know, not to be extravagant. If the results are even approximately like this, it will be seen that we can get a steady and large annual provincial revenue, and still have our capital remaining. This is apparently easily possible under proper management, and if the present Government adopts, as it is proposed to do, the policy and plan of the Ross Government, and applies it judiciously, the province will be put in the way of deriving not only important revenue, but the material for important commercial and industrial development.

EDITORIAL NOTES.

The Mail and Empire is always at it. It has no use for the truth when its antipodes will serve its partisan purpose. That journal says: "Mr. Oliver, the Western member, who has roped into the Interior portfolio, will be elected, if he should be returned by the Gallician vote." Hon. Mr. Oliver will be elected by acclamation—by the vote, practically—of all the electors, of the riding. Why should Gallicians be singled out for the Mail's slurs? The population of Canada is naturally composed of divers nationalities. Won't pounding the French-Canadians serve the Mail's crusade of stirring up strife without extending its onslaught to other nationalities?

In a recent speech Mr. Beck, M. P. P., London, made the charge that the Ross Government had given away water power franchises at Niagara Falls for a song. Is that so? Thanks to the agreement made by the Liberal Government the Province will get an annual revenue of about $250,000 a year from these companies which have been given franchises for a song. Mr. Whitney has self speaking at Niagara Falls during a bye-election, advocated giving the power developed, free as air—there doesn't seem to be much difference between an "air" and a "song." He proposed to give the power companies for nothing, franchises from which the Liberal Government exacted $250,000 per year.

REFORESTRY IN THIS PROVINCE

Government to Announce its Policy This Session

Based Upon the Plan Suggested by the Ross Government — Now Being Considered by the Present Government—What Its Adoption and Application Would Mean.

It is reported that the Whitney Government will this session announce a definite policy on the question of reforestation, and in so doing will follow the plan which the Ross Government announced in October, 1903 would be adopted. The policy practically amounts to a system of permanent forest reserves, on which the timber will be sold only as it comes to maturity, and the price paid will be regulated by the amount actually cut, that is to say, measuring will be by the thousand feet, and not by the acreage.

The new plan, according to Mr. Ross' idea, was to apply to non-agricultural lands, and the trees to be cut were to be marked by Crown lands employees. No trees below the size marked could be cut. On lands fit for agricultural purposes he thought the present system of selling timber was about the only one that could be adopted in order to get the lands quickly cleared and opened up for settlement.

As old licenses on non-agricultural lands lapsed and the limits, reverted to the Crown, these could be reforested and kept as a permanent forest reserve being added to the non-agricultural lands previously set aside in addition to the existing forest reserves proper. No other plan is before the present Government.

Competent men declare that the ultimate outcome of the plan now before the Government would be to give Ontario a forest reserve of 40,000,000 acres, yielding a yearly revenue of at least $30,000,000, huge as that sounds.

IS YOUR COAT DUSTY?

You Probably Have the White Scab of Dandruff on it.

If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair-dressing that contains also the destroyer of the dandruff and hair falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Company, Detroit, Mich. Ormord & Walsh, special agents.

GOOD FRIDAY.

To the Editor of the Examiner:

Dear Sir,—To-morrow is the anniversary of the death on the Cross of the Saviour of mankind. I wonder if it will be observed as a day of merriment holiday making and festivities as has been done in former years. Would we keep the anniversary of the death of a father, mother, wife or other dear relative by giving a big dinner or dance party?

Yours, etc.

Rate is not expected to be over $100 from Toronto. Do not join any other party before consulting E. M. Bowler, 291 Beverley street, Toronto. 8d93

THE FIRST GOOD FRIDAY.

And they crucified Him and parted His garments, casting lots. * * And sitting down, they watched Him there, and set up over His head His accusation: "This is Jesus the King of the Jews". There were two thieves crucified with Him, one on the right and one on the left. * * Jesus, when He had cried with a loud voice, yielded up the Ghost, and behold the veil of the temple was rent in twain from the top to the bottom; and the earth did quake and the rocks rent, and the graves were opened and many bodies of the saints which slept arose and came out of their graves after His resurrection, and went into the holy city and appeared unto many.

THE TOWN SHOULD GROW INTO CITY

Mr. E. G. Patterson is of the Opinion That Legislation Should Not be Asked

At Present Rate of Increase City Standing Would be Reached in Short Time.

To the Editor of the Examiner:

Dear, Sir, — With reference to the application of the town council, applying to the Legislature that an Act be passed creating the town into a city, I am informed that there has been no vote of the citizens taken instructing the council to apply to the Legislature, and I, as a citizen, think the council is very unwise in making the application, and creating the town into a city, providing the Act is passed.

According to law; any town whose population reaches 15,000, declares itself a city, the same as a young man becomes of age when he is 21, and I think it would be more in keeping with the importance of the best town in Canada, to become a city by this method, rather than by begging the Parliament of Ontario to create us a city a year or so before we would become one by reason of natural growth.

The population of Peterborough is to-day about 14,200, and I have no doubt that inside of twelve or eighteen months, that we will have the necessary population, and it will be a unique situation to become a city by reason of growth in population, as most of the cities that have been created during the past ten or twelve years have all become cities by begging Parliament to create them. City government is more expensive than town government, and I think if the citizens understood thoroughly, they would not approve of the action taken by the council.

Yours respectfully,

E. G. Patterson.

ALDERMAN JOHNSON REPLIES TO J. J. TURNER

Gives His Version of the Fire Hose Controversy and Quotes Letter From Manager of Gutta Percha and Rubber Company to Substantiate His Statement of the Matter—Says That the Local Firm Were Not Treated Unfairly in the Purchase of Fire Hose—J. J. Turner and Sons Could Not Buy Hose from Manufacturers—Quotes Mr. Tait's Letter to This Effect.

Ald. W. J. Johnston, chairman of the Fire, Water and Light Committee, has addressed the following letter to the Examiner in reference to the controversy concerning the purchase of fire hose in Toronto:—To the Editor of the Examiner:

Dear Sir,—Now that the mist has rolled away, I would like to call the attention of the ratepayers to the exact details in connection with the purchase of fire hose, and about which Mr. J. J. Turner has written the newspapers, and to place myself in a fair position before them.

Just after the Chief and Assistant Chief of the fire brigade had made their report as to the wants of the fire hall for the season, Mr. Turner sent me a letter asking for the privilege of submitting figures for hose, boots and coats, and any other supplies needed. Being down near Mr. Turner's one day, I called upon him and had a long interview regarding the above mentioned supplies. He stated to me that he had, according to his opinion, been used unfairly, by Mr. Edgcombe last year in the matter of purchasing the supplies. He informed me that it was all nonsense about not being able to get the hose; that he could get them from the Gutta Percha Company and have them shipped direct to us.

I informed Mr. Turner that the impression given me from last years arrangements, was that the town preferred to deal direct with the manufacturers, but if it were possible to buy these supplies from our merchants in town I was in favour of doing so, and that I would bring the matter before the Fire, Water and Light Committee, for their consideration. In the meantime Mr. Turner sent his quotations for hose, boots and coats and other supplies.

This was his own proposition not mine, as the states in his letter of 17th inst.

I brought the matter before the Committee and they recommended to the Council that I be empowered to buy the necessary supplies.

Since there was no immediate hurry I did not wish to act on my own responsibility, I brought the matter before a committee of the whole council, who after due consideration authorized Chief Rutherford and myself to go to Toronto and buy our supplies direct.

We went, we bought the supplies and we came back. It must have been three weeks ago at least.

I suppose it has taken Mr. Turner ever since to figure out what he lost on commission, and what my expenses were, going to Toronto and return.

This is a true statement of the whole affair, and when Mr. Turner stoops to abusing me through the papers, I think the right thinking people will agree with me that it is not much to his credit. It seems to me that when he gets an idea into his head he wants all creation to bow down to him. Mr. Turner spoke of my little excursion to Toronto. Now, sir, I do not want to say anything disagreeable, but I would like to ask what about the free excursion to Berlin that the Sugar Beet Co. ran there to help to get our people interested in the industry. I understand that he took the trip to Berlin; what did he do when he got there? Did he get acquainted with the sugar beet industry, or did he go around looking up orders for his own business?

Mr. Turner calls the attention of the ratepayers to the fact that I am "the man who is asking them to vote $25,000 for a new fire hall." Well, I am the man, and I have the whole council behind me, and if the ratepayers do not stand behind me in the scheme by supporting one of the most necessary things ever placed before them, they cannot do much worse than do what they did to J. J. Turner's exemption bylaw which he tried to force on them when he was one of the "city fathers" for one year.

For the information of the public I may quote the prices of the following goods tendered for by Mr. Turner and the Gutta Percha and Rubber Co.:

Gutta Percha Co., hip boots $4.00
" coats.. 4.50
J. J. Turner, hip boots... 4.00
" coats... 4.50
Paragon Hose @ 90c ft.

J. J. Turner cannot buy it at all to sell to Peterborough corporation.

To substantiate my statements, Mr Editor, I send you a letter which I have received from Mr. Tait, of the Gutta Percha and Rubber Co, which, I think, sets forth the position of the town, and proves the statements I have made. The letter is as follows:

April 19, 1905.
47 Yonge street Toronto.

W. J. Johnston, Esq.:

Dear Sir,—Replying to yours of the 18th, re J. J. Turner, you can rest assured that our prices to corporations on our standard brands of 2 1-2 in. fire hose are based on a direct sale to the corporation, and are not arranged with a view of selling through local merchants and allowing a commission. We are continually refusing offers from local dealers to sell 2 1-2 in. fire hose for us. Two and a half inch fire hose is the only product of our factory that has no list price subject to discounts. We do not make it for the trade, we make it to sell at the lowest price we can afford to sell it at to corporations direct, for their fire department service.

J. J. Turner tried over a year ago to get our consent to sell our "Paragon" hose to your corporation. The writer explained to Mr. Turner at that time that we could not place him in the position of selling the hose, but were very willing to have him handle the rubber boots and coats required. He put in a price on the coats and boots and failed to secure the order. If we were to listen to every one in every town who wanted to sell our fire hose it would only lead to confusion and there would be no profit in it. We would be forced to raise our prices to give these men a chance to get something for nothing, and then if we favoured one merchant the others would all kick. If merchants bought and kept in stock our 2 1-2 in. fire hose it would be a different matter, but they don't, and really do not know the first thing about it. There may have been times when some strong local dealer has handled a fire hose deal, simply because his pull on the council would mean success, but that is risky work because a man with a pull is able to force an inferior article on a corporation if he finds he cannot get the right to sell the superior article. However, even the man with the pull has less chance now than formerly because those who manufacture really high class grades of fire hose have resolved to sell direct to corporations strictly. Any other policy would force us to advance our prices, as prices on rubber and cotton fabrics have advanced very much, and yet we sell our Paragon brand of hose at 90c. per foot, the same price as it has been for the past 15 years.

This year J. J. Turner tried very hard to get our consent to sell our fire hose to your corporation, and we refused, explaining why we could not grant his request. Yet after we had received the order from you, Turner wrote asking us what commission we were going to allow him on the transaction! ! Claiming that he had told us that the hose was going to be bought.

We wrote to say that we had heard from others as well as from him, and that we could not very well hand over commissions to everybody that happened to tell us about such matters. We received a very wild reply, which I enclose for your personal perusal; the letter is so rash and insulting that we do not propose answering it, as he seems to know much better than we do, who did and who did not write to us. If we did want to help any local dealer in Peterborough, J. J. Turner would not be our choice, as we do very little business with them, and refuse to favour them as against other local merchants, who do far more business with us, but who do not try to force us, as Turner does: the others understand the situation, and are satisfied to allow us to regulate our own business affairs.

But J. J. T. is bound that every one else in Peterborough shall keep quiet, and that J. J. T. only shall be favoured, and tax us for a commission on an order that he never got: if the corporation was determined to place the order through a local merchant, is Turner the favoured one?

We think there are many others, and also feel assured that any attempt on the part of a council to favour any one man or concern, where there are so many, would only involve themselves in a great deal of worry, for the old saying is true, "Try to please everybody, and you please nobody."

Yours faithfully,
Geo. Tait.

The letter referred to in Mr. Tait's communication is as follows:

The Gutta Percha and Rubber Co.,
Toronto, Ont.,—

Gentlemen,—Your letter to hand, contents fully noted, and we think your excuse is a very poor one, and we certainly do not think that people will try to sell your goods if they do not receive any discount or commission for their trouble. You also know that you guarantee all your hose, whether you sold to us or to the corporation. You also say that you had sent in a tender before you had heard from us. This we wish to contradict, as we wrote and informed you that the corporation were going to buy hose, coats and boots before you knew anything of the matter, and you wrote and informed us that you were sending your man down. We also do not think that anyone, but yourselves, wrote to you about this matter, as we have asked all the best men and they all say that they did not write to you. So certainly we do not think it is fair for your firm, or any other firm to come to a town, and sell over the heads of their own customers. We could say a great deal more to any member of your firm if they were here.

J. J. Turner & Sons.

Peterborough, April 5, 1905.

I have presented my case, and since I have never been accused before of making untrue statements, I am prepared to allow the public to judge for themselves in the matter under discussion.

Yours truly,
W. J. JOHNSTON.

SPRING ASSIZES OPEN TUESDAY

Number of Civil Cases to be Disposed of.

Two Criminal Cases—Justice Anglin Will Preside.

On Tuesday the Spring Assizes will open here, before Justice Anglin. There are a number of civil cases, and only two criminal.

The cases will be as follows:—

CRIMINAL CASES.

King vs. Guiseppi Gilleonardo, charged with attempting to stab Chas. Butcher and John Montgomery. D. O'Connell for defence.

King vs. P. H. McGuire, for obtaining money by false pretenses. F. D. Kerr, counsel for the defendant; D. H. Preston, K.C., of Napanee, for the Crown in both cases.

JURY CASES.

Doble vs. Peterborough Canoe Co. Limited.—The plaintiff, Louis B. Doble, is a bench hand, and claims damages of $5,000 and costs of the action, on account of injuries received while operating a planing machine, while in the employ of the defendants, on Sept. 20, 1904. The said machine, the plaintiff claims, was in a defective condition and unsafe to use, and while engaged upon it he sustained the loss of his right hand, and claims damages because of serious bodily pain, loss of time and wages, and because permanently incapacitated from following his occupation. The defendants deny the statements of plaintiff, that the accident was caused by their negligence or by the negligence of any person in their employ. Plaintiff's solicitors, DuVernet, Jones, Ross and Ardagh, Toronto; defendant's solicitors, Denistoun, Peck, Kerr and Stevenson.

Talbot vs. Hall. — The plaintiff, Edith Talbot, seeks to recover damages to the amount of $10,000 and costs from defendants, Richard Hall and Samuel Dickson Hall, on account of injuries sustained by her by the falling of an elevator in defendant's place of business on April 18, 1904, which it is claimed was due to the defective condition, either by reason of negligence on the part of the defendants or of persons in their employ. The defendants specifically deny all charges of negligence.

O'Connell for plaintiff; Hall and Hayes for defendants.

Delaire vs. Hall. — The plaintiff, Agnes Delaire, claims damages of $1500, and the costs of the action, from the defendants, Richard Hall and Samuel D. Hall, for severe personal injuries received by the falling of an elevator in their place of business on July 6th, 1904.

O'Connell for plaintiff; Hall and Hayes for defendants.

Keogh vs. Brady. — The plaintiff, Lucius R. Keogh, of the city of Hamilton, commercial traveller, claims $3132.50, and interest thereon, from August 8, 1904, until judgment, from Edwin E. Brady, trading under the name style and firm of W. F. Dever & Co., stock-brokers, on account of financial damages sustained by a breach of contract between plaintiff and defendant regarding the purchase of wheat. Defendant denies entering into a contract as stated in plaintiff's statement of claim, and enters a counter claim for the sum of $17.50 and costs of the action. Curry & Eyre, defendant's solicitors; D. O'Connell for plaintiff.

Ritchie vs. Peterborough Canoe Company.—The plaintiff, Thomas J. Ritchie, claims damages of $1,000 and costs of the action, in compensation for injuries sustained while engaged at a shaping machine, while in the employ of the defendants, which he alleges was caused by the absence of a guard and by its defective condition, in violation of the factories act. Defendants deny that accident was caused by negligence, and might have been avoided by reasonable care on the part of the plaintiff.

Denniston, Peck, Kerr and Stevenson, solicitors for defendants; R. F. McWilliams, solicitor for plaintiff.

NON-JURY CASES

Darnley vs. Cornell.—The plaintiff William Charles Darnley, claims the sum of $400.00 and interest thereon from 24th December, 1899, till judgment, from defendant, Frederick J. Cornell, on account of non-fulfillment of the specifications of an indenture, made on Dec. 24, 1899, in which defendant agreed to pay plaintiff the sum of $800, in annual installments of $200, of which he has only received one payment. Defendant denies that he entered into an agreement. Daniel O'Connell, solicitor for the plaintiff; Hugh O'Leary, solicitor for the defendant.

Spend to-morrow evening at the 57th Band Concert. Appropriate selections. Mr. Gilbert Markle, violin soloist. The Harmony Quartette and Mr. R. N. Jolliffe. Admission 15c.

LATEST SPORTING NEWS

GUILD LEAGUE'S ANNUAL MEETING

Officers Were Elected and Reports Recieved

Prospects for Some Fast Teams in the League are Good—Notices of Motion

Last night the annual meeting of the Guild Baseball League was held at the Y.M.C.A. building, and from present prospects the league this year will be equally as prosperous as it was last season, while no doubt the quality of ball played by the teams comprising the league will be superior to that of last year. There will be at least six teams in the league this season, St. John's being a new team, while All Saints may not enter this year. The other Guilds will all enter teams. There is a deep interest in this league among the different Guilds in town, and from the feeling of optimism displayed last night at the meeting, by the delegates, the present season will be a great success.

The president, Mr. P. A. Kerr, occupied the chair and there were present Messrs. C. H. Reid and J. Patte, of St. John's; R. H. Elliott and Geo. MacDonald, of St. Andrews; N. McWilliams and E. Carr, Charlotte Street; A. Mann and Chas. Curtis, George Street; R. P. Watt and Ross Cameron, St. Paul's and the Secretary-Treasurer.

The report of the secretary was presented and was as follows:—

Peterborough,
April 18th, 1905.

President, Guild League,

Dear Sir,—I have the honour to present the first annual report of the Guild Base ball League covering the operations of the league during the season of 1904, which, I am pleased to state, were very successful from every standpoint.

As is known to all interested in the league, the Examiner Cup, emblematic

EXAMINER CUP

Representing the Guild League Championship.

of the championship, was won last year by the Charlotte Street Methodist Guild team, winning from All Saints team, who were the winners of the second trophy donated by the League.

In October, the winners of the league gave a very enjoyable banquet, when the trophies were presented to the two teams winning them, and the members of the other teams were, on that occasion, the guests of the winners.

I have placed insurance for $40 on the Examiner Cup, and have received from the Charlotte Street team a bond guaranteeing its safe keeping and delivery when called for by the president of the league or his successor.

Last night the series of games was carried through with little or no friction between the different teams, and it is to be hoped that for the name of the Guilds, this condition will prevail again during the coming season.

The year was a successful one from a financial standpoint, our receipts being $115, the entrance fee from six teams while the expenditures included $10 paid for the Guild Cup, won by the All Saints team, and Insurance on the same. These, with a small sum for incidentals brought the total expenditure up to $11.35, leaving a balance on hand of $3.65, which amount now stands to the credit of the league.

M. J. HUTCHINSON,
Secretary-Treasurer.

The report was, on motion, adopted.

The election of officers followed, resulting as follows:—

Hon. President—Hon. J. R. Stratton.
President—P. A. Kerr.
Vice-President—Nelson McWilliams.
Secretary-Treasurer—M. J. Hutchinson.

A discussion on the rules of the league took place, and Mr. Watt gave notice that

MR. P. A. KERR

Re-elected President of the Guild Baseball League.

at the next meeting he would move that all games in the league shall be of seven innings duration and that they must be played to a finish.

Mr. Elliott also gave notice of motion to the effect that the rules governing the eligibility of players be amended so that City League players will be barred from playing Guild League as well as those playing in the Midland and Kawartha Leagues.

Both these motions will be voted on at the next meeting of the league.

Some discussion followed upon the question of a second trophy and some suggestions were made that it, like the Examiner Cup, should be circulated and not kept by the team winning it once, as was the case last year.

Nothing definite was done in the matter, however, but it is probable that at the next meeting it will be brought up again.

A meeting will be held shortly to draw up a schedule of games.

FRIDAY'S GAME WITH PROGRESSIVES

Locals Will Be There With the Goods on That Date.

The game with the Progressive Club of Toronto, has been arranged to be played on the T.A.A. grounds and a good game is assured. All that the locals require is a little practice to put them in fighting trim, but they will be there with the goods when the game is called on Friday. McCabe will work the first three innings with Gillespie; Flaherty will work three with Torrance and Douglas will finish the game. Pilling, 1 b; Sheridan 2 b; Shaw s. s.; Stayne 3 b; Connors l. f.; Wareham c. f.; Simpson r. f. The new uniforms are not finished yet and the players are requested to be on hand with the old ones. Geo. Lynch will umpire.

FIELD HOCKEY.

There will be a meeting in the Y.M.C.A. to-night of all field hockey players. All players are asked to turn out.

FOOTBALL.

The Quakers will hold a practice to-night at the Driving Park in preparation for the exhibition game to-morrow at Norwood. After the practice, the team will be chosen.

* * * *

St. Andrew's Baseball Club acknowledge a donation of $10 from Mr. Hugh Waddell, Hon. President, and $5 from Mr. T. C. Elliott, Hon. Vice-President, of the club.

BASEBALL.

The Quakers baseball team will have their first practice of the season to-morrow morning (Good Friday). All players are requested to be present.

* * * *

St. John's Guild Baseball team will practice on Friday morning at nine o'clock on Morrow's field.

Many Women Suffer Untold Agony From Kidney Trouble.

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? Why, nearly every few women who ever have "female disorders." The kidneys are closely connected with all the internal organs, that when the kidneys are wrong, everything goes wrong. Most disease could be saved if weakness would only warn

DOAN'S KIDNEY PILLS

at stated intervals.

Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, menstruation irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I sleep well, and am effectually cured. I am highly recommend Doan's Kidney Pills to all sufferers from kidney trouble."

Price 50 cents per box, or 3 for $1.25. All dealers, or DOAN KIDNEY PILL CO., Toronto, Ont.

When things go 'round like a Merry Go Round

and you have headaches and fainting spells, you'll find that the cause usually lies in the weakness of your heart. Unknowing persons regard it as temporary and blame the weather, diet, etc. By using

Dr. Agnew's Heart Cure

you can make your heart strong and healthy. Dizziness, palpitation, and irritations of the heart, pains in the heart, all will disappear. It is the greatest heart-thriller the world has ever known. It brings relief in thirty minutes.

Mrs. C. Marshall, Strathroy, Ont., writes—"The claims made by Dr. Agnew's Heart Cure have been strictestly testified in my case. I have suffered from Heart disease, Stomach disorders, Nervousness and sleeplessness for years. I have eight cans. The first three cured me. Only have one paid and a few bottles of this wonderful remedy have entirely cured me."

One application of Dr. Agnew's Ointment will stop the itching, burning sensation caused by Piles—continuing treatment will effect a lasting cure.

EASTER VACATION.

Parliamentarians in Role of Children Let Loose From School.

Ottawa, April 20.—With the joyousness of children let loose from school the members of the House separated yesterday for the Easter vacation until Tuesday next. The long strain and monotony of one subject is trying to the oldest Parliamentarian, and there were no two opinions about the benefit of a few days' rest.

The program carried out yesterday was brief, there being only two speeches on the autonomy bill. Mr. Henderson, of Halton, and Dr. Cash, of Mackenzie, were the speakers. The present outlook is for a score or more speeches still to be delivered on the second reading of the bill when the House re-assembles.

WILL NOT OPPOSE MR. OLIVER.

Decision of the Conservative Convention at Edmonton.

Winnipeg, April 20.—At the Conservative convention held at Edmonton yesterday, with a large number of delegates present, it was decided not to oppose the election of Hon. Frank Oliver, Dominion Minister of the Interior.

Sentences Life-Long Friend.

Elyria, Ohio, April 20.—E. F. Kannen, former cashier of the closed Citizens' Saving Bank of Lorain, yesterday pleaded guilty to embezzling the funds of the bank and was sentenced to serve seven years in the penitentiary.

H. B. Walker and Dana Walker, teller and bookkeeper of the bank, also pleaded guilty and were each sentenced to two years and six months in the penitentiary.

Judge Washburn, in sentencing the prisoners, said it was the hardest task undertaken by him during his official career, Kannen being a close and life-long friend.

Six Years For Bank President.

Buffalo, April 20.—Earl W. Card former president of the Medina National Bank of Medina, N. Y., convicted of misappropriating the funds of a National Bank, and with making false returns to the Comptroller of the Currency at Washington, was yesterday sentenced to six years' imprisonment in Auburn Prison. The minimum punishment provided by the law was five years, and the maximum ten years' imprisonment.

Brandon's Boom.

Winnipeg, April 20.—The total population of Brandon is 8,619, an increase of 1,522 in the year. The total assessment is $4,124,520, in 1904 it was $3,857,130.

Had to be Helped With a Cane

A Mount Forest Lady, to Whom Lumbago Proved a Most Distressing Affliction Completely Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

Mrs. George Rowdrall, whose home is William street, Mount Forest, Ont., is one of the hundreds who have reason to be thankful for Dr. Pitcher's Backache Kidney Tablets. This is what she says about them: "My back was in bad shape as the result of heavy lifting. I had to be helped to get along with a cane. I was told of Dr. Pitcher's Backache Kidney Tablets, and got a bottle and can truthfully say they were a splendid medicine. They stopped the trouble quickly, and I get about now with no trouble at all. I am glad to recommend them."

Dr. Pitcher's Backache Kidney Tablets cure bad backs, kidney, bladder and urinary troubles, quicker than any other medicine, and the cures they make are permanent. Price 50 cents a bottle, at druggists, or by mail. The Dr. Tina Pitcher Co., Toronto, Ont.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on any part of the body, sore throat, falling out of hair, diseased stomach, and a general decline of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogy" treatment—quacks and free prescriptions. Beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, sever to return. Our specialists will prove it to you. Our treatment is not injurious in any way, but removes the very root of the disease and eliminates all poisons from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels elevated cured for the future and the enjoyment of life. CURES GUARANTEED OR NO PAY. 24 Years in Detroit. 250,000 Cured.

The Heart's Highway

By MARY E. WILKINS

Copyright, 1900, by Doubleday, Page & Co.

Straightway Catherine saw that it was too much for me, for she knelt down beside me and called John to give her a flask of sweet waters which stood on the table, and began bathing my forehead, the while my brother looked on with something of a jealous frown.

"'Twas thoughtless of me, Harry," she whispered, "but they say joy does not kill, and—and—dost thou know the ring?"

I nodded. It seemed to me that no jewels could ever be mined which I would know as I knew that green star of emerald and those encircling brilliants. That ring I knew to my cost. "My Lord Ealing is dead," she said, "and thou knowest that he was a kinsman of the Chelmsfords, and after his funeral came this ring and a letter, and—and—thou art cleared, Harry. And—and—now I know why thou didst what thou did, Harry, 'twas—'twas—to shield me." With that she burst into a great flood of tears, even throwing herself upon the floor of my cell in all her slim length and not letting my brother John raise her, though he strove to do so.

It is here that I shall stop the course of my story to explain the whole matter of the ring, which at the time I was too weak and spent with pain to comprehend fully as Catherine Cavendish related it. It was a curious and at the same time a simple tale, as such tales are wont to be, and its very simplicity made it seem then, and seem now, well nigh incredible.

My Lord Robert Ealing, who had come to the ball at Cavendish Court that long last year, was a distant kinsman of our family and unwedded, but a man who went through the world with a silly leer of willingness toward all womankind. And 'twas this very trait perhaps which accounted for his remaining unwedded, although a lord, though the fact that his estates were encumbered may have had somewhat to do with it. Be that as it may, he lived alone, except for a few old servants, and was turned sixty when, long after my transportation, he wedded his cook, who gave him three daughters and one son, to whom the estate went, but the ring and the letter came to the Chelmsfords. The letter, which I afterward saw, was a most curious thing, both as to composition and spelling and chirography, for his lordship was no scholar. And since the letter is but short I may perhaps as well give it entire. After this wise it ran, being addressed to Colonel John Chelmsford, who was his cousin, though considerably younger:

Dear Cousin (so wrote my Lord Ealing).—When this reaches you I shall be laid in silent tomb, where, perchance, I shall be more at peace than I have ever ben in a wurld, which either fitted me not, or I did not fit. At all odds there was a sore misfit betwixt us in some way. If it was the blam of the world, good ridance and parden, if it was my blam, let them which made me come to acount for't. I send herewith my great emruld rings, with dimends which I suspect hath been the means of sending an inocent man into slavery. I had a mind some years agone to wed with Caterin Cavendish, and she bein a hard made to approche, having ever a stiff turn of the sholder toward me, though I knew not why, I was not willin to rest my lute by word of mouth, nor having never a gift in writin by letter. And so, knowin that mades like well such things, I bethought me of my emruld ring, and on the night of the ball, I being upstair in to lay off my hatt and cloak, stole prettily into Catherin's chamber, she being a-dancin below, and I laid the ring on her dressing table, thinkin that she would see it when she entered, and know it for a leve token.

And then I went myself below, and Caterin, she would have none of me, and made up such a face of ice when I approached, that methought I had maybe wasted my emruld ring. So after a little up the stare I stole, and the ring was not where I had put it. Then thinkin that the ring had been stole, and I had neither that nor the made, I raised a great hue and cry, and demanded that a search be maid, and the ring was found on Master Wingfield, and he was therefor transported, and I had my ring again, and myself knew not the true fact of the case uptil a year agone.

Then feeling that I had not much longer to live, I writ this, thinking that Master Wingfield was in a rich country, and not in sufferin, and a few months more would make not much odds to him. The facs of the case, cousin, I knew from Madam Cavendish's old servant woman Charlotte, who came to my sister when the Cavendishs left for Virginia, having a fear of the sea, and later when my sister died, to my wife, and died but a year agone, and in her deathbed told me what she knew. She told me truly, that she did see Madam Cavendish on the night of the ball go into Caterin's chamber, and eapying my emruld ring on her dressing table, take it up and look at it with exceeding astonishment, and then lay it down not on the spot whereon I had left it, but on the prayer book on the little stand beside her bed, and then go downstairs, frowning.

Then this same Charlotte, having litle interest in life as to her own affairs, and forced to much others, if she would keep her wits nourished, being watchful, saw me enter, and miss the ring, and heard the hue and cry which I raised. And then she still watching, saw Master Harry Wingfield, who with others was searching the house for the lost treasure, stop as he was passing the open door of Caterin's chamber, because the green light of the emruld fixed his eyes, and rush in and secrete the ring upon his person. This Charlotte saw, and told Madam Cavendish, who bound her ever to secresy to save the honour of the family, believing that her own granddaughter Caterin was the thief.

This epistle, cousin, is to prove to you that Caterin was no thief, but simply a cold maid, who hath no love for either hearts or gems, but of that I complain not, havin as I believe, wedded wisely, if not to please my family, and three daughters and a son, hath my Betty given me, and most exceedin fine tarts hath she made, and puddens, and I die content, with this last writ to thee, cousin, to clear Caterin Cavendish, and may be of an innocent gentleman likewise.

No more from thy cousin

EALING.

One strange feature there was about this letter, which the writer had not foreseen—while it cleared me well enough

Catherine throws herself on the floor of Harry's cell

in the opinion of the family, to strangers it cleared me not at all, for who was to know for what reason I had entered Catherine's chamber and took and secreted that ring of his lordship's? Strict silence had I maintained, and so had Madam Cavendish all these years, and naught in that letter would clear me before any court of law. Catherine being the only one whose innocence was made plain, I could now tell my story with no fear of doing her harm, but let those believe my part of it who would! Still I may say here that I verily believe that I was at last cleared in the minds of all who knew me well, and for others I cared not.

My term expired soon after that date, and though I chose to remain in Virginia and not return to England, yet my property was restored to me, for my half brother, John Chelmsford, when confronted by any gate of injustice leaped it like an English gentleman, with no ado. And yet after I heard that letter I knew that I was a convict still, and knew that for some I would be until the end of the chapter, and when I grew a little stronger that wild hope that now I might have Mary dimmed within me, for how could I allow her to wed a man with a stain upon his honor?

It was three days after this, my brother and various others striving all the time, but with no effect, to secure my release, that Mary herself came to see me. Catherine, as I afterward discovered, had unlocked her chamber door and set her free while her grandmother slept, and the girl had mounted Merry Roger and come straight to me, not caring who knew.

I heard the key grate in the lock, and turned my eyes, and there she was, the blessing of my whole life, though I felt that I must not take it. Close to me she came and knelt, and leaned her cheek against mine, and stroked back my wild hair.

"Harry, Harry," she whispered, and all her dear face was tremulous with love and joy.

"Thou art no convict, Harry," she said. "Thou didst not steal the ring.

Mary confesses her love

but that I knew before, and I know not any better now, and I love thee no better now. And I would have been thine in any case."

"I am still a convict, sweetheart," I said, but, I fear, weakly.

"Harry," she cried out, "thou wilt not let that stand betwixt us now?"

"How can I let thee wed with a convict if I love thee?" I said. "And know you not that this letter of my Lord Ealing's clears me not legally?"

"That I know," she answered, frowning, "because the brother hath consulted half the lawyers in England ere he came. I know that, my poor Harry, but what is that to us?"

"I cannot let thee wed a convict, a man with his honor stained, dear heart," I said.

Then she fixed her blue eyes upon mine with such a look as never I saw in mortal woman. She knew at that time what sentence had been fixed upon me for my share in the tobacco riot, but I did not know, and then and there she formed such a purpose as sure no maid, however great her love for a man, formed before.

(To be Continued.)

Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotised, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any differences in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Pierce's Pleasant Pellets

These tiny, sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Stomach, attended by foul breath. One or two for laxative, three or four for cathartic.

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of customs and mailing; or, in fine cloth binding 50 stamps. Address Dr. R. V. Pierce, 663 Main St., Buffalo, N.Y.

BRUTAL MURDER NEAR RODNEY.

Miss Lawry of Rodney Beaten to Death By Unknown Man.

ASSAILANT WAS MASKED

Broke Into House of Mrs. Covell, Who Was Being Nursed by Victim of the Cowardly Assassin—Took All the Money Obtainable and Then Proceeded to Assault and Finally Kill.

Rodney, April 20.—Alone in a little house on the outskirts of this village two old women were attacked by an unknown man Tuesday night. One, Eliza Lawry, aged 70 years, was beaten to death, and the other, Mrs. Covell, aged 75, is scarcely able to tell her story. The crime was discovered early yesterday morning when Mrs. Covell dragged herself painfully to the door and succeeded in attracting the attention of two lads on their way to school. Help was summoned and the villagers were horrified to find the body of Miss Lawry, partly undressed, lying in a corner of the yard near the door of the shed. She was frightfully beaten and the ground around was pooled with blood.

At the inquest yesterday afternoon, Mrs. Covell, seated in a chair, propped up with pillows, with difficulty told the story. Miss Lawry had been living with her for some weeks. Tuesday night, at 8.30, the two retired. Mr. Covell was away.

"Open or I'll Break."

About 11, Mrs. Covell says, there came a furious knocking at the door and a voice cried, "Open the door or I will burst it in." The woman hurried to the window, but could not see the man. Scarcely ten minutes later the door broke and the man entered, confronting the two old women, dressed in their night clothes. "Mrs. Baker," he said, "I knew your husband, Anderson Baker, I knew him well when he died." Mrs. Covell's first husband was Anderson Baker of Rodney. The intruder afterwards asked if Miss Lawry was Mary Taylor. Mrs. Covell said she was not and begged the intruder not to hurt her.

"I want your money or your life," he said, "and I want more than that, too."

Mrs. Covell gave him two purses, with $1 and $1.50. He declared that there was more money in the house than that, and, seizing Mrs. Covell, jerked her outside the door and threw her on the ground. He kicked her and ordered her to give him more money.

"I am Gone."

When told he had it all, he kicked her and beat her again, whereupon Miss Lawry rushed and struck him on the face with a stick. This only succeeded in drawing the man's attention to her. She fled and tried to get into the woodshed, but in a few moments Mrs. Covell heard the agonising cry, "I am gone!"

Mrs. Covell succeeded in getting into the house and in half an hour the man came in again. The murderer could be heard striking matches in the living room and finally entered the bedroom. Again he lit matches, this time lying flat on the floor and looking under the bed. When he saw Mrs. Covell he pulled her out, threw her over the bed and tried to assault her. Mrs. Covell fought him and finally, when the cat made a noise in the kitchen, she cried, "Here comes Mr. Covell!" The assailant decamped.

That was about 1 o'clock. She saw the murderer quite distinctly in the light of the match under bed. She is sure she has seen the man somewhere before. Suspicion has hovered about various men in the community, for the theory that the perpetrator was a tramp has been exploded.

Was Assaulted.

Dr. H. McL. Patterson testified that Miss Lawry had been criminally assaulted. Miss Lawry was of an English family and lived in Rodney for many years. She was always known as rather eccentric and had lived at various times with Mrs. Covell. She had some property. One brother, James Lawry, is living in Rodney.

The house is a frame clapboard building, about a mile to the north of the town. It is 500 yards from any dwelling and none of the neighbors heard any disturbance.

The stick used by the murderer was a trimmed branch cut from a tree a hundred yards down the road. It is about an inch in thickness.

Detective Summoned.

Advices and descriptions have been wired all over the country and Detective Greer arrived last night. The inquest will be continued to-day.

Saturday morning at 8 o'clock we'll be ready for your orders.

A. ROUNTREE

Successor to E. Brown & Co. FRED WALKER, Manager.

PRESENTATION TO MR. T. J. TILLEY

Received a Handsome Silver Syrup Service.

Pleasant Evening Spent at Home of Recipient—Games and Speech Making.

A very pleasant event took place at the residence of Mr. and Mrs. T. J. Tilley, 213 Park street, last night, when about twenty of their friends gathered to pay their respects, and to make them a presentation on the eve of their departure for Lindsay.

Mr. P. Kerr made a brief speech, expressing regret at the departure of Mr. Tilley and wishing him success in his new appointment. On behalf of those present he presented Mr. and Mrs. Tilley with a silver syrup service, a pitcher and tray, which was very handsome.

Mr. Tilley made a suitable reply, thanking his friends for their kind remembrance.

He goes to Lindsay next week as local manager of the Bell Telephone Co. there, and justly deserves the promotion. He had charge of the construction department for this district and was well known here.

The remainder of the evening was spent in games, etc., and all were unanimous in their belief that last night was one of the most pleasant evenings they had spent in a long time.

ALL RENEWALS WERE GRANTED

By Board of License Commissioners for East Peterborough.

Application From W. Brooks For License in Douro Township.

This morning the Board of License Commissioners for East Peterborough, met in their office on Water street to consider the applications for licenses in the East Riding.

H. W. Darcey, Burleigh Falls, granted.
E. J. King, Norwood, granted.
Wm. Thompson, Mt. Julian, granted.
M. McNicholl, Havelock, granted.

A petition signed by 83 ratepayers of Douro Township was presented, asking that W. Brooks be granted a license in the Township of Douro, and setting forth that in their opinion Mr. Brooks is a fit and proper person to be licensed, and that the premises in which he proposes to conduct the hotel are suitable for that purpose and that it will not be an annoyance to the public generally.

Mr. R. M. Denniston was present representing Mr. Brooks, and supported the petition.

At noon when the commissioners adjourned for lunch, the application not been disposed of.

The Brooks license case was discussed after lunch and it was decided to lay it over for further consideration.

BASEBALL CONCERT

The plan of the Opera House for the Baseball Club Concert will open at Ormond and Walsh Drug Store, Monday morning. Reserved seats 50c and 35c. This is one of the best concerts of the season.

See the unique Easter Novelties in Candy Receptacles at Hooper's store, George street.

THE official tests by the Inland Revenue Department of the Canadian Government show the Royal to be a pure baking powder, superior to all others in leavening strength.

It therefore makes purer, more wholesome and economical food than any other baking powder or leavening agent.

Royal Baking Powder is more convenient for use than cream of tartar and soda and makes finer-flavored food.

ROYAL BAKING POWDER CO., NEW YORK.

Things We All Like to Hear About.

—To-morrow, Good Friday, there will be no issue of the Examiner.

—The Finance Committee did not meet last night, as was announced.

—To-night All Saint's choir will practice at 7.30, and all members are asked to be present.

—Charlotte street choir will practice to-night at 7.30. All members are asked to be present.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 322 McDonnel street. 'Phone 199.

—A report of the lecture in the Opera House last night given by Mr. Bartlett is crowded out of to-day's issue.

—There was no quorum of the members of the Finance Committee last night, consequently no meeting was held.

—The Lady Macabees will meet Friday evening in the S.O.E. Hall. A full attendance of the members is requested.

—There will be services at 11 a.m., 3 p.m. and 7.30 p.m. at St. John's to-morrow. The 3 o'clock service will be for children.

—The Public Schools and Collegiate Institute closed at noon to-day for the Easter holidays, and will open on Monday, May 1st.

—All citizens are asked to remember the meeting to be held to-night to discuss the question of a Dominion Day inaugural celebration.

—Before purchasing a piano get catalogue and booklet from H. H. Edmison, George street, of the Nordheimer, Canada's standard make.

—At the Charlotte street church to-morrow morning a service will be held at 11 o'clock, when the pastor, Rev. W. J. Jolliffe, will preach.

—St. Luke's choir will meet for practice this Thursday evening at eight o'clock. It is important that all members be present punctually.

—Satisfactory terms can be arranged and liberal allowance made for old instruments taken in exchange for Nordheimer pianos. Inquire at Edmison's drug store.

—This week's issue of the Montreal Witness contains a sermon preached by Rev. E. A. Langfeldt, together with a well-executed half-tone cut of the reverend gentleman, and also of St. Luke's church.

—Invitations have been issued for the Brass Workers' At Home, to be held next Tuesday evening in the Foresters' Hall, Simcoe street. A splendid evening's enjoyment is assured all who attend.

—Divine service will be held at All Saint's church to-morrow, Good Friday, at 10.30, there will be Litany and sermon, and at 7.30 Divine services. At the evening service the subject will be "The Three Crosses."

—At George street Methodist church on Good Friday there will be service at 11 a.m., when the preacher will be Rev. Dr. Crothers, and the subject, "Lessons from Calvary." Appropriate music will be rendered.

—A large St. Bernard dog owned by a resident on Parnell street, is, it appears, causing the neighbours some annoyance. The animal is not of a vicious disposition, but in a playful way has handled some children rather roughly.

—The weather may seem to belie the statement, but spring has come. Yesterday morning the walk in front of the Best Stove Company's store, was piled high with refrigerators. There must have been nearly a carload. This looks like the return of "the good old summer time."

—The meeting of the Primary and Junior Union of Sunday School teachers will be held in the Y.M.C.A. on Thursday evening at 8 o'clock instead of Friday. The primary lesson will be taught by Mrs. J. S. Knapman, and the Junior by Rev. J. G. Potter. All teachers are invited.

—The Junior Intermediate School Boys' Contest Banquet will be held to-night at the Y.M.C.A. Every fellow is expected to be out, and help "eat the frost." The boy who tells the best three-minute story at the banquet will be presented with a book. All out for the feed. At 8 o'clock.

—The dedicatory services of the Y.W.C.A. building will be held on Sunday afternoon at 4.15 o'clock. The ministers of the town have been invited, and representatives of the different denominations will also be present. Miss Clara Bellegham will sing, "Abide with Me," by Liddle. The public is cordially invited to be present.

—The 57th Regiment Band will be greatly strengthened, in the clarinet section, for Friday night's concert, by the addition of four new players, who are said to be excellent musicians. Amongst others numbers which will be presented will be Gounod's grand sacred march, "Dominicale," and the "Morning, Noon and Night" overture.

—For the convenience of my coffee loving customers, I have placed a new coffee mill in my store, so that they may have their coffee fresh. Maple syrup and maple sugar are moving rapidly. Cabbage, parsnips, carrots, beets, onions and potatoes always on hand, at Jas. R. Bell's, 161 Hunter street. Phone 455.

—At St. Luke's to-morrow there will be service at 10.30, when there will be morning prayer and sermon, and the collection will be for the evangelization of the Jews. The three hours' service, commemorating Christ's agony on the cross, will be held from 12 to 3 o'clock, when addresses on the "Seven Words on the Cross," will be given.

—Yesterday was the first anniversary of the great Toronto fire. The assessed value of the ninety buildings destroyed was $1,289,000. Already these have been replaced to the extent of thirty six buildings at a cost of $1,124,000 showing that the new structures, in addition to being more modern, are more substantial, all being practically fireproof.

—The following is the team which represented the Progressives in their game with the Torontos this afternoon and it is probable that they will have the same line up to-morrow when they play the local club in the opening game of the season—Downing, Mack, Currie, Walker, Welsh, Nicholson, Neal, Funk, Marks, Hurst, Shea, Phelan, O'Hearn and Spencer.

When Rheumatism Doubles a man up

Physician and sufferer alike lose heart, and often despair of a cure, but here's the exception. William Pegg, of Norwood, Ont., writes,—"I was nearly doubled up with rheumatism. I got three bottles of South American Rheumatic Cure, and they cured me. It's the quickest acting medicine that I ever saw."

St. Luke's Church.

The following services will be held at St. Luke's on Easter Sunday:—Holy Communion at 7 and 8 a.m. Morning Prayer and Holy Communion at 11; evensong and sermon at 7 p.m. The choir has prepared special music. The Easter vestry meeting and election of wardens will be held on Easter Monday at 3 p.m.

PETERBOROUGH SATURDAY APRIL 22 1905

An opportunity for a young man to start business for himself

There are hundreds of young men throughout the country, who have mastered the details of merchandising, and are now dreaming of the time when they can be proprietors—many of them with a few hundred dollars laid by for the purpose.

Nearly every prosperous well rated merchant of to-day, made a beginning in a modest way.

At the very outset such young men as we have in mind—such as are capable, thoroughly in earnest, reliable, and have saved a little money, say enough to fit up a store and pay for part of their stock, can make a connection with our house, and in short order, they can be at the head of an establishment where men can be outfitted with the best of clothing.

The clothing business is an attractive proposition. It is a live one—always something doing.

We shall be pleased to correspond with men who have decided to make a start for themselves in some live town or city, and who can show some tangible evidence of an earnest effort in that direction, with a view to extending the sale of our "Male Attire" brand of high class tailored clothing.

We propose as part of our scheme to give free advertising and promotion.

The Male Attire Co., Montreal

FIRE DESTROYS THE ELECTRIC LIGHT PLANT

A Disastrous Fire Which Occurred in Norwood on Friday Morning Early—$8,000 Loss and No Insurance—D. B. Harrison's Saw Mill and Electric Light Plant Totally Destroyed by Fire—Norwood Now in Darkness—Fire Started by Spark from Chimney—400 Cords of Wood Burned—A Severe Loss to the Town.

(From Our Own Correspondent)

Norwood, April 21st, 1905.—This morning the most disastrous fire that has visited this town in many years occurred, when the large saw-mill and electric light plant owned by Mr. Douglas B. Harrison, were totally destroyed.

The fire started about 1.20, and it is supposed that it originated from a spark emitted from the chimney. The power used in the operation of the saw-mill and the electric light plant is generated by steam and sawdust is used in the furnaces.

SPARK CAUSED FIRE.

It is supposed that a spark from the chimney lodged among some combustible material, and, fanned

Scene at Norwood's Big Fire.

by the wind which was blowing quite strongly from the north-west, a blaze started, and soon reached large proportions, and, with the lack of fire-fighting appliances in the town, the fire was soon beyond control.

A general alarm was sounded and the citizens as soon as they found out the serious nature of the conflagration turned out, and with the apparatus at their disposal, did all in their power to stay the flames, but their efforts were unavailing, and in a short time the whole plant was destroyed, including the saw-mill machinery, which was extensive and the electric generators, as well as about four hundred cords of wood which were stored in the yard.

LOSS IS $8,000.

The loss to Mr. Harrison will be very heavy, it has been estimated at $8,000, and unfortunately there was no insurance on either the buildings or plant. The town will be without light, as far as electricity is concerned, and this in itself will be a great inconvenience, since practically all the business houses, and a great many of the residences were dependent upon the electric light for their illumination.

Whether Mr. Harrison will rebuild or not has not yet been decided, but it is hoped that he may be able to do so, since the industry which has thus been destroyed was one of the most important in the town, not to speak of the great benefit accruing from the operation of the electric light plant, which, were it carried on as a separate business would not be a paying investment for the owner.

SUMMER TRADE SPOILED.

It is extremely unfortunate that the fire should have occurred just at this particular time, as Mr. Harrison had in his mill yards a great quantity of logs which he had purchased during the winter, and which he was intending to convert into lumber during the coming summer. Prospects were very bright for a successful summer's work, but, of course the fire has destroyed those prospects at least for the present summer.

The mill was destroyed in a similar manner about eleven years ago, and Mr. Harrison was just getting in good shape after the loss which he sustained on that occasion.

This is the second disastrous destruction of a promising manufacturing establishment which has occurred in Norwood within the last two years. Mr. James Cummisg's woollen mill, a prosperous concern was destroyed not long ago, and it has not yet been rebuilt.

DR. GRENFELL AND HIS WORK

An Appreciative Reference to Young London Physician

Will Lecture Here Shortly in Interest of Deep Sea Mission.

The Interior, in a recent issue, published a full page illustration of Dr. Wilfrid T. Grenfell, who is in a short time to lecture here, and it was accompanied by the following reference:—

"Our readers have met Dr. Grenfell in our editorial comment and as well in one of his own bright sketches printed recently among our contributed articles, and they will be glad now of this opportunity to study his wholesome face. One needs to be no great physiognomist to read in it the largeness of heart and singleness of purpose which led the young London physician, converted years ago under Moody's ministry, to look forthwith for the place where in all the world the thing that he could do for people was most needed. That place, when he found it, proved to be about the most bleak and forbidding region of all creation, but the young doctor liked it all the better for that, because there was in the life to be lived there the spice of adventure and novelty for which his full-blooded veins had natural zest. It is thirteen years now since he went to Labrador, and all the while since he has travelled back and forth among a desolate populace, following the dog trails in the snow by winter and coasting alongshore in his little steamer by summer, doing skilled surgery and practising modern medicine

DR. WILFRED T. GRENFELL.

Who Will Speak in Peterborough in the Interests of the "Deep Sea Mission."

where no other physician is known, and between whiles speaking tenderly to the fisher-folk and woodsmen of a Better Friend and Greater Physician in whose name he is serving them. And he is not now absent from "his people" for health or recreation,—still less for the pleasure of being exploited for a hero in the volatile American style, for it is manifest that he is not enjoying that,—but only because as he goes on in his work, he sees more and more what might be done to make life a thing of meaning and hope to these isolated Labrador peasants; and for doing those things, he must, like all other missionaries, have money. Hospitals are to be built in remoter parts than have yet been reached; assistants must be employed to man them; supplies, medical and surgical and charitable, must be bought; the expense of the tiny steamer's far summer cruises must be provided for; and something must be done to bring the interest of living and the hopes of eternity into these shut-away villages by the sea and in the forest. To tell the story of such needs Professor Duncan and other American friends bade Dr. Grenfell come to the United States, assuring him that their countrymen would not hear him unresponsively, and their confidence has been well justified, for already a strong committee, with Dr. Henry van Dyke as chairman and the banking corporation of Brown Brothers in New York City as the treasurer, has been formed to assure this hearty worker a steady American support in his mission. And for more than sufficient recompense of the most that they can do, Americans have had the privilege of learning to know one of the most admirable men of these times.

"AT HOME" WILL BE HELD AT WARSAW

Will Take Place on Easter Monday—Other News from Eastern Village.

Special to the Examiner.

Warsaw, April 18th.—As was announced last week the Women's Missionary Society of the Methodist Church will hold an "At Home" the date of which has been set for Easter Monday. Tea will be served after which an entertainment will be given by local talent assisted by Misses Somerville and Sanderson of Whitby Ladies' College.

Mr. Doane, Manager of the Bell Telephone Co. in Peterborough, and several other representatives of the company were in the village on Wednesday of last week and drove over the route of the proposed line to Mackenzie's Landing. The work of construction will commence shortly and it will soon be up to the Gull's Glen correspondent to take another finish "from eggsheltemore" at when the line will be completed.

The report of the death of Mr. John Doughty came as a great shock to his many friends here. Mr. Doughty was one of the pioneers of this district having lived in the village, where he carried on a boot and shoe business for over forty years.

Mr. G. W. Reid was in Peterborough on Monday last.

Mr. Dickinson, of Galesburg, paid us a flying visit on Friday.

The Women's Institute held a meeting on Thursday last. The topic was, "House-cleaning" and judging from the heaps of furniture, carpets, bric-a-brac, etc., also since on the verandahs and lawns about town, the meeting must have been a great success.

Mr. W. H. Clements has erected a wind mill over his blacksmith shop. He will use it as a power for running a turning lathe, sawing and drilling machines.

Mrs. Fred. Payne was in Peterborough on Monday.

"Imperva" is a stylish handsome cloth that rain can't get through.

"Imperva" is not a waterproof cloth, it is a cloth waterproofed.

That is considerable of a difference.

"Imperva" is the most stylish light overcoat cloth, in handsome patterns and colorings, made waterproof by our special process.

"Imperva" Rain Coats look and feel like ordinary good quality cloth—our rain-proofing process neither dims the color nor changes the fibre—but they are perfectly proof against rain.

We make "Imperva" into stylish rain coats, with or without belts at the back. We would like to show them to you.

Prices, $18 to $25.

Semi-ready Tailoring

Cressman's PETERBORO.

GOOD CONCERT BY MISSION BAND

Enjoyed by Large Audience in George Street Methodist School Room.

Good Musical Numbers—Sale of Candy Other Features.

The concert last night under the auspices of the Mission Band in George Street Methodist Church was as successful as the most sanguine could have anticipated. The programme was entirely in the hands of the young people who comprise the Band, and in justice it must be said every one connected with it in any way performed their several parts to their own credit and to the entire satisfaction of their friends.

The entertainment opened by singing two verses of "All Hail the Power of Jesus' Name" and short prayer, led by Mr. Percy Might. This was followed by a chorus by three girls comprising the Band.

Dr. Crothers gave a short address in which he dealt with the importance of the work done by the Mission Band. They should learn to practise self-denial he said, and to become good earnest workers for the Mission Band was part of the Women's Missionary Society.

The next number was a chorus by eight little girls, "Missionary Bells". The girls each held little silver bells which they rung at appropriate parts in the music.

Then came a solo by Miss Mabel Chasty. This was sung in a very sweet voice and with good expression.

Next on the programme was a dialogue by six girls, which was also good, and those who paid attention could learn most valuable lessons from it.

Miss Muriel Crothers contributed the next number. It was a violin solo and was a rare treat. Few young ladies of her age have such a mastery of the king of musical instruments.

The next was "Watchmen, what of the Night?" by four girls and was attentively listened to by the large audience.

The next number was the most interesting number on the programme and was characterized as such by Dr. Crothers. It was entitled "Japanese Lullaby" and was sung by Miss Maud Titterson. It was given in the Japanese costume and appealed to everyone present.

Then came the intermission when little boxes of candy were sold by girls. The boxes were filled to the brim with good healthy homemade candy, strictly "Made in Canada."

The next was "Little Lights" and was given by twenty-two girls. On one side were eleven girls with green sashes on which were printed in large white capitals, Faith, Hope, Love, Courage and embracing all these virtues. On the other side came eleven girls with red sashes on which were printed, India, Japan, Korea, China, Africa etc.—all the countries which need most the truth of the gospel. Each girl carried a candle which she lighted as she took her place from the one preceeding her.

The next number was a solo by Miss Muriel Crothers which was exceptionally good.

Then came a chorus by the Band.

The next was a recitation "Unawares" by Miss Hazel Pentland. This was ably given.

A number which was much enjoyed was a duet by Mr. and Miss Hughes.

Next came a chorus by twelve girls, "Easter Lillies", followed by another chorus by the entire Mission Band, the last verse of which was the doxology and was joined in by the audience.

Rev. Dr. Crothers pronounced the benediction, closing the evening's entertainment, which was very successful from every standpoint.

FROST MAY AFFECT WHEAT

It is Feared That This May be the Case at Keene.

Latest News from the Village—Ice Out of Rice Lake.

(From Our Own Correspondent)

Keene, April 19th.—Messrs. John Mein and Jas. Lang of Peterborough, spent Sunday with Mr. B. Campbell.

Miss Josephine Kennedy returned from a pleasant visit with Hastings friends on Wednesday.

Mr. J. Blackburst spent a few days in the city last week.

Mr. John Hore left on Tuesday morning for Alameda, Assa., where he has some land. He intends staying all summer.

Miss Harry Lane of Smith, visited his sister, Emma, last week.

Mrs. W. J. Mein, and Master Gordon of Peterborough, are visiting the former's mother, Mrs. Campbell, this week.

The lake is now clear of ice, the the high wind of Monday and Tuesday having driven it out.

Mr. A. Chard, who has been station agent here for the past two years, is giving up his position at the end of the month. He intends going to British Columbia.

Mr. W. Dixon, township assessor, has completed his work for 1905. The work was much more difficult this year, the new assessment act necessitating a great many changes.

Mr. George Brown is moving from the village to the farm a short distance away.

Mr. J. Bryce is adding very much to the appearance of his house by putting up a new verandah.

If the present frosty weather continues the wheat in this section will not amount to much.

Escaped an Operation

"I had itching piles for six years, and the doctors told me there was no cure for me unless through an operation. Dr. Chase's Ointment completely cured me in one week. As that was six months ago, and there has been no return of the old trouble I believe that the cure is a permanent one."—Mr. J. Mawer, Roden, Man.

CHEMONG LAKE OPEN FOR TRAFFIC

Navigation Opening and Ice Has Disappeared.

Bridge Remained Intact—News From Bridgenorth—A Busy Season.

(From Our Own Correspondent)

Bridgenorth, April 19.—High winds.

March weather.

Severe frost at nights.

Eggs will be scarce for Easter.

Full moon on Wednesday morning at 6.38 a.m.

W. J. Hopwood spent Saturday at his cottage on the Island.

John Pope is confined to the house with a severe cold.

George Brown is in Toronto this week on business.

Fred Jopling was in Young's Point on Monday on business.

Tom Mann has purchased a new disk harrow.

Mrs. W. H. White, of Lakefield is in the village the guest of Mr. and Mrs. Jobe.

Noble Kelly came down from the lakes and spent Sunday under the parental roof.

We are indeed glad to report that Mrs. Wm. Geraghty is able to be around again after her prolonged illness.

Mr. R. C. Heard reports business very brisk, and his stock of waggons and buggies is fast dissappearing.

Robert Telford, who has been confined to the house for the past two months is able to be out again.

Rev. J. W. Bunner is conducting a series of revival meetings in the Methodist church in the village.

Harry Denne was up to his cottage last week looking after some trees which he has tapped around his woods.

Mrs. Wm. O'Leary, who has been in Buffalo during the past two months, attending her son, who was very ill, has returned home.

Smith Milburn was in the village last week and purchased a new rig for himself, in the style of a runabout, from R. O. Heard.

Mr. and Mrs. Thos. Cullen, Sr., accompanied by Mr. and Mrs. Nicholls drove to Bobcaygeon on Sunday to visit the latter's parents.

Navigation opened here on Saturday, April 15. Mr. Fawn and Mr. Tobico came down from the Indian village in their canoes.

Thos. Cullen, Sr., has taken a position with Mr. J. H. Mann for the coming summer, this is Mr. Cullen's eighth season with Mr. Mann.

Mr Nathan Taylor sold one of his drivers to Mr. T. Edmonson, last week, and Mr. G. J. Jopling disposed of three at Charlie McConkey's sale on the 12th.

It is said that the bylaw in respect to the restraining of cattle running at large in the streets, and putting up for the night on the side walks, is to be strictly enforced this season.

Some of the farmers got anxious and began seeding, now they wish they hadn't. March and April seem to have become interchanged.

Chemong Lake is now clear of ice, and the Ennismore people are rejoicing in the fact that the bridge remained intact, and there is no interuption of traffic.

Mr. Charlie White, who has had charge of the sap department for W. B. Kelly this season, reports a good run. The frosty nights greatly increased the flow of sap.

The last auction of the season was held at John Young's, on the 13th. This has been a record season as farmers' auction sales. During last fall and this spring there have been 20 sales within ten miles of here.

The hens have been working overtime in order to ensure a good egg supply for Easter, and they are not the only ones, for the millinery are more than busy trying to meet the demands for Easter hats and bonnets.

The morning hours are enlivened by the rattle of milk cans on their way to Central Smith Butter Factory, where Messrs. Campbell and Meacham are adepts in the manufacture of that product, which we all like to see on the top side of a slice of bread.

It is the custom for farmers in this vicinity to convert their piles of poles, gathered in during the winter months into stove wood, by having a sawing bee. The last event of this nature was at T. R. Mann's, on the 11th, where Bert Manning did splendid work with his excellent machine.

Business is quiet along the water front. There does not seem to be the same activity among vessel owners as has been in former seasons. Mr. Kelly's tug "Lady of the Lake" has wintered safely up at Buckhorn, and is expected into port this week. Capt. O'Leary's punt looks trim in its new coat of paint. Capt. Bell who owns the "Lake Champlain" will have his vessel ready for its initial trip in a few days. He has some alterations to make which will only require a few days. He intends doing something to the steering apparatus, and also changing the position of the paddle wheels, which will increase the speed considerably, and when completed will not doubt be a credit to the designer.

RAINY RIVER MAN HAD TROUBLES

Till Dodd's Kidney Pills cured his Kidneys

Then his Rheumatism and Other Pains Vanished Once and for all—His Case Only one of Many.

Barwick, Ont., April 21. — (Special.) —That Dodd's Kidney Pills will cure rheumatism, or any other disease resulting from disordered kidneys, is the experience of many of the settlers in this Rainy River country. The case of William John Dixon of this place is a fair sample of the work the great Canadian Kidney Remedy is doing.

"I had rheumatism so bad I had to use a stick to walk. I had pains in my back and right hip, and I had no comfort in sleeping.

"I could no more than dress or undress myself for nearly two months and I was for nearly three weeks I could not lace my right shoe.

"My brother advised me to try Dodd's Kidney Pills, and I did so. After taking three boxes I could walk around and lace up my shoes and do my work. Six boxes cured me completely."

Dodd's Kidney Pills are the only sure cure for sick kidneys. Sick kidneys are the cause of nine-tenths of the ills the human family suffers from.

SOCIAL EVENT AT LASSWADE

Miss Duval Married to Mr. Emmans—Other Interesting Items.

From our Own Correspondent.

Lasswade, April 14.—Miss Mattie Bullied and Miss Bertha, are the guests of Mrs. S. Bullied.

Mr. A. Coiville, the assessor, gave the village a call on Monday last.

Miss Ellen Steen is home for a brief visit.

Anumber of young people spent a very pleasant evening at residence of Mr. T. Steen on Wednesday.

Rev. Mr. Williamson gave a very interesting sermon on the subject, of "Missions," last Sunday. We hope for a larger congregation, now that fair weather has come again.

One of the most interesting events of the season took place here on Monday, April 10th, when the Rev. Mr. Gould united in the holy bonds of matrimony, Miss Lily Duval and Mr. Harvey Emmans, late of Michigan.

TENDER FROM CANADA.

For Government Improvements in St. George's Channel, Bermuda.

Ottawa, April 20.—Only one tender has been received for the improvements which the British Government desires to make in St. George's Channel, Bermuda. It is that of Mr. Geo. Goodwin, Ottawa, the tender will be forwarded to the Bermuda authorities through the Colonial Office. The British Government invited tenders in Canada as well as at home.

Following Canada's Example.

Ottawa, April 20.—The Department of Trade and Commerce has been notified by Lord Strathcona of the fact that the Imperial Government has a bill before the House of Commons for the appointment of a Minister of Commerce. In this respect, Great Britain is profiting by Canada's example.

Church's
ALABASTINE

is a perfect and everlasting WALL-COATING, made from a cement base, in twenty tints and white. One that HARDENS WITH AGE; is ready for use by mixing in COLD WATER, and may be re-coated whenever necessary to renew the wall surface.

NEVER SOLD IN BULK.

Anyone can put it on—no one can rub it off.
Write for booklet on Alabastine and how to use it. It's free.
The Alabastine Co. Limited, Paris, Ont.

PRESENTATION TO BANK MANAGER

Mr. R. A. Williams of Havelock Sovereign Bank Was Honoured.

Havelock Lacrosse Club Organize for the Summer—Other Late News.

From Our Own Correspondent.

Havelock, April 19.—On the 17th inst., business men of the town made a very handsome and serviceable presentation of a silver service to Mr. R. A. Williams, formerly of the Sovereign Bank here, now of Stirling. The presentation was made at the residence of Mr. Williams by Messrs. J. R. Craig and Jas. Thompson, with the following address:—

Havelock, April 17th.

Mr. R. A. Williams,

Dear Mr. Williams,—As representing the business men of Havelock, we take the opportunity of expressing our good will towards you, and our sincere regret that now we are compelled to, in a business way, cut asunder the ties that have been formed between us, and that gave such promise of growing stronger as time advanced. As the first manager of the first and only bank that has provided us with one of its branches, you have doubtless had some things to bear with, not so common in other places, as we may not have been always as appreciative as the occasion properly required. But the prospect of losing you from our midst has only served to arouse us to the true sense of the loss which we are thus about to sustain. In business you have been courteous, prompt and frank, and have always sought to do what was most truly in the interest of your patrons, as well as to your honour to the institution which you represent. As a citizen you have always had a keen eye to the welfare of our village and the surrounding country. In a social way you have exerted a wholesome influence upon all, and what is, after all, best of all, you have sought always to promote the highest—even the moral and religious—welfare of the community. And what need we add further, save to say plainly and briefly that we shall each and all feel very heavily the loss that in the course of events must be ours in your departure.

Please accept this accompanying small token of our esteem and be assured our very best wishes go with you as your enter upon your duties in your new sphere.

Signed on behalf of the business men of Havelock.

JAS. THOMPSON,
J. P. CRAIG.

Inscription engraved on the waiter: "Presented to R. A. Williams, Esq., as a token of appreciation by the business men of Havelock, April, 1905."

Mrs. Williams was also presented with cut glass sugar and cream bowls, both making very handsome presents.

Mr. Williams replied in a very feeling way, thanking the business men for their good wishes and hoping that they would be as well served by the new manager, Mr. Boyd, as he tried to do in his managership of the Sovereign Bank here.

Owing to the dissatisfaction of the public in connection with the burning of the arc lamps on the streets in town, the Electric Light Company complained to the manufacturers, the C.G.E. Company, Peterborough, who in place of these are supplying a new outfit of lamps, which, it is thought, will do away with the continual trouble which has been experienced up to date.

On Friday evening last a general meeting was held in the Council Chamber in the interests of organizating a Lacrosse Club.

A club was formed and the following officers were elected:

Patronesses — Mrs. P. G. Connor, Mrs. J. W. Boyd, Mrs. W. W. Webster, Mrs. Thos. Bennett, Mrs. Dr. Holdcroft, Mrs. W. Patterson, Mrs. A. Rose, Mrs. D. A. Ford.
Hon. Pres. — P. G. Connor.
Hon. Vice-Pres. — W. W. Webster.
Pres. — Ward Patterson.
1st Vice-Pres. — S. J. Jackson.
2nd Vice-Pres. — Jas. Thompson.
Manager — H. T. Andrews.
Treasurer — Timotheus Dineen.
Secretary — J. J. O'Sullivan.
Surgeon — J. Holdcroft, M.D.
Executive Committee — President, Manager, Secretary, T. P. Lancaster, T. A. McGuire and D. A. Ford.
League Delegates — T. E. Dineen, J. J. O'Sullivan.

The club fee was fixed at one dollar. The secretary was instructed to write to secure an out-of-town date for the 24th of May. It was decided to enter the Trent Valley Lacrosse League, if there should be a League formed. An important resolution framed was one made by Manager Andrews in which the club as a whole strongly condemn any rough or unsportsmanlike tactics of any description either in games or during practices, and that the members of the club exert their influence in endeavouring to play the game in a clean and gentlemanly way during the season. The club starts out with every prospect of a successful season. Owing to the good showing made by the club last year, their first year in lacrosse, when they were only beaten by a small margin for the League Championship, it is hoped that the boys will succeed this year in carrying off the R. R. Hall trophy.

Miss Fanny Boswell of Peterborough, spent Saturday and Sunday visiting friends in town.

Messrs. John McKenna, of Spokane, Wash.; Jas. Archer, Miss A. Campbell and Miss Maud McKenna, of Campbellford, were the guests of Mrs. A. McGuire, on Sunday.

The park negotiations are at a standstill until the council meets, but it is altogether likely that they will take it over and add the necessary improvements.

The Presbyterian church held a very successful conundrum social in the basement of the church Wednesday evening.

members, and Miss E. Dardenell been appointed by His Lordship the Bishop of Toronto, to the incumbency of Havelock, and Belmont and will take charge of the parish on Easter Sunday.

Meetings in the Council Chamber on Monday night are—Charity Board at 7.45, Manufacturers' Committee at 8 and Board of Works at 8.

MUSICAL RECITAL AT ENNISMORE

Miss Gertrude Maloney Gave A Delightful Programme.

An Interesting Evening's Entertainment at Mr. William Crough's.

Special to the Examiner

Ennismore, April 19th. — Last Wednesday evening Miss Gertie Maloney gave a very pleasant musical recital at the home of her grandfather, Mr. Wm. Crough. Her class of fifteen children, gave evidence of careful training and each number of the programme was well received and heartily applauded. Miss Maloney is a good student of music, and under the able direction of Mrs. Morrow of Peterborough is surpassing the expectations of her most ardent friends and admirers. As a teacher also she does good work, and her earnestness and zeal become evident in the efficient work of her pupils.

The following programme of vocal and instrumental music, interspersed with an occasional recitation, afforded to all present a very enjoyable evening:

Opening chorus, Welcome..... .....
Song, Don't be Cross with me, Mamma'...Vera Carew
Irish airs, on piano...Michael Fitzpatrick
Duet, Believe Me...Nellie Galvin and Mary Carroll
Recitation, I've something in my pocket..... ... ...Beatrice Crough
Song, 'A Little Girl's Wants .....Vera Crough
Song, Sailor's Ditty ... Masters Dan, Emmet and Mark Crough
Song, Hide behind the Door when Papa Comes ... ...Lily Crough
Recitation, Shipwreck...Nellie Galvin
Duet, The Man in the Moon.....Norrell Crough and Ethel Kennedy

At the close of the programme the children were called upon to per form some scale exercises and the facility of the little tots in reading the notes was astonishing. Prizes were awarded by the teacher to the three who had obtained the highest marks during the term, and the winners stood as follows:

1st—Nellie Galvin; 2nd, Beatrice Crough; 3rd, Mark Crough.

ONE BOX OF DOAN'S KIDNEY PILLS CURED DROPSY.

Dropsy is not a disease in itself, as many people believe, but is an evidence of very severe kidney trouble. Dropsy is caused by watery particles oozing through the walls of the arteries when they are distended by unusual pressure, which can only be caused by obstructions in the kidneys. The symptoms of Dropsy are puffiness under the eyes, swelling of the feet and ankles, urine changed in character and appearance, smothering feeling from exertion or excitement. The only rational method of treating this disease is to reach the kidneys and restore them to a healthy condition.

The most successful remedy for this purpose is Doan's Kidney Pills. Read what Miss Agnes Creelman, Upper Smithville, N.S., says of them:—"I caught a cold, which settled in my kidneys, and turned to dropsy. My face, limbs, and feet became bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try Doan's Kidney Pills, and found by their use that I was cured in a very short time. I have never had any trouble with it since.

Price 50 cents. per box, or 3 for $1.25.

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

REASON No 28
WHY YOU SHOULD USE
Red Rose Tea

Because it is Recommended by the Best Grocers.

You will generally find Red Rose Tea in a store which deals in standard brands of high-class goods.

These are the merchants who do not look for goods which give them the largest profit, because it pays them best to sell goods which are the most reliable and give their customers the greatest satisfaction.

Ask a grocer of this kind his opinion of Red Rose Tea—his opinion will be honest, because nearly all other teas pay him a larger profit than Red Rose. He probably uses it in his own house, and will tell you in a very few words why he recommends it.

THE ONTARIO LEGISLATURE

Premier Whitney and Mr. Thompson Close It For Present.

CONSIDERING THE ESTIMATES

Party Politics and the License Law—Partizans on the Boards—Provincial Secretary Hanna on Government's Policy—No Railway Taxation to Be Induced This Session.

Toronto, April 20.—The budget debate was "technically" closed by Mr. Thompson (North Wentworth) and the Premier, in the Legislature yesterday afternoon, although on motion it may be resumed lated in the session, and the estimates were taken up.

The consideration of the estimates was resumed in the evening and evoked a discussion, in the course of which the Premier and Hon. Mr. Hanna, in answer to criticisms and questions, dealth with the Government's policy in regard to the enforcement of the license law.

Hon. Mr. Hanna, in answer to Mr. Preston (South Brant), said that while all the license inspectors had not been removed, there was no doubt that the majority of them had. It was felt that the appointees of the Government could be held responsible to a greater extent than those not so appointed. The Government were not only pledged to a strict enforcement of the law, but were prepared to take full responsibility for that enforcement.

Mr. Preston could not see that the Government's plan was in keeping with their pledge of removing the administration of the license law from politics.

Other points of interest during the two sessions of the day were Hon. Mr. Matheson's announcement that there would be no legislation this session in regard to the taxation of railway, telephone and telegraph companies, and the Premier's statement that later on he might state his views as to the status of the Educational Department in its relation to political control. The House will adjourn this evening until May 2.

The Premier's Closing Address.

Premier Whitney's opening remarks were confined to a warm eulogy of the budget speech of Hon. Col. Matheson. The burden of the speech of the hon. gentleman who for the present led the Opposition had been that so long as the Government continued in the footsteps of the former administration they would continue to meet public approbation. Mr. Whitney could hardly see the logic of this, in view of the pointed defeat recently inflicted by the people upon the former Government. The distinguishing characteristic of the late Government for many years had been frensied finance, and he was not surprised to hear that his hon. friend's advice to the Government to continue in that path had not been well received on the Opposition's own side. Past speeches by the members of the present Government, and by himself particularly, had been recalled. He admitted, as had been said, that he had opposed the tax on corporations when it was introduced, but the position he had taken was that such a tax would not have been necessary had proper management characterised the resources of the Province, and that a large proportion of the taxes were being taken away from the municipal corporations and going to the Provincial Treasury. There had been juggling of words, too, in connection with his statement that Niagara Falls water power should be as free as air. He repeated now his contention that the water powers all over the country should not in the future be made the sport of capitalists, and should not be made anything else but a valuable asset for the people of Ontario. It never would be said of this Government that they had repealed the law providing for the ratification of water-power privileges by the House, and after the lapse of two years and the carrying out of their plans, had agreed to the Opposition's demand that the original law be restored. These powers should be as free as the air, not only to the monopolist and the friend of the Government, as it used to be, but every citizen, under proper conditions, should be free to utilise the powers that the Almighty had given to the Province.

The Michigander.

The Premier referred to the criticism by the Opposition regarding the engagement of an accountant from Michigan. That reminded him of the days when the Parliament buildings were in course of erection, and the fact that the architect and the man who had charge of the work was a man from Buffalo. He thought it would be found that the Michigander was as good a man as the man from Buffalo. The Premier read from recommendations and correspondence in support of his contention that Hon. Mr. Harcourt had not fairly explained the reason for the non-payment of the grant of $10,000 to Ottawa University and the carrying over of the University of Toronto deficits. The old Government had taken credit before and during the elections for voting these, but had not paid them.

The Premier quite agreed with Mr. J. Clarke that he (Mr. Whitney) had uttered no uncertain sound on the temperance question. The distillers, brewers and temperance men of the Province were men of good common sense, and would appreciate straightforward conduct. He and his friends professed to have no more public virtue than their neighbors. The people were essentially a fair-minded body of men and women, who would appreciate those who tried to do their duty. The Government would follow the way blazed out on January 25, and he hoped as long as this condition obtained to receive the confidence of the people whose trustees they were.

In Committee of Supply.

The House then went into committee of supply.

The items of the Attorney-General's, Crown Lands and Education Departments were passed before six o'clock.

Mr. MacKay's Denial.

Just before the speaker left the chair at 6 o'clock A. G. Mackay, ex-Commissioner of Crown Lands, arose to give a statement that appeared in The Mail and Empire yesterday morning an absolute and unqualified denial. The article complained of was to the effect that Mr. MacKay, while Commissioner of Crown Lands entered into a partnership with E. W. Backus regarding a waterpower concession at Fort Francis. There was not a particle of foundation for the story, as he had neither directly nor indirectly had any connection with the partnership.

In answer to Mr. Preston (Brant), if the Government would introduce this session any legislation regarding taxation of railway corporations, etc., Mr. Matheson said no legislation would be introduced this session.

Mr. Harcourt inquired the amount of expenditure on the construction of the Temiskaming and Northern Ontario Railway up to the first of April. Hon. Dr. Reaume said the total amount up to adate was $3,962,210.96. The figures apply to expenditures up to March 1.

A number of bills were read a first time.

Primrose Day in England.

London, April 20.—Primrose Day was observed yesterday with undiminished zeal. Lord Beaconsfield's statue was decorated on a generous scale. An enthusiastic free trader utilised the occasion by placing by the side of the statue a huge shield of primroses bearing the well-known quotation from remarks of the deceased statesman, "Protection is not only dead but it is damned," picked out in forget-me-nots.

Followed by a Lioness.

While a lady and gentleman were proceeding by rickshaw from Shillebary to Ardbennie on a recent Sunday evening they were considerably alarmed by seeing, soon after crossing the railway, a lioness cross their path some twenty-five yards ahead of them.

Being taken so much by surprise, they failed to check the boys and proceeded on their journey. Shortly afterward they found the beast about ten yards in the bush on one side of them, and she proceeded thus for over a mile and a half. Fortunately, owing to the dirty and slippery condition of the roads, the boys' attention was confined to their work of impelling the vehicle in their charge, and they did not perceive the lioness.

It was thought that the very bright light which the boys were carrying kept the animal at a safe distance.—South Africa.

Your Money Back with Sunlight Soap

Sunlight Soap is guaranteed perfectly pure, genuine, and free from adulteration—all dealers are authorized to return purchase money to anyone finding cause for complaint.

Therefore you lose nothing by trying

Sunlight Soap

and you will agree with millions of other women that the Sunlight way is the only way to wash clothes.

$5,000.00 reward will be paid to any person who can prove that Sunlight Soap contains any form of adulteration or contains any injurious chemicals.

Just rub Sunlight Soap on your clothes and let them soak in tepid water, then rinse out in fresh water. It is equally good in hard or soft water.

LEVER BROTHERS LIMITED, TORONTO 1905

The Sunlight Maids do not rub and boil their clothes to shreds—they wash the easy Sunlight way

EASTER EGG ROLLING.

A Curious Custom Confined to Our National Capital.

Egg rolling on Easter Monday is a custom apparently peculiar to Washington. The origin of the practice has not been satisfactorily traced, but the statement is made that in the year 1785 a small company of Germans sailed up the Potomac and established below the present Georgetown a settlement which they named Hamburg, and it is possible that the custom of rolling Easter eggs owes to these pioneers its introduction into the United States. Among the settlers, perhaps, was a descendant of the Princess of Burgundy, who, according to tradition, centuries ago dipped eggs in dyes, bid them in her palace grounds and then invited poor children to search for them.

One who has never witnessed the sport of egg rolling cannot realize how much enjoyment there is to be had from it. Long ago the capitol grounds were used for it. There were long, grassy terraces, and the school children gathered upon them, set the gaudy objects to rolling, then gathered themselves into a ball and followed them, to the detriment not only of their clothes, but of the grass. Some hard hearted person or persons stopped this, and after awhile one who will ever hold a sacred place in the hearts of the children suggested and obtained the "White House lot" for the annual sport.

The children sit or stand in squads, and the gayly colored eggs are started on their downward course, turning over and over and gaining momentum with each revolution until they have reached the bottom in safety or, having struck another in its downward flight, is broken or dashed to pieces.

The children rush away to recover the spoils, and when the egg is restored to its rightful owner the feast begins.

It is an orderly crowd, and this is to be wondered at when it is taken into consideration that not less than 15,000 children spend the day together.

The crowning joy is when the Marine band, dressed in scarlet coats, which seem to vie with the gayly colored tulips nodding in their beds close by, strikes up a popular air and continues to play until the time to go home.

When the strains of "Hail to the Chief!" are heard it is the signal for wild and enthusiastic cheering, for all knew that the chief magistrate of the nation has come out on the portico to watch the children. He is usually accompanied by his wife and a number of his official family. The children are made happy by nods, smiles and friendly recognition with a wave of the hand.

At last "The Star Spangled Banner" is struck up, and the children know that their happy day is at an end, for that is the last number played, and it is the signal to disperse.—Pittsburg Dispatch.

THE SPIRIT OF EASTER.

A Poem and a Sermon by Helen Keller, the Blind Girl.

Oh, give thanks unto the Lord, for he is good, and his mercy endureth forever. Sing unto him a new song, for he causeth the desert to put forth blossoms, and the valleys he covereth with greenness. Out of the night he bringeth day and out of death life everlasting. On this day a new light is upon the mountains, for life and the resurrection are proclaimed forever.

Easter is the promise of the Lord that all the best and noblest in man shall be renewed, even as growth and bloom and ripening shall not cease. The bars of winter are broken, and the iron bands of death are riven. The bird is on the wing, and the flight of the soul shall know no weariness. The lilies lift their holy white grails, brimmed with sunshine of God's love, for has not the Lord manifested his love in flowers and in the upspringing of green things? They are sweet interpreters of large certainties. Each year the winter cuts them down, and each spring they put forth again. Every spring is a new page in the book of revelation, wherein we read that life is an eternal genesis and its end is not, for it endureth forever.

Belief in eternal life compels us to believe in good deeds and honest thoughts. The good man toils not for today nor for tomorrow alone, but because he knows that his labor shall survive long after his hand has fallen from the plow. The good man paces himself into the world and makes it new. He is among the blessed who win sight out of blindness, order out of chaos and life out of death. Since the first Master morning the soul of man has shone with unwasting light, for then he looked into the radiant face of the risen Christ and knew that God's universe shapes itself not to destruction, but to a yet more glorious genesis—yea, it endureth from everlasting to everlasting.—Helen Keller in Youth's Companion.

THE EASTER RABBIT.

Why Mr. Long Ears Is a Symbol of the Festival.

For more seasons than one cares to count the Easter egg has been the familiar symbol of the great spring festival, but of late years another emblem has begun to dispute its supremacy in the confectioners' shops, and for some time the hares at Easter have been almost as numerous as the eggs. The hares are quite as often rabbits, delicate distinctions in zoology not being the province of confectioners, but in this case they cannot go far out of the way in confounding the two, because in symbology the animals are identical, and, moreover, to the American eye the rabbit is the more familiar form.

But why either?

What has the innocent rodent, as George Eliot would say, "with its small nibbling pleasures," to do with the great festival of the resurrection?

Easter, though apparently a solar festival in its connection with the equinox, in reality and even as ordered by the Christian church belongs by rights to the moon, and the hare, we find, was in ancient and especially oriental symbology identical with the moon, across whose disk endless numbers of Hindoo and Japanese artists have painted him, while their Chinese brethren represent the moon as a rabbit pounding rice in a mortar.

The Buddhists had two different stories explaining the hare's presence in the moon.

One was that Buddha once took the shape of a hare, that he might feed a hungry fellow creature, and was translated in that form to the moon, where he forevermore abides.

The second myth, as told by Dr. Gubernatis in his "Zoological Mythology," seems more likely to be the genuine. This legend says that when Indra, disguised as a famishing pilgrim, was dying for food the hare, having nothing to give him, threw himself into the fire that he might be roasted for his benefit, and the grateful Indra translated the animal to the moon.

There are several other reasons why the hare was chosen to symbolize the moon. One was that it is a nocturnal animal and comes out at night to feed; another that the female carries her young for a month, thus representing the lunar cycle; another that the hare was thought by the ancients to be able to change its sex like the moon, which as it waxed or waned was regarded as masculine or feminine.

Sir Thomas Brown says that this was affirmed by Archelaus, Plutarch and many others. Pliny, who is not mentioned by Sir Thomas, gives it the weight of his authority in his "Natural History." The historian of "Vulgar Errors" devotes a chapter to the subject, but is extremely cautious in his dealings with it, considering it quite possible that such a change might take place, but in exceptional instances only and certainly not annually, as the ancients asserted.

Beaumont and Fletcher allude to this several times, especially in the "Faithful Shepherdess," act 3, in the incantation of the sullen shepherd:

Hares that yearly sexes change,
Proteus, altering off and strange,
Hecate with shapes three,
Let this maiden changed be.

—New York Herald.

IN JAPAN AND RUSSIA.

How the Wearing Nations Celebrate the Festival of Peace.

Every nation has its Easter. In far-away Japan this celebration of the re-birth of the year is called the feast of the cherry blossoms and is attended with much merrymaking and jollification. The blossoming cherry trees are hung with innumerable paper lanterns. The boats on the rivers at night are similarly decorated, and there are processions of singing girls, actors, tradespeople and monks.

In Russia Easter is a festival celebrated much like our Christmas, with gifts and rejoicings. Dolls and eggs are bought for the little ones by every householder, and the week immediately preceding is devoted to what has been called the "great annual Muscovite wash." Every housewife makes an elaborate cleaning of her dwelling, and the public baths are crowded with people who deem cleanliness at this particular season a religious duty.

Valuable presents are interchanged. Formerly every one had a right to kiss everybody else, though this curious custom now prevails only in rural districts. Among the rich gorgeous artificial eggs, sometimes worth thousands of dollars apiece, are given and received. Such eggs often contain costly jewels, and in this shape the czar each year bestows upon his wife a provision taken of his imperial regard.

HIGHEST AWARD AT ST. LOUIS. 1904.

Edinburgh Castle.

The Castle of Edinburgh was undoubtedly the foundation of the old town of Edinburgh and is the oldest building in it. Though there is no doubt that it was rebuilt by Edwin as a Northumbrian fortress in 636, for nearly four centuries later its history is obscure, and only becomes clear again with the reign of Malcolm II., in 1004. One of the great names in connection with it is that of St. Margaret, the pious and beautiful Queen of Malcolm III., whose little chapel in the castle is perhaps the oldest ecclesiastical memorial in Scotland. It was restored in 1853. In subsequent centuries the castle was repeatedly taken and retaken by Scots and English, being last taken by Cromwell in 1650. In 1745 Prince Charles Edward Stuart attempted it; since that date it has been undisturbed as a garrison of the British Government.

Bedfast for Three Years

With Inflammatory Rheumatism

Helpless as an Infant—Now Walks Without Crutches

Wonderful Recovery of Mr. John McCullough, of Uxbridge Ont.

The Claflin Chemical Co., Windsor:

Gentlemen—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me, and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed, and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one.

I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be well and strong again; but of course I am an old man now, and have not the constitution to work on, but I hope this simple story of the way your pills have helped me will be of value to others. I remain yours truly.

JOHN McCULLOUGH,
Uxbridge, Ont.

A Young Lady Transformed!

All the charm of Girlhood restored.

This is only one of hundreds of cases in which "Fruit-a-tives" changed Pale, Sallow Skin into the Rosy Bloom of Health.

Too many women have sallow skin—bad complexions—dark circles under the eyes—headaches—backaches—sick stomachs.

Too few women have the robust health and rosy bloom of girlhood—that "Fruit-a-tives" preserve.

Some women don't realize how surely Constipation undermines the health and brings premature old age.

The intestines do two things—give up nourishment to the blood—and carry off waste matter.

But—if Constipation keeps the waste IN the intestines, the blood takes up poison instead of nutriment.

It is this waste—carried all over the system by the blood—that causes Heartburn, Sour Stomach, Indigestion, Bad Breath, Headaches, Backaches, Sallow Skin, Pimples, Paleness and Thinness.

The woman who wants
—a fine complexion
—to be free of headaches and backaches
—to eat well, sleep well and look well
—to feel well ALL THE TIME
can have her wish if she takes "Fruit-a-tives."

Miss Jamison tells how she found the happiness of health in

Fruit-a-tives

or Fruit-Liver Tablets.

MASSON, P.Q., Nov. 16th, 1904.

Fruit-a-tives Limited,
Ottawa, Ont.

Gentlemen:—

I have much pleasure in [illegible] to you the great benefit I have received from taking "Fruit-a-tives"—and I feel that I cannot say too much in favor of a medicine which has done me so much good.

I was a party to that distressing complaint, Chronic Constipation, accompanied by severe headaches, backache, sick stomach and all the symptoms of dyspepsia. I had also a dreadful complexion, sallow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try "Fruit-a-tives" and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box, the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I was a child. Also, my complexion began to clear up again, all the sallowness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the "Fruit-a-tives" now as I am quite well in every way. I took no medicine but "Fruit-a-tives" but I followed faithfully the directions as to diet etc. given in the pamphlet which accompanies each box of "Fruit-a-tives."

To all persons suffering from constipation and indigestion, headache and backache, and particularly those with sallow complexions, I would strongly recommend them to try "Fruit-a-tives" and faithfully carry out the directions in the pamphlet, and I feel certain they will find this medicine simply marvelous. I might also say that the action of "Fruit-a-tives" is very mild and non-irritating, no griping is felt and the stomach is sweetened by taking them.

(signed) FLORENCE JAMISON.

"Fruit-a-tives" are NOT cathartics.

They contain NO calomel, jalap, cascara, "oil," or "salts."

"Fruit-a-tives" are fruit juices in tablet form.

They are a discovery that deserves to rank with anaesthetics and vaccine.

"Fruit-a-tives" are a tonic for the bowels. They tone up the intestines, make them move regularly and naturally.

"Fruit-a-tives" cure Constipation just as surely as chloroform deadens pain.

If you are suspicious of your health, don't wait for proof and sickness. Take "Fruit-a-tives."

All druggists have these health preserving, pleasant tasting fruit tablets.

50c. a box—and worth ten times 50c. to any woman who wants to enjoy the luxury of perfect health.

Manufactured by FRUIT-A-TIVES LIMITED, OTTAWA.

WILL SAIL EARLY THIS YEAR.

Neptune Will Leave Halifax June 1 For Hudson's Waters.

Ottawa, April 22.—The Government has closed a charter party with Job Brothers, of St. John's, Nfld., for the steamer Neptune to proceed northward with another Hudson Bay expedition in charge of Commander A. H. Low, who made such a successful voyage on the same steamer last season. This year an earlier start will be made, with a view of investigating the ice conditions in Hudson Strait during the spring, the Neptune to sail from Halifax on June 1.

The Neptune will carry supplies for the steamer Arctic, which wintered at Cape Fullerton. The two vessels will perform summer patrol, the Neptune probably striking north to the entrance of Barrow Strait, where the conditions seemed so favorable last August for making the northwest passage that Commander Low expressed regret that his instructions did not allow him to make the attempt.

WHEN BABY SMILES

When Baby smiles mother knows he is well and happy. When he is cross, ailing and fretful, she gives him Baby's Own Tablets, and finds that there is a smile in every dose. These Tablets cure all little ailments of childhood, such as indigestion, colic, constipation, diarrhoea, worms, and simple fevers. They make teething easy, and promote natural sleep and repose, and are guaranteed not to contain one particle of poisonous soothing stuff. Mrs. Robert Dean, Tisdale, N.W.T., says: "I find Baby's Own Tablets a perfect remedy for the little ones, and always keep them in the house." You can get the Tablets from your medicine dealers or by mail at 25 cents a box, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Three Asphyxiated.

New York, April 22.—Mrs. Regina Walgering, wife of Deputy Sheriff Frank J. Walgering, and her two daughters, Regina May, aged 18, and Angela, aged 13, were found dead in their home in West 52nd street yesterday, killed by illuminating gas.

20 Laborers Chloroformed.

Allentown, Pa., April 22.—Twenty Hungarian laborers were chloroformed Thursday night in a boarding house at Omrod, near this place, and robbed of their money, the amount stolen, it is said, being more than $2,000.

First Boat Into Meaford.

Meaford, Ont., April 22.—The steam barge Winnibago, which left Boyne City, Mich., two weeks ago, with 750,000 feet of lumber for the Seimens Kent Co., of Meaford, reached port yesterday.

One Dead and One Dying.

Kingston, N. Y., April 22.—One Italian was found hacked to death and another dying from stab wounds in the woods near Arkville yesterday. Three other Italians were arrested by officers

PLAY DID NOT STOP.

Though a Hamilton Youth Was Electrocuted While Carrying Calcium Light Across the Stage.

Hamilton, April 22.—Thos. Bradt, 124 Jackson street, was electrocuted on the stage of the Grand Opera House at 8.30 last evening, during a performance of "The Wizard of Oz." The show went right on as though nothing had happened. The members of the company kept their heads and continued their fun-making, and the audience did not get an inkling of the tragedy. Bradt was a youth of about 16 years of age, but was so big that he looked to be many years older. He was employed by Lowe & Farrell, the electricians, and was engaged for the evening by the opera house people. His work was to handle a calcium light; it is a portable affair, and he seized it in his hands to carry it across the stage. He stepped on a register and that completed the circuit. The wires were supposed to carry a voltage of only 250, but it was enough to render the youth unconscious. Dr. McCabe was summoned, but Bradt was dead before he arrived. While the building echoed with the laughter of the big crowd in the front of the house, the stage hands carried the corpse out. It was taken to James Dwyera's morgue, where an inquest will be opened today. Bradt was a son of William Bradt.

Canadian Lacrosseists.

Toronto, April 22.—The eighteenth annual convention of the Canadian Lacrosse Association opened here yesterday. The attendance was not as large as last year. The elections resulted as follows: First vice-president, H. S. Cameron, Beaverton; second vice-president, James D. Bailey, Toronto; council, Capt. Wallace, Woodbridge; J. K. Forsythe, Toronto; Fred H. Ellis, Oshawa; J. C. Miller, Orillia; J. M. Kearns, Arthur; Rev. D. M. Martin, Cannington; W. J. Young, Chatham; A. C. Steele, Fergus; G. G. Green, Bradford; H. M. Jackson, Seaforth; auditors, J. F. Leanox, J. J. Craig and Harry O'Laughlin. There was no contest for the presidency this year.

Have You Piles?

Dr. Leonhardt's Hem-Roid is an internal remedy that entirely removes the cause of Piles, and cures to stay cured any case no matter how long standing.

If you have piles and Dr. Leonhardt's Hem-Roid will not cure you, you get your money back.

A thousand dollar guarantee goes with every bottle of Hem-Roid sold.

If you want a perfect and permanent cure, ask for Dr. Leonhardt's Hem-Roid, the guaranteed remedy.

All druggists, $1.00, or The Wilson-Fyfe Co., Limited, Niagara Falls, Ont. 10

Strike Is Ended.

Rome, April 22.—The strike may be considered to have ended. A committee of Socialist deputies has obtained from Premier Fortis a promise to study a scheme for arbitration to be adopted in the case of differences between railroad men and the Government.

DEATH OF M. PAUL LESSAR.

Russian Minister to China Succumbs to Amputation Shock.

Pekin, April 22.—M. Paul Lessar, Russian Minister to China, whose foot was recently amputated, died Thursday night.

M. Lessar, who was councillor of the Russian Embassy in London, was appointed Russian Minister to China, July 12, 1901.

He distinguished himself as the negotiator with the Chinese of the proposed amendments to the Russo-Chinese Manchurian treaty, which agreement was made with the late Li Hung Chang, in order to maintain the sovereignty of China over Manchuria.

Russia, through M. Lessar, agreed to some of the Chinese demands, but the war with Japan ended the diplomatic negotiations on the subject.

TO PROVE IT APPLY THE TEST

If Dodd's Dyspepsia Tablets Won't cure the Spring Fever Victim he has Something Worse Than a Bad Stomach.

With the warm days comes that tired feeling that is commonly known as spring fever.

And the victim of spring fever is a general nuisance. He's dissatisfied with himself, dissatisfied with everyone else and he leaves an air of dissatisfaction wherever he goes.

Do you know what's the matter with him? His stomach is out of order!

That stomach has been overworked and needs a rest.

How do you prove this? Give the spring fever victim a treatment of Dodd's Dyspepsia Tablets. They will cure him. If they don't he is troubled with something worse than a bad stomach. For no bad stomach is so bad that Dodd's Dyspepsia Tablets will not cure it.

A Legal Examination.

One of Assistant Attorney-General Beck's stories at the Hardwick Society dinner in England was especially appreciated by the students. A general in the civil war applied at the close of the conflict for admission to the bar of the United States. A committee of three examiners reported that he had answered correctly two-thirds of the questions put to him. A judge, astonished at the general's success, asked the chairman of the committee what the questions were. "Well," he replied, "the first was, 'What is the rule in Shelley's case?' and the answer was 'Writing poetry.' That was not correct. Then we asked him what was a 'contingent remainder' and a 'vested interest,' and he said he did not know. That was correct, and we admitted him."

Yankee Represents Britishers.

The Hon. J. G. Jenkins, who is relinquishing the Premiership of South Australia in order to become the Agent-General for that State in London, says The London Daily Chronicle, will enjoy the distinction of being the first born citizen of the United States to represent a British colony in our metropolis. He is a native of Susquehanna County, Pennsylvania, and is said to have arrived in Australia as a canvasser for an American publishing house. He liked the country, settled there, became a naturalized British subject, was returned to the South Australian Parliament, filled various Ministerial offices, and ultimately reached the Premiership.

—Workmen spent the greater part of yesterday in erecting a new gold and black sign over the City Meat Market, for Messrs. Fleetwood and Westlake.

MR. PRESTON'S THREE BILLS

Three of Them Considered Last Day of Legislature.

HOUSE WORKED TILL FIVE

Return of the Temiskaming Railway's Excavating — A Blank License Law —Mr. Crawford's License Law Amendment — Napanee Light Bill Passes Private Bills Committee — House Adjourns.

Toronto, April 22.—Before separating for the week's holidays the legislators made rapid progress with the routine work outlined on the order paper of the Legislature on Thursday. A number of bills were read a second time and 14 bills of various descriptions were introduced to the House for the first time, a couple of license law amendments being among the number. The House struggled through this routine until 5 o'clock, when the Premier was ready to go into the estimates, but Mr. Graham, who was leading the Opposition, suggested that the estimates could well stand over and the Premier agreed.

The House adjourned till May 2.

Temiskaming Railway Excavating.

In reply to Mr. Dunlop, the Commissioner of Public Works gave figures shewing the amount of rock and earth taken out by the contractors of the Temiskaming Railway as compared with the estimate, as well as the cost and estimates of trestles and bridges.

Question. 1. What were the actual quantities of solid rock, loose rock, hardpan and earth excavated and paid for and what was the extent of the permanent trestle, temporary trestle and culverts constructed and paid for under the contract of Messrs. A. R. Macdonell & Co., in the construction of the first 112 miles of the Temiskaming and Northern Ontario Railway? 2. What were the estimated quantities of the above materials and works on which the contract was let and the contract price of each?

Answer:

	Actual Work.	Estimated.	Contract price.
	Yards.	Yards.	
Solid rock	883,542	200,000	$1.07
Loose rock ...	98,367	100,000	.50
Hardpan	774,123	850,000	.36
Earth	764,695	1,500,000	.22
	Feet.	Feet.	
Permanent trestle	1,341,367	4,000,000	.35
Temporary trestle.	407,241	10,000	.35
Culverts	751,051	1,600,000	.24

Need Only Six Millions.

Col. Matheson said it was necessary to borrow money to take up the treasury bills issued last year in connection with the Temiskaming Railway. The bill gives power to borrow $7,000,000, but it was not intended to borrow more than $6,000,000, as they would not need the $7,000,000 if they got the Dominion subsidy.

Hon. Mr. Hanna introduced his license bill in blank. He informed the press that it provided for minor changes, the nature of which he would not say.

Mr. Crawford's license law amendment provides that a municipality may cancel a license in case of a second offence.

The bill of Mr. Smith of Peel, if it becomes law, will permit women having votes at municipal elections to vote for members of the Legislative Assembly.

Hon. Mr. Hanna presented a report on regulations for the new mining divisions of Michipicoten and Temiskaming.

Qualifications of Aldermen.

Mr. Preston (Brant) moved the second reading of his bill to amend the municipal act. It provides for the reduction of the qualifications of mayor and aldermen to $500 freehold and to $1,000 leasehold. Mr. Preston remarked that property qualification gave no guarantee of intelligence. The qualification in Ontario was higher than in any other British country. As a general rule the qualifications in England and the Colonies were merely those of an elector.

Hon. Mr. Hanna observed that the bill either went too far or did not go far enough. The school boards were quite as important, in his opinion, as the boards of aldermen and the only qualification necessary for trustees is that of an elector. He suggested that the bill be withdrawn and that a solution be evolved from the ideas that might be presented.

Mr. Harcourt said the analogy between the school boards and councils was not true, as the opportunity to be extravagant did not come to the school boards more than once in 46 years.

TABLET IN TIME SAVES 9

If you are troubled with Dyspepsia, indigestion and other ailments don't delay treatment. Let us advise as an immediate relief and cure cure;

Dr. Von Stan's Pineapple Tablets

One tablet will bring instant relief in the most acute stomach trouble. Why let this prevalent disease interfere with your work and pleasure when a sure relief and cure is within easy reach.

These tablets contain vegetable pepsin extracted from the pineapple and are delicious to the taste. They are a never failing cure. A tablet before and after each meal will regulate the bowels, assist your digestive organs and remove all trace of indigestion.—35

Almost every form of skin disease can be cured by Dr. Agnew's Ointment. Price 35c.

He had known municipalities to be carried to the verge of bankruptcy and a wholesome check is placed on the councillors by requiring a property qualification.

Mr. Downey said it would be illogical to allow a man to sit at a council board who would not be qualified to vote on a money bylaw. He had such a bill before the House last year, but it was strangled in the House.

Hon. Mr. Whitney believed if it was desirable to reduce this qualification it was desirable to abolish it. He was distinctly opposed to the bill.

Mr. Preston withdrew the bill.

Local Improvements.

The amendment of Mr. Torrence to the municipal act was discussed. The object is to leave it to municipalities to say whether a man shall be exempt on general rates for local improvements when he has been already assessed for local improvements. The second reading was passed.

Mr. Lucas' bill to give county councils the power to incorporate villages was also given a second reading.

Mr. Preston (Brant) moved the second reading of the bill to amend the municipal act. One section refers to the investment of municipal funds in the debentures of loan companies; and other sections provide for charging owners and occupants for the removal of garbage, and for the laying out of parks as local improvements. The bill passed.

The Provincial Secretary explained Mr. Downey's bill providing for the annexation of territory to a town or city. It provides that the terms of annexion shall be fixed by the Lieutenant-Governor in council.

Public Parks.

Another bill of Mr. Preston of Brant makes it possible for municipal councils to purchase small squares or parks out of current revenue; and also provides that municipal councils shall issue debentures to pay one-half the cost of a park, for which the other half has been subscribed by individuals.

The Premier saw some objection to compelling municipalities to pay one-half the cost of a park just because someone provides the other half. It was contrary to the spirit of the age to say that a body of four or five should be allowed to compel the citizens to undertake the expense.

The bill was changed to give the councils the option of purchasing parks without submitting the matter to the ratepayers.

Read a second time.

Napanee Bill Passes.

Napanee has a grievance against the two lighting companies, which have been doing business in the town, and which have left the streets in darkness, and some of the citizens without light save that of the feeble tallow candle or coal oil lamp, during the greater portion of the past winter. To remedy the state of affairs, the town council proposed to go into the lighting business on its own account, and authority is asked from the Legislature to establish a municipal plant without being required to buy out the plants of the existing companies. The private bills committee on Thursday passed the bill.

Stomach and Liver Troubles

Mr. Alex. M. Finn, Inkerman, N. B., writes, "I have used Dr. Chase's Kidney-Liver Pills for derangements of the kidneys and livers and stomach troubles and can certify that they did me a great deal of good. I can heartily recommend them to anyone suffering as I did.

Jail Governor's Courage.

Oshawa, April 22.—Governor W. J. Sparks of Sandwich jail, and Deputy Sheriff Rumball of Sandwich, were taking Wm. Brown, aged 24, to penitentiary on Thursday. After leaving this town, when the train was going 15 or 20 miles an hour, the manacled prisoner took a dive for liberty through the car window. Governor Sparks, although 63 years of age, promptly followed him, and after chasing Brown a couple of blocks secured his prisoner. It was a wonder both were not killed, as it was the prisoner only strained his leg, and the governor suffers from shock.

To Regulate Bait Supply.

St. John's, Nfld., April 22.—The Colonial Government has issued regulations, under which Newfoundland and Canadian vessels will hereafter be allowed to procure bait in Colonial waters, but restricting the quantity permitted them, and imposing severe penalties for any violations of the rules. This is to prevent the native fishermen from obtaining excess stocks of bait, from which they might supply American fishing vessels.

Firemen Hurt; Women Burned.

New York, April 22.—Three firemen were injured, six women were severely burned, seventy families were made homeless and property valued at $150,000 was destroyed by a fire which raged for two hours in the heart of the thickly-settled Hebrew centre in the Brownsville section of Brooklyn yesterday.

Kenkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

From East to West
